OIL LANDS!

People Excited in Vicinity of Kingman.

Burlington Will Build Extensions From Salt Lake.

National Legislation From Senate and House.

THE TERRITORIAL LEGISLATURE.

Special to The Citizen.
Kingman, Arizona, Feb. 19.—Last summer the discovery was made that indications of oil were present along the Colorado river, beginning at a point a short distance below the crossing of the Santa Fe railroad and extending down the river nearly to Yuma. At many points, back from the river about four miles, the recent formation was stained with oil blossoms. Attention was at first attracted by what appeared to be moist earth along the banks of the river. Samples of this earth, when analyzed, proved to be petroleum with a paraffine base. Some excitement was created at that time and large tracts located, but nothing was done to develop the find until now. A lease was drawn last week whereby a California oil man secures for twenty years 2,000 acres, covering the place of first discovery, provided he sinks a well within six months and systematically develops the oil field. The benefit to this country, if producing wells are found, is incalculable. Not only will cheap fuel be provided, but the oil will find an outside market by being floated down the river to the gulf and thence to many points by sea. A half a dozen companies have been formed and it is thought that at least three experimental wells will be put down this year.

Will Join the Burlington.
Los Angeles, Cal., Feb. 19.—The Herald says: San Pedro, Los Angeles and Salt Lake railroad will join hands with the Burlington road at Salt Lake. The Burlington will begin in the spring an extension to Salt Lake City from Genesee, Wyo., by way of Ogden.

The senate committee on naval affairs to-day agreed to report favorably on all nominations of naval officers for advancement except those of Admirals Sampson and Schley; also to recommend the revival of the grade of vice admiral and the appointment of Sampson and Schley to that office.

Washington, D. C., Feb. 19.—The house to-day adopted the following resolution introduced by Nappen, of Massachusetts requesting the secretary of the treasury to inform the house if "our ports of water" have been used for the exportation of horses, mules and other supplies for use in South Africa, and if so to what extent, and what steps have been taken to prevent same.
A similar resolution of inquiry addressed to the secretary of state was adopted.
The house went into committee of the whole and resumed consideration of the sundry civil bill.

MASS MEETING CALLED.
Wichita, Kan., Feb. 19.—The Ministerial association resolved to call a mass meeting at the auditorium next Sunday for the purpose of insisting upon the closing of the saloons in Wichita. Rev. J. D. Kitchey, of the Episcopal church, president of the Ministerial association, did not attend the meeting. He said in an interview that the saloon is so deeply grounded in American life it is a part of our social system. A large number of people make it their club, and regulation is the best that can be done with the saloon problem.

Kidnaper Suspect Arrested.
Omaha, Neb., Feb. 19.—One of the three men implicated in the kidnapping of Edward Cudahy, Jr., was arrested Saturday night, but the news was suppressed until to-day. REFINED AND CULTURED.

Having Discarded Their War Clothes, the Futlers Are Gentlemen.

The two "refined and cultured" gentlemen, H. M. and R. A. Futler, who arrived in the city a short time ago and took lodging at the Los Angeles hotel on South Third street, were around to-day in their civilized garments, having discarded their high-heeled boots, six inch spurs, broad-brimmed sombreros with rattlesnake skins for bands, and corduroy suits; they also laid aside their six-shooters and pistols, filled with ammunition, and it is understood, will do no more horse racing on one of the principal streets of the city, being fully advised, after kicking themselves all over town last night, that Albuquerque was as much of a civilized place as any city in New York state. These millionaires are now cordially welcomed to this city.

MARKET QUOTATIONS.
Quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over private wire of F. G. Loomis.

New York, Feb. 19.—(Stock)—The stock market has been irregular to-day, but the underdone has in the main been heavy and the trading largely professional, and in the specialties. Among the railroads C. & Q. scored gains which were partly held. Anthracite coal shares were heavy throughout. Steel was erratic. The market for foreign exchange at the opening, most of which was quickly lost. Speculation is held in check awaiting the announcement of the details of steel combination and the reported magnitude of the transactions has aroused a feeling of uneasiness in spite of assurances that the money market will not be disturbed.
