ALL ARE STILL TALKING

Senators Platt, Quay and Penrose Are Discussing the Coal Strike in New York.

THOMAS AND BAER PRESENT

David Wilcox Has Sent a Letter to President Roosevelt Demanding That the Federal Government Proceed Against the Miners Organization on the Ground of Conspiracy.

New York, Oct. 10.—Senator Platt said this morning the conference between the operators and miners would be resumed at 10 o'clock. He refused to say anything about the probable outcome of the conference, but later said that a representative of J. P. Morgan would possibly be present and all the operators who were there yesterday would be present today. Senator Penrose said he had no comment to make on the situation, that there had been no new developments during the night. Mr. Mitchell when seen this morning declined to answer any question except to say that he expected to go home today.

Later, when asked if there was anything definite in the strike situation, he replied: "No." District President Nichols was also seen, but refused to reply to any questions.

Senators Quay and Penrose of Pennsylvania, and Senator Platt went into conference in Senator Platt's private office this forenoon. Up to 11:15, none of the coal operators or no one representing the coal interests had joined the conference.

At 12:30 o'clock, Chairman Thomas of the Erie, and President Baer of the Reading, reached Senator Platt's office and went into conference. It was reported that just before he left the Fifth Avenue hotel this morning, J. P. Morgan had a brief private conference with Senators Quay and Penrose. This could not be confirmed however.

David Wilcox, vice president and counsel for the Delaware and Hudson Railroad Company, and one of those present at the recent conference, called by President Roosevelt at Washington, has sent to President Roosevelt a letter demanding that the federal government proceed against the miners organization in the courts on the ground that it is a conspiracy to prevent interstate commerce. Mr. Wilcox, it is said, on authority, represents all the coal operators in this action and was selected as their spokesman.

The conference in Senator Platt's office broke up soon after 1 o'clock. Senator Platt stated everything had been put off until Tuesday. Chairman Thomas of the Erie road, said after the conference, that no conclusion had been reached.

BAER IN NEW YORK.
Philadelphia, Oct. 10.—President Baer went to New York this morning, presumably to participate in the strike settlement conferences now being held in that city.

LETTER IS RECEIVED.
Washington, D. C., Oct. 10.—President Roosevelt has received the communication from David Wilcox of the Delaware and Hudson Railroad Company, referred to in the dispatch from New York, and has referred it to the attorney general.

PRESIDENT STILL WORRIED.
Washington, D. C., Oct. 10.—President Roosevelt had a consultation with Commissioner of Labor Wright today. The president spoke of the great seriousness of the situation, but gave no intimation of any further steps looking to a settlement which he had in mind. He again inquired about the arbitration act of August 1, 1898, which he had once before discussed with Mr. Wright to satisfy himself that it applied only to common carriers and not to industrial corporations. There is an intimation that the president will appoint a commission in line with his suggestion to Mr. Mitchell, but this cannot be verified and it is said was not broached at the conference with Mr. Wright.

IN GREAT CONFUSION.

Executive Committee of the Union Veterans Union Wants to Suspend General Dyrnforth.

Washington, D. C., Oct. 10.—The executive committee of the Union Veterans' union, which is holding its annual convention today, has prepared a report recommending the suspension of General R. G. Dyrnforth, who is presiding over the conference, and who refuses to recognize the committee, in order that it may make its report and the meeting is in a state of great confusion.

The committee has directed F. B. Hutchinson of Rochester, N. Y., second deputy commander-in-chief, to assume command. General Dyrnforth refuses to recognize the action of the executive committee and the two factions are in a dispute over the question of who shall preside.

Kora's Trial Begun.

Cheyenne, Wyo., Oct. 10.—The trial of Thomas Horn for the murder of William Nickell in the Iron Mountain country, opened in the district court today. It is understood the defense will rely on an alibi.

CATRON BOLTERS BEATEN BADLY

The Republican Territorial Central Committee After Careful and Exhaustive Investigation Admits Regular Santa Fe Delegation to Temporary Organization.

T. B. CATRON CAST THE ONLY NO IN THE MEETING

Special to the New Mexican.

Raton, Oct. 10.—The territorial Republican central committee assembled here this morning at 9 o'clock. Every county in the territory was represented and there were 44 committeemen present, either in person or by proxy. The case of the regular delegation from Santa Fe county, consisting of Amado Chavez, J. D. Hughes, E. C. Abbott, D. M. White, M. A. Ortiz, J. P. Johnson, A. L. Bergere, George W. Armijo, J. V. Corway and Jose D. Serna, as against the bolters of the Catron faction, was submitted to the committee and after a careful and thorough investigation and examination of the papers and affidavits and hearing arguments made by E. C. Abbott for the regular delegation, and T. B. Catron for his faction, the committee with but one dissenting vote, namely that of T. B. Catron, voted to admit the regular delegation to the temporary organization of the convention. It was also resolved to recommend to the convention the name of W. H. Newcomb of Silver City, for temporary chairman, and J. J. Sheridan of Albuquerque, for temporary secretary. The committee then adjourned.

A SCHOOL FIGHT.

A Teacher Quarreled With the Trustees and Seven Persons Were Shot.

Grand Forks, N. D., Oct. 10.—In a quarrel between a school teacher and the board of trustees at Altoona, a little station on the Great Northern, seven miles north of the Canadian line, seven persons were shot. One is dead and five others are dying. The dead is Henry Toews, the teacher, suicided. Fatally injured: John Hiebert, a trustee; Peter Kohler, a trustee; two daughters of Kohler, aged 8 and 10 years; Abraham Remp, a trustee and his young daughter. There was dissatisfaction with Toews and after a quarrel the school teacher began shooting and then killed himself.

POSTPONED BY AGREEMENT.

Attorneys in the Stratton Will Case Said to Be Trying to Effect a Compromise.

Colorado Springs, Colo., Oct. 10.—By agreement of the counsel in the Stratton will case the hearing on the writ of certiorari issued by Judge Seels in the district court to determine the legality of the appointment of the administrators by Judge Orr in the county court was postponed to October 23rd. In the meantime the attorneys will continue their efforts to settle the delicate and important question involved and effect a compromise which will put an end to the litigation.

THREE WERE ASPHYXIATED.

Windows and Doors Were Tightly Closed and Key Holes Were Filled With Paper.

Omaha, Neb., Oct. 10.—Mrs. Henry Haubens and two sons, Walter, aged 13, and Emil, aged 15 years, were found dead in their home on North Twenty-fourth street early today, where they had been asphyxiated by illuminating gas. The windows and doors were tightly closed, key holes filled with paper, several gas jets were open and all indications are that the woman had committed suicide at the same time taking the lives of her two sons.

President Roosevelt the Choice for the Presidency in 1904—Governor Otero's Administration Unequivocally Endorsed.

ENTHUSIASTIC-HARMONIOUS

The Regular Delegation from Santa Fe County Recognized and Its Claims Upheld Catron's Bolters Bounced—Every County Fully Represented.

The Republican territorial convention for the nomination of a candidate for delegate to the 58th congress assembled at Raton at 2 o'clock this afternoon. Every county in the territory was fully represented. Upon recommendation by the territorial central committee, W. H. Newcomb of Silver City, was elected temporary chairman, and J. J. Sheridan of Albuquerque, temporary secretary. A committee on credentials of one delegate from each county was then appointed and made its report to the convention.

The following are the delegations: Bernalillo: E. A. Miera, Thomas Hughes, G. W. Harrison, E. W. Dobson, F. A. Hubbell, G. F. Albright, Alejandro Sandoval, E. M. Sandoval, W. E. Dame, C. F. Valencia: J. Franco Chavez, Solomon Luna, Carlos Baca, Jacobo Chavez, Simon Bilbao, Narciso Pino, Juan C. Jaramillo, Victor Sals, Jesus C. Sanchez, Rose Garcia, Carl A. Dalles and Nabor Mirabal.

The adoption by the convention of the report of the committee on credentials recognized the regular delegation from Santa Fe county and dismissed the claims of the Catron bolting faction as utterly groundless and without any standing in justice, fairness, legality or honesty. Charles A. Spless of Las Vegas, was elected permanent chairman and H. B. Holt of Las Cruces, secretary. Bernard S. Rodey of Albuquerque, was then unanimously renominated for the 58th congress. The resolutions will endorse in the most unequivocal terms the administration of President Roosevelt and declare for his nomination for the presidency in 1904 and give the highest praise and approval of the administration of Governor Otero since he has been the chief executive of New Mexico.

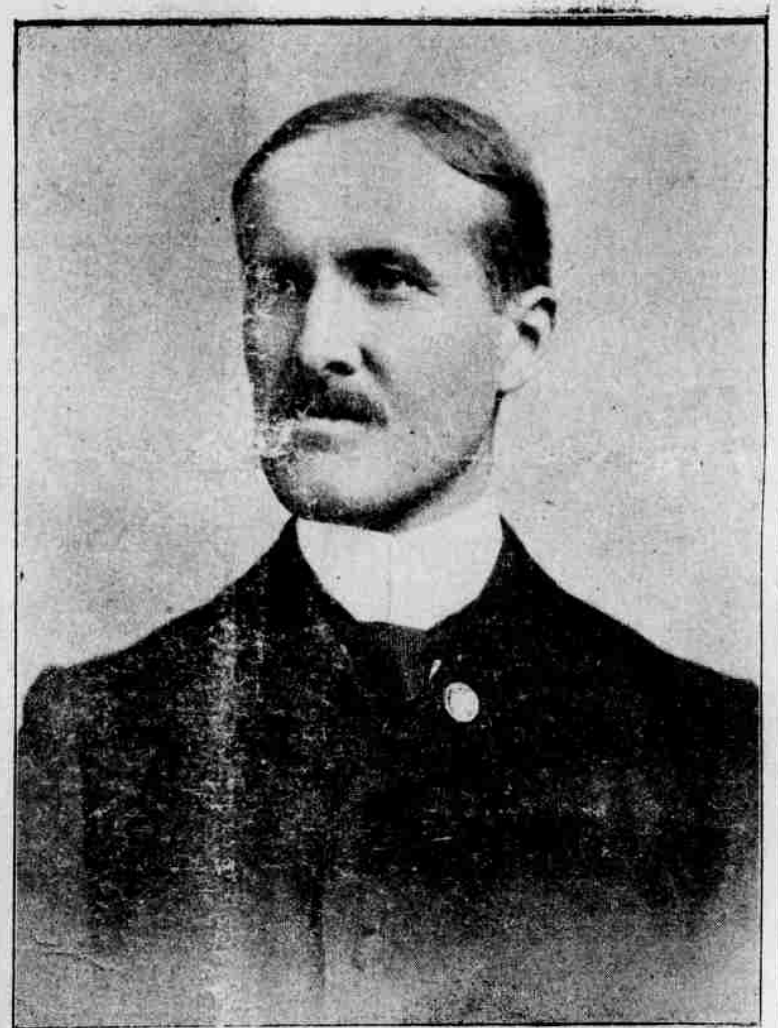

Santa Fe County Republican Central Committee.

BEYOND EXPECTATIONS.

Over 1,000 Gallons of Water a Minute Were Pumped From a Six Inch Well.

Special Correspondence New Mexican.

Mesilla Park, Oct. 8, 1902. During a fuel test run this morning at the experiment station here in connection with the pumping investigation experiments being conducted by the station a continuous flow of 994 1/2 gallons per minute was maintained from a six inch well. The pump used in this test was a five inch Van Wie centrifugal. No special effort was made to speed the pump up as it was run during the entire test at a low speed. A slightly increased speed resulted in a stream of over one thousand gallons a minute. It has been the object of the experiment station authorities from the beginning to demonstrate, if they could, the possibility of throwing one thousand gallons a minute from one pump and from one well. It was never expected until recently that such a stream could be thrown from the well that has been used in this test, namely one six inches in diameter. Thus the highest expectations of the station authorities have been more than realized. The above measurements were exact and reliable, being taken from a carefully constructed measuring weir.

ASTONISHED THE ATTORNEY.

Estanislado Sals Initiated an Entering a Plea of Guilty in Bernalillo County.

There was an abrupt ending to the trial of Estanislado Sals, in the Bernalillo county court yesterday. Sals is charged with the murder of Constable Placido Salazar, and the entire morning was spent in securing a jury. When the noon recess was taken, Attorney Heacock, who was defending, left well satisfied with the morning's work. On his return in the afternoon his client astonished him with the announcement that he intended to plead guilty. In spite of the objections of the attorney, plead guilty he did, and was remanded for sentence.

Not Enough Water.

Professor Fabian Garcia, chief horticulturist at the Agricultural Experiment Station at Mesilla Park, was called to Alamogordo to find the cause of so many of the cotton wood trees dying. After an examination of the trees and the roots, he gave the opinion that the trees do not have sufficient water. The ground is hard above and the water failed to reach the roots.

Shipping Marble.

Frank Falcone has shipped a carload of stone from his marble quarries, near Alamogordo, to El Paso. Machinery has been ordered, which will be installed at once, for cutting and polishing the marble, but it will not be placed in position until the spur from the railroad is completed.

DEMOCRATIC COUNTY TICKET NAMED

A Number of Lively Contents Came Up in the Caucuses Which Lasted From Four Until Nine Last Night.

A. B. RENEHAN WAS NOMINATED FOR THE COUNCIL

After struggling in caucuses from 4 o'clock yesterday until 9 last night, with the exception of a brief intermission for supper, the Democratic county convention succeeded in deciding upon a county ticket. The caucus was very lively at times and plain and pointed speeches were made regarding some of the aspirants for office. For member of the council A. B. Renchan of this city had no opposition and the nomination was tendered him by acclamation in the caucus. It was ratified by the convention with equal unanimity.

For members of the house four candidates were presented, J. C. Jackson of Doiores, Librada Vigil of Espanola, Evaristo Lucero and Ascencion Rael, Jackson and Vigil were agreed upon and their nomination was made in the open convention unanimously.

The caucus spent more than an hour in trying to nominate someone for sheriff and some caustic speeches were made. When the caucus vote was taken but two candidates remained in the field, Evaristo Lucero and Warren Graham of Cerrillos. Lucero won the caucus nomination, but later when his name was presented in the open convention, he declined to accept the place stating that his business made it impossible for him to run. He was permitted to withdraw on motion of J. P. Victory and Warren Graham of Cerrillos, was nominated for the office by acclamation.

Two names were presented to the caucus for treasurer and ex-officio collector, J. D. L. A. Carrillo of Cienega, and Frank S. Davis. Mr. Davis declined to permit his name to be considered and the caucus decided upon Mr. Carrillo, a decision that was subsequently ratified by the open convention.

For the office of assessor, three names were presented to the caucus, Eugenio Serna of Santa Fe, Nicanor Baca and J. L. Zimmerman. There was not much of a contest and Serna was selected. The open convention later nominated him formally with considerable enthusiasm.

A. Frank of Espanola, was nominated for probate judge. The only candidate to oppose him in the caucus was Cirilo Rael. For probate clerk the candidates considered in the caucus were Nicanor Baca of this city and J. Ortiz y Baca. The former was chosen and formally nominated. Jose Ortiz y Baca of Santa Fe, was then selected as candidate for county superintendent of schools. Camilo Padilla was also mentioned for the office, but declined to be a candidate. Ramon Sandoval of Cerrillos, was unanimously nominated for commissioner from the second district and H. C. Conger of Santa Cruz, for commissioner from the third district. The ticket was completed by the unanimous nomination of J. L. Zimmerman of this city for county surveyor.

The caucus selections were formally ratified and the roster was selected as the emblem. The list of precincts was called for members of the central committee and resulted in the naming of the following: First precinct, Benigno Romero; second, Pedro Romero; third, J. P. Victory and Francisco Delgado; fourth, N. B. Laughlin and Marcelino Garcia; fifth, Jesus Velarde; sixth, J. D. L. A. Carrillo; seventh, W. H. Bullman; eighth, Jose Antonio Anaya; ninth, Desiderio Gomez; tenth, J. A. Jackson; eleventh, John Hart; twelfth, Juan Gonzales y Roibal; thirteenth, Benancio Valdez; fourteenth, Eulogio Martinez; fifteenth, Miguel Herrera; sixteenth, Jose Ignacio Fresquez; seventeenth, John L. Zimmerman and Pedro Sandoval; eighteenth, D. C. Allard and Juan Cisneros; nineteenth, Jose S. Gonzales; twentieth, Quinto Sandoval; twenty-first, Joseph Stewart.

The delegates selected to the Democratic territorial convention at Albuquerque are: N. B. Laughlin, Charles F. Easley, Eugenio Serna, A. R. Gibson, Anastacio Gonzales, J. P. Delgado, J. L. Zimmerman, John P. Victory, Marcelino Garcia, Nicanor Baca, W. H. Coleman, E. B. Baca and Eduardo Tafoya.

The committee on resolutions reported and as soon as the reading of the resolutions was completed, Mr. Victory was on his feet with a protest. He said to hear the resolutions one would think it was a Republican convention that was in session, and the resolutions sounded much more as though they had been drawn for Republicans than Democrats. He said no mention had been made of the great coal strike, of the trusts or of the tariff and he moved to recommit the resolutions to the committee so that they might have a true Democratic ring. This was done and the committee on resolutions will report them to the county central committee for approval. Mr. Victory was added to the committee.

Mr. Renchan and such other candidates as were present were called on for speeches and the convention finally adjourned about 11 last night.

The county central committee met this morning in the office of John P. Victory for organization. Mr. Victory was first nominated for chairman, but declined to serve. Marcelino Garcia was then elected chairman and Juan Delgado secretary. An executive committee consisting of N. B. Laughlin, Charles F. Easley, Marcelino Garcia, D. C. Allard and A. B. Renchan was named. The resolutions were doctored up to the satisfaction of the committee and adopted.

Major M. Appel, superintendent of the United States sanitarium for the treatment of tuberculosis at Fort Bayard, has received orders transferring him to the Philippines. He will leave New Mexico about the last of November. His successor at Fort Bayard will be Lieutenant-Colonel Comogys who is an army surgeon. Major Appel has brought to treatment at Fort Bayard to a state of thoroughness that has produced results that have astonished the medical fraternity.

A MANIAC AND HIS AXE

Charles Cawley Killed His Mother and Sister and Fatally Injured Four Other Children.

ARE CRUSHED AND HACKED

The insanity was the result of the strain of perfecting an Appliance for Patents on an Air Brake Which Are Now Pending in Washington.

Pittsburg, Pa., Oct. 10.—While laboring under mental aberration, the result of the strain of perfecting an appliance for patents on an air brake which are pending at Washington, Charles Cawley, a 17-year-old boy, of Homestead, Pa., early today killed his mother and one sister, and fatally injured four other children. He also tried to kill his two older brothers, but was detected, overpowered and turned over to the police. The weapon used was an ax, with which he crushed and hacked his victims beyond recognition. The dead are: Mrs. Hannah Cawley, aged about 40 years, head and upper portion of her body almost pounded to a jelly; Belle Cawley, aged 12 years, who slept with her mother, head frightfully crushed. The fatally injured are: Josephine, the baby of the family, aged fifteen months; Raymond, aged six years, twin of Adeline, head horribly injured; Agnes, aged ten, head crushed. Some time about three o'clock this morning, Charles quietly arose and, dressing himself, secured an ax. Coming up stairs, he went into his mother's room, where the victims were all sleeping. After turning up the light, the maniac began his bloody work. Believing that he had dispatched them all, Cawley started for his brothers' room, but James, the oldest, had been awakened by the groans in his mother's room, and as Charles entered he seized a heavy rocking chair, and after a fierce struggle overpowered him and turned him over to the police.

LAS VEGAS NOTES.

Special Correspondence New Mexican.

Las Vegas, Oct. 9. The funeral of Mrs. Josie Carson Squires was held this afternoon at 3 o'clock from Lewis' undertaking parlors, the Rev. George Selby officiating. The remains were interred in the Masonic cemetery. Messrs. Gregory, Garrard, Blood, Wagner, Coors and Spiederer acted as pall bearers.

There was a good meeting of the Republican club on the west side last night in the school house of district No. 4. There were a number of enthusiastic speeches and many were added to the membership roll. There were four additions from the Unionists, prominent members, and there are more to follow.

The deed of Turner A. Akers to D. J. Osborne, for land at the chicken ranch has just been recorded. The consideration was given at \$1,627.75.

The newspaper outfit of Patricio Gonzales was packed up today and will be shipped to Wagon Mound, where Diego Chacon will have charge of a newspaper published in the interest of the Republican party, and for Mr. Gonzales. Mr. Gonzales will have his El Sol del Mayo printed at one of the other offices in the city.

Work at the Porvenir coal mines is progressing steadily. They have their tunnel in 36 feet, and 6 tons of coal on the dump. They are mining 30 tons for the first fires under the electric line boilers.

The conference this morning at the Spanish Methodist church on the west side was well attended, and report made by the Superintendent was a most encouraging one. The missionary work in the territory is going forward nicely, and shows a splendid increase. Superintendent Harwood spoke feelingly of the action of the members of the Women's Home Missionary Society who come out here from the east as friends and when they go back spread discouraging reports. He also spoke of the tendency of the native girls educated by the society in going into English associations instead of back among their own people where they might do good for the cause. This he deprecated. The conference is presided over by Bishop Joyce.

Percy M. Starr Dead.

Percy M. Starr, Republican nominee for sheriff of San Juan county, died suddenly on Tuesday. He was driving some sheep to Pueblo Bonito and while crossing the San Juan river some of the sheep stopped on a sand bar. Mr. Starr waded in to start them off and the water came to his waist. He was overheated and the cold water caused congestion of the heart and he fell back into the water dead. He was nominated last Saturday for sheriff. He was 35 years old and very popular.

FRIDAY, OCTOBER 10.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

Extract from the Congressional Record of June 25th, 1902, page 7,542.

President pro tem, of senate: "The chair has been requested to restate the proposition, and will do so."

"The senator from Indiana, the chairman of the committee on territories, has stated in open senate today, that the committee will report on the territorial bill, so-called, on the third day of the next session of congress. Thereupon the senator of Pennsylvania asks unanimous consent, that on the tenth day if the senate is in session and on the first day thereafter it may be in session if not on the tenth, the bill shall be made the unfinished business."

Is there objection? The chair hears none, and the order is made."

Right is right and must prevail, therefore the right and honest political methods are sure to beat Catron tactics and hoodlums in the long run.

The nearer the time of election approaches, the more does it become apparent that the Republicans will score a great success in New Mexico in this campaign.

If it were not for a little Catron money now and then, some yellow sheets would have hard pickings and the campaign would be mighty dull on the other side of the house.

Hundreds and hundreds of the Santa Fe county Republicans feel sure that it is high time that the corrupt political methods of the Catron faction should have their whistles trimmed; in fact that they should have them shaven off entirely.

What a horny-handed son of toil Colonel William Jennings Bryan is, to be sure. In the new house he is building on his farm a few miles from Lincoln, Neb., there will be two mantels that will cost him \$5,000. Still he prates about hard times.

The Republican county conventions that have so far placed in the field candidates for legislative and county offices have done good work. The candidates are men well known in their respective communities as good citizens and honest men, well fitted for the positions to which they were nominated.

The Santa Fe railway cut-off, from a point near the Texas and New Mexico line across the counties of Lincoln and Valencia to a connection with the Santa Fe-Pacific railroad, will be built and work thereon will commence within the next six months. The construction of this line will shorten the Santa Fe railway route to the Pacific coast materially. This line will bring increased passenger and freight business to the road. It will also benefit New Mexico immensely. The outlook for the building of between 400 and 500 miles of new railroad in this territory during the year 1903, is very reassuring.

The steel trust hasn't been much affected by the coal strike, which may be explained by the fact that the steel trust is owned in greater part by the same people who own the anthracite coal mines. The earnings of the trust the past three months were almost \$37,000,000, which is equal to six and a half per cent dividend on stock that has been watered a great many times. Of course, the common people pay these dividends in the end. The next quarterly dividend however may be reduced somewhat by the contributions that the trust will make to the Democratic slush fund in order to spite President Roosevelt and the Republican party.

Hon. Malaquias Martinez, who has been nominated by the Republicans of Taos county as a candidate for the legislative council from the district composed of Taos, Rio Arriba and San Juan counties, will be fully endorsed by the Republicans of the two latter counties and will be elected. He has had much legislative experience, having twice served as a member of the house and twice as a member of the council, and has given great satisfaction to his constituents and to the people at large in these positions. He is well and thoroughly known all over the district and has many good friends, who will work for him from now until after the close of the polls on election day. He will receive a larger majority than he did two years ago. In giving him such the people of the district will make no mistake.

H. H. Howard, editor of the San Marcial Bee, who has received the Republican nomination for member of the house of representatives from the counties of Socorro and Sierra, is a bright, hard working and energetic man in the prime of life. He has been editor of the Bee for several years and has made it a spicy and influential Republican paper. The indications point to his election and if so he will be found a valuable, public spirited and honest member of the house.

The irrigation congress has refused to merge with the Trans-Mississippi congress. Perhaps, that is a wise decision, for it was made after due deliberation and debate, but to an outsider, it would seem advisable to consolidate these congresses of allied interests. The attendance upon them all has become an impossibility to men taking an interest in the causes they represent, and the attendance upon only a few of them is a strain upon means and time to which few men care to submit.

A DESERVED COMPLIMENT FOR SENATOR ANDREWS.

The people of the entire territory are very much gratified at the practically unanimous endorsement by the people of the counties of Socorro and Sierra, regardless of politics, of Senator W. H. Andrews, as a candidate for the council of the 35th legislative assembly. Senator Andrews was nominated first by the Republicans of Socorro county and thereafter endorsed by the Independent Republicans and by the Democrats of that county. He received the nomination from the Republicans of Sierra county and the Democrats of the latter endorsed him. To be sure he deserves this high compliment. Since he came to Sierra county eight years ago he has spent much money, time and labor in the upbuilding and development of the magnificent mineral resources of that county. During the past two years he has been instrumental in turning towards New Mexico two and a half million dollars of Pennsylvania capital and the capitalists, who have advanced this vast sum, are now constructing the Santa Fe Central Railway from this city to Torrance, which with the branch lines will be 140 miles long and the Albuquerque Eastern railroad from Moriarty station to Albuquerque, 45 miles long. It is therefore, not astonishing that the people of not only the counties of Santa Fe, Valencia, Bernalillo, Sierra and Socorro, who are directly benefited by the senator's good work, but also of the entire territory, which will indirectly also be a great gainer, are feeling good over the fact that the people of Socorro and Sierra counties have unanimously asked the senator to represent them in the council of the 35th legislature. It is well known that Senator Andrews is thoroughly well fitted by education and legislative experience for this position. As his election is sure, it can safely be asserted, Providence willing, that he will serve the people of the territory as a councilman in a most acceptable, honorable and thorough manner.

POINTERS FROM THE PHILIPPINES.

The Filipinos are getting considerable more attention than was given New Mexico after its annexation by the United States. As far as public schools are concerned, their lines have fallen in pleasant places. It is now a little more than a year since there was witnessed what was seriously considered, one of the most impressive spectacles of modern civilization, the departure of eight hundred or more young American men and women, graduates of American colleges and teachers in American schools, for the Philippines to inaugurate on a large scale the work of educating the people there. The educational system had to be established from the bottom. The archipelago was divided into eighteen districts, each presided over by a trained educator from the United States. Each of these division superintendents is at the head of the free public school system in his territory, and names the teachers and fixes their salaries. The courses of instruction, the character of the school buildings and other matters are determined by the superintendent of the island. Where it is possible, Filipinos are given representation on the local school boards. The central government assumes a large part of the cost of the system, pays the American teachers about \$1,200,000 a year, which is three times as much as New Mexico spends altogether on its public school system, and distributes text books, supplies and American flags among the schools. The towns are expected to supply the buildings and the furniture and to pay the native teachers.

The American teachers spend four hours a day teaching the native children and give one hour of instruction daily to the native teachers. They also instruct night schools in which governors of provinces, presidents of towns and all classes are found enrolled. The efforts of the government have been chiefly devoted to primary schools, but one grammar and high school has begun work at Manila and others are planned in various provincial capitals, some of which are erecting modern school houses which might serve as models for Santa Fe's prospective new and much needed school houses. There is to be manual training in every school, an example which New Mexico should also follow. Agricultural schools are planned and every school house will have a garden surrounding it to be cultivated by the teachers and the pupils, an example which New Mexico could with benefit imitate.

FOUNDATIONS FOR PROSPERITY.

Naturally there are fluctuations in national prosperity and because the nation has been prosperous ever since President Cleveland went out of office in 1897, there are many who predict that a reaction is about due. The foreign press especially takes this view and the London Times has been warning the United States the past few months to prepare for hard times. Other papers while not pessimistic, are uttering warnings. The London Times however has come around to say that by reason of this year's large cereal and cotton crops, "the day when financial trouble will be experienced by the United

States has been postponed for another eight or nine months, and possibly, if no further commitments are entered upon, for even a longer period," but it added that the actual situation was not free from disquieting features, and it intimated, that unless "in some mysterious way the laws of economics need not be taken into account when America is concerned, the present state of things and the present fashion of finance cannot go on forever."

The warnings which the London Times uttered against the reckless inflation of capital in many huge enterprises of the present day in the United States are only echoes of conservative opinions which have been freely expressed in this country. The danger is one which most serious minded Americans recognize. But there is one factor in the American financial problem to which the London Times pays too little attention, namely, the marvelous and rapid increase of the wealth of the United States. While the laws of economics are of universal application, they do not apply in identically the same way to countries with vast natural resources and an unprecedented growth of tangible wealth. The figures marshaled to sustain this view are impressive. During the years 1899 to 1901, the value of the corn, wheat and oats crops was larger by \$1,214,000,000 than in the three previous years. During the three years ending last March the value of hogs packed was \$369,000,000 more than in the three years 1895 to 1897. During the last decade there was an increase, according to the census of four and a half billion dollars in the value of farm property; there was an increase of two and a quarter billions in the value of farm products and of more than three and a half billion dollars in the value of manufactured products in 1900 as compared with 1890, and the total wealth of the country increased during the ten years almost \$30,000,000,000. During the last three years the favorable balance on merchandise in the foreign trade was \$1,222,000,000 larger than it was in the three years 1895 to 1897. These are facts which do not make the United States superior to economic laws, but they require to be taken into account in any prognostications of financial perils and possibilities.

A CASE OF IT.

Many More Like it in Santa Fe.

The following case is but one of many similar occurring daily in Santa Fe. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence. Ruperto Martinez of Griffin st., says: "I knew that a pretty sure indication of kidney complaint is an aching back, but in my case there was added to that annoyance trouble with the kidney secretions. At first the pain across the loins was the only evidence, but latterly the condition and action of the kidney secretions plainly told me that I must do something for my kidneys or aggravated trouble would follow. I went to Ireland's drug store for Doan's Kidney Pills, took a course of the treatment and the complication stopped. To show my faith in Doan's Kidney Pills, let me tell you that while working at Watrous getting out stone for the railroad an acquaintance of mine was compelled to stop and go home on account of his back. I advised him to use Doan's Kidney Pills. He acted on my advice and in a couple of days after commencing their use he returned to work."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 5,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,585.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly

tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, Le Grippe, all Female Complaints, etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:05 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. NATURAL ANXIETY.
Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. It's attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. It liquefies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga.: "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal."

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat."

Fortune Telling

does not take into consideration the one essential to woman's happiness—womanly health. There are many a woman whose future seems absolutely unclouded who is marked by her own condition for future disappointment and distress.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but a dream.

Womanly health may be retained or regained by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, drives the drains which weaken women, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. E. of Orlin, since I was married, and two bottles of the 'Pleasant Pellets' as you advised for constipation of uterus, ovaries, and weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had not had for over three years, until taking your medicine. I thank you very much for your kind and prompt attention to my letter asking advice."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdock, assistant general passenger agent.

Missouri Code Pleading.
By Mr. Everett W. Pattison.
Author of Pattison's Complete Digest. Nearly 600 Pages. Price, \$6. Delivered. This Book is a Very Important One for all Lawyers.

The New Mexico Code is largely modeled on the Missouri Code so that this book and the Form book are the most practical for use thereunder.

It sets forth, as succinctly as is consistent with clearness, the present condition of the law governing pleading as interpreted by the courts of last resort in Missouri. The decisions of the Missouri courts, though in some instances illustrations have been drawn from the decisions of other code states.

The Author Thoroughly Believes in the Advantages of the Code System of pleading.

He further believes that precision and exactness are even of more importance in code pleading than in pleading at common law. For, while it is true that the common law requires the utmost strictness in adherence to forms, yet, if its forms are followed, the practitioner need have little fear of attack upon his pleadings, even though that pleading should totally fail to inform his opponent as to the real points in issue. On the other hand, the very object of the Code is to compel parties to make clear the grounds upon which their right to recover, or their defense, is based. The lawyer who is well grounded in the rules of pleading will surely have the advantage in litigation. The constant study of this valuable work, familiarity with the rules set forth in it, and with the decisions enforcing and interpreting those rules, cannot fail to make one a good pleader.

SPECIAL OFFER.—To those who buy both books at once, we will offer Pattison's Pleading Form Book (Price, \$5.00.) if ordered within the next 30 days for \$4.00 additional, thus offering the two works, giving all there is to be said about Pleading in Missouri.

In one order. Prepaid for \$10.00.

DEAR COUSIN:

I have been so busy attending social functions, that I did not have time to answer your dear letter of the 25th ultimo. I told you in my last that Goebel had sold 98 of his famous Estate Oak Heaters, since then he has sold two more, which makes an even 100. You will have to hurry and make up your mind, or else you will be too late. You know how well pleased I am with mine, and I would not part with it for \$100 if I could not replace it. I will be able to get that long seal skin sack this winter, which represents the amount we have saved in fuel since we bought this wonderful stove. With love to all,

William Parson, clerk at the Palace hotel, is seriously ill. Last night his condition was critical, but this morning he was resting easier.

An important meeting of the board of trade will be held this evening at the city council rooms. All members are urged to be present.

The trains from the east on the Santa Fe were four hours late last night, No. 1 arriving at 2:30 o'clock and No. 7 at midnight. The local employees of the company could give no reason for the delay.

James A. Catanach, foreman and telegraph lineman of the Santa Fe Central Railway, left this morning with a crew of men for Torrance. He will clear the right of way at the Gallinas mountains and get it ready for the graders.

The fall session of the Educational Council of New Mexico will open at 8 o'clock on the evening of October 16 at the Alvarado Hotel, Albuquerque. The subjects are "The High School Course," and "School Legislation."

The vitrified brick sidewalk in front of the Griffin property on Washington and Palace avenues has been completed and is a great improvement. Other property owners along these thoroughfares should hurry and put down similar sidewalks.

The annual convention of the New Mexico Volunteer Firemen's Association will be called to order in Albuquerque on October 15. Interest in the organization has waned greatly and an effort will be made to reorganize.

George Anton, the plaza grocer, has suffered from several thefts recently, and is of the opinion that the regular policeman and the private night watchman employed by firms and individuals should be more alert.

Democratic nominations went begging in the convention yesterday. This was explained by one of the speakers last evening who said that it was the true Democratic principle to let the office seek the man.

Many citizens have called at the New Mexican office today to enter a protest against the action of the city council last night in discontinuing the street lights. It is the general opinion that expenses can be reduced with greater profit in lines other than leaving the streets in darkness.

The grocery store of George Anton on the east side of the Plaza was entered by burglars last night and one case of corn and a case of sardines taken. When Mr. Anton came to the store this morning he found the back door unlocked and standing open although it had been locked last night.

On October 16, the Santa Fe Railway will run a special train from Las Vegas to Albuquerque on account of the fair. Connection with this train at Lamy will be made by a train which will leave Santa Fe at 8 o'clock in the morning. Returning, the train will leave Albuquerque at 10:30 o'clock in the evening. This will give an opportunity to visit the Albuquerque fair and return in one day. The round trip fare will be \$2.65.

City Council Meeting.

The city council met in special session last night and ordered the city accounts paid for the quarter ending September 30. There are in the city treasury of taxes of 1899 and 1900, \$258,21, of taxes of 1901 general fund \$528.49 and from licenses and fines \$517.25 or a total of \$1,304.95. The council transferred \$44.80 from the general fund to the salary fund and ordered salaries paid in full amounting to \$562.05. Accounts against the general fund amounting to \$129.50 were ordered paid at 75 cents on the dollar. A judgment of \$150 was also ordered paid. The city lights were ordered discontinued until further order and at least for the balance of the quarter just commenced. Another special meeting will be held next Monday evening.

Justice of the Peace Dockets.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x14 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices: Civil or criminal.....\$4.00 Combination civil and criminal 5.00. For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. THREE CLEVER ELEPHANTS.

Here is Melancholy, Duke is Obstinate and Fargo is a Happy Optimist.

Fargo, Duke and Hero are the three performing elephants with the Norris and Rowe Big Trained Animal show which is to appear in this city for two performances next Wednesday, October 15. These three miniature pachyderms have been taught by Mr. Norris to perform many intricate tricks, such as standing on their heads, walking upon their hind feet, performing in a millitary drill and playing pranks with the clowns and trainer, who exhibit them in the ring. Fargo is the comedian of the trio and is always looking on the bright side of everything and if he was human and had the powers of speech he would be termed an optimist. He readily grasps the ideas which his trainer wishes to convey and is without a doubt the most intelligent and greatest performing elephant alive. Hero, the largest of the three, is the opposite of Fargo, being given to melancholia, and often remaining in a corner by himself for hours, not even swaying his massive body which is so natural with elephants. Duke was the obedient one of the herd. His brain is about as thick as his hide, and teaching him to perform was a task that required the combined efforts of all the trainers to bring him into his present form.

These clever animals will be seen in the grand spectacular street parade which will be given at 11 o'clock on the morning of the exhibition. The mammoth waterproof tents will be located on the vacant property on the corner opposite the Palace hotel.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mineral and Mining in the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

The loose leaf ledgers which are on sale at the New Mexican office, are rapidly growing in favor. It is the best patent that has been issued and the saving to the business man in not carrying a book of dead pages is considerable. For convenience and economy and for keeping the book up to the mark with live accounts only, the loose leaf ledger is the best arrangement yet issued.

1903 Calendars.

The New Mexican Printing Company will have the largest line of calendars to offer the trade this year ever shown in the territory, and it will be worth the while of those desirous of procuring calendars for the coming year to wait for the representative of this company to call on them with samples. The prices are remarkably cheap.
