# NASTY WEATHER FAILS TO SPOIL SUCCESS OF FAIR ON OPENING DAY

Stands Filled With Enthusiastic Boosters as Parade Marches Down Race Track at Traction Park.

## GOVERNOR McDONALD URGES CO-OPERATION

Brilliant Assemblage Hears Notable Speeches From Public Men and Everybody at Grounds Has Good Time.

The weather man did his worst yesterday, and yet he failed to spoil the success of the biggest and best state fair ever given in New Mexico.

Along during the morning there was intermittent drizzle. Just as the parade was starting to the fairgrounds the wind began to blow. A little wind is nothing out of the ordinary in Albuquerque and nobody paid any particular attention to it. This wind, however, was about six months out of schedule. It was one that was due last April and had been delayed on its way. It blew, and it blew, and it blew.

In spite of the drizzle and the wind, the grandstand at the park was filled to overflowing when the parade passed down the race track, and cheering cheers were given as the colors of the New Mexico Military Institute, in their spick-and-span uniforms and the companies of the national guard, marched with military precision in front of the spectators.

There was a notable assemblage of officials in the boxes until the sudden wind drove them to the second floor of the grandstand. Governor McDonald, Senator Thomas B. Catron, Congressman B. C. Hernandez, Secretary of State Antonio Lucero, Justice R. H. Hanna, State Superintendent of Public Instruction Alvin S. White, and many other distinguished citizens watched the parade with the most enthusiastic interest.

The speeches were brief and to the point, emphasizing the necessity for unity of action in the interest of New Mexico by the people of every section of the state. Governor McDonald was compelled to compete with a football game and had some trouble in being heard by the throngs in the wings, particularly when a touchdown was made by Roswell.

Co-operation, the need of it and what it means to New Mexico and how the state fair is adding to bring it about, was the theme of a brief but very interesting address by Governor William C. McDonald yesterday, in which he declared the biggest exposition formally opened.

The weather was touched upon by the governor, but as he used it only to point the moral that a slight reverse or a partially unfavorable condition was beneficial through causing appreciation of perfection, nobody cared. The governor said he considered it a duty to the state to attend the fair as well as an obligation on his part to President Hoover for the state fair commission for its work in organizing and preparing the exposition.

Governor "Speaks for All"

The governor, after stating that united effort was the key to the state, said that it would bring them together in friendship and good feeling and enable them to accomplish greater achievements, read the following extract from a letter from an Albuquerque friend:

"You can speak for all of us and tell us what we need very much to know, namely that we MUST work together and out all this petty selfishness and stand together to build up this state to a position to which it is entitled and which it has never before had."

Narrowness Always a Failure.

No great success has ever resulted from furthering narrow views and selfish interests for personal preference," the governor continued, "and not considered in connection with the general good. All along from the beginning of our history and from time immemorial, and according to traditions upon which our civilization is founded, the individual has had to subordinate to a certain extent his personal preferences for the good of his fellow men in order to accomplish anything permanent and lasting for any and all."

"Our Christian civilization is founded upon the greatest sacrifice ever

## THE WEATHER

### WEATHER FORECAST.

Washington, Oct. 11.—New Mexico: Tuesday fair in west, rain in east portion; Wednesday fair, warmer north portion.

### LOCAL WEATHER REPORT.

For twenty-four hours, ending at 6 p. m. yesterday: Maximum temperature, 72 degrees; minimum, 41 degrees; range, 31 degrees; at 6 p. m., 42 degrees; northwest winds, partly cloudy.

made for man, and those who attempt to follow in the footsteps of him who made this supreme sacrifice, should never forget that that sacrifice was necessary, that it might endow the world with a better future.

"We have learned that to accomplish anything important for ourselves we must have consideration for others. Frequently temporary advantage gained by doubtful means and methods, lead to failure and disaster in attempting to obtain the results that we personally so much desire."

"In our daily lives at home, in our schools, in business and in government, it is absolutely necessary that we take into consideration the well-being of those around us, and have regard for the differences of temperament, training, opportunity and locality in order to reach an understanding, working together to obtain what is not possible by individual effort. By conceiving something at times to our neighbor we may have his support and co-operation in obtaining some thing that he has been doing, but if we will consider for a moment the strides that have been made along all lines of human endeavor in the last fifty years, I think you will fully realize and understand that there is far more to be done in the future than has ever been done in the past."

### Future Greater Than Past.

"In looking over the accomplishments of the past it may seem to you almost that what has been done, but if you will consider for a moment the strides that have been made along all lines of human endeavor in the last fifty years, I think you will fully realize and understand that there is far more to be done in the future than has ever been done in the past."

### Prize for Putney.

"This is a real New Mexico state fair. It is the people's fair, it is your fair, it is mine, and it is yours. It is a fair for the people of every section of the state, and the whole state well done, and particularly to the fair boys and the men to whose loyalty, energy and ability the result is chiefly due, well done and faithful servants of the state. The faith and confidence of our people in you will be your reward."

### Senator Catron Speaks.

At the conclusion of Governor McDonald's address, Senator Putney, ex-Governor of New Mexico, and Senator Thomas B. Catron, who never was in better form, and better form. He spoke of the greatness of New Mexico in area and the sparseness of the population. He said this state had about one-half the area of Germany, but that Germany's population of about sixty millions, New Mexico has barely four hundred thousand. Considering the fact of millions of acres of arid lands in this state, he said he was firmly convinced that New Mexico is capable, through intensive cultivation, of maintaining a population of full fifteen millions, and urged that the thing to do was to develop efficiency, through scientific cultivation of the soil and the opening and development of the mines to their utmost capacity.

To accomplish the development of the latent possibilities of New Mexico, he said, required the hearty co-operation of the people of every section of the state and the use to its full of the spirit which binds together the people and mobilized the resources of the state at the fair which had just been opened.

### Kittles Make Big Hit.

An all-out day on the strenuousness of the football game, which began about the time that Senator Catron tried to begin and had forced the senator to retire from the contest, the Kittles' band gave a concert immediately after the football game, and the Kittles made a big impression that they made on the big crowd in the stands. It was getting cool, and under ordinary circumstances the crowd would have been in a hurry to get home and make themselves comfortable, but the Kittles held them as by a charm. Director

# PHILLIES' HOPE CONFRONTED IN DRAMATIC CRISIS BY BIG BATTER

With Fleet Hooper at Second Alexander the Great Passes Speaker in Last Half of Ninth.

## HUB DWELLERS WILLING TO GIVE BIG ODDS NOW

More Than 40,000 Witness Third Game of World's Series and First to Be Played in Red Sox Town.

(By Morning Journal Special Staff Writer.) Boston, Oct. 11.—The big batter faced the big pitcher at a crucial moment of the world's series, between the Philadelphia Nationals and the Boston Americans today—and the pitcher declined the challenge. It was in the thrilling last half of the ninth inning. The score of the third game of the world's series was a tie, 1-1.

Harry Hooper, first of foot, was on second base with only one out, when the Red Sox pitcher, Walter Johnson, stepped to the plate and turned a determined face toward Grover Cleveland Alexander, the fighting hope of the Phillies, who was in the worst plight of his pitching career.

### Thousands Call to Lewis.

This put the issue squarely up to Alexander, the lanky giant of the Sox, to either win or lose. He faced him with more confidence. The yelling of the crowd and the strain of striving to wave off defeat seemed momentarily to tell on the pitcher, however, and he had difficulty in finding the plate.

### Senator Catron Speaks.

At the conclusion of Governor McDonald's address, Senator Putney, ex-Governor of New Mexico, and Senator Thomas B. Catron, who never was in better form, and better form. He spoke of the greatness of New Mexico in area and the sparseness of the population. He said this state had about one-half the area of Germany, but that Germany's population of about sixty millions, New Mexico has barely four hundred thousand. Considering the fact of millions of acres of arid lands in this state, he said he was firmly convinced that New Mexico is capable, through intensive cultivation, of maintaining a population of full fifteen millions, and urged that the thing to do was to develop efficiency, through scientific cultivation of the soil and the opening and development of the mines to their utmost capacity.

## ADVISORY BOARD TO TAX LEAGUE TO MEET FRIDAY

E. V. James Selected as Expert to Supervise Activity of Revenue Board; Governor Co-operates.

Following the meeting of the New Mexico Taxpayers' association executive committee and officers yesterday, it was announced that the advisory board of the association would meet Friday morning at 9 o'clock. The association had employed E. V. James as its expert, the engagement to continue for a year and that the governor had extended his active cooperation to the association and would aid it in its future enterprises.

The league, it was stated by President Herbert J. Hagerman last night, would commence its work by making a canvass, through the expert of the financial affairs of the different branches of the community's government and supplying the results of its work to the state officers and the general public.

**Legal Difficulties.**  
At the meeting considerable discussion was devoted to the tax law enacted by the last legislature. It developed that the act was capable of several constructions. In fact, the act was quoted as ordering the proportionate reduction of certain taxes authorized by previous laws so that the total levy for county purposes would not exceed one mill. There was a question whether these reductions would be made on the same basis in each county and to overcome this objection the governor agreed to ask each county to send in its preliminary levy figures for comparison in Santa Fe.

**The Governor's Telegram.**  
In accordance with the plan the governor sent the following telegram to each county clerk:

"On account of the difficulties in construction of recent tax laws, no annual canvass will be held in making levies and before certifying same or making final order, send copy of levies, with full details, to the secretary, state tax commission, Santa Fe, for examination. Levies will be promptly returned for approval by proper authorities. Prompt action is necessary and may save much trouble in the future."

**W. C. McDONALD, "Governor."**  
The figures as obtained will be canvassed by the tax commission and possibly reductions will be indicated which will prevent any county carrying a larger burden than it should. The expert employed, Mr. James, formerly was connected with the Wisconsin tax commission for seven years but did a good deal of consulting work, some of it relating to New Mexico property. For the time he will make his headquarters in the capital, commencing the canvass already outlined.

Mr. Hagerman, G. A. Kaseman, of this city, and J. Van Houten, of Itasca, were appointed a committee on membership and have set their mark at 2,500 members.

**CADETS' TRAIN IS LATE IN ARRIVING FROM PECOS VALLEY**

The special train carrying the football cadets to the city which left Rockwell at 8 o'clock Sunday evening and was scheduled to make the run in about twelve hours, was two hours late in arriving yesterday, but the delay did not interfere with the cadets' getting into camp and settled down before the fair opened.

The cadets are housed in regular army tents and are maintaining strict army discipline. Col. W. Williams, commander of the military institute, is in charge of the camp, with the following officers on his staff:

Lieut. Col. W. S. Barlow, captain of the first company, retired military instructor; Maj. R. E. Fortney, commander of cadets; Maj. P. P. Spencer, adjutant; Capt. F. W. Thompson, quartermaster; Capt. H. A. Ingalls, surgeon; Capt. J. J. McClure and Capt. Saunders, tactical officers and aids to the commandant.

The cadets will drill every morning at the fair grounds and will perform the ceremony of guard mounting for the benefit of those attending the fair. Drills and other military exercises will be staged each afternoon.

The camp is named Camp Bell, in honor of Maj. Gen. J. Franklin Bell, who attended the institute highly on the occasion of its commencement here in 1908.

### U. N. M. GIRLS NAMED AS MAIDS OF HONOR TO THE FAIR QUEEN

The Woman's club, at the direction of the fair management, yesterday named the maids of honor for the queen of the fair. They are: Miss Louise Lawler, daughter of Mr. and Mrs. C. E. Lawler, 433 North High street; and Miss Alice Horner, daughter of Mrs. Alice Horner, 508 North Lincoln street. Both Miss Lawler and Miss Horner are students at the University of New Mexico.

## SHEEPMEN WILL ADOPT NEW PLAN OF MEMBERSHIP

Dues to Be Based Partially on Number of Head Owned, Is Recommendation of Resolutions Committee.

The New Mexico Wool Growers' association will adopt a new plan of membership, if it approves resolutions which it is understood will be presented to it at its second session today. The new plan calls for the abolition of the old \$10 apiece membership fee which it is said has caused few of the smaller sheep owners to join, and will substitute a \$5 fee, plus a charge of fifty cents a thousand for each thousand sheep, over 2,000, in the ownership of any member.

Changes in the membership of the executive committee also are to be recommended. It was stated at present this body consists of two men from each county, making fifty-two in all, but it is felt that a more and more active administration can be secured by a smaller committee. The probable number to be recommended is fifteen, though there are those who favor an even smaller body.

**Few Candidates for Office.**  
Little had been done last night in the way of selecting candidates for the different offices of the association. It appeared from what sheepmen said that it was anybody's race so far, though Charles Chadwick, of this city, was mentioned a few times as the probable next secretary.

The woolgrowers met yesterday at the Commercial club for their first session since 1913. The report of the secretary, urging changes in membership fees similar to those which it is understood are to be recommended, a resolution to the membership of the executive committee, laws for the benefit of the sheepmen, including that often-talked-of one providing that the association shall have a vote in electing the members of the sheep sanitary board, was presented.

**State Senators Seated.**  
The report taken occasion to state State Senators H. B. Holt and E. C. Chumpton for their opposition to bills the sheepmen wanted after it had been every day in the treasury getting out campaign literature for the republicans. The report continues: "We did not think it possible that any republican would vote against bills which were for our betterment. Therefore, I feel that it is the duty of all sheepmen to feel the need of every dollar in the treasury getting out campaign literature for the republicans."

President H. C. Abbott of Union county, W. E. Blanchard, of Archaia, H. O. Burson, of Socorro; Frank A. Hubbard, of Albuquerque; Ed Otero, of Los Lunas; Louis Alfaro, of Albuquerque; and Rufino Gallegos, president of the sheep sanitary board, were the speakers yesterday. Today United States senator T. B. Catron will be the chief speaker.

## COAST LINES TO HAVE TUBERCULAR HOSPITAL HERE

The Santa Fe coast line will have an annex to the Murphy sanatorium at the highlands for tubercular patients. Tuberculosis will be transferred from coast line hospitals to the Murphy sanatorium and hereafter all patients of this class will be sent there. Dr. E. C. Murphy is director of the sanatorium. Announcement of this plan was made yesterday.

The railway company will build several cottages and an annex to the sanatorium, work on which already has been begun.

### DESERT 'STUFF' TO BE TAKEN NEAR HERE BY SELIG COMPANY

The Selig company will make several pictures here this week. The scenes to be taken here are some in which desert setting is required and they will be taken on the volcanic west of here. High members of the company, besides Tom Mix, the director, are here. They rented a building in the south part of the city for a studio.

Bernard Schweizer, superintendent of the Fred Hunter Indian department, J. E. Breidfeld, assistant general advertising agent of the Santa Fe railway and an Esanay camera operator returned yesterday from Laguna and Acuma, where they took motion pictures of the pueblos. Yesterday pictures showing the great crowds were taken at the Santa Fe station.

### JOCKEY CARL GANZ PROBABLY FATALLY INJURED AT LATONIA

Latonia, Ky., Oct. 11.—Jockey Carl Ganz, of Louisville, Ky., was probably fatally injured at the Latonia race course here today following an accident in the first race of the day. As the horses rounded the dirt home turn there was a mix-up and two horses fell. When the dust had cleared away, Ganz was picked up in an unconscious condition and rushed to the hospital where he is reported to have little chance of recovery. He was reported to be one of the leading jockeys on the western tracks during the last several seasons.

### CHICAGO UNIVERSITY WINS FROM JAPANESE

Chicago, Oct. 11.—The University of Chicago baseball team defeated the University of Kelo team here today. The score was as follows: U. 11, K. 3. Score: Chicago.....8 U. 1 Kelo.....1 9 3

## GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause various ailments that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its effectiveness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it. Get Hood's Sarsaparilla today. Insist on having Hood's.

## BRITISH POUND TAKES ANOTHER DROP ON CHANGE

Method Must Be Devised to Bolster Up Credit and Additional Loan of \$250,000,000 Is Now Hinted At.

(BY ASSOCIATED PRESS SPECIAL LEADERS WIRE)

New York, Oct. 11.—Foreign exchange rates went down again today in the face of the successful flotation of the £100,000,000 credit loan to Great Britain and France. The lowest rate since September 12, so disappointing was the situation deemed that a three-hour meeting, attended by Wall street bankers and Sir Edward Holden, a member of the Anglo-French financial commission, was held here in the day of the National City bank for the reported purpose of devising some method to bolster the value of the British pound sterling.

Since the arrival of the commission here September 18, the trend of sterling values has been steadily, though slowly upward. For the past week sterling has been selling at about \$4.72, one day recently it went as high as a fraction above \$4.73. Today it sold down to \$4.67 1/4, almost two far below par to make continued buying of American exports desirable from the British point of view, in the opinion of some New York financiers. The meeting held today, it was reported, was primarily to reach an understanding as to the best available method of using the \$200,000,000 to stabilize exchange and also with a view to arranging a private agreement between New York bankers and London bankers on the other, for credits which would tend to send the value of sterling up in this foreign exchange market. A supplemental credit of \$250,000,000, it is said, was discussed.

## PHIL'S HOPE CONFRONTED IN DRAMATIC CRISIS BY BOSTON BATTER

(Continued From Page One)

The latter pitched wonderfully last Saturday, but has not had much success. Chalmers is an unknown quantity, but the chances tonight were that he would be the one to face the Sox tomorrow.

### DAWSON WRESTLER IS HERE; SEEKS MATCH WITH LOCAL GRAPPLER

Emil Domenik, the Dawson wrestler, rode here from Dawson yesterday on his motorcycle, covering the 225 miles between 6 o'clock yesterday morning and 6 o'clock last night. Domenik is on the way to California, where he will spend six weeks vacation. He will stay here several days.

### A MEDICINE OF MERIT

A proprietary medicine, like everything else that comes before the public, has to prove its merits. The law of the survival of the fittest applies in this field as in others. The reason for the tremendous success of Lydia E. Pinkham's Vegetable Compound is because it has been fulfilling a real human need for forty years, so that today thousands of American women owe their health and happiness to the marvelous power of this famous medicine, made from roots and herbs—nature's remedy for woman's ills.

## BANKING HELP THAT IS REAL

May be found in this institution. The young man starting in business finds it. So does the established merchant. The big concern comes here, too. None is too rich or too poor, too large or too small. All our customers find us really helpful. Interviews invited with our officers.

### FEDERAL GRAND JURY TO REMAIN AT WORK

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Santa Fe, Oct. 11.—The federal grand jury will remain in session until Thursday at least. Some eight cases had been prepared by the United States district attorney's office for submission and indictments are being returned daily since today a week ago.

### For Acid Stomachs Use Magnesia

Quickly Stops Sour Burning Feeling and Makes Digestion Painless.  
The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles, is due to the fact that it stops food fermentation and neutralizes the acid, the direct cause of nearly all stomach troubles. Of the many forms of magnesia such as oxides, citrates, carbonates, sulphates, etc., the most reliable and efficient, and the one prescribed by leading specialists is bisulphated magnesia, a teaspoonful of which in a little warm water immediately after eating will instantly neutralize the acid, stop fermentation, and thus ensure perfect and rapid digestion. Care should be taken to not bisulphated magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by druggists in convenient compressed tablets as well as in the ordinary powder form. Stomach troubles and dyspepsia which follow this plan and avoid the use of painful charcoal, soda water, drugs and medicines are invariably astonished to find that the stomach, relieved of the irritating acid and gas, soon regains its normal tone, and can do its work alone without the doubtful aid of artificial digestants.

# ROSWELL CADETS FEATURE OF THE ESCORT PARADE

Kilties, National Guard and  
Even the Governor Relegated  
to Second Place in Popu-  
lar Estimation.

The military parade, which escorted the governor and fair officials to the opening exercises yesterday, came as near living up to the scheduled starting time as anyone could desire. Marching John McDonald fulfilled his well-earned reputation as a parade organizer.

He got several of good admirers in line at the last minute and everything proceeded with the smoothness that only those who know the difficulties in arranging such parades can appreciate.

The Kilties, well named after their uniforms of Scottish plaids, were first to follow the mounted marshal and his two assistants. As an organization of trained musicians, the Scottish band deserve high praise and it will be little wonder if the byword for fair week becomes "Hoof Men."

Following the Highland laddies, a squad of the national guard filled a position in the uniformed ranks of the escorting procession. The Indian school band led the outfall from that institution. Both the boys in the band and those in the battalion worked hard and successfully to do their share in making the parade a success.

As an additional feature, the university musicians made a very creditable showing with their recently acquired uniforms, and were placed just ahead of the Roswell boys in order to follow out the old traditions of hospitality for the host to provide his guest in the need of entertainment. It seemed it was planned to save the big feature of the military parade until nearly the end. The New Mexico Military Institute boys put ginger in the military appearance of the procession and were by far the most interesting division of the escort. Even the smaller fellows trudged along with the soldier-like bearing of men old in the service. Each of the companies in which the cadets marched showed the effect of arduous training and the training that was heard from those who witnessed the parade was more than well-earned. Another point of the militia lads followed the Roswell boys in line.

Governor McDonald rode in the first of the escorted automobiles. He was accompanied by Vice President H. B. Bates of the fair commission. President R. E. Putney, as ever, modestly filled a seat in one of the several cars which followed, all containing state, county, city and fair officials or citizens who have taken a prominent part in making the fair a success.

Cadets Show Up Well.  
The Roswell cadets made a fine appearance on their way to the camp at the fair grounds yesterday. They got started on the march out shortly after 9 o'clock in the morning and those who were along the route taken by the soldiers were given a good treat. With the band striking a lively tune and the drum major bawling his baton in regular Sousa style, the cadets presented the appearance of all regulars as uniform was the line and step of each squad.

In regulation olive drab, no infantry company could have made a better impression for military training. Each man seemed to take particular pride in forcing his squad the most regular and erect, with the result that the whole outfit gave a fine exhibition of soldiery.

Duke's Remains Shipped.  
Santa Fe, Oct. 11.—The remains of the late F. C. Duke, former postmaster of Santa Fe, were this afternoon shipped to Pittsburgh, Pa., where his brother, Congressman Burke, is making the funeral arrangements. Interment will be at the old home near Pittsburgh.

Deafness Cannot Be Cured  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. The Deafness Cure is a scientific method of curing the ear. It is a scientific method of curing the ear. It is a scientific method of curing the ear.

# BOARD OF PHARMACY PROBES COMPLAINTS AGAINST DRUGGISTS

The state board of pharmacy began its session yesterday in the Law Library building, taking up the examination of seven candidates who presented themselves for registration. Questions in pharmacy, materia medica, chemistry, toxicology, physiology, together with anatomy and identification of poisons, must be successfully dealt with by those wishing to be registered by the board. Results of the examinations will be announced at the conclusion of the session tomorrow.

In addition to the examination of candidates the board has several complaints under advisement, and such as are deemed well founded will be referred to the district attorney's office of the various counties in which the matter arose.

# VARIETY OF RESOURCES DISPLAYED BY OTERO

Secretary Otto L. Tinklepaugh, of the Alamogordo Commercial club, and C. D. Miller, of Alamogordo, have managed to put the varied resources of Otero county before the visitors to the fair in a manner that could not have been exceeded for all-around attractiveness. Situated near the center of the big tent, the exhibit can be seen from every side, and from every side it attracts and holds the attention.

The wonderful crimson beds of Otero county, covering an area of 132,900 acres, are exemplified in a most striking manner by a display of the seeds from that section of the county and of the brick and other building material for which these sands are so useful. One from the Oro Grande section and the Sacramento mountains shows the abundant mineral wealth of the county. In fruit, also, Otero takes her stand with San Juan, Chuska and the other great fruit-growing counties of the state, and the big red apples piled up in profusion on the shelves of the exhibit made a most appealing sight.

From the Tulare section of the county, there have been gathered a collection of tender crops—potatoes, alfalfa, corn, Sudan grass and oats that cannot be surpassed in the state, a specimen of oats that grows from seventy-five to eighty bushels to the acre being especially attractive.

A big photograph showing a bird's-eye view of Alamogordo, the beautiful city with the big spreading trees and the prettiest park in the state, surmounts the exhibit and makes the visitor instinctively want to go and see the country where such beauty abounds and where such abundant crops are grown.

# SAN JUAN DETERMINED TO CATCH THAT WORM

San Juan county started out to be the early bird of the fair. Under the management of J. A. Allen, of Farmington, who has the exhibit in charge, this county was the first to get her wares on display, and as early as last Friday visitors to the fair grounds knew the San Juan was here with all its wares.

Not alone in promptness, however, is Mr. Allen to be praised as to the exhibit of which he is in charge. The display of fruit has never been equalled at any New Mexico state fair. The San Juan county apple is given a conspicuous place, and one's mouth fairly waters to see the great quantities of delicious fruit arranged in symmetrical rows for the inspection of the visitors to the fair. Other fruits are given proportionate prominence in the display, like lars of peaches, cherries, blackberries, raspberries, blueberries, plums and apricots making an unusually tempting display. Late cantaloupes and peaches are none the less attractive in the really remarkable exhibit that has been put together.

In the line of vegetables San Juan county comes forward with a splendid showing of both sweet and Irish potatoes, parsnips, pumpkins, sprouts, tomatoes, watermelons, beets, both sugar and table, corn of all varieties, beans, cabbage, cucumbers and peppers. In grain there is a magnificent display of grasses, timothy and red clover, while a profusion of wheat, oats and barley combine to complete the grain display. Specimens of coal and phosphates contained in the exhibit show that in minerals as well as in agriculture San Juan county is one of the richest in all New Mexico.

The exhibit is just to the left of the entrance in the county tent. The visitor cannot fail to see it and to be attracted by it.

# GRAND LODGE HEADS WILL BE ELECTED AT MEETING TODAY

The Masonic Grand Lodge held its opening meeting yesterday morning at 10 o'clock, and the grand officers met then also. At 1 o'clock the grand master read his address and the grand officers made their annual report. The committee on credentials also made a report. The election of officers will be held today.

The Grand Lodge sessions will cover three days in all. The subsequent part of the appointment officers and the installation of the new executives will take place tomorrow.

# UNLUCKY NIGHTS PARADE STREETS IN SHRINE CAGES

Thirty-eight Novices Are Put  
Through Preliminary Or-  
deals to Prepare Them for  
the Torture Chamber.

The Shrine's parade was a big feature of the opening day of the state fair. In fact it was the big hit of the downtown activities yesterday morning. Two big nobles—all Shriners according to common knowledge are nobles—were mounted on fiery steeds at the head of the procession, and their mounts planned to the tune of the Albuquerque Indian school band, which was next in line of the royal concourse. Then came the automobiles, most of them decorated with the noblest of decorations, and the noblest of nobles, Senator T. B. Catron, not being the least particular of those observed by the plebeians. At least no one can say that the Shriners are superstitious for they were just thirteen automobiles in line.

Following the phalanx in their shining propelled vehicles, the Pueblo Indians in Indian school band, prepared the way for a band of humble novices, mounted on the hands of animals, the far-famed "Topsy" monkey, a "Topsy" monkey, although only four in number, these men of high rank drew admiration from the common herd that saw the parade, on account of their goodly exhibition of democracy in their choice of their mounts. Still more astonishing, certain of the nobles even condescended to walk, but that is known to be the best way to display elegant dress and these patriots were dressed in the best of many hues and much fashion.

Captives in Cages.  
Like the triumphant armies of old, which always carried their captives in the march of victory, the Shriners had two cages mounted on wheels and many a great noble found himself placed behind the strong bars of steel. In all his humility he is openly carried through the city's streets as one restrained of that liberty so dear to the freedom of the realm, because he failed to appear at the temple in time. One cage contained novices. Even before the very eyes of the populace, such men of rank as Colonel Hopewell and Simon Stern were captured and doomed to share the cages with other novices, all of whom seemed content with their common fate. The fact that these nobles were contained with their lot appeared to them heroic since the following signs were seen in the hands of the captives: "Doughnuts, milk and butter for nobles," "No novices tonight," "Only water, to Allah!" and others of like purport. The Shriners, true to noble traditions, visibly showed themselves men of fine and noble breeding.

Class of Thirty-eight Initiated.  
Prior to the parade of yesterday, the Shrine's held a regular business session.

Last night a ceremonial session was held at 7 o'clock, at which the grade was conferred on a class of thirty-eight. By courtesy, John C. Belmont was elevated to Shrinehood for Butte, Montana. A banquet took place immediately following the initiations, at which Noble E. A. Watson, county treasurer of Lincoln county, and D. T. McQuillen have seen to it that the county which they represent should put her best foot forward, and the exhibit that they have gathered in the big tent makes a showing of which the people of the county may well be proud.

Variety in the exhibits of the Lincoln county exhibit. Some of the finest food in the west is on display, as well as specimens of tobacco, one of the most valuable of all minerals. The tungsten, as well as a fine showing of gold ore, comes from the rich White Oaks section of Lincoln county. In contrast to the ruggedness of the mineral display is the excellent showing of agricultural products, some of the largest and finest pumpkins, squash and other vegetables, spring wheat and a variety of fruit, consisting of peaches, pears, apples and grapes, are shown. The exhibit is most attractively arranged and was

# RICHES OF SAN MIGUEL ARE SHOWN AT A GLANCE

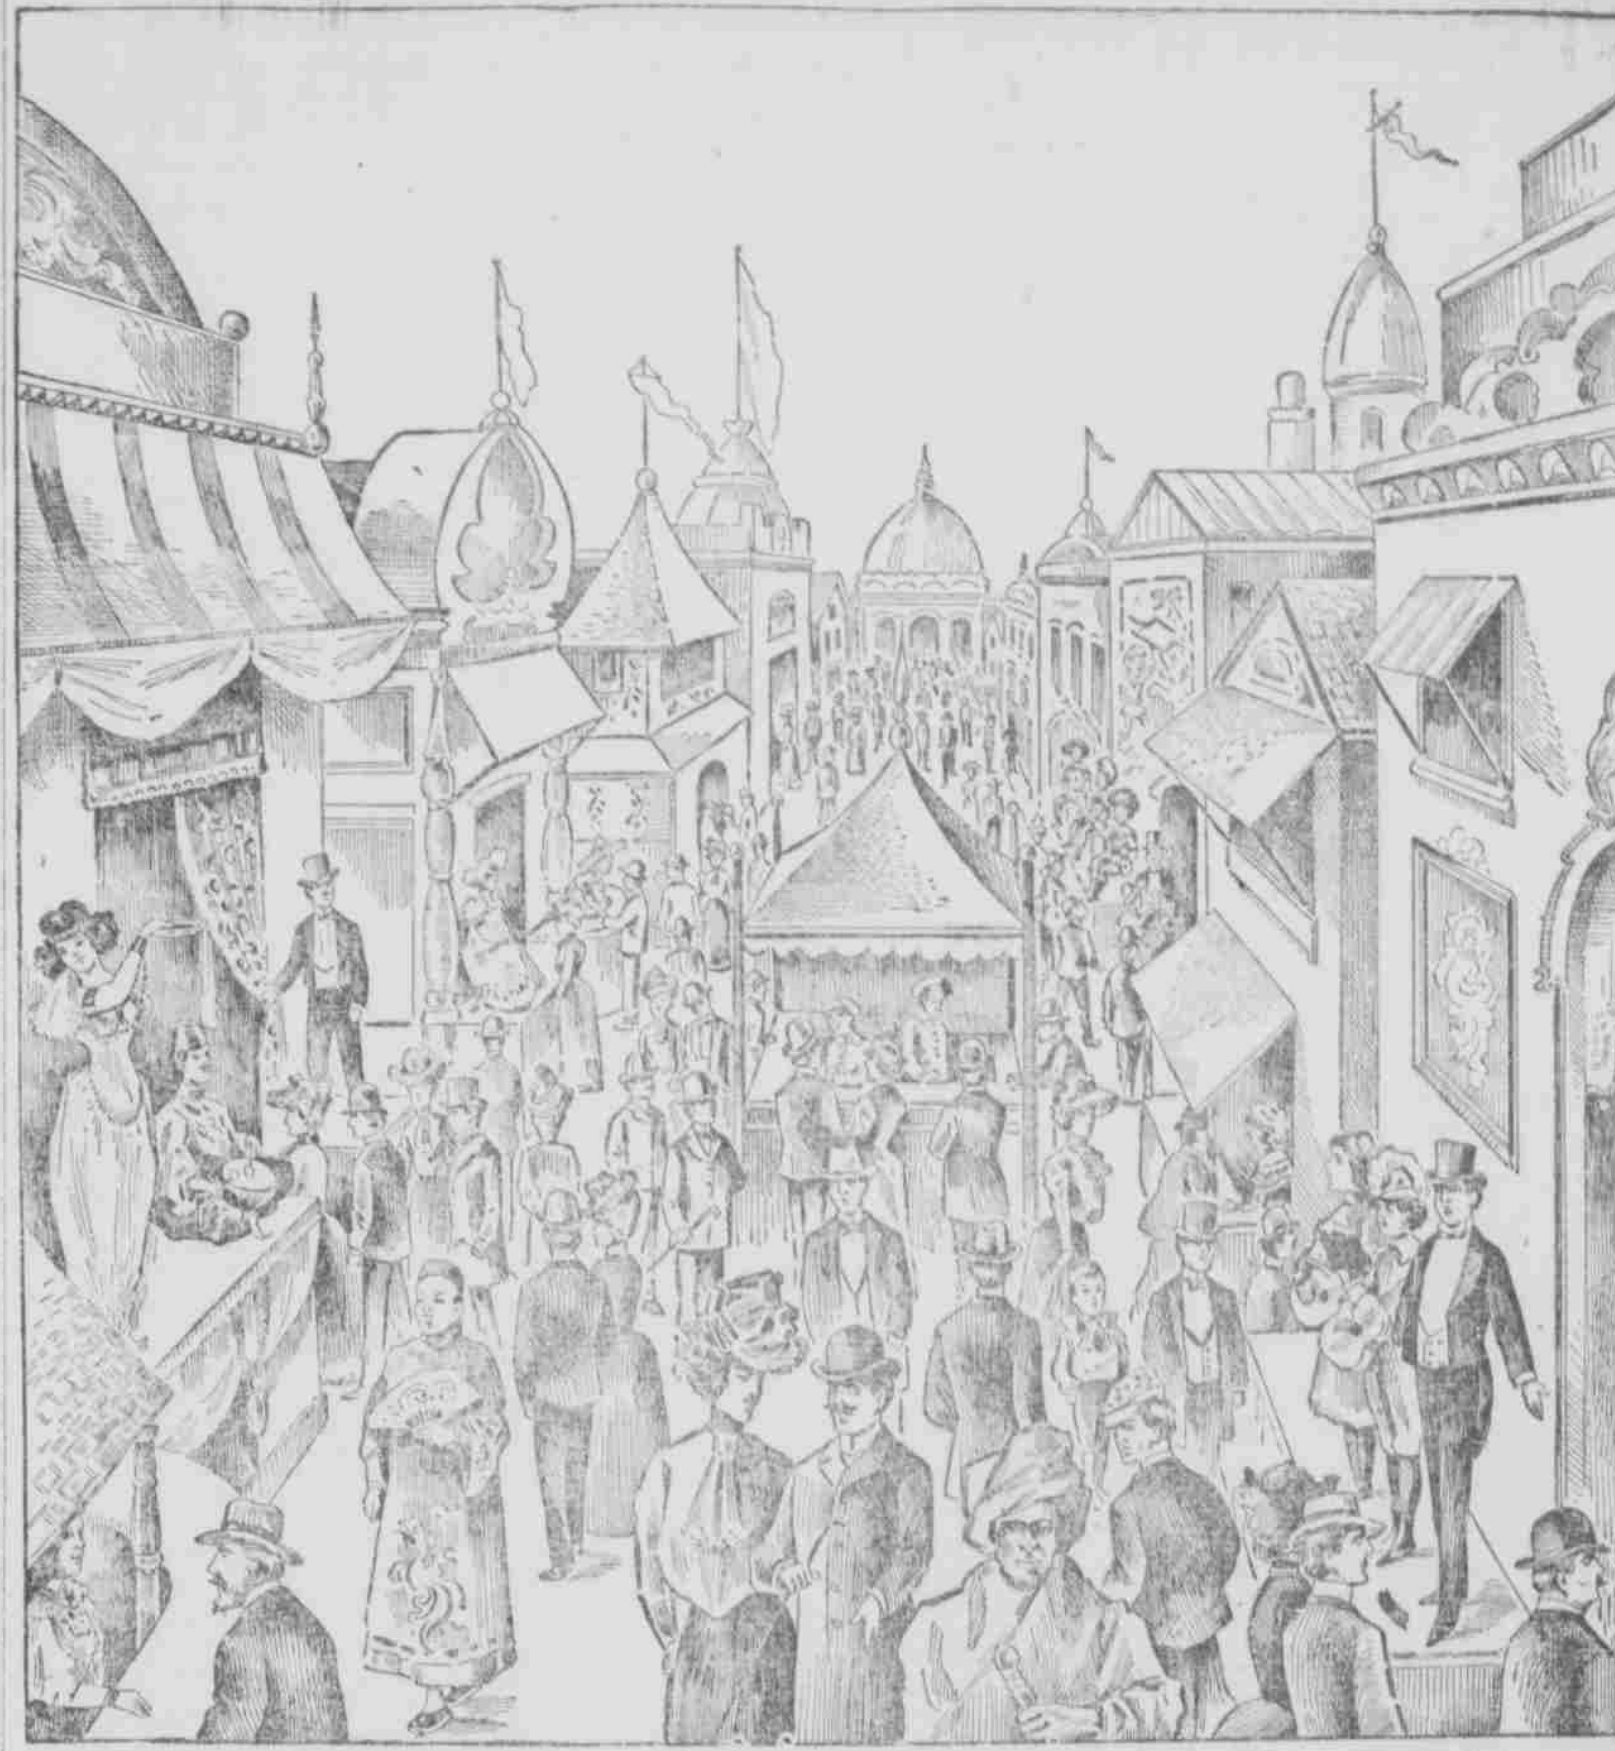

The visitor has only to look at the big "billboard newspaper" over the San Miguel county exhibit to learn in a nutshell of the wonderful resources of that county, and if he will then pass along and see what is spread before him he will be given a practical demonstration that the billboard newspaper has told no falsehood.

A big picture of the house, built by one of the largest in the world, showing an enormous herd of cattle, with an invitation to guess on the number shown in the picture and an offer of a cash prize of ten dollars to the one guessing nearest the exact number, is a feature which drew many visitors to the exhibit yesterday, and Secretary Phil B. LeNoble, who with County Agent M. R. Gonzales and Thomas G. Kain, are in charge of the exhibit, was kept busy yesterday recording the guesses of the many contestants for the prize.

The grain exhibit of San Miguel county is second to none at the fair, and the progress that has been made in scientific farming by the people of the county is strikingly demonstrated by the various excellent features of the exhibit, such as wheat, alfalfa and all the fodder crops are shown in profusion and with only two exceptions the various crops displayed were grown by dry farming methods and on homestead lands. A unique feature of the exhibit is a showing of ten varieties of soil found in San Miguel county with their adaptability for different kinds of farming. A set of test tubes showing the rainfall for each month of the year discloses that August is the wettest month in that county with an average of 4.41 inches, while June is the driest with only a trace of moisture. A display of Laredo wheat, a special variety of wheat developed in the county by a planter for whom it takes its name, is one of the features of the exhibit.

That an exceptionally fine quality

# "The Midway"—A Typical Scene Daily at the Carnival Grounds

of which is made in San Miguel county is proved by specimens shown at the exhibit, while the line and color from which these bricks are made together with the process of manufacture, are also shown. The area to be found in the mountains near San Miguel are displayed in excellent advantage, and a modern side in architecture is operated for the benefit of visitors.

The needlework display is a distinct feature of this exhibit. Practically all the work was done by the native women of San Miguel county and is of an exceptionally fine quality. A set of curtains made by Mrs. Jose Hilario Montoya, which took a prize at the San Diego exposition, is valued at \$500.

# LINCOLN'S RESOURCES ATTRACTIVELY DISPLAYED

Editor J. A. Healey, of the Carrizozo News, Dr. H. W. Watson, county treasurer of Lincoln county, and D. T. McQuillen have seen to it that the county which they represent should put her best foot forward, and the exhibit that they have gathered in the big tent makes a showing of which the people of the county may well be proud.

Variety in the exhibits of the Lincoln county exhibit. Some of the finest food in the west is on display, as well as specimens of tobacco, one of the most valuable of all minerals. The tungsten, as well as a fine showing of gold ore, comes from the rich White Oaks section of Lincoln county. In contrast to the ruggedness of the mineral display is the excellent showing of agricultural products, some of the largest and finest pumpkins, squash and other vegetables, spring wheat and a variety of fruit, consisting of peaches, pears, apples and grapes, are shown. The exhibit is most attractively arranged and was

## RED SOX PLANT GRASS ON FEAR OF ALEXANDER

Detailed Account of Game Shows Plain Baseball, Played Hard Enough, Can Defeat Master Twirler.

THE MORNING JOURNAL SPECIAL (BANKERS WIRE)

Boston, Oct. 11.—Chief umpire O'Laughlin called "play ball" at 2:05 o'clock. Leonard's first offering to Stock, Philadelphia's lead off man, was a ball, which then faded off two, giving him two strikes and the next pitch he let go by as it was a bad one. Then Stock caught a break, that came on the end of his bat and sailed it out to center field. The Sox pitcher hardly had time to move for the ball and apparently he himself for an easy out, but he lost the ball in the brilliant act and it fell a few feet in front of him, giving him two bases on the play. It was evident that it was up to Bancroft to save the Sox to third and fourth and after one strike had been called, Gardner got the ball and threw him out. Bancroft was called upon for a sacrifice fly. With three balls and one strike he sent up a high fly which Gardner gathered in near the Red Sox bench. "Give it," Cravath was unable to follow Leonard's throw and struck out on the fifth pitched ball.

Hooper first up for the American leaguers, but he was struck and two balls on him when he sent a hard fly to Cravath. Scott hit two bad balls go by and then was struck out on three pitches. He swung hard at the last one and he lost slipped from his hands and rolled almost to the pitcher's box. Speaker drove a home fly in center field where Paskert, wearing smoked glasses, made an easy catch.

Captain Ludwick, who was a complete failure at the bat today, struck out on six pitched balls. When he came up in the second inning for Philadelphia, Whitsett sent a fly to Hooper, Barry crawling under the first baseman to retrieve the ball in case he dropped it. Niehoff lifted Leonard's second pitch to Scott for the third out.

For Boston, Hooper was an easy

and, rolling the ball along the first base path where Alexander scooped it up and batted the runner as he passed. Lewis, who moved later to the batting line of the afternoon, secured his first hit here by shooting a screaming single past third base, just inside the foul line. It was too fast for Stock, Whitsett, who was playing well over toward the line, fielded the ball quickly and made a fast return to the infield. Then the Red Sox tried the same tactic they attempted at Philadelphia. On the third ball pitched Lewis stroked for second on an attempted steal. Burns was evidently expecting it, and as he caught the pitch he stepped aside and made a beautiful throw to Bancroft, who touched Lewis as he plunged in to the base. This ended Boston's attempt at stealing. Gardner then hit Whitsett, retiring the side.

Philadelphia's solitary run was made in the third inning. With one strike and two balls on the batter, Gardner hit a single to center field, the ball hit the fence and his team cheered him as he stepped in first.

Alexander was instructed to lay down a bunt. He had difficulty in doing this, but finally hurried on toward the plate. The third baseman was off his balance and made a high throw to Hooper. The ball struck Hooper's outstretched hands and bounced out.

Alexander and Burns were both safe and the former was rewarded with a sacrifice. Stock also sacrificed, Gardner to Barry, Hooper having cut into field a possible out on his side of the diamond, and both runners advanced a base. Then Bancroft shot a single to center field and Burns raced home with the Phillies lone run, Alexander going to third on the play and Bancroft took second on the throw-in.

Barry described the crowd by running back into field, and with his back partly turned to the diamond, made a great catch of Paskert's signaling fly. All the fielders looked toward the fence when Cravath stepped to the plate. It was well that Lewis took a few extra steps out for the shouting Philly shot a smashing drive off the fence for an out. Cravath with a good eye for distance said that the tremendous smash would have been a home run on the Philadelphia grounds.

Barry first up for the Red Sox in the third, raised a fly to Paskert. Cravath drove a home on balls, Leonard struck out Hooper failed a fly to the infield. It went high enough to be caught along by the wind, Bancroft sent himself to make the catch, but stock came running across and caught the descending home run just as it was to settle in Barry's hands. Barry and not like Stock's inaction of his territory, for when he drove off his glove to go to the bench, he flung it in the ground and made an apparently smart remark to Stock.

With the beginning of the fourth inning and to the end of the game only three men faced Leonard in each team. Leonard, first up in the fourth, failed again. Whitsett sent a long fly to Hooper on the fourth pitched ball. Niehoff ended the session with a fly to Scott.

Scott opened Boston's fourth inning by hitting a fly to Paskert. Alexander's first pitch looked good to Speaker and he snatched it inside the right field foul line. Cravath hit-rooted after the breaking ball and by the time he had shot it back to the infield the speedy Red Sox pitcher was on third. It was the first three-base drive of the series.

The fly crown rose and rolled itself away for Hooper to bring the home run. Hooper's accommodation by

## N. M. M. I. EARNS VICTORY THROUGH FAST HALFBACKS

Grant Mann and Lyman Thackeray, Albuquerque Boys, Do All Scoring for University and Cadets.

The running of Talbot and Mann, captain and left halfback, respectively, of the New Mexico Military Institute eleven, won for that aggregation the University of New Mexico at the fair grounds yesterday by the score of 6 to 3. The university got its points from a field goal kicked by Thackeray. The cadets also failed a touchdown, scoring nothing. There was some difference of opinion as to whether this was a touchdown or a safety but the referee declared it a touchdown.

All the scores of the game were scored by Albuquerque boys. Grant Mann, who divided honors with Captain Talbot for the Rowellites, being a son of Judge E. A. Mann, of this city, and Lyman Thackeray, who replaced Captain Talbot on the university team and scored its only tally, also being the son of a local man.

The victory was the one and elected to receive at the west goal, a strong wind from the direction of the goal. A series of long punners and close and runs carried them to striking distance of the Rowell line when they lost the ball on down, when carrying the ball for Rowell, went easily fifty yards around right end, Talbot on the opposite half, carried it forty more on the next play. A brief series of the line plunges, the last by Mann, carried the ball over on Rowell's seventh play.

The university was penalized three yards in this quarter and three yards in the next, which later, it was feared, would keep him out of the game. Talbot got away for another run of approximately forty yards in the second quarter.

The first half easily was Rowell's. The cadets got the jump on the varsity and outmanned them at the start. Toward the end of the half the hillmen appeared to recover from their stage fright, if that was what it was, and displayed a creditable brand of football.

From the opening of the second half the varsity had the best of it. They were forced to the defensive several times but in the main were on the leaders in the aggressive. Lapprack twice punned them out of danger. Both teams used the forward pass more in this half than formerly and each aggregation's punters made some long kicks. Rowell opened up and played a more spectacular game, making several sensational gains on forward passes. The cadets also gained consistently with the forward pass except in the crisis, when they were erratic. Talbot was forced to remain on the ground several times for securing yards and finally was replaced by Yates, but not before Thackeray had replaced Bancroft and dropped a field goal over the Rowell punts.

Morris replaced Cowden at right guard for Rowell, and when Morris and Yates ruled off the line for fighting, Cowden came back and Langston replaced Ray. McGary replaced Thackeray a few minutes before the end of the game.

Aside from these mentioned lapses, of the varsity and Hooper, of the cadets, played the best game. Both teams complained of slugging in the opposite ranks. The penalties, however, were for attitude plays.

U. N. M. I. Position: Hooper, left end; Thompson, Krebe, left tackle; Curry, Ray, Langston, left guard; Klotz, Wiley, center; Hanyan, A. Foster, right guard; Cowden, Ray, right tackle; W. Higgins, Scott, right end; Hooper, Lapprack, quarterback; Edline, Aydelotte, left halfback; Mann, Albright, right halfback; Talbot, Thackeray, fullback; Telfs, Aydelotte, left halfback; Mann, Penalties, U. N. M. I. 30 yards; N. M. M. I. 20 yards.

Referee, Van Surdine, Wesleyan Empire, Kemp, Clark, field judge, Stouffer, Treanna, head line-man, Frank, U. N. M. I.

Fifteen-minute quarters. Touchdown, Mann, N. M. M. I. Field goal Thackeray, U. N. M. Touchback, Edline, N. M. M. I.

The speeding program will open this afternoon at the fair grounds. Two harness and two running races are slated for today. The card includes a 2:15 trot for a \$500 purse and a 2:50 race. The running events are a five-minute for \$150 and a half-mile dash for \$112.

More than 200 horses for all classes are entered at the fair grounds stables. Ben was second and Little Lou third. Best time, 2:04.

Peter Scott Wins at Lexington. Lexington, Ky., Oct. 11.—Peter Scott won the Walnut Hall cup at the grand circuit races here today. As follows:

Recommends Chamberlain's Cough Remedy. "Last winter I used a bottle of Chamberlain's Cough Remedy for a bad cold and cough. I felt its beneficial effect immediately and before I had finished the bottle I was cured. I never use of recommending this remedy to my friends," writes Mrs. William Bright, Ft. Wayne, Ind. Obtainable everywhere.

BIDS FOR SEWERAGE PUMP. Bids will be received until noon, November 1, 1915, by the city of Albuquerque, N. M., for one 12-inch vertical solid centrifugal sewage pump, one 12-hp. motor, connecting shafting, 12-inch cast iron discharge pipe and one 12-inch cast iron gate valve. Specifications may be had from city engineer's office.

## U. N. M. PROTESTS ROSWELL PLAYER AS PROFESSIONAL

The University of New Mexico athletic authorities yesterday entered a vigorous protest against A. Higgins, a member of the Rowell football line-up, on the ground that he had professionalized himself. They displayed the following clipping from the Rowell Daily Record of August 28, 1915, in support of their claim:

"A long distance message from Livingston to the Rowell this morning brought the news that A. Higgins was the ten round bout with Earl Gordon last night by a decision in ten rounds. Higgins outboxed Gordon all the way and after the tenth round was given the decision. He was also awarded the popular decision. Much interest is being taken in the fight this afternoon at Livingston, between John Conley of this city and Dutch Crozier of Garland. Practically every seat has been sold for their fight this afternoon."

A reporter who saw Higgins yesterday declared he was the same man he once had seen fight Jack Herick at Juarez. The university agreed to play yesterday's game with Higgins in the lineup after the Rowell authorities had been appealed to to eliminate him and had declined.

## PASSENGER AUTOMOBILE OWNERS, ATTENTION!

All holders of licenses to carry passengers in the city of Albuquerque will be given a card stating the number of their license upon application at the office of the city clerk. This card should be pasted on the windshield. Your attention is called to the necessity of procuring a license to haul passengers for hire as provided by ordinance No. 145, making the license \$30 per annum, payable semi-annually, published in the Journal, October 9, 1915.

THOMAS HUGHES, City Clerk.

The Woman's club rest room is located in the Hotel Spitz building, corner Third Avenue and Third Street. Woman attendance all week. Open at 10 a. m.

## HORNADAY, THE NATURALIST, TO COME HERE TODAY

Prof. John D. Clark, of the University, Gets Telegram Saying He Will Be on Train No. 2.

Dr. W. E. Hornaday, naturalist and writer, will arrive here at 2-15 o'clock this afternoon on Santa Fe train No. 2 from the Grand Canyon. Prof. John D. Clark, head of the chemistry department at the University of New Mexico, chairman of the committee in charge of arrangements for Dr. Hornaday's lecture, and several members of the Rio Grande Gun club will meet the doctor at the station.

Dr. Hornaday will give his lecture tomorrow night at the high school auditorium, under the auspices of the state university. Dr. Hornaday is one of the most widely known naturalists in the United States. His connection with the museum and zoo of New York with its advocacy of protection for wild game and writings have made him a prominent figure.

## PHILADELPHIA PHANS ALMOST MISS GAME BY ACCIDENT TO STEAMER

(By Morning Journal Special Landed Wire)  
Boston, Oct. 11.—One hundred Philadelphia "Phans" on their way to the third game in the world's series were aboard the steamer Ontario from Philadelphia to Boston when it broke down today in Nantucket sound, 100 miles from port. The steamer Nantucket, bound for Boston from Baltimore, was nearby and was summoned alongside of the Ontario. The coast guard cutter Aqueduct came from Woods Hole and transferred the passengers. The Nantucket put on full speed and reached here an hour before the time set for the game. The accident to the Ontario was of a minor character.

## COLUMBUS DAY WILL BE OBSERVED TODAY

A solemn high mass and other interesting services will be held this morning at 8 o'clock at the Immaculate Conception church in celebration of Columbus day, a legal holiday in this and about a score of other states of the union. The public is invited to these services.

Beside the mass there will be a discussion upon the discovery by Rev. Fr. Kunkel, of Gallup, and a benediction. Many societies and organizations will attend in a body.

**Nothing But Goodness in Everything Made With**

"Thousands of physicians and millions of housewives will swear to that. You've never tasted such wholesome, tempting, appetizing bakings — you've never enjoyed such uniformly perfect results. Calumet Baking Powder never fails — and it costs less to use than other brands."

New York Fair—Gold Medal  
St. Louis Fair—Gold Medal

Cheap and big can Baking Powders do not save you money. Calumet does — it's pure and far superior to your milk and soda.

## JOINT MEMORIAL FOR DEPARTED TO BE HELD TODAY

Odd Fellows and Rebekahs Join in Service This Afternoon in Memory of Members Who Have Died.

A joint memorial service for the members who have departed this life since the last meeting of the grand lodges will be held this afternoon by the grand lodge of the Independent Order of Odd Fellows and the Rebekah grand assembly. The hour of the memorial will be fixed at this morning's sessions of the grand lodge and assembly.

Tonight a banquet will be held in the Odd Fellows hall, to which all Odd Fellows and Rebekahs, whether local or visiting, are invited.

Proceeding the banquet the Rebekahs will exemplify their ritualistic work upon a class of ten, before the grand lodge of Odd Fellows and other members of the two orders who are here.

The Rebekah grand assembly meets this morning at 10 o'clock at 618 West Gold avenue, the Woman's club building. The grand lodge meets at 10 o'clock at the same place.

The grand encampment yesterday chose the following officers for the coming year:

C. H. Bert Smith, of Artesia, grand patriarch; J. J. Volas, Albuquerque, grand high priest; Mr. Thomas, Albuquerque, grand senior warden; J. Dodson, grand junior warden; C. A. Doty, Roswell, grand secretary; C. A. Doty, Roswell, grand treasurer; W. W. Craig, Roswell, representative to sovereign lodge.

Harmon lodge, the lodge body of the Odd Fellows, last night exemplified the initiatory degree work upon John L. Parks, of this city.

The Rebekahs last night held a lodge of instruction at 618 W. Gold. The largest delegation ever attending a conference of the Rebekahs in the state is here for the meetings today and tomorrow. Mrs. Martha Bricker, of this city, is president of the Rebekahs and Mrs. Mary E. Comstock, of Las Vegas, secretary.

## THREE AUTOMOBILES FIGURE IN COLLISIONS AT SAME CROSSING

Two automobile accidents were reported to the police yesterday. A. A. Archuleta's automobile was struck by a street car at Second street and Silver avenue in the morning. The machine was badly damaged but Archuleta, who was driving, escaped without injury.

H. O. Strong's auto and another collided at the same crossing last night. Frank Strong, who was driving, was not hurt. The front of the car was broken. The driver of the other machine gave a fictitious address.

## DRIVER OF CAR WHICH HIT BUGGY CITED BEFORE CRAIG

Guy Grannis, driver of the automobile, which Saturday night struck a buggy in which two boys were riding, yesterday was cited by Chief McMillin to appear before Police Judge Craig this morning. Grannis said he had just turned out of the rear of a vehicle on the left side of the street and did not see the buggy. The boys were injured and the buggy damaged.

The report that an occupant of the auto driven by Grannis had sustained a broken leg next Monday was found to be untrue. An axle of the car was broken and the owner, Mr. Hale, started to a telephone on a motorcycle. He was thrown from the motorcycle and his left leg was lacerated.

## NEW STAR IN THE EAST IS SLOGAN OF CURRY

"The New Star in the East" is the slogan adopted by those in charge of the Curry county exhibit, and the manner in which the idea is carried out in the arrangement of the display is one of the most original and ingenious devices at the fair. A big arch, the posts of which are upholstered in a variety of the strains grown in Curry county, supports a large canopy also grown in the county. The arch is awning wide to admit all comers. The splendid geographical location of the city of Clovis is well demonstrated by a number of miniature railroads centering in that enterprising city.

That dry farming is a paying proposition when conducted by enterprising and intelligent farmers is conclusively demonstrated by the show made by Curry county at this fair. For all the agricultural products shown were raised by the wide-awake dry farmers of that section. Some of the finest vegetables ever grown in New Mexico go to make up this exhibit.

Burt Cutler and Fred E. Dennis are in charge of the exhibit, which undoubtedly will be a strong contender for the first prize among the exhibits of the state.

## LARGE CROWD WILL HEAR LECTURE ON CHRISTIAN SCIENCE

Owing to the fact that so many out-of-town people are in the city, many of them interested in Christian science, it is expected that an unusually large crowd will be on hand tomorrow evening to hear Hermann F. Hering lecture on that doctrine.

Dr. Hering is a member of the board of lectureship of the mother church and is a gifted and eloquent speaker. His address was scheduled for Thursday evening as the program of the state fair at that time was less crowded than on other occasions.

The lecture public has been given a cordial invitation to attend. Dr. Hering arrives tomorrow afternoon from the west.

## FRAME HOUSE DAMAGED BY EARLY MORNING FIRE

Fire damaged a frame house at 515 Lewis avenue at 2 o'clock yesterday morning. The highlands fire company put out the blaze after a partial and part of the roof had been destroyed. The cause could not be learned. J. E. Elder is the owner.

## PAST FRATERNAL HEADS HERE FOR PYTHIAN LODGE

Seven Past Grand Chancellors of Order, Including Founder of State Grand Body, Attending Session.

The greatest number of past grand chancellors that ever attended a meeting of any Pythian body in New Mexico are in the city for the meeting of the grand lodge of that order today and attending a meeting of the local lodge last night at which place for the entertainment of the visiting delegates are laid.

Included in the group was the founder of the first lodge of the order in New Mexico, as well as of the state grand lodge, Col. W. W. Pritchard, of Santa Fe, who founded the order in 1874. Others were W. J. Dwyer, a member of the board of control of the order, of Hutchinson, Kansas; M. W. Meyers, also a past grand chancellor of the Kansas lodge but now of this city; J. J. Lawson, who has been a member of the order since 1875; of Superior, Georgia; J. Bradford, of Dawson, W. G. Fawcett, of Roswell, and Hugh H. Williams, of Santa Fe.

## Banquet Tonight

The program for today includes the meeting of the grand lodge at 10 o'clock this morning when John W. Wilson, for Mayor P. H. Rostrick, will extend the city's welcome, and a banquet tonight at which Mr. Dwyer will be the guest of honor. This banquet will take place in the Pythian hall and will be under the auspices of the Pythian Sisters. All Pythians are invited to attend and bring their friends.

The principal speaker at the banquet will be Mr. Dwyer, who has chosen "Fraternity" as the subject. The other main feature will be the presentation of a memorial tablet dedicating some of the early history of the order, both in the nation, the state and the first lodge that at Las Vegas.

## RUSH FOR LICENSES TO MARRY THREATENS TO BREAK OLD RECORD

County Clerk A. E. Walker yesterday was trying to figure out what the state fair had to do with the rush for marriage licenses. The former high record for one day was 200, and six licenses to marry being issued. Here are the couples who received them:

W. Reese Wheatley, Albuquerque, and Lillian Booth, Albuquerque; Jack Diamond, Tampa, Fla., and Tillie Lucero, Albuquerque; Pablo Perez, Los Griseos, and Juana Herrera, Los Griseos; Louis R. Hughes, Alamogordo, and Grace M. Bailey, Greenville, O.; David Romero, Old Albuquerque, and Inez Lopez, Albuquerque.

## OSTEOPATHS EXAMINE TRIO OF APPLICANTS

The state board of osteopathy began its sessions at 9 o'clock yesterday morning in the Stern building. As there were only three candidates to be examined, it is probable that that phase of the board's work will be completed by tomorrow, although an efficient test will be put to the applicants for licenses in the following subjects: anatomy, physiology, chemistry, pathology, anatomy, surgery, practice, obstetrics, and gynecology.

At the conclusion of the regular sessions of the board, the state society of osteopaths will meet to discuss matters of interest to their profession, and the regular session of the board for the society will be held. The present officers are: Walter Mayes, Magdalena, president; Leonard Taylor, Silver City, treasurer; John M. Hallett, Alamogordo, secretary.

## BANKS TO CLOSE EVERY DAY THIS WEEK AT NOON

Announcement was made yesterday that all banks would close at noon, starting today, for the rest of the week. Noon closing was decided upon at a conference held yesterday morning. The banks wish to avoid unnecessary business this week and to give employees as much freedom as they can.

## HELD UP AT OLD TOWN AND SLASHED BY ROBBER

Jesse J. Carls, negro, reported to the police that he was held up last night at Old Albuquerque. He said the hold-up slasher hit, exhibiting a cut on one finger of the right hand. He lost \$10.

## DEATHS AND FUNERALS.

Mathias L. Custers, Mathias L. Custers, 80 years old, died at 10:35 o'clock last night at his home, 622 West Silver avenue. He is survived by three daughters, Misses Nettie and Ruby Custers, of this city, and Mrs. R. S. Howard, of St. Louis. Mr. Custers was a member of the G. A. R. Funeral arrangements will be announced later.

J. J. Duffy, Word has been received here of the death of J. J. Duffy at his home in Los Angeles last Saturday. He was here four years as district agent for the first National Life Insurance Co. of Los Angeles, and was the general investment company. He is survived by his widow.

Samuel Padilla, Samuel Padilla, 2 years old, son of Mr. and Mrs. Anastacio Padilla, died yesterday afternoon at 329 West Pacific avenue. Typhoid fever was the cause of death. Short services will be held this morning at 9 o'clock at the Catholic chapel and the body will be taken to Chetco, N. M., for burial.

For Indigestion. Never take pepper or other digestive ferments for indigestion, as the more you take the more you will have to take. What is needed is a tonic like Chamberlain's Tablets that will open the stomach to perform its functions naturally. Obtainable everywhere.

## RIFLE EXPERTS OF STATE OPEN CONTEST TODAY

Planned to Form Association Under Whose Auspices Future Shoots Can Be Held; Three Days of Competition.

The last state rifle match will be held this morning at 8 o'clock and will continue for three days, providing weather conditions are such as to require the competition to be completed within that time. The range of the Albuquerque Rifle association, near the Santa Barbara cemetery, will be used for the match. In the contest for the splendid trophies that have been secured, the range will be three, five, six hundred and a thousand yards for slow fire, and two and three hundred yards for rapid fire. Although four trophies have been secured, the competition will be limited in the present match to the Cooper-Hopewell, H. O. Burson and Charles A. Spivey cups because the trophy offered to the National General Rifle association was given with the condition that two national guard companies complete and it was found impossible to fulfill that condition.

A State Organization. At the time of this competition it is planned to organize the New Mexico State Rifle association and matches will be held every year in the future under the auspices of that body. After the election of a committee to draw up a constitution and by-laws, the new state association will formulate plans which will bring a much larger number of contestants to the competitions in the future.

Secretary H. C. Miller, of the committee which has handled the details for the present match, has worked hard to bring strong competition from the entire state, but most of the best rifle clubs could not be brought to contest on account of lack of time in which to prepare their teams.

## Why's "Gets-It," for Corns, Like a Kiss?

Because Everybody Tries It. Everybody Likes It. It's Painless and Takes But a Moment to Apply.

"Gets-It" is the wonder of the corn-patched world. Millions say so, because millions have used it. That's what makes it the biggest selling corn remedy on earth today.

"Never in My Life Saw Anything Get So Quickly and Painlessly as 'Gets-It'."

remedy on earth today. "Gets-It" will surely get that corn or callus you've been trying for a long time to get rid of—take it right off "clean as a whistle." Apply it in 2 seconds—put your stocking and shoe right over it—nothing to stick, nothing to hurt. You needn't fuss with thick bandages that make a package out of your toe. No knives, razors and scissors, no tape, no trouble. It's simplicity itself, sure, quick, painless. Try it also for bunions and warts.

"Gets-It" is sold at all druggists, 25¢ a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Albuquerque and recommended as the world's best corn remedy by (Over) Drug Co.

A Single Application Banishes Every Hair (The Modern Beauty)

Here is how any woman can easily and quickly remove objectionable hairy growth without possible injury to the skin: Make a paste with some powdered delatone and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a painless, expensive method and, excepting where the growth is unusually thick, a single application is enough. You should, however, be careful to get genuine delatone.

## The Treatment of Influenza or La Grippe

It is a refreshing thing to read of a clearing danger treatment for influenza or La Grippe. In an article in the "Lancet-Clinic," Dr. James Bell of New York City says: "Influenza is a disease that too much medication is both unnecessary and injurious."

When called to a case in which the fever is usually seen when the fever is present, as the child which occasionally occurs in the disease, has generally passed away. Dr. Bell then orders that the bowels be opened freely with salts. "Acetils" or effluvia of ammonia, and general astringents are Anti-Influenza Tablets every three hours is quickly followed by complete relief. Ask for A-K Tablets. There are also mentioned for headache, new signs and all nature.

## POMPEIAN OLIVE OIL

ALWAYS FRESH-PURE-SWEET AWARDED GOLD MEDAL SAN FRANCISCO EXPOSITION

NOTICE The New Song, "When I Leave the World and You" by The BALDWIN PIANO Co.

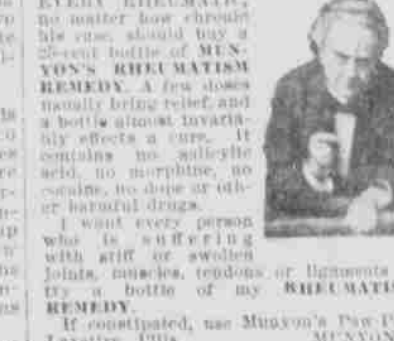

## POSTMASTER HUGHES OF ALAMOGORDO WEDS MISS BAILEY HERE

L. H. Hughes, postmaster and merchant at Alamogordo, and Miss Bailey, daughter of Greenville, O. were married yesterday in the City High Court at the marriage of the Presbyterian church. Miss Bailey arrived yesterday morning from her home and was met by Mr. Hughes. Their courtship began in Alamogordo when Miss Bailey was a child there. They will spend their honeymoon at the state fair.

## RHEUMATISM

EVERY RHEUMATIC, no matter how chronic, his case should try a recent bottle of MEN-YEX, RHEUMATISM REMEDY. A few doses usually bring relief, and a bottle almost invariably effects a cure. It contains no salicylate, no morphine, no opium, no dose or other harmful drugs. I want every person with it, suffering with stiff or swollen joints, muscles, tendons or ligaments to try a bottle of my RHEUMATISM REMEDY. If continued, use Men-Yex's Two-Paw Laxative PILLS.

For sale by The Alvarado Pharmacy, First and Gold; Otwell Drug Co., 222 West Central; B. Rappé, 293 West Central.

WELCOME, VISITORS, TO THE BIG STATE FAIR AND OUR BIG STORE

During this week Albuquerque will play the host to the thousands of visitors from all over New Mexico and the southwest, who will be here attending the Big State Fair and the many side attractions, and we invite you to make this store a place to meet your friends. Stroll around the store and ask us questions regarding the city or the store—we will be glad to answer them.

THIS STORE IS THE HOME OF Kuppenheimer and Stein-Bloch Nobby Clothes

We are now displaying an immense stock of fine Suits, Overcoats, Balmacans and Rain Coats. These clothes have undeniable superiority in style and quality. Our great stock offers you an amazing opportunity for good clothes buying.

The finest American and foreign weaves in exclusive patterns are at your disposal. You will find a third more value in these clothes than in any other makes.
