VENEZUELA REVOLT

Another Uprising in the Little Republic.

Cullom Will Be Senator from Illinois.

Nebraska Legislature Deadlocked Over Election of Senators.

REVISING POSTAL LAWS.

(Washington, Jan. 17.—The only advice over night from Venezuela was a short message from Minister Loomis indicating that the revolt which had broken out in the barracks at Caracas, had been suppressed last Monday. By this time the rebellion probably is starting from La Guayra for Guano, about 75 miles up San Juan river in a northerly in Venezuela, and the point of shipment for asphalt of the Bermudez company.

Such information as has reached here goes to show that while our efforts to straighten out complications with Venezuela are much embarrassed by the growth of the revolutionary movement or movements, for there are really two yet the issue is being made directly with Venezuela as represented by the defunct President Castro. It is gathered that it is his agents who are threatening to seize the arms of the New York and Bermudez company's employees, which movement the rebellion is to prevent if she can reach the point of trouble in time. The aspect is regarded unpromising for speedy settlement and the case will require to be handled with great delicacy in order to avoid any open rupture.

Cullom for Senator.
Springfield, Ill., Jan. 17.—Former Governor John R. Tanner, withdrew from the senatorial race to-day at noon. A moment later the announcement was made that Cannon, Hitt and Prince had also withdrawn and that Cullom would have no opposition in the caucus to-night.

HONORS FOR QUAY

Pennsylvania Senator Has His Day.

Boers Concentrate in Force in the Transvaal.

Stewart Hotel, St. Louis, Burned and Several Injured.

DEAD LOCK IN DELAWARE.

Washington, Jan. 17.—Matthew Stanley Quay, re-elected yesterday senator from Pennsylvania, to-day presented himself at the bar of the senate and took the oath of office. The galleries were thronged by a gay and brilliant assemblage. Scores of Quay's friends, personal and political, had come from all parts of Pennsylvania to witness the final scene of the great contest. Not in the history of the senate has a single senator been the recipient of such a profusion of flowers. Flowers came to the capitol literally by the wagon loads and it was found impossible to display all of them in the senate chamber.

When Quay entered applause swept over the crowded galleries. Penrose presented Quay's credentials and requested that the oath of office be administered. No objection was offered. Before taking the oath Quay shook hands cordially with Frye.

The president pro tempore announced to the galleries that no applause was permitted under the rules. Thus, no demonstration occurred when Quay had taken the oath. After he signed the roll he was overwhelmed with congratulations.

A bill to provide for ports of entry and delivery, in the Hawaiian islands was reported by Hanna from the committee on commerce and passed.

Three hundred Boers entered Aberdeen on Saturday, looted stores and retired on the arrival of one hundred British infantry.

Stewart Hotel, St. Louis, Burned and Several Guests Injured.

St. Louis, Jan. 17.—Two persons were seriously injured, 35 others slightly hurt, as a result of a fire that burned Stewart hotel, a two story frame structure to-day. Blake, master bridge builders of the Washburn railway system, were burned about the face, hands and feet. None injured will die. Many received injuries by jumping from windows. Carr saved his wife by wrapping her in wet blankets and leaping from the window. Loss about \$10,000.

BIG COPPER SUIT!

Arizona Mining Company in Litigation.

Coal Famine Imminent in Colorado.

Bloody Riot and Several Killed in a Kentucky Town.

VESSEL RESCUED OFF ROCKS.

Newark, N. J., Jan. 17.—Charges have been made against John A. Qualey, New York, in a suit instituted in chancery by William J. Duane, Edward W. Osgood, of New York, and David S. Greenough, Boston, as directors of the Arizona Copper Smelting company of New Jersey, a corporation capitalized at \$1,000,000. The second suit, in which the contesting parties and interests at issue are practically identical, has been brought in the same court by John P. Kane & Co., of New York, against the United States Carbonate company.

In the suit against the copper company of which Qualey is president, complainants seek accounting for certain funds, which they say were diverted by the president from their proper use. In the bill it is said that Greenough paid Qualey \$15,000 for the purpose of paying the company's debts in Arizona in developing its property. After depositing this sum in the Seventh National bank of New York, it is said that Qualey drew out and used the whole or a large part for other purposes.

Quickly Cures Colds
 Neglected colds always lead
 to something serious. They
 run into chronic bronchitis
 which pulls down your general
 health; or they end in genuine
 consumption with all its uncer-
 tain results.

Ayer's Cherry Pectoral
 just as soon as you begin to
 cough. A few doses will cure
 you then. But it cures old
 colds, too, only it takes a little
 more time. We refer to such
 diseases as bronchitis, asthma,
 whooping-cough, consumption,
 and hard winter coughs.

Mrs. Pinkham
 The one thing that qual-
 ifies a person to give ad-
 vice on any subject is
 experience - experience
 creates knowledge.

**No other person has so
 wide an experience with
 female ills nor such a
 record of success as
 Mrs. Pinkham has had.**

**Over a hundred thou-
 sand cases come before
 her each year. Some per-
 sonally, others by mail.
 And this has been going
 on for 20 years, day after
 day and day after day.**

**Twenty years of con-
 stant success - think of
 the knowledge thus
 gained! Surely women
 are wise in seeking ad-
 vice from a woman with
 such an experience, es-
 pecially when it is free.**

**If you are ill get a bottle
 of Lydia E. Pinkham's
 Vegetable Compound at
 once - then write Mrs.
 Pinkham, Lynn, Mass.**

**This song, which is sung on both
 continents, Mr. Hayden stated to a Times
 reporter last night, took him long
 time to write. He is in charge of one
 of the carnival attractions.**

**Your Best Work
 Cannot be done unless you have good
 health. You cannot have good health
 without pure blood. You may have
 pure blood by taking Hood's Sarsaparil.**
