AT THREESCORE AND TEN RIPLEY SAYS WIFE MADE HIM WHAT HE IS

President of Santa Fe Railroad
Guest at Notable Dinner at
Which Leading Men of
Country Were Present.

HISTORY OF LINE IS RELATED BY SPEAKERS

Present System Realization of
a Dream of Young Penn-
sylvanian, Cyrus K. Holli-
day, Who Originated Plan.

Chicago, Oct. 30.—E. P. Ripley, president of the Atchafalaya, Topeka, and Santa Fe Railway Co., who was 70 years old today, said at a dinner given him tonight that he attributed what ever success he had made to the help-
ful influence of his wife and to the
coaching support of the men and wom-
en who composed the Santa Fe family.
The dinner was held at the Hotel
Mannington and was attended by
about 100 guests. The speakers
were: Mr. Ripley, who related the
history of the line; Mr. J. B. Hines,
general manager of the road and chair-
man of the executive committee of the
board of directors; Mr. C. S. Gledhill,
director and editor of the Kansas City
Journal, who talked about the old
Santa Fe and the new; Victor Morris,
New York, a former director, who
was largely instrumental in reor-
ganizing the road, and others.
Mr. Ripley spoke last, saying, in
part:

Pass Tribute to Wife.

"I desire here," he said, "to pay
tribute and praise to her who joined her
life to mine forty years ago and has
since provided the comforts and rest
of a quiet home; who has twice ac-
companied me through the valley of
the shadow of death; who has watched
over me mentally, morally and
physically, and who is mainly respon-
sible for such successes as have been
mine in conserving mind and body.
I ask you, friends, to join me in
drinking to the health of my wife."
The sentiment was approved with
cheer and the toast drunk standing.
Continuing, Mr. Ripley paid tribute
to the men who have worked under
him.
Mr. Morris said that under Mr.
Ripley's presidency of twenty years
the gross earnings of the road have
increased from \$20,000,000 to \$120,000,000 a year.
Mr. Gledhill, in the course of his
remarks, said that the Santa Fe has
been a dominant factor in the crea-
tion of thirteen states of thirteen
states and a citizen of the republic,
and has done its duty as nearly as
any citizen ever did, and it has earned
the title of citizen as few individual
institutions have earned it, said Mr.
Gledhill.

Dream Comes True.

"The old Santa Fe," he continued,
"was a dream come true. The dreamer
was a young man from Pennsylvania,
Cyrus K. Holliday."
Mr. Gledhill told of Holliday's search
of nine years until he found in
Thomas J. Peter, of Cincinnati, a man
with the money and the courage to
start building the line. Peter built
from Topeka, where Holliday had set-
tled, to Colorado, and then Santa Fe
was at that time Holliday's goal and
made a fortune out of it.
Then came four years of uncer-
tainty until William B. Strong be-
came vice president and general man-
ager in twelve years through the
purchase of the line through
New Mexico and acquired the Santa
Fe, Colorado and Santa Fe to Galves-
ton.
Mr. Ripley, early in his career, was
required to steer a successful course
through the bewildering mazes of le-
gislation and judicial and commis-
sion rulings which has confounded
many advisers and paralyzed executive
intelligence," he said.

DR. HILLES TO SUBMIT DISPUTE TO ARBITRATION

New York, Oct. 30.—The Rev. Dr.
Newell Dwight Hilles, of Plymouth
church, Brooklyn, the pulpit which
he once occupied by Dr. Henry
Beecher, and Frank L. Ferguson, for-
mer president of the board of trustees
of the church, today signed a binding
agreement to submit to arbitration all
disputes at issue between them.
Chief of these matters was a de-
mand by Dr. Hilles for an accounting
of his business adventures for several
years, the books and papers in rela-
tion to which, it was charged, had
been retained by Mr. Ferguson, Dr.
Hilles' business manager for several
years. Discussion over this has re-
sulted in the filing of a libel suit for
\$25,000 damages against Dr. Hilles by
his nephew, Percy D. Hilles, and legal
action to have Mr. Ferguson examined
prior to the contemplated filing of an
action of some sort against him by
Dr. Hilles.
Dr. Hilles and Mr. Ferguson were
persuaded to adjust their differences
by amicable methods by clergymen
who have long been close friends of
the Plymouth church pastor.

THE WEATHER

WEATHER FORECAST.
Washington, Oct. 30.—New Mexico.
Generally fair Sunday, Monday fair,
cooler in east portion.

FLEETS ARE BATTLING IN THE BLACK SEA

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
London, Oct. 30 (12:10 p. m.)—The
Czechoslovakian correspondent of the Ex-
change Telegraph company, sends the
following:
"A private message received in Ber-
lin from Bucharest says the Turkish
warships, Breslau, Goeben and Ham-
burg, which were in the Black sea, a Rus-
sian squadron of three battleships
and several cruisers and destroyers.
The result of the battle is not known."
The Breslau and Goeben, which
were formerly German cruisers, have
been renamed the Midulla and Sultan
Selim, respectively.

PRESIDENT AND MRS. GALT AT ANNAPOLIS

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Annapolis, Md., Oct. 30.—Motoring
from Washington for an afternoon's
outing, President Wilson, accompanied
by Mrs. Norman Galt, his daughter, and
Dr. Cary Grayson, his physician, spent
an hour and a half here today. Their
presence was known to only a few
persons, although the White House
automobile, trailed by a car contain-
ing several service men, was driven
slowly through the principal streets.
After riding through the naval
academy grounds, the president's party
stopped for a few minutes at the
home of Captain Eberle, superintendent
of the academy. There they saw
Secretary of the Navy, Daniels, and
Mrs. Daniels, who are week-end guests
of the superintendent and Mrs. Eberle.
The president declined an invitation
to stay for the football game, saying
he would avoid the crowd. He and
his companions remained at a
hotel, where they had luncheon, un-
til the streets were clear of the crowd
on their way to the football game.

NATIONAL GUARDS FAVORABLE TO GARRISON'S PLAN

Hostility to System of Re-
serves, as Second Line of
National Defense, Gives Way
Before Secretary's Plea.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Oct. 30.—Support of
the national guardsmen of the coun-
try for the administration's defense
plans, including the formation of a
continental army, was virtually as-
serted today at the conclusion of a
two-day conference between Sec-
retary Garrison and members of the
executive committee of the National
Guard association and the national
military head, in opposition to the
continental army scheme de-
veloped yesterday, but Secretary Garrison
was successful in convincing the
guardsmen of the wisdom of the plan
and said that no steps would be
taken to promote the interests of the
National guard.

General Foster, of the Florida na-
tional guard, chairman of the execu-
tive committee, issued the following
statement:
"The report of the executive com-
mittee which has been prepared here
and which will be submitted to the
convention of the National Guard as-
sociation, November 20 to 21, will re-
cite the history of the suggested
military legislation and will outline
the general military policy which the
secretary of war now proposes. It
concludes with a recommendation that
the National Guard association ad-
dress its best efforts towards securing
passage by the next congress of a bill
to improve the efficiency of the mil-
itary and embodying the principle of
federal compensation for military ser-
vice, this having been agreed upon by
all military societies as necessary to
enable the service of the militia
to realize the standards which are now
prescribed for it."

"The national guard officers' meet-
ing here felt that they could not, in
their representative character, give
expression to any opposition to all of the
proposals embraced in the plan until
after such plan had been fully consid-
ered but from individual expressions
it may be safely assumed that the
sentiment of the national guard will
be favorable to the recommendations
of the secretary with regard to a ne-
cessary increase in the standing army
and also to his proposal for the for-
mation of a force of citizen soldiers
which has been referred to as a con-
tinental army and which it is pro-
posed to organize under the constitu-
tional provision granting the federal
government authority to raise and
maintain armies."

MILNER DENOUNCES BRITISH SECRECY

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
London, Oct. 30 (12:21 p. m.)—
Speaking at Canterbury tonight, Vis-
count Milner, who recently raised a
scur in the house of lords by suggest-
ing the withdrawal of the troops from
Gallipoli, vigorously denounced the
policy of secrecy, which, he declared,
had characterized the conduct of the
war up to the present.
"It," he said, "such grave faults and
blunders as delay in providing shells,
a barefaced attempt to conceal it,
blunders in the Gallipoli and a
phenomenal failure of our policy in
the Balkans—if things like these are
allowed to be glossed over we must
not expect, and we should never de-
serve, to see our affairs managed wisely
conducted in the future. I cannot un-
derstand how anybody can contem-
plate our failure adequately to sup-
port Serbia after what we promised,
or our belated attempt to buy help
from Greece by offering her a part
of our possessions, without a sense of
deep humiliation."

RECOGNITION OF CARRANZA NOW BEING CARRIED OUT BY EUROPE

First Chief Insists That For-
eign Nations Need No Long-
er Conduct Relations With
Mexico Through U. S.

VILLA IS PROTECTING AMERICAN INTERESTS

Railroads Between Mexico City
and Other Points Are Being
Opened Rapidly and Normal
Traffic Is Resumed.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Oct. 30.—General Car-
ranza has made it clear through the
foreign office of his government that
he does not desire to deal with Euro-
pean governments through the United
States and officials of the state de-
partment are in accord with his pur-
pose.
Some European powers which have
not recognized the de facto govern-
ment have been transmitting repre-
sentations through American officials
in Mexico.
General Carranza now desires that
foreign governments deal directly
with him in the future.
This policy is expected to hasten
recognition of the Carranza govern-
ment by the powers of Europe.

General Recognition Expected.

Thomas B. Husher, chargé d'affaires
of the British legation in Mex-
ico, is now in the United States. He
will start in a few days for Mexico to
extend the recognition of Carranza.
Austria already has recog-
nized Carranza and there have been
indications that Russia, France and
Japan will do so at an early date.
General Carranza's action is not un-
derstood here to apply to matters of
vital consequence in which the United
States, as the nearest neighbor and
military head, is in a position to
exercise its good offices. It refers to
routine representations which are now
accumulating with reference to for-
eign claims and the general status of
foreign properties in Mexico.

Villa Assures Protection.

The state department's summary to-
day of conditions in Mexico reveals
that Americans in Sonora are not in
as great danger as had been reported,
assurances having come from Villa
officers that they will be given the aid
and protection for them. Lorenzo Perez,
consular representative for Villa at Naco,
has arrived at Cananea and informed
the American consular agent that while
he can no longer perform the duties
of consul he is willing to do every-
thing he can to protect American and
other foreign interests at the same
time continuing to be friendly toward
his faction. He said that General
Erbazale at Cananea intended to pro-
tect foreigners and foreign property.
"Since the arrival of Erbazale," the
statement continues, "persons who
were reported to be alarmed on ac-
count of certain statements said to
have been made by Acting Governor
Randall have been calmed. It is fur-
ther stated that General Erbazale
has personally given assurances that
the Americans will be protected and
that he has stated they have nothing
to fear."

Railroads Open to Travel.

The confidential agency here of the
Carranza government made public to-
night the following message from
Mexico City:
"Railroad communication between
Mexico City and various interior
points as well as the line to El Paso
is being rapidly resumed. The
Carranza government is rapidly
restoring normal conditions."
Governor Millon, of Vera Cruz, has
taken drastic steps to put an end to
speculation in the national paper cur-
rency, the value of which has fallen
to a point below its actual value.
The rate of exchange on October 25
was given at 1.30 to 1.

HESPERIAN SUNK BY TORPEDO, IS PROBABLY BREAK AWAY FROM

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Oct. 30.—While the
report of the navy board which found
that the most of the metal forwarded
from London as evidence in the case
of the steamer Hesperian could only
have come from a torpedo was for-
warded to the Berlin foreign office as
a matter of information, it will not be
accompanied by any representations
on the part of the United States.
A link is missing in the chain of evi-
dence upon which the Washington
government could found a statement
that it was convinced that a torpedo
sank the ship to the bottom.
The fragment was turned over to
Ambassador Page by the British ad-
miralty with the statement that it was
found on the Hesperian's deck after the
explosion and during her fruitless
struggle to reach port before she sank.
No sworn statement by the finder,
however, accompanied the bit of metal
and until that gap is closed, it said
today, that no representations will be
made to Germany, which has consis-
tently maintained that the steamer was
not torpedoed by a German subma-
rine.

GREEK KING PAYS VISIT TO SALONIKI

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Berlin, Oct. 30 (By Wireless to
Tuckerton).—The Overseas News
agency tonight gave out the following
item contained in a dispatch from
Athens:
"King Constantine of Greece has ar-
rived at Saloniki. He was received
by Prince George and the authorities.
The general staff of the entire troops
was not present, in accordance with
the king's desire."

Summary of War News of Yesterday

Almost coincident with the reports
that the Russians are sending trans-
ports with troops through the Black
sea for the purpose of making a land-
ing on the Bulgarian coast, comes the
unofficial statement that a naval en-
gagement between Turkish and Rus-
sian warships had taken place in these
waters.

A message received in Berlin from
Bucharest reports that the Turkish
warships Midulla, Sultan Selim, for-
merly Goeben and Breslau, recently
sailed from Constantinople and are
approaching the Black sea.

No further details are given.
The Bulgarians are said to be pre-
paring special trains to transport Ger-
man troops over the Bulgarian rail-
way to Constantinople through
Thrace. Already war munitions have
been dispatched to the Turkish cap-
ital.

The execution by the German mili-
tary authorities in Belgium of nine
prisoners convicted of espionage is re-
ported officially from Berlin, accord-
ing to an Amsterdam dispatch to Lon-
don. These prisoners, including three
women, were sentenced to capital
condemnation.

Russian resistance in the Riga dis-
trict evidently is holding firm, as the
Germans admit a retirement south
across the Mius near Pskov after they
have advanced on the northern bank
of that stream. Pskov is about
eleven miles directly south of
Riga, which shows the nearness of
the German advance. The Germans
retired after they had reached their
aim and were not facing a third
attack.

Berlin reports that nothing of im-
portance has occurred on the western
front since the issuance of the pre-
vious official statement. Paris de-
clares the Germans were beaten in
recent counter-attacks near the
frontier of Belgium and in an ef-
fort to regain positions near La
Courtois in the Champagne. The sale of
a French section at Bois en Hache in
the Ardennes also is claimed by the
French.

GERMANY STIRS UP TROUBLE IN CHINA REPUBLIC

England, Russia and Japan
Request United States to
Join in Protest Against
Change to Monarchy.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Oct. 30.—Great Britain
and Russia, as well as Japan, it
became known tonight, have made
unsuccessful efforts to enlist the aid
of the United States to prevent the
establishment of a new monarchy in
China and the abandonment of the
present republican form of govern-
ment.

The United States takes the position
that it cannot act with propriety
expressing an opinion on the internal
concerns of a sovereign state. It was
represented to the state department
by the allies that the question involv-
ed a possible upset of the political
equilibrium of the Far East, since
revolution was certain to follow such
a change.

The fact that the American govern-
ment had lent its support to the
republic when it was created, being
the first to extend recognition,
which had been the policy of the
United States, was likely
to influence the United States in
allied quarters here it is denied that
France is unopposed to the
movement to prevent a change of
government in China. The theory
advanced among diplomats re-
presenting the allies here is that China
was being influenced indirectly by
Germany in the hope that the political
situation in the Far East will be
again disturbed and Japan's attention
concentrated on a possible revolu-
tionary outbreak in China with the re-
sultant suspension of ammunition
shipments from Japan to Russia.

FOUR MEXICANS BREAK AWAY FROM LAS CRUCES JAIL

Jailer Is Badly Beaten by Des-
perate Prisoners Before Es-
cape; Sheriff's Posse Is in
Pursuit.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Las Cruces, N. M., Oct. 30.—Four
Mexican prisoners in the county jail
this afternoon overpowered the jailer,
Fidel Sanchez, and made their es-
cape. Sanchez was badly beaten.
Eusebio Garcia, of Roma, who
was not given, were in the "ron-
dones" of the jail when Sanchez en-
tered, carrying mattresses for them
to sleep on. All four set upon him,
beat him into unconsciousness, took
the keys and made their escape.
When the jailer recovered sometime
later, a posse was started in pursuit
but up to a late hour tonight no trace
of the fugitives had been found. All
four were being held for theft.

Governor Appoints Notaries.

Santa Fe, Oct. 30.—Governor Mc-
Donald today appointed the following
notaries public: George W. Shepherd,
Fortnite, Valle Arriba, Vaughn,
William A. Chapman, Raton.
The newswriter Rottendamsche tonight
gave the following esti-
mate of Teutonic losses:
German casualties, October 11 to 20, 57,124
Prussian losses since war began, 2,000,000
Total losses of Germany, Austria and Turkey, 5,000,000
The last casualty lists give the names of 27 officers killed
and 72 wounded, four generals killed and two wounded. Among the
72 casualties are many killed by poison gas. The losses of tele-
phone and telegraph installations in the trenches are very heavy.
There have been issued 228 Bavarian, 1,265 Saxon, 256 Wurt-
temberg and 53 naval munition lists.

VILLA EXPECTED TO GIVE BATTLE AT AGUA PRIETA TODAY OR MONDAY

Three Thousand American Sol-
diers Entrenched Within
Few Feet of Border for Pro-
tection of Douglas.

CHIHUAHUA CHIEFTAIN HAS 18,000 SOLDIERS

Carranza Reinforcements Be-
gin to Arrive Through United
States, to Assist Defense of
General Calles.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Douglas, Ariz., Oct. 30.—Three
thousand men of the sixteenth United
States infantry brigade were placed
in trenches today within a few feet
of the Mexican boundary, ready to in-
terfere if an attack on the Carranza
army of Agua Prieta, Sonora, by
the Villa army, expected Sunday or
Monday, should result in shooting into
American territory.
Brig. Gen. Thomas F. Davis, in-
fantry commander, said he would take
every precaution to prevent any firing
into Douglas.

"I do not propose to see an Ameri-
can town shot up," he said.
Anticipating a battle tomorrow
or Monday, General Davis at the same
time issued instructions to residents
on the American side of the boundary
to keep within doors, get behind
adobe walls and not to trust to wood-
en barriers to keep out high-powered
bullets.

Villa's advance guard, under com-
mand of Col. Thomas Franco, reached
San Bernardino, twenty miles east
of the border, today. Colonel Franco
gave the first definite information
that Gen. Francisco Villa himself was
with the army. He said Villa would
arrive at San Bernardino tomorrow,
indicating that a battle, if battle there
is to be, will occur Monday.

Gen. P. Elias Calles, commanding
Agua Prieta, received reinforcements
last night. The first of nine trains
bearing troops and equipment from
Laredo, Tex., arrived. It bore equip-
ment consisting of food guns, ammu-
nition and vehicles of all sorts. Other
trains were expected tonight and to-
morrow.

Villa's Strength 18,000.

Villa, Colonel Franco added, had
18,000 men and sixty-eight mill-
imeters of 134-inch field guns.
Previous reports credited Villa with
7,000 men and twenty-eight guns.

Further information concerning the
Villa forces was given by Juan Wen-
chew, a Mexican boy wounded in the
fight in a skirmish at Chihuahua yes-
terday, and brought to the Carranza
hospital at Agua Prieta.

"We had no beans or flour since we
left Casas Grandes," he boy said. "Our
food has been just plain beans (fowl)."
Wenchew, who said he had been
wounded and hungry, nevertheless
was certain Villa would take Agua
Prieta.

"Villa will be here for me in three
days," he asserted, smiling despite the
gash from his shattered upper leg
bone.

The movement of the American
troops from the camp, two miles east
of Douglas, to positions along the bor-
der, began this afternoon.

The Twenty-second infantry moved
from camp to a station directly across
a few yards from the barbed wire
fence separating Mexico from the
United States. The Eighteenth took
a position west of the Twenty-second,
while the Eleventh infantry was as-
signed to a position directly facing
Agua Prieta. The Twentieth infantry
and part of the Seventh were ordered
into reserve at the camp. The entire
force began entrenching and their
work involved many night trips for
about thirty machine guns. If they
should be needed.

As the Eleventh infantry swung
down the road running through the
American town and on into Agua
Prieta, practically the entire garrison
and population of the Mexican town
crowded against the barbed wire
barrier to watch as American picks
and shovels went into action, ripping into
the hard earth to form protective
works on the Douglas border for the
first time in the history of Mexican
warfare on the boundary line.

The American trenches begin at a
point a few feet west of the United
States custom house within less than
twenty yards of the Carranza trenches
at the rear of Agua Prieta.

Mexicans working in these trenches
dropped their picks and joined
thousands of gesticulating Mexican men,
women and children watching the
work of the American troops.

5,000,000 Men Lost to Teutonic Allies

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
London, Oct. 30.—The first of
three suits brought by John D. Park
& Sons Co. of Cincinnati, against men
in the wholesale drug busi-
ness in this city, Albany, Troy, Utica,
Elmira, Syracuse, Rochester and Buf-
falo, for damages alleged to have been
caused their business by methods in
violation of the Sherman law, result-
ing in a decree for the Park company
in the federal district court here.
The decree entered is known in legal
terminology as a decree pro con-
fesso and is the equitable form of a
judgment by default. Damages are
not to be adjudged. According to Al-
ton B. Parker, of counsel for the Park
company, damages will approximate
\$400,000.
The three suits are all directed
against prominent members of the
National Wholesale Druggists' as-
sociation, which, together with its mem-
bers, it is alleged, was enjoined by a
decree entered in 1913 in the govern-
ment suit against the so-called drug
trust, from fixing prices, circulating
blacklists and unlawfully interfering
with the business of non-conforming
wholesale druggists. Interference with
their business is charged by the plain-
tiffs from 1881 to 1907.

MUNICIPAL LEAGUE TO MEET SOON IN DAYTON

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Dayton, Oct. 30 (12:30 p. m.)—The
National Municipal League will hold its
first annual meeting in Dayton, Novem-
ber 12-13 in conjunction with
which the City Managers Association
of America as well as the Ohio Mani-
fested League and the Ohio Society for
League of Ohio will hold conventions.
There will also be joint sessions
with the Urban Universities association,
which will convene a meeting with the
discussion of a municipal charter based
upon the city manager plan and the
utilization of experts in municipal
government. In fact, the whole ques-
tion of experts will receive extended
attention at the hands of the various
societies of the Urban Universities as-
sociation.

The chief feature of the National
Municipal League's meeting will be
the discussion of a model charter
based upon the city manager plan
and the utilization of experts in mu-
nicipal government. In fact, the whole
question of experts will receive ex-
tended attention at the hands of the
various speakers, for the commit-
tee holds that the functions of mu-
nicipal government being so great
and developed that their proper ad-
ministration requires the services of
men who have made a life study of
them.

BEATEN BY GAMBLERS AND LEFT TO DIE

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
San Bernardino, Ariz., Oct. 30.—J.
San Bernardino, who said he was a calli-
grapher from Montana, was found spec-
tacularly today in a dry river bed five
miles northwest of here. He had been
attacked and apparently he had
been killed by a group of men during a
period of consanguinity at a hotel
here he said he was attacked by a
group of men who were gambling in
Los Angeles, when he threatened to report
their methods to the police. He said
he remembered nothing about the
attack and he was left to die.

CARRANZA TRAIN REPORTED FIRED ON AT COLUMBUS

Villa Cavalry Leave Juarez
and Proceed West When
Forces Transported Through
U. S. Arrive in El Paso.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
El Paso, Oct. 30.—Two equip-
ment trains and two troop trains, con-
taining about one battalion of Car-
ranza troops, passed through here to-
day under guard of United States
troops for Douglas, Ariz., to reinforce
General Calles at Agua Prieta. Two
trains were held here tonight for depar-
ture at daylight, because of the pos-
sibility of an attack by Villa cavalry
west of here during the night. Two
more trains are expected to pass
through here tomorrow.

Today the last detachment of the
Seventh and Twentieth infantry
left Fort Bliss for Douglas, to rein-
force the United States troops there.
The arrival and departure of the
Carranza troops was marked in Juarez
by a sudden dispatch of Villa troops
westward along the border. When the
movement was noticed, a battery
of artillery was thrown into position on
the mesa back of this city while a de-
tachment of United States troops
was ordered to guard the border, as
far west as Fort Bliss. On their re-
turn they reported the Villa cavalry
left traveling west.

Reports late tonight from appar-
ently authentic sources were that the
Villa army had crossed the border, as
far west as Fort Bliss. On their re-
turn they reported the Villa cavalry
left traveling west.

SERBIAN FORCES ARE SAVED FROM ANNIHILATION BY MOUNTAINS

Russian Army Is Reported
Crossing Black Sea to At-
tack Bulgarians in Rear;
Rumored Naval Engagement.

AUSTRO-GERMANS ARE EVACUATING VOLHYNIA

No Marked Developments Are
Reported From Either East-
ern or Western Fronts of
European Struggle.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
London, Oct. 30 (12:45 p. m.)—Ser-
bia remains the center of interest in
the war. Except for the French con-
tinued stiffening the Serbian line in
the region of Stranitsa, the allied re-
inforcements have not yet reached her
hard-pressed and retreating armies
and only the mountainous character
of the country is saving these troops
from annihilation.

Serbia's tiny neighbor and ally,
Montenegro, in the meantime, is being
harassed by the Austrians who are
exerting renewed pressure along the
Drina near Vukobrat in a movement
to co-ordinate with the general Teu-
tonic offensive in the Balkans.

MIDDLE VALLEY FOLKS FEEL GOOD OVER PROSPECTS

Nobody With a Grouch Is to Be Found Anywhere Around Eddy and Chaves Counties; Everything Looks Fine.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Artesia, N. M., Oct. 29.—Perhaps it is because Eddy county was a good year at the state fair, perhaps it is just because the tangle of fall puts a "kick" in the blood, and perhaps it is just because the tangle of fall puts the business men of the middle valley are more optimistic at present than they have been for many months over the conditions of this section of New Mexico. There are summer crops for the farmer, the fruit growers and the stockmen to be seen on every hand, and most of it is sold at good prices. Diversification of crops is claiming the attention of more and more land owners on the mesa slope, and it is confidently expected that in a few years more no hay or grain will be raised for shipment, but all feed crops will be taken up at home and a double profit taken by the farmer.

J. E. Robertson, cashier of the First National bank, said today that he considered the business section of the county better than it has been at any time within the past three years. "It is 25 per cent better than a year ago," Mr. Robertson said, and there is every indication of a further increase. The several hundred cars of apples shipped from Artesia and Hope this year brought real cash into the country, and the banks and the business men in general are feeling the effects of the ready sale of our fruit found in the market cities. The slump

in alfalfa has passed. The jump in the price of cottonseed meal, from \$25 last year to \$33 this year, has caused a rise in the price of alfalfa, and that not only makes everyone feel better but brings more money into the valley. I think we have a most prosperous year ahead of us.

"Business is certainly good with us," said B. Rowan, vice president of the First State bank of Artesia. "And I am sure it will continue to improve. We are having the greatest success possible with our plan to interest the farmers of this section in good livestock. This week we shipped in two cars of high grade hoppers and they were bought by one man within a half hour after they were out of the cars. If we can find this country up with good cattle to eat up the hay and grain we raise it will double and triple the profits of every farmer who engages in the business."

FAMOUS SCIENTISTS SEE STATE BUILDING

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, Oct. 30.—Thomas A. Edison, Luther Burbank and Henry Ford visited the New Mexico building at San Diego on Thursday. Other distinguished business men of the middle valley are more optimistic at present than they have been for many months over the conditions of this section of New Mexico. There are summer crops for the farmer, the fruit growers and the stockmen to be seen on every hand, and most of it is sold at good prices. Diversification of crops is claiming the attention of more and more land owners on the mesa slope, and it is confidently expected that in a few years more no hay or grain will be raised for shipment, but all feed crops will be taken up at home and a double profit taken by the farmer.

J. E. Robertson, cashier of the First National bank, said today that he considered the business section of the county better than it has been at any time within the past three years. "It is 25 per cent better than a year ago," Mr. Robertson said, and there is every indication of a further increase. The several hundred cars of apples shipped from Artesia and Hope this year brought real cash into the country, and the banks and the business men in general are feeling the effects of the ready sale of our fruit found in the market cities. ENLOE CRITICIZES AMERICAN HOME FOR ITS LAXNESS

President of Silver City Normal Tells Local Teachers Mothers Are Too Busy With Club Life Nowadays.

Criticism of the American mother, for failure to give to her children the time she has been giving to clubs and other outside activities and social sharp criticism of the American home, for showing off onto the school, the responsibility of teaching domestic science, manual training and the like, were the features of the principal address delivered at yesterday's meeting of the Bernalillo County Teachers' association, where President E. L. Enloe, of the Silver City Normal school, was at once the principal speaker and the guest of honor.

Professor Enloe's address came near the close of an attractive and interesting program of recitations, musical numbers and other features. It was technical in a degree but full of interest to the teachers. Dr. Enloe dealt particularly with the recitation period of classroom schedules, which he declared was the most important period of the day's routine. The teacher's mind must be the minds of her pupils then, he said.

"Heart Side" Stressed.

The Silver City Normal emphasized the "heart side" of teaching, declaring that no teacher whose heart was not in her work could accomplish results worth while. He also brought out the lesson that achievement must be paid for in effort and patience. He favored a broad education for teachers, declaring that such should know much more than they do now.

Dr. Enloe declared that the school, the church and the home were the three great educative influences and that all were run by women. "At least," he continued, "my home is."

He urged the closest sort of co-operation between school and home and declared that the school must perform many duties which years ago were performed by the home.

Emphasizes English Work.

English teaching, especially the teaching of proper expression, was declared to be the most difficult subject for the average teacher, and Dr. Enloe announced that his school shortly would place a specialist in charge of this branch of the English department, that teachers might be fitted to teach it more thoroughly.

Dr. Enloe declared that after a careful examination of the exhibits at the Panama-Pacific exposition he was unable to see that Mexico was not keeping up with the procession. "He was echoed in this pronouncement by Superintendent A. Montoya, who asserted that he did not believe it would be possible to find a case of illiteracy among persons between seven and fifteen years of age in the valley section of the county, census reports of 1914 to the contrary notwithstanding.

The Program.

The association will not meet again until the first of the year. The program yesterday was as follows:

Piano Solo—Gladys de Conser.

Address—Eugene Kitterer.

Misses Frances and Cella Murphy.

Paper—"Possibilities of the Rural Schoolroom."

Mrs. Reta B. Matthews.

Discussion—Miss Mabel Hutton.

Reading—"Virginia's Fate."

Miss Beatrice Armida.

Paper—"Standard English."

Miss Gertrude Espinosa.

Discussion—Miss Helen V. Kimball.

Address—Dr. E. L. Enloe, President.

New Mexico Normal School, Silver City.

Vocal Solo—"In the Land of Beulah Dreams."

W. J. Peters.

Miss Lillian Yrissari.

Address—Hon. Alvan N. White, Superintendent of Public Instruction.

Piano Solo—Hungarian Rhapsody.

Miss Rosalie With.

TWITCHELL BACK FROM SAN DIEGO; SAYS FAIR SHOULD BE KEPT OPEN

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, Oct. 30.—Col. Ralph E. Twitchell returned last night from a trip to San Diego, Phoenix and Tucson. He found enthusiasm everywhere for keeping the San Diego fair open next year and declares it a pity that lack of financial resources does not permit the New Mexico building to remain on the grounds after New Year.

When Colonel Twitchell arrived he found another telegram urging him to attend the banquet for President Ripley, of the Santa Fe, in honor of his seventieth birthday celebrated today. Like the dinner of the women's board of trade held here last week, the Ripley banquet is a "home products" affair. A refrigerated car starting in California, packed with oranges, lemons, grapefruit, pines and even cactus from the desert, and other products of the southwest, including New Mexico "fruits," to be used in the banquet.

Santa Fe Personals.

(SPECIAL DISPATCH TO MORNING JOURNAL) Santa Fe, Oct. 30.—Bank Examiner R. H. Carter has decided to bring his family to Santa Fe from Tucson and today rented an apartment in the Sturtevant block, opposite the federal building.

Salomon Spitz, filices manufacturer and jeweler, today moved from the stand on the south side of the plaza he has occupied for many years, to the adjoining Masonic block, which has just been renovated at a cost of \$14,000. McCintock & Wright clothing merchants, on Monday will move from the Catron block to the Masonic block. A motion picture enterprise is figuring on moving into the store room vacated.

Alfalfa Destroyed by Fire.

Santa Fe, Oct. 30.—The insurance department today received word of a \$6,000 fire in the Mesilla valley, the hay barn of Henry Fitch with 150 tons of alfalfa being destroyed by the flames at Dona Ana. The barn was one of the largest in the southern part of the state. The insurance is \$2,500. It is not known how the fire started.

CHARITIES DAY TO BE OBSERVED ON NOVEMBER 9

Civic Betterment League Makes Appeal to People of Albuquerque to Support Movement for Benevolence.

The Civic Betterment League, after a year's successful work in demonstrating the feasibility and the advantage of organized charity work, has decided to make an appeal to the people of Albuquerque to supply the necessary funds to keep up the work that has already been begun and to widen the scope and usefulness of the organization's plans. The following statement was issued yesterday from the headquarters of the league:

"Had anyone proposed a community solicitation for the raising of more money for public purposes in Albuquerque this fall, the suggestion would have been met with almost the life of the man who made it—that is, if the object had been more public buildings or more public housing. But Albuquerque will not regard the plans now formulating to finance an adequate basis for the organized charity work of the city as requested by the charities department of the Civic Betterment league.

"There may be a few people in Albuquerque who do not yet know exactly what the Civic Betterment league is. For the benefit of any such people, we would state that it is a voluntary organization of men and women who have the welfare of the community at heart, and who felt that in such an organization there would be created an agency that could in many desirable lines serve the interests of the whole people. The organization resulted from a representative meeting held about a year ago, to which had been invited delegates from practically every civic, fraternal and philanthropic organization found in the city. Their way to form a working body in which all elements of the community could co-operate for the accomplishment of things which no existing organization could undertake alone. The league is composed of two departments, civic and charity. The civic department has in the first year of the league's existence undertaken but few enterprises, but to those few undertakings it has been effective. There is a broad field for the activities of this department, and it is our earnest hope that the league's program is one of constructive work rather than reform.

Charity Main Feature.

"The main activity of the league in this initial year of its existence, has been through its charities department. This department has undertaken to do the work of an associated charity organization. This is the department and this is the work which the league is asking the citizens of Albuquerque at this time to finance.

"It goes without saying that every community the size of Albuquerque has its charity problem. And it requires only a moment's reflection to realize that that problem is for Albuquerque a peculiarly heavy and difficult one. We have what every city has, our own poor. And we have besides, the stranger. Even when he is in good health, he needs appeals when he is stricken in a country like this, of great distances, sparse population and more or less desolate conditions for the wayfarer. How much more appealing his case when he is sick? And it need not be said that the stranger is Albuquerque's peculiar problem.

Now there are just two ways of administering the work of charitable relief, the haphazard way and the organized way. Of the two the former is not only the less efficient, it is also the more costly. It is less efficient in that it involves impotence, involves duplication of relief, and utterly fails to find and attend to the cases that are often the worst as well as the neediest. And it is more costly because the money that is given is not followed with personal supervision, and hence no correctional process is introduced that would tend to heal the need at its source. The facts all tend to become chronic 'repeaters.' Not only on grounds of sentiment, but on grounds of economy, therefore, the Civic Betterment league has a right to look to the community for support in its program of organized charity. Every citizen of Albuquerque owes a debt to the men and women who have undertaken to study this problem, who have evolved a plan of administration that is comprehensive, scientific and economical, and who have had the faith and courage to go ahead with the application of their plans.

City Has Helped.

"The league has been provided with an office free of charge in the city hall, and the city has made a monthly appropriation of fifty dollars to its work. It employs a competent secretary in the person of Mr. L. C. Reed, who gives all his time to the work, and an organized and is now maintaining at Third and Mountain road an institution for shelter and care for such poor sick as can not be cared for in any other way. In personal charge of this tent colony Mrs. Corn H. Sweet, a trained social worker, is also to devote part of her time to work as a visiting nurse. In an upstairs room at 128 West Gold there has been opened a receiving station for second-hand clothing, food, goods and household goods, which after thorough examination are through a committee distributed as needed. It will be seen that the league is a going concern. Its work this first year has been carried on upon a very meagre income, but the report of cases on file at the office speaks eloquently both for the value of its operations and the efficiency with which they have been conducted. Those who have paid the least attention to the reports of its work as published from time to time have been impressed with the fact that Albuquerque has now in successful operation a charity organization whose methods are as businesslike as its purposes are beneficent.

That Albuquerque appreciates this fact is shown by the action of ten citizens who have subscribed \$250 each to cover the year's budget for overhead expense. And this fact insures that of least until next May not one cent of the money that is now being sought will go to pay salaries or any other purely administrative costs.

"On Tuesday, November 9, one hundred men, volunteer workers, will make a house-to-house canvass of the

OPPORTUNITY AND THE BANK ACCOUNT

Slightly Used Furniture at Bargain Prices

We Specialize on Homefurnishings to Meet the Requirements of the "Average Home"

We sell homefurnishings ranging from the lowest-priced which are worthy, to the very finest and most elaborate made. It is the MEDIUM grades on which we specialize. The "Average Home" does not call for elaborate and costly furnishings and the lowest-priced furnishings are not good enough. It is the medium grades which are required—homefurnishings that are well made from durable, serviceable materials; that are neat, attractive, and in good taste; not the most expensive and not the lowest-priced. Our extensive stock consists largely of this type of homefurnishings. We realize that there are many who know that it is to their advantage to buy the grade of homefurnishings on which we specialize, but find it inconvenient to pay cash in full. Our arrangement for Deferred Payment accounts offers the solution to the problem. Our terms are not over conservative nor are they sensationally liberal. They have been adopted to meet the requirements of the average customer. If yours is an "Average Home" and you have new furnishings to buy you should make it a point to become acquainted with this store which specializes on your needs.

WE WILL BUY YOUR OLD FURNITURE FOR CASH OR EXCHANGE NEW FURNITURE FOR OLD.

1914 CHAMPS OF BIG NINE HELD TO A TIE SCORE BY THE GOPHERS

Minnesota Near to Winning in Final Quarter as Result of Wild Pass by Watson, Illinois Center.

ILLINI HOLD THEM FOR DOWNS FOOT FROM LINE

Ball Pushed Over Illinois Mark for Visitors' Score With Only a Few Minutes to Play.

(By Morning Journal Special League Wire.)
CHICAGO, Ill., Oct. 30.—The University of Illinois and Minnesota football teams played a 6-0 tie here today. In the fourth quarter victory seemed well in the grasp of Minnesota when on the fourth down, on a wild pass by Watson, the Illinois center, the ball rolled down to the yard line of Illinois and a Minnesota player covered it. Minnesota advanced to the one-foot line but the Illinois line held the visitors off downs and Macomber punted out of danger.

CHICAGO'S VICTORY OVER WISCONSIN TERMINED AN UPSET

Chicago, Oct. 30.—In one of the greatest football upsets of recent conference history, Chicago today claimed victory over Wisconsin, 14 to 13. A missed goal from touchdown with Elmer Simpson kicking accounted for the one point difference, for each team scored two touchdowns.

The Maroons outplayed the Badgers in the finer points of the game and in kicking. Both teams, however, were guilty of bad fumbling. Wisconsin had far the better of the forward passes.

OREGON AGGIES ROUT THE MICHIGAN FARMER STUDENTS

East Lansing, Mich., Oct. 30.—The football eleven of the Oregon Agricultural college this afternoon defeated the strong Michigan agricultural team by the decisive score of 20 to 0, in the first of a series of games to be played by that team in the east.

The westerners played a trucking game of straight football instead of an expected open game. They began scoring at the outset, Abraham, who was the individual star of the game, carrying the ball over for the first touchdown after only a few minutes of play. In the third period another touchdown was made after Abraham had made a spectacular dash nearly the length of the field. In the final period he duplicated.

NOTRE DAME STARTS SUBS; THEN CALLS REGULARS; WINS

Notre Dame, Ind., Oct. 30.—Notre Dame defeated South Dakota, 6 to 0, in a hard fought game here today. Four substitutes were used by Notre Dame in the first half but regulars were played throughout the second half. The only touchdown of the game was scored in the third quarter when Bergman kicked off and on a criss-cross play for fifteen yards and a touchdown. Hutton and Duncan, South Dakota's ends, broke up most of Notre Dame's long runs. After fullback, started with line plunges for Notre Dame. South Dakota did not seriously threaten Notre Dame's goal.

MICHIGAN'S LINE IS WEAK; SYRACUSE'S OFFENSE STRONG

Ann Arbor, Mich., Oct. 30.—A powerful but erratic offense and the weakness of the Wolverine line gave Syracuse university a 14-0 victory over the University of Michigan today. Eleven players were today Syracuse's main strength, two of which came when the outsiders had started injuries. Syracuse's goal. Twice during the first period Syracuse suffered fifteen-yard penalties for holding.

WOLFEVINES OF STED FROM BIG NINE RACE BY CHICAGO

Chicago, Oct. 30.—Chicago's football eleven was up suddenly this afternoon and by desperate fight outplayed the University of Wisconsin team, winning 14 to 13. The result puts Wisconsin out of the "big nine" championship race.

COLORADO U. LOSES TO UTAH FOR FIRST TIME IN SEVEN YEARS

(By Morning Journal Special League Wire.)
Salt Lake City, Oct. 30.—For the first time since 1908 the University of Utah succeeded in defeating the University of Colorado team here today, 25 to 0. The victory was well earned and at no time were the visitors able to reach Utah.

COLORADO AGGIES STRUNG OF VICTORIES IS UNBROKEN

Fort Collins, Colo., Oct. 30.—The Colorado Aggies today added another to its unbroken string of victories, winning from last year's conference champions—the Colorado school of Mines—25 to 0. Five touchdowns and five goals figured in the scoring.

Cross-country Race Tie

Princeton, N. J., Oct. 30.—Princeton and Yale raced cross-country today to a tie, the final score standing 25 to 25.

AGGIES SMOTHER TEXAS MINERS BY A 33 TO 0 SCORE

Costly Fumbles Have Much to Do With Defeat of Boys From Lone Star State by New Mexico Farmers.

(By Morning Journal Special League Wire.)
Las Cruces, N. M., Oct. 30.—The football team from the Texas school of Mines was smothered this afternoon in the game with the New Mexico College of Agriculture and Mechanical Arts, the final score being 33 to 0, in favor of the New Mexico farmers.

NEBRASKA DEFENDS CLAIM TO MISSOURI CONFERENCE TITLE

(By Morning Journal Special League Wire.)
Attna, Mo., Oct. 30.—Before the largest crowd ever witnessed a Missouri conference football game here and with thousands of fans and other state officials among the spectators, Nebraska university football players defeated Iowa state college this afternoon, 21 to 0.

DRAKE COMES FROM BEHIND AND DEFEATS WASHINGTON

Des Moines, Ia., Oct. 30.—Drake came from behind with a magnificent rally in a game with Washington university here this afternoon and won by a score of 25 to 13. The Bull Dog won by using the forward passing game almost to perfection in the closing minutes of play.

ABLE TO GET INTO K-S-A C. TERRITORY IN LAST QUARTER

Columbia, Mo., Oct. 30.—Missouri failed to pierce the defense of Kansas Agricultural college team made the twenty-yard line today and the home players in the game nothing to nothing. Missouri had the ball in the Kansas Agricultural territory only in the last quarter. Twice the Missouri players reached the goal line and twice they were thrown back on downs.

HASKELL INDIANS FORCE TEXANS TO A HARD FIGHT

Dallas, Tex., Oct. 30.—The Texas Agricultural and Mechanical college football team with a hard fought but decisive victory over the Haskell Indians here today by the score of 21 to 0.

EL PASO HIGH SCHOOL SECOND TEAM BEATEN BY ALAMOGORDO H. S.

(By Morning Journal Special League Wire.)
Alamogordo, N. M., Oct. 30.—Playing early improved football both in attack and on defense, Alamogordo today upset expectations and triumphed over the second El Paso high, 14 to 13. The playing was clean and snappy throughout the game. Alamogordo scored first after ten minutes of play on Lee's forty-yard run and run for a touchdown. Boyd, of El Paso, also made a forty-yard run, gaining seventy yards.

Umpire Kane Dead

Louisville, Ky., Oct. 30.—Stephen Kane, formerly widely known National league umpire, and later with the American Association and Federal league, was stricken with a heart attack and died in a hotel here today.

COLGATE STILL NOT SCORED ON AFTER MEETING OLD ELI'S TEAM

Yale's Attack Is Weak and Spasmodic; Visitors Make Two Touchdowns After Sensational Runs.

GOAL FROM PLACEMENT EXPLAINS ODD FIGURE

Blees Occasionally Get Within Scoring Range but Little College's Goal Never Seriously Threatened.

(By Morning Journal Special League Wire.)
New Haven, Conn., Oct. 30.—Colgate's unbeaten eleven played here today and had no difficulty in defeating Yale, 12 to 0. The points came from two touchdowns—both made after sensational runs—and an easy goal from placement by West.

Yale's attack was weak and spasmodic. While the Blue occasionally got within the scoring zone, Colgate's goal was never in jeopardy. The defense was fair on old line plays but as in previous games, Yale seemed unable to stop the forward passing and open game of the visitors.

SMASHING ATTACK BY PENN. STATE FAULTS; HARVARD WINS

Cambridge, Mass., Oct. 30.—With a smashing defense and a sturdy offense, Harvard defeated Penn State college, 15 to 6. Except for a burst of speed in the third period the power of the Harvard offense was either lacking or kept from the center game of Princeton points. The Tiger visitors saw a fine demonstration of the strength and firmness of the Princeton team when flailing under their own goal posts.

It has been years since such a fast and smashing attack has been hurled at Harvard and while the Cambridge team wavered in mid-field before the charge of the forwards, it had the victory stop the visitors twice on the ten-yard line and again on the twenty-five-yard line.

Throughout the Harvard back, who had just recovered from injuries, was again hurt and may be out of the game for the rest of the season.

IN LUSTLESS GAME, TIGERS OVERWHELM WILLIAMS TEAM

Princeton, N. J., Oct. 30.—Princeton defeated Williams here today in a football game marked by new features, 21 to 0. Repeated fumbles on the part of the visitors, wrecked punting by Overton and poor generalship on the part of quarterbacks on both sides made the game a listless display.

THE PHENOM OF CAPTAIN GLENN, TIGHTEN, HIGHTON AND BROWN WEIGHED IN PRINCETON. THEY WERE AT HARVARD WHILE WATSON AND DUNCAN OF THE CRIMINAL WERE HERE.

Illness, N. Y., Oct. 30.—Cornell piled up a score of 13 to 0 in defeating the heavy Virginia Polytechnic college team today and uncovered an aerial offense that proved a real killer. The big end and team showed conclusively that the victory over Harvard last Saturday was not a fluke in the pan for today's game it indicated that Coach charge has built up first and second teams with a successful attack and defensive power.

BROWN HAS LITTLE TROUBLE IN DUBBING VERMONT C.

Providence, R. I., Oct. 30.—Brown had little difficulty today, scoring away with a 40-0 football victory over Vermont today.

The Green Mountain team were on the defensive throughout the game, not once having the ball in Brown's territory. Dolphin, the star of the Vermont eleven, in making an own field tackle passed back. The head and was carried off the field in an unconscious condition.

WEST POINT OUTPLAYED AT EVERY ANGLE BUT PUNTING

West Point, N. Y., Oct. 30.—The Army was beaten by Villa Nova today, 16 to 12, in a hard fought and closely contested game. The visitors outplayed the cadets at every angle, except at punting, where Merrill had a minute the better of it.

The cadets showed flashes of offensive strength, notably in the second period when they marched seventy yards for a score of short passes through the line.

BATCH NOMINATED TO SUCCEED SELF AS HEAD OF WESTERN GOLFERS

(By Morning Journal Special League Wire.)
Chicago, Oct. 30.—George R. Hatch of the Cincinnati Golf club, was nominated to succeed himself as president of the Western Golf association today.

Other nominations were: Trustin E. Boyd, Bellevue Country club of St. Louis, for vice president; E. Hoover, Highland, Middlesex club, Chicago, for secretary; C. C. Paddock, Pleasanton Country club, Chicago, for treasurer.

The other changes suggested in the present board of directors was the nomination of Arthur H. Caldwell, Detroit Country club, to take the place left vacant by the elevation of Mr. Boyd to the vice presidency. Other nominees for directors are: Charles H. Smith, Neshaminy Country club, William P. Brooks, Minneapolis club, Minneapolis; Kevin S. Armstrong, Los Angeles Country club, William T. Fox, Omaha Country club, Omaha; and H. H. Smith, present vice president, and Mr. Henshaw, secretary, declined re-nomination. The nomination committee this year included J. R. Lewis.

STRONG REDSKIN TEAM DEFEATED BY HIGH SCHOOL

Indians, Greatly Strengthened, Throw Strong Scare Into Repp's Crew; A. H. S. Student Body Support Poor.

(The Albuquerque high school football eleven defeated the United States Indian second team yesterday at Howell Field, 14 to 0, but not until after the Indians had succeeded in giving Coach Repp's charges the scare of their lives.

The game, though slow, was one of the hardest fought ever played in this city by teams of high school class. In the first half neither team could gain ground consistently and although with striking distance, the A. H. S. men lacked the punch to put it away. In the third quarter the Indians put up a wonderful defense under their own goal posts and held high school advance and possession of the ball twice. Again getting the ball within striking distance but unable to gain through the Indian line, the A. H. S. team resorted to a high punt on which the ball was fumbled by one of the Indians, high center, and caught by the Indians, who carried the ball to the goal for the first high school touchdown. High school failed to kick.

In the fourth period the Yellow and White eleven, with Captain Barton, was back on the field for the third period on account of injuries. Look in the game at quarter, seemed to get its bearings. "Cap" Barton kicked a field goal from the 25-yard line that put the small crowd on its feet. In the same period Smallding carried the ball over for a touchdown, after carrying the ball the length of the field by a series of line smashes. Barton kicked goal.

The work of Captain Barton, at quarter, and Smallding, at full, both of the high school, featured the game throughout. When action was fairly hot in the last period Smallding fired the Indian line to pieces with his line smashes, and carried the ball the entire length of the field for a touchdown. Barton, injured repeatedly and out of the game an entire period, played a remarkable game in all departments.

MEANUL GAME SATURDAY; HIGHS MUST WORK TO WIN

The high school meets the Menaul school next Saturday for the second time this season and will try to get revenge for the defeat scored by Menaul earlier this fall. But that is quite a bit easier said than done, Coach Repp has outlined a hard week for the high squad in preparation for Saturday's game, and with proper work on the part of the squad, expects to win, although anticipating the hardest game of the season. The high school used to trick plays in yesterday's game, saving them for the game with Menaul.

Another favorable condition in the part of the high school, which should be repeated before the next three big games here, is the lack of support of the team by the student body.

NO UPSETS IN SOUTH; VANDERBILT WINS; SO DOES AUBURN COLLEGE

(By Morning Journal Special League Wire.)
Atlanta, Ga., Oct. 30.—There were no upsets upon southern football fields today, although Vanderbilt's defeat of the University of Tennessee, 35 to 9, and Auburn's victory over Georgia, 12 to 9, caused surprise by reason of the size of the scores. Alabama won its annual game with Sewanee, 28 to 10, while Georgia Tech easily defeated the University of North Carolina, 27 to 0.

GEORGE WARD TO BE ELECTED PRESIDENT TO SUCCEED BROTHER

(By Morning Journal Special League Wire.)
New York, Oct. 30.—An announcement was made at the headquarters of the Federal league today that George R. Ward is to be elected president of the Brooklyn club, to succeed his brother, the late Robert A. Ward, at the next meeting of the stockholders. Mr. Ward was closely associated with his brother in the affairs of the Brooklyn club and is said to have similar views regarding its policy.

DUKE CITY RIFLE CLUB WILL SHOOT ALL DAY

(By Morning Journal Special League Wire.)
The Duke City Rifle association will shoot today at the national guard rifle range. Firing will start at 8 o'clock and will continue until 10 p.m. Opportunity will be given today for members, who have not fired their rating scores, to do so. Rifles and ammunition will be at the range. Lunch will be served at noon.

Barnacle II Wins Boat Race

San Francisco, Oct. 30.—Barnacle II, owned by Charles N. Steele of Chicago, won today the Panama-Pacific exhibition free-for-all championship for speed boats, beating the Oregon Kid II, owned by Milton Smith of Astoria, Ore. The Oregon Kid won the Pacific coast championship. The race was over a course of twenty miles in San Francisco bay off the exposition grounds.

For Indigestion and Headache

"Chamberlain's Tablets are the best medicine I have ever used for indigestion, biliousness and headache. They strengthen the digestion and tone up the whole system. The action is mild and pleasant and I have not to hear of a case where they failed to give satisfaction." writes Mrs. Belle Miller, Elida, Ohio. Obtainable everywhere.

ABE AND MORRIS HERE TOMORROW; ONE SHOW ONLY

Potash and Perlmutter an Up-to-date Garment in Three Pieces; Serious Plot With Plenty of Fun.

"Potash and Perlmutter," the greatest comedy success of the generation, comes to the Crystal theatre on Monday, November 1, direct from its second year at the Cohan theatre, New York. The Munting Glass stories in the Saturday Evening Post, from which the play has been adapted, are among the most popular of modern fiction. Manager A. H. Woods, the producer, calls the play an "up-to-date garment in three pieces." While the three-act comedy is filled with laughter, the plot itself is serious enough, and comedy alternates with pathos. Pinocchio and politics, love and law contribute to the rapid succession of incidents. It is the advent of Irish Goldmine, the designer of the famous Arverne saga. In the Potash and Perlmutter establishment, that starts the fun and excitement, and the rivalry for her hand in matrimony is fully as keen as the rivalry for her services as dowry and business associate; but it is this remarkable young woman keeps the hearts of the men a-flutter, so, too, does the good looking young bookkeeper, Boris Andrieff, stir the hearts of the women. The secret of Andrieff at the instance of the Russian government brings "Abe" and "Morris" to the aid of their employer. In the warmth of their hearts they risk everything to save him from death of Siberia. They are brought to desperate straits through their sacrifice, but all ends well with Andrieff's exonerated and the announcement of two betrothals. The three acts carry the principals from the old-fashioned down town establishment of the film to a modern up town office, and work along and finally to the Russian government.

"Potash and Perlmutter" is as great a sensation in London as it was in New York and this season it will be played in every capital of Europe.

STARTLING PHOTOPLAY AT PASTIME THEATER TODAY AND TOMORROW

The Pastime theater presents today and tomorrow William Farnum in "The Wonderful Adventure." In the one of the most startling and intense William Fox photoplays supreme ever released, William Farnum, America's greatest actor, appears in a dual role.

As John Demarest, a wealthy New York contractor and business man, he falls victim to the wiles of "Manara," a beautiful adventuress.

Through her he becomes addicted to the use of drugs.

He neglects his wife and child. His business is on the verge of ruin.

At this stage of his affairs, he meets John Stanley (also played by Farnum), a western mining engineer, and his exact counterpart in fate and figure. Demarest, half insane through the use of Manara's drugs, conceives the fantastic idea of having this man, so wonderfully like him in every way, take his place in the world, and thus give him opportunity to indulge in his degraded desire.

Stanley, though he revolts at such an unusual suggestion, is persuaded and a stranger in New York.

He is finally persuaded and the substitution is made. Demarest drops into oblivion and Stanley picks up the scattered threads of his life, both at home and in business.

The inevitable complication ensues. Demarest's wife and child, while realizing that a change has taken place, do not suspect that the husband and father is an entirely different man.

Stanley, on his part, while he tries to maintain Demarest's attitude of coldness and reserve, has fallen deeply in love with his "wife."

How the vexed problem is finally solved makes a photoplay romance of entrancing power and thrilling interest.

At the Pastime theater today and tomorrow.

Time of shows: 7:30, 9:30, 11:30, 1:30, 3:30, 5:30, 7:30, 9:30, 11:30.

2,000 TEACHERS WILL COME HERE FOR CONVENTION, WAGNER THINKS

Even That Crowd Won't Fill
Armory So Albuquerqueans
Will Be Called Upon by
Committee to Do Part.

PLANS TO PAY UNUSUAL EXPENSES ARE DEVISED

One Thousand Membership
Cards to Be Sold for This
Purpose and to Fill Meeting
Hall to Capacity.

The low limit for attendance at the teachers' convention to be held here next month, is set at 2,000 persons by J. H. Wagner, of Santa Fe, secretary of the association. From 1,000 to 1,500 will come from the outside, according to Mr. Wagner's estimate, and Albuquerque and Bernalillo counts will supply the rest.

Last year the attendance was 1,300 and the high school was too small to hold the crowd. Hence the armory has been selected for this year. All general meetings, day and night, will be held there. The selection of the armory, however, presents one difficulty. With its capacity of 5,000 it threatens to be as much too large as the high school was too small. Measures were taken to remedy this at the meeting held yesterday afternoon at the Commercial club.

Albuquerqueans Must Help.
Albuquerque people are expected to fill whatever vacant chairs there may be in the armory. M. E. Hickey was appointed chairman of a committee to sell 1,000 membership cards. These cards will entitle the holders to admission. Thus it is hoped to fill the armory for every session. There is, however, another and possibly more important purpose back of the sale of memberships. It is to insure means for the heavy expenses that will be necessary to make the biggest convention of the kind held here and also to create a fund for next year. The extraordinary amount of high grade talent to be brought here for the teachers will cost much real money.

Arrangements for housing all visitors also were made. The information bureau, which served during the state fair, will be called into service again. The bureau will be located in the Y. M. C. A. office, first street and Central avenue, where incoming teachers will be met. The bureau will see that visitors get accommodations as soon as they arrive.

Mr. Wagner Speaks at Meeting.
Secretary Tom Egan of the Commercial club presided at the meeting and C. G. Ackerman acted as secretary. Mr. Wagner was present and spoke. He was introduced by Superintendent John Milne.

Mr. Wagner said that all railways in New Mexico had now granted a one-fare rate for the meeting. The effect of this is already apparent. The estimated attendance from nearly every point has taken a jump. The fact that more school boards are going to pay teachers' expenses also has something to do with the expected increase.

To give an idea of the crowd that is looked for, Mr. Wagner gave a list of cities, towns and counties which have reported that a greater number is coming this year. Dr. W. T. Conway of Baton will bring twenty-seven city school teachers with him. The board of regents of the state normal at Las Vegas last week voted \$200 to pay the expenses of a committee from that school, and the whole county school faculty will attend. President E. L. Enloe of the state normal school at Silver City, who was here yesterday, said his entire faculty would attend and also a number of the Grand Canyon and Silver City public school teachers. While Prof. C. A. Bishop, who was in Mr. Wagner's party, reported that he attended a meeting of the Magdalena school board last week at which it was voted to pay expenses of all teachers from there who will attend. C. C. McGuinness, secretary of the Santa Rosa board of education, and eight teachers are coming from that town. Terrence county will send sixty teachers, Otero fifty, McKinley and Luna counties their entire teaching force, and so right through the list the reports to the secretary indicate a much larger attendance than was here a year ago.

Local and Personal

Leslie Clapp, of Pearce, Ariz., enrolled yesterday in the Albuquerque Business college for the full course. Mr. Mat L. Inge, a prominent musician of Texas, who has been visiting Mr. and Mrs. T. G. Winfrey, has returned home.

Everybody interested in Fairview cemetery and lot owners there are requested to meet at 7:30 o'clock tomorrow night at the Woman's club.

Mr. and Mrs. N. E. Patton and family of Holton, Kan., are in the city visiting at the home of Mr. and Mrs. R. E. Coombs, 1004 North Second street.

The probate court will open the November term tomorrow. The wills of W. M. Flournoy and A. A. Trimble will be brought before the court for approval.

Graves in marry yesterday were buried to Mrs. Sena, Albuquerque, and Barbara C. Chavez, Albuquerque; Antonio Garcia, Durango, and Francisco, Santa Martinez, Durango.

Joseph L. Slansky, who has been suffering from eye trouble, is reported to be improving. He will take a few months' vacation, which he will spend with Mrs. Slansky's parents at Shawnee, Kan.

Mr. and Mrs. Gus Kahn an obituary of Miss Kahn's death. Mrs. Kahn, of San Rafael, Calif., died of a heart attack, of San Pedro, a son of S. Haas, of Gallup, and the wedding of Miss Kahn and Ludwig Herman, to be held at noon today at the Alvarado hotel.

Scene from the Laughing Seneca, "Fogash and Perlmutter," which will be seen at the Crystal Theater next Monday night.

DEATH COMES TO MAJ. WHITING AT SOLDIERS' HOME

Left Here Three Weeks Ago
for Santa Monica, Where
He Died; Soldier, Editor and
Public Official.

The end came to one of Albuquerque's first citizens, Maj. Henry B. Whiting, at 2 o'clock Friday afternoon at the national home for volunteer soldiers at Santa Monica, Cal. He was 75 years old.

Major Whiting left here for the home October 10. He expected to undergo an operation there a week ago yesterday for the removal of a cancer. Governor E. S. Sawyer, an intimate friend, received a letter from him shortly after his arrival. Governor Sawyer received the telegram announcing his death.

Crowded into his youth and middle age was more active than the average man seeks. Even of late years Major Whiting could not be content with absolute retirement and served as United States commissioner here. He held this office for many years and retained it to his death.

Active in Many Lines.
Major Whiting was born in Detroit, Michigan, December 2, 1841, the son of Dr. John L. Whiting and Harriet Whiting. He was a graduate of the scientific department of Dartmouth college, which he left in 1862.

Between the time of graduation and the outbreak of the civil war he was a prospector, miner, steamboat pilot in the Lake Superior district of Michigan and a newspaper man. In 1867 and 1868 he was in Kansas as a special correspondent of the Detroit Advertiser. He went back to Detroit as city editor of the Advertiser and held that post until 1869 when he went to the Detroit Tribune as city editor.

At the outbreak of the war he was among the first of the Michigan volunteers, entering the army as an officer on the staff of General McCallum, under whom he served in Missouri. In 1862 he was with the army of the Potomac as lieutenant of the Twenty-fourth Michigan infantry. In 1862-63 he was acting adjutant of the regiment.

Prisoner at Richmond.
Major Whiting was captured in 1862 and imprisoned in Libby prison at Richmond, Va. There he stayed eight months. In 1864 he was promoted to the rank of captain and a year later was brevetted a major for gallant and meritorious service at Petersburg and at the battle of Five Forks, Va. When peace came he went to New York and returned to accept a post in 1865. He came to New Mexico in 1866. He was clerk of the United States district court under Judge Parks. He held this office until 1881. He was county clerk in 1882-83, assessor in 1883-84 and superintendent of schools in 1884-85. In 1886 he was appointed United States commissioner and held that office, except for an interval of two years, until the time of his death. He entered the newspaper field here in 1886 and published the Albuquerque Review.

When the railway reached Albuquerque he was agent for the New Mexico Townsite company, which held the site of Albuquerque. His name is first on the roster of G. K. Warren, first of the C. & A. R. and he was one of the three surviving founders of the post.

He is survived by a niece, who lives in Ohio, and several adopted children and grandchildren. His home was at Old Town, where his wife died a few years ago.

Burial probably will be in the cemetery at the home.

DEATHS AND FUNERALS.

H. H. Whaley.
H. H. Whaley, an elderly man, who was visiting his son-in-law, Frank Harris, cashier of the First National bank, was stricken with paralysis and died suddenly yesterday morning at the Harris residence, 214 North Twelfth street. He was a resident of San Bernardino, Calif. He leaves a widow, two daughters, one of whom is Mrs. Harris, and a son.

WANTED—Clean cotton rags at the Journal office.

BANQUET GIVEN FOR 40 DOCTORS BY ST. JOSEPH'S

Following Elaborate Dinner
Demonstration of X-ray Machine, Is Made; Equipment
Cost \$5,000.

The wonders of the X-ray were demonstrated to forty-one members of the medical fraternity of Albuquerque and nearby territory, following a banquet tendered to the physicians and surgeons at St. Joseph's hospital last night.

The demonstration was made by Dr. E. J. Ingersoll, of Los Angeles, one of the first men in this country to take up a study of the X-ray, following his discovery by Roentgen in 1895. Dr. Ingersoll finished yesterday the work of installing elaborate and complete X-ray equipment in St. Joseph's.

Dr. J. H. Wright, dean of the medical in Albuquerque, presided as toastmaster at the banquet.

Pretty Decorations.
The dining room in which the banquet was held was very prettily decorated. Ribbons in white and red, predominating, with a background of autumn foliage. The favors were in keeping with the decorations and included crepe paper bags and hairpins by the guests, which created something of a Mardi Gras atmosphere.

Following the banquet, the guests adjourned to the basement of the hospital, in which the X-ray equipment had been installed by Dr. Ingersoll after two weeks' work.

The physicians who were guests at the banquet and demonstration last night follow: J. E. Pearce, L. S. Coates, C. T. Hyde, A. L. Shortell, G. C. Smith, J. A. Brady, L. O. Rice, H. S. McLaughlin, W. S. Sparrow, Joseph Clapp, Van Lita, W. G. Hope, F. E. Tull, W. E. Lovelace, S. G. Van Almon, J. S. Rastetter, J. W. Elder, W. T. Murphy, Alfonso Marron, S. L. Burdick, E. J. Ingersoll, Charles A. Wilson, Robert Cartwright, S. C. Clark, J. P. Patchin, J. H. Wright, H. H. Goshell, R. L. Hunt, M. K. Wylder, C. A. Frank, P. F. Edwards, D. C. Twitchell, F. C. Baker, D. H. Carr, H. J. Insull, L. O. Rice, E. J. Ingersoll, J. A. Wilson, Detroit, John A. Boyd, Buffalo, C. J. Harvey, Ashland, N. C.; Max, Magdalena; Casacoma, Los Lunas.

COMPLAINT AGAINST CHAUVIN THROWN OUT OF COURT BY CRAIG

Justice Craig yesterday dismissed the complaint against Chauvin, ruling that the act of which he was accused did not constitute larceny. The action was taken on a motion by Judge W. C. Heacock. The complaint did not show that Chauvin took \$21.50 of the property of the state fair association, as alleged.

Chauvin said last night that the fair association made out a check of \$40 to a horseman named Jenkins; that Jenkins and Ed Donohue gave him their checks in cash, and that the association claims \$21.50 more was paid than was due on Jenkins' check.

CALL FOR BIDS.

Sealed bids will be received at the office of the county clerk of Bernalillo county, New Mexico, up to ten o'clock in the forenoon of Wednesday, the 10th day of November, 1915, for the extension of the diversion dam on the west bank of the Rio Grande, above the Paredes bridge, by driving 25 piles (13 piles 35 feet long and 12 piles 30 feet long) outward from the lower end of said dam, making an extension of the same 90 feet in length, in accordance with specifications furnished by Pitt Ross, county surveyor. Said work to be done under the supervision and to the satisfaction of said county surveyor.

The successful bidder will be required to give bond, satisfactory to the board of county commissioners, conditioned for the faithful performance of the contract.

The board reserves the right to reject any or all bids.

By order of the board of county commissioners, A. E. WALKER, Clerk.

WHITE RIBBONERS CAPTURE CITY ON WAY TO THE EAST

National Leaders of W. C. T. U. Entertained by Local Leaders; to Hold Big Rally This Afternoon.

A party of about twenty of the most prominent leaders of the Women's Christian Temperance Union, traveling in a special car over their way back to the east from the national convention of the organization held in Seattle early in October, arrived in Albuquerque yesterday afternoon and for several hours were the center of attraction at the Alvarado hotel.

Local and state leaders of the W. C. T. U. were on hand at the train to meet the distinguished visitors, and from the time that they set foot on Albuquerque soil they were made to feel that they were at home and among friends. A reception in the parlors of the Alvarado attended by scores of the most prominent women of Albuquerque, followed by a dinner in Tenth hall, constituted the entertainment for the afternoon and evening.

Noted Women Present.

Among the noted white ribboners who came in on the special were Miss Anna A. Gordon, of Evanston, Ill., national president; Mrs. Ella H. Thacher, of Washington, D. C., national superintendent of the department of soldiers and sailors; Miss Lelia N. Sewell, of Boston, national superintendent of flower missions and relief work; Mrs. Nanette Webb Curtis, state president of the W. C. T. U. for Texas; Mrs. Sarah Robert Norris, of West New Brighton, N. Y., and Miss Eva K. Booth, of Boston, press correspondent for the national body.

Miss Gordon, as the supreme head of the largest women's organization in the world, was naturally the chief center of attraction. She is a woman of great charm of manner and uncontestedly wins the admiration of all those with whom she comes in contact. She seems most proud of the fact that the W. C. T. U. had won the grand prize in the palace of education at the San Francisco fair with its exhibit showing the effects of alcohol on the human system.

Big Rally Today.

There will be a union rally at the Presbyterian church this afternoon at 2 o'clock, in which all the churches of the city will join and at which Miss Gordon will make the principal address. Other noted women who are members of the party will make brief talks, and there will be addresses by prominent local temperance advocates.

The White Ribboners will remain in Albuquerque until tomorrow, when they will continue their journey to Evanston, Ill., the national headquarters of the W. C. T. U.

A. B. C. TO OPEN WINTER TERM FOR LATE BEGINNERS

New Classes Organized in All Departments and Large Enrollment of Students for Session Assured.

In order to accommodate the many young people who are not able to enter the opening of the fall term, the Albuquerque Business college has arranged a special early winter term, to begin tomorrow, November 1, in both the day and the night schools.

Students entering now may continue their courses to completion, as there are no vacations.

Courses of special training are offered for all business pursuits, including bookkeeping, stenography, shorthand, typewriting, telegraphy, and commercial law. The record which this school has made during the seven years it has been conducted under its present management has enabled it to send hundreds of its graduates to reputable positions with leading business firms of the southwest, and so great has been the demand for its graduates that the school frequently finds difficulty in supplying all the calls made upon it for efficient help. All graduates have been placed readily in lucrative positions.

It is the policy of the school to employ only the most expert instructors in the various departments, and this policy has resulted in the assembling of the strongest corps of business teachers employed in any one school in the southwest.

New classes will be organized in both the day and night schools tomorrow, and enrollment can be made at any time during the day or evening.

Got Rid of Her Stomach Trouble.

"Since childhood I have been obliged to eat sparingly and carefully. My doctor who had been treating me without success advised me to try Chamberlain's Tablets. I sent for a box and they worked like a charm. They strengthened my digestion and relieved the constipation. Occasionally I take a dose of them when not feeling just right and they quickly fix me up," writes Mrs. J. P. Brady, Victor, N. Y. Obtainable everywhere.

SEE MADAM PETITE.

The noted palmist, who predicted the death of President McKinley and the Galveston flood, tells past, present and future; reads strictly from science and guarantees satisfaction.

Tent, 1503 West Central.

FOR RENT—Modern rooms; steam heat. Grant Bldg. 1023 1/2 W. Central.

NIGHT SCHOOL TO OPEN TOMORROW FOR THE WINTER

City Superintendent Expects Every One Who Wishes to Profit by Institution to Enroll at That Time.

The free night school for which the board of education made provision at its last meeting, will open tomorrow night. City Superintendent John Milne announced yesterday. The school will be held in the new high school building.

Courses to be taught, as outlined by Superintendent Milne, follow: Domestic science, mechanical drawing, bookkeeping, shorthand, typewriting, Spanish (beginners and those who know no English). Registration will begin promptly at 7:30 o'clock tomorrow night. Mr. Milne emphasized the importance of everyone being at the high school Monday night if he expects to take advantage of the night classes.

"We plan to organize all the classes promptly this year," said Mr. Milne, "and if a sufficient number do not enroll for any of the courses it will simply be dropped. It is important, therefore, for all who expect to take advantage of the free night school to be at the new high school building Monday night at 7:30."

107 W. CENTRAL AVE.
ALBUQUERQUE, N. Mex.

For air like mine, sparkling sweet,
For all the gladsome nights I meet
As I am lying down the street,
Today I am Thankful.

For a wee bird with breast of red,
For the glimpes of a kiddie's head
All gold in the sunnier's rural speed,
Today I am Thankful.

For the crimson drapes of woodland's
Swinging net with and porches,
For flashes of yellow leaves below,
Today I am Thankful.

For misty things with lavish hand
West of the river's edge of sand—
Just for living in such a land,
Today I am Thankful.

...and while on his recent trip to the west coast he is distinctly disappointed.

The criticism heard on Mr. French was that he was too "fussy" when the senator is fairly "frank." When he is more "politically safe," Mr. French managed to get away with more, and he has no complaints.

A Word of Advice To the Newly-weds

❶ Don't put off this very important matter and let things just drift along. Start in right. Don't spend money just as you can get your hands on it, but plan carefully and make every penny count.

4 Insist upon having your own bank account and foster it carefully, and insist upon a certain fixed proportion of your income being saved each week for future use.

CLEANING DAY

We Rent These Cleaners at \$1.00 Per Day

ALBUQUERQUE

Gas, Electric Light and Power Co.

PHONE 98

\$5.00 Reward

Also 5 Boxes Fancy Chocolates Given Away

ABSOLUTELY FREE

To ladies sending in lists of staple and fancy groceries as per explanation below. There is absolutely no sting to this contest—no entry fee—no paper to subscribe to—no requirement of any kind except that you make good use of your brains.

Here Is the Explanation:

1. You are to make up a list of 100 grocery articles most frequently used in the home. These must all be articles carried in stock by grocery stores such as flour, syrup, refined soap, lard, pickles - in fact, anything except from meats, vegetables and fruits, hardware, woodware, brooms, etc., or articles of home production.
2. Select the articles on your list in respect to their importance in sustaining life or promoting cleanliness. For instance, soap should have an early place on your list, while evaporated tomatoes may be left out altogether, as there are many things far more important. In the 100 articles you think you could not keep home without.
3. Write on one side of the paper only: number each article on your list, write plainly, and be sure to give your name and address.
4. Your list must be mailed before Thursday, November 4th, at midnight to be eligible for a reward. Entries will be decided on Saturday, November 6th, and names of winners will be published in next Sunday's paper.
5. The principal reward is \$5.00 cash, which will be awarded to the person whose list COMES NEAREST TO THE AVERAGE. The names of Contenders will be published in the next AVERAGE. All rewards will be forwarded to the winners by mail. There is no occasion for correspondence about this contest, hence no letters will be answered.

GOOD WARM SUIT
IS NEEDED FOR
FOOTBALL GAME

It's Stylish to Be Comfortable
While Looking at the Pig-
skin Kickers Do Stunts on
the Gridiron.

Special Correspondence to Working Journal
New York, Oct. 26.—The early days of November with their brisk crisp winds call up not alone Thanksgiving with its feasts and platitudes, but football and various other vigorous, out-of-door sports. While, perhaps, the majority of us are not as much given to these out-of-door amusements as we should be for our own good, still we do take an interest where our own college or school is concerned and dream of them, and root for them, with florid enthusiasm.

A good warm suit or a one-piece serge with rip coat of tweed, hough a warm woollen plaid, or other attractive coating is the most satisfactory thing for the game, accompanied by a quantity of good warm riggs for the feet and knees. One of the various velvet or fabric tam-o-shanter which are now so popular, will be found convenient and comfortable warm gloves and high topped boots are necessary. One of the smartest suits seen this year was designed for a man with a beard, and a

developed in one of the bladed cut-throat ties, a dark blue groom with an almost invisible bar of dark gold. The suit, which has made it a short flaring circular skirt and one of the chic box coats, was buttoned, belted, cuffed and collared in sea-green. A train of velvet in dark blue with a golden tassel completed the costume, which was charming and most becoming. Another frock of dark blue serge, pocketed and pleated, was

Reverend music: Prelude (Cushman), anthem, "Sweet Hour of Prayer" (Adams); offering: "Barnyard" (Newell), solo, Mrs. Bradford; postlude "Grand chorus" (Thomas).
Mrs. Bradford, Choir Leader.
Mrs. Hunter, Organist.
The public made welcome at their services.
