## POLITICIANS OF STATE AT WORK MAKING SLATES FOR NEXT YEAR

Put Has Begun to Bubble and Wise Ones Have Already Begun to Pick Winners in Campaign of 1916.

### PUTNEY LOOMS UP AS HOPE OF DEMOCRACY

Catron Has Hard Fight on Hand; Hubbell a Formidable Candidate; Walton Likely to Oppose Hernandez.

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
Santa Fe, Oct. 19.—Although the election is more than a year in the future, Santa Fe, the political heart of New Mexico, is already buzzing with speculation and gossip as to the probable candidates of the two great parties in the 1916 campaign. The fact that it will be a presidential year and that officials from the highest to the lowest will be chosen, including the full complement of state officers, lends an added interest to the prospect, and the wise ones are making and breaking slates daily.

Looking over the field in both parties there is only one man who seems at this time to be sure of nomination, and that is Congressman H. C. Hernandez. The Rio Arriba county man has not yet taken his seat in the house of representatives, and at the time of election he will have had less than a year of active service. It is considered one of the questions for any man of his own party to offer to oppose him for the nomination under such circumstances, especially as he will not have had time to make a record on which any attack from inside the party could be made.

**Catron Has Hard Fight.**  
That Senator Thomas Benton Catron has a hard fight on his hands for re-nomination is probably recognized by no one more clearly than by that senator's gentlemanly himself. Mr. Catron is an old-time campaigner, however, and is losing no time in fixing up his finances preparatory to the hard battle that is to come. Who ever takes the toga away from the Santa Fe man will not do so until after a most energetic and lively struggle.

**Hubbell a Factor.**  
Mr. Andrews will not get Bernillo county without a fight, however. In the opinion of the best informed politicians in the state, for while little has been said on the subject openly, those who are in position to know declare that another Bernillo county man and one of the strongest politicians in New Mexico, wants the republican nomination for senator and wants it badly. This man is none other than Francisco A. Hubbell.

Republicans in the southern part of the state have been hoisting State Senator Herbert B. Holt for the senate for many months, but from this distance there seems little hope of Mr. Holt being anything better than a dark-horse possibility. Hubbell looms up as the most formidable candidate against the present incumbent, and the prediction is confidently made that when the time for action arrives, which will be early in the new year, he will be found in the firing line in the thick of the fight.

**Bursom and Lacrozo.**  
Hon. H. O. Bursom is not talking politics these days—at least not for publication. But it is no secret that Bursom wants vindication for the defeat that he met at the hands of Governor McDonald four years ago and that as an active candidate for the nomination for governor. At the present writing the Socorro county man seems to have the nomination bug-tug, no formidable opposition to his candidacy has yet appeared.

Gosch has it that Bursom has entered into an offensive and defensive alliance with A. Lacrozo, of San Miguel county, who wants the nomination for supreme court justice. Lacrozo's strength among the Spanish-speaking voters of the state is probably greater than that of any other man, and there is no denying that if such a combination has been made, nothing as it does the northern and southern sections of the state, it will prove most formidable.

**New Democratic Star.**  
In the democratic camp all was chaos until a few weeks ago when a new star arose on the horizon. This man himself does not know it, and probably will get fighting mad when he reads the announcement, but the cold fact is that democratic leaders

## THE WEATHER

### WEATHER FORECAST.

Washington, Oct. 19.—New Mexico: Wednesday and Thursday fair; cooler southeast portion Wednesday.

From every county in New Mexico are now proclaiming most vigorously that their hope for success next year lies in the nomination of Robert H. Putney, of Albuquerque, for governor.

Putney has never been in politics, has never held office and does not want any office in the gift of the people, and the big question in the minds of the democratic leaders is whether he can be persuaded under any circumstances to accept the nomination. If he can, they declare that he will make as much of a handsome candidate as he did a fair president.

There is no denying that Putney is today the most popular man in New Mexico. Nothing was further from his thoughts than politics when he made his tour of the state in the interest of the fair, but just the same he has made hundreds of friends in every county that he visited—men who were impressed by his big dominating personality and who are now saying that in view of the conspicuous success that the state fair has had, he is the ideal man to take charge of the state itself.

### Martinez for the Senate.

For a long time Assistant Secretary of the Interior A. J. Jones was regarded as the logical democratic candidate for the senate, and it was supposed that he had been quietly laying his wires with that end in view. But on the occasion of his recent trip to New Mexico Mr. Jones made it clear that he has no senatorial aspirations at this time. He believes that the next national administration will be democratic, and those close to him declare that he had rather take his chances in cabinet promotion than to undertake the hazard that a race for the senate would involve.

Felix Martinez is now the one big figure in the calculations on the democratic nomination for the senate. Mr. Martinez' strength is confined to no special section of the state or class of people. He is one of the oldest of politicians in New Mexico politics, knows the game from every angle, and is a man of large means and varied interests. It is argued by democratic leaders that he would make the best campaign that could be made by any member of the party for that position.

### Walton and Reynolds.

State Senator W. B. Walton, of Silver City, is the most talked-of man for the nomination for the house of representatives to oppose Congressman Hernandez. Mr. Walton is one of the ablest lawyers in the state, a man of large affairs and exceedingly popular with the old-line wheel-horses of his party. He is perhaps the strongest man in southwestern New Mexico of either party, and his achievement last fall in piling up an unprecedented majority in Grant county for the democracy in a year of general democratic disaster in New Mexico is pointed to by his friends as entitling him to distinguished consideration at the hands of the convention that will meet next year.

It will be a surprise to many to learn that the democrats are figuring upon the nomination of Judge Herbert Reynolds, a republican for the supreme bench. They argue that the office is non-political, and that it would be the part of wisdom as well as patriotism to disregard party lines in making the nomination for this office. The fact that Judge Reynolds was elected on the same ticket with Governor McDonald four years ago, that he has made a distinguished record on the bench, that he has always been independent in politics and has kept himself free from any untoward political alliances is considered a convincing reason why he should be placed on a ticket of the sort that they propose to put before the people.

It's a long time until election day, and many things may happen overnight, but at this writing the best bet is that it will be Catron, Hubbell, Hernandez and Lacrozo for the republicans against Putney, Martinez, Walton and Reynolds for the democrats.

**SENTENCED TO HANG FOR ATROCIOUS MURDER**  
**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
Walden, Colo., Oct. 19.—Nicholas Damas was found guilty of murder in the first degree by a jury after twenty-five minutes' deliberation here today. The penalty was fixed at death. The crime charged was participation in the shooting, February 13 last, of William Dick, Oakview mine paymaster. Eight thousand dollars which Dick carried in his automobile, was undisputed. It was thought the murderers were frightened by an approaching automobile, and Vardis Marinis, also indicted on the charge, has not been apprehended.

Attorneys for the defense were granted thirty days to the motion for a new trial.

At the close of the trial Judge Granby Hubbert asked District Attorney J. J. Hendricks to investigate a report that one of the state's witnesses had been offered money to leave the jurisdiction of the court.

## BRITISH SUBMARINE SINKS FOUR STEAMERS

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
Stockholm, Oct. 19.—German steamers, the Perambuco, Zoderham, Johannes-Russ and Delafuen, have been torpedoed in the Baltic sea, off Oselund, to the north of Stockholm, by a British submarine. The Perambuco, and Delafuen were sunk, but the Zoderham and Johannes-Russ are still afloat. The crews of all the steamers were saved.

## RECOGNITION OF GEN. CARRANZA CAUSES CAPITAL TO CELEBRATE

Extra Editions of Newspapers Carry News Throughout Mexico City and Throngs Gather in Streets.

### BELLS IN CATHEDRALS PEAL OUT TIDINGS

Fireworks, Shoot Rockets into the Sky and Whistles Add to Animation Which Prevails Everywhere.

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
Mexico City, Oct. 19.—The news that the government of Gen. Venustiano Carranza would be recognized by the American republics was received here with scenes of general rejoicing.

The extra editions of the newspapers, containing the news were eagerly bought by the promenade and the tidings spread rapidly through the city. The bells in the cathedral were rung and there were fireworks, the blowing of whistles and scenes of general animation.

No official celebration of the recognition of General Carranza has yet been planned as General Gonzalez, the post commander, is absent in the city of Toluca on a tour of inspection.

### CARRANZA IS FORMALLY ACCORDED RECOGNITION

Washington, Oct. 19.—Venustiano Carranza was formally recognized today as the chief executive of the republic of Mexico by the governments of the United States, Brazil, Chile, Argentina, Guatemala, Bolivia, Uruguay, Colombia and Nicaragua.

Diplomatic representatives of the first six Latin-American countries selected in the order of their names here, were parties to the Pan-American conference on Mexican affairs, but the action of Colombia and Nicaragua indicates that all the other republics of the western hemisphere will follow the lead of their sister nations in extending recognition.

Each of the governments sent a letter to Eliseo Arredondo, personal representative here of Carranza. All were couched in the same form and that of the United States added a formal expression of an intention soon to accredit an ambassador to Mexico.

Henry Prather Fletcher, at present American ambassador to Chile, practically has been decided upon as the next ambassador to Mexico. Although a republican in politics, he was elected by President Wilson after a long and successful record in the diplomatic service. He was educated for the law and practiced in Chambersburg, Pa., for many years. He entered with the rough riders and later served in the Philippines. He began as secretary to the American legation in Cuba in 1902, and has been in the diplomatic service ever since, serving in China, Portugal and Chile.

Secretary Lansing's letter of recognition referred only to the intention to accredit an ambassador soon. Its text was as follows:

"Washington, D. C., Oct. 19, 1916.  
"Eliseo Arredondo, Esq.,  
"My Dear Mr. Arredondo:—It is my pleasure to inform you that the president of the United States takes this opportunity of extending recognition to the de facto government of Mexico of which Gen. Venustiano Carranza is the chief executive.

"The government of the United States will be pleased to receive formally in Washington a diplomatic representative of the de facto government as soon as it shall please General Carranza to designate and appoint such representative, and reciprocally, the government of the United States will accredit to the de facto government a diplomatic representative as soon as the president has had opportunity to designate such representative. I should appreciate it if you could find it possible to communicate this information to General Carranza at your earliest convenience.

"Very sincerely yours,  
"ROBERT LANSING,  
"Secretary of State."

This document—the goal of Mexican revolutionary elements for nearly three years—was delivered without ceremony by a state department messenger at noon to Mr. Arredondo at the Mexican embassy building. Shortly afterwards, in response to a telephone invitation from Secretary Lansing, Mr. Arredondo called at the state department for a conference. Although without diplomatic status, he was escorted to the diplomatic lounge where ministers and ambassadors are received. He spent a half hour with the secretary discussing Mexican affairs in general. Thursday Mr. Arredondo leaves here for Mexico to deliver in person the letters of recognition.

## GOVERNOR INSISTS ON PRIVATE EXECUTION

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
Springfield, Ill., Oct. 19.—Failing to receive assurance satisfactory to him that the hanging of Elston and Scott at Murphysboro, next Friday, would be conducted in a proper manner in the presence of few witnesses, Governor Duane late today granted a reprieve of thirty days to Moore.

The action came after the governor had received a communication from Sheriff White of Jackson county, which ended, saying, definitely, just how many persons could be permitted to witness the hanging.

The sheriff replied in the words of the statute which authorizes the county executive to assemble at a hanging "as many deputies and constables as he deems expedient."

Governor Duane was greatly displeased at the publicity which attended a hanging last week in Murphysboro. The expectation at the state house was that the reprieve would be repeated unless there was assurance that there would be no undue publicity at the hanging of Moore, a negro sentenced to death for the murder of Clara Dalton.

## CHINESE HERB DOCTORS STAND ON TREATY RIGHTS

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
San Francisco, Oct. 19.—Three Chinese herb doctors and an interpreter who received jail sentences for violating the state medical laws, obtained writs of habeas corpus in the United States district court here today, after the California supreme court had refused them.

The petition for the writs sets forth that the state medical board refused to examine them because they were "herb doctors" and would not let them practice. This is declared to be a discrimination against the "favored nation" clause of the existing treaty between the United States and China.

## WEALTHY WOMAN CRIES PITEOUSLY FOR HER BABES

New Orleans Authorities Puzzled Over Identity of Patient at Hospital; Claims to Be Widow of Canadian Officer.

### MYSTERIOUS WOMAN TOMMY BURNS WIFE

New Orleans, La., Oct. 19.—A fashionably dressed young woman, whose identity has puzzled police and authorities at a hospital here, to which she was admitted early today in a delirious condition, was identified tonight by Tommy Burns, formerly a heavyweight champion of the world as his wife. Burns said she had not fully recovered from the shock of a recent serious illness. Mrs. Burns disappeared from her home here last night.

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
New Orleans, La., Oct. 19.—Police officers and charity hospital authorities are trying to clear up the identity of an apparently wealthy young woman who gives the name of Mrs. Julia King and says she came from Seattle. In a semi-conscious state, the patient cries for her two children and their French nurse, who she said became separated from her in changing trains at some place which she could not name.

The woman was taken to the hospital late last night in a hysterical condition and has been delirious since. She said she was the widow of Capt. Thomas P. King, a Canadian officer, who she said was killed at the Verdun. She wore expensive clothing and diamonds and jewelry said to be worth more than \$1,500. A full-length portrait of the woman was taken at the hospital and her shoes bore the stamp of a Seattle firm.

**Mark of Injury.**  
The patient complained of pains at the base of the brain, but physicians have found no marks of an injury or other indication of the cause of her condition.

The woman appeared here last night at the home of James H. Parkinson, several miles from any railroad station, and asked Mr. Parkinson to telephone for an ambulance.

"I have experienced a frightful shock and am suffering severe pains in my head," she said.

She was unable to tell when she arrived here. She told a nurse at the hospital that she had two sisters who were now in the St. Joseph convent, Montreal.

## CHICAGO CHIEF PLANS MOVIES ON CRIMINALS

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
Chicago, Oct. 19.—Moving picture pictures of criminals, sitting, standing and walking are planned by Chief Healey of the Chicago police force, by exhibiting the films at all stations the police are expected to gain a knowledge of the appearances of malefactors that they could get in no other way, Chief Healey said today.

The idea is said to have originated with P. D.'Brien, head of the detective bureau. Several negatives already have been taken but are not ready for exhibition.

## CONSCRIPTION TO FOLLOW SHOULD VOLUNTEERS NOT BE FORTHCOMING

Great Britain Not to Abandon Campaign for Opening of Dardanelles, Is Latest Report in London.

### AUSTRO-GERMANS ARE ADVANCING IN SERBIA

Bulgarians Cut Strategic Railroad Thus Retarding Progress of Allies' Forces From Saloniki.

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
London, Oct. 19 (Reuter).—The British government has announced that it will not abandon its campaign for the opening of the Dardanelles, which are proceeding between the allies, notwithstanding which today's meeting of the house of commons was expected to throw on the national operations, over which Sir Edward Carson is believed to have resigned from the cabinet, and on the substitution of Major General Murray for General Sir Ian Hamilton to command the Dardanelles, was not forthcoming.

There were more than a hundred questions in the house on the orders of the day, dealing chiefly with the Near Eastern affairs, the Dardanelles and the method of raising necessary men for the army and while the ministers answered many of them, in no case was the information which the public was anxiously awaiting supplied.

It is generally agreed, however, that for the moment at least, the controversy over recruiting has been silenced, for the conscriptionists, or a majority of them, have decided to give Lord Derby's new scheme a fair trial and to assist him in every way to get the men to increase the size of and fill the gaps in the army. It is understood that the voluntary system, which has been the basis of the army since the last war, despite the opposition throughout the country, those favoring national service for all will endeavor to force its adoption, should Lord Derby fail in his efforts.

So far as the Dardanelles and the Balkans are concerned, a good deal of the pessimism which reigned a week ago has disappeared. It is believed that instead of any idea existing of abandoning the attempt to open the straits and sea route to Constantinople, the appointment of General Murray means a more strenuous effort, and that when the right moment comes the Italian navy, if not the Italian troops, will cooperate.

**No Breaking on Gallipoli.**  
It is known that the forces on Gallipoli have not been weakened for the Balkan campaign and while the task is difficult, the majority of the British public are confident that it will ultimately be accomplished.

In the Balkans the Austro-German and Bulgarian armies continue to claim progress against the Serbians, but except in the north, where the Serbs are being forced back into the mountains, the various reports do not so far forward clarifying the situation.

The Bulgarians have cut the railroad between Eskup and Nish, so it is likely that even in the extreme south, where they have the support of the Anglo-French troops landed at Saloniki, the Serbs are falling back to stronger natural positions.

Isup and Kofehana, it is said, have already been evacuated.

Italy, which singularly enough, is still technically at peace with Germany, has declared war on Bulgaria and Russia is expected to follow her example. When this formality is completed, it is possible that the action which Italy and Russia intend to take in the Balkans will be decided.

The allies also have made a new diplomatic move with respect to Greece. The British and Russian ministers having delivered a note to Athens, explaining that the allies do not share with the Greek government interpretation of the Greek-Serbian treaty, and notifying Premier Zaimis of their intention to land more troops at Saloniki. It is not expected, however, that anything but allied success will have any influence with Greece, or for that matter, with Rumania. Rumania is trying for this in Galicia and Volhynia, where General Ivanoff has won several local victories, and in keeping the Austro-Germans busy.

Otherwise interest in the eastern front wanes in the north, where the Germans continue to attack south of Riga, and the Russians to the south and west of Ivangrad. Both sides lay claims to gains.

The Germans are being considerably hampered by British submarines in the Baltic, for, besides sinking a large number of steamers engaged in the ore trade, between Germany and Sweden, the submarines are interfering with transports between German ports and the Swedish coast.

## TEN MEXICANS IMPLICATED IN WRECK OF TRAIN SLAIN BY POSSE

Condition of Anarchy Prevails Near Brownsville; Race Hatred at Bottom of Wholesale Slaughter.

### BOLD PIECE OF WORK IS DONE BY BANDITS

Spikes Removed From Rail While Outlaws Lie Concealed in Brush and Fire on Unsuspecting Victims.

### War Conference of French and British Officials

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
Brownsville, Tex., Oct. 19.—Ten Mexicans were killed by posse today because of their alleged complicity in last night's wrecking of a St. Louis, Brownsville and Mexico passenger train and the slaying of three Americans and the wounding of four others. Peace officers said tonight they had clues to other Mexicans connected with the robbery.

### Betrayed Dr. McCain.

The first Mexican killed was an unidentified young man, a passenger on the wrecked train, who was accused of revealing the hiding place of Dr. P. K. McCain, deputy state health officer here, who took refuge in the lavatory of the car when the bandits began firing. Sheriff W. T. Vann, of Brownsville, denied reports of this Mexican's death, but tonight it developed that he was the man who after the sheriff left the scene of the wreck, this Mexican was himself threatened by the train robbers because of his unusually fair complexion, but was not molested after he told them where two of the "gringos," whom they were hunting, had hidden.

### Give Out Few Details.

Only the bare facts of the killing of other Mexicans today were obtainable, as the posse were careful not to give out details. The second Mexican killed was alleged to be a "partner" of the young man on the train. The cause meaning of the word partner was not made clear. Four Mexicans were hanged to trees at various points and four others were shot.

### The Most Reliable Information.

Indicated that these shootings were on or very near the banks of the Rio Grande, where the closest watch for Mexicans was maintained for a distance of 100 miles, up and down the river.

### Cavalrymen Chase Fugitives.

United States cavalrymen for seven miles chased a young Mexican who appeared in the Law Indian district today, about thirty miles up the river from the place of the robbery. He was brought to Fort Brown here, where army officers questioned him closely. They said that he gave no information to connect him with last night's robbery. Finally the officers, having no opportunity to hold prisoners, turned this Mexican over to the civil authorities.

### Big Search Conducted.

Probably fifteen hundred cavalrymen and infantry today joined in searching for traces of the bandits for a distance of thirty miles up the American side of the river. Hundreds of civilians led by scores of deputies joined in this work.

Civil and military authorities today did not agree on whether any of the bandits in the robbery had crossed from the Mexican side of the river.

### Death of Dr. McCain.

The death of Dr. McCain late today was the third to result from the wreck. An deputy state health officer here he was widely known and his death aggravated the feeling among Americans more than any previous incident in the three months of border incidents. Dr. McCain was shot in the abdomen when the bandits learned that he had taken refuge in the car lavatory and fired through the door. Harry J. Wallis, prominent in Texas politics, was wounded slightly at the same time. The four injured, three of them by bullet wounds and the fourth by scalds when the train was wrecked on the outskirts of Brownsville by a removed rail, were said tonight to be on the way to recovery.

### Story of Hold-up.

Inspired by race hatred as well as desire for loot, twenty Mexicans who claimed to be followers of Luis de la Topa, leader of the so-called Texas revolution, held up and robbed a train near Omitia, seven miles north of here late last night. As a result two men are dead, another is probably fatally injured and four others are seriously hurt.

The scene of the robbery was three miles from the Rio Grande. The Mexicans as they fired at the train crew and passengers shouted, "Viva Pancho Villa Carranza."

### Change Soot Flings \$72,000.

New York, Oct. 19.—The sale of a seal on the stock exchange for \$72,000 was announced today. The price is \$2,000 higher than the last sale, a few days ago, and is several thousand dollars higher than a number of sales between four and six months ago.

## BULGARIANS CONTINUE ADVANCE INTO SERBIA

**SPECIAL CORRESPONDENCE TO MORNING JOURNAL**  
Sofia, Oct. 19 (via London, Oct. 19).—The Bulgarians continue to advance into Serbia, and the Serbian army is being driven back towards the north. The Bulgarians have captured several towns and are now moving on towards Belgrade. The Serbian government has declared that it will not surrender and will continue to fight for its independence.

# G. O. P. ALARMED; WILSON STEALS THUNDER FROM OPPOSITE PARTY

Preparedness, Tariff Revision,  
Mexican Affairs, Live Re-  
publican Issues, Are Coolly  
Appropriated by President.

## ADMINISTRATION PLAN PRESAGES BIG FIGHT

Bryan and Many Democrats  
Are Counted as Strongly  
Opposed to Proposed In-  
crease in Army and Navy.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
Washington, Oct. 19.—Some months  
ago, when the republican party ap-  
peared to have the party in power on  
the run on nearly every issue before  
the president said that one by one these  
issues would be taken from them.  
Evidently he knew what was going on,  
for there has been a logical effort to  
deplete the republican party of its  
leading issues.

The first attack was made by Con-  
gressman G. P. Gardner, of Massa-  
chusetts in the last congress when he  
demanded an investigation of the na-  
tional defense situation and made se-  
rious charges against the navy as to  
discipline, personnel and shooting.  
The president made one of his charac-  
teristic comments to the effect that  
it was good academic thought. Since  
then, he appears to have changed his  
mind. He is today preparing to go  
to congress with an ambitious pro-  
gram of national defense, such a pro-  
gram as will enlist more willing re-  
publicans than democratic votes.

**Heads Back to Tariff.**  
The republicans felt that their time  
had come to again revise the tariff.  
They had the figures to show that the  
Underwood tariff had failed. The dem-  
ocrats claimed that the war had inter-  
fered with its operations so they had  
to rely on special revenue taxes.  
But the figures were in existence to  
show that the tariff was a dead failure  
as a revenue getter before the war  
came on.

As before, the president post-  
poned the whole issue. But again he  
has shown a surprising change of  
front.

**How He Changed.**  
He had his secretary of the treas-  
ury announce that the sugar taxes  
must be kept on for several years to  
come. He has written letters which  
show a soft side for a tariff commis-  
sion to revise the tariff after the war.  
There is a well defined rumor that he  
will stand for a tariff on wool.  
Lastly, the republicans counted that  
his policy in Mexico had made the  
name of democracy anathema to the  
whole country.

"Watchful waiting" had, in their  
opinion, cooked the goose of Wood-  
row Wilson.  
At Indianapolis, the president an-  
nounced that the Mexicans had as good  
a right to fight on their troubles as  
anybody else and that nobody should  
interfere with that right while he was  
president.

**Reverses Front Again.**  
A third time he changed front rap-  
idly. Carranza, whose name was on  
the official blacklist for more than a  
year, is to be president of Mexico by  
Woodrow Wilson's consent. In fact,  
by his creation, for nobody thinks for  
a minute that the South American re-  
publics have done anything but fol-  
low his lead.

Unquestionably all these moves  
have rattled the republicans to de-  
clare they do not care to admit Wood-  
row Wilson as the head of a national  
defense program of which they con-  
sidered themselves the sole and only

# LOSING HOPE WOMAN VERY ILL

Finally Restored To Health  
By Lydia E. Pinkham's  
Vegetable Compound.

Bellevue, Ohio.—"I was in a terrible  
state before I took Lydia E. Pinkham's  
Vegetable Compound. My back  
ached until I thought  
it would break. I had  
pains all over me,  
nervous feelings and  
periodic troubles. I  
was very weak and  
run down and was  
losing hope of ever  
being well and  
strong. After taking  
Lydia E. Pinkham's  
Vegetable Compound I  
improved rapidly and  
today am a well woman.  
I cannot tell you how  
happy I feel and I  
cannot say too much for  
your Compound. Would  
not be without it in the  
house if it cost three  
times the amount."  
—Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Bel-  
levue, Ohio.

## Woman's Precious Gift.

The one which she should most zeal-  
ously guard, is her health, but it is  
the one most often neglected, until  
some ailment peculiar to her sex has  
fastened itself upon her. When so af-  
fected such a woman may rely upon Lydia  
E. Pinkham's Vegetable Compound, a  
remedy that has been wonderfully suc-  
cessful in restoring health to suffering  
women.

If you have the slightest doubt  
that Lydia E. Pinkham's Vegeta-  
ble Compound will help you, write  
to Lydia E. Pinkham Medicine Co.  
(confidential) Lynn, Mass., for ad-  
vice. Your letter will be opened,  
read and answered by a woman,  
and held in strict confidence.

constitutional guardians does not all  
well. Woodrow Wilson, who has been  
in Mexico after having been battered  
about freely, still still worse. But  
most of all he Woodrow Wilson ad-  
vocating a protective tariff.

**Effect on Democrats.**  
How much defection may be expect-  
ed from the democratic ranks be-  
cause of these moves it is hard to  
predict. Facilitators of the extreme type  
are already shrieking.

William J. Bryan came into Wash-  
ington the other day with cries from  
the common people that the jingles  
were in charge and that the man-  
dators were behind them. He stood  
out for the present appropriation  
for the army and navy.

The New York Evening Post de-  
mands the reduction of the army and  
reliance on our moral position among  
the nations.

How far they will tight the presi-  
dent remains to be seen.  
As to the Post, it would not make  
much difference. But as to Mr. Bryan  
it would depend.

He has been in communication with  
Warren Worth Bailey, of Pennsylvania,  
since he came to town.  
**Fifty Congressmen Opposing.**

Bailey has declared that of the fifty  
members of congress he wrote to on  
the subject some weeks ago all re-  
main opposed to an increased armam-  
ent. These fifty are enough to de-  
clare the line of trouble, if not to  
defeat the program.

There is every reason to believe  
that the big fight in congress this  
winter will be over the national de-  
fense plans of the administration, es-  
pecially that portion dealing with the  
army.

About \$400,000,000 is to be  
called for, \$100,000,000 for the army  
and the remainder for the navy.

The naval portion of the program  
apparently will not encounter much  
opposition. The addition of subma-  
rines and of swift battle cruisers, to-  
gether with the host of auxiliary ves-  
sels that go to make up a well bal-  
anced navy, has been seen to be a  
necessity since the navy of the world  
came together in the present war.

This will not in the least deter the  
government from asking for large  
grants for the latest type of battle-  
ships because the most recent devel-  
opments of the European war have  
shown that submarines are not a sub-  
stitute for battleships.

**Army Program Different.**  
But the army program is not so  
clear. Secretary Garrison has put  
forth a most ambitious program, on  
paper. If his hopes were realized, it  
would produce \$5,000 fighting men  
almost immediately and eventually a  
maximum of 1,200,000. Of these  
140,000 would be regulars and would  
constitute the first line, 125,000 would  
be national guardsmen. The rest  
would be continentals.

This sounds good. Continentals is  
a patriotic word. It suggests the revo-  
lutionary heroes. But until Mr. Gar-  
rison explains a good deal more in  
detail nobody knows where he would  
get 400,000 continentals who would  
be real soldiers.

He might, like Lord Balfour, the  
English war secretary, whose admin-  
istration was such a glorious failure,  
have 400,000 names, but would he  
have that many or half that many  
men trained to go into the field?

Lord Balfour's territorial proved a  
fiasco. Germany knew they were a  
farce. She counted only on England's  
regulars, her contemptible little army  
of five divisions.

**Territorials Were Discarded.**  
When the war came on, Lord Kil-  
cher had to discard the territorials  
entirely as a supplementary force. He  
had to raise a new army, train it, re-  
ad it, hold it in England under drill  
all the while Germany was knocking  
all the regular army to bits.

Some of the material was useful but the  
organization was not worth anything.  
This is the judgment of an Ameri-  
can army officer who believes that  
the Garrison scheme of continentals  
is illusory and will fall to pieces when  
examined by congress. His opinion is  
that congress will have to discard it  
in favor of some form of conscription  
or else give up the idea of a second  
line of defense entirely.

Under Secretary Garrison's plan of  
military preparation there will be up-  
ward of 1,250,000 men available for  
duty at the end of six years. The sec-  
retary proposes to increase the regu-  
lar army to 140,000.

**100,000 in Two Years.**  
Enlistments are to be for two years  
with the colors and four years in re-  
serve. Secretary Garrison figures that  
at the end of two years he will have  
140,000 trained soldiers. These  
will go into the regular army reserve  
and new men will take their place.  
At the end of six years, the regular  
army force with the colors will be  
140,000 and the regular army reserve  
280,000. This will make the total  
strength of the regular army at the  
end of six years 420,000 men.

The Garrison plan for what he calls  
the continental army consists of the  
enlistment of 125,000 citizen soldiers  
each year for a period of three years.  
During each of these three years they  
are to have two months' intensive mil-  
itary training.

This force will aggregate 400,000  
men at the end of three years when  
the first year men will go into reserve  
for a period of three years.

**400,000 in Four Years.**  
Thus, in the fourth year, there will  
be 400,000 continentals with the colors  
and 125,000 in reserve. In the fifth  
year, there will be 266,000 in re-  
serve and in the sixth year there  
will be 400,000 in reserve. After the  
sixth year, the first year men will be  
released and no longer subject to call.

Assuming that both the regular  
army and the continental army is re-  
cruited and maintained in its full  
strength year after year, Secretary  
Garrison gets his total of nearly 1-  
250,000 trained men as follows:

Regular army—With the colors,  
140,000; in reserve, 280,000. Total,  
420,000.  
Continental army—With the colors,  
400,000; in reserve, 400,000. Total,  
800,000.  
Grand total—1,220,000.

**Pay for Continentals.**  
The continental army is to be paid  
on the basis of the regular army pay  
for two months of actual training and  
when called into service after the men  
are placed in reserve.

In addition to the regulars and con-  
continentals, the Garrison plan con-  
templated encouragement of the militia  
by the enactment of a pay bill, which  
will compensate national guardsmen  
on the basis of number of drills they  
attend during a year.

There was an argument on a mili-  
tary pay bill between the national

# Ad. Peary Before Aero Fell 1,200 Feet

The flying boat which carried Ad-  
miral Robert E. Peary, discovered of  
the north pole on his first flight,  
fell with him 1,200 feet. With his  
aviator he landed safely on the water  
near Long Island, and did not even  
know there had been an accident,  
till a height of 1,200 feet the engine  
stalled and failed to work further.  
Thomas W. Post took him up, and  
as the engine broke down the aviator

reflected to him that all was safe but  
he did not understand what was meant.  
The aviator sat quietly in the air  
while the engine made frantic at-  
tempts to start. From below the crowd  
saw that there had been an accident,  
but the aviator of the north pole  
didn't know it. When he was safe on  
the ground he told:

"Why I thought that was the way  
every one came down in an aero-  
plane," said he.

The new dye industry will  
be protected by duties. The treasury  
will be required by wool, sugar and  
other duties. The Underwood tariff  
will be made over so it will not know  
itself. The free trade dream of the  
democratic party will fade for a gen-  
eration.

Mexico may pull out all right after  
all lessons of the examination of fight-  
ing forces. Garrison, study and con-  
sider, the world's greatest colored base  
needs more than a roadblock like  
Villa or a bold, frank assembly  
like Huerta. If it shall prove so,  
the administration will be subject only  
to the criticism of having waited so long.

**FRIENDLY SUIT BROUGHT  
TO TEST VALIDITY OF  
DEMING ARMORY BONDS**  
SANTA FE, Oct. 19.—In the district  
court today Harry H. Kelly, of Dem-  
ing, brought friendly suit against  
Green S. Warren, treasurer of the  
state of New Mexico, to enjoin him  
from selling or selling the state  
bonds authorized for the construc-  
tion of a national armory at  
Deming, the amount involved being  
\$1,000 for the Deming armory and  
small amounts for armories at Albu-  
querque and Corral.

Attorney General Fisher moved  
that the suit be dismissed. Judge E. C.  
McClure, sitting for Judge E. C.  
Gibbs, sustained the demurrer and  
the plaintiff's motion for an appeal to  
the state supreme court was re-  
fused. The question raised is that  
the laws authorizing the bond issue  
were not published in full in the paper  
required by the constitution, at  
least the journal does not show that  
they were so read.

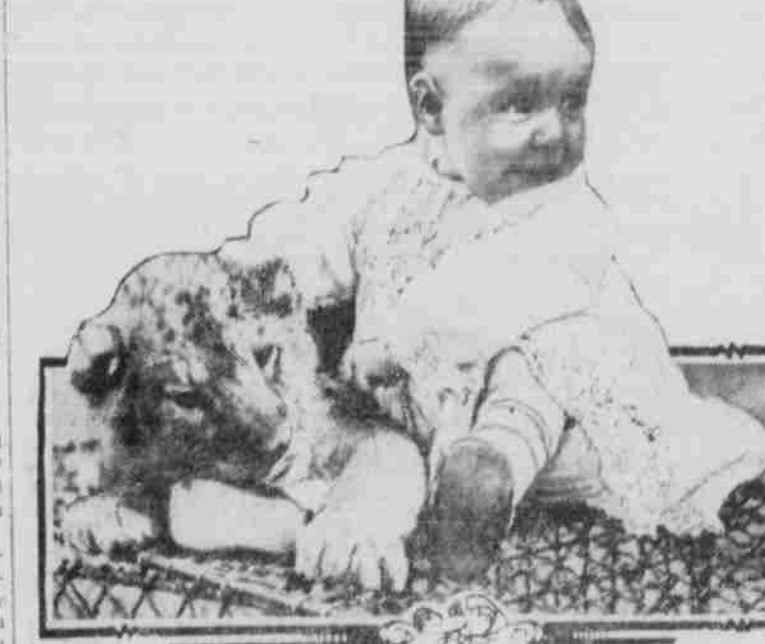

**Old-Timer Is Dead.**  
SANTA FE, Oct. 19.—Steno Vigil,  
who died on Sunday at his home on  
Canyon road, worked as a cooper in  
Columbia, A. Second Regiment of New  
Mexico infantry volunteers during the  
Civil war. He was aged 82 years and  
was survived by four sons, two daugh-  
ters and three brothers.  
Mass was celebrated in the Catholic  
church at Santa Fe yesterday afternoon  
and interment took place in the Na-  
tional cemetery. Vigil was of much  
prominence politically for years and  
longer. He was married to Maria Martinez,  
Juan Jose Rodriguez, Felix Rodriguez,  
Tendro Martinez and Andre Sena.

Next to the national defense pro-  
gram the biggest fight will be over  
the change of tariff. That it will have  
to be changed is evident, because busi-  
ness has already discovered the Red-  
field plan to present "dumping" by  
using unfair competition clauses of  
anti-trust laws. The country rejects  
this gaudy scheme in favor of the  
known practical plan.

Redfield's fiery proposals to double  
the country with an international  
anti-trust legislation are not worth the  
breath it took to shout them. In the  
judgment of the business men of

the country, the only way to double  
the country is to double the number of  
men who are willing to work for it.

Two of the babies of the Sells-Foto Circus, which will appear in this  
city on Monday, November 8. The baby is, Madeline Records, daughter of  
Capt. Dutch Records, the Lion Tamer of the Circus.

# ALL RECORDS OF EXPORTS BROKEN FOR ONE WEEK

From Port of New York Ship-  
ments for First Week of  
October Are Shown to Ag-  
gregate Over \$76,000,000

(BY MORNING JOURNAL SPECIAL AGENT)  
New York, Oct. 19.—Exports from  
the port of New York during the  
first ten weeks of October reached  
the record-breaking total of \$76,155,-  
763, at which virtually two-thirds  
represented war commodities and im-  
ports, according to figures made pub-  
lic today. Exports yesterday amount-  
ed to \$13,892,400, and if the amount  
of business during the remainder of  
the month is equal to that for the  
first week, all monthly export records  
at this port will be broken.

Virtually all of these exports went  
to England, France, Canada, Italy,  
of the first week total \$13,155,297,  
was for explosives, \$7,425,000 for  
steel, cotton and woolen goods, \$2-  
267,918 for automobiles, trucks and  
trains, and \$2,454,100 for copper,  
brass, iron and steel manufactures,  
lead, zinc and nickel. Total value  
over \$100,000 for the same period,  
and railway materials exceeded \$10-  
000,000.

The figures show that a wide range  
of goods and materials intended for  
purposes other than military use and  
show a decided export increase over  
similar periods before the war. In  
some cases a profitable business is  
shown in lines that were seldom, or  
never, exported previous to fourteen  
months ago.

# RICHARDS & PRINGLES GEORGIA MINSTRELS

LESTER McDANIELS  
Comedian.

The personnel of Richards & Pringles  
Famous Georgia Minstrels, which  
came to the Grand Theater on Mon-  
day, October 19, contains the names of  
such well known performers as Char-  
les Powell, the dean of Ethiopian  
comedian, Maxine Campbell, Ethel-  
bert Heston, Jerry Mills, Benny  
Jones, Dave Smith, the famous ex-  
ponent of burlesque, William De A-  
cker, the world's greatest colored base  
baller, Sidney Kirkpatrick, the fash-  
ionable plate umpire and sportive  
Whitney Vines.

And Pringles' character studies, Les-  
ter McDaniels, comedian, and a host  
of others—thirty in all.

The comic and electrical paraphra-  
sists in the best that money can buy  
and specialized imitations.

The wardrobe is the costliest ever  
carried by a minstrel organization.  
The show can be summed up in the  
one word, "perfection."

Look for the best dressed minstrel  
parade ever on the streets of our  
city at noon on the date of their ap-  
pearance.

# HIGHWAY CONVENTION NOW WELL UNDER WAY

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)  
SANTA FE, Oct. 19.—Because of the  
downs of many delegates in arriv-  
ing and the absence of Governor Mc-  
Donald, the convention of the State  
Highway Builders' association did not  
get under full steam until today, al-  
though a meeting attended by about  
two score members of the association  
was held yesterday afternoon in the  
hall of representatives at the capital,  
in which President Francis E. Lester  
of Mesilla Park delivered the annual  
address in which he covered the mat-  
ter of highway construction in most  
thorough and complete manner. He  
recommended a permanent legisla-  
tive committee and favored centralization  
of administration in road building.

Eugene Kampenich, R. F. Hall, H.  
C. Harmon, Capt. W. C. Reil and  
Capt. T. J. McDaniel took a prominent  
part in the proceedings. After their  
business sessions were taken over  
by the delegates, a link in the Santa  
Fe-Tucson road, which has been built  
recently in accordance with modern  
ideas. Automobiles were furnished by  
Franklin M. Collins, Arthur Solle-  
man, W. O. Collier, James A. French,  
J. Ashby Davis, Charles Chapman, John  
Decker and others for the trip which  
proved most picturesque and unusual.  
Shops were made at the road camp  
and at the Duran ranch. Today the  
fourth day of the convention, the  
Palace of the Governors in  
Schools and Good Roads.

**Examining Insurance Companies.**  
SANTA FE, Oct. 19.—Inspection super-  
intendent of Insurance Peter A. M.  
Edwards has just completed the exami-  
nation of the International Life In-  
surance company at Salt Lake City,  
and today, in conjunction with re-  
presentatives of the insurance depart-  
ments of Utah, Washington, Idaho  
and Colorado, began the examination  
of the Guardian Casualty company in  
that city.

# STAR

## CHEWING TOBACCO

LEADING BRAND OF THE WORLD

"Here, Jim, bite off a  
chew of STAR and get  
a move on."

STARTING a suggestion  
about another man's work  
with a chew of STAR,  
spells friendly helpfulness.

When you give a man a  
chew of a big, meaty STAR  
plug, you are doing him the  
best tobacco turn you can.

At the first taste of this thick, rich,  
chew, he will know you for a man  
who knows tobacco.

# Men Who Chew Are Men Who DO

As a nation we seem to prefer chew-  
ing to any other use of tobacco. More  
chewers choose clean-made, honest-weight  
STAR than any other brand of chew-  
ing tobacco.

16 oz. Plugs 10c Cuts

Liggett & Myers Tobacco Co.

STAR was awarded the Grand Prize  
at the San Francisco Exposition, and is  
the only chewing tobacco that has ever  
received this highest possible award.

# WATSONS LOCKED IN WORLD STRIFE DECEIVE SELVES

Barth Makes State-  
ment. Telling What English  
Said About Germans and  
What Latter Told of Britons

Barth, the student of the  
University of New Mexico yesterday,  
made a statement in his recent trip  
to England and Germany. He

discussed the matter  
of the subject I must as-  
sume that I must be limited to those  
which came within my per-  
sonal observation and that my opin-  
ions are not interesting to  
the relation of those facts  
as a personal observation during  
my recent trip to the war zone.  
The present, then, of the use of the  
present account will be par-  
tially in the same reason will be par-

in the first place, in order that  
I may not be misunderstood in any-  
thing that I may say, hereafter, let  
me explain to you that I am an ab-  
solute neutral as any human being  
can be and that in this European  
war my sympathies are entirely, ab-  
solutely and completely with the  
United States of America.

Photo on Passport.  
I intend to travel abroad in the  
autumn to appear before the state  
department at Washington and relate  
to the state department the reasons  
for my going abroad. One must make  
a statement of American citizenship and  
be vouched for by other Americans.  
When finally one has passed  
the mass of red tape one is pho-  
tographed and a passport is issued,  
signed by the secretary of state. This  
passport bears upon its face the de-  
scription of the person receiving it  
and also a statement of the business  
for which he is going abroad as well as  
a photograph of the person to whom  
the passport is issued. The seal of  
the United States is stamped on the  
passport and two of the same seals  
are stamped upon the photograph. The  
signature of the owner is certified  
to by the secretary of state. One  
has also to sign one's name across  
the photograph.

When with such a passport, I  
went to the St. Paul, which is a steam-  
ship belonging to the American line and  
which plies between New York and  
Liverpool. This steamer played a  
prominent part as an auxiliary cruiser  
during the Spanish-American war.  
We had an uneventful trip until we  
reached the war zone, which is a  
line fixed by the German govern-  
ment for sea-going vessels and ex-  
tends about 700 miles from Liverpool.

Board of Submarine.  
The St. Paul had painted on each  
side an immense American flag, the  
stars from the stern an immense Amer-  
ican flag and it has a large electric  
fan on each side which blows "St.  
Paul".

On the night before we entered  
the war zone the Marconi operator  
told the officer, who, it seems to  
me, is the only one known to the  
passengers that a German submarine  
was ahead of us.

This information was undoubtedly  
necessary as a warning, but it did  
nothing to relieve the nervousness  
and mental strain which existed on  
the boat prior to the time it came  
to our knowledge. Two immense  
electric lights were applied on the  
deck at the stern of the boat. Im-  
mense electric lights were suspended  
upon poles from over the water so  
as to reflect on the flags painted on  
the sides of our boat. The electric  
lights bearing our name were lighted  
and remained so during the night. A  
singing of electric lights were sus-  
pended from the masts of the ship  
so that the entire ship was outlined  
and could be seen at a great distance  
in the event that we were to be

# HAD AWFUL WEAK SPELLS

Suffered So Much Felt She  
Had to Have Relief. Says  
Cardui Made Her Well.

Albuquerque, N. M., Oct. 19.—Mrs. M. T. May, of this  
place, writes: "I was not especially  
strong when I married... but after  
my marriage I seemed to get very  
much weaker. About two months after  
I was married, I began to have awful  
head spells. Would have had spells  
of headache, simply felt bad all the  
time, could hardly do a thing. I  
suffered so much pain in my left side  
and had the swimming of the head  
and vertigo and heartburn very  
bad. In fact, I suffered so much I  
thought I would die. I kept getting  
worse and felt I must have some re-  
lief. I had some pain and difficulty  
in walking."

Mr. May, who ran a store in  
Albuquerque, and who took Cardui,  
and his wife, both of them, who  
did me so much good that he bought  
the medicine, and after the use of three  
bottles I was well; was up doing  
my work after the use of the first  
bottle. It's the best health tonic I had  
in my life. I advise all women  
who have weak spells...  
The thousands of letters, which  
come to me every year, like the above,  
are proof of the merit of  
Cardui, the women's tonic.  
For sale by all druggists.

# Millionaires Accused of Criminal Conspiracy

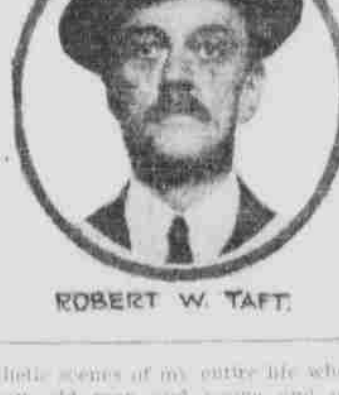

LEWIS CASS LEMAY

FREDERICK F. BREWSTER

JAMES S. HEMINGWAY

ROBERT W. TAFT

WILLIAM ROCKEFELLER  
TRYING TO HIDE FROM A PHOTOGRAPH

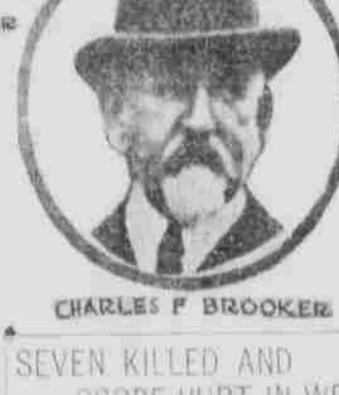

HENRY K. MCHARDY

EDWARD D. ROBINS

A. HEATON ROBERTSON

CHARLES F. BROOKER

Twelve great millionaires, the most  
important of whom is William Rock-  
efeller, worth something like \$150-  
million, have been placed on trial  
before the United States court in  
New York City on the charge of con-  
spiring to defraud the government of  
the New Haven railroad. The pen-  
alties, if they are convicted, is \$5,000  
fine or a year in jail, or both.

The fortunes of these millionaires  
are estimated as follows:  
William Rockefeller... \$150,000,000  
Lewis Cass LeMay... 10,000,000  
George McCulloch Miller... 5,000,000  
Charles F. Brooker... 20,000,000  
Charles M. Pratt... 10,000,000  
Edward D. Robins... 1,000,000  
Frederick F. Brewster... 3,000,000  
Robert W. Taft... 10,000,000  
James S. Hemingway... 5,000,000  
Henry K. McHardy... 20,000,000  
Frederick F. Brewster... 3,000,000

The defendants are:  
William Rockefeller (44), one of  
the three or four richest men in the  
world.  
George McCulloch Miller (52),  
New York corporation lawyer, and  
owner of church and charity work-  
houses in New York.

Charles F. Brooker (60), Ansonia,  
Conn., multi-millionaire, president  
American Bank company in Con-  
necticut, ex-member of Connecticut  
legislature, national republican con-  
gressman in 1900 and 1912 and a  
lawyer in politics.

Henry K. McHardy (44), of Stan-  
ford, Cal., but a banker in New  
York, an ex-governor of the New  
York stock exchange, and owner  
of a large estate in Virginia, railroad  
director.

Edward D. Robins (42), New  
Haven, one of Connecticut's richest  
citizens, capitalist, bank director,  
in hardware manufacturing business,  
prominent sportsman on land and  
water, youngest of those arrested.

Robert W. Taft (47), Providence,  
R. I., cotton manufacturer, banker  
and financier, and with several  
millions, not a brother of ex-Pres-  
ident Taft, as often mistaken.

James S. Hemingway (36), New  
Haven, one of Connecticut's most  
influential mercantile and railroad  
bankers, reportedly worth several mil-  
lion dollars.

A. Heaton Robertson (40), New  
Haven, lawyer, director in banks and  
industrial companies, ex-member of  
state legislature and a democratic  
candidate for both governor and  
United States senator.

Lewis Cass LeMay (44), New York  
one of the most prominent lawyers in  
the United States, close friend of  
late J. P. Morgan, whose will he drew,  
director in various railroad and in-  
dustrial corporations.

Charles M. Pratt (50), Brooklyn,  
Standard Oil multi-millionaire, presi-  
dent of Pratt Institute, Brooklyn,  
trustee of Amherst college and donor  
of large gifts for education.  
Edward D. Robins (42), New  
Haven, general counsel for the New  
Haven railroad system from 1904 to  
1914, and therefore Connecticut con-  
sulted for the system for many years, a  
lawyer regarded as having few or no  
equals in New England on corporate  
matters.

# CZAR DENOUNCES BULGAR TREASON TO SLAV RACE

Manifesto Declares Russia  
Will Punish Balkan King-  
dom for Alliance With  
Turks and Attack Serbs.

St. Petersburg, Oct. 19.—(Via London,  
Oct. 19, 1915, A. P.)—The following  
imperial manifesto has been issued:

"We hereby make known to all our  
loyal subjects that the treason of  
Bulgaria to the Slav cause, prepared  
with perfidy, has the completion of  
the war, has now, although it seems  
impossible, become an accomplished  
fact. Bulgarian troops have at-  
tacked our loyal ally Serbia, already  
bleeding in the struggle against a  
stronger enemy.

"Russia and the great powers, our  
allies, tried to dissuade the govern-  
ment of Ferdinand of Bulgaria from  
taking this fatal step.

"Bulgaria, our co-religionist, ut-  
terly betrayed a short time ago from  
the Turkish yoke by the fraternal love  
of the Russian people, openly has sided  
with the enemies of the Christian  
faith, Slavs and Russia.

"The Russian people reminds with  
sorrow the treason of Bulgaria,  
which was so near to it with these  
last few days, and with bleeding  
heart, it draws its sword against her,  
leaving the fate of the emperor of  
the Serbs to the just punishment  
of God.

Reverend Associate of Ohio.  
New York, Oct. 15.—(Adolph S.  
Ochs, publisher of the New York  
Times, announced tonight the accep-  
tance by George McAneny, president  
of the board of adherents of New  
York, of an offer to become associated  
with him in the management of the  
Times.

# LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When constipated or bilious  
give "California Syrup  
of Figs."

"Look at the tongue, mother! If  
constipated, it is a sure sign that your  
little one's stomach, liver and bowels  
need a gentle, thorough cleansing at once.  
When nervous, cross, bilious, pale,  
doesn't sleep, doesn't eat or act natu-  
rally, or is feverish, stomach sour,  
breath bad, has stomachic colic, sore  
throat, diarrhoea, full of cold, also a  
teaspoonful of 'California Syrup of  
Figs,' and in a few hours all the food  
constipated waste, undigested food  
and sour bile gently moves out of  
its little bowels without griping, and you  
have a well, playful child again.

"You needn't coax sick children to  
take this harmless 'Fruit Laxative';  
they love its delicious taste, and it al-  
ways makes them feel splendid.

Ask your druggist for a 50-cent bot-  
tle of 'California Syrup of Figs,'  
which has directions for babies, chil-  
dren of all ages and for grown-ups  
plainly on the bottle. Beware of coun-  
terfeits sold here. To be sure you get  
the genuine, ask to see that it is made  
by the 'California Fig Syrup Company.'  
Refuse any other kind with content.

# FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapepsin" ends all  
stomach distress in five  
minutes.

Wonder what ailed your stomach—  
which portion of the food did the dig-  
estion—do you? Well, don't bother. If  
your stomach is in a revolt, if sour,  
heavy and upset, and what you just  
ate has fermented into stubborn  
lumps, head aches and aches, which  
cause indigestion and create undig-  
ested food, heavily food, tongue coated—  
just take a little Pape's Diapepsin and  
in five minutes you wonder what be-  
came of the indigestion and distress.  
Millions of men and women to-day  
know that it is useless to have a bad  
stomach. A little Diapepsin seasonally  
keeps this delicate organ tranquil-  
ized and they eat their favorite foods  
without fear.

If your stomach doesn't take care of  
your food, don't wait without rebellion.  
If your food is a damage instead of a  
help, remember the quickest, safest,  
most harmless relief is Pape's Diapepsin,  
which costs only fifty cents for a  
large case at drug stores. It's truly  
wonderful—it digests food and sets  
things straight, so gently and easily  
that it is really astonishing. Please,  
for your sake, don't go on and on with  
a weak, disordered stomach; it's so  
unnecessary.

TWO CHILDREN HAD CROUP  
The two children of J. W. Nix, more-  
chant, Cleveland, Ok., had croup last  
winter. One was a boy of 5, the other  
a girl of 3 years. Mr. Nix writes:  
"Both got so choked up they could  
hardly breathe and couldn't talk. I  
gave them Foley's Honey and Tar and  
nothing else and it entirely cured  
them." This reliable medicine should  
be in every home for it gives imme-  
diate relief from colds, coughs and  
croup, hoarseness, inflamed throat and  
infectious phlegm. Sold everywhere.

# SEVEN KILLED AND SCORE HURT IN WRECK

Chicago, Oct. 19.—Seven  
persons were killed today and a score  
of passengers injured when Rock Is-  
land passenger train No. 11 collided  
head-on near here with a freight  
train. None of the passengers were  
hurt fatally, according to physicians.

Of the dead three were women,  
B. C. Arnold, Virgil Southward and  
Sam Carroll, while the other four  
were said by railroad officials to have  
been riding the "lumber train." Two  
of them were killed on the Rock Is-  
land, Kansas City Mo., and R. C. Kettle,  
Indianapolis, Ind.

William Powell, engineer of No. 11,  
is expected to die from his injuries.  
The failure to take a siding to let the  
freight train pass was assigned offi-  
cially as the cause of the wreck.

Eddy County School Report.  
Santa Fe, Oct. 19.—Eddy county  
today reported to the department of  
education 5,225 persons between the  
ages of five and twenty-one, or  
amounting 4,732 less than a year ago.  
In the year 1914 the county re-  
ported 10,197 persons of school age,  
which is 187 less than the year  
before.

Francis P. Brewster (42), New  
Haven, one of Connecticut's richest  
citizens, capitalist, bank director,  
in hardware manufacturing business,  
prominent sportsman on land and  
water, youngest of those arrested.

Robert W. Taft (47), Providence,  
R. I., cotton manufacturer, banker  
and financier, and with several  
millions, not a brother of ex-Pres-  
ident Taft, as often mistaken.

James S. Hemingway (36), New  
Haven, one of Connecticut's most  
influential mercantile and railroad  
bankers, reportedly worth several mil-  
lion dollars.

A. Heaton Robertson (40), New  
Haven, lawyer, director in banks and  
industrial companies, ex-member of  
state legislature and a democratic  
candidate for both governor and  
United States senator.

Lewis Cass LeMay (44), New York  
one of the most prominent lawyers in  
the United States, close friend of  
late J. P. Morgan, whose will he drew,  
director in various railroad and in-  
dustrial corporations.

Charles M. Pratt (50), Brooklyn,  
Standard Oil multi-millionaire, presi-  
dent of Pratt Institute, Brooklyn,  
trustee of Amherst college and donor  
of large gifts for education.

Edward D. Robins (42), New  
Haven, general counsel for the New  
Haven railroad system from 1904 to  
1914, and therefore Connecticut con-  
sulted for the system for many years, a  
lawyer regarded as having few or no  
equals in New England on corporate  
matters.

Frederick F. Brewster (36), New  
York one of the most prominent lawyers in  
the United States, close friend of  
late J. P. Morgan, whose will he drew,  
director in various railroad and in-  
dustrial corporations.

Henry K. McHardy (44), of Stan-  
ford, Cal., but a banker in New  
York, an ex-governor of the New  
York stock exchange, and owner  
of a large estate in Virginia, railroad  
director.

George McCulloch Miller (52),  
New York corporation lawyer, and  
owner of church and charity work-  
houses in New York.

Charles F. Brooker (60), Ansonia,  
Conn., multi-millionaire, president  
American Bank company in Con-  
necticut, ex-member of Connecticut  
legislature, national republican con-  
gressman in 1900 and 1912 and a  
lawyer in politics.

William Rockefeller (44), one of  
the three or four richest men in the  
world.

Frederick F. Brewster (36), New  
York one of the most prominent lawyers in  
the United States, close friend of  
late J. P. Morgan, whose will he drew,  
director in various railroad and in-  
dustrial corporations.

WITH FISK SERVICE

# FISK NON-SKID TIRES

Look At These Prices

3½x30 - 12.20	4½x34 - 27.30
4x34 - 20.35	4½x36 - 28.70
5x37 - 33.90	

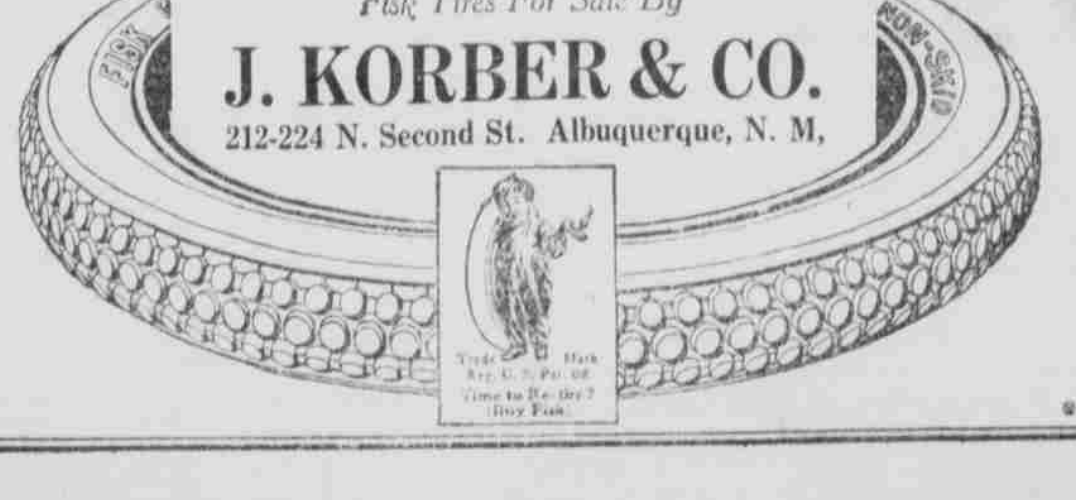

Fisk Non-Skid tires have an advantage over plain tread. They combine safety with dependability and are supplemented by Fisk Organized Service.

Production has overcome the former high price. You can now purchase Fisk Non-Skids at as Low A Price as many plain tread tires.

## STOCK EXCHANGE PRICES ADVANCE; U. S. STEEL LEADS

Railway Group Shows Weakness, Net Losses at Close Being Suffered by Several Standard Issues.

New York, Oct. 19.—Various industrial and special stocks rose to higher levels today under the lead of United States Steel, which made a maximum gain of 1 1/4 points at 37 1/4, or within 1% of its record price in 1909. Steel's advance occurred in the face of persistent opposition from the professional element.

New records were made by Bethlehem Steel, which rose 7 to 50 1/2; Standard Oil, 3 to 17 1/2; American Steel Foundries, 4 1/2 to 7 1/4; Willys-Overland, 2 1/2 to 25 1/2; Virginia Iron, Coal & Coke, 2 to 7 1/2; and United States Industrial Alcohol, 5 1/2 to 11 1/2.

Rock Island's decline was followed by general reactions in the railway group, many of which showed net losses at the close. Specialties also yielded in large part. Total sales amounted to 1,000,000 shares.

Foreign selling of stocks was again in evidence, offerings consisting largely of transcontinentals, Eries and some of the coppers. The latest statement of the Imperial Bank of Germany, showed a gain of not quite \$1,000,000 in gold and a contraction of more than \$25,000,000 in note circulation.

Increased foreign offerings of our bonds made only slight impression on prices. Total sales, par value, aggregated \$5,390,000. United States bonds were unchanged on call.

### CHICAGO BOARD OF TRADE.

Chicago, Oct. 19.—Bearish effects of the immense receipts of wheat in the northwest were nearly offset here today by the absence of any great accumulation of stocks there or elsewhere.

The market closed nervous, a shade to 1/2 net lower, with December at \$1.06 1/2, and May at \$1.07 1/2. Corn finished 1/4 to 1/2 down; oats, off 1/2 to 1/4, and provisions showing losses of 10 to 25c.

Sentiment regarding wheat appeared to be almost evenly divided.

Scarcity of arrivals at Chicago had a tendency to check the wheat bears here. Only seventy cars were received and this fact was given a good deal of notice in connection with the firmness at Winnipeg. Political and military changes abroad appeared to have no influence except to make some traders rather nervous, especially toward the close of the day.

Fine weather weakened the corn market. Balleys in the price of wheat were responded to but only in a moderate degree. Oats were governed chiefly by the action of corn. An upturn at Winnipeg was influential at one time in stopping persistent sales here by strong interests.

Provisions declined sharply with hogs. Packers were buyers but not until the break had become unusually wide.

Closing prices:

### ELECTRIC RAILWAYS MEN HERE ON FINELY EQUIPPED SPECIAL

One of the finest special trains that has ever been seen in New Mexico arrived here yesterday from the west, carrying the members of the American Association of Electric Street Railway Men.

The train was made up of twelve cars, all of which were equipped with the Pullman company and New York Central with the exception of two Santa Fe coaches. The crew, with the exception of the train crew, is making the trip without change. The Pullman conductors, baggage men, porters, waiter, baggage and mail were selected for the train because of market value. They were taken from the "Twentieth Century Limited and Lake Shore Limited" for the trip.

The train started from New York September 24 and is scheduled to arrive here October 22, making a trip of nearly 3,000 miles. It will visit one of the northern routes and then down the coast to San Francisco, where the association will hold their convention.

In the party was Charles L. Henry, president of the Indianapolis "Central Union" company, who is called the "father" of international railroads and who is said to have first applied the term "international" to inter-city electric traffic. He was selected president of the Electric Railway association. John J. Shuler, president of the Cleveland Railway company, and Warren Dyer, of the Boston (Hobbs), also were on the special.

### RELATIVE OF LOCAL DOCTOR KILLED IN WRECK NEAR BORDER

Dr. R. K. McCain, of Brownsville, Tex., who was fatally shot by Mexicans after the wrecking of a train near Brownsville, yesterday morning, was a brother-in-law of Dr. W. E. Proctor, of this city. Dr. Proctor received a telegram yesterday afternoon saying that Dr. McCain had been shot and no home was held for his recovery. A press dispatch, which came later, brought the news that he had died.

Dr. McCain was on the way from Brownsville to Brownsville. He was in the smoking compartment when the train was wrecked. When McCain entered the car the physician and another man went into the toilet, according to the press account. A young Mexican is said to have told where they were. They were commanded to open the door and upon their failure were shot, fired through the door, and striking Dr. McCain in the abdomen.

Dr. McCain's home was in Brownsville. He was deputy state health officer of Texas.

### HEARING ON TRIMBLE WILL IS CONTINUED; WITNESS IS ABSENT

The hearing on the will of A. A. Trimble was continued again yesterday in Probate Judge John Hargrave's court. The testimony of the witnesses from the city of the attending subscribing witness, Attorney James J. McCallister, was continued and taken to represent the other heirs.

Mrs. L. M. Glicker was appointed guardian for her minor children, both John and Helen. Her bond was fixed at \$500.

The bond of Jose T. Martinez as trustee of the family trust was approved.

### BOYS PRESENT STOLEN TICKETS AT 'MOVIE' THEATER; ARRESTED

Two boys, about 15 or 17 years old, entered the Pastime theater last night. The ticket taker noticed that their tickets bore the numbers of stolen "passbooks." Sergeant Ed Thomas and Patrolman Charles Mays were called and took the boys to jail where they gave their names as Joe Eichen and Victor Garcia.

The boys admitted the theft of the tickets, but said a third was with them. Forty tickets were missing. They reached through the opening of the window of the office and tore them off the roll yesterday morning.

### Y. W. C. A. GYMNASIUM CLASS BEGINS WORK FOR WINTER SEASON

The Y. W. C. A. gymnasium class was organized last night for the winter season. The class has permission to use the high school gymnasium. Miss Leah Eichen, physical director of the club, is in charge. The class began with twenty members.

A new room, 25x50, facing alley in business section, suitable for plumbing or tin shop or storage; heat and water included. Apply this office.

Spanish dishes, Spanish kitchen, free delivery, Phone 490.

## EX-FIREMAN IS KILLED WHEN HE LEAPS FROM AUTO

### Fellow Passenger in Car Testifies Herbert Conklin Plunged Out With Legs Wrung About His Legs.

Herbert Conklin, formerly a city fireman, was killed when he jumped from an automobile in West Central avenue last night. Conklin was 35 years old and a native of Chicago.

The automobile was driven by J. A. Brown, who was in the "Park and Conklin" who was said to have been a fellow passenger in the car. Conklin was killed when he jumped out of the car with his legs wrung about his legs.

### E. A. MIERA IS GIVEN A VERDICT FOR \$5,529 AGAINST J. B. TANNER

The jury of E. A. Miera of Chicago against J. B. Tanner was finished last night at a session of the district court. Showing Tanner, defendant, about thirty minutes after the jury retired from the court room a verdict for \$5,529 in favor of Miera was returned. A. B. Neff, of Santa Fe, was Miera's attorney, while J. B. Tanner and J. A. Palmer, of Farmington, represented Tanner.

The case grew out of a cattle deal. Tanner was Miera's check for \$5,529 in payment for cattle, which was given to the Farmington bank. It was alleged that Tanner had not paid the check, printer fee and interest. The jury also awarded the attorney's fee of \$1,000 to Tanner.

### RETAIL MERCHANTS TO HAVE 'GET-TOGETHER' DINNER AT ALVARADO

The Retail Merchants' association will hold a "get-together" dinner at the Alvarado hotel tomorrow night. The purpose of the association is to bring the merchants of the New Mexico Educational association together and to be considered.

### DEATH OF PIONEER STAGE DRIVER CAUSES OLD-TIMERS TO MOURN

Santa Fe, Oct. 19.—Expressions of sorrow are being made today because of the death of Nims Harmon, one of the pioneers of the state and close friend to many like Judge John R. Allen, who were associated with him since he came to Las Cruces. News of his death as the result of an operation at St. Paul was received by J. T. McCallister, Harmon's son, in Santa Fe, at a hotel in the city. He established coach lines that traversed New Mexico, Colorado and Kansas, his chief source of profit being the contracts for carrying the government mail. He and his agents and drivers had many a brush with Indians and outlaws in those days.

Mr. Harmon served as private judge of Santa Fe county and when the A. T. & S. F. reached Las Cruces in the early twenties, located at Las Cruces, engaged in the mercantile business. He also secured large interests in the cattle industry in Lincoln county, became sheriff of Dona Ana county and with Judge McCallister, Harmon and others laid the foundations for the agricultural college, of which he was one of the first trustees. Of late years he lived at Geneva, Switzerland, but retained his membership in the Archaeological society of New Mexico and upon his return this year from Europe, made his first visit to the museum in Santa Fe and thence went to the San Diego exposition.

### DIRECTORS OF EASTERN RAILWAY ARE ELECTED

East Las Vegas, N. M., Oct. 19.—The following directors for the Eastern Railway Company of New Mexico were elected here yesterday at a meeting of the stockholders and directors of the railway: Edward P. Taylor, president of the Santa Fe railway company; William P. Hoad, secretary for the Santa Fe in New Mexico with headquarters in Albuquerque; William R. Gorman, East Las Vegas, N. M.; R. E. Twitchell, Santa Fe, N. M.; J. E. Myers, superintendent of the New Mexico division of the Santa Fe with headquarters in this city; D. L. Barlow, Santa Fe, N. M.; M. R. Williams, foreman of the Santa Fe's New Mexico division bridge and building department.

At a meeting of the stockholders and directors of the Rocky Mountain and Santa Fe railway company at Haton recently the following were chosen directors to act for the term of one year: W. H. Hoad, R. E. Twitchell, F. J. Myers, M. R. Williams, O. J. Goss, William E. Gorman.

This railway has 166 miles of track and is the connection between the coal mines of the St. Louis, Rocky Mountain and Pacific company and the main line of the Santa Fe railway at Haton. It extends eastward from Haton fifteen miles, connecting with the Colorado and Southern railway at Des Moines. The western terminus is at Park, twenty miles west of Cimarron.

Entrance was gained by cutting the wire across at the rear of the store, removing a light of glass from the door, and then unlocking the door from the inside.

Mr. and Mrs. Joe Gordon, who were here for the auto fair, left last night for Gallup. Mrs. Gordon will go to California and Mr. Gordon will return to Albuquerque.

Come to the turkey shoot at the shooting gallery in Old Albuquerque. Shoot every day.

## CROWDS CONTINUE TO PASS THROUGH STATE BUILDING

### Twitchell Leaves for San Diego to Look After Affairs. Many Distinguished Visitors See Exhibit.

General correspondence to Morning Journal. Santa Fe, Oct. 19.—(Col. Ralph E. Twitchell left this evening for San Diego, Calif., to look after exhibition affairs. The crowds continue to throng the New Mexico building. The following New Mexicans registered last Friday: Mr. and Mrs. H. O. Gallaway, San Marcos; Mrs. Henry Kirk, Mrs. Yvonne Kirk, Mrs. John Dendahl, Santa Fe; Fred Hartman, Silver City; Langdon Bower, Tucuman; Don J. Hamlin, Mrs. Don J. Hamlin, Albuquerque; J. S. Northrup, Silver City.

The United States marines, take their parade and drill on their parade ground near the New Mexico building and draw thousands of spectators.

Upon the occasion of the convention of the American Electric Railway association and telephone officials, Acting President George Barnum, of the exposition, brought President Theodore N. Vail of the American Telephone & Telegraph Co., to the building, besides President J. E. Yost and Vice President C. S. Reed, of the Missouri & Kansas Telephone Co. Mr. Reed was enthusiastic in praising the progress of New Mexico. The good effects of it will be felt in years to come, he said, for people do not pick up their dials and go into a new month at the start of a month but make careful consideration. Mr. Vail said he admired the building and the progress of its construction, which would be remembered and discussed after the ordinary exhibit is forgotten.

William Clayton, general manager of the San Francisco interests in San Diego, and president of the San Diego street railway company, arranged a reception of important men in the building last night. Charles L. Henry, president of the Indianapolis-Union Pacific traction company, was delighted with the entire exhibit. He seemed particularly interested in the chapel, with its new and old pictures. He gave many questions regarding New Mexico and seemed very well posted on the state in general. There are about 600 in this party of electric railway men in San Diego, and judging from the number of badge counts of Friday, very few of them failed to see the display.

### Postoffice Appointments.

Santa Fe, Oct. 19.—James Black has been commissioned postmaster at Grants, Valencia county, and Ernest E. Macdonald, acting postmaster at Maxwell, Colfax county.
