## PEARY IS HOME ONCE MORE

The Arctic Club Steamer Windward Arrived at Sidney This Morning from Cape Sabine.

## DID NOT REACH THE POLE

An Epidemic Broke Out Among the Eskimos of the Party and Many Died—Instruments and Specimens Abandoned by the Greely Expedition Were Brought Back.

New York, Sept. 18.—A dispatch to The Central Cable Company announces that the Peary Arctic expedition steamer Windward was sighted entering the harbor at Sydney, N. S., this morning.

ALL WELL. Lieutenant Peary on his arrival here said: "The Arctic expedition did not reach the North Pole, but we made most important scientific discoveries. We are all well and glad to get back to civilization."

AN EPIDEMIC BROKE OUT. Sydney, Sept. 18.—The Peary Arctic Club steamer Windward, Captain Samuel W. Bartlett, arrived here this morning from Cape Sabine. All on board are well. From his report on the operations, it appears an epidemic broke out among the Eskimos of his party and many died. The march over the ice fields of the north from Conger was perilous and finally at 84.17 N. latitude, northwest of Hecla, the party was obliged to turn back. The steamer Windward got out of Payer harbor with a party on August 5 with scarcely 15 minutes to spare before harbor was closed by ice. The year at Payer harbor, Peary reports "was passed comfortably, though the anxious strain caused by the ravages of disease among my people was not slight. The northern sledge trip in the spring was arduous, not marked by any special exposure, suffering or danger more than necessarily incidental to serious Arctic work."

The Windward has on board the instruments, chronometers and Arctic library abandoned by the Greely expedition and numerous specimens of natural history, bear, musk ox, reindeer and walrus skins.

## GENERAL NORD SEVERELY DEFEATED

After Three Hours of Fighting He Abandoned His Position Leaving Many Dead and Wounded Including Several Generals.

## THE ENEMY IS NOW ADVANCING ON CAPE HATTIEN

Cape Haytien, Sept. 18.—The forces of the provisional government of Hayti, commanded by the war minister, General Nord, have sustained a severe defeat at Limbe. General Nord at the head of 3,000 men, attacked Limbe at 9 o'clock yesterday morning and after desperate fighting lasting three hours, the general abandoned his position, guns and war munitions and left a great number of dead and wounded, including several generals on the field. The population of Cape Haytien is in a state of anxiety. The enemy, the number of 4,000 well armed men is advancing on the place.

## VIGOROUS MEASURES.

Trains for Panama Being Operated Under Guard of United States Marines.

Washington, Sept. 18.—Secretary of the Navy Moody received the following dispatch from Commander McLean of the Cincinnati: "Colon.—A train for Panama went through with the Cincinnati's guard of riflemen and a rapid fire gun. A freight train coming toward Colon was stopped by the soldiers at the sides of the track, continuously pointing their loaded muskets at the engineer and train hands, and demanding the opening of the locked box cars for inspection; the conductor had no key and could not. He went to find some responsible officer, and also sent a man to flag the following passenger train; the menace was removed; the freight came in with the passenger train. I will vigorously protect the life and liberty of the American and other peaceable employees and maintain an unobstructed transit. I have instructed the Ranger to assist in this duty."

## THE PRIZE FIGHT SUI.

Defendants in the McGovern-Corbett Fight Case Deny all Allegations.

Louisville, Ky., Sept. 18.—The injunction suit, filed by Attorney General Pratt to prevent the contest between McGovern and Young Corbett from taking place here next Monday night, was presented for hearing before Judge Emmett Field in the circuit court today. The defendants presented an answer to the petition in which they refuted all the allegations made by the attorney general. In the course of the hearing, arguments were expressed by the attorneys for both sides and the depositions taken yesterday were filed as evidence.

## KENOSHA FIRES ABATING.

Forest Rangers Are Now Ready to go to Any Other Section Where Needed.

Washington, Sept. 18.—A telegraphic report today from Forest Supervisor Henry Michaelson, dated Kenosha, Range, Colorado, announces an abatement of the fires in that region. The Pikes Peak South Platte and Plume Creek reserves, he says, are now clear and he can serve in any other section where fire fighting is needed. He telegraphs: "Fire well under control. Am preparing to disband and break up the camp."

## LOSS ON NOTES.

New York State Banking Company of Syracuse Closed by the State Authorities.

Syracuse, N. Y., Sept. 18.—Chief Bank Examiner Leonard today, under directions from Superintendent of Banks Kilbourne, took charge of the New York State Banking Company, and closed its doors. The bank experienced a heavy loss on notes on the Onondaga Dynamite Company, which failed last week. The last statement of the bank showed resources of \$676,761, liabilities \$620,633, a surplus of \$20,000, and undivided profits of \$36,000.

## BOXERS AGAIN ACTIVE.

An Uprising Imminent on Account of Exorbitant Taxation and the Presence of Missionaries.

Washington, D. C., Sept. 18.—China is on the verge of another Boxer uprising, which may equal that of 1900, according to mail advices received at the state department from Minister Conger, dated last month. The troubles appear to arise principally from the extortionate taxation combined with the resentment against the presence of missionaries, thus justifying the judgment of the department of state, which pointed out to the powers that the demand for excessive indemnities would result in serious internal troubles in China.

## WILL LEAVE TOMORROW.

President Roosevelt Will Start on His Western Trip Tomorrow—His Guests Today.

Oyster Bay, Sept. 18.—Rev. Lyman Abbott of New York, and President Jenks were President Roosevelt's guests at luncheon today. The president will leave here tomorrow on his western trip.

## GARRIDO IN PERIL.

Kremlis; lodge No. 24, Alexander Deans; lodge No. 25, J. H. Lightfoot; W. E. McIvers and M. D. Gaylord; lodge No. 26, Thomas Smart and Samuel Buchanan.

Last evening the Capital City Band gave a complimentary concert to the visiting and local Knights, which was greatly enjoyed not only by the Knights, but by many outsiders as well. Immediately following the band concert the local lodge tendered the visiting Knights a reception in the hall. There was music, both instrumental and vocal, and quite a number of toasts were listened to with pleasure by the large number present. General Bartlett filled the important position of toastmaster with his usual happy tact and appropriate humor. Grand Chancellor William Kilpatrick gave a toast on the Grand Lodge, which was responded to by Grand Chancellor E. B. F. Adams; T. J. Helm gave a toast in behalf of the Citizens of Santa Fe; W. S. Hopewell on the part of the Territory; L. R. Allen and W. M. Berger spoke for the Press, and C. E. Perry, grand keeper of records and seal, and several others made appropriate impromptu addresses. At the banquet table were to be found all of the tempting viands and delicacies of the season. There were 150 present.

This forenoon the installation of officers was the main business before the body. Some minor legislation and regular routine business was transacted, after which the session adjourned to meet at 2 o'clock. This afternoon's meeting closed the session.

## Lynched by Miners.

Marshallfield, Ogn., Sept. 18.—Alonso Tucker, colored, who assaulted Mrs. Dennis, near Libby, yesterday, was lynched today by a mob of coal miners. He died of the bullet wounds while the mob was taking him to the scene of the crime, where it was intended to hang him.

## CHARLES E. PICKETT IS A CANDIDATE

The Past Grand Exalted Ruler of the Elks Is Anxious to Succeed Speaker Henderson in National Congress.

## IT IS URGED HE WILL UNITE ALL FACTIONS OF THE PARTY

Des Moines, Ia., Sept. 18.—Through the Waterloo Courier, Charles E. Pickett, past grand exalted ruler of Elks, today formally announced his candidacy to succeed Speaker Henderson. It is urged that he will unite all factions of the party. Ex-Governor Horace Boies, the Democratic candidate, returned to Waterloo today from his farm in Grundy county, but persists in his refusal to comment upon Speaker Henderson's withdrawal.

## STILLWELL IS BACK.

Believed the Kansas City, Mexico and Orient Road will be in Operation in Three Years.

Kansas City, Mo., Sept. 18.—A. E. Stillwell, president of the Kansas City, Mexico and Orient Railroad, returned today from a three months' stay in England, accompanied by men who will contribute to the building of the Orient line from Kansas City to Tolapalampo. The party will leave Saturday for a trip of inspection along the projected route. "The most satisfactory progress is being made in every direction," said Stillwell. "Funds for the completion of the road are assured, it is believed that the entire line between Kansas City and Port Stillwell, the terminus, will be in operation within three years. The terminal facilities at Kansas City will involve an expenditure of two millions of dollars."

## Condition More Hopeful.

Los Angeles, Calif., Sept. 18.—With his temperature reduced to 99.6 and his pulse to 100, the condition of Senator Hard was this morning more hopeful than at any time since his illness.

## THIRD DISTRICT COURT.

Mimbres Flood Sufferer Shot a Deer for Food and Was Indicted.

The grand jury in the third judicial district found county affairs in good condition, but urged that the roads and streets should be put in better condition. The report says that 40 per cent of prisoners confined in the Silver City jail are held under the charge of insanity, and it is urged that the territorial legislature take some action to relieve this condition of affairs. William N. Waterman pleaded guilty to forgery, and Clarence Van Ness was found guilty of burglarizing a saloon. Domingo Ruiz, who shot a deer, was indicted for violating the game laws. It was explained by District Attorney Llewellyn that Ruiz is a poor man who had killed the animal to provide food for his family. He was thereupon fined \$50 and the sentence was suspended during good behavior. Juan Rubio and Felix Torres were convicted of horse stealing.

## LUNA COUNTY REPUBLICANS.

County Convention Called for September 27.—W. H. Greer Prominent Candidate for the Eighth Council District.

The Republican precinct primaries for Luna county will be held on Saturday the 20th instant and the county convention for the nomination of a county and legislative ticket and for the election of two delegates to the Republican territorial convention at Raton will be held at Deming, Saturday, September 27. It is understood that the present Republican officials of the county will be renominated. The friends of W. H. Greer, manager of the Victoria Land & Cattle Company, and they number many hundreds throughout Luna and Grant counties, will push him for the Republican nomination from the 8th council district composed of Dona Ana, Grant, Luna and Otero counties. R. C. Barnes of Silver City, who represented Grant county in the legislative assembly, is also spoken of for this nomination, but it is believed it will go to Mr. Greer.

## District Court Notes.

The assault cases against J. J. Harris and Harold McDowell were dropped from the docket, with the leave to be re-instated, because of the absence of several important witnesses.

In San Juan county the jury commissioners to select juries for the October term of court were appointed. They are: C. S. Cameron, Frank V. Williams and Leonard Bolt.

In the suit filed by Josefa S. Manderfield vs. Charles L. Bishop, administrator of Martin Quintana, the claim was allowed against the estate for the sum of \$4,632.60.

In the district court for San Juan county suit was filed by Perline S. Davis vs. Orange Phelps and wife, to recover on a note for \$25 and interest.

The case of the territory vs. N. E. Cronshaw for the murder of Edward Hull was called at 2 o'clock this afternoon.

The September term of the United States court closed yesterday.

Bought Saddle Horses. J. E. Johnson, manager of the H. O. W. ranch, who has been at Las Vegas several days, has purchased 45 head of saddle horses for the ranch from Jose Alvin Bacca, and will take them down to the ranch near Logan at once.

## TWO WILLS PROBABLY EXTANT

W. B. Stratton Believed to Have Drawn One Within the Past Thirty Days.

## SIMPLE SERVICE TODAY

Mr. Stratton Was Opposed to Transacting Important Business on Friday so the Will Will Not be Offered for Probate Tomorrow.

Colorado Springs, Colo., Sept. 18.—The funeral service of W. B. Stratton were held from his late home at 10 o'clock today and was attended only by the relatives, members of the city council and the officers of the Colorado Springs Mining Stock Association. Rev. Benjamin Brewster, rector of Grace Episcopal church, conducted the services, and made a touching reference to the usefulness of the departed millionaire. The Masonic fraternity escorted the body to Evergreen cemetery where interment was made at 2 o'clock. Developments occurred during the day that make it highly improbable that the will, if read today, will be filed for probate tomorrow, owing, it is said, to the prejudice of Mr. Stratton to transacting important business on Friday. Indications are that there are two wills extant, one having, in all probability, been drawn in the past 30 days, the other a year or more ago. Every street car in the city was stopped five minutes as the funeral cortege left the Stratton home.

## SUNMOUNT PLAT FILED.

Preliminary Work on the Reservoir and Pipe Line Has Been Commenced.

The survey and plat of the "Sunmount Addition" to the city of Santa Fe was filed in the office of the probate clerk and recorder of this county by A. R. Gibson and F. H. Mitchell, the owners of the addition, today. A survey for a reservoir site in the Chamiso canon and a pipe line from this reservoir to the Sunmount Addition is now being made by County Surveyor John L. Zimmerman. As soon as this survey is approved and the plat thereof filed, construction on the reservoir and pipe line will commence. Messrs. Gibson and Mitchell expect to have the same completed by November 1 next. A splendid reservoir site, with rock bottom, has been found about half a mile east of the Sunmount Addition in the Chamiso arroyo. A cement and rock caisson will be constructed across the arroyo and the waters of the Arroyo Chamiso will be utilized to fill the reservoir.

## THE NEW TOWN OF MORIARTY.

Located in Southern Santa Fe County, the Junction Point of the Santa Fe Central Railway and Albuquerque Eastern Railroad.—School House and Furniture Donated by the Railway Company.—Many Settlers Coming In.

M. T. Moriarty, of southern Santa Fe county, was in town yesterday on business. The new station of Moriarty, on the Santa Fe Central Railway, is located about a mile from his ranch, and is named after him. It will be the junction point of the Santa Fe Central Railway and the Albuquerque Eastern Railroad, and promises to be a growing and prosperous place. The Pennsylvania Development Company has an extensive mercantile establishment there, and the Santa Fe Central Railway officials have donated a large and commodious new school house, and have also, as an additional donation, furnished enough school furniture to accommodate fifty scholars. A post office has been established at this station, and mail is had three times a week from Chilly, twelve miles west, and when the road is completed there will be railway mail service. The country around the new town is settling up quite rapidly, and many homesteads within a radius of six miles have been entered. Very fine water is had anywhere at the depth of from forty to sixty feet. Many settlers are also coming in and taking up land on the Estancia Plains, south of Moriarty station. Mr. Moriarty settled there fifteen years ago, and went into sheep raising. He did very well, but sold out four years ago, simply retaining his home ranch, upon which he is now living in ease and comfort. He will likely have charge of the selling of town lots for the Santa Fe Central Railway at the new town as soon as the company is ready to put such lots on the market.

## BREAKWATER DAM.

Proposition to Build One at Silver City to Prevent Floods in the Future.

J. A. Harlan, formerly superintendent of bridges and buildings on the El Paso division of the Santa Fe railway, has submitted plans to the officers of Silver City for the construction of a breakwater dam which will prevent the repetition of such a flood as was recently experienced there. It is estimated the cost of the dam will be between \$15,000 and \$17,000, and it will be extended about 210 feet. No action has been taken on the proposition as yet, and it is being carefully investigated.

## Sierra County Republican Convention.

The precinct primaries for the election of delegates to the Republican county convention of Sierra county, that is to nominate a legislative and county ticket and also to elect delegates to the Republican territorial convention at Raton, have been called for September 25th and the county convention will meet at Hillsboro Saturday October 4th. The Republicans of the county are getting organized and expect to make a good showing in this year's campaign.

THURSDAY, SEPTEMBER 18.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

Extract from the Congressional Record of June 25th, 1902, page 7,842.

President pro tem, of senate: "The chair has been requested to restate the proposition, and will do so."

The senator from Indiana, the chairman of the committee on territories, has stated in open senate today, that the committee will report on the territorial bill, so-called, on the third day of the next session of congress. Thereupon the senator of Pennsylvania asks unanimous consent, that on the tenth day if the senate is in session and on the first day thereafter it may be in session if not on the tenth, the bill shall be made the unfinished business.

Is there objection? The chair hears none, and the order is made."

CALL FOR A REPUBLICAN TERRITORIAL CONVENTION.

A delegate convention of the Republican voters of New Mexico is hereby called to meet in the City of Santa Fe, at eleven o'clock in the morning of Friday the 10th day of October, A. D. 1902, for the purpose of placing in nomination a candidate from New Mexico to the 58th congress, and to transact such other business as may properly come before the said convention.

The Republican electors of this Territory and all those who believe in the principles of the Republican party and in its policies as announced in the National Republican platform adopted by the Republican National Convention held in the City of Philadelphia, June 10th, 1900, who believe in and endorse statehood for the Territory of New Mexico and favor an honest, fair, and just administration of public affairs in this territory, are respectfully and cordially asked to unite under this call and to take part in the selection of delegates to the Territorial Convention.

Proxies will only be recognized if held by the citizens of the same county from which delegates giving proxies were elected. County conventions must be held on or before the 6th day of October, 1902. County committees will take proper action and call county conventions at such times and places as they deem best or on that date. The chairman and secretaries of the county conventions are earnestly requested to forward copies of the proceedings of said conventions and of the names of such delegates as may be elected to the secretary of this committee, by next mail after the meeting of such convention, addressing the same to Santa Fe, N. M. Where there are no regular organized county committees the members of this committee are authorized and directed to perform the duties of the county committee and act accordingly.

FRANK A. HUBBELL,  
Chairman Republican Cen. Com.  
Attest:  
JOSE D. SENA,  
Secretary.

The original Roosevelt men are rapidly increasing.

When strikers resort to violence they lose the sympathy of the people and their hope is a forlorn one.

Colonel Bryan is advertising quite persistently. His lectures are evidently no longer drawing cards.

One does not hear much about imperialism these days. As a political issue it is fading out of sight.

They are evidently becoming tired of lynching colored men in Virginia. They will have a legal execution in that state right soon.

The fellows who compiled the Democratic 1902 campaign text-book may have been well posted on Egyptian and Persian politics as they were 2,500 years ago, but they evidently did not know much about the political situation in the United States in A. D. 1902.

...ats expect to carry Delaware. That is an easy proposition for them for the Delaware Republicans have been making chumps of themselves.

The Republican state conventions that have been held throughout the country this year have all said very nice things of President Roosevelt. He certainly deserves them.

The Republican county conventions of New Mexico will fully sustain the administration of Governor Otero by indorsing the same. This is fully deserved and is right.

The Catron faction in this county may as well come off its perch. Nine out of ten Republicans in Santa Fe county will have none of it. It is doomed to defeat and in right and justice it ought to be defeated.

It is to be hoped that the National Guard of New Mexico will soon be so well provided for that the adjutant general of the territory need not go alone to the western National Guard maneuvers, but can take a regiment or two along with him.

The volcanoes in the Philippines are extraordinarily active and are getting ready to join in the chorus started by Mont Pelée and Soufriere and in which Vesuvius and Stromboli have joined. Old Mother Earth is evidently suffering from an awful spell of indigestion.

It is beginning to look as if it will require no mighty effort on the part of T. B. Catron to push the nomination for the council from this district in this campaign away from him. It is becoming apparent that it will not get near enough to him to be touched, even with a thousand foot pole.

The Denver papers almost daily give an account of the progress in surveying reservoir sites by the government in the states of Colorado, Utah and Wyoming. Nothing of that kind is being done in New Mexico for the authorities at Washington seem to think that as long as New Mexico is a territory it is on the rubbish heap.

The weather bureau is doing pretty well in keeping a look out for the weather, but it does not know as yet how to keep tab on the earthquakes. The officials of the bureau, however, can console themselves with the thought that, although they know nothing about the earthquakes, everybody else is in the same fix. It is even suspected that these pesk seismic disturbances know nothing about themselves.

Cuba is looking around to borrow \$30,000,000, and what is more the government of the island does not care where the money comes from as long as it is had. This reminds one of some of the alleged political leaders in New Mexico, who are always ready to borrow and grab political honors and offices when they are in no way entitled to them and when the people do not want them.

The coal magnates of the east haughtily spurn any offers to arbitrate the disputed points in the great coal strike. How their haughtiness would dwindle should the next session of congress submit an amendment to the constitution authorizing the nation to take over natural monopolies such as coal mines when the welfare of the nation demands it. That such a constitutional amendment would receive the sanction of three-fourths of the people goes without saying.

It now appears that former Delegate H. B. Ferguson is not to have a walk over for the Democratic nomination for delegate to the 58th congress. It is reported that George P. Money and O. A. Larrazola of San Miguel county, will be in the ring to dispute the nomination with him. Rather amusing this as the man, who will receive the Democratic nomination for delegate to congress this year in New Mexico, no matter what his name, will surely be defeated.

If reporting the value of land grants, he owns, for assessment purposes at one-tenth or less of what they are really worth constitutes a claim for political recognition and for nomination and election to public office, then and in that case, T. B. Catron is certainly entitled to such preferment. If the reverse is the case, and all right minded and good citizens must certainly think so, then T. B. Catron is entitled to not only no political recognition and preferment, but to political oblivion.

"Republican legislation" shouts a Memphis Democratic paper "has piled up nearly \$600,000,000 of gold in the United States treasury. Well what of it? The gold is all right there, is it not? A Democratic congress of course, would have piled up the gold in the Bank of England, in German and French banks. The American people would much rather have the gold right at home, than elsewhere; hence they will vote in next November to increase the Republican majority in the 58th congress."

It is a cold day when some French statesman does not shoot off his mouth in a boastful manner and thus sets a nation or two on its ears. The latest incident of that kind is that of M. Pelletan, French minister of marine, who in a champagne speech after a banquet, declared that the French navy will control the Mediterranean against Great Britain, Germany and Italy combined. There would be no harm done by such boasting if other nations would take these French utterances at their true worth, but that is not international custom, and France will have to explain and perhaps apologize. It is a relief to know that American officials are not the only ones who at times are indiscreet in speech.

## Read This, Consumptives

"From the way my wife coughed for six months, I knew she had consumption. She showed it in her face, too, and her body wasted away to a mere skeleton. After she got down in bed the doctors couldn't do any good. I called in both Dr. T. A. Shannon and Dr. N. L. Hawsen, each of whom is a first-class physician, but they had nothing that would reach the trouble in her lungs. My wife's father came to see her one day, when she got very low. He lives in Cedar Lake, Wis., while we live in Rice Lake, Wis. He said he knew what was needed, and made me get a bottle of Ackers' English Remedy for Consumption. I went to Schmidt's, our local druggist, and got a bottle, and it helped her right away. She took eight or ten bottles, and they put her back on her feet and made her as sound and well as any woman in town. She has taken on flesh again, she doesn't cough, and if any one who doesn't know the facts was to be told she was so near death with consumption, he wouldn't believe it. My wife does all her housework, and at night sleeps as soundly as you please. Her stomach no longer gives her any trouble at all. Maybe you doubt what I am telling. If so, I advise you to see J. N. Schmidt, the druggist who sold me Ackers' English Remedy for Consumption. He'll tell you the same thing. He says Ackers' English Remedy is wonderful in all throat and lung troubles; that it is sold on a guarantee to cure, or money returned, and he never yet had a bottle come back to his store, although he has sold hundreds of them. My name is Luther Bedell, Rice Lake, Wis."

Ackers' English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure, 15c, 50c, and \$1 a bottle in United States and Canada. In England, 1s, 2s, 3s, 4s, 5s, 6s, 7s, 8s, 9s, and 10s. We authorize the above guarantee. W. M. HAWSEN & CO., Proprietors, New York. Fischer Drug Company.

SANTA FE NEEDS A BOSS SHEPHERD.

One of the most remarkable careers in the annals of American history is recalled by the death of Alexander R. Shepherd at Batopilas, Mexico.

During the period from 1871 to 1875, this notable man was first vice president of the board of public works and afterwards governor of the District of Columbia.

For several years prior to that time he was the political "boss" of that district and of the City of Washington.

And in many respects he was the most strenuous boss this country has ever known. His one bad was public improvements. Upon this idea he was practically insane, at least to the extent of monomania. He thought of nothing, talked of nothing, considered nothing save the one plan he had formulated of making the nation's capital the handsomest and the best improved city in the world.

At the time of Boss Shepherd's advent, the City of Washington was a city in name only. In everything else it was a mere country hamlet. It had no paved streets, no sidewalks, no sewerage, no parks, no street railways and no public improvements of any kind worthy of the name.

It was located in an undrained swamp on the banks of the Potomac river from which rose a miasma that drove everybody from the place during the summer months. Congress was frequently adjourned on that account. In the effort to carry out the plan to change all this, Boss Shepherd stopped at nothing, frequently not even at the law. There was opposition of the most strenuous kind, on account of the expense involved. Property owners declared that their holdings were being assessed for several times their market value. Over these protests Boss Shepherd rode rough shod. He stopped at nothing. He had been given extraordinary powers as governor and these he stretched to the utmost limit. The rage of the people knew no bounds. There were frequent threats of violence and upon one occasion he was compelled to flee the city to escape a threatened lynching.

The boss, however, accomplished his purpose. He made of Washington a perfectly healthy and ideal metropolitan city with the finest public improvements in the country. Property began to increase in value by leaps and bounds. It doubled and trebled and quadrupled, almost in as many years. The people who were crying that Shepherd was robbing and ruining them, suddenly found themselves rich. Almost as suddenly the exasperated boss found himself the idol of the city and its people. He had vindicated the wisdom of his plans and proved that even the most lavish expenditure for public improvements was money well and profitably expended and invested.

Santa Fe needs a Boss Shepherd. He would build modern school houses immediately; he would construct the water street sewer before the snow flies; he would have brick pavements from the business part to the capitol before the legislature met; he would stop the throwing of filth into the river bed which instead of being an eyesore would become a beautiful and shaded boulevard; he would widen Don Gaspar avenue by tearing away the old porches between San Francisco and Water streets; he would establish building regulations that would lead to a gradual widening of the streets and the erection of only brick and stone buildings within the city limits; he would macadamize a block of streets every year instead of permitting the dirt from the gutters to be thrown into the middle of the streets once a year at the expense of the tax-payers under the pretense of street repaving; he would make Santa Fe a city beautiful; he would be the means of property increasing in value four to five times in as many years so that the man who could sell his property for \$10,000 tomorrow, could get \$50,000 for it five years hence. Such a boss would be exalted by the mossbacks, he would be feared by the tax-payers who can hardly see ahead the length of their noses, but the next generation would erect him a \$50,000 monument in the center of the Plaza.

The Republicans of New Mexico whether in Santa Fe county or elsewhere are outgrowing political bossism. They will stand it no longer. A hint to the wise.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,886.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. ## LONG-LIVED

THE SAME IN SANTA FE AS ELSEWHERE. The bigger half of worldly trouble, the greater part of mankind's suffering, can safely be laid to the kidneys. Kidneys filter the blood. Keep the human system healthy. But they can't do this when they're sick.

Easy to tell sick kidneys. Look at the back for the note of warning.

Most backache pains are kidney ills. Twinges, twinges, pains and aches of a bad back.

Should be treated promptly. Every day's delay means future trouble.

Urinary complications set in, diabetes, Bright's disease.

Doan's Kidney Pills are kidney specialists.

Cure every form of kidney ills. Here is proof of this:

Mrs. M. Meyers, midwife, living at 112 South 14th street, St. Louis, says: "Perhaps in following my calling, from lifting, or from some other cause, I may have overstrained the muscles of my back. Be that as it may, I have had attacks of backache for two years and lately almost constant. It hurt more in the morning than in any other period of the day and has on more than one occasion been so severe that I could scarcely turn in bed. I know from the condition of the kidney secretions that my kidneys were at fault but what to do was a mystery. I was continually trying sure-cure medicines to cure kidney complaint, but I met with very little if any success until I used Doan's Kidney Pills. From the benefits I received from the treatment I have not the slightest hesitation in very emphatically endorsing the preparation. I have studied medicine and understand the symptoms of kidney complaint. No one in St. Louis if they try Doan's Kidney Pills for kidney complaint will be disappointed in the results."

Just such emphatic indorsement can be had right here in Santa Fe. Drop into Ireland's Pharmacy and ask what his customers report.

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

**TAKE CARE OF THE STOMACH.**  
The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay of Holaday, Miss., writes: "Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodol saved my life. Take it after meals. Fischer Drug Co."

#### DEVoured BY WORMS.

Children often cry, not from pain, but from hunger, although fed abundantly. The trouble arises from indigestion, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease and begin to thrive at once, very much to the surprise and joy of the mother. 25c at Fischer Drug Co.

#### MEETING GRAND LODGE KNIGHTS OF PYTHIAS.

Santa Fe, N. M., Sept. 15-19, 1902.  
For this occasion a rate of one and one-fifth fare will be made from all points in New Mexico, including Trinidad and El Paso to Santa Fe, N. M., on certificate plan, providing there are 50 or more in attendance. Passengers pay full fare coming to Santa Fe, take receipt and secure a return ticket at one-fifth fare.

Santa Fe, N. M.

#### BEWARE OF THE KNIFE.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles, for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength and blood," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothers and heals. Fischer Drug Co.

#### A BOY'S WILD RIDE FOR LIFE.

With family around expecting him to die, and a son riding for life, 13 miles to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures for Consumption, Pneumonia, Bronchitis, Coughs, Colds and Grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Fischer Drug Co.

## THE WEEKLY CROP BULLETIN

U. S. Department of Agriculture, Weather Bureau.

Santa Fe, N. M., Sept. 16, 1902.

The weather has continued dry during the past week, with unusually high winds for this season of the year, and a cold snap on the morning of the 12th which brought frost to some of the more exposed localities. Unconfirmed reports indicate that the cold was severe enough to kill melons on some of the central prairie ranches, but as far as can be learned the damage was quite inconsiderable. The recent rains have caused late fruits, as late peaches, apples, pears and plums, to swell and ripen to an unusual excellence, but the high winds have caused such heavy windfalls that the marketable value of the several fruits will be considerably lessened. Wheat, oats and barley have been secured under favorable conditions, but in northern, and especially in northeastern sections, these crops are far below the average excepting in the few localities where there has been sufficient irrigation water during the season. Corn cutting is now general in northern counties. Where irrigated the yield is quite good, but on unirrigated lands the crop is very poor. The August rains brought central and southern ranges into good condition, and good fall and winter feed is assured, but on many of the northern ranges the prospects for stock feed and water sufficient to last until spring is very poor, although at present all kinds of stock are in very good condition. In general the range conditions of northern counties is very discouraging, but should rains come soon the conditions may be greatly improved if killing frosts hold off for awhile. Very little prairie hay has been secured this season in central and northern sections. In southern counties the last growths of alfalfa were by far the best of the season.

The following remarks are extracted from the reports of correspondents:

Albert—H. M. Hanson—Week ends with cool weather but no frost thus far. No rain, and as the growing season is past no change in the conditions can be looked for. Many doubts are expressed as to whether the grass on ranges will be sufficient until spring, both on account of the light growth and the increased number of herds. The rains have been scattered so conditions are not uniform, even throughout the county. The fourth cutting of alfalfa is being stacked and amounts to about half a crop. There is practically no wild hay. Highest temperature, 88; lowest, 40; no rain.

Arabela—A. M. Richardson—Crops and grass are doing nicely but there is no surface water. Highest temperature, 86; lowest, 50; rain, 0.20.

Folsom—Jackson Tabor—Dry and cold; frost on the morning of the 12th, temperature falling to 27 degrees, being the lowest temperature during September in a record of 24 years at this place, excepting September 27, 1880, when 26 was registered. In this neighborhood stock is fat, but if we do not get rain or snow water will fail in many places. Highest temperature, 88; lowest, 27; no rain.

Gallinas Springs—Jas. E. Whitmore—High winds causing much windfall of apples. Crops maturing excepting late beans, which are still very green. Cattle are looking fine. There is plenty of water, and pasture is good. Highest temperature, 94; lowest, 49; rain, trace.

Gerónimo—N. M. Nelson—No rain; light frost on the 12th. A fair crop of corn is being cut. Other grains, excepting where irrigated, were a complete failure.

Laguna—Gus. Weiss—No rain for 15 days. Cool nights with warm, sunny days. Grass is growing nicely, and sheep are getting fat. Shearing will begin in about ten days. Wool crop will be short this year. Wheat about half a crop; corn also short; but all fruits in abundance.

La Luz—Ernest S. Swift—Had one light shower during the week. Temperature dropped considerably on the 11th. Fruit is plentiful, mainly peaches and apples. Alfalfa is doing well.

Los Alamos—Wm. Frank—Things are looking discouraging again since my last report. There has been no rain and the country is drying up. Wheat, oats and corn are very light. But little more alfalfa will be harvested, and the same of hay. Unless rain come very soon the stock prospects are very gloomy.

Mesilla Park—R. H. Hart—An abundance of grapes on the market; the quality is good, but the fruit is slightly undersized owing to the early drought. A heavy crop of alfalfa is being secured; in some cases it is the third growth and in others the fourth. Not much activity in the peach market at present. Highest temperature, 94; lowest, 52; rain, .05.

Ojo Caliente—Antonio Joseph—Drought conditions are returning, and grass that had started during the rains of last month is beginning to show the need of more rain. Corn and fruits will be below the average, but the third crop of alfalfa is in excellent condition. Sheepmen will be obliged to drive their flocks south for fall and winter feed. Highest temperature, 82; lowest, 40.

Santa Fe—U. S. Weather Bureau—Dry during the week, with high winds that caused much dropping of fruits. Late peaches, pears, plums and apples are abundant in the market, and of a superior quality. Oats and wheat have been cut, and corn is ready to cut. Cool on the morning of the 12th, but no frost. Highest temperature, 83; lowest, 40; no rain.

Woodbury—A. J. Woodbury—Highest temperature, 94; lowest, 41; rain, 0.10.

R. M. HARDINGE,  
Section Director.

## Stomachs on Stills

The man who puts on stiffs does not increase his actual stature by the breadth of a hair. He feels taller while he's on the stiffs, and when he's off he feels shorter than he ever felt. Stimulants are the stiffs of the stomach. They make a man feel better for the time being, but he feels a great deal worse for them afterward.

The need of the man whose stomach is "weak" is not stimulation but strength. Dr. Pierce's Golden Medical Discovery perfectly answers that need. It cures the diseases of the digestive and nutritive system which make the stomach "weak." It enables the digestion and assimilation of food, so that the body receives the nutrition on which depends its strength.

"I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Carney, Esq., Taylorstown, Louisiana, La. "It did me so much good that I didn't take any more. I can eat most anything now. I am so well pleased with it that I want to thank you for your kind information. I tried a whole lot of things before I wrote to you. A gentleman told me of your medicine, and how it cured his wife. I thought I would try a bottle. I did not know what I did, for I do not know what I should have done had it not been for Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore, accept no substitute for "Golden Medical Discovery."

The sluggish liver is made active by the use of Dr. Pierce's Pleasant Pellets.

#### LOW RATES TO NORTHERN MICHIGAN POINTS.

The Santa Fe will sell tickets to northern Michigan points daily until September 30; good for return passage until October 31, at a rate of one fare plus \$2 for the round trip; for particulars call on any agent of the Santa Fe.

H. S. LUTZ, Agent,  
Santa Fe, N. M.

#### CANDY CATHARTIC

Best for the bowels.

Genuine stamped C. C. Never sold in bulk.

Beware of the dealer who tries to sell "something just as good."

#### FORTUNE FAVORS A TEXAN.

"Having distressing pains in head, back and stomach, and being without appetite, I began to use Dr. King's New Life Pills," writes W. P. Whitehead of Kennedale, Texas, "and soon felt like a new man." Infallible in stomach and liver troubles. Only 25c at Fischer Drug Co.

#### CROUP.

Usually begins with the symptoms of a common cold; there is shilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment externally to the throat. 50c at Fischer Drug Co.

#### RAISED FROM THE DEAD.

C. W. Landis, "Porter for the Oriental Hotel, Chanute, Kas., says: 'I know what it was to suffer with neuralgia deed I did, and I got a bottle of Ballard's Snow Liniment and I was raised from the dead.' I tried to get some more, but before I had 'deposited' my bottle I was cured entirely. I am telling the truth too." 25c, 50c and \$1.00 at Fischer Drug Co.

The illustrated lecture on the Cliff Dwellers, the Grand Canon, Yosemite Valley, the Pacific Coast, etc., under the auspices of the Ladies' Aid Society, for the benefit of the new Methodist church, will begin promptly at 8 o'clock Friday evening. Admission 50 and 25 cents. Tickets at Fischer's or Ireland's drug stores.

The weather bureau report calls for generally fair weather tonight and Friday, except probable showers and cooler in south portion tonight; warmer weather is the program for tomorrow. The maximum temperature yesterday was 74 degrees; minimum temperature 50 degrees; precipitation a trace; temperature at 6 o'clock this morning 52 degrees.

M. V. B. Wilcox of Tesuque, brought yesterday to the New Mexican office, 14 apples grown in his orchard that averaged 12 ounces. They were not selected, and some of them were windfalls. They are a sample of the magnificent fruit raised in the Tesuque valley. Mr. Wilcox has about one carload of fall apples, and will have three carloads of the finest of winter apples in this year's crop.

Too little is known by the American people of the wonders of their continent. Today there are thousands of people living on cliffs from 500 to 800 feet high. At the Court House Friday evening pictures of the largest of castles, set like swallow's nests in the side of the cliff, the Grand Canon of the Colorado, 300 miles long and one mile deep; the great petrified forest covering 25,000 acres, containing the greatest natural bridge, 61 times larger than the natural bridge of Virginia, and many beautiful views of the west will be shown.

Manager Martin of the Santa Fe Central Baseball Club, is endeavoring to arrange a game with the Las Vegas Tigers to take place on the fair grounds at Albuquerque, Sunday, the 28th. He is writing today to Colonel Twitchell, manager of the Las Vegas team, and also to Managers Rellie and McCann of the fair grounds. The plan is to divide the gate receipts equally between the teams. He will not doubt secure, also, the same low railroad rate as prevailed to Santa Fe and Las Vegas. Manager Martin will then invite the Vegas team to play a return game here some time in early October.

## NEW SHOE FACTORY.

Las Vegas is considering a proposition from William H. Bell to build one.

Special Correspondence New Mexican.

Las Vegas, Sept. 17.

It takes manufacturing interests in a city, to build that city up and properly support the business houses of that city. Las Vegas has an opportunity now to get its first extensive manufacturing, or rather the nucleus of the only shoe factory in the southwest. William H. Bell, who has been spending the summer in Las Vegas, was formerly the superintendent of the famous Brown shoe factories, four of them, in St. Louis. On account of his health he had to come to this city, and he has now concluded to settle down some place in the southwest where the climate agrees with him and start a shoe factory. He wants to locate in Las Vegas if he can receive the small encouragement he needs. Albuquerque wants him to locate there, and has offered to subscribe \$100,000 worth of stock to his enterprise. Mr. Bell is not looking for that amount. He wants to start on a smaller scale, with \$25,000 capital and build up. He wants to invest, himself, \$12,000 in the factory, and there are parties in town who want the other \$12,000. What he asks of the city, is a building 100x35 feet, two stories, frame or brick, free for five years with option of buying at the end of the time, and taxes free for five years until the factory can get on its feet. Considering the bonuses, spot cash, which other cities offer, this is a remarkably good offer for the city. A conference was had last night between Mr. Bell and the executive committee of the board of trade, and the proposition laid before them. They took until next Monday night to think the matter over and learn the opinion of the representative business men of the town on the proposition.

The factory will employ between 150 and 175 men at the beginning and Mr. Bell wants to be able to get organized by December 1. He is investing his own money in the enterprise, knows whereof he speaks when he says he can work up a good business in the southwest, and is going to locate somewhere. What he wants to know, does Las Vegas want the factory on his liberal terms.

## THE PRISONER FLED.

Remained Through the Trial, But Did Not Stay to Hear the Verdict Read.

Perfecto Rodriguez, who was on trial at Silver City for drawing and discharging a deadly weapon, disappeared Friday night just as a verdict of guilty was about to be returned by the jury, and has not been arrested. The trouble occurred last June when Marshal Brent had threatened Louis Payne with arrest on account of disturbing the peace, but on Payne's promise to keep quiet, no action was taken. A little while later, Brent heard a disturbance in the wholesale liquor house of Bell & Golding, and on going in found Payne and Rodriguez there. It is claimed Rodriguez said that Payne should not be arrested, and that he would defend him, at the same time drawing his revolver. Marshal Brent was seized and taken into the street, and Rodriguez went out a moment or two later. While Brent was trying to free himself, Rodriguez' revolver was discharged, and Payne was shot. Rodriguez was out on bond and was on the street while the jury was out. When the verdict was brought in, a search was made for him, but he could not be found. After waiting for some time, Judge Parker ordered the verdict sealed until all efforts to capture Rodriguez had been made. The verdict was opened Saturday morning and he was found guilty of unlawfully drawing a deadly weapon.
