WASHINGTON!

Army Bill Considered in the House.

Charleston Exposition Amendment Defeated.

All Cabinet Members Resigned But Will Be Reappointed.

THE TERRITORIAL LEGISLATURE.

Washington, March 1.—Motion to take up the car coupling bill, thus placing the sundry civil appropriation bill, was defeated by the senate by a vote of 25 to 36. Consideration was then begun on sundry civil bill.

HOUSE.—The conference report on the bill to permit Pima county, Ariz., to issue fifty-year 4 per cent bonds to redeem indebtedness was agreed to. The previous question was ordered on the army bill by the house, yeas 139, nays 120. This allowed twenty minutes on each side upon adoption of the rule.

The house adopted rule for consideration of the army bill, yeas 145, nays 127. The house defeated the motion of Elliott to concur in the Charleston exposition amendment to the Louisiana purchase bill, yeas 84, nays 132. The committee on rules then reported special order for consideration of the army bill.

Rule provided for immediate consideration of motion to concur in all amendments to the army appropriation bill, including the Cuban-Philippine amendments, allowing one hour and twenty minutes on each side for debate, and final vote then to be taken. This is considered as assuring final passage of the bill today.

CABINET MEETING.—Washington, D. C., March 1.—At cabinet meeting today all members presented resignations, to take effect upon the qualification of their successors. All will be reappointed, but Attorney General Griggs will serve longer than about April. Philander C. Knox of Pittsburgh will probably succeed him.

Secretary Root read telegrams from General Wood to the effect that in his opinion Cubans would not be convinced that the action of congress in stating relations, which should exist between Cuba and the United States, was for their interest, as well as our own, and would accept without serious objections.

A PROMINENT LADY GONE.—Death of Mrs. Isabella H. de Luna—Occurred Yesterday Afternoon.

Surrounded by her only surviving son, daughter and a number of near relatives and friends, Mrs. Isabella H. de Luna closed her eyes in death at her home in Santa Fe early yesterday afternoon at about 4 o'clock. FIRST STREET IMPROVEMENTS.—Work On the Alvarado Hotel Going Along Satisfactorily.

The carpenter work on the magnificent "Alvarado" hotel is going along at a very satisfactory rate under existing conditions, but, owing to the non-arrival of certain building material, the contractors are unable to employ a large force as they desire. The heavy framing timbers were ordered several weeks ago from the lumber companies, though for some unaccountable reason the order has not yet been received. However, Anson & Holman, the contractors, have been meeting what portions of the structure they can with the kind of lumber that is at hand. This week the brick smoke stack at the southern terminus of the Alvarado annex will be completed, and the carpenter work on the northern portion of the hotel has almost reached that point where nothing more can be accom-

ALBUQUERQUE - MARCH 1, 1901

MEETING TONIGHT

This evening, at the Commercial club, an important meeting of the members of the club and others interested in the welfare of the city. The matter of the subscription to the recently incorporated Santa Fe, Albuquerque & Pacific railroad, which will be discussed, will be brought up for discussion. As stated, it is an important meeting and a large crowd of representative citizens should attend.

LUNA MEMORIAL FUND.

Chief Justice W. J. Mills, Judges J. B. McPhee, J. W. Crumpacker and F. W. Parker, members of the territorial supreme court, subscribed \$10 each toward the Luna memorial fund. Dr. C. C. Crutcher, Albuquerque, and R. Otero also subscribed \$10 each, and M. T. Otero \$5. These are additions to the contributions already announced.

BUILDING REGULATIONS.

The council Wednesday passed Mr. Navarro's bill, council bill No. 54, which gives the city the right to regulate the thickness, strength and manner of construction, stone, brick or other buildings within the city limits, and to regulate their height, and to order the removal of any structure which by reason of decay or other cause has become dangerous, and to prescribe the manner of ascertaining the damages, if any, due to the owner of any such building.

THE BALLOT BOX.

The Carlsbad Argus, in commenting on the Barnes ballot bill, says: "A copy of the Barnes ballot law, introduced and passed by the legislature of Arizona, and from a hasty inspection it seems to be a very wise measure. It is the Australian system, so named because it was first applied to conditions in New Mexico, and it is in vogue would certainly purify the ballot and make honest elections possible. Representative W. C. Barnes of Coila county is the author, and it is an additional point in the bill's favor that Mr. Barnes, six years ago, introduced and passed by the legislature of Arizona, of which he was then a member, almost identically the same measure, and his operation as a law has proved highly satisfactory."

SAVINGS ASSOCIATIONS.

Mr. Walton's house bill No. 67, which amends section 260, of the laws, so that three or more persons may organize savings banks and trust associations with a capital stock of not less than \$30,000, except in cities and towns of less than 3,000 inhabitants it shall be not less than \$15,000. A certificate under oath to the effect that the capital stock is paid in full shall be filed with the secretary of the territory, and also with the probate clerk of the county in which such corporation seeks to do business. And such associations already established in towns of less than 3,000 inhabitants may diminish their capital stock to any amount above \$15,000 under the general incorporation law, as provided in section 267, compiled laws.

PROPOSED GAME LAW.

An amended and passed in the house Wednesday morning. As amended, it is set forth in section 1, chapter 51, session acts of 1900, provides that it shall be unlawful to kill any quail, prairie chicken, partridge or wild turkey, or to kill, wound, etc., any antelope, deer, elk or mountain sheep, except as said birds and animals are sold to the animals being with horns, may be killed with a gun during the months of September, October and November of each year in the counties of Rio Arriba, San Juan, Taos, Colfax, Union, San Miguel, Guadalupe and Santa Fe, and during the months of October, November and December in all other counties of the territory, and provided, further, that said birds may be killed with a gun in the county of Dona Ana also during the months of January and February; provided, further, that no person shall be killed within five years of the passage of this act, and that no person shall have in his possession more than one antelope, elk, mountain sheep or deer at any one time.

WORTHY MEASURE.

Councilman Burns' bill authorizing sheriffs to make quarterly inspection of all places where liquors are sold or gambling is carried on has passed the council after due consideration by that body, and is now pending in the house. This measure is designed to remedy a condition of things which, as they now stand, is little less than deplorable. The primary object is to regulate the hundreds of isolated saloons and gambling joints now in operation in the grazing districts, which are generally without license, without contributing one cent to the school funds, as other similar concerns are required to do by law, and which are chiefly responsible for a great deal of crime which involves the cowboy and the herder. Out on the western edge of the territory, from the Mexican border to the Colorado, and particularly along the border of the Navajo reserve, scores of these joints are in operation. The law prohibiting the sale of intoxicants to Indians and minors is here violated in the most open and shameless manner, and all manner of gambling is carried on among cowboys, Indians and sheepherders. The men and boys in charge of live stock fill themselves with the "cheap dip" sold in such places under the guise of whiskey, and, bereft of all reason, steal cattle or sheep from the herds and flocks of employers and gamblers, then away to the case in point occurred in western Rio Arriba county only a few days ago, when a herder working for Reyes Gonzales, of Albuquerque, went on a detachment of one of these joints and

A change in the running of mail clerks between this city and Los Angeles was made today, and as a result several new families will take up their residence in our midst. Owing to the long distance the run has been divided, and instead of ten crews making their headquarters in Los Angeles five of that number will locate in Albuquerque running as far as San Juan and returning.

The president of the Santa Fe E. P. Ripley, and members of the Chicago Commercial club, will soon visit Phoenix. The representatives of that city say: "The plan for the relocation of President Ripley of the Santa Fe railroad and the members of the Commercial club of Chicago, who will accompany him, have been confirmed. They will leave for Phoenix on Thursday, March 2. Early Friday morning they will be met by a tallyho, automobile and other carriages and either driven to the Phoenix school or the Phoenix farm, as they may prefer. The former there will be a drill and after luncheon the visiting gentlemen will be taken to the Phoenix school for the shooting and bronco busting contest, to be held at the Phoenix park at 2.30. In addition to the steer tying and bronco busting there will be a contest of Indian archery and foot racing, given by the Pima and Maricopa Indians."

BIG SHOW COMING.

"The Steam Laundry" Will Be Here Next Tuesday.

The latest novelty of the season, Wiedemann's big show in "The Steam Laundry" is the attraction of the New opera house on Tuesday, March 5. The company is made up of clever people and unlike most farce-comedies, there is a well-defined plot. The scenic effects are a strong feature, and the specialties are up-to-date. A feature that will please lovers of good music is the solo orchestra of fourteen men, under the direction of Professor McDonald. The street parade at 11.30 each day is the most unique ever introduced, using two big bands, the first in the uniform of the Prussian cavalry, and the second "The Laundrymen's Band" with genuine Chinese costumes and instruments. The following is clipped from the Montgomery, Ala., Daily Advertiser: "Wiedemann's big show opened a two nights' engagement at McDonald's theater last night. The building was packed as it has never been before in several years. Every space of
