STORM AND RAIN  
IN MIDDLE WEST

Southwestern Michigan and Illinois Are Visited by a Destructive Downpour of Rain and High Winds.

## THE DAMAGE IS ENORMOUS

The Fruit Crop Suffered Tremendous Losses—All Railroads Excepting One Running into Grand Rapids Are Tied Up—Twelve Persons Were Injured at Momence, Illinois—Wires Down.

Grand Rapids, Mich., July 3.—A tremendous downpour of rain early today, which amounted to almost a cloudburst wrought great damage throughout southwestern Michigan. The fruit crop suffered tremendous losses. The wires are down to the northwest where the storm was most severe and all information is meager. All the railroads running out of Grand Rapids, except the Pere Marquette east, are tied up by the washouts and damage to the wires and tracks. The Grand Rapids and Indiana passenger train was wrecked by a washout at Belmont. The engineer was seriously injured.

## TWELVE PERSONS HURT.

Kankakee, Ill., July 3.—The high winds from the neighborhood of Momence, late yesterday, blew down several barns and railroad buildings and injured 12 persons. None of them are reported fatally hurt.

## HIGH WATER.

Detroit, July 3.—A rainstorm of torrential proportions swept over the lower peninsula last night and early today, doing tremendous damage. The crops suffered severely and there were numerous washouts on the railroads. The trains are late on all the roads. In the southwestern part of the state the storm assumed the proportions of a tornado and several persons were fatally injured in the wrecks of houses and barns. Great damage was done to the western Michigan fruit crops. At Flint, the rainfall caused the Swartz and Thread creeks to overflow and the southern portion of the city is flooded. Several factories on the bank of the river are submerged. The Flint river is also out of its banks and the Lewis paper mill is under water and is in danger of being swept away. The two bridges across the river are in danger. Port Huron is without means of transportation in or out of the city, the railroads and interurban lines being tied up by the washouts. The southern portion of Owosso is flooded and the damage will be heavy there. The total loss will aggregate nearly \$100,000. In Rochester the foundations of the Western knitting mill was washed out, several other buildings were damaged and the power house of the Detroit United Railway is threatened. The river is higher than ever known before.

## THE COTTON CROP.

Every Cotton Growing State Except North Carolina and Virginia Shows a Decline.

Washington, July 3.—The monthly report of the statistician of the department of agriculture will show the average condition of cotton for June 25 to have been 84.7, compared to 81.1, 1901. With the exception of North Carolina and Virginia, every cotton producing state shows a decline during the month, the decline being greatest in Texas, where it amounts to 22 points.

## A Fatal Wreck.

Rochester, Mich., July 3.—Two men were instantly killed and three injured in a wreck of a double header of a Michigan Central freight near Thomas early today. The train ran into a washout. The dead are Engineer Wm. S. McGregor, Detroit, John O'Grady, a tramp.

## The Wool Market.

St. Louis, Mo., July 3.—Wool steady, unchanged.

## MARKET REPORT.

## MONEY AND METAL.

New York, July 3.—Money on call firm at 3/4 @ 6 per cent. Prime mercantile paper, 4 @ 5 per cent. Silver, 82 1/2.

## GRAIN.

Chicago, July 3.—Wheat, July, 75 @ 75 1/2; September, 73 1/2 @ 74; Corn, July, 77; September, 61 1/2; Oats, July, 42 1/2; September, 30 1/2.

## PORK, LARD, RIBS.

Pork, July, \$18.55; September, \$18.87 1/2. Lard, July and September, \$10.75. Ribs, July and September, \$10.72 1/2.

## STOCKS.

Kansas City, Mo., July 3.—Cattle, receipts, 3,000; Texans steady to strong. Native beef steers, \$2.10 @ \$2.25; Texas and Indian steers, \$2.10 @ \$2.15; Texas cows, \$2.00 @ \$2.05; native cows and heifers, \$1.50 @ \$2.00; stockers and feeders, \$2.25 @ \$2.35; bulls, \$2.90 @ \$3.25; calves, \$2.00 @ \$2.50. Sheep, receipts, 1,000; steady. Mutons \$3.50 @ \$4.20; lambs, \$4.70 @ \$5.35; western wethers, \$3.40 @ \$4.40; ewes \$3.00 @ \$5.30. Chicago, July 3.—Cattle, receipts, 5,500; weak. Good to prime steers, \$7.75 @ \$7.80; poor to medium, \$7.45 @ \$7.40; stockers and feeders, \$2.50 @ \$2.55; cows \$1.50 @ \$2.00; heifers, \$2.50 @ \$2.55; canners, \$2.25 @ \$2.35; bulls, \$2.50 @ \$2.75; calves, \$4.00 @ \$7.00; Texas fed steers, \$3.00 @ \$7.00. Sheep, receipts, 7,000; sheep steady; lambs strong. Good to choice wethers, \$3.75 @ \$4.00; fair to choice mixed, \$3.00 @ \$3.75; western sheep \$3.50 @ \$3.75; native anbs, \$3.00 @ \$7.40.

DEPOT AT SAN  
MARCEL IN FLAMES

A Spark from a Locomotive Set it on Fire and the Flames Spread to the Freight Station Causing a Loss of from \$10,000 to \$15,000.

THE HARVEY HUNT WAS SAVED BY THE  
HEROIC EFFORTS OF THE FIREMEN

Special to the New Mexican. San Marcel, July 3.—Fire was discovered last evening in the attic of the passenger depot next to J. A. Harlan's office, attention being drawn to it by the volumes of smoke which poured out of the building. The fire department responded promptly but to no avail as the fire had too good a start. The firemen and other citizens worked to save the contents of the depot but little was saved as the fire spread very rapidly. A little while afterward, the freight depot in which J. N. Broyles has several tons of alfalfa stored, was discovered to be on fire and in less than twenty minutes it was in ashes. The Harvey house next to the passenger depot was threatened by the flames, but the heroic efforts of the fire department and station employees saved it and the only damage to the building was by water. The railroad telegraph wires excepting one, are all down. The dispatcher's office has been removed into one of the company houses for the present. The fire was probably caused by a spark from an engine. The loss is estimated from \$10,000 to \$15,000.

## THE STRIKE GROWING.

Car Builders, Blacksmiths and Helpers Object to Piece Work in Union Pacific Railroad Shops.

Omaha, Neb., July 3.—The strike of the machinists and boiler-makers of the Union Pacific railroad took on more serious proportions today, when the car builders and blacksmiths and helpers, numbering 335 men, declared themselves opposed to the piece work system that is being inaugurated in the shops. A week ago it was announced that the car builders had settled their differences, but they declare the settlement did not mention piece work. If the company insists on enforcing this new system, it is probable that the car builders and blacksmiths and helpers will join the strikers.

## A STRIKE THREATENED.

Chicago, July 3.—A strike of the 700 machinists employed in the Baltimore and Ohio shops will be called unless the company abolishes the piece work system, is the statement made today by the business agent of the Roderick railway branch of the International association of machinists. The union demands the minimum wage scale of 30 cents per hour.

## J. E. HURLEY PROMOTED.

He Succeeds C. F. Resseguie as General Superintendent of the Eastern Division of the Santa Fe.

Topeka, Kas., July 3.—C. F. Resseguie, general superintendent of the eastern division of the Santa Fe road, from Chicago to Newton, today tendered his resignation. He will be succeeded by J. E. Hurley, occupying a similar position for the western division of the system, from Newton to Albuquerque. D. E. Cain of Topeka, assistant general manager, will be Hurley's successor.

## IRISH AMERICAN PRISONERS.

They Will Be Released by the British Like the Other Boer Prisoners.

London, July 3.—War Secretary Broderick informed Jasper Tully (Nationalist) in the house of commons today that he was not aware of the number of Irish Americans made prisoners of war, but if such was the case, their release will proceed on the same lines as other prisoners, similarly situated.

## THE KING'S CONDITION.

He Slept Well Last Night and is Making Excellent Progress Toward Recovery.

London, July 3.—The following bulletin of King Edward's condition at 10 o'clock this morning was issued from Buckingham Palace: "The king slept well and nothing occurred to mar the excellent progress that his majesty is now making."

## TAOS COUNTY.

A Number of Items of Interest from the New Mexican's Correspondent in the Taos Valley.

Special Correspondence New Mexican. Taos, N. M., July 1.—Dr. T. P. Martin and I. W. Dwyer returned from Santa Fe last Saturday. B. G. Randall, manager of the Taos roller mills, left on last Sunday for Chicago and other eastern points, on business and pleasure. Mr. Randall will return in about two months. Mrs. Albert Scheurich and little daughter arrived from Hanover last Friday on a visit to the family of Mrs. A. Scheurich, her mother-in-law.

Miss Newby of Tres Piedras is visiting her cousin, Mrs. J. B. Brooks. Charles Brooks is employed as one of the carpenters at Twining. He is working for the Fraser Mountain Copper Company, who will probably keep him busy all summer.

A. R. Manby, assignee of Juan San-Attevan, is rushing the sale of the stock of general merchandise. He is also pushing collections. July 10, and the two succeeding days, will be devoted to the examination of claims against San-Attevan. G. D. Jordan was over from the Brodie district last week to visit Mrs. Jordan. Staplin and Myers' Taos-Tres Piedras stage made its first trip today. Travelers are now assured of quick time and regular service.

R. C. Pooler has changed the name of the Elks hotel; it is now the Exchange.

DARING FUGITIVE  
CONVICT

He Compelled the Crew of a Steam Launch to Take Him to a Spot Five Miles from Seattle.

## HE TELLS A WEIRD STORY

The Convict Claims to Have Killed His Partner in a Duel and Threatens to Hold Up a Saloon and Gambling-House—Robin Hood Is Not in It With Him—Posse in Pursuit.

Seattle, Wash., July 3.—Harry Tracy, the escaped convict from the Oregon penitentiary, last night at the point of a rifle, compelled the crew of a steam launch to take him from South Point to a place five miles from this city, where he announced he would start for Seattle, to hold up Clancy's saloon and gambling house. Tracy told his companions on the launch that he had killed his partner, Merrill, in a duel. He said they had quarreled and they agreed to fight at ten paces with revolvers. He walked eight paces away and turned and fired, shooting Merrill who was walking in the opposite direction, in the back. The story is discredited in police circles. It is believed that Merrill is somewhere in the vicinity of Shelton where his sister lives. The sheriff and police of this city have organized a posse and started after Tracy.

## THE POSSE NOT HEARD FROM.

Seattle, Wash., July 3.—Nothing has been heard from the posse under Deputy Williams since it started out after Tracy. The posse was heading towards Woodenville, Wash., as a result of the report that Tracy had been seen bound in that direction, and acting under the theory that he is bound for Canada.

## SIERRA COUNTY MINES.

A Report That the El Oro and Tripp Mines Have Been Sold—Work on the Silver Monument.

Report has it that the El Oro and Tripp mines near Hillsboro have been sold to the Connor brothers. The mill and store go with the mines.

The parties operating the Silver Monument mine at Chloride have commenced sinking a new shaft and at the depth of 80 feet encountered a good body of high grade bonite ore. The new shaft is being timbered. The Mines Development Association is working the New Era mine which adjoins the Silver Monument and is putting in a double compartment shaft and hoisting machinery.

The Oliver Mining Company has commenced active operations on the Oliver Keene group on Mineral Creek near Chloride, Sierra county. The company intends to erect reduction works and to open a general store at Chloride.

Charles Anderson has sold his Baltic Sea mine near Hillsboro, Sierra county, to F. J. Fender.

The Palomas Canon Mining Company is driving a tunnel on the Clyde in Palomas canon, Sierra county. The tunnel is in about 125 feet under cover and will cross-cut four ore veins within the next 150 feet. A surface cross-cut is being run on the Mande, two miles southeast of Palomas Gap. The company is sinking a well and is also building a cistern. F. A. Swain has finished the assessment on a number of claims and has commenced work with one shift of men in the Ochoco mine about one and a half miles south of the Gap. The tunnel on this property is in about 300 feet. Twenty carloads of selected copper ore from this tunnel have resulted in returns of \$650 to \$1,180 per carload. Mr. Swain is now driving a new level that will strike the incline in the main tunnel at about 150 feet from the breast. Some good ore is being uncovered.

## District Court.

Judge McFie today signed an amended decree in the case of the Acquia del Llano et al. vs. The Acquia de las Joyas del Llano Frio et al, the decree apportioning the water of the Nambe river to which the Pueblo Indians of Nambe and the other settlers are entitled.

Judgment was granted today in the district court for San Juan county against J. W. Knight for \$224.30 in favor of the Colorado State Bank at Durango, Colo., being the principal and interest on a note with cost of suit, etc.

Suit was brought today in the district court for Santa Fe county by Napoleon B. Laughlin vs. George Hill Howard to recover on a note for \$50 given on August 21, 1899, with 10 per cent interest and \$25 attorney's fees. Also to recover on a note for \$162 given jointly by George Hill Howard and Thomas Smith to the San Miguel National Bank at Las Vegas on November 1, 1897, at 10 per cent.

Teamsters and teams wanted to work on the Santa Fe Central Railway. Apply at the offices in the Catron Block.

Carrying United States mail, passengers and express. Will begin operations July 1, 1902, making round trips daily, except Sunday, between Taos and Tres Piedras, (the Railroad Station for Taos Valley, on the D. and R. G. R.), passing through Arroyo Seco and Ariztett, Questa and Red River, will change at the Bridge and take special conveyance from that point on. Express carried between all points on the mail route. Operated by

STAPLIN AND MYERS.

Portland, Tacoma and Seattle and return \$48.75, Santa Fe.

THE DRIFT FENCE  
QUESTION AGAIN

Delegate B. S. Rodey Presented the Views of Western Cattlemen to President Roosevelt in an Interview on Tuesday Forenoon.

THE GENERAL LAND OFFICE INTENDS TO  
ABOLISH FOREST SUPERINTENDENT OFFICE

Delegate Rodey of New Mexico had a conference with President Roosevelt Tuesday morning to present the side of the cattlemen in the western land grazing cases.

The secretary of the interior has ordered the taking down of fences erected on public lands by cattlemen, enclosing large areas for their private use. The cattlemen have asked the temporary withholding of the order so far as "drift fences" are concerned. These are barriers erected at distances of about 35 miles to prevent great herds from wandering beyond their accustomed grazing grounds.

Mr. Rodey's request on behalf of his constituents will be taken under consideration, but no official assurance could be given him that enforcement of Secretary Hitchcock's order would be delayed. However, on the plea that great hardship would result to the large interests involved if the law should be literally and immediately enforced, Delegate Rodey's request may secure favorable action.

It is reported from Washington that it is the intention of the general land office, which has charge of all the national forestry reserves, to abolish the offices of the various superintendents and direct the management of the reserves entirely from Washington. It is hardly probable that such a move has who has already on record as disapproving the placing of the control of the reserves in the western country in the hands of eastern theorists.

So many problems of range conditions of lumbering, of irrigation, of game preservation and forest fires, are involved in the management of the reserves that it is absolutely necessary that a western man, familiar with all the conditions, be in charge of the reserves. A centralization of the service is necessary, but it should not be a centralization in a Washington bureau, 2,000 miles away from the people who know what to do in any one of the emergencies which are likely to arise.

Santa Fe is now the center from which a large area of forest reserve is administered and it would be no advance but a disastrous step backward to abandon the Santa Fe office of superintendents of the states and their families. The movement means an abandonment of what has been accomplished already in a way of organization, and is really a serious thing for this part of the country to contemplate.

Delegate Rodey of New Mexico stated on Wednesday that the report of his testimony on June 28, before the senate committee on territories relating to the omnibus bill contained an error in that he made him say that interpreters were necessary in conducting most of the public business, as a majority of the people in New Mexico were unable to speak the English language. Rodey said three-fifths of the population of the territory are English speaking people from the states and their families. That a good one-half of the remaining two-fifths speak English well and that but a few of the counties in the territory use interpreters at all and then only because a portion of the population speak Spanish alone. He stated that the language of the territory is overwhelmingly English and growing more so every year.

Hon. B. S. Rodey, New Mexico's able delegate in congress, yesterday telegraphed to Hon. F. A. Hubbell, at Albuquerque, that he had a number of matters of business to attend to before he left Washington, and that he would not be home before July 15.

## OFFICIAL MATTERS

## COUNTY COMMISSIONER APPOINTED.

Governor Otero this morning appointed Aloys Preisser, a member of the board of county commissioners of Sierra county, to succeed James Reay, resigned.

## TERRITORIAL FUNDS.

Territorial Treasurer J. H. Vaughn today received from W. E. Dame, clerk of the 24 judicial district, \$222.70 of fees for the quarter ending June 30; from J. W. Reynolds, secretary of the territory, \$2,158, corporation fees for the quarter ending June 30.

## LAND OFFICE BUSINESS.

Homestead Entries: Ambrosio Sanchez, Old Albuquerque, 160 acres. Socorro county; Jesus M. Sandoval, Gandoval, 160 acres. Bernalillo county; G. V. Frampton, Wagon Mound, 160 acres. Mora county.

Desert Land Entry: August Reinhardt, Hillsboro, 320 acres, Santa Fe county.

## THE IRRIGATION COMMISSION.

The territorial irrigation commission adjourned last evening to September 8. E. A. Miera acted as chairman pro tem and presided very ably over the meeting. Besides granting the application of Taos citizens for a grant of 30,000 acres in northern Taos county for reclamation purposes, a number of other applications were returned because not made out in proper form. One of these was for an important irrigation enterprise in Socorro county.

Teamsters and teams wanted to work on the Santa Fe Central Railway. Apply at the offices in the Catron Block.

The New Mexican Printing Company is headquarters for engraved cards de visite and wedding invitations in New Mexico. Get your work done here and you will be pleased in every particular.

ORE WORTH  
\$75,000 A TON

Phenomenal Gold Strike Made Recently Near Golden by Isidor Silberman of New York.

## SPECIMENS OF ORE HERE

The Strike Was Made on the Hazleton Group Owned by the Milwaukee People—Mr. Silberman Also Some Time Ago Struck a Pocket of Rich Gold Ore in the Same Vicinity.

The old saying in mining parlance that the tenderfoot prospector strikes it rich quite as often as the practical miner has again been verified. Less than a year ago, a pale faced New York youth, Isidor Silberman, arrived in Golden, southern Santa Fe county, to visit his uncle, L. D. Sugar, manager of the Hazleton group of mining claims. Chiefly for health reasons, he was given a pick and shovel and was set to doing assessment work. Starting in on an abandoned short tunnel on one of the company's claims known as the Las Vegas, he worked vigorously for several months when one day about six months ago, a single stroke of his pick revealed a fourteen inch streak of decomposed quartz bespangled with gold. The young New Yorker did not have to be told that this was the real stuff. He let fall his pick, snatched up a chunk of the gleaming quartz and hastened to Golden where he laid his treasure before Mrs. Sugar, Mr. Sugar being away from home. Four days thereafter the mine was secretly worked and the find proved to be a pocket soon worked out, yielding \$2,000 in almost pure, native gold. To discover the main vein was then the task of young Silberman. He prospected the surface for three months and finally determined to start another tunnel higher up in the mountain, in which he worked until last Monday when at ten feet below the surface he spied a piece of wire gold as large as a knitting needle protruding from the quartz wall in front of him. It was short and exciting work to get in on this quartz vein and with every stroke of the pick new and rare riches were exposed. In the upper left hand corner of the tunnel, four by six feet, the vein is 18 inches wide where first struck and 30 inches wide in the lower right hand corner. A few feet farther in the whole face of the tunnel came the same rich quartz, glittering with wire and nugget gold, some of the latter being rare specimens of crystallized gold hitherto found only in several instances in the southern Santa Fe mining districts. Mr. Silberman exhibited at the Claire hotel yesterday several specimens which were very beautiful. One was a nugget as large as a cherry stone; another about the size and shape of a large bean appeared to be one-fourth pure gold. He says that when working the mine the wire gold would catch in his shoes and he had to be careful lest people would see them when he came out of the tunnel and discover his secret. Crude tests indicate that this quartz will return \$75,000 to the ton and upward as the discoverer phrased it. He said he knew nothing about practical mining, but he crumpled up a quantity of ore in his hand, it is very soft, and from the gold thus obtained he thinks it will yield at least an ounce to the pound, \$40,000 to the ton. Upon examining the strike, Manager Sugar sent Mr. Silberman post haste to Milwaukee, where the Hazleton Company stockholders reside, to tell them in his own rather boyish way the story of the discovery. He left for Milwaukee last night. In the meantime, Mr. Sugar is endeavoring to ascertain the full extent of the vein and to place the mine in readiness for inspection by a committee of stockholders who will accompany young Silberman on his early return from the east.

The mine is on the north slope of the San Pedro mountains near the well known Old Timer mine and adjoins a property owned by Hon. F. A. Manzanarez, W. C. Gortner and others of Las Vegas, in which, in sinking a well for the Monte Cristo Placer Company a few years ago the drill of the Harold Bell Boring Company penetrated 50 feet of gold bearing quartz at a depth of 600 feet, and particles of gold as large as grains of wheat were brought up from the depths of the drilling bit. This find will do much to attract new attention to the golden riches of southern Santa Fe county.

Don't spoil your disposition with a bad dinner. Visit the Claire and be happy. Special dinner July 4.

Teamsters and teams wanted to work on the Santa Fe Central Railway. Apply at the offices in the Catron Block.

Lowitzki's Furniture Company have just received all sizes of Mason jars, jelly glass and fresh jar rubbers at low prices.

To Rent—1,000 acres of grazing land within 7 miles of Santa Fe, at 3 cents per acre. L. B. Prince.

Wanted: A three-roomed house, furnished, for light housekeeping. Shade desired. Address G. H. C. New Mexican office.

Kango Clubs & Canon Canes.

A complete line of FIREWORKS and FLAGS just received at

F. S. DAVIS CO.

A BIG REAL  
ESTATE TRANSFER

Jose Albina Baca Secures the Pablo Baca Addition of the City of East Las Vegas by Settling Up \$9,121 of Mortgages.

## A MINING AGREEMENT BY THOSE INTERESTED IN THE ROCIADA MINING DISTRICT

Joy's Special Daily Service.

Las Vegas, July 3.—Jose Albina Baca has become owner of the real estate comprised in what is known as the Pablo Baca addition to the city of East Las Vegas. He secured it from the administrators of the estate by settling the several mortgages held by different parties on the addition, they amounting to a sum of \$9,121.03, with the interest. This is one of the most important realty transfers that has been made for some time.

The agreement of the organization known as the Rociada mining district was left for filing at the recorder's office today, and it will also be recorded in Mora county. There are 27 signers to the agreement, which has for its purpose the regulation of the mines in that district and the petitioning of the legislature for the appointment of a mine inspector, for the sale of dated powder (providing a fine for selling powder that is not dated) for recognition of the mining district and giving privilege of election by citizens of a local recorder to record all local claims in the said district and for the regulation of the water rights. The agreement provides also for a miners' meeting once each year. The signers or members of the district include some of the most prominent men in the neighborhood, besides Chicago investors.

Mr. and Mrs. Hockemeyer are expected here today to spend several days with G. A. Rothgeb. It will be remembered Mrs. Hockemeyer was formerly Miss Pearl Rothgeb. The couple have been traveling together almost all the time since they were married, three months ago.

A. G. Vertz was elected delegate from the local A. O. U. W. lodge last night to attend the grand lodge meeting at Phoenix. V. H. Jameson was elected alternate.

Mrs. B. T. Mills will entertain the Thursday afternoon whist club tomorrow afternoon.

Mrs. Tina G. Elston has purchased the R. W. Bruce property on the south side of Main avenue. Consideration \$1,600.

Juan Bruno is on the sick list today. The baseball game between the two military companies on the Fourth has been postponed until some Sunday later. It was thought the boys could not run a pay attraction against a free show. That is the reason.

The saloons on the westside are getting ready with extra fixtures to accommodate those who will celebrate on the natal day.

Captain DeCosta has written to the adjutant general for permission to organize a band in the infantry company here. The company has 12 instruments and 9 musicians as a nucleus, and think they can make the full complement. It would be an appreciable addition, and the petition should be granted.

The committee having in charge the plan for the erection of a fine fountain in the center of the plaza on the west side say they have \$600 already on hand and have not made any collection for some 15 months. The plans for the fountain have been drawn by Architect Rapp, and it is estimated the fountain will cost from \$1,000 to \$1,200. The fountain will make the plaza complete as a fine park and lounging place, and the merchants over there who make such improvements possible, are to be congratulated on their push and generosity. The plaza is the only decent park in the two towns.

Ben Weller, the well known drummer, went down to Albuquerque this afternoon, after doing the town here.

E. G. Oldspough left yesterday for Springer where he has a position at the Santa Fe depot.

The stores around town are figuring on closing at noon on the Fourth.

A Hendrickson received a "phone message" this morning from M. Romero at Porvenir that his horse that got away Saturday night, had been found there fastened between a number of rocks.

Rociada is preparing a big hurrah for the Fourth and will celebrate the natal day in conjunction with the birthday of John Pendavisio, one of the old time citizens.

E. H. Salazar, the westside postmaster, is expected back tomorrow from his trip to Santa Rosa.

Postmaster Blood found an old order on file among his papers from the department requesting the keeping open of the windows for general delivery from 7 in the morning until 7 in the evening, and the postoffice will keep those hours after this, beginning today. This will be quite a convenience to the citizens. The Sunday order will remain as before.

The daily mail service between this city and Rociada, via Buelah, Sapello, Los Alamos and San Ignacio, went into effect yesterday. The mail will leave Rociada at 4:30 in the morning and get in here by 1 o'clock in time for the mail trains.

F. R. Barling received the sad intelligence this morning that his father at Fort Smith, Ark., is dying. On account of the distance, Mr. Barling will be unable to reach the bedside in time, so will not go. Robert Barling is well known here by some of our citizens, former residents of Fort Smith.

PEACE IN THE  
PHILIPPINES

On the Eve of the Fourth of July Come Good Tidings from the Far Eastern Possessions.

## PACIFICATION IS COMPLETE

The Acceptance of American Authority is General—A Provincial Government Was Inaugurated in Laguna On Tuesday, Completing the Establishment of Civil Government Over Civilized People.

Washington, July 3.—Secretary Root has received the following from Acting Governor Wright of the Philippines: "The provincial government was inaugurated in Laguna July 3, thus completing the establishment of civil government over all the civilized people of the archipelago. The acceptance of American authority and general pacification is complete."

## TAFT'S MISSION.

Rome, July 3.—Judge William T. Taft, civil governor of the Philippine Islands, today received a long cable message from Secretary Root, containing the department's final instructions concerning the establishment of civil government over the islands of the archipelago, and this afternoon Major Porter delivered the note to Cardinal Rampolla, the papal secretary of state.

known here by some of our citizens, former residents of Fort Smith.

A couple of men living near Rociada came into town yesterday and filled up on "family disturbance" and then went out looking for the family. They went across the railroad track where a few friends reside and then proceeded to start a rough house. They handled the furniture through the doors and in general smashed up things, so the police were sent for and today Manuel Trujillo and Alejandro Fresca are figuring up what it cost. They were taken before Judge Wooster and he gave them \$5 and costs, but the fine was remitted upon payment of costs.

Jacob Gross and family are expected here tomorrow from St. Louis. They will spend the summer at the Montezuma.

Joe Koebele and bride are expected in from the east this evening. Joe went away single, but comes back with an eastern bride.

C. E. Funnell of Lawrence, Kas., is expected here this evening to visit with Mr. and Mrs. W. G. Anderson. Mrs. Funnell, a sister of Mrs. Anderson, has been here the past four months.

Perry McDonald left this afternoon for Colorado City, where he will remain in the future with his uncle, Mr. Parker.

Percival Noise, a nephew of Miss Mackay of this city, is expected here this evening from Kansas to spend the summer.

C. R. VanHouten is down from his Cimarron ranch and says that creeks that have not been dry for years are now without water. The stock there though is getting along fairly well.

## Santa Fe New Mexican

THE NEW MEXICAN PRINTING COMPANY

Entered as Second Class Matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the southwest.

THURSDAY, JULY 2

### New Mexico Demands Statehood of the 57th Congress.

### Of Right and in Justice New Mexico Should Be a State.

Congress having adjourned, Senator Filkins' presidential boom will be carefully oiled up and set in motion.

St. Louis wants mudless water. That city is getting the swelled head. It wants the earth without water and water without earth.

The Democrats of Colorado have commenced snapping among each other in Colorado. Of course, that will only hasten the day when Colorado will be back in the Republican fold.

Assurance of abundant crops this year are multiplying and if they pan out, the Republican party will have a large majority in the 58th congress. Prosperity and Republican majorities go together.

The railroad running time between New York and Chicago is to be reduced to 18 hours. The trains want to keep up with the people of those two cities. The people are rather fast and therefore the trains imitate them.

New Jersey is becoming more and more of a foreign country right along. The city of Paterson is the anarchist's headquarters. There seem to be more octopi and more anarchists in New Jersey than even in Sicily.

The national debt was reduced \$13,000,000 in June and yet the surplus in the national treasury is greater than it has been before. Compare this with the bond issuing days of the last Democratic administration.

Mrs. Carrie Nation is going to Zion to assist Alexander Dowie in his work. Both have found their match this time and if the fuz and feathers will not soon be flying in the direction of Zion it will be very strange indeed.

The few snide reformers scattered about New Mexico are making people somewhat weary. They are only a nuisance to be sure, but people every once in a while become tired of a nuisance and then they abate it and that in good style.

The Democratic party ought to be congratulated upon the fact that it is unable to find a real live issue in this year's campaign. The less of an issue, the easier a time will it have. Its defeat is certain and it ought to take it as easy as possible.

Pullman conductors are reported to be dissatisfied with the wages they receive and will likely go on a strike. They are not as high and mighty potentates as the Pullman porters, who need not go on a strike because they have it all their own way.

The Fourth of July will be enthusiastically celebrated throughout New Mexico tomorrow, but the celebrations will be nothing compared to the great blow out on July 4, 1903, when New Mexico will be formally admitted into the Union as a state.

It is reported that the New Mexican Democrats do not take much interest in Mr. Cleveland's scheme to reorganize the Democratic party. If that be true, certainly Mr. Cleveland will take no interest in them and that would be an awful calamity.

The San Carlos Apaches are certainly becoming modernized. They have about made up their minds that unless they can get all the beef they can eat, on the block, they will take it on the hoof. Lo, the poor Indian's mind is untutored no longer.

Colorado had 7,000 tourist visitors during the month just past. New Mexico didn't have half as many but the number is growing every year and New Mexico's attractions are being better advertised than ever before. New Mexico's day is coming too.

While they are having revolutions in the island of Hayti, ex-President Simon Sam is enjoying life in Paris with the aid of the \$10,000,000 he swiped from the Haytian treasury. Ten millions of dollars or fifty millions of francs gives any one, no matter what the color of his skin may be, high standing in French social circles.

Speaker Henderson is authority for the statement that no house of representatives since the adoption of the constitution has done so much for the nation as has the house which has just adjourned. Speaker Henderson is undoubtedly right. It must be remembered too that the Republicans had a good, working majority at this session.

Com Paul Kruger can return to the Transvaal if he wants to and that without molestation. He has millions of Transvaal republic money and he ought to go back to repay it to the treasury of that colony. These millions in his possession if properly distributed, would prove a great boon to the Boers who have lost their all in the South African war. He would also show himself to be a truly honest man.

The New Mexico snide reformers predict the fall of popular government in the country, unless they are given some offices, either elective or appointive. According to the snide reformers of all times since the formation of this republic and since the year 1777, popular government has been a great failure and a horrible dream unless they got very soft snaps. As long as they draw the public money, popular government is all right.

After all it is a good thing that the coronation of King Edward VII was postponed for up to date there has been no New Mexico statesman in the mighty city of London to represent the dignity of this territory on this great occasion. Just imagine if the coronation had come off without such a one being there and there. The people of this territory ought to be glad that this calamity has for a time at least been postponed.

Under an order of the postoffice department, every part of New Mexico has free rural delivery from last Tuesday on. The mail carriers on star routes are required to deliver mail into all boxes or small bags or satchels that may be erected along the lines of their routes. Persons who desire their mail delivered in that manner must notify the postmaster of the nearest postoffice of the fact that they have erected such a box or satchel along the route of the carrier. Uncle Sam is getting the postoffice business down to fine points.

"While it is conceded that Santa Fe shall be the capital of the future state of New Mexico, it should be provided that the ancient city shall build a few decent sidewalks."—Albuquerque Citizen.

The stand of the Albuquerque Citizen is well taken. It is a disgrace to the city administration in particular and to the citizens of Santa Fe in general that better sidewalks along the principal thoroughfares are not provided. Street crossings in several places are also absolutely necessary. The city administration should get a move on.

The Republicans of Minnesota, in convention assembled at St. Paul have followed the lead of all the other states which thus far have had state conventions and endorsed unequivocally the administration of President Roosevelt and declared that it is therefore the sense of this convention that President Roosevelt succeed himself as president of the United States. That is the way to talk. Such declarations leave no doubt in the minds of the whole people as to where the Republican party will stand in the national convention of 1904.

The county commissioners sitting as a board of equalization should do as even-handed justice as possible in matters of raises of assessments. Wherein such appear to be justified they should be sustained. In a few cases and where the appeals of the tax-payers against the raise of assessments are supported by good and proper testimony the increase of assessments should be taken off. Let the county commissioners do their full duty in this matter. Only this and nothing more. If they do that property owners and tax-payers and honest citizens of the county will endorse their course.

But a few days to the July meeting of the county commissioners and it is therefore not amiss to call attention to the fact that the tax payers and property owners of this county desire a settlement and compromise of this county's great debt and that the county commissioners are expected to bring such about at their July meeting. If a compromise at 50 per cent of the bonds, delinquent coupons and judgments will not be acquiesced in by the bondholders, then a higher figure must be agreed upon and if 60 per cent in 3 per cent bonds will bring about such a compromise, such will have to be accepted.

Tidings that are gruesome to tea drinkers come from China. The Chinese in order to honor their dead, cover the corpse with tea leaves. But the Chinese are also thrifty and after the corpse has lain in the leaves for several days, the leaves are removed and sent to the United States with other tea importations. As there are 10,000,000 deaths in China every year, and it takes a good many pounds to cover a corpse, it can readily be seen how great a portion of the imported Chinese tea may have served as covering for a Chinese corpse. The spreading of this fact may drive many a tea drinker to drinking whisky.

A BIG COUNTRY. At this session of congress which just adjourned over \$800,000,000 were appropriated. A few years ago when congress appropriated \$500,000,000 the cry of billion dollar congress and extravagance went up. But the country has been growing since then and the income is keeping good pace with the expenditures so that the treasury has a greater surplus than ever before. The classification of the appropriations is significant. Pensions lead with \$140,000,000, then comes the postoffice with \$138,000,000, the army with \$92,000,000, the navy \$79,000,000, sundry civil expenses \$60,000,000, the isthmian canal \$50,000,000, legislative expenses \$29,000,000, deficiencies \$28,000,000, rivers and harbors \$27,000,000, Indians \$9,000,000, District of Columbia \$9,000,000, fortifications \$7,000,000, agriculture \$5,000,000, Military academy \$2,625,000, miscellaneous \$2,600,000, diplomatic service \$1,958,000.

## Workmen

You have seen hundreds of your companions waste away in mill and factory with a persistent cough. You have seen hundreds of them die with that terrible disease, Consumption. You have seen wives left penniless, and children thrown upon the mercy of the world, because the father coughed his life away. The air you breathe every day is full of sharp, metallic dust, which is inhaled into the lungs and irritates their delicate lining. In the case of glass blowers, the fierce

heat of the molten glass forces its way up the tube into the lungs where it gradually breaks down their delicate structure, making every cold a danger to life. You can't adjust to quit working and are daily exposed to this fatal dust and intense heat. What you and your friends need is Acker's English Remedy. This will make your throat and lungs strong again. It will heal the irritation, loosen your strength, and you need never lose a day's work. If you have noticed that in some mills there are no cases of consumption, the reason is that Acker's English Remedy is used by the men working there.

Sold at 25c, 50c, and \$1 a bottle, throughout the United States and Canada; and in England at 1s, 2s, 3s, 4s, 6d. If you are not satisfied after trying, return the bottle to your druggist and get your money back.

W. L. HOOVER & Co., Proprietors, New York, Fischer Drug Company.

President Roosevelt intends to lose no time over clearing the status of the isthmian canal question. The cabinet on Tuesday discussed the Panama canal project and will take steps immediately to investigate the title of the new Panama Canal Company to the canal as far as it has been constructed.

Colonel William Jennings Bryan asserts that Thomas Jefferson is his model. Good thing for the colonel that Jefferson is dead, else there would be some lively kicking on the latter's part.

A lot of fellows in Pennsylvania who said they would defeat Senator Quay at the recent Republican state convention, now say that they will defeat him and his ticket at the polls. If they are not more successful than they were at the convention the Republican ticket will certainly be elected by a very handsome majority and it looks as if they would be treated to the same dose in the election that they had to swallow at the convention.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mines and Mining in the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

G. W. VALLEY, Gen'l Agent, Burlington Route, Denver, Colo.

Portland, Tacoma and Seattle and return \$48.75, Santa Fe.

## CHEAP EXCURSION RATES

Via the Denver and Rio Grande Railroad—The Scenic Line of the World. June 1 to October 15, 1902, the following rates will be in effect from Santa Fe, to Pueblo and return \$17.55; Colorado Springs and return \$19.55; Denver and return \$22.55. Final limit to return October 31, 1902; transit limit 15 days in each direction, with stop-over privilege north of Pueblo. Execution fee of 25 cents will be charged at the time return portion of ticket is executed. For further information address the undersigned.

S. K. HOOPER, G. P. and T. A., Denver, Colo. T. J. HELM, General Agent, Santa Fe, New Mexico.

## Missouri Code Pleading

By Mr. Everett W. Pattison, (Author of Pattison's Complete Digest. Nearly 600 Pages. Price, \$6. Delivered This Book is a Very Important One for all Lawyers.

The New Mexico Code is largely modeled on the Missouri Code so that this book and the Form book, are the most practicable for use thereunder. It sets forth, as succinctly as is consistent with clearness, the present condition of the law governing pleading as interpreted by the courts of last resort in Missouri. The decisions are mostly those of the Missouri courts; though in some instances illustrations have been drawn from the decisions of other code states.

The Author Thoroughly Believes in the Advantages of the Code System of Pleading.

He further believes that precision and exactness are even of more importance in code pleading than in pleading at common law. For, while it is true that common law requires the utmost strictness in adherence to forms, yet, if its forms are followed, the practitioner need have little fear of attack upon his pleading, even though that pleading should totally fail to inform his opponent as to the real points in issue. On the other hand, the very object of the Code is to compel parties to make clear the grounds upon which their right to recover, or their defense, is based. The lawyer who is well grounded in the rules of pleading will surely have the advantage in litigation. The constant study of this valuable book, familiarity with the rules set forth in it, and with the decisions enforcing and interpreting those rules, cannot fail to make one a good pleader.

SPECIAL OFFER—To those who buy both books at once, we will Ter Pattison's Pleading Form Book (Price \$5.00) if ordered within the next 30 days for \$4.00 additional, thus offering the two works, giving all there is to be said about Pleading in Missouri.

In one order, prepaid for \$10.00.

New Mexican Printing Co., Santa Fe, N. M.

## CHEAP EXCURSION RATES

Via the Denver and Rio Grande Railroad—The Scenic Line of the World. ## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twenty miles from Barrenas Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. For further particulars, address

**POISONING THE SYSTEM.**  
It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dizziness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Fischer Drug Co.

**NATIONAL CONVENTION CHRISTIAN CHURCH.**  
Omaha, Neb., Oct. 16-25, 1902.  
For the above occasion, the Santa Fe will sell tickets to Omaha and return (from Santa Fe) at a rate of \$30.15 for the round trip. Dates of sale October 13 and 14, good for return passage until November 30, 1902.

H. S. LUTZ, Agent,  
Santa Fe, N. M.  
W. J. BLACK, G. P. A., Topeka, Kas.  
**ACTS IMMEDIATELY.**  
Colds are sometimes more troublesome in summer than in winter. It's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Sure cure for coughs, colds, croup, throat and lung troubles. Fischer Drug Co.

**SUMMER TOURIST RATES TO COLORADO.**  
Commencing June 1st and until October 15th, the Santa Fe will sell tickets to Colorado points at the following low rates: Denver, \$22.55; Colorado Springs, \$19.55; Pueblo, \$17.55; tickets will be good for return passage until October 31st. Continuous passage up to Pueblo, stop-overs allowed at and north of Pueblo. Reduced rates from all points in New Mexico to Denver, Colorado Springs and Pueblo. For particulars call on any agent of the Santa Fe.  
H. S. LUTZ, Agent,  
Santa Fe, N. M.  
W. J. BLACK, G. P. A., Topeka, Kas.

**MOTHER ALWAYS KEEPS IT HANDY.**  
"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better and now, at the age of 76, anything she wants, remarking that she fears no bad effects as she has bottle of Kodol handy." Don't waste time doctoring symptoms. Go to the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Fischer Drug Co.

**ANNUAL MEETING YOUNG PEOPLE'S CHRISTIAN UNION SOCIETY OF THE UNITED PRESBYTERIAN CHURCH.**  
Tacoma, Wash., July 23-27, 1902.  
For this occasion, the Santa Fe will place on sale tickets to Tacoma and return at a rate of \$35.45 from Santa Fe for the round trip. Dates of sale July 17-22, inclusive, good for return until September 15, 1902.

H. S. LUTZ, Agent,  
Santa Fe, N. M.  
W. J. BLACK, G. P. A., Topeka, Kas.  
**VACATION DAYS.**  
Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds, "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeiters. Fischer Drug Co.

**ANNUAL MEETING EDUCATIONAL ASSOCIATION.**  
Minneapolis, Minn., July 7-11, 1902.  
For the above occasion, the Santa Fe will sell tickets to Minneapolis and return at a rate of \$41.10 for the round trip. Dates of sale July 3, 4 and 5. Good for return passage until October 1, 1902. For particulars call on any agent of the Santa Fe.

H. S. LUTZ, Agent,  
Santa Fe, N. M.  
W. J. BLACK, G. P. A., Topeka, Kas.  
**SAVES A WOMAN'S LIFE.**  
To have given up would have meant death for Mrs. Lora Crage of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from Coughs, Colds, Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed by Fischer Drug Co. Price 50c and \$1. Trial bottles free.

**ANNUAL MEETING GRAND LODGE OF BENEVOLENT AND PROTECTIVE ORDER OF ELKS.**  
Salt Lake City, August 12-14, 1902.  
For this occasion, the Santa Fe will sell tickets to Salt Lake City and return at a rate of \$31.15 from Santa Fe for the round trip. Dates of sale August 6-8, good for return passage up to and including September 30. Call on any agent of the Santa Fe.

H. S. LUTZ, Agent,  
Santa Fe, N. M.  
W. J. BLACK, G. P. A., Topeka, Kas.  
San Francisco and return \$38.45, Santa Fe.

**DON'T FAIL TO TRY THIS.**  
Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by Fischer Drug Co. Only 50c.

Pen carbon copy books are for sale by the Office Supply Company. They are the best and cheapest in the market. Call and see for yourself.

## THE WEEKLY CROP BULLETIN

U. S. Department of Agriculture, Weather Bureau,  
Santa Fe, N. M., July 1, 1902.

The past week has been one of severe drought in all sections of the territory, with high, hot winds, most unusual at this season of the year. In the extreme northeast the temperatures of the 23d, 24th and 25th were almost unprecedented; at Albert, southern Union county, reaching 106, 108 and 105, respectively, on these dates. Excepting in the localities of permanent water supply, as the dams of the lower Pecos and the upper waters of the mountain streams, irrigation water is becoming very scarce, and in many localities there is none. The Rio Grande is practically dry from Albuquerque south, and in western and southwestern sections springs and wells are failing. Gardens, which are given the first preference for what water there is to spare, are in very good condition generally, but many of the fields under ditch are suffering for water, and crops on temporal lands are drying up. On outside ranges the grass is getting very short and water-holes are drying up. Cattle depending on general ranges are in very poor condition, and on many protected ranges there is much suffering. Better conditions obtain over northeastern counties, and in Lincoln, Chaves and Eddy counties, but in central sections, and on the Socorro county ranges stockmen view the conditions with the greatest anxiety. In some instances the second growth of alfalfa has been harvested. As a rule the yield was better than the first crop. Shearing is in progress in northern sections. Reports of the yield and quality of the clip vary considerably, but are generally fair. In many sections the ripening fruit will be small unless early rains come. Grasshoppers are reported as doing considerable damage in some localities, especially in the upper Rio Grande valley and the valleys contiguous, but even in these localities the damage is not general.

The following remarks are extracted from the reports of correspondents:  
Albert: H. M. Hanson: Remarkably cool on the 21st. Immediately followed by an almost phenomenal spell of hot weather, accompanied by hot, dry winds which gave the country a bleached and dusty aspect in less than two days. As crops generally were planted late there is no immediate danger, but rain is badly needed. Second crop of alfalfa is being cut and is considerably better than the first. Shearing is in progress. The heavy storm of last week (16th) to the north of this station, accompanied by hail, killed a number of sheep in its path, as many as a hundred in one small bunch. Highest temperature, 108; lowest, 47; no rain.

Arabela: A. M. Richardson: Dry and hot, and crops suffering badly.  
Bluewater: J. S. Van Doren: The continuous hot, dry winds are having a serious effect on all pastures, and outside ranges are suffering. All irrigated crops, however, are looking well, corn in particular. First cutting of alfalfa is finished, with a good yield. Rain badly needed. Highest temperature, 103; lowest, 51; no rain.

East Las Vegas: John Thornhill: Hot weather continues, with dry, hot winds all week. No water to be had for irrigation; the river and ditches are dried up. Crops suffering greatly, and unless rain comes soon all crops will be a total failure. First alfalfa secured. On the range water-holes and grass are fast drying up.

Eastview: John W. Corbett: Vegetation needing rain. Crops growing slowly, and stock water getting scarce owing to the lack of snow last winter. Grazing is still fairly good. Highest temperature, 96; lowest, 43; no rain.

Espanola: P. H. Leese: Very dry and very scarce. Unless we get rain within the next ten days stock and crops will suffer. In some localities the grasshoppers are doing considerable damage.

Folsom: Jackson Tabor: Hot and dry; the 24th being the hottest day since June 18, 1899. Grass is drying up fast on the range but thus far stock is doing well. The second growth of alfalfa is starting nicely and with rain will be a large crop. Grasshoppers are troubling some fields but are not general. Highest temperature, 94; lowest, 45; rain, 6.0.

Frisco: Clement Hightower: Unusually hot and dry, and conditions decidedly adverse to crops. No water in streams for irrigation. Crops make scarcely any growth; ranges are drying out, and stock in poor condition.

Gallinas Springs: Jas. E. Whitmore: Getting very dry and crops make slow growth, although gardens are progressing nicely. The ranges need rain; stock looking very well for the condition of the pastures but they cannot get along very much longer. Highest temperature, 105; lowest, 54; no rain.

Geronimo: N. M. Nelson: Hot and dry, and crops making no appreciable growth.  
Hobart: W. H. Hough: Good growing weather where there is sufficient water, but the water is getting short. Fruit and vegetables looking well. Considerable damage from grasshoppers.  
Laguna: Gus Weiss: No rain since last report, and very hot. Stock can hold out for 30 days longer, but will be in very poor condition. Feed getting scarce. Fruit ripening but very small on account of the drought.  
La Luz (Otero Co.): Ernest Swift: Hot, dry weather with high winds, but crops not materially damaged so far.  
Los Alamos: Wm. Frank: The drought continues; water-holes on the range are drying up and grass is very short. Cattle and sheep are suffering, and prospects are bad. Public prayers are being offered for relief. First alfalfa yields only about a third of a good crop.  
Mesilla Park: R. H. Hart: Crops generally are beginning to suffer on account of the drought and lack of irrigation water. The second crop of alfalfa will be poor, and peaches may not do as well as was expected. Very hot the first of the week, but cooler and windy afterwards. Highest temperature, 106; lowest, 55; no rain.

## A Thing of the Past.

The town crier is a thing of the past, but medical methods as old and as obsolete as the town crier are still practiced in many a country town. Women suffering from womanly diseases shrink from the offensive examinations, in delicate questioning, and obnoxious social treatments, still in vogue with some local practitioners. Any sick woman is invited to consult Dr. Pierce, by letter, free, and so avoid methods which are offensive to her modesty. All correspondence is held as strictly private and is confidential. Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Favorite Prescription is peculiarly and particularly a medicine for the cure of womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"You have my heart-felt thanks for the kind advice you sent me," writes Mrs. Florence Archer, of Eason, Macon Co., Tenn. "Words fail to express the relief I endured for about eight years with female trouble. The awful pain that I had to endure each month, no tongue can express. These bearing-down pains, backache, headache, distress in my stomach and sores in my breast, cramps in limbs—they have all left me and health has taken the place of these distressing troubles. What caused them to leave? It was the best medicine on earth—Dr. Pierce's Favorite Prescription. In one week's time I began to feel better. After taking six bottles of the Favorite Prescription, and using the local treatment you advised I felt like a new woman."

Dr. Pierce's Pleasant Pellets should always be used with "Favorite Prescription" whenever a laxative is required.

igation water. The second crop of alfalfa will be poor, and peaches may not do as well as was expected. Very hot the first of the week, but cooler and windy afterwards. Highest temperature, 106; lowest, 55; no rain.

Ojo Caliente: Antonio Joseph: The drought continues unbroken and crops are beginning to show the effects. Grass is getting very short on the ranges, and stock is being taken to the mountains where there is a little feed. Fruit looks reasonably well. Highest temperature, 92; lowest, 67; no rain.

Santa Fe: U. S. Weather Bureau: Hot and dry, with strong drying winds. Crops are making fairly good progress where irrigated, but the prairies are drying up. Fruits maturing rapidly, but would be greatly benefited by rains, especially ripening cherries. Apricots have fallen badly and will not be much of a crop although some trees will bear fairly well. Highest temperature, 90; lowest, 54; no rain.

Springer: Dr. L. Hines: Hot and dry, with the temperature to 101 on the 24th, and exceedingly windy for this season. In this vicinity there is plenty of water for irrigation but grass on the ranges is drying up.

Wagon Mound: R. T. Maes: Grass and water is getting very scarce on the range, and stock is suffering. Watrous: M. C. Needham: High, warm winds, and the range is in poor condition. Dry stock is doing fairly well, but cows and calves are suffering from the drought. First cutting of alfalfa is stacked; not an average crop. Highest temperature, 95; lowest, 54; no rain.

Weber: E. H. Biernbaum: Very dry; the river is so low that some of the ditches are without water. Rain is badly needed. Private dams have some water and are better off so far than community ditches. Irrigated crops are good but others are dying. Gardens and orchards are splendid, and meadows very good. First alfalfa is only about half a crop.

Woodbury: A. J. Woodbury: Highest temperature, 102; lowest, 54; no rain.

R. M. HARDING, Section Director.

**EVER THINK ABOUT IT.**  
Many a Resident of Santa Fe Will Tell You.  
We are living in a very rapid age. Few of us bother our heads about small things, and so many persons look upon a pain, ache or lameness in the back as a small thing. They wait for it to pass off, giving no thought to the cause. Remember these important facts, take a mental note of them for future use, and when the time comes use them. The kidneys are the sewers of the system; they carry off the impure matter, but sewers sometimes become clogged up. So do the kidneys. The kidneys are located near the small of the back, hence any stoppage affects the back. This means backache, lame back, weak back and many other distressing symptoms. There is lots more to tell on this subject, but we won't do it here, for we want to show you how to keep the kidneys so the back will have no cause to ache.

**BIENNIAL MEETING KNIGHTS OF PYTHIAS.**  
San Francisco, Calif., Aug. 11-22, 1902.  
For the above occasion the Santa Fe will sell tickets to San Francisco and return at a rate of \$38.45 for the round trip; dates of sale August 4 to 3, 1902, good for return passage until September 30, 1902; for particulars call on any agent of the Santa Fe.  
H. S. LUTZ, Agent,  
Santa Fe, N. M.  
W. J. BLACK, G. P. A., Topeka, Kansas.

**Justice of the Peace Dockets.**  
The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2 x 16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:  
Civil or criminal.....\$4.00  
Combination civil and criminal 5.00.  
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address  
NEW MEXICAN PRINTING CO.,  
Santa Fe, N. M.

**LOW RATES EAST VIA SANTA FE.**  
On July 5 and 22, August 9, 17 and 21, Sept. 2 and 10, inclusive, the Santa Fe will sell tickets east at the following low rates: Chicago and return, \$48.55; St. Louis, \$43.55; Kansas City, \$35.55; Omaha, \$45.15; Des Moines, \$40.60; St. Paul and Minneapolis \$46.30; to other points in the State of Kansas, Nebraska, Missouri, Iowa, Illinois, Minnesota, Michigan, and Wisconsin. For further particulars call on or address, H. S. LUTZ, Agent,  
W. J. BLACK, G. P. A., Santa Fe, Topeka, Kansas.

**NEED MORE HELP.**  
Often the over-taxed organs of digestion cry out for help. Dyspepsia's pains, nausea, dizziness, headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Fischer Drug Co.

## The El Paso & Rock Island Route.

Write for price list.

San Francisco and return \$38.45, Santa Fe.

## Kodol Dyspepsia Cure

**Digests what you eat.**  
This preparation contains all of the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspepsias have been cured after everything else failed. It prevents formation of gas on the stomach, relieving all distress after eating. Disting unnecessary. Pleasant to take.

**It can't help but do you good**  
Prepared only by E. C. DEWITT & CO., CHICAGO, ILL.  
The bottles are marked "Kodol" and "Fischer Drug Co."

## Maxwell Land Grant

**FARMING LANDS UNDER IRRIGATION SYSTEM.**  
These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, Grains, Fruits of all kinds, and Sugar Beets grow to perfection.

**GOLD MINES.**  
On this Grant, about forty miles west of Springer, New Mexico, are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground can be made under the Mining Regulations of the Company, which are favorable to the prospector as the U. S. Government Laws.

Near Raton, New Mexico, on this Grant, are located the COAL MINES of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farm work or prospecting can not be successfully done.  
For particulars and advertising matter apply to

7:30 p. m., Exercises in Plaza—  
Music by Capital City Band.  
Reading Declaration of Independence by H. L. Ortiz, Esq.  
Oration in English, by Hon. A. L. Morrison.  
Oration in Spanish by Hon. B. M. Read.

All decorated vehicles will report to E. Sena, assistant chief of Fire department, for assignment to places.

## MINOR CITY TOPICS

The weekly crop bulletin is published on another page.

Exchange: W. H. Roberts, Espanola; Charles Crout, Leadville.

Bon-Ton: Homer J. Douthill, Cerrillos; D. McNaughton, Canada.

The Commercial Club will have open house tomorrow to its friends and visitors.

A. M. Dettelbach, the Opera house manager, has booked Sousa's band for Thursday evening, October 30.

The demands upon the Sanitarium are such both summer and winter that a new building is one of the necessities of the immediate future.

A meeting of the Presbyterian Ladies' Aid Society which had been announced for tomorrow has been postponed until next week on account of the National holiday.

Reports from Tierra Amarilla have it that the Brazos river is dry, said to be the first time in a century, and that the grass on the ranges is practically burned up.

Claire: Sol Israel, New York; H. C. Cross, Cleveland, O.; F. W. Dick, Kansas City; A. R. Cuns, McLaughlin, Kan.; H. H. Lyon, Louisville, Ky.; Dr. P. C. Green and Carl Green, New Albany, Ind.

There will be no New Mexican tomorrow. Nearly all the stores will be closed as will the bank, the federal, territorial, county and city offices. The postoffice will be open from 9 to 10 o'clock.

Fair and warmer weather is predicted for tomorrow. The maximum temperature in the shade yesterday was 80 degrees, in the sun 89 degrees. The temperature at 6 o'clock this morning was 53 degrees.

The Elks and Clerks will cross bats on the College grounds tomorrow forenoon at 10 o'clock. Admission free. E. C. Abbott, Esq., and Charles C. Catron will pitch for the clerks. All are invited.

James A. Catnach, general foreman of the Santa Fe Central telegraph line construction corps, expects to get into Santa Fe with the line in a few days. He arrived a few days ago from Progress to finish up the line between Santa Fe and Kennedy.

Palace: F. W. Parker, Las Cruces; Samuel Ream, El Paso; Mrs. C. D. Walker, Naco, Ariz.; J. Dixon, El Paso; G. S. Hunt, City; W. M. Cooper, St. Louis; H. F. Rose, St. Louis; Miss M. Hawes, Greeley, Colo.; C. A. Carruth, J. Law, Antonio; B. R. Dodge, Las Vegas.

Santa Fe will be quite lively during the coming winter. With the legislature and probably a constitutional convention in session, a new railroad and an increasing influx of tourists and healthseekers, the old town will show the newer towns of the southwest a few stunts in rapid growth.

Not a single cloudy day in the month of June at Santa Fe and a mean relative humidity of only 29 per cent. The maximum temperature was only 90 degrees, while the mean was 69 degrees. What other place in the United States can boast of as perfect a June as that?

Although less than half an inch of rain has fallen in Santa Fe the past 34 days, yet there is still water in the Santa Fe river, thanks to the Pecos river forest reserve. Forest reserves are a good thing when they really protect the water supply of a section.

Judge A. L. Morrison relates that when he was police judge at Chicago that there was scarcely a day that he didn't need to swear in an interpreter or two in order to carry on the business of the court. Four to five nationalities were frequently represented in the hearings and yet this fact does not bar Illinois from statehood. Judge Morrison says that of all the arguments against statehood that which wants to deny statehood to New Mexico because some of its people cannot speak English, is the most flimsy.

"Speciated Beauties." Mountain trout, Spanish mackerel, prairie chickens, Bob White quail, mountain grouse, cottontail, quail, doves, and anything that the market affords at the Bon-Ton Restaurant.

## PERSONAL MENTION

W. H. Roberts of Espanola, is in Santa Fe on a business visit.  
Horace Longwell went to Springer this morning on a business trip.  
Miss Esther B. Hoyt, a Pueblo Indian teacher, left Santa Fe today for Chicago.

Hyman Lowitzki went on the Denver and Rio Grande railroad today to buy horses.

Dr. F. C. Green and Carl Green of New Albany, Ind., are tourist visitors in Santa Fe.

Miss Trexler of Philadelphia, is visiting Miss Bertha Staab and will stay for the summer.

T. W. Voetter of the United States Indian school, left this morning on a visit to Fort Wayne, Ind.

Victoriano Casados of San Ildefonso, is a visitor in the capital today on business and to see friends.

Judge Frank W. Parker starts this afternoon from Santa Fe on a vacation trip of several weeks to Southern California.

R. L. McCance and E. L. Critchlow of the Santa Fe Central Railway, have gone to Albuquerque to spend the Fourth.

Mr. and Mrs. Dagenett, teachers of the Pueblo Indians, were passengers last night over the Santa Fe for Kansas City.

A. H. Gottshall arrived last evening from Harrisburg, Pa., to visit his son, Harlan, who is ill at the Sanitarium with consumption.

Mrs. Tremmel of Houston, Tex., who spent part of last summer in Santa Fe, will return in a few days with her mother and take rooms at the Sanitarium.

Mrs. J. D. Kennedy started today for Santa Fe to visit her daughter, Miss Grace Kennedy. She will be a guest at the Sanitarium and may make Santa Fe her home in the future.

Governor Otero and Adjutant General W. H. Whiteman left today for Raton to attend the Fourth of July celebration at that place. Governor Otero will make the address of the day.

Hon. Matthew G. Reynolds and son Matthew G., Jr., accompanied by Page B. Otero, J. W. Akers, John L. Zimmerman and John Dixon left this morning for the Conejos river, Colorado, on a fishing trip.

C. J. Crandall, superintendent of the government Indian school, left yesterday for Minneapolis, Minn., where he will attend the National Educational Association meeting. Before returning he will visit other eastern points.

NOTICE TO THE PUBLIC.  
For the safety and peace of the women and children who wish to assemble in the Plaza tomorrow, I would respectfully request that no fire-crackers or other explosives be used inside of the stone coping surrounding the same. Also that discretion be used in the display of fireworks in all parts of the city, that no fires or damage may result therefrom.

Very respectfully,  
I. SPARKS, Mayor.

Teamsters and teams wanted to work on the Santa Fe Central Railway. Apply at the offices in the Catron Block.

Mayor's Proclamation.  
The Fourth of July marks another anniversary of our national independence. It is one of the few days recognized by the government as a holiday.

While the spirit of patriotism always characterizes the American people it has been customary for them since the year 1776 to give expression to their sentiments of love of country on each succeeding Fourth of July in a more particular manner.

It is hardly necessary to invite the citizens of Santa Fe to make a public holiday of the coming anniversary, but it is suggested that they refrain from ordinary business cares on that day, and display flags and bunting and other tokens of their patriotic feeling upon their residences and places of business on Friday the 4th inst., which is declared a public holiday under the laws of the United States, and which I, I. Sparks, mayor of the City of Santa Fe, by virtue of authority in me vested as such official, do hereby declare to be a public holiday according to the ordinances of the City of Santa Fe and the laws of the territory of New Mexico.

The explosion and use of the various forms of fireworks are not prohibited on that day, but the citizens are cautioned to be careful in their celebrations that no fire or conflagration should ensue.

The use of fireworks of any kind within the public plaza is strictly forbidden, and the marshal is instructed to enforce this rule.

Witness my hand and the seal of the City of Santa Fe this third day of July, 1902.  
(City Seal) I. SPARKS, Mayor.  
By order of the Mayor,  
FACUNDO ORTIZ,  
Clerk of the City of Santa Fe.

U. S. Weather Bureau Notes.  
Forecast for New Mexico: Fair tonight and Friday; warmer weather Friday night and Saturday.

Yesterday the thermometer registered as follows: Maximum temperature, 80 degrees at 3:30 p. m.; minimum, 53 degrees at 4:25 a. m. The mean temperature for the 24 hours was 66 degrees. Mean daily humidity, 36 per cent. Maximum temperature in sun, 89 degrees. Temperature at 6:00 a. m. today, 53 degrees.

Proposals for wood and hay. U. S. Indian School Service, Santa Fe, N. M., June 17, 1902.—Sealed proposals, endorsed "Proposals for wood or hay," as the case may be, and addressed to the undersigned at Santa Fe, New Mexico, will be received until 10 o'clock p. m. July 11, 1902, for furnishing and delivering at the school as required during the fiscal year ending June 30, 1903, about 400 cords wood and 50 tons hay, as per specifications of the superintendent. Wood and hay offered for delivery under contract will be subject to a rigid inspection before acceptance or rejection thereof. The right is reserved to reject any and all bids or any part of any bid, if deemed for the best interest of the service. Each bid must be accompanied by a certified check or draft upon some United States depository or solvent national bank, made payable to the order of the Commissioner of Indian Affairs, for at least five per cent of the amount of the proposed contract. Each bid will be forfeited to the United States in case any bidder or bidder receiving an award shall fail to promptly and fully execute the contract with good and sufficient sureties, otherwise to be returned to the bidder. Bids accompanied by cash in lieu of a certified check will not be considered. For all additional information, apply to C. J. CRANDALL, Superintendent.
