BOERS AGGRESSIVE

Drive Back Force of Gen. Clements.

Attack in Force Garrison at Koomatipoort.

Federation of Labor Denounce Idaho Authorities.

HOUSE DISCUSSING REVENUE BILL.

London, Dec. 13.—Lord Kitchener reports that after severe fighting at Noodigacht, Gen. Clements' force were compelled to retire by Commandant Delarey with 2,500 men. Four British officers were killed; other casualties not reported.

Kitchener's dispatch dated Dec. 13, says: "Delarey, with 2,500 men attacked Clements at Noodigacht at dawn to-day. The Boers were at first repulsed, but afterwards succeeded in taking the top of Magoloburg from four companies of the Northumberland fusiliers, enabling them to command the camp of Clements, who retired to Helkport."

"Casualties are incomplete, but fighting was very severe. Clements' losses include Colonel Legge, Capt. Maclean, Capt. Mordred and Capt. Atkins killed. Reinforcements have been sent to Clements."

Noodigacht is near Lichtenburg, only many miles from Mafeking.

SERIOUS FOR BRITISH.
London, Dec. 14.—British troops at Koomatipoort are starting to arms in expectation of attack by a Boer force of fifteen hundred. The situation is regarded as serious for the British.

One hundred and fifty infantry, a squadron of cavalry and two guns were dispatched to the frontier to-day.

Orders were issued at Aldershot, Malta, and other military centers, to dispatch all available mounted infantry to South Africa.

It is reported that Gen. Knox, who is operating with the British columns at Beersburg, stopped Dewet and a battle is proceeding. The report adds that many of Dewet's followers have been captured.

BOERS REPULSED.
London, Dec. 14.—Lord Kitchener also reports that the Boers made an attack and were repulsed at Lichtenburg, and Gen. Lemmer killed. Attacks upon Lichtenburg and Vrede were also repulsed. The Boers losing ten killed and fourteen wounded. Vryheid was attacked Dec. 11. Sniping continues when the message was dispatched.

FEDERATION OF LABOR.
Denounce Idaho Authorities for Couer d'Alene Labor Trouble.

Louisville, Ky., Dec. 14.—At a meeting of the American Federation of Labor to-day a special committee on report of the president endorsed Gompers' denunciation of the authorities of Idaho for alleged illegal action during the Couer d'Alene labor trouble in Shoshone county, Idaho. Gov. Steun-

enberg was condemned for alleged usurpation during the riots.

Report of the agreement with President Gompers in the state contract labor law has proven ineffectual. The executive council was instructed to formulate and submit proper committee of congress to further legislation.

Great Storm.
Sacramento, Cal., Dec. 14.—Northern and central California was swept by a heavy storm of rain and wind last night and to-day. There was a heavy fall of rain and hail here. Telephone and telegraph wires are prostrated in all directions. It is impossible to get communication with San Francisco during the day.

Word was received from there early this morning, however, that the storm was so heavy on the bay, that ferry boats had to be stopped.

BRITISH TREATY!

It Is Being Amended by the Senate.

Late Senator Davis Urged Its Amendment.

Hung Jury in the Jessie Morrison Murder Case.

CHOSEN FRIENDS ORDER INSOLVENT.

Washington, Dec. 14.—The senate committee on foreign relations to-day decided to recommend further amendment of the Hay-Pauncefote treaty. The committee adopted an amendment suggested by Senator Davis, which declares that the Hay-Pauncefote treaty supercedes the Clayton-Bulwer treaty, and also strikes out the Hay-Pauncefote agreement, article 3, which permits submission of the Hay-Pauncefote treaty to other powers and invites their acceptance of it.

DAVIS AMENDMENT.

Late Senator From Minnesota Favored Amending Treaty.
Chicago, Dec. 14.—In regard to the controversy over the meaning and justification of the so-called Davis amendment to the Hay-Pauncefote treaty, H. H. Kohlman, editor of the Times-Herald to-day makes public a private letter received from the late Senator Cushman K. Davis, under date of March 12. It is in part as follows:

"The amendment has this special advantage, that it is phrased in nearly as possible in the language of the tenth article of the treaty of Constantinople. Therefore, this amendment, so adjusted to the treaty of Constantinople, puts the British in a position where it must either accept the principle of the treaty of Constantinople, which Great Britain herself proposed, or flatly say that the lines of that treaty which are of advantage to Great Britain, shall stand in our treaty, and that the lines in that treaty which are to our advantage and may be of disadvantage to Great Britain, shall be obliterated from our treaty."

Jury Disposed.
Kansas City, Dec. 14.—A special to the Star from Eldorado, Kas., reports a hung jury in the Morrison case. The jury stood nine for acquittal and three for conviction. It was discharged.

Order of Chosen Friends Insolvent.
Indianapolis, Ind., Dec. 14.—At 10 o'clock to-day Attorney General Taylor, auditor of State Hart and Supreme Recorder T. B. Linn, of the Order of Chosen Friends with attorneys, appeared in the superior court. The state asked for receiver for Chosen Friends, alleging that the order is insolvent. Supreme Recorder Linn admitted the facts set out in the application. The state asks that Thomas Yount, chief secretary in Linn's office, be named receiver.

The court refused to name Yount because he was a certificate holder in the order. The court named Cyrus J. Clark of this city as receiver. Clark's bond was fixed at \$5,000.

ALBUQUERQUE — DEC 14 1900

The Standard Oil company is not a trust; it is a monopoly.

Three of the defeated candidates for officers in Santa Fe county have instituted suits.

The Citizen is in favor of harmony, economy, retrenchment and reform. At the same time, it is in favor of its side without the other fellows.

The Las Vegas papers are meeting at this city on account of the wrangle over the library. Having the library to quarrel over is something to our credit.

The official vote of Texas is announced, as follows: Democratic, 207,452; republican, 130,964; populist, 29,961; prohibition, 2,664; social democratic, 446; socialist, labor, 162.

A judicial decision rendered in England gives the government \$250,000 of legacy tax against Baron Hirsch's estate. No wonder rich men live long in Great Britain. They can't afford to die.

The Topeka Journal says that nine million dollars a year expended upon the reclamation of arid lands might prove a vastly better investment than donating the same amount to ship owners.

American locomotive builders have underbid British manufacturers, and will supply, provided the government approves the acceptance of the bid by the port commissioners of Calcutta, several machines of American manufacture for use in India.

It is stated that Methodism in Michigan has grown faster than the population of the state has increased in the last decade, and the membership of the church in Detroit has increased faster than the city has grown in population. No wonder McKinley carried the state by such a comfortable majority.

EXCESS OF EXPORTS.

The bureau of statistics has compiled a table showing that during the decade, 1891-1900, the excess of exports over imports, which amounted to \$2,615,643,320, is nearly \$500,000,000 larger than the entire excess of exports over imports from the foundation of our government up to 1890. The showing might have been made still more impressive by taking semi-decades, for nearly all of the excess of \$2,615,643,320 credited to 1891-1900 falls within the last five years of the decade.

LIBRARIES.

This city is becoming noted for its excellent libraries. There are now two free libraries, and in addition to these excellent public institutions the territorial university has a valuable library of text books, and the public schools have a large collection of books suitable to the use of the pupils. A town that is enterprising enough to quarrel over its libraries, and donate several thousand dollars in a single week for the purchase of new books, is a good sort of a place to build a home.

VOTE OF NEW YORK STATE.

The state board of canvassers of New York met on 12th, and canvassed the state vote cast at the election in November. Only four of the 61 counties cast a majority of votes for Bryan. They were New York, Queen's, Richmond and Schenectady.

The prohibition, social democratic and social labor parties have sufficient votes to go on the next election ticket without a petition.

Following are the totals for president: McKinley, 521,952; Bryan 478,394; Woodley 25,642; Debs 12,869; Maloney, 12,622; McKinley's plurality, 143,658.

The plurality of Bell (republican, for governor) was 11,126.

NEW ROUTE TO THE PACIFIC.

The El Paso Times says that a report is current that the Atchafalaya, Santa Fe company is negotiating with the Choctaw, Oklahoma & Gulf system. The acquisition of the latter road would be of great advantage to the Santa Fe, as it would practically complete the east and west route along the thirty-fourth parallel, which has been under consideration by railway men for many years. At the time the Choctaw company extended to Little Rock, Ark., and formed a connection with the Little Rock and Memphis railroad, which is now a part of the system, the Manufacturers' Record referred to its importance as a link in a series of lines which would extend from the Pacific coast east and west to the Mississippi river. Within the last year the Santa Fe has built to the Pacific coast at a very heavy expense, and is now operating train service directly to San Francisco and other cities over its own tracks. The combination referred to would be of great importance to not only the Gulf but the South Atlantic states, as it would give this territory an additional rail route to California.

and the principal exports. With the constantly increasing export trade of the south with Asiatic ports, such a route would prove an important factor in aiding its development.

Miss Ida Black, of East Lead avenue, was 11 years old yesterday, and the young miss in honor of that event entertained the Amateur Musical club of which she is a member. After the conclusion of a nice musical program dancing, etc., a most enjoyable luncheon was served. The Hillyer children—Helen and Leon—were present, and gave their pretty cake walk.

The slides to be used at the Pantages Play lecture this evening were prepared from a fine selection of photographs secured in the American Museum of Natural History, the famous manufacturer. They are admirably adapted to illustrate the lecture to be given by C. W. Ward at the Congregational church this evening. Secure your tickets at Matson & Co.'s store on Railroad avenue.

The second miners' excursion of the present season passed through the city last night, some of the excursionists going southward and some out west. Two gentlemen, S. J. T. Johnson and George E. Crum, of Denver, having read in The Citizen of a deposit of "odo coals" ore in the B. F. Giltner mine in the Sandia district, stopped over in this city, and this morning left for the Sandia to inspect the deposit. As stated in The Citizen at the time of discovery, this is the third instance on record where "odo coals" ore has been found.

Read This, Consumptives

"From the way my wife coughed for six months, I knew she had consumption. She showed it in her face, too, and her body wasted away to a mere skeleton. After she got down in bed the doctors couldn't do any good. I called in both Dr. T. A. Shannon and Dr. M. L. Hawes, each of whom is a first-class physician, but they had nothing that would reach the trouble in her lungs. My wife's father came to see her one day, when she got very low. He lives in Cedar Lake, Wis., while we live in Rice Lake, Wis. He said he knew what was needed, and made me get a bottle of Acker's English Remedy for Consumption. I got it, and he helped her right away. She took eight 50c. bottles, and they put her back on her feet and made her as sound and well as any woman in town. She has taken on flesh again; she doesn't cough, and if any one who doesn't know the facts was to be told she was so near death with consumption, he would believe it. My wife does all her housework, and at night sleeps as soundly as you please. Her stomach no longer gives her any trouble at all. Maybe you doubt what I am telling. If so, I advise you to see J. N. Schmidt, the druggist who sold me Acker's English Remedy for Consumption. He'll tell you the same thing. He says Acker's English Remedy is wonderful in all throat and lung troubles; that it is sold on a guarantee to cure, or money returned, and he never yet had a case come back to his store, although he has sold hundreds of them. My name is Luther Bedell, Rice Lake, Wis."

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure, see, use, and see a bottle in United States Canada. In England see, use, and see a bottle in United States Canada.

A Thousand Tongues.

Could not express the rapture of Annie E. Springer, of 1125 Howard street, Philadelphia, Penn., when she found that Dr. King's New Discovery for Consumption had completely cured her of a fighting cough that for many years made life a burden. All other remedies and doctors could give her no help, but she says of the royal cure: "It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1.00. Bottles free at J. H. O'Reilly & Co.'s drug store. Every bottle guaranteed.

When you need a soothing and healing antiseptic application for any purpose, use the original DeWitt's Witch Hazel salve, a well-known cure for piles and skin diseases. It heals sores without leaving a scar. Beware of counterfeits. Berry Drug Co. and Cosmopolitan drug store.

FIFTEEN CREDIT MARKS.

Good Judgment of a Conductor Saved an Accident.

The Santa Fe has issued the following bulletin through the office of Superintendent Hurley at Las Vegas in regard to the good work of a conductor on this division recently:

"A conductor on this division has been given fifteen credit marks for good judgment when in charge of a freight train. In passing over a section he felt a jar which indicated a broken rail. As he did not have time on account of meeting point with passenger train he flagged the passenger and told the conductor and engineer where to stop and the broken rail. The broken rail was found which would have undoubtedly caused an accident. Such work is appreciated and the conductor has been given credit marks."

In regard to another case, Superintendent Hurley says:

"An agent on this division has been

Many persons have had the experience of Mr. Peter Sherman of North Stratford, N. H., who says: "For years I suffered torture from chronic indigestion, but Kooli Dyspepsia Cure made a well man of me." Half a dozen wool buyers, from the east, are in the city, and are to-day mixing with the wool raisers who have their clips of wool stored away waiting for better prices.

CONSUMPTION

is, by no means, the dreadful disease it is thought to be—in the beginning.

The trouble is: you don't know you've got it; you don't believe it; you won't believe it—till you are forced to. Then it is dangerous.

Don't be afraid; but attend to it quick—you can do it yourself, and at home.

Take Scott's emulsion of cod-liver oil, and live carefully every way.

This is sound doctrine, whatever you may think or be told; and, if heeded, will save life.

We'll send you a little of it, if you write to SCOTT & BOWNE, 99 Pearl street, New York.

LOCAL PARAGRAPHS.

J. C. Curston, a well-known miner from the Mimbres down in southern New Mexico, is in the city today.

It has been requested of The Citizen, just as a reminder, that notice be made of the fact that a good free concert, followed by a dance, will be held at the Orchestra hall to-morrow night; also a free concert at the same hall Sunday afternoon.

William Alexander arrived in town in advance of Prof. O. C. Cogan, the champion wire walker of the world, who will appear at Neher's opera house Monday night, Dec. 17. Prof. Cogan will perform some of the most daring feats ever attempted on a wire.

Ben. Myer, who was at San Francisco on a visit to relatives and friends, has returned to the city, accompanied by Miss Minnie Walter, a sister of Mrs. Myer. The young lady was here a few years ago, and then became so much interested in the country and climate that she was anxious to return with Mr. Myer.

The "Merry-go-round" display in the big front window at the clothing store of Simon Stern on Railroad avenue, is a great attraction, and the display, with the other goods in the window, reflects credit upon the artistic mind of H. H. Gaildrie, who, on many former occasions, has proven himself to be a first-class window decorator.

Rev. John Menaul has donated to the new city library eight volumes of ethnological reports from the Smithsonian Institution. These are very valuable books, devoted to the various Indian tribes of this country. Many others are giving books and The Citizen will in a few days publish a complete list of books donated.

George Trimble, the little son of Mr. and Mrs. John S. Trimble, fell off the porch at papa's house yesterday and a pretty bad gash was cut in the little fellow's head. Dr. Pearce was summoned and put half a dozen stitches in the wound. George is around to-day, and like all young Americans of his age has mounted the same porch from which he fell yesterday.

This morning the Non-Sectarian Benevolent society received \$6 from an unknown contributor to be used toward keeping the wolf from the door of Mrs. Richards and her eight little children during the winter months. This is the penurious and destitute family chronicled in The Citizen yesterday afternoon, and as they are deserving any thing, gratitude is due them for their good deed.

There is a rumor afloat that trainmen on the Santa Fe railway, after holding a meeting at Las Vegas, Albuquerque, San Marcel and El Paso, have agreed to join the striking telegraphers, and if a settlement is not effected in the next forty-eight hours, they will go out on a strike. In any event, the operators here, who are on a strike and who are conducting themselves like gentlemen, feel jubilant over the report that says that they will undoubtedly win the strike should the trainmen join hands with them.

The habeas corpus hearing in the case of the Henrys, held for infantile, will come up before Judge Crumpacker tomorrow morning at the court house. They will go out on a strike. In any event, the operators here, who are on a strike and who are conducting themselves like gentlemen, feel jubilant over the report that says that they will undoubtedly win the strike should the trainmen join hands with them.
