MENAU WINS BY 2-POINT MARGIN OVER THE HIGHS

Field Goal by A. Gonzales, When Albuquerque Checks Presbyterian March Toward Goal, Decides the Contest.

The Menau school defeated the Albuquerque high school football eleven yesterday afternoon at Hopewell field, 15 to 13, in a hard fought, gripping game that was anybody's right up to the last whistle. Both teams made two touchdowns and both teams booted the ball over the goal line one time, but the high school's kick was merely a try for goal after touchdown, while the Presbyterians succeeded in making a field goal from the twenty-yard line, thus giving them the two-point margin in the final score.

From the start of the game it was apparent to the large crowd that the contest would be hard fought. Menau kicked off from the west end of the field and "Cap" Barton, of the high school, receiving the ball on his forty-yard line, carried it down the field twenty-five yards before being tackled. The high school made quick work of the first touchdown, taking the ball rapidly down the field on line

smashes and forward passes. Shouldering Barton the ball over for the first score of the game and "Cap" Barton kicked goal.

Receiving the ball on the kickoff, Menau came right back and before the close of the first quarter scored the ball up the field and over the goal line by a brilliant offensive that had the A. H. S. almost gasping most of the time. The Presbyterians failed to kick goal.

In the second period the high school eleven added six more points to its score, carrying the ball over on a pass from Barton, quarterback, to Chavez, right end, after walking through the Menau line for goodly gains on line smashes and using the pass to good advantage. The attempt to kick goal was unsuccessful, and the score stood 12 to 6 with the A. H. S. aggression on the long end. But again the Presbyterians came back. In the third quarter they came within one point of tying the score by making a touchdown and failing to kick goal.

The fourth period revealed itself into a battle royal. Taking the ball into the field to the A. H. S. fifteen-yard line, it seemed that Menau would carry the ball over again, but the high school held for three downs without the Presbyterians making the required distance. On fourth down they resorted to an attempt at a field goal and A. Gonzales, left half, put the piggskin fairly between the numbers from the twenty-yard line. The three-point thereby made put the Menaulites all to the wicket, but only by the slim margin of two points.

The high school eleven made a great effort to score another touchdown, but fell short. When a navy academy was sent into the sea yesterday at Pensacola from the docks of the cruiser North Carolina, while the ship was in motion a new feat in aviation was accomplished and a device upon which navy aviators have been at work for three years proved a success.

The result opens up new possibilities for navy aeroplanes as the device permits them to be launched with the aid of a platform without elevating gun fire.

SOCIALISTS OF GERMANY DEMAND FOOD FOR ALL

Organ of Party Denounces Capitalists Who Are Boosting Prices of Necessities Beyond Reach of the Poor.

(BY MORNING JOURNAL SPECIAL LEADER WIRE.) Berlin, Nov. 6. (AP)—The Vorwarts, organ of the German social democratic party, publishes a two column pronouncement from the executive committee of the social democratic party, declaring that the government measures thus far for the regulation of the food supply and prices are only half measures. It demands the fixing of maximum prices for all important foodstuffs, "prices so adjusted that every war profit for the producer, in wholesale as well as retail trades, is made impossible and even the poorest are placed in a position to obtain the necessities of life required for their subsistence."

The pronouncement begins as follows: "The rise in the prices of foodstuffs has become unbearable. The prices of all important provisions and other articles of daily necessity, such as fuel, clothing and footwear, have reached an exorbitant height. With anxious fears the people of the laboring class and up to the circles of the middle classes look forward to approaching winter. Already bitter need rules in many families."

"Must there be so much selfishness and greed, and profiteering in the unreasoning free play of forces? Must millions be in want so that thousands of producers and dealers, who only take advantage of war conditions, can enrich themselves at the nation's cost?"

The pronouncement answers the foregoing questions in the negative. It says that the foodstuffs on hand are adequate, but that they must be rightly distributed. The prices for wine, fish, established, it claims, are too high and beef prices are not regulated.

The committee demands in addition to the fixing of prices for other foodstuffs also an equal distribution of the foodstuff on hand in equal rations among all the empire's inhabitants, as is done with bread, in order to avoid preferential treatment of the rich who are able to pay."

UNITED STATES MAKES RECORD WITH SEAPLANE

(BY MORNING JOURNAL SPECIAL LEADER WIRE.) Washington, Nov. 6. (AP)—A navy aerodrome was sent into the sea yesterday at Pensacola from the docks of the cruiser North Carolina, while the ship was in motion a new feat in aviation was accomplished and a device upon which navy aviators have been at work for three years proved a success.

The result opens up new possibilities for navy aeroplanes as the device permits them to be launched with the aid of a platform without elevating gun fire. This reports the culmination of experiments which started in 1912, the aerodrome, a submarine, "The launching device or catapult" was first suggested and tried out by Captain W. F. Chambers, in charge of the naval aviation and was made and tested at the Washington navy yard. It was extremely simple and rather crudely built, simply to demonstrate the principle. Two successful flights were made from this device and a new and improved design was then made and a launching device built and shipped to the Pensacola aerodrome station. There it was installed on a coal barge and completely tested with successful flights in different angles before being installed on the North Carolina.

The device consists of a track extending along the ship's after deck, upon which a car is placed. An aeroplane is in the device from the air and is secured to the car. On launching, the car is driven down the track on wheels. It has attained high speed. Then it is brought to a sudden stop and the aeroplane, released from its moorings, soars into the air, having been shot over the cruiser's stern at a speed of 10 miles an hour.

SILVER CITY FIRES COME IN A BUNCH

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.) Silver City, N. M., Nov. 6.—Three fires in one night the past week broke all records for Silver City, as far as can be ascertained, and gave the recently purchased motor-driven fire apparatus a chance to demonstrate its usefulness. The first blaze at 6 p. m., Thursday evening, started in the fire department to the big dry goods store of Foreman Brothers, and prompt work on the part of the firemen extinguished a blaze which threatened to gut the store.

At 9 p. m. sparks from a chimney set fire to the roof of the residence of J. W. Pinkerton, Jr., but this, too, was extinguished by boys from the state normal dormitory, who observed the burning roof and put out the fire without assistance from the fire department.

AUTO BURNS WHILE HUNTERS SEARCH FOR GAME AT CABEZON

An automobile, owned by Chas. Clifford, was burned at Cabezon, San Joaquin county, yesterday. A party of hunters went from here in the car. While they were hunting the fire occurred. The engine was "dead" and the origin of the fire could not be accounted for.

The hunting party was made up of G. W. Canfield, Charlie Catron, Ram Stevens, Louis Clifford and Ben Bailey.

CHINK OFFICIALS CAN NOT RESIGN WITHOUT CAUSE

President Yuan-shi-kai Issues Order That Men Higher Up Will Not Be Allowed to Turn Loose Except for Reason.

(Associated Press Correspondence.) Peking, Sept. 25.—President Yuan-shi-kai has issued an order to the state department enjoining the latter to notify high officials both in the capital and the provinces that hereafter they shall not be permitted to tender their resignation "without reasonable and adequate cause."

This order, coming as it does at a time when a number of high officials have shown a disposition to leave the service in order to avoid any connection with the monstrous movement, has created a great deal of discussion.

It is health has been the reason given by a number of officials for their resignation. In some cases the illness of wives, mothers and other relatives has been offered as an excuse. At times within the last month, one would get an impression through reading Chinese newspapers that there was an epidemic of ill health in official families.

Then the chief minister of war was one of the first officials to leave the government service at the beginning of the present crisis. Many provincial officials took the same action and every day brings a rumor of defections in the cabinet.

Before the opening of the ministerial campaign, Dr. Wu Ting-fang accepted an invitation to come to Peking and preside at the opening of an industrial exposition which the government is to inaugurate on October 1. They spoke yesterday a statement was issued that the venerable Dr. Wu would be unable to come "because of ill-health."

Chinese newspapers which oppose the re-establishment of the monarchy are constantly printing quotations from the speeches of Yuan Shi-kai and other leaders who denounced the monarchy when they were fighting for the establishment of the republic. Attacks and counter-attacks of the sort have made the public men anxious as to their positions in the present crisis, and every day brings evidence of the effort to avoid going on record.

PHYSICIANS TELL OF VILLA'S RAGE; HAD CLOSE SHAVE

Red Cross Workers Grossly Mistreated by Bandit Leader; Intercession of General Saved Their Lives.

(BY MORNING JOURNAL SPECIAL LEADER WIRE.) Naco, Ariz., Nov. 6.—Four American physicians, released yesterday by General Villa, after three times having been condemned to face Villa's firing squad, arrived in American soil here today and narrated their experiences as voluntary Red Cross workers, among Villa's wounded on the battlefield of Agua Prieta. The party consisted of Dr. H. H. Thigpen, Dr. Charles H. Miller and two chauffeurs. At Wilson and J. D. Bryant. The two physicians took to their beds upon their arrival as a result of their experiences and an all-night tramp through the mountains. General Villa, when he learned that the Americans could not guarantee the passage of his wounded over American territory to Juarez, "Treat the Americans as they treat us," he is quoted as having said in his order. "Yes, as you please. Turn the artillery on Douglas and put those men in front of the infantry."

Intercession by Gen. Rafael Nave, coupled with fear of retaliation upon the families of Villa and his subordinates in the United States, was responsible for the safety of the Americans, he said. When a subordinate general reported to Villa that Carranza troops had been permitted to cross American territory to aid Villa's declining Azusa Prieta, Villa again sought vengeance upon the Americans. In a rage he heaped execrations upon their heads and finally ordered them killed.

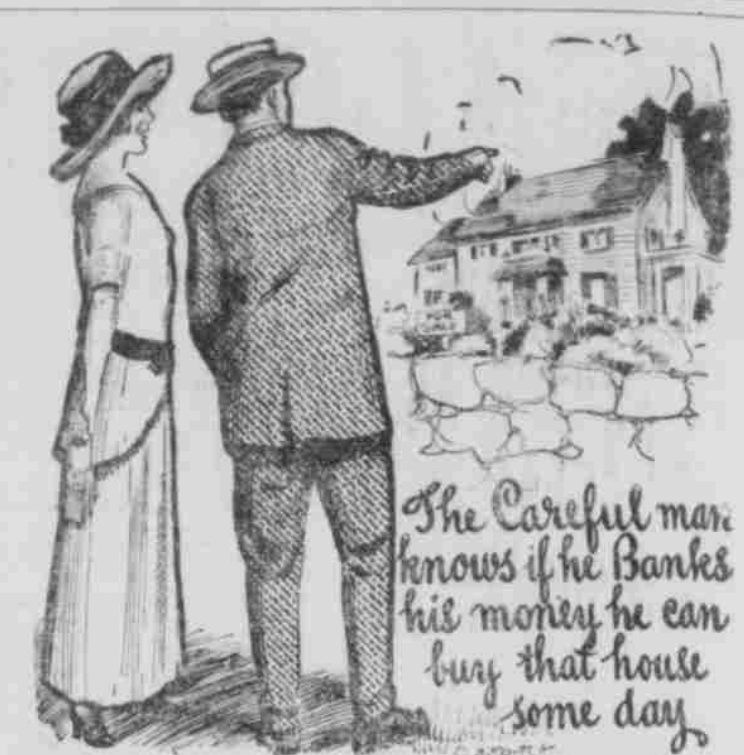

Believing in the efficacy of prayer, the four Americans knelt among the wounded on the battlefield. "The Mexicans about us were impressed," said Dr. Thigpen, and the intercession saved more of General Nave, who suggested the execution not be carried out until families of Villa and his officers could be notified from the United States, started as once more.

"I asked Villa if I might talk to him," said Thigpen.

"If you say a word to me I'll shoot you myself," Villa replied. The four Americans were marched to Villa Verde, where for the third time they were condemned to be shot. General Nave, who followed them, again interceded, this time with General Rodriguez, who had arrived from Naco, shortly afterward they were released, to make their way the best they could.

"General Nave told me goodbye," concluded Dr. Thigpen. "I am a poor man," he said, "and if you care to give me any money you may, but I don't all right."

Thigpen's home is in Sanderfoot, Ga., and Miller lives at Hereford, Tex. They left Naco Tuesday to render what aid they could to Villa's command. En route they met the command of Antonio Orozco, who was

C. A. MCKITTRICK FATALLY WOUNDED BY S. E. WINSTON

Difficulty Over Sale of Ranch
Near Gallup Brings on Quar-
rel With Tragic Results;
Slayer in Jail.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Gallup, N. M., Nov. 6.—Charles A. McKittrick was shot and fatally wounded yesterday evening by Samuel E. Winston, at the Winston ranch about twenty miles south of Gallup. Winston telephoned in to the sheriff's office yesterday afternoon stating that he had shot McKittrick in self-defense and that he would wait at the ranch until the officers arrived to arrest him. He also asked them to bring out a doctor to attend McKittrick who was mortally wounded.

Both McKittrick and Winston were brought to town late last night. McKittrick was taken to the county jail and McKittrick was shot through the stomach and chances of his recovery as far as has been learned at the present time is very poor.

The shooting of McKittrick is the outcome of a series of quarrels that have been coming up between the two men for the past two months or more. McKittrick sold his ranch and trading store to Winston several months ago and left the country, going to San Diego, Calif., to reside. He returned here about two months ago and shortly after his return announced that he had decided to take the property back and return to the business. Some misunderstanding came up in regard to the return sale. The men remained in a hot fight a week or two and the matter was brought into court here for settlement. A few days ago McKittrick asked the courts to grant him an injunction restraining Winston from selling his ranch or any part of it. Winston refused to grant the injunction and the matter was brought into court here for settlement. McKittrick secured a writ of habeas corpus and was released from jail. McKittrick yesterday went to the home of Simon Danoff who lives a short distance from him and hired him to take him to the Winston ranch, twelve miles away, in his auto. The men talked over their business relations in a very heated manner for some time, and it finally developed into the shooting scrap. McKittrick was the first to draw his pistol and fire. The bullet passed through Winston's hat. Winston was also armed and pulled his gun almost at the same instant and fired. The bullet from his gun struck McKittrick in the pit of the stomach. The latest report on his condition is that he has absolutely no chance for recovery. McKittrick had employed Danoff a few days ago to take him over to the Winston ranch in order to talk over the business matters they had. Danoff at first refused to take him over but he changed his mind when he had feelings about the two men, but he claims that McKittrick appealed to their long standing friendship so that he finally consented to take him.

McKittrick is an uncle of Mrs. Winston. Mrs. Winston was in Gallup at the time the shooting took place. Winston is held in the county jail awaiting a preliminary hearing. Mrs. Winston wired her father who resides in Texas, and he will arrive here on the earliest train and take steps to have Winston released from the jail on bond.

McKittrick is one of the old-timers

of this community, being known all over the state as "Box S. Charley" on account of his connection with the "Box S" ranch some years ago. He is a man of middle age, and was well liked by practically everybody in the county and country. McKittrick had sold his ranch some time ago to go to the Pacific coast for the benefit of his wife's health, which at the present time is very poor. She improved greatly during her stay at San Diego, and thought it safe for them to return to this part of the country to stay, but she was again taken down with her complaint and is again in a very poor health. The shock of the shooting has placed her in a very dangerous condition.

FARMERS OF HOPE ARE GETTING PROSPERITY IN GREAT BIG CHUNKS

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Hope, N. M., Nov. 6.—Prosperity is coming in chunks to this little inland settlement on the Pecos river in northwestern Eddy county. The apple growers have done well this year and received a fair price for the crop that is now about all marketed.

The fruit growers have been growing from year to year until fruit growing has become one of the main industries. At the same time that fruit growing has developed the farmers have given attention to other crops like alfalfa and forage crops like kaffir corn and milo maize. Transporting these crops to the Santa Fe railway over twenty-five miles away was expensive and the people decided that marketing the grains, fodder and hay in the feed lot was the sensible way. Last year a few fed lambs at a profit and this year the Hope section is turned into a big feed lot. Through the assistance of the bank, the farmers were able to buy such livestock as they needed. Something like 15,000 lambs and muttons are on feed and a considerable number of steers. The Hope people have apparently found that the combination that will make prosperity in the Pecos valley is fruit and livestock.

ROBBERS IN TULAROSA BLOCKED BY INGENUOUS BURGLAR ALARM DEVICE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Tularosa, N. M., Nov. 6.—An attempt was made recently to rob the Tularosa postoffice but W. A. Chapman, postmaster, had installed an ingenious contrivance so that if anyone entered the postoffice or drug store in which the postoffice is situated, the telephone in his house would ring. The phone called him up two nights ago and obtaining aid, he went to the postoffice, which was opened but nothing had been taken.

One man was seen about the place, but apparently did not care to wait to discuss the weather, as he disappeared across the street. Last night a man forced an entrance into Wertheim's store, which is situated on the corner opposite the postoffice. Again an alarm was given and the would-be thief left before he had secured any booty. It is but recently that the Meyers store in Los Alamos was broken into and much booty secured.

FINAL TRIBUTE PAID TO MRS. JOHN A. MOSES

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Silver City, N. M., Nov. 6.—Final tribute was paid here yesterday to the memory of Mrs. John A. Moses, one of the pioneers of Silver City, and a woman respected and loved by a wide circle of friends, whose death occurred the past week in Los Angeles, where she had gone several months ago for treatment. The body was brought home for burial and the funeral was one of the largest attended in the history of Silver City. A husband and family of grown children survive.

Following closely upon the death of Mrs. W. M. Spencer, which also occurred the past week, Silver City and Grant county have lost two old-timers who had an active part in the early history and building of this part of the state.

EGGS ALL READY FOR BARNSTORMING TROUPE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
East Las Vegas, N. M., Nov. 6.—One of those rotten theatrical companies that usually shows up here about once each season would do well to strike Las Vegas right now. Eggs have risen in price to 40 cents per dozen, and there is not half enough hen fruit on the market to supply the demand.

Eggs of all kinds and ages, from ranch to cold storage, from fresh to rotten, are so scarce that many a person who wants his "ham and egg" or his "two in the water" is going without. The surrounding country keeps Las Vegas supplied with fresh eggs, and the shipped-in variety is used only for cooking, but since the recent suffrage elections in New York, Pennsylvania and Massachusetts, this San Miguel county hens have quit laying.

East Las Vegas, N. M., Nov. 6.—With the subject "Race," Miss Edith Reagan, of Portales, Silver City and the preliminary oratorical contest in the college section at the New Mexico Normal university, Edwin Rosenthal, of this city, won the first honors in the academic section, his subject being "Americanism." These young people will represent the Normal university in their respective sections at the state contest, which will be held in Albuquerque the latter part of this month, during the convention of the New Mexico Educational association. Las Vegas high school will hold its preliminary contest on Friday, November 12.

CARLSBAD SCHOOLS TO CLOSE DURING WEEK OF TEACHERS' CONVENTION

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Carlsbad, N. M., Nov. 6.—The Carlsbad schools will be closed during Thanksgiving week on order of the local school board. This is done in order to give all the teachers in the schools here opportunity to attend the convention of the New Mexico Teachers' association which will be held in Albuquerque.

Indications are that the Pecos valley will send a big delegation to the convention. The Santa Fe railway has granted the very low rate of one fare for the round trip. This courtesy will help to increase the attendance at the convention from the east side of the state.

It may be said in passing that these conventions of the New Mexico teachers surpass in importance, even the state fair, to the future development of the state. New Mexico is waking up to the necessity of getting together. It is a big state. It has great variety of climate, surface and resources. It has a wonderful history. It is really the only state in the union that has a history that reaches beyond the coming of the white men. It is the meeting place of the Latin and American civilizations.

The teachers of the state largely determine the direction of the instruction in home geography and home history. On them really depends the duty to instill patriotism for the state. New Mexico still depends to a great extent on other states to supply the teachers of the schools. Well educated though they be, they are a rule know little of New Mexico history. Meetings of this kind therefore fit them better for their duties in New Mexico schools.

IMPORTANCE OF KENNA AS LIVESTOCK POINT GROWING EVERY DAY

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Kenna, N. M., Nov. 6.—Kenna has become an important livestock point in eastern New Mexico. It not only ships out much stock, but for the past year or more has brought in many cattle from other parts of the Pecos valley. For many years this section was looked upon as indifferent range, but as feed began to be grown and used for wintering stock, there has been a great expansion in the stock business. The people also found that under the new order of things it paid to grow better stock and they are shipping out the old stock and replacing it with better cattle.

Eleven cars of cows and bulls were brought in from Texas today by McCombs & Howell. There were 740 cows and twenty-nine bulls in the lot. The stock came from the ranch of Dr. F. E. Dorsey and H. E. Barber of Carlsbad. It will be remembered that they bought a good ranch about two years ago in Texas, some distance south of the New Mexico line. There was at the time nearly two thousand head of cattle on the ranch.

The lot that came to Kenna today is well bred and will add to the quality of the stock grown hereabouts.

WURLITZER ELECTRIC MUSICAL ORGANS ARE VERY POPULAR

W. J. Flynn, the local distributor for the famous Wurlitzer musical instruments, yesterday made several extra good sales. R. C. Garrett, the moving picture man of Gallup, was in the city and purchased from Mr. Flynn a \$2,000 Wurlitzer electric organ for his club theater. Fred Baxter, also of Gallup, where he conducts a saloon, was in the city, and purchased for his Gallup resort a \$2,500 Wurlitzer electric instrument. During the past week, besides these two mentioned, Mr. Flynn made several other sales to outside parties.

Must Wait for Salaries.

Santa Fe, Nov. 6.—As is customary at the end of the fiscal year and occasionally at the end of a quarter, the state treasurer will not be able to pay officials their quarterly and monthly salaries in full on November 29 and will only pay such fraction as the condition of the treasury will permit. However, in a day or two after the first, there are generally sufficient funds received to permit payment of salaries in full and so it happens that in December the state treasurer generally makes two distributions, one early in the month and the other later. Because of the changes made by the tax commission in the assessment rolls, however, many of the counties will not be ready to collect taxes in time for remittance in December and that may put off payment of salaries until January, forbidding a slim Christmas for the officials.

"ALL WE ASK IS FAIR PLAY"

It is yet fresh in the minds of the public that we had to move our business last year outside the city limits because we sold our goods too cheap.

We do not claim to be another Abraham Lincoln, who once was engaged in the liquor business; but we are at least human.

No women reside here. No gambling allowed. There are some fanatic people, on account of their selfish, personal or political reasons, who pretend that they do not believe the open saloon should exist.

Any person, as has been done in this case, with his pen, words or through his actions, trying in any way to justify such a dastardly and cowardly act as was tried against the several lives and our store, forget they might be only suggesting to some unscrupulous person to hire some villain to commit the same act against his family, his parents or friends. As it is a well known fact that dynamite has been used to blow up peoples' homes and various other industries, I have offered ONE HUNDRED DOLLARS REWARD for the arrest and conviction of the parties who tried to dynamite our store October 16th, 1915.

We have each and every night a deputy sheriff on our premises, his salary paid by us, to protect our patrons and property from the unscrupulous criminals.

We have been in the liquor business in this county over two years. Please ask our present landlord, neighbors and hundreds of your friends and our customers, the county and Precinct No. 1 officials, in which our business is located, and they will tell you we have always run a legitimate business.

ONE-MAN ATTACK FUTILE AGAINST STRONG DEFENSE OF CAMBRIDGE

Twice Tigers Plunge and Sprint Two-thirds Length of Field Only to Be Held by Harvard.

TIBBOTT THEN CALLED
UPON TO USE HIS TIE

Two Field Goals by Him Give Princeton Its Only Scores; Between 25,000 and 30,000 in Stadium.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Princeton, N. J., Nov. 6.—Harvard university football team defeated the Princeton eleven here today afternoon, 19 to 6. It was the fourth consecutive victory for the crimson over the tigers since 1912 and the defeat nullified all hopes of the orange and black to any claim to the eastern football championship of the present season.

Notwithstanding the closeness of the score, the honors of victory belong rightfully to Harvard, for the contest considered as a whole was between the crimson team as a combination and the individual scoring ability of Tibbott's goal-kicking toe. Not once during the entire sixty minutes of play was Princeton with its vaunted attack able to batter the Harvard eleven back across the crimson goal line. Twice during the struggle the tigers plunged and sprinted through the Harvard team for more than two-thirds the length of the gridiron only to be held when a touchdown appeared imminent by the superior defense of the Cambridge players. It was then that Captain Black called upon Tibbott to do what the Princeton team as a whole was unable to accomplish, and both times the tiger scored a closely kicked field goal.

Against this one-man attack Harvard showed a better rounded-out campaign, which netted the crimson a touchdown and goal and a field goal kicked by Captain Mahan to prove that Princeton did not monopolize the drop-kicking honors of the day. No football game in recent years has been played under better weather conditions. An Indian summer sun shone on the great gray Princeton stadium, tempering the November air and making it just comfortable for the spectators and the jerseys of the players sufficient protection for them. The turf was green and firm, enabling line plungers and sprinters to keep their footing at all times.

Between 25,000 and 30,000 spectators filled both sides of the historic arena, the stadium while the overflow swung around well into the horseshoe end of the structure. Glad in bright autumn evenings, thousands of feminine spectators furnished a brilliant background to the crimson of Harvard and the orange and black of Princeton. Many of the women and girls joined in the almost incessant singing and cheering throughout the game.

FOR SECOND TIME IN 22
YEARS BROWN BEATS YALE

New Haven, Conn., Nov. 6.—A neat field goal from the 22-yard line by Captain Andrews in the third quarter gave Brown its second victory over Yale in twenty-two years today, the score being 2 to 0. It was the third successive defeat and the fourth this season for Yale.

Brown assumed the offensive for the greater part of the contest, but Yale presented a stiff defense at critical junctures. Yale started off with a rush, making sixty yards by line plungers on a variation of the Minnesota shift. When near the goal line, however, the attack faltered and Yale outscored the fall on down on the six-yard line. That was the only time Brown's goal was threatened.

Yale's defense showed considerable improvement over previous games.

especially in shortening the forward pass.

NAVY SHOWS LITTLE BETTER
IS ABLE TO BEAT BUCKNELL

Annapolis, Md., Nov. 6.—Although Navy's eleven showed little improvement in attack or defense they managed to defeat Bucknell today, 12 to 0. The substitution were unable to tally in the first period, but the victory scored a field goal a short time after the contest started. With the West Point game only three weeks off the Navy coaches hoped that today's contest would have resulted in at least a thirty point victory. There has been, however, an absence of variety in attack and of earnestness in the face plays that have been tried.

ARMY LOSES WELL PLAYED
CONTEST TO NOTRE DAME

West Point, N. Y., Nov. 6.—The Army lost to Notre Dame today, 7 to 0, in a well played and hard fought game. The Army showed a lack of focus and none of the color backs could gain consistently through the green-furred line, except O'Connell, who played his usual star game. The Notre forwards were outplayed most of the time and its vines were woefully weak.

PENNSYLVANIA ELEVEN IS
BEATEN BY DARTMOUTH TEAM

Ramoth, Nov. 6.—The University of Pennsylvania was defeated by Dartmouth today, 7 to 2, but only after the red and blue team which had been outplayed with the exception of a stubborn fight for winners, moments. Dartmouth's offense was strategic, pushing brilliantly through its opponents' line at times, but being stopped at other times by alert Penn forwards. Eventually the green-furred and fabled and Penn turned the shortcomings to its own account.

HOLY CROSS COMES BACK IN
SECOND HALF; THEN TOO LATE

Worcester, Mass., Nov. 6.—Calicut football team defeated Holy Cross today, 21 points to 21, by scoring three touchdowns, a goal from field and two goals from touchdowns, but Holy Cross came back in the second half and scored twenty-one points on three touchdowns, a safety and one goal from touchdowns.

WASHINGTON AND JEFFERSON
LOSES IN THE THIRD PERIOD

Pittsburgh, Nov. 6.—The University of Pittsburgh football team defeated Washington and Jefferson here today, 18 to 0, all of Pittsburgh's scores coming in the third quarter. The short forward pass used so successfully by W. and J. this season was broken down repeatedly by Warner's men.

IN BEST GAME PLAYED
AT SILVER CITY THIS
SEASON NORMAL WINS

(SPECIAL DISPATCH TO MORNING JOURNAL)
Silver City, N. M., Nov. 6.—By a score of 18 to 6, the state normal defeated the El Paso high school football team on Thursday in what was the best game played in Silver City since the autumn season opened. A touchdown and a field goal by Jackson from the fortynine line won the game for the normal over the fast El Paso team, which managed by a cleverly executed trick play to advance the ball the second half from outfield to the five-yard line, and then on over on the next play for a touchdown by a successful line buck. The playing of the normal team was superior in any shown since they began their schedule several weeks ago and gives them supreme confidence in their forthcoming game, to be played at the University of Arizona, 2 to 9. A place kick by Ladd in the first quarter gave the only score of the game. The college lost two potential touchdowns by fumbles on the goal line. Arizona used the forward pass effectively and the college's impenetrable defense, aside from punting, was chiefly responsible for the victory.

MAJOR ONG AND PETER
SCOTT ARE DRIVEN TO
VICTORY BY MURPHY

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
San Francisco, Cal., Nov. 6.—Tommy Murphy, of Pittsburgh, N. Y., one of the famous drivers of the country, piloted Major Ong and Peter Scott to straight heat victories at the Pan-American exposition harness meet today despite the fact that he still under a doctor's care as the result of an operation performed last Thursday.

Peter Scott's capture of the 245-foot, valued at \$5,000, was his sixteenth win out of seventeen starts this season for a total of \$49,700. Major Ong set a new track record, stepping the mile in 2:04 1-4 in the second heat of the 2:07 pace. The first race, the Breckers Intensity, was taken by Broadbent, driven by Lou Donnell.

STATE COLLEGE BEATS ARIZONA BY CLOSE SCORE

Kick From Placement by Ladd,
of New Mexico Aggies, Is
Only Score of Game at Mes-
silla Park.

(SPECIAL DISPATCH TO MORNING JOURNAL)
Mesilla Park, N. M., Nov. 6.—The State College of Agriculture and Mechanical Arts took a strong position in the southern championship race by defeating the University of Arizona, 2 to 0. A place kick by Ladd in the first quarter gave the only score of the game. The college lost two potential touchdowns by fumbles on the goal line. Arizona used the forward pass effectively and the college's impenetrable defense, aside from punting, was chiefly responsible for the victory.

The game was played on the college field before a crowd of more than 500 persons. The Aggies lost the championship of the southwest last year to the University of Arizona by the score of 10 to 0. As the Azules have defeated Pomona already this season the Aggies now stand high in the fight for honors of this section of the country.

COLORADO COLLEGE'S
UNDEFEATED RECORD
UNTOUCHED BY UTAH

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Colorado Springs, Colo., Nov. 6.—Colorado college's undefeated eleven proved too strong for Utah university here this afternoon, the tigers winning by the score of 27 to 7. All around superiority of play on the part of the tigers and the crumbling line of the visitors gave the tigers the victory. The Aggies lost the championship of the southwest last year to the University of Arizona by the score of 10 to 0. As the Azules have defeated Pomona already this season the Aggies now stand high in the fight for honors of this section of the country.

Major Ong set a new track record, stepping the mile in 2:04 1-4 in the second heat of the 2:07 pace. The first race, the Breckers Intensity, was taken by Broadbent, driven by Lou Donnell.

CORNELL FUMBLE GIVES MICHIGAN ONLY TOUCHDOWN

Barrett's Running and Crash-
ing Prowess Important Fac-
tor in Victory; a Touch-
down on Three Plays.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Ann Arbor, Mich., Nov. 6.—Barrett's great open field running and ability to crash through Michigan's line at opportune moments was an important factor in the 24-to-7 victory which the football eleven of Cornell scored over Michigan here today.

The first touchdown resulted only three plays to complete. After Barrett's forward pass to Eckler in the first quarter, Barrett, carried the ball over on a plunge through Watson and they he kicked good. Maubach started for Michigan and scored the only touchdown for Cornell on a fumble in the third quarter. Cochran made the goal.

FIRST WIN FROM CONFERENCE
TEAM OBTAINED BY PURDUE

Lafayette, Ind., Nov. 6.—Purdue won its first conference game of the season today when Iowa was defeated, 19 to 13. Pultz, with two field goals, was the star on offense for Purdue, while Captain Blocker's defensive play was invaluable. Allen, a sub sent in at halfback in the third quarter and did spectacular work. Iowa's backfield smashed the Purdue center, but they only advantage. He kicked his first goal from the thirty-three-yard line in the first period and the second from the forty-three-yard line in the second quarter.

RASKELL LOSES TO CHICAGO
U. TEAM, MOSTLY OF SUBS

Chicago, Nov. 6.—The University of Chicago with a team composed chiefly of subs easily defeated the Haskell Indians here today, 25 to 0. Although the Indians never seriously threatened the Chicago goal they showed occasional flashes of brilliancy in handling forward passes and made excellent gains by this method of attack. In the first half Coach Stagg used a sub, SPENGLER, already employed, desired work evenings. Address: M. N. Journal.

OKLAHOMA WINS OVER KENDALL COLLEGE BY MARGIN OF ONE POINT

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Tulsa, Okla., Nov. 6.—The University of Oklahoma football team, undefeated champion of the 1915 championship in the southwest, kept its record clean by a single point over Henry Kendall college here today. The score was 14 to 13 and the university eleven was behind until the third quarter.

Kendall showed marked ability at breaking up the long passes which defeated Missouri, Kansas and Texas and scored its two touchdowns on forward passes and end runs.

WITH MANY SUBS IN LINE
KANSAS TRIMS WASHBURN

Lawrence, Kan., Nov. 6.—Kansas, with many substitutes in the lineup, defeated Washburn college here today, 41 to 0. Starting the opening quarter with two touchdowns, Kansas added a pair of touchdowns in both the second and third periods. Washburn showed its spirit, however, for in the final period it staged a comeback that carried with it an offensive hitherto uncovered. Washburn not only kept the Jayhawkers fortified with regular players from scoring but gained more ground than in the other three periods.

Illinois Wins Meet.
Lafayette, Ind., Nov. 6.—Illinois was the winner of the triangular cross-country meet held here today over a five-mile course. Mason of Illinois was winner in 25 minutes and 3 seconds. Large of Purdue was a good second, Purdue finished second and Indiana third.

Columbia Wins Soccer Game.
Philadelphia, Nov. 6.—Columbia defeated the University of Pennsylvania in a soccer match on Franklin field today, one goal to none. Nebbitt, who scored the goal for the visitors was the individual star of the game.

CALIFORNIA ELEVEN IS CRUSHED BY WASHINGTON

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Berkeley, Calif., Nov. 6.—The University of Washington's eleven completely crushed the University of California's football team here today by the overwhelming score of 72 to 0. California, which switched this year from rugby, simply did not know how to play the American game.

OREGON AGGIES BEAT IDAHO
U. AT STRAIGHT FOOTBALL

Corvallis, Ore., Nov. 6.—In a game of straight football with no spectacular plays on the side, the Oregon Agricultural college which last Saturday defeated the Michigan Aggies, completely outplayed the University of Idaho here today, winning 40 to 0.

Johns Wins in Semi-finals.
San Francisco, Nov. 6.—H. Van Dyke Johns of Stanford university, defeated William Johnston, of San Francisco, the national tennis champion, here today in the semi-finals of the tournament for the Pacific coast championship. Johns' victory required five sets, the score being 4-6, 6-4, 6-2, 4-6, 7-5.

FATHER GLAD TO FIND THAT SON IS IN SOCORRO JAIL

Pablo Baca Gets Telegram Saying Boy Is Dead; Under-Sheriff Lewis Learns He Is Alive in Bastille.

A woman whose youth can not be coached for here, relates how a young man, wishing to break the news of his marriage to his parents gently, instructed the friend chosen for the mission to begin by telling them he was dead.

Whether the sender of a telegram in Pablo Baca had this in mind was not known here, since the sender lives in Socorro. At any rate, the news worked out as far as retaining Baca's son in good standing with the older Baca, although it may have been a little rough on the latter. The younger Baca was not married, but more about that shortly.

Yesterday morning Pablo Baca, who lives at San Jose, received a message by wire from Socorro saying that his son, Ramon Baca, was dead. Mr. Baca quite naturally was shocked and grieved.

Shortly afterward word came to Under-Sheriff Dick Lewis from Under-Sheriff George Cook, of Socorro, saying that Ramon had been arrested for attempting to commit a crime against a girl and that he was in jail. Under-Sheriff lost no time in conveying this information to the father, who rejoiced to learn that the son was in jail instead of dead.

RODEY & RODEY OPEN NEW OFFICES IN LAW LIBRARY BUILDING

The law firm of Rodeny & Rodeny has been formed, with new offices in the Law Library building. Judge Bernard S. Rodeny, its senior partner, is well known in New Mexico and elsewhere by reason of his many years as a practicing attorney, his record as delegate in congress for two terms, federal judge in Porto Rico, United States attorney for Alaska, and special prosecutor for the attorney general of the United States.

Peace Rodeny, junior member of the firm, was born in Albuquerque, and received his early education in the public schools of this city and at the University of New Mexico. Later the younger Mr. Rodeny was graduated cum laude, with distinction in political science and government, from Harvard college, and three years later received the LL.B. degree from

the Harvard law school. After passing the Massachusetts bar examination, he accepted a position in the legal department of the Boston Elevated railroad, but recently resigned his position there in order to form the partnership with his father.

The firm of Rodeny & Rodeny will engage in the general practice of law throughout the state and before all federal courts, the headquarters of the firm being at Albuquerque.

DEATHS AND FUNERALS.

Funeral of B. O. Brown.
Funeral services for Benjamin O. Brown, who died last week, will be held at 2:30 o'clock this afternoon at C. T. French's chapel. The Rev. E. Smith, of the Methodist Episcopal church, South, and the Rev. Hugh Cooper, of the Presbyterian church, will officiate. E. Stanley Seider will have charge of the music. The body will be shipped early this week to Astoria for burial. The father is in business there and the parents expect to make their home there permanently.

KIDS GET READY! CIRCUS ARRIVES IN TOWN TODAY

Sells-Floto and Buffalo Bill Aggregation to Come in Early This Afternoon; Show Disbands Here.

The big event in the life of a kid that comes only once every so often is at hand. The Sells-Floto circus, with Col. William F. Cody known around the world as Buffalo Bill, will arrive on two special trains from El Paso this afternoon between 1 and 2 o'clock, and if there is a youngster in Albuquerque who isn't on hand to see the outfit, indeed it may be put down that that youngster is either afflicted with some serious physical or mental malady, or else he has unconsciously and almost invariably watched his parents.

The Sells-Floto circus this year is better and bigger than in any year of its history, and when it is remembered that for many years past this aggregation has set the pace in the show business for the entire west and has kept up with the leader of the procession all over the country, it will be understood that this is high praise. Albuquerque is the last stand to be passed this season. When the Ringmaster bows his good-night to the crowd tomorrow night the show will disband until next season. The employees will be paid off and the animals and all the fixtures of the circus will be moved to Denver to go into winter quarters.

Some idea of the esteem in which Buffalo Cody is held by the high-ups in army circles and by the substantial business men of the west may be gained from the following extract from the El Paso Herald, giving advance information on the reception accorded to the famous and brilliant fighter in this Pass city during his stay there:

"Col. William F. Cody—Buffalo Bill himself—will be the guest of the city and army this evening and Saturday. On his private car attached to the G. H. & S. A. train Colonel Cody will arrive from Del Rio this afternoon at 5:30. Mayor Tom Lea, President R. H. Granger, of the Chamber of Commerce, army officers and a military band will perform the 'welcome to our city' function at the union station after which Colonel Cody will be driven to Hotel Shelby, where he will hold a public reception, to be followed by a Buffalo Bill dinner to be given by the chamber of commerce in his honor. A detachment of troops will escort him from the union station. United States Senator A. B. Fall has been invited as a special guest."

"At 8 o'clock Colonel Cody will go to the Sixteenth infantry camp, where he will be the guest of the United States army officers at the border patrol at a campfire smoker. All of the army officers along the patrol line, from Fort Bliss and Camp Cotton, will be present at this campfire smoker. Col. Charles W. Taylor, of the Eighth cavalry, will be one of the honor guests as he fought Indians with Colonel Cody and their reminiscences around campfires are expected to be one of the most interesting features of the smoker. Gen. John J. Pershing, commander of the Eighth infantry brigade, was also invited but is now on the western wing of his patrol line making an inspection and cannot be present. Maj. Gen. Frederick Funston, Brig. Gen. Thomas F. Davis and other officers at Douglas, Ariz., have also been invited by telegraph to attend the smoker."

"When Colonel Cody was wired an invitation to attend the campfire smoker as the guest of the army this evening his reply, addressed to Lieut. O. E. Michaelis, was a characteristic Buffalo Bill one. It read: 'I deeply appreciate the honor. My happiest days were spent with the army and I served under thirty commanding officers from General Sherman on down and owed every after west of the Rio Grande to get there.'"

"The crack band of the Sixteenth infantry will give a concert at this Buffalo Bill smoker this evening and a big tent has been erected to accommodate the invited guests who will include some of the most distinguished soldiers and civilians on the border."

"The members of the Winard From Wineland company at the Texas Grand theater will be present at the theater this evening and will put on several numbers for them. Manager Lynn McClintock will take them to the smoker in automobiles. Old army songs, stories and reminiscence talk will be given around the big campfire and the smoker will be made a typical frontier army night. The attendance will be by invitation only. The committee to be in charge of the arrangements for the smoker is: Capt. Douglas Potts, Lieut. H. C. Brown."

COUNTY BOARD TO DETERMINE TAX LEVY TOMORROW

The county commissioners tomorrow will make the tax levy for county purposes, for the board of education and for school districts outside the city. The duty of fixing the city school board's and school districts' levies devolves upon the commissioners under the "county unit" law, passed by the last legislature.

The commissioners held some discussion of the levy yesterday afternoon. M. E. Hickey, president of the board of education, was present. County Assessor Fred B. Heyn furnished them with figures showing the total valuation for Bernalillo county and the city of Albuquerque.

The total valuation of taxable property for Bernalillo county is \$13,295,587.

The total valuation for Albuquerque is \$12,846,225.

The total valuation for the city school district is \$13,295,272.

The city school district extends in places outside the corporate limits, which accounts for the fact that it has greater valuation than the municipality.

The commissioners accepted the resignation of Anastacio Romero as assessor of precinct No. 3 and appointed Antonio Chavez y Padilla to fill the unexpired part of his term. County Surveyor Pitt Rose was instructed to make repairs on dike "E," at the head of the Barile reservoir.

WHERE PACIFISTS FAIL.

In voicing her opposition to the
preparation of President
Wilson, Miss Jane Addams uncovers
nothing. She is of Quaker origin,
but her father was an abolitionist,
a friend of Lincoln, and she must know
that force settled the slavery ques-
tion and wrought this country's uni-
ty, after everything in the way of
reason and righteous propaganda had
failed.

This is a world of force, history
and physics as well as human history.
Not only is living a constant
exercise of force, but life itself, that
within our bodies, is a resultant of
conflicting forces. Even the great
villains, those the most pacific, have
been spread far more by force than
by persuasion, as witness Constantine
and Charlemagne. As a matter of
fact, we know of no great conquest
by religion that has not been, some-
how, dependent upon the sword.
When Constantine saw the cross in
the heavens with "In hoc signo
vincis" inscribed in letters of fire up-
on it, he was really in need of the
Christians of the Roman empire to
assist him in overcoming the pagan.
Maximilian, who had been crowned
emperor by the pretorian guards and
was holding the city of Rome.

Law, a growth, has been evolved
out of strife, and even international
law, what there is of it, represents
the equilibrium established by balanc-
ing forces, rather than by any sense
of spontaneous consent.

Not only is the proposition that
force has never settled anything ab-
surd, but it conveys a peril. Its ac-
ceptance by any majority of men
would transform a nation into a soft-
shell crab, would leave it at the
mercy of evil armed men—the pirates,
burglars, savages, uncontrolled
soldiers, military dictators. It
would divide the world into China
and Japan, into Prussia and Bel-
gium.

The truth is that this is a world of
force, that all life is a conflict. The
talent of Miss Addams proceeds
from her romantic and sentimental
estimate of force as inherently evil,
and of conflict as essentially unrea-
sonable.

We escape from pessimism by an-
other ladder than that which Miss
Addams and Mr. Bryan demand the
world shall try. Peace is not the so-
lution, whereas the triumph of higher
forces ever lower. Physical life is
conquest, so is mental life, so is
national life, so is the conquest by
civilization over the lower forces of
savagery. So is all change.

SHOULD BE BOOSTERS.

Not only should there be a general
abandonment of the Commercial club
get-together meeting, Wednesday
night, but a distinct effort should be
made to secure the presence of farm-
ers, orchardists and gardeners of the
valley. Upon them, to a great extent,
depends the future of Albuquerque,
and they must look to the city, for
their profitable market. They should
become members of and participate in
the forward movement projected by
the Commercial club.

Instead of pointing out of the state
for butter, poultry, eggs, meats, vege-
tables and fruits, the valley and the
neighboring parishes should supply
all of it that is consumed here. Money
sent away from home for things
which may be produced by local
labor is so much money thrown away.

The local merchants are coming to
understand that they must patronize
local producers if they are to have
any argument with which to combat
the advertisements of the catalogue
houses. What is worse for the goose
is sauce for the gander. If the cat-
alogues have trade to be put out, the

purchase of butter and eggs, chicken
and vegetables from outside the
state must also be cut out when the
demand can be supplied from the im-
proved farms and the ranches of
New Mexico.

In order that there may be a bet-
ter understanding between the pro-
ducers and the merchants, it would
be well if quite a number of the men
who live in the valley should become
members of the Commercial club and
make it their headquarters when they
come into the city. Co-operation
now is the keynote in New Mexico,
and nowhere is it more needed than
between the producers in the valley
and the business men, and consum-
ers generally, in the city of Albu-
querque.

The Turkish navy that has been
battled up in the Sea of Marmora
and sunk a few times as well as of-
ten disabled for the rest of the war,
was found putting up a pretty stiff
fight a week ago. Such is war
news.

LAW RULES.

Because the Journal insists upon
being an optimist in the face of a
much-troubled world, many letters
come to it intended to show it the
error of believing that mankind is
inherently good in tendency and is
trying to get better. But thought-
ful and honest men differ in their in-
terpretations of the world's events.

Gibbon traced the decline and fall
of ancient Rome to the growth and
spread of Christianity in the state;
but other historians saw in the Chris-
tianity of that period the preservative
of what was good in the old and the
beginning of the newer and better
civilization.

The Jews who loved and revered
the old law and ceremonial saw in
the movement of Jesus and his fol-
lowers the destruction of the law and
the prophets. To Paul and his fel-
low laborers it was the health and
the salvation of the world.

Of recent years has come up a
philosophical doctrine called "juda-
ism," which in brief means that
the justification of a philosophical
system or a belief lies in the working
of it. In common phrase, the test
of the pudding is in eating it, or as
was said two thousand years ago,
"Ye shall know them by their fruits."

That is, after all, how history passes
final verdict on every policy, on every
institution.

The axis of the earth pointing to
the polar heavens wavers in the line
it traces, but in the long run it aver-
ages true, and the earth remains in
its place and trim to itself. So hu-
man opinion and practice may waver
from the eternal good, but they come
back again to the true and average
right. For this reason, we need not
lose trust in the final adjustment of
things any more than we need lose
faith in the law of gravitation. No
one worries lest the earth swing out
of its orbit. It is held in the arms of
eternal laws. No more need we fear
that the progress of the race of men
will become lawless. We are held
by an unchangeable purpose, and, while
we waver, we never lose our average
of goodness to the pole star.

Scientists—university professors—
are now telling us that it is possible
to teach dogs to talk. Quite as pos-
sible perhaps as it is to teach pro-
fessors not to talk about their half-
baked theories.

TWITCHELL'S HISTORY.

Colonel Twitchell's great work,
"Leading Facts of New Mexican His-
tory"—is to be revised, brought down
to date, more elaborately illustrated,
and given a nation-wide sale by the
publishing house of S. J. Clark and
Company of Chicago.

The president of that company, who
was in New Mexico some months ago,
first saw the work then and decided,
after careful investigation of its
scope, that it was so much out of the
ordinary state history as to entitle it
to a nation-wide sale as a real, and
most valuable contribution not only
to American history but to world his-
tory.

With that thought, the Chicago
company arranged with Colonel
Twitchell for the production of a new
edition of the history on a more ex-
tensive scale than ever had been en-
terprised by him, and a mammoth
and elaborate prospectus of the work
has been received by the Journal.
Nothing has been omitted which
might make the sale of the work easy
for the bookholder, whether his pro-
spective purchaser be approached in
Maine or in California, in Washing-
ton state or in Florida.

Should Villa follow the advice of
some of his friends and decide to
settle in the United States, it should
be seen to that he locates in Georgia.

THE PASSING OF KITCHENER.

It now seems certain that Lord
Kitchener has had his day as head of
the British army. A great man in
the handling of small armies and in
the conducting of small wars, he has
shown himself unequal to the task
imposed by the gigantic struggle
which has been on for fifteen months
in Europe. He was merely a big
man for a little war.

Kitchener knew how to get to-
gether an army. He had no delu-
sions about the inefficiency of un-
trained volunteers when brought in
conflict with the disciplined and
toughened soldiers of the Kaiser.
Therefore, he turned England into a
mill ground and refused to be har-
ried into sending raw men to the

front where they would be merely
"cannon fodder."

But Kitchener failed, strange to
say, to understand necessity for mo-
bilizing Great Britain industrially. He
found himself without arms and am-
munition sufficient for the insatiable
forces of Sir John French, to say
nothing of the three million men in
England, mostly drilling with wooden
guns.

Also Kitchener, again strange to
tell, lacked appreciation of the value
of time. When he should have acted
promptly, he delayed and postponed
and wavered, not unlike General
George H. Meade when he was
commander-in-chief of the federal
forces in the civil war.

So far as one may judge at this
time, Great Britain has but one man
with the vision and the energy and
the confidence of the people neces-
sary for practical dictatorship of the
future conduct of England's much
muddled war. That man is the little
Welshman, David Lloyd-George. It
differs not who may be the putative
head of the British government, the
direction of the war will be in the
hands of Lloyd-George until there is
success or failure.

Atlanta girls are organizing to send
bouquets to the soldiers in France.
Why not try some of them on the
marines in Haiti?

With Scissors and Paste

SWEET BELLE MAHONE.
Kiss me behind the harbor bar,
Shall my love be sailing far,
Over the world I wander lone,
Sweet Belle Mahone,
O'er the grass I weep not by,
Hear, O hear, my lonely cry,
O without thee, what am I,
Sweet Belle Mahone,
Sweet Belle Mahone,
Sweet Belle Mahone,
Wait for me at heaven's gate,
Sweet Belle Mahone,
Lonely, like a withered tree,
What is all the world to me?
Life and light were all in thee,
Sweet Belle Mahone,
Daisies pale are growing o'er
All my heart can o'er adore,
Shall I never meet the more,
Sweet Belle Mahone,
Calmly, sweetly slumber on,
Only one I call my own,
While in tears I wander lone,
Sweet Belle Mahone,
Faded now seems everything,
But when comes eternal spring,
With thee I'll be wandering,
Sweet Belle Mahone.
—Old Song.

ON GROWING OLD.

(Farm, Stock and Home.)
"How does it feel," the writer asked
a man beyond his eightieth milestone,
"to grow old?" His eyes twinkled
merrily. "Why, it feels—impossible
to believe! My joints are a little stiff,
my eyes a little weak, my breathing
is not as good as it used to be, but
otherwise I'm as young as at 30."

"And," he continued, "there's so
much to live for! What will the world
be after this war is over? What will
the northwest look like in another
twenty years? What will China then
be doing—and India and Siberia and
Africa?"

"I've never had a chance to travel.
But I've read books. I'd like to have
time and enough money to visit the
southern states, and the coast and
Canada, and make a trip over the old
country. My grandson is going to
college, and when he gets through I'd
like to take him for a trip around the
world."

"And yet I sit here in the shadow
of the porch and know these are ex-
traordinary dreams. I have seen
more than most men. I have swung

the way I became betrothed to Na-
poleon."

Joseph did marry Julia Chary, but
after Napoleon's defection, Desiree,
from among many suitors chose, not
unwisely, the rising young sailor Be-
nardotte.

"I wish Desiree happiness, if she
marries Bernardotte," wrote Napoleon.
"She deserves it."
She was playing an overture from
the opera when the news came that
she was queen. "I never touched my
harp," she said, "afterward," she con-
fessed. "For I thought that a queen
should not play badly."

She lived to a good old age, and saw
the third generation of Bernardottes
upon the throne of Sweden.

WHITE FEATHERS
PLACED ON ABLE
BODIED IRISHMEN

(BY MORNING JOURNAL SPECIAL LEASED WIRE.)
Liverpool, Nov. 6.—Nine hundred
Irishmen who intended to sail for
New York today on the Cunard line
steamship Saxonia were prevented by
the steamship company from taking
passage. The company declined to
permit them to sail after there had
been several stormy encounters with
street crowds, which took the view
that able-bodied men should not be
permitted to evade liability to mili-
tary service in this manner.

The arrival of the Irishmen in Liv-
erpool drew a crowd outside the
steamship offices. Two Irishmen
were knocked down by women, others
were set upon and decorated with
white feathers.

Called Harsh Names.
"Ignoring cries of 'cowards!'
'traitors!' and refusing to listen to
the appeals of a recruiting sergeant,
the Irishmen marched to the docks.
When they arrived there the Saxonia's
firemen, witnessing the street en-
counters and catching the spirit of
the crowd, informed the steamship
company they would not leave with
the Saxonia if the Irishmen were per-
mitted to sail.

The mythic and tragic, have tramped
behind my eyes, and helped make a
wilderness into a nation. There are
conveniences in my son's home Van-
derbilt could not buy in my younger
days. My children are honest and
God-fearing, and my life is full. Why
should I not be happy, especially
when I am so close to the solution of
the Great Mystery?

To men of such buoyant spirit the
coming of the war can bring no ter-
ror. They have stored up a wealth
of memories that do not fade, of in-
terests that do not grow stale.

Why should they fear growing old?
With the past full of achievement and
the future full of unexplored sterilities
they stand at the summit of life.

THE FOOTPRINTS OF MEN.

Revered in vast woods, the travel-
er feels
His heart grow lighter, if he meets
The tracks of a path, and straight he
finds
And knows the dear print of human
feet,
And thanks his God, and journey
without fear
For now he knows the shades of men
are near.
—Bryant.

BULGARIA'S GUESS.

(Buffalo Commercial.)
The Bulgarian manifesto is nothing
if not frank. After explaining the
reasons offered by the quadruple en-
tente and by the Teutonic allies, it
concludes with this illuminating sum-
mary:
"While the quadruple entente cannot
be trusted, we are fully entitled to
trust a treaty from Germany who al-
ways has fulfilled her treaty obliga-
tions. Finally, Bulgaria must adhere
to the central powers because from
the development of operations in the
various theaters of war one sees daily
more clearly that victory inclines to
the side of Germany and Austria-Hun-
gary."

Bulgaria's high motives are thus
revealed with the stroke of a pen.

ASTRONOMY AND THE LECTURE.

When I heard the barrid astronomer,
Whence, indeed, the figures were
ranged in columns before me,
When I saw shown the charts and
diagrams, to add, divide and
measure them,
When I sitting, heard the astronomer
Describe with much applause,
How soon unconsciously I became
sick and tired,
Till rising and gliding out I wandered
off by myself
In the mystical night air and
from time to time
Looked up in perfect silence at the
stars.
—Walt Whitman.

RELIGION IN PUBLIC SCHOOLS.

(Christian Work.)
Several years ago the Rev. George
L. Weaver, D. D., of New York, pub-
lished a little book on religious edu-
cation and the public schools. After
showing how thousands of American
children were growing up with no re-
ligious training or education, he ad-
vocated the following plan: Let the
board of education make religion one
of the regular courses in the public
schools. Let the hours spent in the
study of religion count as all other
courses in the curriculum count. But
since there can be no agreement
among Roman Catholics, Protestants
and Jews as to just the form this re-
ligious education should take, he ad-
vocates the dismissal of the children
for an hour on one afternoon of the
week to the churches of their de-
nomination, where the pastor could
give the instruction as it should be
given. The idea has been slowly win-
ning its way. It has been tried in
various cities, and now it is being
"tried out" in certain sections of New
York. The first church to take all-
hand is the Roman Catholic church.
We understand that the
Lutherans are about to undertake the
task in another section of the city.
We have always believed that Dr.
Weaver's plan had great possibilities.
Perhaps it is the solution of the
vexatious problem of religious teach-
ing in the public schools.

NAPOLEON'S LOVE STORY

(London Tribune.)
Napoleon, greatest of modern con-
querors, made himself an emperor,
and made his brothers and two of his
marshals kings. When his empire
fell, these subordinate sovereigns were
shaken from their thrones—all except
one. The throne of Sweden, and that
alone, is still occupied by the dynasty
founded in Napoleon's day and by his
son, strangely enough—romantically,
if you will—this is the royal line
whose first king, Charles John, was
Napoleon's marshal, Bernardotte, and
whose first queen, Desiree, was Na-
poleon's married sweetheart. She was
indeed, his betrothed, from whom he
sought and obtained his release only
when he had fallen under the spell of
the fascinating widow, Josephine de
Beauharnais, with whose sophisticated
charms, young Desiree Chary, not yet
15, could not compete.

A recent French writer, Jean Mar-
tinet, in a little study of Queen De-
siree, has related the story of her three
notable suitors and her marriage.
Her father and mother were prosper-
ous silk merchants of Marseilles.
There were four daughters—two mar-
ried; two, both very pretty, unmarried
and at home. Little Desiree, accom-
panying a sister-in-law—whose hus-
band, in the confusion of those trou-
bled times, had been arrested—to the
office of the representative, M. Al-
bille, to ask his intervention, was by
accident left forgotten in an ante-room,
where she fell asleep. After she was
queen she told her chamberlain the
story.

Wakened by the sudden closing of
a door, she found herself alone in the
dark, and a strange man looking at
her in surprise. Most frightened, she
explained the situation, and her anx-
iety about her brother, whom she
thought in immediate danger of the
guillotine. He reassured her, and of-
fered to escort her to her home. They
became good friends on the way, and
he invited him to call, that her moth-
er might thank him for his kindness,
and adding that she would like to be
able to tell her friends the name of
the gentleman who had protected her.

"Very well, you may tell them that
my name is Joseph Bonaparte," said
he. That is the way the Charys and
the Bonapartes became acquainted.
Joseph called and soon became an
intimate friend of the family; at the
end of a few weeks he had proposed
to Desiree that he should marry her
as soon as she was 16, and she had
consented. Soon he brought his
brother Napoleon to call, and he, too,
became a friend to all.

"His arrival," Queen Desiree re-
lated, "made a change in our plans for
the future. We had not known him
long when he said to us, 'In all well-
managed households either the hus-
band or the wife must be the one to

NEWBRO'S HERPICIDE

SHE WRITES AS FOLLOWS TO
THE HERPICIDE CO.

For the past two years I have
been a constant user of Her-
picide. It has done wonders for
my hair. Herpicide should always
be in a prominent place in my
home and in the theater. I
can assure you it is a pleasure
for me to say a good word for
Herpicide and without any so-
briety.

Sincerely yours,
JOAN SAWYER

It certainly is significant that Miss
Sawyer, "The High Priestess of
Tepicidore," enjoying as she does
exceptional opportunities to know the
best, should select Newbro's Herpi-
cide to preserve the beauty of her
hair.

To Miss Sawyer in her profes-
sional career personal attractiveness
and appearance is of prime impor-
tance.

Hence her choice of Newbro's
Herpicide may be accepted by beau-
tiful women everywhere as conclu-
sive proof of the exceeding merit of
this well known scalp prophylactic
and hair dressing.

For the eradication of dandruff
and to prevent loss of hair Herpi-
cide is recognized as being in a
class distinctly and singularly its own.
It is a delightful and refreshing hair
dressing. Stops itching due to dan-
druff almost instantly.

STATE COLLEGE STUDENTS HEAR BLIND SINGER

Miss Elizabeth Garrett Charns Hears 'With Rendition of Her New Mexico Song; Agg-ies Are Active.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL. State College, N. M., Nov. 6.—Miss Elizabeth Garrett, the blind genius of New Mexico, was a guest of the New Mexico State college on Thursday morning at a general assembly of the Agg-ies and faculty. Miss Garrett sang her own composition, "O, Fair New Mexico," and that alone made the meeting the most appreciated assembly held at the college this year. Miss Garrett has an excellent voice and with the feeling she put into the song she especially delighted the audience. She had a number of her songs with her, which the students were glad to hear. Miss Garrett is the daughter of Pat Garrett, of Las Cruces, who gained renown in southern New Mexico when he killed "Diply the Kid." Due to an accident several years ago, Miss Garrett lost her eyesight. She, however, did not give up so easily, and through long and tedious work, has become an accomplished young woman, being an excellent singer and a talented musician.

During the summer she visited in California, where she did much singing. On several occasions she sang "O, Fair New Mexico" in the New Mexico building at the San Diego exposition.

Garcia Addresses Club. Prof. Fabian Garcia, director of the college experiment station, addressed the meeting of the Agg-ies and faculty, the meeting of the New Mexico state fair held in Albuquerque last month. Professor Garcia told of the many excellent exhibits of the fair, and the manner in which it was carried out, and of the grand success of the fair as a whole. Miss Dora Edna Ross and Prof. H. W. Latta, state leaders in household economy and dairying, respectively, were in Denning, N. M., Friday and Saturday, visiting County Agent P. J. Southworth, of Luna county, in the holding of a farmers' meeting.

Prof. A. C. Conley, state leader of an extension work, left Friday for St. Louis, Mo., where he will attend the annual conference of extension work of the northern and western states, which will be held from November 10 to 21. They will meet to discuss the methods of extension work in the northern and western states during the past year, and will make plans for the coming year.

Back From Texas Fair. Dr. E. P. Humbert, dean of agriculture, has returned to the state college from a visit to the Texas Agricultural college, where he witnessed the A. and M. Rolla game, and the contest between the Texas university and Oklahoma university.

M. E. Bowman, instructor in mechanical engineering and supervisor of the college buildings, has purchased a Ford car from the local agent.

Due to the death of the Hon. Numa Raymond, the faculty of state college have had a committee, composed of Prof. J. H. Vaughn, chairman, Prof. C. T. Hagerty, and Prof. Luther Foster, draw up resolutions of regret at the news of his death.

Prof. Hiram Hadley, delegate to the international peace conference held at San Francisco last month, delivered a very pleasing talk on the work of the conference, the greatness of some of the speakers, and the advance of the settlement in favor of peace, which has been achieved through the work of the peace conferences.

Distress in the Stomach. There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padash, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere.

California Expositions

Here's the chance you've been waiting for—an opportunity to visit California at slight expense.

It's doubly interesting this year, because of the great world fairs at San Francisco and San Diego.

The Santa Fe is the only line to both Expositions.

On the way Grand Canyon of Arizona and Petrified Forest.

Let me send you our illustrated "concession" guide book and Exposition folders and tell you about the cheap fares on the Santa Fe.

STOCK EXCHANGE PRICES DECLINE ON WAR RUMORS

Selling of Shares Is Mainly for Professional Account; Trading Light With Decided Lack of Public Interest.

(BY MORNING JOURNAL SPECIAL LEADER WIRE). New York, Nov. 6.—Selling of stocks mainly for professional account, was renewed today and continued with little interruption throughout the short session. The movement was accompanied by disquieting rumors concerning European conditions. Losses estimated almost every part of the minute, but the market maintained relative steadiness. Trading was light, with an utter lack of public interest. Canadian Pacific fell 2 1/2 to 133; its subordinate, road, "Socon" lost 2 points and other rails, including Great Northern, St. Paul and eastern trunk lines, about a point each. Real estate's extreme loss of 1 1/2 to 2 1/2, was ascribed to the sudden death of a prominent capitalist identified with that road.

War shares yielded more or less to moderate pressure, the automobile group leading 2 to 5 points. Various miscellaneous shares were heavy to weak, some of these issues reflecting an absence of recent speculative interest.

Bonds were lower on small inquiry. Total sales, par value, aggregated \$5,229,000.

United States and Panama bonds were 1/2 to 3/4 per cent higher on call during the week.

CHICAGO BOARD OF TRADE.

Chicago, Nov. 6.—Predictions of a liberal increase of the visible supply of wheat on Monday gave an advantage today to the bears in wheat, and so, also, did a good deal of wild gossiping about the possibility of the departure of Lord Kitchener from London. The market closed unsettled at the same as yesterday. Corn closed a shade off to 5 1/2¢ up; oats at a sixteen-cent down to a like advance, and provisions unchanged to 15¢ higher.

Announcement of the primary receipts of wheat today amounted to 1,000,000 bushels more than on the corresponding day a year ago had much to do with making the bullish uneasy in regard to the extent of the prospective enlargement of the United States visible supply. The French government had bought 1,000,000 bushels of flour in the United States furnished strength to wheat throughout most of the first half of the day.

Corn averaged higher as a result of bullish reports from Iowa, Ohio continued to keep firm within a narrow range. Export inquiry was good.

Active buying of hard helped provisions up again as a whole.

Funston Calls

ON OREGON AT DOUGLAS HOTEL

(BY MORNING JOURNAL SPECIAL LEADER WIRE).

Douglas, Ariz., Nov. 6.—Maj. Gen. Funston, commander of the United States army, today made an informal call upon Gen. Alvaro Obregon, chief of staff of the Carranza forces of Mexico, at a local hotel. Means of protection for the twenty or more American residents in Sonora, territory under control of General Villa, was discussed during the half hour's visit of the two generals. What decision, if any, was reached, General Funston declined to say.

General Funston will leave Sunday morning for his headquarters at San Antonio. It is understood he considers unlikely danger of another attack upon Arizona in the near future.

General Obregon, during the day, conferred with Carranza officials from San Francisco and Douglas. Rodolfo Garza, Carranza's chief of staff, was also present. Obregon's mission was to confer with Carranza officials, relative to his needs and the Sonora campaign.

Obregon, he said, intended to return immediately to Tucson to direct the Carranza forces, the north and west. Managers of the El Three Copper company denied any formal demand by Villa for \$25,000 had been made.

DANIELS' NEWSPAPER

PLANT BURNED OUT

(BY MORNING JOURNAL SPECIAL LEADER WIRE).

Raleigh, N. C., Nov. 6.—The entire plant and building of the News and Observer, owned by the secretary of the navy, Josephus Daniels, was destroyed by fire early today. The large printing establishment of E. M. Uzzell & Co. is also a complete loss. Several small stores are either partially or completely destroyed.

W. H. Bayley, business manager of the News and Observer, was painfully injured by a falling piece of machinery. First estimates of the property loss, with the fire still burning, were about \$250,000.

It was the second time the News and Observer had been burned out since Secretary Daniels has been at the head of the navy department. The first fire having occurred April 2, 1913.

Today being the Sunday within the octave of All Souls' day, Catholic congregations of the city will visit Santa Barbara cemetery. Father A. M. Mandall, S. J., will read the services at 4 o'clock this afternoon.

Max Gutierrez, son-in-law of David M. Perez, Los Gatos, met with a serious accident at his home near La Florida, Guadalupe county, a few days ago, when his team ran away with a water tank. The hind leg of the wagon broke and Mr. Gutierrez was thrown beneath the tank, one leg was broken.

Four boys were arrested last night for fighting in a North First street school.

Captain O'Connell and Sergeant O'Connell, two of them coming out as they entered the back door. They found the other two in the place and marched the four to the station. Two were released after their bond and two jailed.

N. J. Collins, general purchasing agent of the public, Mr. Collins, Mr. Collins and their family, Mr. Collins, general stockbroker, Mr. and Mrs. Murphy, of Chicago, arrived here Friday night in two private cars. They spent yesterday visiting the railway shops, the ice treating plant and seeing the city. They left last night for the Pacific coast.

TO OUR FRIENDS AND PATRONS: We have this day moved from the Albuquerque Coal company to John Hays, the owner. We thank you very graciously for the support you have given us and have tried to merit your patronage by an honest weight and fair deal, which we think you will agree we have given.

Yours truly, G. J. HAYSON.

TUESDAY TO BE CHARITIES DAY IN ALBUQUERQUE

Leaders Leaving No Stone Unturned to Make Success of Campaign to Put Civic League on Its Feet.

Everybody in Albuquerque who knows anything by this time knows that Tuesday is charities day in this city, and it is a safe bet that ninety-nine per cent of the people who have given the least thought to the proposition and the plans for such a day heavily endorse the undertaking. The leaders in the charities campaign are leaving no stone unturned in their efforts to get things ready for a successful canvass next Tuesday, and there is no question in any mind that given a sufficient force of workers the goal of five thousand dollars will easily be achieved.

The program for the big union Thanksgiving service to be held in the armory on the morning of Thanksgiving day was announced yesterday, and the personnel of those who are to participate in the service makes it certain that the big crowd which will be present will be well repaid for attending.

The plan for the union services was worked out largely by Rabbi Moses Bergman, pastor of Temple Albert, who believed that great good would be accomplished by having men and women of all religious faiths to unite in a spirit of universal brotherhood and give thanks to the God to whom all creeds and religions bow down. Leading ministers of all the Christian churches, Catholic and Protestant, endorsed heartily into the spirit of Rabbi Bergman's plan, and the result is that for the first time Albuquerque will have a union Thanksgiving service in the full sense of the word.

The program for the big meeting in the armory will be as follows:

1. Opening prayer—Rabbi Bergman.
2. Introductory remarks—Dr. David H. Boyd.
3. Reading the president's Thanksgiving proclamation—City Clerk Thomas Hughes.
4. Music.
5. Reading biblical selections—Rev. E. Smith.
6. Prayers for peace.
7. Remarks on suffrage—Rev. C. O. Beckman.
8. Offering.
9. Music.
10. Composite sermon.
11. The Spirit of Thanksgiving—Rev. E. P. Schuler.
12. Thanksgiving for Peace—Rev. Father Mandall.
13. Thanksgiving for the Growing Spirit of Brotherhood—Rev. Hugh A. Cooper.
14. Thanksgiving for the Future of America—Bishop Frederick D. Hodges.
15. Closing prayer—Rev. A. Toothaker.
16. Song by congregation—America.
17. Benediction—Rev. Father Mandall.

IN JAIL, CHARGED WITH BEATING MAN WITH A LONG STICK

Charged with beating Benjamin Anaya with a "buck" stick, about four feet long, Thomas Galano yesterday was bound over by Justice Pedro Tartaglia, of San Jose, to await the action of the grand jury. Technically, Galano is charged with assault with a deadly weapon. He was taken to the county jail.

According to Under Sheriff Dick Lewis, the stick was liberally spotted with Anaya's blood. He is reported to have been badly injured although, so far as known at the sheriff's office, his physical was unharmed. Both Anaya and Galano live at San Jose. Both are middle-aged. The action of the trouble could not be learned.

GREAT CAST APPEARS IN 'SIN' AT PASTIME TODAY AND TOMORROW

"Sin," the latest William Fox photoplay, starring Theda Bara, the remarkable of all actresses yesterday, the valuable woman of the Theater Anthony, Paris, boasts a singularly strong supporting cast even when the fact that it is a Fox production is taken into consideration.

William E. Shay, the well-known dramatic star, who has appeared in such successes as "The Bluebeard Case," "The Great Gatsby," etc., heads the long list of dramatic personae as Laila, a powerful part particularly suited to Mr. Shay's talents. Henri Loebl, a famous Broadway artist is cast as Giovanni, an emotional character of impressive strength. Warner Vland as Peter, gives another striking rendition of a role alive with fire and character and Louise Rial is splendidly effective as Maria. The other roles are all filled by actors and actresses of international reputation and unusual talent.

This great picture will be the attraction of the pastime theater today and tomorrow. Time of showings—1, 2:30, 5:15, 8:15, 10:30, 12:30, 2:30, 5:15, 8:15, 10:30, 12:30. Special admission—Adults, 15 cents; children, 10 cents.

Miss Abby Headcock, 516 West Central avenue, instructor in dancing, will hold children's classes Tuesday afternoon from 4 to 6, and Saturday from 2 to 4. Adults by appointment. Phone 127.

AUTO DRIVER IS SUED BY WOMAN HURT IN CRASH

Mrs. Alexander Asks Judgment for \$5,101.50 Against Newman; Car Zie-zagged, She Alleges.

Mrs. Mary E. Alexander, who was injured when her buggy was struck by an automobile on South Broadway last September, yesterday brought suit in the district court against Simon Newman, driver of the car. Her attorney is John W. Wilson.

Mrs. Alexander seeks judgment for \$5,101.50. She itemizes the following expenses growing out of the mishap: Buggy damaged, \$25.50; coat destroyed, \$24; harness damaged, \$2; doctor's bill, \$12; nurse fees, \$25. In her complaint, the plaintiff alleges she was driving north on the right side of the street and that the automobile came toward her at rapid speed on the same side of the street. She says the machine followed a zig-zag course. According to Mrs. Alexander, she was thrown out of the buggy and dragged about thirty feet on the ground.

Thinks She Will Always Suffer.

Mrs. Alexander says she was not bruised and mangled about the face, head, body and limbs and that she believes she will continue to suffer pain, mental anguish and nerve excitement for the rest of her life.

Raquel Lopez de Salazar, Jose Luis Lopez and Solomon Lopez by their mother and next friend, Mrs. Betanbe Y. de Leyba, brought suit against Procincha R. de Lopez, et al., asking the court to quiet their title to a tract in Heceta, 28 by 81 feet, upon which there is a house, and which the plaintiffs assert they own in fee simple. A. A. Sedillo is attorney for the plaintiffs.

Judge Reynolds announced yesterday that he would sentence at 10 o'clock Wednesday morning, prisoners convicted at the term and those who have pleaded guilty.

Three prisoners yesterday pleaded guilty upon informations. They are Frank Alford, charged with larceny from person; J. H. Foster, charged with forgery; and Juan Garcia, charged with larceny.

Garcia, 18 years old, who stole copper from the Santa Fe railway, was sentenced to serve a year in the reform school, but the sentence was later suspended. Alford and Foster will be sentenced with other prisoners Wednesday.

'LEADING FACTS' IS BROUGHT DOWN TO DATE IN SECOND EDITION

Announcement has been made of a new edition of "The Leading Facts of New Mexico History," by Col. Ralph Emerson Twitchell, which breaks the work down to date and makes it one of the most valuable historical publications ever issued in the southwest. A handsome booklet descriptive of the work has been issued by the S. J. Clarke Publishing company, of Chicago, the publishers of the new edition.

Colonel Twitchell is generally recognized as one of the most eminent historians of the country, and as a chronicler of the history of New Mexico he has no equal. The better part of his life has been spent in the study of the early history of the southwest, and he has collected and published a mass of information that hitherto has been unknown.

"The Leading Facts of New Mexico History" is in no sense a local publication. The importance of the work is such that it is in demand in libraries, colleges and schools all over the United States, and in fact it is recognized all over the country as one of the leading historical works of the day.

Had to relate, the big drama of the Elks, upon which I expended so much space last week, have been shoved up a bit into the future. The cabaret supper that was to have been held on the night before Thanksgiving is now scheduled for the night before New Year's.

Lately was ready, but the cook wasn't, and what the cook says usually goes. You see a cabaret supper implies that there shall be something to eat, along with those other things that go to make a joyous occasion. There is much yet to be done at the Elks' clubhouse, and among the most important things to be done is to get the canteen in working order. The range, a noble specimen of architecture, is on hand, but it hasn't been connected up, and about a dozen and one pieces of equipment are yet to find their way into the building. Manifestly, it would be impossible to have the right kind of a cabaret supper on ham sandwiches and soda-pop, and as it was found impossible to get all the things in place within the time between now and Turkey day, it was regrettably decided to postpone the event.

Perhaps, after all, whatever is in best New Year's eve is always a large night, and the Elks and their guests can be depended upon to spend it in the right sort of way. In former years the initiation labor paid

up in the Arctic regions the nights are six months long," remarked the Extremist Traveler. "Thou," said the Incubated One, "give, think of a crowd of Eskimos singing 'We won't go home until morning.'"

BRIDGE SERIES.
Among the most enjoyable affairs of the season was the series of bridge games given the last three days of the week. Jointly by Mrs. M. K. Wylder and Mrs. Frank A. Rourke at Mrs. Wylder's home on West Gold avenue. The hostesses were assisted each day by a group of young ladies composed of Miss Joan Watkins, Miss Lois Tracy, Miss Lillian Lester, Miss Katherine O'Malley, Miss Grace Stortz and Miss Nora Henderson.

The decorative scheme was white and yellow, with the exception of the reception hall, where mammoth bouquets of Hensley flowers were banked against walls of yellow. Banquets of white and yellow chrysanthemums, tied with ribbons of golden hues, were given as prizes for the high scores. Cut prizes were sets of fancy towels. The trophy winners were: Mrs. Margaret Medler, Mrs. H. H. Coors, Jr., Mrs. P. G. Cornish, Mrs. D. A. Macpherson and Mrs. D. H. Ives.

The invited guests for the three afternoons were Mrs. Frank A. Rourke, Mrs. Avery, of Idaho, Mrs. Felix Bacia, Mrs. Isaac Barth, Mrs. S. Mann, Mrs. Martha Dennis, Mrs. R. A. Blitzer, Mrs. E. B. Booth, Mrs. Nancy Beswick, Mrs. Frank Bull, Mrs. Fred Canfield, Mrs. D. H. Coors, Mrs. R. L. Hurd, Mrs. R. H. Ives, Mrs. C. E. Loecher, Mrs. A. L. Loecher, Mrs. Charles Le Clair, Mrs. D. A. New Mexico's Indian Summer

When God had fashioned all the world, From out the wealth at His command, He chose a very wonderful thing, A valued gift for each fair land. Eternal summer, gave He some, Greenness, warmth, flowers forever, An "always winter" made He then. For the north, where snow melts never, Harvest yields, and golden treasure, And silver lakes, to some, so thus When our own land did call for favor The best of all things gave He us— Our Indian summer.

Myriad colors, without name, That are no other time or place, The sky and earth a mass of them, A golden film over empty space, The pretty, dappled, leaves amble, Fluttering about ere they fall, Snowbirds twitter, cotton-tails flight, Our where there are no trees at all, Lazy, sleepy, sun-drunk cattle, A curious prairie dog's head, Green sage brush, a dried wild flower, Gave He vastness alive and dead, Our Indian summer.

Sudden coolness, lustrous hours, A time to live, to work, to learn, It barmeth forth the good in man, Desire to do, to be, to earn. The outdoors enter deep one's soul, The like rich wine, a breath of air, Our hearts are free for happiness, And had things find no harbour there, It is a country, in a time, To strive and climb great summits steep, A time to praise, a time to pray— A time to dream, a time to sleep— Our Indian summer.

—Helen Roddy Stamm.

henceforth the little bunch of "happennings" which have been recorded on this page will appear no more. I had a notion that the kids up there would like to see their names in print once in a while and that it wouldn't hurt the institution if, once a week, I should let out a little news about what the students were doing. Accordingly, I established a connection with the student body and "High School Happennings" began to appear. The faculty, however, decided that this was a matter under its jurisdiction, and insisted that the "happenings" should be submitted to it for approval before publication. Pandora couldn't see it that way. The need of a censorship in times of peace was such a little matter as the recording of the daily doings of a bunch of youngsters in high school somehow couldn't be drilled into her head. She decided to go ahead and publish Pandora's point of view, and Pandora couldn't catch the faculty's point of view.

And there the matter ended.

CAUGHT BY WIRELESS.
I think it was Talleyrand who said that language was designed to conceal before public use. Pandora's aphorism in mind that the Woman's club instructed its press representative to pass Pandora by on the other side of the street.

However, with the wireless and other modern inventions working continuously to bury the news so deep that somebody won't dig it up, not that it makes any particular difference, but there is a rumor abroad that the Woman's club is at work on a scheme to beautify the cemetery. The Jews of the city beat them to it by a few days, but when several months ago they perfected arrangements for getting city water up to the cemetery, but never mind that. If the members of the club can contribute in any way to getting the cemetery in such shape that one can dig with a little less regret, they are entitled to all the credit that they can obtain.

By winning first prize in the illuminated parade during the state fair the club showed it was a live one. It is only in accordance with the eternal course of things that it should spend one hundred dollars in looking after the dead ones.

DECLAMATION CONTEST.
The contest conducted at the auditorium Friday night to decide which of six high school students shall represent Albuquerque at the contest for the state medal to be held here during the teachers' convention is a foretaste of what the convention is to furnish in the way of high-class entertainment. We indeed have something to look forward to.

It is doubtful if there is a high school in the United States with so much attendance as this could have put on a better contest. To Mrs. Anna Wilde Strumquist, who trained five of the six contestants, is due unbounded praise for the splendid showing made. Ordinarily, a declamation contest is interesting only to the parents and intimate friends of those who take part in it. The one Friday night held the close and sincere attention of a crowd which completely filled the big hall at the high school.

Miss Ida Skamini, who won the honor of representing the high school in the contest, fairly won the award. She has a depth of dramatic power that is rare in one of her age and that speaks volumes for the careful training that she has received. Miss Irene Patchin, in a high school declamation, was given second place by the judges, and won the prize offered by Mrs. Strumquist for second best. Miss Dorothy McAllister, in a quaint ante-bellum gown of blue, described "The Edinburghs' Christmas" in a manner that held her hearers in suspense throughout a most delightful quarter of an hour. Miss Leslie Shackelford, Miss Nellie Crawford and Harold Woodworth each came in for liberal and well deserved applause, and when the contest had closed there were six high school students all of whom had a good chance for first honors.

Solos by Miss Hortense Switzer and music by the high school orchestra under the direction of Miss Jeanette Trotter constituted a program that was in the highest degree enjoyable.

QUICK CURTAIN.
And speaking of the high school, it pains me down to the soles of my shoes to have to announce that

MISS EICHAH ENTERTAINS.

Miss Virginia Eichar was hostess last Saturday evening at a Halloween party at her home on North Third street. The house was prettily decorated with pumpkins, black cats and yellow streamers. Miss Irene Westerhausen, Miss Gail Beckman and Mr. Jack Nagel were awarded the prizes for the most original costumes. The guests included Miss Helen Hickel, Miss Freda Liden, Miss Gail Beckman, Helen Waldie, Pearl Gratenarter, Helen Gratenarter, Irene Westerhausen, Florence Hanson, Naomi Nichols, Ada Nichols, Frances Cartright, Frances Sherry, Ruth Sherry, Elsie Clayton, Louise Coleman, Virgie Horn, Irene Baird, Dorothy Coen, Vivian Fletcher, Grace Wickham, Dorothy Wickham, Lila Lloyd, Fay Boyd, Blanche Eichar, Messrs. Ollie Horn, Walter Lyons, James Lyons, Francis Royer, Archie Waldie, Jack Nagel, Fred Hanson, Arthur Baird, Edward Eichar.

FUN AT THE SANATORIUM.

A very enjoyable Halloween party was held Saturday night at the Presbyterian sanatorium. What the guests considered to be the most interesting feature of the evening was the reception room in the McCormick cottage decorated with festoons of yellow and green paper, with jack-o'-lanterns on the electric lights. These decorations had been put in place by Miss Harlowe, the superintendent, Miss Marjorie Tulloch of San Diego, Cal., Miss Reba Gauss of Marshall, Md., and Miss Mitchell of Philadelphia.

By 7:15 o'clock the room had a very cozy appearance as about twenty-five of the patients, dressed in white sheets and pillow cases, were greeting each other. At 7:30 the master of ceremonies, Mr. Charles H. Chamberlain of Galesburg, Ill., ordered the guests to unmask and as the masks came off much merriment was the result.

Thed by way of amusement two guessing games were indulged in.

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

"Pape's Diapepsin" makes sick, sour gassy stomachs feel fine.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Diapepsin, let this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No more how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positively and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large 50-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

It's Easy To Make Your Wrinkles Vanish

Startling Beauty Secret by Famous Self-Made Beauty Actress.

BY VALESKA SURATT

Q. How changes in the condition of the skin are made possible by the use of a few simple ingredients, used in proper proportion. To be sure that the mixtures are correct you should mix these ingredients in your own hands. Then you can be certain of a brilliant success. For instance, there is a way to remove the most deepest wrinkles in a very short time and produce a tremendous difference in the appearance of age.

The following formula makes the skin delightfully plump and youthful immediately begins to build up the tissue and smooths out the wrinkles. Apply this two tablespoons of glycerine in a half pint of water and add two ounces of oil. This is our own formula. Use it every day. From crabs' feet, deep lines, big and little wrinkles, and flabbiness of flesh will disappear. The result in your appearance will be startling. This remedy fails if it is not used with great care. It is too trouble at all. You can obtain the oil from the drug store. Save your precious time by facing facts. All the so-called wrinkle creams you have been using and try this. You will never regret it.

ROSE T. X.—I received a boxful of aged to build a cup of hot water and use as a head wash. Every particle of fatty accumulation and every strand of hair will vanish. This method is very economical. Light of course, with great care. It is too trouble at all. You can obtain the oil from the drug store for a modest price to give you 12 or 15 of these rare shampoos.

MISS BENTLEY—Many women do not use hair removers because the ordinary preparations for this purpose have a spot where applied, leave the skin in practically burning off the hair. The only way to remove the hair and the only thing that will do this is simple water and soap. It leaves the skin soft, white and smooth. It never fails to destroy all hair, light of course, with great care. It is too trouble at all. You can obtain the oil from the drug store for a modest price to give you 12 or 15 of these rare shampoos.

MISS JUDITH T.—This cream is a wonderful beauty. By using it every day on

your face, arms, hands, neck and shoulders, the most decided improvement in your complexion will result in a short time. You'll find that all red spots, freckles, roughness and blotches will vanish, leaving the most exquisite purity and tint. Mix two tablespoons of glycerine in a pint of hot water and add one ounce of oil. This makes a wondrous cream and is more economical and effective than any cream you can buy elsewhere. Nothing else is necessary to make your complexion beautiful. This mixture can be obtained from your druggist.

WITH C. P. H.—It is possible in many cases to develop the best of beautiful normal properties, but not adding the assurance of this can be given. Vacuum cups and other mechanical contrivances are inefficient. The best way, and a perfectly safe way, is to use a mixture of half a pint of hot water, half a cup of sugar and two ounces of rice. Boil thoroughly and take two tablespoons after meals and on retiring.

EXHAUSTED—You can quickly and positively stop falling of hair by using my mixture of half a pint of hot water and half a cup of sugar and two ounces of rice. Boil thoroughly and take two tablespoons after meals and on retiring.

MISS R. O. H.—I am sorry you were disappointed in not getting the information from your druggist. My secretary will get it for you and send it to you. My secretary, "Valesska Suratt," Chicago, and under the name which is fifty cents.

NOTES OF SOCIETY.

Mrs. H. G. Coors, Jr., left Friday afternoon for Kansas City and Chicago, where she will visit friends for probably two months.

Mrs. M. D. Chabourne and her two children left Friday for California. After a visit to the exposition and with relatives in San Francisco they will spend two months with Mrs. Chabourne's father in Eureka.

Mrs. Frederick Lovelace, of Niagara Falls, N. Y., arrived in the city early last week for an extended visit with her daughter, Mrs. Albert G. Simms, who has been in bad health for some time past. Mrs. Lovelace is at the Alvarado.

Mrs. Earl Bigler, of Artesia, left for her home Tuesday after a month's visit with her mother, Mrs. Edward Bigler. Mrs. Bigler was accompanied by her young daughter Ruth.

Miss Rita Whitfield will leave for her home in Clatsop, Ill., tomorrow after a short visit with Mrs. A. C. McGowan and Mrs. Charles Le Clair. Miss Whitfield is returning from the California exposition.

Mrs. W. B. Childers gave an informal party Tuesday afternoon commencing at 2 p. m. at the residence of Mrs. F. L. Luciani, of Niagara Falls.

Mrs. Edward Spitz was at home the formally Monday afternoon in celebration of her birthday anniversary. She was assisted by her daughter, Mrs. Earl Bigler, of Artesia.

Mrs. A. C. McGowan was a movie house Tuesday afternoon in honor of her house guest, Miss Rita Whitfield, of Galesburg, Ill. There were eight guests. After the show refreshments were served at Grimsbury's.

The most elaborate of the Hall-Lewen parties given last Saturday was that at the home of Miss Dorothy Mann. Sixteen young ladies convalesced in meals and entertainments, many of the latter being in the highest degree artistic. Music was off at 8 o'clock and refreshments were served at 10.

Mrs. J. P. McNally, wife of a prominent Santa Fe official of chance, was in town visiting a sister at St. Joseph's hospital. She is accompanied by her sister, Miss O'Boyd. They are on their way home from Phoenix, Ariz., where they were called on account of the death of a brother.

For the purpose of aiding in the social life of the congregation twenty ladies of the Congregational church have agreed to give afternoon teas at stated intervals. The first of the series was held Thursday afternoon at the home of Mrs. C. B. Hopping, 313 South Arco street. An interesting program was rendered and a two-course luncheon was served.

Mrs. Dagmar Chaves, of Trinitas, is visiting at the home of Mr. and Mrs. J. H. Canyon, 419 South Fifth street.

The Tuesday Five Hundred Club met last week with Mrs. L. H. Wood at her home on West Roma avenue. The club members, with Mrs. Gay and Mrs. Taylor as guests, were present.

Prizes were awarded Mrs. Seawright, Mrs. Anderson and Mrs. Hyde. An elaborate luncheon was served. Miss Rita Wood and Miss Jean Williams assisted.

During the last two months Mr. and Mrs. J. A. Plummer, of 113 West River avenue, have had a reunion of their children, Dr. and Mrs. W. D. (Continued on Page Four.)

Enjoys Good Health at 78

MRS. CATHARINE DOEBLER

Duffy's, the great tonic-stimulant gave Mrs. Catharine Doebler relief from stomach trouble after everything else failed.

"I suffered with stomach trouble for years. I consulted several of the best physicians, but no medicine did me any permanent good. Then I began to use Duffy's Pure Malt Whiskey. It helped me from the start, and I will never be without it. It is certainly a fine medicine for old people and I feel better now than I have for years."—Mrs. Catharine Doebler.

Proving that Duffy's stands the test of time, Mrs. Doebler recently wrote us as follows:

"I have been taking Duffy's for quite a while and feel much better and stronger than before I commenced to take it. It is a fine medicine for old people for it keeps them well and strong. I will be 78 years old on the 21st of October, and am enjoying as good health as any one could wish for. Duffy's makes me sleep well and gives me a good appetite, and I recommend it to all my friends."—Mrs. Catharine Doebler, West Willow, Lancaster Co., Pa.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of clean, selected grain, thoroughly malted. A tablespoonful in water before meals and on retiring stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to the tissues and organs of the body the nutriment necessary to their sustenance. There are many old people who
