#### Philippine Insurgents Surrender.

Washington, D. C., Feb. 13.—A special to the Herald from Washington says: President McKinley informed his cabinet, unofficially, that Ambassador Choate was not disposed to accept the attorney generalship, which the president had offered him.

#### No Change.

Lincoln, Neb., Feb. 13.—The republican caucus resulted in no material change in votes for United States senator.

#### Helena, Mont., Feb. 13.—The vote for senator today showed no material change.Salem, Ore., Feb. 13.—The senatorial caucus today showed no material change, except that the democratic forces went in a body to R. D. Inman.Choate Won't Accept. New York, Feb. 13.—A special to the Herald from Washington says: President McKinley informed his cabinet, unofficially, that Ambassador Choate was not disposed to accept the attorney generalship, which the president had offered him. New York Herald. Syracuse, N. Y., Feb. 13.—Northern and central New York are many feet deep in the worst blizzard of the winter and in many respects of recent years. While it is not exceedingly cold, the fine snow, driven by the wind, makes travel dangerous. Cold Reception. Chicago, Ill., Feb. 13.—Mrs. Nation, former chief of the Grand Army of the Republic, was met at the city hall this afternoon to see Mayor Harrison. His secretary said he had gone for the day. The mayor previously announced he would not see Mrs. Nation. With Military Honors. Watertown, N. Y., Feb. 13.—The remains of Col. Albert D. Shaw, congressman from this district, late commander-in-chief of the Grand Army of the Republic, were interred at Brookside cemetery today with military honors. LOCAL PARAGRAPHS. It was reported today that District Attorney T. A. Finckel was not so well as yesterday. While the sick man has not passed all danger, it is probable, however, that he will eventually recover entirely. On next Saturday night at Orchestra hall another concert and dance will be given, and an unusually good time is expected. In the afternoon of Sunday a concert will be the attraction at the same place. The entertainments are free to all, so go and enjoy yourselves. Dr. A. M. Small, who occupies a position at the head of one of the departments in the University of Chicago, was here today calling on his friend, Prof. M. E. Hickey, superintendent of the public schools, and will leave tonight for Los Angeles, where he will visit at the Agricultural and Mechanical College. The doctor is just returning from an extended trip to the points of interest in California. For several days past Henry Huning has been in the city from his home in Shaw Low, A. T., employing sheep herders, and on tonight's westbound train he will leave for his range with his men. Mr. Huning has a fine range in the Salt Lake valley, near Phoenix, and owns several thousand head of the fleecy animals. He had no difficulty in finding the best men to look after his flock, for he is a man that believes in the old adage, "live and let live," and guaranteed his employees \$30 a month and their board as long as they were in his service. TASTE tells and no-quickly as where so in fresh oysters, taste will tell you that there is no comparison between our patent case oysters and the so-called "ice water" oysters sold by other dealers. WHY Because oysters shipped in our patent cases reach us just as they left the shell, untouched by ice or water and retaining their perfect flavor, while those received by other dealers are shipped in pails, the oysters are soaked in ice water from the time they leave the shipper until they reach their destination, the result being that they are absolutely tasteless. We will be glad to have you put this to the proof, try some of each kind raw. Remember, that patent case oysters can be bought only from the San Jose Market, that we receive them fresh every morning in the week that we are still selling them at the low price of 25 cents per pint of solid oysters.

### ARMLESS AND LEGLESS.

Valentine Becker, Who is Well-Known Here, Again in the City.

Valentine Becker, the armless and legless ex-member of the Atlantic & Pacific railway security force, is in the city today, coming in from the west. He has recently secured a pair of new wooden legs, and a new contrivance for his wooden arms, which is so arranged that he handles a knife and fork at his meals without being fed, as heretofore, by a friend. Valentine's affliction was brought about by his taking a nap in an Arizona saw band about eight years ago, which necessitated the amputation of both arms and legs by Dr. J. P. Kaster in order to save his life. He will remain here a few days, after which he will continue to Chicago, stopping over, however, at all the important towns en route.

#### DISTRICT COURT NOTES.

Two Suits for Divorce Filed—Times Quoted.

In the district court suit has been filed by Mrs. Cipriana Chavez de Herrera for divorce against her husband, Estanislao Herrera. The couple were married in Arizona fourteen years ago last Sunday, and shortly after the birth of their daughter, who is now 7 years of age, the defendant abandoned his family, leaving the wife to support herself and child by washing. Plaintiff declares that she conducted herself as a kind and affectionate wife, bearing with his faults and errors and ever striving to make their home comfortable and happy. She further asks the court to grant her the custody of their child.

Another case, which will occupy the attention of the court, is that of Mamie Chadwick vs. William D. Chadwick, for absolute divorce. In her bill of complaint the plaintiff states that she was married to the defendant in January, 1897, and lived together as husband and wife for seven months, when the head of the house became dissatisfied and abandoned her. She asks the court to dissolve the bonds of matrimony, and that she may be allowed to resume her maiden name, Mamie McNamara.

In the case of H. H. Tilton vs. J. A. Henry and T. A. Harris, title has been quieted in the district court to lots 10 to 24 in block B, situated in the Duran & Alexander addition to the city of Albuquerque. Also in the case of Joseph Girard against J. A. Henry and T. A. Harris, all question of title to lots 8, 9, 10 and 11, in block A, of Duran & Alexander addition, has been settled by the district court. The above named properties were sold a few years ago illegally for taxes.

#### MARKET QUOTATIONS.

Quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over private wire of P. G. London:

New York, Feb. 13.—(Stocks).—The market under the influence of higher quotations from London opened at a lively advance over Monday's close. The rise was not maintained, however, and for the greater part of the day the market was distinctly heavy. The selling was pronounced in the last hour. The weakness was the more remarkable in view of the heavy buying orders from London. The market closed at a loss of 1/2 point. The decline, which seemed to have been the result of an over-bought condition of the market. Western Union showed considerable resistance and its strength was one of the features of the day. In the rails, St. Louis & San Francisco were about the strongest. Closing prices were near the lowest of the day. Total sales, 1,000,000.

Chicago, Feb. 13.—(Wheat).—The market was unchanged. Bradstreet makes the world's visible increase 1,780,000 bushels. The local tone is strong. The market at the moment seems to be wholly without selling pressure. Receipts in the northwest show a decreasing tendency and primary movement as compared with last year. It is generally thought by the trade will gradually work bullish. This, with more or less talk about the wheat being in strong hands and fears of manipulation, not only encourages holders but discourages short selling. Cash demand is slow and prices at the moment are largely out of line with the export business. May wheat closed at 75 1/2c; silk flannel waste for ten days at cost. Rosenwald Bros.

In her bill of complaint the plaintiff states that she was married to the defendant in January, 1897, and lived together as husband and wife for seven months, when the head of the house became dissatisfied and abandoned her. She asks the court to dissolve the bonds of matrimony, and that she may be allowed to resume her maiden name, Mamie McNamara.

In the case of H. H. Tilton vs. J. A. Henry and T. A. Harris, title has been quieted in the district court to lots 10 to 24 in block B, situated in the Duran & Alexander addition to the city of Albuquerque. Also in the case of Joseph Girard against J. A. Henry and T. A. Harris, all question of title to lots 8, 9, 10 and 11, in block A, of Duran & Alexander addition, has been settled by the district court. The above named properties were sold a few years ago illegally for taxes.

#### MARKET QUOTATIONS.

Quotations and review furnished by W. P. Metcalf, No. 5 Cromwell block, received over private wire of P. G. London:

New York, Feb. 13.—(Stocks).—The market under the influence of higher quotations from London opened at a lively advance over Monday's close. The rise was not maintained, however, and for the greater part of the day the market was distinctly heavy. The selling was pronounced in the last hour. The weakness was the more remarkable in view of the heavy buying orders from London. The market closed at a loss of 1/2 point. The decline, which seemed to have been the result of an over-bought condition of the market. Western Union showed considerable resistance and its strength was one of the features of the day. In the rails, St. Louis & San Francisco were about the strongest. Closing prices were near the lowest of the day. Total sales, 1,000,000.

Chicago, Feb. 13.—(Wheat).—The market was unchanged. Bradstreet makes the world's visible increase 1,780,000 bushels. The local tone is strong. The market at the moment seems to be wholly without selling pressure. Receipts in the northwest show a decreasing tendency and primary movement as compared with last year. It is generally thought by the trade will gradually work bullish. This, with more or less talk about the wheat being in strong hands and fears of manipulation, not only encourages holders but discourages short selling. Cash demand is slow and prices at the moment are largely out of line with the export business. May wheat closed at 75 1/2c; silk flannel waste for ten days at cost. Rosenwald Bros.
