ALBUQUERQUE, NEW MEXICO, TUESDAY AFTERNOON, NOVEMBER 27, 1900.

NUMBER 26.

A GREAT STORM!

New York City Heavily Damaged.

The Loss of Life Is Not Yet Known.

Several Vessels Wrecked and Crews Drowned on Great Lakes.

TELEGRAPH LINES BADLY DAMAGED.

Chicago, Nov. 27.—A storm of unusual severity swept the states east of Illinois during the past thirty hours, causing numerous disasters and entailing heavy property loss. Telegraph wires throughout New York, West Virginia, Ohio, Kentucky, Tennessee and other states are still crippled. It is impossible to learn how great the loss of life will prove. New York City was all but isolated from the rest of the world the greater part of yesterday. On Lake Erie a number of vessels were wrecked or driven ashore. Twenty foot waves swept in from the lake causing serious damage to the wharves and buildings along the water front. A section of the wall of the Erie canal near Rome, N. Y., was broken, letting the water out of the sixty mile level. All the vessels on this section of the canal will be left on the bottom where they are until the damage is repaired. The waterworks reservoir near Channoy, Ohio, broke and flooded the town, and a mile away, destroying the buildings and flooding the city. Throughout Ohio and West Virginia, all the streams are overflowing, carrying away bridges and causing interfering with railroad traffic.

DESTROYED BY STORM.
Pittsburg, Pa., Nov. 27.—After three days of incessant rain, floods unprecedented for this season swept down the Monongahela and Allegheny rivers last night and ruined hundreds of people, and thousands of dollars worth of property was destroyed and caused the loss of at least three lives and temporarily threw out of employment thousands of workmen by forced suspension of industrial establishments, and rendered hundreds of families homeless.

DROWNED IN THE LAKE.
Point Pelee, Ont., Nov. 27.—When daylight allowed the anxious watchers to see parts of the wrecked schooner on middle ground today, there was no sign of the men who were lashed to the rigging yesterday, when the tug Home Rule left the scene for Kerkville. The sea has gone down considerably, and another attempt will be made to reach the wrecked schooner.

Senator Davis Dying.
St. Paul, Nov. 27.—United States Senator Davis is still alive this morning but it was thought he would scarcely survive throughout the day.

Shot to Pieces.
Lake City, Fla., Nov. 27.—Spencer Williams, a negro, was shot to death near this city today by a mob. Williams, who recently arrived from Pensacola, last night shot and dangerously wounded City Marshal Strang and William Strickland, a business man, while resisting arrest. A posse followed the desperado, and overtook him today in a swamp. The negro was literally shot to pieces.

Nicaragua Canal.
New York, Nov. 27.—Senator Morgan, of Alabama, is quoted in a Tribune special from Washington as saying about the Nicaraguan canal project: "I can see no reason why the canal measure should not go through this session. I am in favor of the ratification of the Hay-Pauncefote treaty, and I think this treaty will be disposed of favorably."

Corn Speculators Short.
Chicago, Nov. 27.—If the operations started today by the November corn shorts prove successful, George H. Phillips, the young speculator, who apparently controls that option, may be forced to accept many more thousands of bushels of contract corn on delivery day than seemed probable. It was stated today that large quantities of standard No. 2 corn which for the most part was shipped east by James A. Patton during September and October, are being loaded into cars at Buffalo, and even as far east as Montreal, and will be shipped back to Chicago.

BOERS DEFEATED!

Several Fights and the Boers Dispersed.

Uncle Sam May Whip Sultan of Turkey.

House Military Committee Considering the Army Bill.

THE PRESIDENT FAVORS GOOD ROADS.

Health of the Pope.
London, Nov. 27.—The report of the death of the pope, which reached New York today, was based on a Paris rumor, circulated by a small news agency. The pontiff was quite well yesterday, when he received in audience the Princess of Asturias, the eldest sister of the king of Spain.

Funeral of Sir Arthur Sullivan.
London, Nov. 27.—With all the pomp and ceremony which might have attended the obsequies of a member of the royal family, the remains of Sir Arthur Sullivan, who died last Thursday, were interred at St. Paul's cathedral today.

Colorado's Annual Indian Scares.
Denver, Nov. 27.—Information has been received by telephone from Meeker Col., that Game Commissioner Johnson with a posse left there this morning for the purpose of arresting the Indians from Utah who have been slaughtering game in Colorado. The officers go heavily armed, and it is feared that bloodshed will result if they overtake the retreating.

Promoted.
Washington, Nov. 27.—Otto H. Tamm, assistant superintendent of the United States coast and geodetic survey, has been appointed superintendent of that bureau, to succeed Dr. Prichard, who resigned to accept the presidency of the Massachusetts School of Technology.

Traffic Delayed.
Washington, Nov. 27.—At the office of the Chesapeake & Ohio railroad it was stated today that there is no truth in the reported wreck of the passenger train near Hinton, West Virginia. A landslide occurred at Allegheny station on Sunday night which delayed traffic until today.

MARKET REPORTS.
Money Market.
New York, Nov. 27.—Money on call nominally 50 3/4 per cent. Prime mercantile paper, 4 3/4 per cent. Silver, 64 1/2.

Wheat Market.
Chicago, Nov. 27.—Wheat, November 70 1/4; December, 70 1/4; Corn, November, 50; December, 26. Oats, November, 21 1/2; December, 21 1/2.

Kansas City Market.
Kansas City, Nov. 27.—Cattle—Receipts, 15,000; steady to shade lower. Native steers, \$14.00 to \$15.00; Texas steers, \$12.00 to \$13.00; calves, \$10.00 to \$11.00; hogs, \$10.00 to \$11.00; sheep, \$10.00 to \$11.00.

Chicago Stock Market.
Chicago, Nov. 27.—Cattle—Receipts, 7,000; steady. Good to prime steers, \$12.00 to \$13.00; poor to medium, \$10.00 to \$11.00; hogs, \$10.00 to \$11.00; calves, \$10.00 to \$11.00; sheep, \$10.00 to \$11.00.

Wool Market.
Boston, Nov. 27.—The wool market here this week shows no disturbance over the recent assignment of two firms of this city and one of Philadelphia. These events seemed to clear the business atmosphere rather than cause depression. This market, if anything, is stronger than last week.

For territory fine, medium and fine, sorted staple, 40/42 is quoted, while strictly staple calls for 36. Piece wools are quiet with prices firm. Australian wools are quiet with small lots moving, here and there at 62/64 for average combing.

KRUGER COMING TO THIS COUNTRY.

Census Returns.
Washington, Nov. 27.—The population of Montana, announced today, is 243,329 against 121,109 in 1890; increase of 11,179 or 9.11 per cent. The population of Texas is 2,048,710 against 2,235,222 in 1890; increase of 81,187, or 3.63 per cent. The population of Utah is 224,749 against 207,995 in 1890; increase of 16,754, or 8.05 per cent. Population of Oregon is 411,336 against 215,167 for 1890; increase of 195,169 or 91.2 per cent. Population of Nebraska is 1,968,229 against 1,054,919 in 1890; increase of 913,310 or 86.6 per cent.

Official Vote of Wisconsin.
Madison, Wis., Nov. 27.—The official canvass of the vote of the state of Wisconsin shows the count to be as follows: For president, Bryan 103,251; McKinley 235,237; Woolley 15,080; Debs, 7,084.

For governor: Bohmrich, democrat, 140,674; La Follette, republican, 254,429.

Sampson Will Sail.
New York, Nov. 27.—General Archibald Sampson, of Phoenix, Ariz., United States minister to Ecuador, will sail this week on the steamer Advance, for his post.

Health of the Pope.
Lisbon, Nov. 27.—A bulletin issued today says: "The pope had a good night's sleep, and his condition is satisfactory. His strength is perfectly satisfactory."

WANTS NO MORE TROUBLE.
Vice President Barr Woodbridge With Gulf Road Operators.
The telegraphers on the Gulf, Colorado & Southern want their wages increased. Since the Santa Fe's recent experience with its operators on the Santa Fe Pacific, executive officials have grown wary. In the event of a disagreement of the telegraphers' committee with the general manager, Polk, Third Vice President J. M. Barr has wired M. M. Dolph, president of the telegraphers' order: "If the committee cannot agree with General Manager Polk we will consent to determine wages by arbitration."

In the case of the telegraphers on lines west of Albuquerque, President Dolph received the concessions asked at the last moment before the ultimatum went into effect. President Dolph at once wired rescinding the strike order, but owing to the distance some of the operators did not receive the message till some minutes after the strike hour. The fall was but brief, and no train delays occurred.

On Friday of last week Vice President Pearson of Order of Railway Telegraphers and Messrs. Hickey and Zimmerman of the committee, appointed to confer with General Manager Polk of the Gulf, Colorado & Santa Fe, relative to a demand made several months ago for higher wages and for a revision of rules and regulations governing operation of the line, arrived in Galveston. The committee being informed that Mr. Polk was out of town, decided to defer action in the matter until his arrival, the first of the coming week. The increase in wages asked for amounts to about \$2,000 a month, or an average increase of \$15 a month for each agent or operator.

Kruger Coming.
New York, Nov. 27.—Samuel Pearson, formerly commissary general of the Transvaal army, who has just arrived in this country, says a permanent Kruger will soon seek a permanent home here.

Money to loan on diamonds, watches, or any good security. Great bargains in watches of every description.

ALBUQUERQUE, — — NOV. 27, 1900

Ohio's cities and towns gained 486,000 in population during the last ten years, or 792 more than the increase in the entire state. The rural region is not quite holding its own compared with either 1890 or 1880.

The Citizen insists that the office of solicitor general could be abolished without injury to the people. For years the district attorney of the first judicial district performed the duties now supposed to be performed by the solicitor general.

Instead of voting on the Queen of the Carnival, a repetition of the wrangle of last year, the ladies of Phoenix, Arizona, met and unanimously selected Mrs. B. N. Pratt, one of the most charming young women of that city, as queen of the carnival, which will be held in Phoenix from December 10 to 15.

The Pueblo Chieftain says: "With a republican president, senate and house, and a substantial republican majority in New Mexico, there is nothing now in sight to prevent the admission of New Mexico to statehood this winter if the people of the territory desire it, and there is every probability that it will be a state in due time."

EDUCATIONAL INTERESTS.
This city and county expend \$20,000 a year on public schools. A building at least \$40,000 a year is expended on private religious schools. The territory also expends several thousand dollars each year maintaining the territorial university in this city. The United States also expends a large sum annually for the Indian school located here. Altogether at least \$200,000 a year is expended in this city and county for the education of the children. No other town of its size in the United States is better provided with school facilities.

NEEDS A RAILROAD.
The Pueblo Chieftain says that one of the main points in the Rocky mountains which are greatly in need of railroad facilities is the Cochiti district of New Mexico. Enormous quantities of gold ore are there awaiting treatment and if it had a railroad outlet much of it would come to the Pueblo miners, and there would be large quantities which could profitably be treated in cyanide mills. The town of Bland is about to be incorporated. It is a gold mine of capacity of 250 tons a day, located near by, is about to start in operation. The town is contracting for the construction of water works. Persons familiar with the locality state that the greatest drawback to the district now is the lack of railway facilities. With a railroad into Bland a dozen miles would now be sending out ore down Pino canyon for treatment at the Alton mill and other cyanide plants. It is built in that locality where water and fuel are available. Besides the usual freight, at least ten carloads of ore would be sent down the canyon toward the Rio Grande daily where there is a railroad at Bland, and this traffic would in a short time reach 50 or 100 cars a day.

POST OFFICE STATISTICS.
There were 15,142 appointments of postmasters made during the past fiscal year, 14,435 being of the fourth class and 707 being presidential, an increase of 58 in all over last year. There also has been an increase in the number of resignations, especially of the fourth class postmasters. Fewer returns for irregularities were made than last year. There were 2,666 post-offices established during the year, an increase of 665 over last year, and 1,912 offices were discontinued, an increase of 407 discontinuances over last year, mostly due to rural free delivery extension and public highway improvements.

A vigorous effort has been made to suppress postoffice conducted throughout the country for the sole benefit of some corporation, patent medicine from other private institution, whose operations deprive the government of its legitimate revenues. The company or corporation usually has some one connected with it, and the postmaster, thus gets the advantage of the cancellations or the salary and allowances of the postmaster. These institutions for some time have derived thousands of dollars of revenue from the government, which virtually amounted to a discount or commission on their postal business.

There were 47 resignations and 46 deaths of postoffice masters and 919 deaths and 8,012 resignations of fourth class postmasters.
On June 30 last the number of post-offices was 76,653, as follows: First class, 124; second, 852; third, 3,187; fourth, 72,453.
The total number of arrests during the fiscal year for offenses against the postal laws was 1,525, including 119 postmasters, 20 other postoffice employees and 144 postoffice clerks, carriers and other postal employees. Of the total number arrested 526 were convicted.

MINERAL PRODUCTS.
David T. Day, chief of the division of mining and mineral resources of the United States geological survey, has just completed the annual summary of the mineral production of the United States from 1890 to 1899 inclusive. The total value of all mineral produced during the last calendar year amounted to \$276,088,046, against \$277,820,719 in 1898, an increase of \$278,188,296, or practically 40 per cent. This increase was the most notable in the history of the mineral industry. The previous largest increase being from 1894 to 1895, when the value exceeded \$260,000,000 in every year except 1900, the peak years of 1893 and 1894. The average yearly production in 1899 was \$237,732,436, or 58 per cent in excess of the average for that period. The greatest increase in 1899 was in the value of the pig iron product which increased to \$45,172,454, or about 110 per cent over 1898. The enormous increase was due to the phenomenal demand and high prices.

The increase in coal production added over \$45,000,000, or 53 per cent to the 1898 value. Copper increased nearly 60,000,000 pounds in quantity and over \$42,000,000 in value, the ruling prices being higher than for a number of years past.

Crude petroleum advanced nearly \$20,500,000 or about 46 per cent, due principally to advanced prices, the production increasing less than 4 per cent. The value of the natural gas consumed in 1899 is placed at a little over \$20,000,000 against \$15,500,000, due entirely to the higher prices obtained.

An increase of about 10 per cent, or from \$64,463,000 in 1898 to \$71,023,400 in 1899, is shown in gold production. The production of silver showed a very small increase. Lead production decreased 6 per cent, but increased over \$2,000,000 in value. Spelter increased to 119,408 short tons, valued at \$11,731,920.

The building stone industry increased nearly \$5,000,000. The total value of the metallic production in 1899 was \$257,218,081, an increase of 54 per cent. Non-metallic products increased 27 per cent to \$147,790,354. Every year since 1893 to 1898 inclusive the value of the non-metallic production has exceeded the metallic, but in 1899 the metallic exceeded by \$75,000,000. A change of nearly \$50,000,000 occurred in the relative values between 1898 and 1899.

Unprecedented activity and advanced values, the report says, were shown in nearly every branch of the mining industry during 1899.

A Thinking Machine.
A famous inventor declares he has devised a machine that will abolish warfare. This machine is a box that will go to without men on board and can be controlled for any distance without wires. It will obey orders from the land or it will act on its own judgment, according to the narrowness of the situation. It will carry an unlimited quantity of explosives, which can be aimed with unerring accuracy. Progress has achieved wonders during this century. The fact that it can find no substitute for Huxley's stomach Bitters proves the inestimable value of the Bitters. So long as constipation, indigestion, dyspepsia, liver and kidney troubles continue to afflict mankind, so long will the Bitters stand as the one sure cure for them.

AN IMPORTANT DIFFERENCE.
To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a positive condition is easily cured by one drop of Mrs. Huxley's Stomach Bitters, the California Fig Syrup Co. only, and sold by all druggists.

HOTEL ARRIVALS.
STONER EUROPEAN.
Mrs. F. M. Peters, Denning; L. A. McCrory, Louisville, Ky.; W. O. Franklin, San Francisco; S. W. Brown, Denning; H. G. Jacob, San Francisco; H. Friedlander, New York; J. H. Overhulse, Bland; R. D. Gibbons, New York; A. Lamb, Galveston, Ill.; L. L. Croly, St. Paul, Minn.; Thos. A. Ross, Las Vegas; L. Harris, St. Louis; H. S. Van Slyke, El Paso; L. A. Wright, Oberlin, O.; R. R. TERRITORIAL NEWS.

SANTA FE.

From the New Mexican.
The cold wave struck Santa Fe at last, but the thermometer indicated only two degrees below freezing point this morning.

J. A. Holmes shipped a baby burro to his home at Chapel Hill, North Carolina, by Wells-Fargo Express. The animal was not crated.

Contractors continue hauling ties for the proposed street railway, they having been paid in advance for the ties needed to construct two miles of the railroad.

Judge H. L. Waldo, who has been in this city during the past week on legal business, left for Kansas City, where he will spend the coming Thanksgiving with his family.

Mrs. Helen and Miss Helen, who have been in the east for the past six weeks visiting relatives and friends in New York and New Jersey, are expected to return home the first week in December.

Mr. and Mrs. I. B. Hanna and two stalwart sons are now permanent residents of this city, having arrived from Kankakee, Ill. Mr. Hanna is superintendent of forest reserves for New Mexico and Arizona.

Tomas Armijo, John Duffy, Frank Thompson, Romualdo Valera, Roman Valera and Santiago Gallejos were released from the penitentiary Saturday. They were all sentenced from San Miguel county to one year and were given good time allowance of one month.

To-night an "Old Maid's Convention" will be held at the court house. The proceeds of the affair will be devoted to the entertainment of the visiting Christian Endeavorers at the territorial convention to be held at the Presbyterian church next month. The entertainment will be by home talent.

Rev. William T. Patchell, of Pueblo, Col., who was one of the speakers at the Colorado state conference of Christian Endeavorers, in October, will be in Santa Fe after Christmas and will address the New Mexico Christian Endeavor convention, which will meet here on December 28-30. He is considered one of the most eloquent pulp-it orators in Colorado.

SILVER CITY.
From the Enterprise.
Ben Rosenfield has made some handsome additions to his residence, which is now one of the prettiest and most comfortable in town.

John H. Hughes, surgeon James H. Hepburn has been relieved from duty at the Fort Hays hospital, and ordered to report to Fort Casswell, N. C., for duty there.

Sam Agee of this city who is now a student at the St. Louis College of Pharmacy, has been chosen valedictorian of the class of 1901, of which he is a member. Mr. Agee's friends in this county are delighted to learn of this honor being conferred upon him, which shows how well he ranks at the college.

Young Dorsey, a son of Hank Dorsey, a mining man of this city, accidentally caused a premature discharge of a stick of giant powder one day this week resulting in the young fellow losing three fingers. He lighted a cigarette while he was loading a powder, and will in future be more careful.

Deputy Sheriff Phillips of Lordsburg, came in bringing with him a prisoner, whose name is James Murray. The accused was arrested on a charge of having burglarized an oil company, and is now in the territorial penitentiary. The evidence submitted before Judge McGrath was deemed sufficient to warrant his binding over to the grand jury of the precinct, under a \$500 bail bond, which he was unable to give.

E. H. Hinkle, who for many years has been identified with the mining interests of Steeple Rock, this county, and who recently purchased one of the leading properties in that camp to A. W. Tennant, returned from an extended trip to Boston, Mass., where he was born and reared. He will return to Steeple Rock tomorrow, as he is yet undecided as to the point which he will make his permanent home in future.

SAN MARCIAL.
From the Bee.
Pat Carmody has made application for a pension. The examination papers in the case have already arrived.

Mr. and Mrs. J. E. McNally received last week from Chicago a handsome one hundred piece set of Haviland "China," a gift from the employees of the Oklahoma division of the Santa Fe.

Hon. H. O. Hursan was here on his return from a trip to Los Lunas. He brought 1,700 sheep that are to be driven to his ranch out from Carthage.

Mr. J. H. Donahoe and daughter are visiting Mrs. Guy Lewis at Socorro. Mrs. Donahoe and Mrs. Lewis are sisters. When this visit is over the ladies will join Mr. Donahoe in Mexico. Socially, San Marcial is a loser by their departure.

THE NERVES OF WOMEN

Lydia E. Pinkham's Vegetable Compound
Relieves the Suffering from Over-wrought Nerves.
"DEAR MRS. PINKHAM:—I am so grateful for the benefit derived from the use of Lydia E. Pinkham's Vegetable Compound that I wish you to publish this testimonial that others may know the value of your medicine. I was suffering such tortures from nervous prostration that I could not sleep at all and was too weak to walk across the floor without aid. The disease had reached a condition where my heart was affected by it, so that often I could not lie down at all without almost suffocating. I took Lydia E. Pinkham's Vegetable Compound and it worked like magic. I feel that your medicine has been of inestimable benefit to me."—Miss ADAMS WILLIAMS, 160 N. Boulevard, Atlanta, Ga.

Thin, Sallow and Nervous
"DEAR MRS. PINKHAM:—I was thin, sallow and nervous. I had not had my menses for over a half. Doctored with several physicians in town and one specialist, but did not get any better. I finally decided to try your medicine and wrote to you. After I had taken three bottles of Lydia E. Pinkham's Vegetable Compound and three of Blood Purifier, my menses returned, and I feel as well and strong as I ever did, and am gaining flesh."—Miss LENA GAINES, Visalia, Tulare Co., Cal.

Official Notes.
J. H. McCowan Gets Pension Territorial Funds.
PENSIONS GRANTED.
Pensions have been granted to Eugenio Gonzales, Garfield, Denning, Anaconda, 40 per month; Esquilupa Gonzales, Santa Fe county, 40 per month; James H. McCowan, Albuquerque, Bernalillo county, 40 per month.

THE OFFICIAL VOTE.
Territorial Secretary G. H. Wallace has not yet completed the official canvass of the vote. Several slight discrepancies noted in the totals of the returns, and the poll books have been discovered and taken some time to straighten out.

TERRITORIAL FUNDS.
Territorial Treasurer J. H. Vaughn received from W. H. Pope, secretary of the Capitol Rebuilding committee, \$254.67; from J. A. Gilmour, collector of the county, \$115.10; from J. H. Wallace, collector of the county, \$27.71; from J. H. Wallace, collector of the county, \$27.71; from J. H. Wallace, collector of the county, \$27.71.

SCHOOL REPORT.
Superintendent of Public Instruction M. C. de la Haza, has received the annual report of the school superintendent of Socorro county. The county has 45 school districts, 47 schools, 29 male, 18 female teachers, an enrollment of 1,421 male and 1,022 female pupils, an average attendance of 925 male and 695 female pupils; 2,654 male and 1,960 female children of school age, receipts amounting to \$16,743.33 for the past fiscal year and expenditures in that period of \$11,265.92. The average school term is a little over three months.

Administrative Notes.
All persons indebted to the late J. O. Gilden will please pay promptly when due to Mrs. R. L. Gilden, administratrix.

Plumbing in all its branches. Whitney Co.
