## IN GALA ATTIRE!

National Capital Celebrates Centennial.

Escaped Murderer Shot and Killed  
Two Pursuing Officers.

MUNICIPAL LEAGUE.

Washington, Dec. 11.—The national capital is in gala attire to-day in celebration of the hundredth anniversary of the establishment of the seat of the federal government at Washington. Business is suspended, while the president, cabinet, senate, house of representatives, federal judiciary, the governors of many states, and a great concourse of citizens join in elaborate festivities of the day.

The program began with a reception at 10 o'clock by President McKinley and members of the cabinet to the governors. This was followed by the unveiling of the model of the proposed enlarged executive mansion.

Other events were a parade from the White House to the capitol, and joint exercises by the senate and house. Tonight a reception will be tendered the governors.

Among the twenty-seven governors present at the reception at the executive mansion were Gov. Otero of New Mexico and Gov. Murphy of Arizona.

Following the reception, Col. Bingham exhibited his model of the proposed enlargement of the executive mansion and explained its details. The estimated cost is \$1,100,000.

H. B. McFarland, president of the board of commissioners of the District of Columbia, delivered an address on the "Development of the District during the century of 1800-1900."

Gov. Shaw of Iowa, closed the speech making at the White House with an address on the "Development of the states during the Nineteenth Century."

The weather was ideal for the outdoor features of the celebration. The great public spectacle of the day was a parade and escort to the president from the White House to the east front of the capitol, where the president reviewed the marching thousands.

At the head of the parade rode Lieut. Gen. Nelson A. Miles, chief marshal.

Viewing with the presidential party in the interest excited in the notable procession was the governor with staffs and military escorts. They were warmly welcomed all along the line of march.

The review was well followed by an impressive gathering of the president, cabinet, and members of the senate and house and judges of the supreme court in the hall of representatives, where joint exercises were held commemorating the day. Senator Frye presided. The program included the following addresses:

"Transfer of the national capital from Philadelphia," by Representative Richardson of Tennessee. "Establishment of the seat of government at District of Columbia," by Representative Payne, New York. "History of the first century of the National Capital," by Senator McComas, Maryland. "Future of the United States and its capital," by Senator Daniel, Virginia. Historical oration, Senator Hoar, Massachusetts.

IRISH NATIONALIST CONVENTION.

Chicago, Dec. 12.—Judges Taft, Waterman and Dunne, circuit court, sitting en banc to-day handed down a decision which in effect sustains the anti-trust law which compels the filing under penalty of affidavit from each corporation that it is innocent of connection with a trust.

Section 1 of the anti-trust law, which defines what constitutes a trust or combination in restraint of trade, is declared unconstitutional. This is regarded by attorneys for the defense as nullifying the law.

Company Claims Victory.  
Denver, Dec. 12.—Santa Fe officials say that all trains on this division are moving on time. The division west of Albuquerque, on which the telegraphers counted for the hardest fight to aid them in winning, has every office filled according to a message received this morning.

## LABOR LEADERS!

Resolutions of Federation of Labor.

Michigan Legislature in Special Session.

Frightful Accident on Iron Mountain Railroad in Missouri.

IRISH NATIONALIST CONVENTION.

Louisville, Ky., Dec. 12.—The Federation of Labor convention convened in resolutions declaring unalterable opposition to the anti-scalping bill now before congress.

Animated discussion arose over a resolution for a labor portfolio in the cabinet, upon which the committee reported adversely. Adverse report was concurred in, 13 to 47, thus killing the resolutions.

The convention took adverse action on a resolution instructing the executive council to secure the passage of a bill in congress which will restrict immigration.

The following resolutions were concurred in amending the law to provide for only one class under which men shall be employed at United States navy yards at standard rate of wages as received by various unions in the district in which the navy yards are situated; favoring free school books in all the public schools of the country.

Frightful Railroad Accident.  
De Soto, Mo., Dec. 12.—A head-on collision occurred on the Missouri Pacific & Iron Mountain railway at Des Arc, Mo., between two freight trains, resulting in the death of Engineer Jas. Britt, of Olney, Ill., and brakeman Ed. Bradley, of De Soto. The latter was caught under the wreck which took fire and cremated his body.

Freeman B. Barrett fell under the engine and could only be rescued from being burned alive by cutting the left arm off with an axe.

Irish Nationalists.  
Dublin, Dec. 12.—Nationalist convention resumed sessions to-day. John Redmond, president, after resolutions had been adopted, announced the constitution of the United Irish League, making the nationalist convention an annual fixture. Wm. O'Brien moved a strongly worded resolution in favor of the abolition of landlordism in Ireland, and the transfer of the soil to occupying proprietors.

The resolution was adopted amid the utmost enthusiasm.

SOON LEE BURIED.  
The funeral of the dead Chinaman this afternoon.

The Chinaman, Soon Lee, whose death was announced in The Citizen yesterday afternoon, was buried in Fairview cemetery this afternoon, by Undertaker Edwards. Six Chinamen, half a dozen American ladies, a Chinese representative and the two grave diggers, with the undertaker, being in attendance. When Soon Lee died his Chinese friends burned several bunches of dried punk (pond lily). They then put two suits of underwear and outside clothing on his body, placed a pair of wooden shoes on his feet and a fringed cap on his head, after which the body was turned over to the undertaker.

This morning a committee of Chinamen appeared at the undertaker's with two head boards with Chinese hieroglyphics on them—one to go inside of a bottle filled with some kind of Chinese liquid and the other, somewhat larger, to go outside the grave. After handing the head boards to the undertaker, they placed in the dead man's hands his pocketbook, fan and handkerchiefs, and a Chinese deck of cards, with which the dead can play himself out of purgatory. Several Chinese coins were also placed in his mouth. At 2 o'clock the funeral procession formed, and don the seat within the hearse driver sat a Chinaman who scattered along the route to the cemetery alms of tissue paper with nine holes punched in each slip, and his satanic majesty passes out of the dead through the

## A RUNNING FIGHT!

Boers Making Things Lively for British.

Work to Begin on Rock Island Extension.

Allied Powers Agree on Plan of Settlement With China.

DEATH OF A NOTED HERMIT.

London, Dec. 12.—Kitchener ended the war office from Pretoria, Dec. 12, that General Knox reports from Helvetia that he is engaged in a running fight with Dewet, and the enemy is moving towards Redderburg, where there is a column ready to co-operate with other British forces. Kitchener in another dispatch reports that the Boers attacked the post near Harberson. The British casualties, three killed, five wounded and thirteen taken prisoners. The captured men have since been released. The Boers raided Riverton road station on December 11. They are being followed up.

Kitchener's message indicates that Dewet has again evaded Knox.

Work Will Soon Begin.  
El Paso, Texas, Dec. 12.—Advices from Fort Worth say that contractors will begin work on the Rock Island El Paso extension in January. Formal application has been made in Austin for a charter for the Texas division of the El Paso extension. It will enter the state at the north line of Sherman county and extend 100 miles southwest through Sherman, Dallman and Hartley counties.

Negotiations Satisfactory.  
London, Dec. 12.—Negotiations of the powers in regard to the joint China note were concluded satisfactorily yesterday, all agreeing to the conditions as identically outlined by Count Von Buelow, imperial chancellor of Germany on Nov. 12, with the exception of the introductory clause saying that the demands are ir

ALBUQUERQUE — DEC 12 1900

Judge Daniel H. McMillan has been confirmed by the senate.

A town that has no local differences is too dead for any practical use.

The money in circulation shows a net increase for the month of November of almost \$100,000.

The fire loss of the United States and Canada for the month of November aggregates \$2,518,000.

This is pleasant weather for Christmas shoppers, and now is a good time to select gifts for the little ones.

Seven and a half million letters went to the dead letter office last year, an increase of ten per cent over the preceding year.

At the close of business November 20 the debt of the United States, less cash in the treasury, was \$1,101,174,875, a decrease for the month of \$2,227,443.

Fifty thousand killed, wounded or invalided, 400 more just captured and 1,000 reinforcements just sent to Africa is the record of the Boer war to date.

The Santa Fe company should increase the wages of the employees in the shops of this city. The scale is less here than elsewhere, and the cost of living is greater.

The statement of the government's receipts and expenditures during November shows the receipts to have been \$1,344,514 and the expenditures \$1,215,460, leaving a surplus of \$1,229,054.

The cause of the telegraphers' strike on the Santa Fe road was the refusal of the railroad management to arbitrate rules and regulations, particularly to grant eight hours continuous exemption from work in twenty-four.

The Optic is not consistent. It claims to be a democratic paper, and yet it advocates the ousting of Mr. Easley from a seat in the council. Mr. Catron will be seated if the evidence shows that he was elected, and not otherwise.

Any one wishing to donate books to the new city library can leave names with the mayor and the committee will call for the donations. Several hundred books can be readily secured this week if a committee will take charge of the matter.

The United States has established an experimental farm near Manila, where the growth of various seeds and plants from this country will be studied, and where native Philippine plants will be propagated for transportation abroad. This science follows the flag.

The work of establishing the new city library goes on at a rapid rate. The spacious room in the elegant three-story brick building donated for the purpose by Mr. Raymond, are being specially arranged for a model library. The city is being canvassed for subscriptions and fully \$5,000 will be secured with which to purchase furniture and books.

**POSTAL DEFICIENCY**  
It is not a very creditable commentary upon the business capacity of the national legislators to say that the only big business enterprise which the government carries on is run at a loss. No one expects the government to derive a profit from carrying the mails, but ordinary business sense would dictate that the business should be placed upon a self-supporting basis and that one class of people should not be taxed to enable another class to enjoy special privileges in violation of the spirit and purpose of the postal law.

The report of the third assistant postmaster general shows that the total receipts from all sources of postal revenue during the year amounted to \$100,254,579, while the expenditures reached the sum of \$107,740,387, leaving a deficit of \$7,485,808. A comparison of the revenues of the department with that of previous years shows a big increase in earnings. The increase in postal receipts over that of last year amounts to \$7,321,195, and yet the deficit is only a little over a million dollars less than it was in 1899.

**PARCELS POST SYSTEM.**  
As soon as rural mail delivery becomes better established, an attempt will probably be made to amplify the parcels post system. This already exists in a restricted sense. Packages of merchandise weighing not more than four pounds are accepted for mailing. The charge of a cent an ounce, or 64 cents for a four pound package is prohibitive in many cases. People find it cheaper to patronize the express companies.

Under a parcels post the government would handle packages not exceeding a weight limit, probably of eleven pounds. That is the maximum allowed in foreign countries. The postage rate might vary from five cents for the first pound to twenty-five for an eleven pound package. The advantages of such a system to the general public are obvious. It would involve a saving not only of money, but of time. While the cities would share in the benefits, the country districts would be the greatest gainers.

**CENTENNIAL CELEBRATION.**  
It is one hundred years ago to-day since the congress of the United States first assembled in Washington and the formal transfer of the national capital to that point took place. The centennial of which is being elaborately celebrated at the national capital. Along the time that Washington was selected for the seat of government of the United States, this country had almost a dozen capitals. The meeting place of the continental congress during the revolution flitted almost as actively as did

the headquarters of the army's commander. Its location was often determined by the exigencies of war and the necessity for keeping it out of the hands of the British. Washington, as the first president, was inaugurated at New York, though the constitution was framed at Philadelphia, which was the capital at that time, 1787, as it became the capital later on. In 1790 the present site on the Potomac was selected. When the sixth congress closed its first session on May 14, 1800, at Philadelphia, it adjourned to meet in the new city of Washington, and the second session opened there on November 17 of that year. This transfer of the seat of government from Philadelphia to Washington, a hundred years ago, is the event which is being celebrated at the national capital to-day.

**CARLSBAD.**  
From the Argus.

William McCombe was in town, Saturday, and brought with him the pelt of a big mountain lion, killed by him at the head of Black River canyon. After claiming the bounty on the animal's scalp, he sold the hide to Jim Nichols.

Word comes from James L. Kibbee, well-known and liked here, who has been in Calson street, since the flames that he will return to Rosewald and take a position on his father's paper, the Pecos Valley Stockman.

Sunday night two of Carlsbad's young people spent a marriage on their friends by getting married. After service, Rev. M. L. Roberts was requested to perform the duty, as the couple seemed very young, he temporized until he had noticed the girl's parents, who, though much surprised, finally gave their consent, and in a short time the nuptial knot was tied. The bride was Miss Fanny Angell, daughter of Henry Angell, and the groom, Jack Johnson. Monday night a dance was given in honor of the new Mr. and Mrs. John at the home of the groom's father on Alameda street.

About 1:30 Tuesday afternoon an alarm of fire was turned in and the department responding promptly, found the residence of George Toews, on South Canyon street, aflame. The flames had made too great headway to be checked and the house was doomed upon the firemen's arrival. But even had they got there earlier, their efforts would have been unavailing, as the water pressure was so feeble that the hose did not throw its stream six feet from the nozzle. The fire probably

### LOCAL PARAGRAPHS.

There will be a special meeting of the Guild on Friday afternoon, Dec. 14, at the home of Mrs. Benson, on Silver avenue.  
Jesus S. Garcia, deputy county collector, after a visit to relatives at Las Cruces and El Paso, returned to the city this morning.  
Regular Review of Alamo H. V. No. 1, L. O. T. M., at Odd Fellows' hall this evening, Dec. 12th, at 7:30 sharp. Election of officers for the ensuing year. Mina Corson, Recorder.

Noble S. Trimble and wife have been heard from. They have located themselves on a well improved farm in Iowa and will in the future follow farming, becoming identified with the growers of that state.

Mrs. Murch, who has been the faithful librarian of the Albuquerque Public Library association for several years, has resigned, and it is understood will make application for the same position in the new library.

The Silver City Independent says: J. H. O'Reilly and J. J. Sheridan, both from Albuquerque and both representing the Mutual Life Insurance company of New York, came in on Sunday's train and are talking about the uncertainties of life. Messrs. O'Reilly and Sheridan are in the insurance business that is hard to beat.

Jimmy Young, the well-known candy and lunch wagon manipulator, said this morning that the new members of the city were not into their jobs properly. When asked to explain himself, he remarked that a big fine baby boy arrived at his home a short time ago and the happy event had not been chronicled in the city news. Mr. Young reports the youngster enjoying fine health, and the mother doing nicely.

Mr. and Mrs. Sisson, and Mr. and Mrs. Serwe arrived last night and registered at Sturges' European from Chicago. Mr. and Mrs. Serwe (the Miss Lottie Crane) are on their wedding tour and are acquainted with Mr. and Mrs. W. Spencer of this city. The party will go to Los Angeles this evening. Before returning to Chicago, Mr. and Mrs. Sisson will visit Mexico and Central America, but Mr. and Mrs. Serwe will probably return to the Windy City in a few weeks.

Joe Barnett, Lou Hols and Capt. Dawson, three hunters of the city, returned on the early morning train from a hunt on the Jornada del Muerto. From Enloe and Rincon they hunted along the sandy desert and the lower Rio Grande until they reached El Paso, when they laid aside their weapons, tied up the dogs and took in the flat landscape and the river of Juarez, Mexico. The hunters were lucky in bagging plenty of small game, and this morning generously sent around some fat birds to a number of friends.

Edwin W. Souers, who a few years ago was connected with the local office of Wells, Fargo Express company, since that time he has been holding various positions with the El Paso & Santa Fe railway. He is now in charge of the agency in that republic, succeeding Francis B. Purdie, who has been assigned elsewhere. This is quite a feather in the cap of young Souers, who since taking up his residence in Mexico has been climbing gradually to the front and is now holding one of the most important commercial trusts in that republic. His wife is Miss Persa, daughter of J. M. Perera, deceased, and niece of Hon. Pedro Perera and County Collector Jose L. Perera.

**EL NUEVO MUNDO** SCOTCHED.  
Mariano Armijo's Spanish Weekly Paper was on fire.

"El Nuevo Mundo," a Spanish weekly published by Mariano Armijo, in old town, was pretty badly scorched by fire early this morning. Mr. Armijo states that some malicious enemy evidently got into his office early this morning, sprinkled some coal oil near the door and window, and after applying the match escaped. When he reached his place of business at his usual hour he found the office in a topographical condition and some of the type cases, stands and other furniture still burning. The presses were not damaged. Mr. Armijo says he carried an insurance of \$1000 in the Royal Insurance company represented by R. F. McCanna, and estimates his loss at several hundred dollars. If "El Nuevo Mundo" is delayed this week in reaching its subscribers, place the blame on the fire of this morning.

**Royal Arch Masons.**  
There will be a regular convocation of the Rio Grande Chapter No. 4, R. A. M., Thursday evening, December 13th, in Masonic hall. Election of officers. Your presence is requested.
