ern prince, will abandon the safe path of neutrality,

Deafness Cannot Be Cured

by local application, as they cannot reach the damaged portion of the ear. There is only one way to cure deafness, and that is by medication at the source of the trouble. Deafness is caused by an infection of the middle ear, and the only way to reach the source of the trouble is by the use of the Deafness Cure. This medicine is applied to the ear, and it reaches the source of the trouble. It is a powerful medicine, and it is the only one that can cure deafness. It is a powerful medicine, and it is the only one that can cure deafness. It is a powerful medicine, and it is the only one that can cure deafness.

Deafness Cure, 25¢ per bottle. Sold by Druggists. Take Daily. Do not stop.

NAME OF ONCE FAMOUS ACTRESS IS HONORED

Hall of Fame Electors of New York University Vote for Charlotte Cushman, Premier Tragedienne.

New York, Oct. 6.—Charlotte Cushman, one of the first American actresses to achieve international fame, has been elected to the Hall of Fame by the electors of New York University.

With the name of the actress, who through the leadership of her father, became a singer and later the most prominent woman of her time upon the stage, were chosen the names of Daniel Boone, Christopher Columbus, and Elias Howe, inventor of the sewing machine.

The list follows:
Mark Hopkins, educator.
Francis Pickens, historian.
Elias Howe, inventor.
Joseph Henry, scientist, investigator in electro-magnetic induction, and first secretary of the Smithsonian Institution.

Charlotte Cushman, actress.
Rufus Choate, advocate and orator.
Daniel Boone, founder of Booneborough in the Kentucky tract as a defense against the Indians.
Thirty-seven electors voted, naming them being a division of businessmen, including James J. Hill, Robert H. Gary, John W. Aldrich, Meyer T. Herrick, former ambassador to France, and Robert R. Brookings of St. Louis.

BIDS OPENED FOR SIX NEW DESTROYERS

Washington, Oct. 6.—Bids opened by the navy department today for six torpedo boat destroyers, numbers 81 to 86, brought proposals ranging from \$255,000 to \$312,000.

The lowest was \$255,000 each for three thirty-knot vessels submitted by William Cramp & Sons, Philadelphia. \$17,330 each for the additional four electric gun destroyers.

Congress fixed the maximum cost of the boats, exclusive of guns and armor, at \$225,000.

What's New in New Mexico

OTERO COUNTY CRIMINAL DOCKETS BEING CLEARED

No Funds Available for Grand or Petit Juries but Judge Medier Manages to Keep Things Going.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)
Alamogordo, N. M., Oct. 6.—The regular term of the district court was convened in Alamogordo yesterday, Judge Edward L. Medier presiding, but with no grand or petit juries in attendance. Though there is no money in the court fund for petit juries, the criminal dockets are being pretty well cleaned up, and all civil cases that can be disposed of will be marked off the docket. Five prisoners, who were held in the county jail, unable to make bond, to await the action of the grand jury, have entered pleas of guilty. Carmelo Mace, charged with breaking jail at Tularosa, where he had been locked up on a charge of stealing a saddle, was sentenced to serve one year to a year and a half in the penitentiary. Domingo Gutierrez, charged with making an assault with a beer bottle at Tularosa, was sentenced to serve one year to two years in the penitentiary and to pay the costs of the prosecution. On account of the man's family the court said the sentence would be suspended during good behavior. Jose Montoya, charged with flourishing and discharging a pistol in the lower end of Alamogordo, was sentenced to serve ninety days in jail and to pay the costs of the prosecution. Juan Gutierrez, charged with an assault with intent to kill, was discharged for the reason that all the witnesses have disappeared, so that there could be no indictment or conviction.

Pena Guilty to Murder.
Crescencio Pena, charged with the murder of a sheep herder near the Mesquero Indian reservation on May 25, 1914, said he desired to enter a plea of guilty to murder in the second degree. After the crime was committed, Pena made good his escape and remained at large until about two months ago, when he was arrested by deputy sheriffs in Socorro county. When questioned yesterday by the court as to whether or not he had killed him, Pena declared he had not, that he had simply turned the dead man over on his face and waited on him. He said he had done this because he was very angry. Judge Medier withheld sentence in this case until some time today, in order to secure further information in regard to the facts of the killing. It is expected that two young boys, who several months ago burglarized the warehouse of R. H. Dierce, in Alamogordo, will today enter a plea of guilty and have their case dismissed.

Nolle Prosser Entered.
In the matter of an indictment against Stonebreaker & Zee, charged with shipping cattle from New Mexico without inspection, a fine of \$100 and the costs of the case were entered against the former and the case rolled against the latter. On report and recommendation of Dr. Jesse G. Holmes, county health officer, Mrs. Sarah J. Watson was adjudged insane and ordered committed to the asylum for the insane of Las Vegas. She was once before sent to the asylum but for some reason released. The officers in attendance at this term are R. K. Harrington, district attorney; Charles E. Thomas, county clerk; James Hunter, sheriff; J. Benson Newell, reporter; Cesaris S. Pedregon, interpreter.

Stole Horses, Charge.
East Las Vegas, N. M., Oct. 6.—Having in his custody Eufrencia Buelos and Pablo Archibueque, Constable Ramon Chibarrri arrived in Las Vegas Tuesday morning after an all-night trip to the mountains, thirty miles from here to arrest the pair, who are accused of stealing the horses of Teodoro Pena of Las Dispensas. Buelos and Archibueque are believed to belong to an organized gang of horse thieves.

Gold Dust makes pans look so new that they gleam as mirrors do.

GOLD DUST, the active cleaner, is inexpensive. Use the amount the directions on the package tell you to use, dissolved in water. It cleans pots and pans and everything from kitchen utensils to the finest woodwork, without scratching or marring.

Follow the simple directions on every package of Gold Dust.

COLUMBUS OIL FIELD ATTRACTS AN EXPERT

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)
Deming, N. M., Oct. 6.—J. R. Osborne, formerly of Columbus, New Mexico, but now a resident of southern California, is visiting towns in this state, and his view of the Columbus oil field is interesting, because of his wide experience in California and other places. Mr. Osborne has been engaged in the oil drilling business a large part of his life, and expresses himself as quite confident of a successful field being developed at Columbus. He took some of the samples of oil from Columbus to California, and the Californians pronounced the sample submitted as a very satisfactory grade of oil, and they were very much enthused at the prospect of a field of such quality likely to be opened in New Mexico.

Five-barrel Well Desirable.
Mr. Osborne made the statement that if but a five-barrel well of such quality could be opened up, it would make things look mighty good for Columbus. This is better than the people there expected, for if they have a field at all, the wells will no doubt yield more than five barrels and of the grade it is, if the Columbus people get as much as fifty-barrel wells, such production will be much sought after. If the present hole at 400 feet were drilled for an oil well and the water saved off, it would yield greater than five barrels in all probability.

Mr. Osborne's views, in face of his oil experience in other places as well as California, are worthy of consideration and his belief that the Columbus field will develop into a profitable one in the near future is shared by many men of like experience.

Mechanic Arrested.
Malvey Miller, one of the mechanics employed at the Park garage, was arrested Monday by the deputy sheriff of Douglas, Ark., upon Miller's former wife's complaint of non-support of his children. The deputy sheriff left Monday night with Miller for Arizona.

Sympathy is expressed for the mechanic, his friends believing Mr. Miller's failure to support his children was due rather to his inability through sickness than his intentional neglect, and they claim Malvey Miller has been ill a greater part of the time since he reached Deming and some of the time confined to his bed.

Land Being Sold.
Robert P. Ervin, state land commissioner, and Mrs. Evelyn F. W. Parker, justice of the state supreme court, and Mrs. Parker, and Frederick Mueller of the state land office, reached Deming Monday.

The sale of approximately 12,000 acres of state land began at 10 o'clock Tuesday morning at the Luma county court house, and the visitors came to attend this sale. The minimum price of this land is \$2 an acre and there seems to be little competition, so the greater part of the land will probably be sold at that price.

There is great interest in the sale locally on account of the number of persons who have turned in their homestead and desert entries to be designated as state land on which they can find and secure a deed from the state.

The greater part of the land offered for sale is suitable for grazing only, with a few scattered tracts of value for reclamation which lie near Deming. The tracts will be offered separately.

The land officials held a sale of state land at Silver City, Wednesday, at which 100,000 acres of grazing land was sold.

The next sale of state land in Deming will be held some time in the spring.

Valley Farmers to Build.
The Farmers Valley Farmers' association will build a warehouse on railroad boulevard near the creamery, where truckage facilities can be obtained, under the direction of the board of directors.

The building is to be fifty by eighty feet, to be built of adobe, laid in mortar and plastered. The floor will be concrete, the building to be fireproof and fireproofed. That the farmers may put up their teams when they come to town, a feed yard will be installed in connection with the warehouse. Part of the land on the station of the association across the tracks is to be given to the warehouse.

It is the intention of the association to handle such supplies as seeds, special ration for dairy cows, etc., buying in car lots and selling to the members practically at cost.

The finances of the association are in excellent shape, enabling it to put up the warehouse without borrowing money.

The new warehouse will benefit the members of the association by having storage facilities for crops that must not be left out in the weather and which must be held for a favorable market. Money can be loaned on warehouse receipts, which enables the farmers to realize on their crops while holding for favorable markets. This building has long been planned, and now it is assured.

Directors Coming to Fair.
East Las Vegas, N. M., Oct. 6.—Because Secretary LeNair and several of the members of the board of directors of the Las Vegas Commercial club will attend the state fair in Albuquerque, the annual meeting of the stockholders and members of the club has been postponed from October 12 to October 18. At the annual meeting always occurs the election of officers.

Masonic Reunion in Las Vegas.
East Las Vegas, N. M., Oct. 6.—Members of Las Vegas Masonic lodges who no longer reside here are invited to return to attend the second annual "home coming banquet" of Chapman lodge No. 2. The affair will be held on the evening of October 21. An interesting program and an elaborate menu are being prepared by the committee in charge.

ANCIENT LEGAL SQUABBLE TAKES ANOTHER TURN

Contractor Who Built Lincoln County Court House and Jail in Carrizozo Is Awarded Damages.

(SPECIAL DISPATCH TO MORNING JOURNAL.)
Clovis, N. M., Oct. 6.—The case of Ben Bechtel against the sureties on injunction bond, a case growing out of the removal of the county seat of Lincoln county from Lincoln to Carrizozo in the fall of 1909, went to trial here on September 25 in the Curry county district court. The case went to the jury at noon yesterday and a verdict was returned at 5:20 last evening, awarding the plaintiff damages in the sum of \$13,700.

In 1909 the Carrizozo townsite people succeeded in having an election called for the purpose of voting on the question of removing the county seat from Lincoln, where it had been located ever since the county was organized, to Carrizozo. There are some who insist that the motive of the Carrizozo townsite people was not altogether honorable; that they, having town lots to sell in Carrizozo, were actuated by mercenary motives in desiring the county seat moved there. As that as it may, the election was held, Carrizozo won by a majority of about 15, and the county seat was loaded up and carted over to Carrizozo.

Having gotten the seat of the county government, it then became necessary to have a court house and jail in Carrizozo. So in the spring of 1910 the county commissioners of Lincoln county issued bonds which they had a right to do under the laws to the amount of \$28,000. Plans and specifications for the court house and jail were drawn up, bids were advertised for, and on March 8, 1910, the contract was awarded to Ben Bechtel, now a resident of Curry county, for \$28,000.

Lincoln People Object.
Shortly after the awarding of the contract to Bechtel, the people on the east side of the mountains, or in other words, the Lincoln adherents, instituted suit warrants proceedings, for the purpose of testing the validity of the election held the previous fall, and on October 10, 1910, in aid of that quo warranto proceeding, the people of the same section of the county instituted injunction proceedings to restrain the county commissioners from proceeding with the work of constructing the court house and jail at Carrizozo. At this time the court house was about one-half completed. The injunction was served on the commissioners, but not on the contractor. At that time there was due the contractor, upon the architect's estimate, about \$5,000, which the county commissioners were unable to pay on account of having been enjoined. Thereupon Bechtel quit work on his own accord and continued to lay off of the work until the quo warranto case had gone to the supreme court of the United States and had been decided adverse to the people of Lincoln as the county seat.

Upon the rendition of that decision by the supreme court of the United States the injunction suit was dismissed in February, 1911.

In that injunction suit two injunction bonds were given, conditioned for the payment of all damages resulting from delay in the work of construction caused by the injunction. In March, 1912, after the dissolution of the injunction, Bechtel, the contractor, resumed work and completed the building at Carrizozo in September of that year.

Bechtel Settles With Board.
In January, 1914, Bechtel made final settlement with the board of county commissioners. Thereafter he instituted suit for damages against the sureties on both injunction bonds, claiming damages in the aggregate of \$15,000. Simultaneously he filed a damage suit against the county commissioners of Lincoln county, claiming \$13,700 damages on account of the delay which he alleges was caused by the issuance of the injunction, although, as stated, he was never enjoined.

At the trial here the amount of damages claimed by Bechtel narrowed down to about \$14,700.

The injunction bonds ran in favor of the county commissioners and not in favor of the contractor. The defense claimed that the contractor was not legally entitled to bring suit against the sureties for the reason last given, and for the further reason that inasmuch as he was not enjoined the injunction did not cause him to suspend work. They further contended that the moment the county commissioners failed to pay the architect's estimate the contractor could have declared a breach of his contract, and brought suit to recover judgment against the county for the balance due under the contract. They further contended that the contractor failed to exercise that diligence of ordinary care and caution necessary to guard against the damages which he claims, by reason of which fact he was not entitled to recover.

The case was vigorously contested and all of the numerous legal questions involved were threshed out before Judge John T. McClure.

In the original complaint filed by plaintiff appears an allegation that had the work of construction proceeded to completion without interruption he would have made a profit of \$8,000 on his contract.

Lincoln County War.
The old county seat of Lincoln, by the way, has been the scene of many exciting events of historical interest. It was the scene of what is known as the Lincoln county war, which was waged with great bitterness for approximately two years, during which time many of the early and hardy pio-

neers of that section of the state became involved and many of them lost their lives. The war was not ended by a proclamation of belated amnesty issued by the president of the United States at the time General Lew Wallace was appointed suit case to New Mexico as governor, with extraordinary powers. He personally took charge of the soldiers at Fort Stanton, near Lincoln, and remained open the ground for a considerable length of time. The noted Billy the Kid, who was afterwards killed by Pat Garrett, figured prominently in the war, and Hon. George B. Barker, one of the counsel of the defense in the case referred to, was a resident of the town of Lincoln before, during and after the war in question. The narrative of the exciting scenes during that period is of thrilling interest.

FLOTATION PLANT FOR PINOS ALTOS

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)
Santa Fe, Oct. 6.—A proposed dividend of \$2.50 with an 800,000 dividend of \$1 making a total of \$3.50 per share, has just been declared by the Pinos Altos and company. The quarterly dividend before that amounted to \$1.00.

A concentration and flotation plant together with a sampling and assay office, is to be built at Pinos Altos, Grant county, by Oscar Long of Illinois. The ore of the Pinos Altos district are complex and carry copper, zinc, lead, silver and gold.

Frederick Kohlmeier and Charles Hume have purchased a strip of all claims fourteen miles north of Clovis, in the McIntire or Cook's Peak range, on the eastern slope of Cook's Peak, where the mines are being worked and in older times the district was a heavy lead-silver producer.

The Santa Fe, Gold and Copper company at San Pedro produced in August 288,288 pounds of copper, while the output of \$37,577 pounds the past three months yielded a profit of \$74,139. The waste from the smelter at San Pedro is shipped to the Atlantic Smelting and Refining plant at Omaha. Ore coming from Pinos Altos to the smelter has been developed in the mine, but the revenue has been only 2.5 per cent copper, although some of the ore runs \$1.50 gold. The mining cost is only \$1.15 per ton and the smelting cost \$2.75 per ton.

TO IMPROVE ROAD SOUTH OF SANTA FE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.)
Santa Fe, Oct. 6.—Chairman Arthur Seligman of the county road board, will pay \$1,200 to \$1,500 on the road from Santa Fe to Carrizozo, Madrid and San Pedro. He had available some \$420 road tax paid by the Carrizozo district last year and has the promise of co-operation of George Kaseman at Madrid and of R. J. Burke of San Pedro, who will get in about \$1,000 more of road tax in those two camps. George H. Van Stone, secretary of the chamber of commerce, assisted by Arthur Seligman, has collected \$294 toward the \$520 Santa Fe contribution toward the expense of marketing the \$500,000 road bonds issue, so that Santa Fe county may receive its quota of something like \$15,000 for road work at an early date. Seligman expects to start in a few days on the 40-mile drive trip from Santa Fe to Carrizozo, Madrid, San Pedro, the Park and the Rio Grande and back to Santa Fe. He has been a long time of the trip and will most careful not of the improvements in the road and also deterioration.

POSTOFFICE RECEIPTS AT SANTA FE INCREASE
(SPECIAL DISPATCH TO MORNING JOURNAL.)
Santa Fe, Oct. 6.—An increase of eight per cent in one year is the record of the postoffice receipts during the quarter ending September 30. In that time the local postoffice had receipts of \$2,122.12 as against \$1,975.15 last year. The principal increase has been in second-class postage, from \$122.28 to \$247.34, in the third and fourth-class matter from \$1,106.68 to \$2,096.82, and in box letters from \$224 to \$249.20, according to the quarterly statement sent to Postmaster James L. Schuman, at Washington, D. C., tonight.

Mourner's Class Leaders.
Mountain, N. M., Oct. 6.—The first month of school closed with Lora Bolton leading the high school classes. Bolton, Brunner leads the eighth grade, Carl Cooper the seventh, Mildred Shaffer the sixth, Mary Collier the fifth, Viola Cooper the fourth, Edna Supplver the third, Allen Stinson the second, and May Dyer the first grade. Chester Rowland and G. Williams are recent additions to the high school, and the classes in elementary and Latin are making splendid progress.

Eight hundred yards of hard rock were a lot to put into the new high school building, but it will stand for ages.

The new arrangement, which makes the Willard and Mountain churches under one pastor, seems to please all.

Santa Rosa Wins Win.
East Las Vegas, N. M., Oct. 6.—Judge David J. Louie, who arrived home today from Santa Rosa, announced that he had decided the Santa Rosa local option contest case in favor of the wet.

The drys contended that a number of votes were cast illegally in the election, which was held in August, 1914, and which declared the people's will that Santa Rosa remain wet. Judge Louie found that sufficient votes to change the result of the election had not been proved illegal.

Wiles Called to Colorado.
Santa Fe, Oct. 6.—Assistant Traveling Auditor and Mrs. Wiles were called to Colorado today by the critical illness of Mrs. Wiles' mother, who visited here recently.

Tax Levy Reduced.
Santa Fe, Oct. 6.—Auditor W. G. Sargent today sent out a correction to boards of county commissioners on the levy for the cattle sanitary fund, reducing it from 3 1/2 to 1/2 mill.

Connecting the Towns

A town without adequate local telephone service is handicapped in the promotion of local commercial and social activities.

Likewise, without Long Distance connections, it suffers a severe handicap in its commercial and social relations with other communities.

Every business community is entitled to this modern and popular means of transmitting intelligence.

In the very nature of our business, and under our charter obligations, it is the duty of this company to afford facilities for Long Distance communication, so far as our ability may permit.

We must do this, notwithstanding that the towns are often separated by rugged mountain ranges, and the cost of construction and maintenance is enormous.

And every town connected helps to round out our system, thus adding to the value of the service.

The Mountain States Telephone & Telegraph Co.

JOIN THE THOUSANDS

of stockholders in THE MOUNTAIN STATES TELEPHONE AND TELEGRAPH COMPANY, and put your savings into a high grade investment.

We will sell you one share at a time or we will sell you a larger number. Shares pay 7 per cent per year on par value of \$100 each.

Price and full particulars will be given you in response to a letter addressed to us at 432-438 Gas & Electric Building, Denver, Colorado.

Boettcher, Porter & Company

M. W. BROWNE MAYOR OF SOCORRO IN 80'S

(SPECIAL DISPATCH TO MORNING JOURNAL.)
East Las Vegas, N. M., Oct. 6.—Mildred W. Browne, who died here Monday night at the age of 80 years, was the first mayor of the incorporated city of Socorro. In the early sixties Mr. Browne was connected with the building business in Socorro and also with Browne, Hargreaves and company, of which later he became the head. In the days when Socorro was a frontier town, he was the first person to build a house for the people who were coming to the city, and when the so-called Americans showed interest in the so-called Mexicans, Mr. Browne was instrumental in helping them to understand and appreciate the difference between the two races. He came to Las Vegas in 1883.

and had resided here since the time of the Knights of Pythias of New Mexico, had been in several cities in the southwest. Recently it was said to Socorro, N. M., Oct. 6.—Both Legs Fractured.

East Las Vegas, N. M., Oct. 6.—Alvin W. Brown, who formerly resided in Socorro, N. M., and who was a member of the board of regents of the New Mexico Normal university, died here Sunday night of a heart attack. He was a post state chancellor formerly lived here.

THE MORE THOUGHT OF A HEATER SHOULD SUGGEST

COLE'S

AIR TIGHT---HOT BLAST Heaters

—a heater in which the fire is not out from Fall until Spring. A Heater that gives even, steady heat day and night. A Heater that will not puff, and is the most easily kept clean. A Heater that will save you time and money in greatly reduced fuel bills.

We are exclusive agents for the COLE LINE OF HEATERS and carry a full stock at prices that will save you money.

BOOSTERS BUILD UP FRIENDSHIP FOR DUKE CITY

Excursion to Roswell Attains End. Declare Returning Members of Party; Many Remain for Time.

The delegation of Albuquerque and Roswell boosters who went to Roswell on a special car Monday night or on Saturday morning, returned to Albuquerque today, according to the members of the party who returned to this city last night.

The members of the delegation who returned were Dr. David R. Boyd, Miss Nordhaus, Clark M. Carr, Will White, Walter H. Booth, Tom Egan, Frank Harris, Mr. Mun, Peter Cameron, Dr. R. P. Snyder and James Romero. A considerable number of the party will stay here this morning, the returning members said, while practically all will have returned by tomorrow night.

Trip a Success.

Clark M. Carr, president of the Commercial club, declared the excursion had been a complete success.

"These people over there," Mr. Carr said, "now are convinced that Albuquerque is something more than beautiful but empty wastes. The excursion succeeded in stirring up the best sort of feeling toward this city and to rekindle the Roswell boosters are coming to the fair in force. Also, they are going to send a goodly number of the best exhibits from their fair."

The excursion was a success from every point of view. We accomplished what we set out to do; we got the exhibits we wanted; we all had a fine time.

Roswell's Welcome Warm.

The automobile people, with a large number of Roswell citizens, met us at the train with a band. They were addresses of welcome by Dr. A. F. O'Neil and Judge G. A. Richardson and a response by the Rev. Dr. Schuler. Then we marched uptown. We made a picnic like no people, all right. If there were any Roswell people who did not know we were there and did not greet us cordially, we failed to hear of them.

Max Nordhaus, who accompanied the returning party as far as Willard, stopped off there for a brief business visit.

Tax Rate Is Fixed.

Santa Fe, Oct. 6.—A tax rate of 22 mills within the city and 15 mills in the rural districts of Santa Fe county has been fixed by the board of county commissioners. This means a substantial reduction in taxes paid by those who have been returning their property heavily in the past, while for a few whose assessments have been raised, of course, the taxes will be higher. In the tax rate is included a levy for a \$15,000 addition to the semi high school building.

Held Under Bond.

Santa Fe, Oct. 6.—United States Commissioner M. T. Dunphy today held Amante Martinez and Mariano Cordova under \$500 bond, on the charge of stealing a mare and calf from Juan Cruz, an Indian, at San Juan pueblo. The accused waived examination.

Reports of an auto accident at Los Corrales reached this city yesterday evening but could not be confirmed or denied. It was reported that two men were injured in the affair.

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

Draw a Moist Cloth Through Hair and Double Its Beauty at Once.

Save Your Hair! Dandruff Disappears and Hair Stops Coming Out.

Immediate! Yes! Certain—that's the joy of it. Your hair becomes light, wavy, thick, abundant and appears as soft, glossy and beautiful as a young girl's after an application of Dandruff. Also try this—moisten a cloth with a little Dandruff and carefully draw it through your hair, using one small strand at a time. This will cleanse the hair of dirt, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Dandruff dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp.

Dandruff is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exfoliating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful. You can surely have pretty, charming, lustrous hair, and have it, if you will not get a 25-cent bottle of Dandruff. Dandruff from any drug store or toilet counter and try it as directed.

Wireless Telephony 4,600 Miles and Men Who Discovered Method

THEODORE N. VAIL, TALKING FROM NEW YORK TO SEATTLE. UN BETHELL, JOHN J. CARTY, DR. FRANK B. JEWETT, BANCROFT GIERARDI.

The most important scientific discovery of nearly 4,000 miles. This map shows the shortest line between these points. Experiments in telephoning across the Atlantic have been made, but have not yet proved successful. The telephone officials said only conditions due to the war have made this discovery possible. Mr. Bethell, the vice president, has been hard at work on it, while Mr. Carty, the chief engineer, has been giving most of his time to the subject. Dr. Jewett of the Western Electric company and Mr. Gierardi of the telephone company have done most of the experimental work.

SPEAKERS URGE BIG LAND GRANT BY GOVERNMENT

Feasibility of National Aid to Drainage, School and Road Projects Discussed at Cattlemen's Convention.

(SPECIAL DISPATCH TO MORNING JOURNAL)

Roswell, N. M., Oct. 6.—The grand jury of ten million acres of land to the United States government to New Mexico was urged to speakers at the organization of the Southwestern New Mexico Cattlemen's association tonight, the proceeds of the sale of this land by the state to be used for schools, drainage and roads.

Governor McDonald, H. J. Hagerman, Judge G. A. Richardson and James A. French were speakers. They thought such a grant feasible and possible.

The association elected C. C. Tanner, president; W. Walker, first vice president; H. M. Dow, secretary; R. F. Ballard, treasurer. The directors, in addition to the president and vice presidents are H. J. Hagerman, H. M. Dow, Lige Mayhew, G. B. Armstrong, John W. Rhea and C. L. Ballard.

TESTIMONY ALL IN IN DEMPWOLF'S SUIT AGAINST BACHECHI

The district court yesterday concluded the hearing of testimony in the suit brought by Theodore Dempwolf against A. Bachechi for \$2,000 to compensate for an alleged assault by Bachechi.

Bachechi himself was the last witness. He testified that Dempwolf had attacked him as he was going out of the door of Dempwolf's restaurant on South Second street and had followed him down the street, striking at him at every opportunity. Bachechi said he could see in Dempwolf's eye that he was not quite himself, so he "had lots of patience with him."

Dempwolf was brought here from the penitentiary at Santa Fe, where he is serving a sentence for kidnapping, to attend the suit. Judge W. V. Hancock, who defended him at the spring term of court, at which he was convicted of kidnapping his own child and taking it away with him, though the infant had awarded the custody of the infant to the mother when a divorce decree had been signed, yesterday appeared for Bachechi.

CLAIMS BICYCLE HE WAS ARRESTED FOR HAVING WAS PRESENT

C. Oliphant, a lad of 16 years, was arrested for having a stolen bicycle in his possession yesterday. He told the police the old man about having it given to him. Oliphant said the machine was broken when he got it and that he had fixed it.

There was so much corroborative evidence for his story that he was released to produce in police court this morning the man who had fixed the wheel.

TAXI DRIVER MIXES WITH MOTORCYCLIST

A taxi owned by E. C. Chavez yesterday afternoon at 3 o'clock flared in a collision with a motorcycle ridden by an unknown man at Third street and Central avenue. The damages sustained by the motorcyclist, consisting of a badly bruised and cut face, and those which the motorcycle underwent were adjusted by the parties most interested and the police took no cognizance of the affair.

DIRECTORS OF THE FIREWORKS DISPLAY AT FAIR ARRIVE

W. H. Wilson, proprietor of the Los Angeles Fireworks company, accompanied by Joseph Lawley and Peter Steenie, assistants, arrived yesterday from Los Angeles to make final arrangements for the pyrotechnical display at the state fair next week. The Los Angeles men were met here in the Santa Fe station by W. T. McCright, superintendent of fireworks for the fair. During the day Mr. McCright piloted Mr. Wilson and his assistants on a reconnaissance trip about the fair grounds, sites being selected for the erection of the various illumination features. The bulk of the fireworks to be displayed next week are on the ground. The Wilson-McCright proposition promises a most colorful pyrotechnical program and the people are assured of spectacular entertainment on various nights of fair week.

SEND FENTON TO THE COUNTY JAIL TODAY?

A. B. Fenton, jailed Sunday night for a breach of the peace in a downtown restaurant, who tried to get out of the city prison Tuesday night and got caught on the way for doing so, will be sent to the county jail today. Police officers stated they believed he was temporarily unbalanced and that they thought he might be confined somewhere else than in the city jail, but the ordinary rule of "out" and "in" was followed.

It was expected they would see Justice of the Peace George H. Craig to issue a commitment to the county instead of the city jail today.

The police believe Fenton's outbreak Tuesday night was instigated by other prisoners, who expected to profit by his assault on Sergeant Ed Donahue to make their own getaway.

Fenton, who has been employed by a local engineer, created such a disturbance Sunday morning at his home on South Fifth street that his neighbors appealed to the police. His sisters, with whom he lives, feared that he would take revenge on them if arrested and not only declined to make a complaint but persuaded others not to enter one.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is sign you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overloads the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lumpy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's uric acid waste, else you have backache, sick headache, dizzy spells, your stomach aches, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water needs and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

WANTED—Clean cotton rag at the Journal office.

BREAKFAST FOOD GEO. E. PHAIR

A FEW WEEKS HENCE.

The carter tells the knell of parting day. The White Sox fans would swiftly to leave the car.

But oftentimes they linger on the way. And pause to look an elbow on the bar.

"We lost a lot of coin on them," they say. "All year they acted much like bush league dubs."

All year they played as three-eye leaguers play. But they can always beat those golden Cubs."

It was in the midst of the month of October. Rip Van Winkle had awakened from his slumber. "What's the news?" he asked a passer-by. "The White Sox beat the Cubs," was the reply. "Young man," answered Rip, "I studied ancient history years ago. Once more I ask you: What's the news?"

Charles Murphy went down to Davenport to look at a ball game. Eddie Mulligan, a Davenport athlete, signed a contract with the Cubs. Mr. Murphy, as we have often said before, is not connected with the Cubs.

Mexico is about to construct a speedway, possibly in order to train its soldiers.

Bill Ryan sings while he is umpiring. Possibilities that is why no man athletes are inclined to swing his bat.

To be a successful umpire one must possess a keen sense of humor. One of our great umpires was humorist. Take, for instance, Hank O'Day, one of the greatest umpires who ever was allowed at large. Following is the scenario: DRAMATIS PERSONAE.

Oscar Hip... A scribe. Hank O'Day... A umpire.

SCENE. Cub Park at Approximately 2:15 p. m.

ACT I. Oscar Hip—Hello, Hank. How are you? Hank O'Day—Whadda YOU care?

CURTAIN.

Jackey McFarland, game guy that he is, decided to cut a time fighting. He has discovered that the public has a few dollars left.

"Hello, Zim," said an umpire, rubbing his sore head. "Is one of the greatest slugs in baseball."

When informed that Charles W. Murphy was doing scout duty for the Cubs, Frank L. Chance remarked: "He's a good old scout. Y-ow-ho-ho!"

As we were writing the above paragraph Sam Hoot, the world famous sporting editor, climbed a chair beside our desk and turned on the electric fan.

"What's the matter, Sam?" we asked. "Too much hot air?" "Not yet," he replied, "but Barney Lieberman is likely to blow around to-night."

HOE! HOE! HOE!

"DLOUGH, ID, Sept. 16.—Because he is impressed with the natural fighting ability displayed by Tyrus Cobb, a promising young middleweight, Charles Luttrell, the Chicago wrestler, has announced that he will fight Cobb in the fine points of the boxing game."

HERE IS ANOTHER.

DETROIT, Mich., Sept. 16.—Because he is impressed with the natural fighting ability displayed by Tyrus Cobb, a promising young middleweight, Charles Luttrell, the Chicago wrestler, has announced that he will fight Cobb in the fine points of the boxing game."

Eddie Murphy is one of the greatest walkers in baseball. He walks so fast that he is almost as often as Helene Zim walks to the clubhouse.

The Sox, we are told, have given up their designs on first place. All of which shows that the Sox have sense.

Cleveland has become enthusiastic over amateur baseball. If you have watched the Indians you scarcely can blame Cleveland.

A baseball porpie tells us that Helene Zim earns \$24 per day. What does he mean earn?

CONNIE MACK.

He hunted them up and enrolled them. And volumes of baseball he told them; He well understood.

When the going was good. And when it got rocky he sold them.

You may miss opportunities daily if you do not read Journal, week after.

A. H. S.-MENAU GAME SATURDAY IS TO OPEN LOCAL PIGSKIN SEASON

The Albuquerque football season will be ushered in Saturday when the Albuquerque high school and Menaul school teams, prep school rivals of old, meet on the Roswell field gridiron.

Both teams are putting in over a year of preparation with this week in preparation for the Saturday afternoon game and local football enthusiasts are looking forward to a duplication of the closely contested play of former A. H. S.-Menaul games.

JEWISH PEOPLE AN ENIGMA SAYS FELDMAN

The fourth lecture of the series being delivered at the Presbyterian church by Dr. Julius Feldman, a Christian Jew of St. Paul, Minn., is to be given tonight at 7:45 p. m. The subject of the lecture for this evening is "What the World owes to the Jew."

Dr. Feldman has a thorough knowledge of the history of his people and seems to be filled with a fervent love for that race which God has chosen as peculiarly His own. The Jew is an untold enigma among the nations of the world. Scattered among all nations, speaking all tongues, without a country at present and even without a common language, this is a nation as is no other. Notwithstanding all the centuries of persecution, of wholesale massacres, of almost incredible privations, this have preserved an unity, and are today as numerous as they were in their palmy days. Dr. Feldman contends that God has preserved them for the fulfilling of His plans, and in accordance with prophecy they shall yet be the leading nation of the world. All who have heard Dr. Feldman have a greater admiration for the Jews than they have had before.

Dr. Feldman's lectures will undoubtedly remove prejudices from Gentile minds against the much misunderstood Jews, and will open the eyes of the Jews to the fact that in this Christianity is the completion and fulfillment of the religion revealed by God Himself, according to those in charge of the action of actions.

Automobile Runs Into Arroyo.

East Las Vegas, N. M., Oct. 6.—Sheriff Roman Callahan of San Miguel county went over a fifteen foot embankment into an arroyo with his auto Monday afternoon when the steering gear of the machine broke. The officer was unhurt, though the machine was damaged to the extent of a crushed wheel. The accident occurred on the Hot Springs boulevard where a Ford car upset a few weeks ago badly injuring the occupants.

E. P. Ripley Has Birthday.

Santa Fe, Oct. 6.—Beautifully engaged invitations to the twentieth birthday anniversary celebration of President E. P. Ripley of the Santa Fe system, at the Blackstone hotel, Chicago, on October 19, are out and one was received today by Col. Ralph E. Twitchell, one of the veteran members of the system's staff. A banquet will be given by the directors and officers of the railroad at that occasion.

A Remedy For All Pain

"The efficiency of any drug," says Dr. C. P. Robbins, "is known by the results we obtain from its use. If we are able to cure pain and disease by means of our preparation, we certainly are warranted in its use. One of the principal symptoms of all diseases is pain, and this is what the patient most often applies to us for. Is something to relieve his pain. If we can arrest this promptly, the patient is most likely to be cured. For the other remedies which will select a permanent cure. Our remedy, which I have used largely in my practice is Anti-kamnia Tablets. Many and varied are their uses. I have put them to the test on many occasions, and have never been disappointed. For headache of a neuritic origin, and especially for women subject to spasmodic certain times. Two Anti-kamnia Tablets give prompt relief and in a short time the patient is able to go about as usual." These tablets may be obtained at all drug stores. Ask for A. K. Tablets. They are also unsuited for headache, neuralgia and all pains.

TWO DAMAGE SUITS AGAINST THE SANTA FE

(BY MORNING JOURNAL SPECIAL WRITER)

El Paso, Tex., Oct. 6.—The Santa Fe railway was today defended in two personal injury suits in the city of El Paso. The suits were brought by two men who claimed to have been injured by the railway. The suits were brought by two men who claimed to have been injured by the railway. The suits were brought by two men who claimed to have been injured by the railway.

Local Option Orders.

Santa Fe, Oct. 6.—The local option campaign of the Santa Fe railway was today defended in two personal injury suits in the city of El Paso. The suits were brought by two men who claimed to have been injured by the railway. The suits were brought by two men who claimed to have been injured by the railway.

Thirty Years a Million.

Santa Fe, Oct. 6.—Miss Anna Hughes yesterday celebrated the thirtieth anniversary of her opening a millinery store on the plaza. But few businesses in Santa Fe are older, although the Seligman brothers store celebrates its thirtieth anniversary this month.

Fifteen Club to Meet.

Santa Fe, Oct. 6.—The Fifteen Club will on Friday at its meeting at the home of Mrs. W. H. Pope on East Palace avenue, observe the birthday anniversary of James Whitcomb Riley, by each member giving a quotation from his works. Mrs. Pope will read a paper on the California excursions.

To Celebrate Apple Day.

Santa Fe, Oct. 6.—Santa Fe, together with the rest of the world, will celebrate Apple day on October 19. The apple crop in the Santa Fe valley is the most beautiful in its history.

Red Cross Work Discontinued.

Mesa, Ariz., Oct. 6.—Charles J. O'Connor, representative in the Mexican capital of the American Red Cross, has received telegraphic instructions from Washington to close the Red Cross station here and to leave the country.

Red Cross Headquarters at West.

London declares relief work to be no longer necessary in Mexico City. Dr. O'Connor and his staff expect to leave the capital within a few days.

Coughs and Colds Not to Be Neglected

Anyone will realize the seriousness of neglecting a cold if he observes results of such neglect among his acquaintances. How often have you heard, "He caught cold, didn't do anything for it and it turned into—then some dread disease it came."

TOO LATE TO CLASSIFY.

WANTED—Scribbler, either sex. Home work, liberal commission on manuscripts. For particulars address Box 25, care Journal.

WANTED—Woman for general housework. 407 East Grand. Phone 122.

WANTED—For book at Dorringer. Bowling alley.

WANTED—Competent colored woman to do cooking and general housework. Apply 1815 West Thirteenth. Phone 219.

PROF. SALE—A choice residence for sale. A 100-foot corner in a 100-foot lot. For particulars call 224 East 10th.

This Man Tells FREE How He Was Cured of Catarrh

It is a well known fact that catarrh of the bladder is a very common disease. It is a disease which is often cured by the use of the medicine known as "Catarrh Cure." This medicine is sold by all druggists and is a very effective remedy for this disease.

I Am Free—You Can Be Free

My catarrh of the bladder was cured by the use of the medicine known as "Catarrh Cure." This medicine is sold by all druggists and is a very effective remedy for this disease.

Risk Just One Cent

My catarrh of the bladder was cured by the use of the medicine known as "Catarrh Cure." This medicine is sold by all druggists and is a very effective remedy for this disease.

Safe Home Treatment for Objectionable Hairs

The electric method is not required for the removal of hair. In fact, with the use of the cream, the most objectionable growths will be quickly removed. A cream is made with water and a little of the powder, then spread over the hairy surface. In about 2 minutes it is washed off and the skin is left smooth. This simple treatment not only removes the hair, but leaves the skin free from blemishes. Be sure you get genuine Delanor.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggy and thin, have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful. It dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

VALUES CRUMBLE UNDER PRESSURE OF NEW POLICY

Influence of Stock Exchange Exerted Against Reckless Trading in War Stocks; Effect Seen Immediately.

(By Morning Journal Special Leased Wire.) New York, Oct. 6.—Several important factors contributed substantially to the crumbling of quoted values today, chief of these being the policy of conservatism adopted by the stock exchange against further reckless trading in the war stocks. The effect of this new attitude, was most noticeable in those specialties whose recent gyrations had made remedial action necessary.

Liquidation of the war issues attended proportions fully as large as the buying which attended the recent rise. Weakness was most pronounced at midday and in the final hour, the list reflecting little actual support, except at marked concessions. It is significant that much of today's liquidation came from commission or "wire" houses, particularly those having western connections. That part of the country was conspicuous in the recent spectacular advances and it is assumed that it has suffered correspondingly in the severe declines.

Rolls of 1 to 2 points were recovered just before the close. Total sales of 1,568,000 shares, compared with the most active sessions of the previous week, when prices were on an ascending scale. Among the extreme losses of the session were Crutcher Steel, down 10 1/2 to 7 1/2; Baldwin Locomotive 12 to 10 1/2; General Motors 19 to 17 1/2; Westinghouse Electric 7 to 6 1/2; American Car & Foundry 10 to 9 1/2; United States Steel 11 1/2 to 11; Colorado Fuel & Iron 14 1/2 to 14; Continental Can 5 1/2 to 5 1/4.

Bethlehem Steel was a shining exception to others of its class, rising to the new high record of 49 1/2, and closing at that figure, a net gain of 1 1/2 points. The preferred stock lost 3 points.

Bonds followed the course of stocks but copper convertible issues were being strong. Total sales par value aggregated \$4,425,000.

United States bonds were unchanged on call.

Closing prices were as follows:

CHICAGO BOARD OF TRADE.

Chicago, Oct. 6.—Big buying orders from Wall Street forced an unusually sharp advance today in the wheat market here. The commodity was on an excited edge at virtually the top prices reached, 8 1/2 to 7 1/2 net higher with December at \$1.09 and May at \$1.07 1/2. Corn gained 1 1/2 to 1 1/4, and oats 1 to 1 1/4 to 1 1/2 to 1 1/4. In provisions the outcome varied from 5¢ decline to a rise of 12 1/2¢.

Heavy profit taking on the bulge in the wheat market resulted in a lively setback to prices, but the downturn was not of a lasting sort. A fresh wave of buying, especially in the final quarter of an hour, brought about greater advances than before. Some of the gain was due to reports that owing to excessive moisture the spring crop was beginning to sprout in the shock and might develop a seriously lowered condition paralleling the widespread harm done in the winter wheat belt.

Frost damage throughout Illinois and Iowa gave independent strength to corn. The wheat bulge, though, counted also decidedly against the bears. Trade in oats broadened out in consequence of the enhanced demand for other cereals. Provisions continued their recent sweeping upturn.

Wheat—Dec., \$1.06; May, \$1.07 1/2. Corn—Dec., 56 1/2; May, 53 1/2. Oats—Dec., 47 1/2; May, 45 1/2. Pork—Dec., \$14.46; Jan., \$14.12. Lard—Nov., \$9.17; Jan., \$9.52. Hogs—Oct., \$9.20; Jan., \$9.55.

KANSAS CITY BOARD OF TRADE.

Kansas City, Oct. 6.—Wheat—No. 2 hard, \$1.08 1/2; No. 2 red, \$1.07 1/2. Corn—No. 2 mixed, \$1.02 1/2. Oats—No. 2 mixed, \$1.02 1/2. Lard—Nov., \$9.17; Jan., \$9.52. Hogs—Oct., \$9.20; Jan., \$9.55.

NEW YORK METAL MARKET.

New York, Oct. 6.—Copper steady, electrolytic, \$18.20. Iron—Steady and unchanged. Metal exchange quotes (in strong), \$2.75 to \$2.85.
