## MRS. CARRIE NATION

Started on Her Crusade  
at an Early Hour.

Kansas Whirlwind Is Roughly  
Handled by Saloonists.

Vice-President-Elect Roosevelt Arranging to Go to Washington.

TRAMPS FIRE A RESIDENCE.

Topeka, Feb. 5.—Mrs. Nation rose at 4:30 a. m. and soon afterwards started out on her tour of joint smashing. Accompanied by Mrs. J. P. White and Miss Madeline Southard, she attempted to enter a place at 600 Kansas avenue. The man on duty managed to disarm Mrs. Nation and bolt the door before any of the party could enter. Mrs. Nation said her friends caught hold of her arms and prevented her going in through the window. The next place visited was "The Senate." The women entered without resistance, but a colored man quickly seized Mrs. Nation and took her hat off away. In the scuffle Mrs. Nation was struck on the right temple by the hat, but the blow did not disable her. She seized the hat and carried it to the door. She then made a wreck of the large refrigerator and after that turned her attention to liquor and fixtures behind the bar. The colored porter fired his revolver to frighten the crusaders and to attract attention. Policemen Graham escorted Mrs. Nation to the police station. Here she and her little band of followers had short prize service and returned home in charge. The Senate saloon, which was wrecked, was the handsomest in the city. Probably \$15,000 worth of property was destroyed. At the police station Mrs. Nation was booked as "John Smasher." Others were released. Her case was continued until Thursday without bond, the charge preferred being that of "instigating a riot."

The case against Mrs. Nation for attempting to smash the Unique saloon Monday afternoon was dismissed this morning. Mrs. Nation today issued the following proclamation to the school children of Topeka: "My precious little children—I send you greeting and ask you to help me destroy that which is on the streets and protected by police and city officials to destroy you, my darlings. I want every one of you to grab up a rock, smash glass doors and windows of these hell-holes. You will do your duty, enroll your names on pages of undying fame, and place yourself on the side of God and humanity. Your loving friend, 'CARRIE NATION'."

ICE-PRESIDENT-ELECT ROOSEVELT.

accompanied by His Wife Will Go to Washington First of March.

New York, Feb. 5.—Vice President elect and Mrs. Theodore Roosevelt will start for Washington March 1 and during their stay there will be the guests of Mrs. Roosevelt's brother-in-law and sister, Commander and Mrs. Cowles. In the evening of their arrival they will be guests of honor at a dinner to be given by Senator Loper.

A COUSIN FROM FRANCE.

New York, Feb. 5.—Among the passengers on the French line, La Bretagne, just arrived here, was Andreas Roosevelt, a cousin of Vice President elect Theodore Roosevelt. The cousin is bound on a shooting expedition to Colorado. He has lived in France for years.

FATAL FIRE.

Tramps Responsible for Burning of Residence and Farm Buildings.

New Westminster, B. C., Feb. 5.—Fire, supposed to have been started by tramps, destroyed the residence and farm buildings of Whiteside, of Tyne Head, and burned to death his two children, who were asleep when the flames broke out. Whiteside and his wife with difficulty and two men made an effort to save the children, but were driven back by smoke. A posse of farmers is scouring the country for the supposed incendiaries.

Anniversary of Big Strike.

Chicago, Feb. 5.—Today is the anniversary of the calling of the big strike of the Chicago building trades. It is believed by contractors and architects and owners that, although a final settlement of agreements have not been reached with a number of trades, the blight of the past year will be raised at the opening of the coming building season.

By the strike 20,000 men of the building industry were kept out of employment and 20,000 in trades manufacturing building material. It is estimated \$50,000,000 in contracts for buildings and plans in architecture were held up for a year by trouble.

Chinese Notes.

Peking, Feb. 5.—A cabinet council today the minister of foreign affairs, M. I. Bannan, announced that the ministers of power at Peking would confer with the Chinese plenipotentiary.

NATIONAL HOUSE NEWS.

The Legislature.

Connelly Passed Bill Making Dona Ana, Otero, Grant and Sierra a Judicial District.

Special to The Citizen.

Santa Fe, N. M., Feb. 5.—The council disposed of a large amount of business this morning. Passed a bill making one judicial district out of the counties of Dona Ana, Otero, Grant and Sierra. This bill legislates the district attorney in Grant county out of office and was strongly opposed by the minority. The house passed the bill giving sheriff's authority to employ unlimited number of deputies.

THE DEAD PLAYWRIGHT.

The Will of Chas. Hoyt, Deceased, Will Be Contested.

New York, Feb. 5.—Formal notice of contest of the will of the late Chas. H. Hoyt, playwright, was filed with the surrogate to-day by Joseph B. Hoyt and Ella M. Green, cousins of Mr. Hoyt. The will was offered for probate by Frank McKee, business partner of Hoyt and one of the executors of the will. The petition alleges undue influence on the part of McKee. It is also asserted the will which bore date of October 15, 1891, is not the last will of the testator. McKee's club and actor's fund were the principal beneficiaries under this will. McKee also gets a share of the estate.

Another Railroad Purchase.

New York, Feb. 5.—It was reported on Wall street to-day that the Missouri Pacific had secured control of the Chicago & Eastern Illinois railroad. Officials of the Missouri Pacific declined to confirm or deny the report. It is intimated in circles close to the management, however, that it is not the Missouri Pacific which has taken control, but the St. Louis-Southwestern, which in turn is controlled by the Missouri Pacific.

Committed Suicide.

Washington, Feb. 5.—A cablegram from United States Minister Hunter at Guatemala City states that Sydney B. Everett, secretary of the United States legation there, committed suicide yesterday by shooting himself through the mouth. He had suffered long illness. Everett was appointed from Massachusetts, being the son of former chief of the diplomatic bureau of the state department.

Money Raised.

Washington, Feb. 5.—Secretary Gage has written to the chairman of the house Louisiana purchase committee saying he received satisfactory evidence that the expedition company has raised \$10,000,000 required as present advance to the government aid of \$5,000,000.

JEFFRIES-RUNNIN FIGHT.

The Fight Took Place.

Elgin, Ill., Feb. 5.—The Crooke-Jackson prize fight, prohibited at Elgin by Governor Yates, was pulled off at Elgin, Ill., early today. A special train with 200 aboard reached that little village soon after midnight, adjourned to a hall where a ring was formed and the fight commenced. There was no interference. Crooke was knocked out in the eighth round.

The Wool Market.

Boston, Feb. 5.—Better demand for wool was apparent in the market here this week and in many cases sales show liberal increase, although it cannot be said in all cases even former prices were reached. The bulk of business transacted was in territory ranging from good to medium and fine staple, secured in 60, while strictly staple is quoted at 50. Washed fleeces are slow.

MARKET QUOTATIONS.

Quotations and review furnished by W. P. Metcalf, No. 5 Orangeville block, received over private wire of F. G. Logan:

New York Stocks.

New York, Feb. 5.—(Stocks).—There was some liquidation in the first hour this morning but the stocks were well taken and the market was strong and advancing almost without interruption after 11 o'clock. Perhaps the most remarkable advance was that scored by Pennsylvania, both on account of the magnitude and because of its rapidity, as it practically all occurred in the last hour. No definite explanation of the move could be discovered, but there were rumors of close alliance with Atchison, to which color was given by the strength of the stocks of that company. The stocks of the southwestern issues were also in good demand. There is excellent authority for the statement that Atchison common will receive a dividend of 4 percent on July 1. Just before the close a active demand sprang up for Union Pacific, resulting in a sharp advance. Demand sterling, 88 to 89.

Total sales, 1,535,000.

Closing quotations:

Atchison, 48; American Steel and Wire, 43; American Tin Plate, 40; Brooklyn Rapid Transit, 60; Erie, 23; Federal Steel, 55; Louisville & Nashville, 35; Manhattan, 119; Mo. Pac., 34; N. Y. & N. J. Edison, 117; Republic Iron & Steel, 131; Sugar, 137; So. Pac., 47; St. Paul, 102; Union Pacific, 92; U. S. Steel, 102; Va. Mills, 22; Mexican Central, 15; Cockeril, 10; Santa Fe Copper, 0.

Chicago Grain.

Chicago, Feb. 4.—(Wheat).—Liverpool is higher. The general tone of the market is dull and heavy, with prices tending to drag. Outside trade is small. There is no change to note in principal conditions of supply and demand. The market is quiet. Primary receipts 443,000 against 410,000. Shipments 299,000 against 122,000. Cash to-morrow, 25. May wheat closed, 54.

A Fatal Death.

New York, Feb. 5.—Robert Todd, formerly justice of the supreme court of Louisiana, died last night at the home of his daughter, Mrs. S. B. Daniels.

ALBUQUERQUE, — FEB 5, 1901

Although Mrs. Nathan lives in the same state with the Rev. Charles M. Sheldon, she will not follow "In His Steps."

"I have never known happiness," said a dying New York millionaire. There are those who could make a better showing than this.

The cattle sanitary board held a meeting yesterday in Santa Fe and report the cattle business in the territory in excellent condition.

It is really singular, considering that Mrs. Nathan is only a woman, after all, that some saloonkeeper has not thought of inhaling a live mouse to his bar.

The mountains of New Mexico are heavily covered with snow, and the ranges are rejoicing over the prospect of plenty of water next summer.

The saloons in Santa Fe are now permitted to keep open on Sunday, the judge of that district believing it a necessity on account of the presence of the legislature.

Lord Kitchener's official reports show that 4,327 Boers were killed during the week ending last Saturday. Since the war broke out 4,955,342 Boers have been slain in battle, according to the English bulletins.

The cattlemen of southern New Mexico complain that their business is being ruined by organized gangs of thieves, and they will ask the legislature to pass a law organizing rangers similar to those in Texas.

The Indiana building contractor, who tried to bribe the governor of Mississippi to get out of jail, is now in jail for the same reason. The punishment of bribery is so rare that this example in Mississippi is especially interesting.

J. P. Lawless, of Buffalo, N. Y., representing the Pan-American exposition, is expected here sometime in the near future. "His mission," says the circular, "will be to confer with the editors and other leading men of the southwest upon the value of the Pan-American exposition to the people of your part of the country."

Valentines of all kinds are on exhibition at the local stores. The ugly ones are great. There's a picture of every body—slightly exaggerated, of course. Among the pretty ones they show attractive handkerchief cases, such as would suit almost any one. There are also one of the patriotic order of a shield in shape, red, white and blue in color.

Farmers in the central and lower Rio Grande valley are getting ready for their spring work, and it is thought the mayrains will turn water into the ditches about February 15th. It has been a splendid winter for the farmers and stockmen, and if the warm days do not start the sap in the trees the prospect for a big fruit crop is very good.

The Standard oil people have leased 300,000 acres of land of the Southern Pacific railroad company in the Beaumont district, Texas. Soon after the leases were withdrawn from the market, and recently Standard Oil representatives examined the land very carefully. It was a foregone conclusion from the first that the Standard Oil people would get control of that section if possible.

The grand duke of Oldenburg, having been refused a 40 per cent increase in his salary, has gone on a strike, and refuses to carry on his daily duties unless the money is forthcoming. It is most earnestly to be hoped that an arbitration committee will act without undue delay. The spectacle of a grand duke hanging around the corner of a 6 o'clock and beating the head off any man who tried to fill the job of dukes would be highly lamentable.

The bill in the house giving authority to employ unlimited number of deputies in case of riot was made the special order this morning. There is really no necessity for the passage of this bill. No riots of any kind have occurred in New Mexico in the past twenty years and there are no indications anywhere in the territory, that such a state of affairs may exist in the future. The bill is being pushed by the Colorado Fuel and Coal company for the purpose of prosecuting the striking miners at Gallup.

SHOULD HAVE STATEHOOD. New Mexico needs statehood, even if for no other reason than to help the other states of the union to push through congress appropriations for the reclamation of the arid lands, says the New Mexican. If New Mexico is to achieve her dreams of statehood, she must first be a state. The statehood bill is the last session show very plainly that while irrigation works such as have been built in the Pecos valley and on the Maxwell grant have added to the territory's population and wealth, the rural sections in other counties are retrograding. The area under cultivation is decreasing, and the waters of streams are becoming less adequate for irrigation purposes. The growth in population and wealth the past ten years has been altogether in railroad towns, mining camps, a few Indian pueblos and among the Indians who were not connected with New Mexico's population ten years ago.

Take the prosperous county of Bernalillo, for instance. The landowner gain in population of 7,727 was made by Albuquerque, Gallup, the Cochiti, four Indian pueblos, and the Navajo and the Navajo Indian reservation. Over one-half of the other presidents

lost in population. In Rio Arriba county, agricultural districts like Espanola, Azules, Chama, El Tirol lost in population. In 1890 Tama county had 4,600 more population than today, and the loss would be still greater had it not been for the gain in mining camps during the past ten years. In 1890 Valencia county had several hundred more people than today. Thus away the gains made by dry-mining camps and towns, and the phenomenal gains in population in Chaves, Elddy, Chama, and San Juan counties. It is found that the rest of the territory has gone backward as far as population is concerned. The decrease in the assessment rolls of several counties is thus explained. They have no growing towns or mining camps, while their agricultural and grazing lands are of less value today than they were ten years ago. Water, water, in the crying need of the territory, and it alone will bring lasting prosperity and uninterrupted growth. At present Texas and Mexico want to steal the little water remaining in the territory, but with New Mexico a state danger from that side will be practically nil, and all effort can be directed in union with other states to compel the government to do something for the reclamation of the arid lands in the arid west.

The boards of commissioners of the counties of Otero and Dona Ana are having some little difficulty in settling the indebtedness of the former. The pro rata of the indebtedness of Otero to Dona Ana, by virtue of the territory taken from Dona Ana to form a portion of Otero, is \$14,900. The commissioners of Dona Ana county, backed up by two or three Las Cruces capitalists, want to take Otero county's bonds at par and cancel the indebtedness, but the commissioners of Otero county want to dispose of the bonds themselves, which under the law they have a perfect right to do. They say Dona Ana county's cash and reserve the premium for which the bonds would sell.

A broad laugh has spread all over the territory caused by a bill hastily passed yesterday by the legislature empowering the governor to fill vacancies in county offices. The cause of the hasty action of the legislature was the report in Santa Fe that Sheriff Blackington was lying at the point of death, and that in case of vacancy the democratic board of commissioners of the county would appoint a democrat to fill the vacancy. A few minutes after the bill was passed, a dispatch was received from Socorro stating that Sheriff Blackington was not lying at the point of death, but was recovering, and was making arrangements to run for the same office two years hence.

First Submarine Cable. An ordinary wire, insulated with gutta serena, was laid across the English Channel about five years ago. It was also about the same time that Hostetter's Stomach Bitters, the world renowned dyspepsia cure, was first introduced to the public, and its success as a family medicine during those years almost eclipsed that of the submarine cable, while today it stands alone as the one reliable remedy for dyspepsia, indigestion, flatulency, constipation, biliousness, nervousness or insomnia. If you are a sufferer from any of these ailments, you have never tried the Bitters. Try it at once, if you would be well. It will strengthen your entire system, and produce a steady and good health naturally follow.

## TERRITORIAL NEWS.

From the Liberal.  
W. A. Leonard was down from Clifton yesterday to meet Miss Leonard, his sister-in-law, who came from California to visit in Clifton.  
Mrs. W. H. McDonald returned from New York trip this week, having spent the winter very pleasantly with her mother.  
P. Wiseman, superintendent of the Shannon Copper company of Clifton, is in the city yesterday, returning from Albuquerque, where he had been attending the death bed of his brother.  
Sheriff Goodell was in the city Friday, having come over for the purpose of attaching the property of the Shreve Mining company, to secure the payment of a judgment which the Shreve & Leahy Mercantile company expects to get against the company. A suit it has commenced against it.

Persons who can take ordinary pills find it a pleasure to take Dr. Williams' Pink Pills. They are the best little pills ever made. Dr. Williams' Pink Pills, and Chamberlain's Stomach and Liver Tablets, are the best.

From the Hillsboro Advocate.  
Mr. and Mrs. W. H. Bucher returned from a trip to Santa Fe City and San Francisco.  
Rev. P. Jos. Inaudi has resigned the Hughes residence and will make Hillsboro his headquarters which is also the headquarters of the parish.

Mr. Gray returned from a visit to his old home at Dundee, Scotland. During his thirty years' absence he found conditions greatly changed.

The Las Animas Gold-Copper Mining company, which was organized in 1890, has purchased the Williams mine. Capital, \$1,000,000; shares, 1,000,000. The mine is located in the Williams district, and is one of the best in the territory. The company is now working on the mine, and expects to produce a large amount of gold and copper.

## Pale and Weak Women

Beauty and strength in women vanish early in life because of monthly pain or some menstrual irregularity. Many suffer silently and see their best gifts fade away.

Lydia E. Pinkham's Vegetable Compound

helps women preserve roundness of form and freshness of face because it makes their entire female organism healthy. It carries women safely through the various natural crises and is the safeguard of woman's health.

The truth about this great medicine is told in the letters from women being published in this paper constantly.

## SYRUP OF FIGS

NEVER IMITATED QUALITY.

An Excellent Combination.

The pleasant and beneficial effects of the well known remedy, Syrup of Figs, manufactured by the California Fig Syrup Co., illustrate the principle of obtaining the fluid laxative principle of plants known to be medicinal, laxative and purgative, in the form of a pleasant and palatable syrup, which is the one perfect strengthening laxative, cleansing the system effectively, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its action on the bowels, liver and stomach, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from other fruits and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get the best effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

## HEART FAILURE

Every day adds to the list of deaths attributed to heart failure. If the truth were told the bulk of these deaths might be written down as due to stomach failure. For it is in the failure of the stomach and other organs of digestion and nutrition, that "weak heart," "weak lungs," "weak nerves" and other forms of physical deterioration having their beginning. The man whose stomach is sound, who can digest and assimilate the food he eats, and who keeps each organ of the body well nourished, is the man who is least liable to collapse under the sudden weakness of some vital organ.

The preservation of health which follows the use of Dr. Pierce's Golden Medical Discovery, is chiefly due to the fact that it perfectly and permanently cures diseases of the stomach and organs of digestion and nutrition, purifies the blood and increases the blood supply of the body. Weak people find in this medicine a sure means of strength.

"I was under doctors' care for quite a time," says a man who has been cured by Dr. Pierce's Golden Medical Discovery. "I had almost given up, and was weak, breath short, and had severe pains in my back and legs. Had palpitation of heart, and for days could not sleep. After taking a few bottles of Dr. Pierce's Golden Medical Discovery, I was able to sleep, and the pains were gone. I was a well man."
