Entered as Second Class matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the southwest.

THURSDAY, OCTOBER 16,

For Delegate to the Fifty-Eighth Congress of the United States.
BERNARD S. RODEY,
of Bernalillo County.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

Extract from the Congressional Record of June 25th, 1902, page 7,842.

President pro tem, of Senate: The chair has been requested to restate the proposition, and will do so.

The senator from Indiana, the chairman of the committee on territories, has stated in open session today, that the committee will report on the territorial bill, so-called, on the third day of the next session of congress. Thereupon the senator from Pennsylvania asks unanimous consent, that on the tenth day if the senate is in session and on the first day thereafter if it may be in session if not on the tenth, the bill shall be made the unfinished business.

Is there objection? The chair hears none, and the order is made.

A constitution without amendments for the new Sunshine state is wanted, must and will be had upon the passage of the enabling act by congress.

A limitation of taxation is demanded by the voters of New Mexico in the constitution to be submitted for the government of the new Sunshine state.

President Roosevelt will not be dictated to by the coal bosses nor by the labor union bosses. It is the interests of the people he is looking after.

A good primary election law is necessary for pure and honest elections in this territory. The 35th legislative assembly should enact such a one.

The New Mexican will support all good nominations made by the Republicans of Santa Fe county. It hopes and expects that no other course on its part will be necessary.

That the credit of the United States is fairly good is shown by the fact that yesterday over \$100,000 were found in the desk of a police captain who had dropped dead of heart disease. Being policeman in Santa Fe does not pay quite as well.

The plans for the meat packers' combine have been perfected and December 1 has been set for the date of the launching of this new trust, which will squeeze the poor consumer in order to line the pockets of the rich pork barons. But the public will stand that sort of a thing just so long and then there will be an explosion that will make some of the trust fortunes look like thirty cents.

The Albuquerque Citizen falls in line with the New Mexican upon the question of honest primary elections. In a recent issue it said editorially: "The Republican convention at Raton took advanced and radical steps to prevent dishonest primary elections in New Mexico. The primary election is the foundation stone of the Republican form of government, and no party can tolerate dishonest methods at these elections."

Former President Grover Cleveland is maintaining a very eloquent silence upon the New York political situation. He is evidently now too friendly to the Democratic-Socialistic platform and candidates for offices in the Empire state.

The Republicans of New Mexico, in one-half of the counties so far have placed excellent legislative and county tickets in the field. The Republicans of the remaining counties will hold their conventions within a few days and will follow this most agreeable example. Republican success is in the air and it is affecting all concerned favorably.

Frugality and economy always seem to pay. John F. Carroll, who has been a Tammany leader in Gotham for about fifteen years is quoted to be worth \$6,000,000. This neat sum was all made while working for Tammany hall without a salary. You can't keep down a good Democrat, like Carroll, even if you don't pay him a salary.

It is said that the Democrats of this country will endeavor to improve the personnel of the legislative and county ticket recently put in the field by them. It is not known whether or not they will succeed, but it goes without saying that the ticket certainly needs improvement and that a good deal of it.

The Democrats of the territory thought it better to be defeated with H. B. Ferguson than with a weaker candidate. This is what Ferguson's nomination as a candidate for delegate to congress means. Delegate Rodey will beat Ferguson by several thousand votes.

The New York Journal, one of the chief yellow sheets in the country and whose proprietor, W. R. Hearst, is a Tammany candidate for congress, sees the New York Democratic-Socialistic platform and goes it a few thousand blue chips better. Anything for office, even if a man is a millionaire, like Hearst.

The strike impeded street railways of New Orleans are owned by Philadelphia capitalists, which indicates that it will not be the Pennsylvania coal barons alone who will have to do without dividends for half a year or more. But these capitalists always know how to make up for their losses and in the end the people pay the bills.

The Democrats had gleefully hoped that the general sympathy with the striking coal miners would reduce the republican vote next month. But the contrary result is now feared by them, since it has become known that the great majority of the coal barons are Democrats, among them being the ring leaders, J. Pierpont Morgan and Louis Baer.

It is not only necessary for New Mexico to re-elect Delegate Rodey, but to elect him by a larger majority than was ever before given any candidate for delegate. The aggregate vote cast at the election next month should also be an indication that the population of New Mexico has increased materially in late years. To that end, the party workers should see to it that every man entitled to a vote is registered.

In Germany there are eighty-nine manufacturers who make briquets out of coal dust and soft coal, which are a good substitute for anthracite coal. They manufacture 100,000 tons of that fuel annually, which burns without smoke and leaves only reddish brown ashes. At Gallup, in this territory, such a briquet plant has been built and it is understood that these briquets can be manufactured and laid down anywhere in the United States for \$7 a ton. As one ton of briquets has the fuel value of two tons of bituminous coal, there should be a good market for them and they should solve the problem presented by the coal stringency in the east.

There are hundreds and hundreds of citizens in New Mexico who have failed to take advantage of the provisions of what is called the "small holdings act." Delegate Rodey has a bill pending in congress extending the provisions of this act for the benefit of the small land owners. Another reason, therefore, why he should be re-elected. The prestige and strength, re-election will give him, will make it much easier to have this bill enacted into law and make its provisions more liberal to many of the small land owners and ranchmen along the Rio Grande and in other sections of the territory, who, through ignorance or inability, have failed to procure titles to the parcels of land which they or their ancestors have had possession of for many years.

SOLVING THE SERVANT PROBLEM.

A newspaper published at Grand Rapids, Mich., the home of the furniture factories, predicts that by the year 2,000 there will be no servant problem and its prediction will make many housewives feel as if they had been born a hundred years too early. The prediction is that the homes of the future will be warmed by some heat generating system. Air will enter through paper tubes in the walls which will warm the house and capture the dust. Walls will not meet the floors at right angles, but in graceful curves and thus sweeping and cleaning will be lightened. Windows will be cleaned by touching a button and turning on water that contains a solvent. Water will be forced down the window panes from pinholes in a pipe above into a groove below, and this will be followed by pure rain water. The compression of nourishment into small tablets and pills will by that time be so perfected as to even satisfy the men with champagne taste. Babies will be turned over to community nurseries and the cooks, servants and nurse girls will have to seek other fields of employment or enter the ranks of those who will be able to afford all these predicted luxuries.

Very Unusual

It is very unusual for a regular physician of good reputation to publicly endorse a proprietary remedy. We have often heard of cases where doctors have secretly prescribed Acker's English Remedy, but it is most gratifying to receive the following voluntary letter from C. F. Smith, M. D., the most successful physician of Olean, N. Y.:

"Messrs. W. H. Hooker & Co., New York City: I wish to add my professional testimony to the value of your English preparation known as Acker's English Remedy for Asthma, etc. In several instances, after I have tried my utmost to give even relief, I have prescribed your remedy, and it has acted almost like a miracle, not only relieving, but permanently curing every one of the patients. I endorse the preparation as one of the most valuable additions to the practice of medicine."

Such a frank endorsement as the above is phenomenal. Coming from so distinguished a member of the medical profession, it carries with it an assurance which the public will be sure to avail themselves of. It is recommendations like this which make it possible to give the broad guarantee that is a part of every sale of Acker's English Remedy for Coughs, Colds, Asthma, etc. (This is not claimed for it, or your money will be refunded.) Do you know of any other medicine sold on these terms? Do you know of any other medicines which prominent doctors regularly prescribe in their own practice as being better than prescriptions they write themselves? These facts are well worth considering. They are of special interest to those with sore throats and weak lungs.

Sold at 50c. per bottle, throughout the United States and Canada, and in England at 1s. 6d. per bottle. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.

The Texas Democratic senators and members of the house of representatives have endeavored during the recent session of congress to procure legislation that would take from the people of the Rio Grande valley, from Antonio to Anthony, a distance of about 400 miles, the right which they have possessed for three centuries and a half to the free and undisputed use of the waters of the Rio Grande, flood, seepage and regular flow, for irrigation and domestic purposes. Delegate Rodey has so far successfully fought these men and the New Mexico, highly injurious and very detrimental bills introduced by them in the senate and house of representatives of the 57th congress. He, therefore, should be returned to the 58th congress, as it is sure that more attempts will be made by the Texas senators, and representatives, to force the passage of similar wicked and nefarious schemes. He is better posted and better able to fight them successfully than any other man in the territory at this time.

Colorado is to have two more sugar factories next spring, one at Fort Collins and the other at Windsor. A beet sugar factory is also assured for Alamosa. It does not seem as if the beet sugar men are as afraid of Cuban reciprocity as the Democratic newspapers of Colorado would have their readers believe. It is curious also that while almost a score of beet sugar factories have been or are to be built in Colorado, the only beet sugar factory in New Mexico has been idle the past year and there is no sign that another factory is to be built in the near future.

In any other part of the territory, yet New Mexico raises better sugar beets than Colorado and the advantages offered by such prospective sites as Santa Fe, Springer, Farmington, Espanola and other points are much greater than any place in Colorado can offer. There seems to be considerable in the cry that a territorial government keeps investors in manufacturing industries out of a commonwealth and New Mexico cannot make too much haste to assume the dignity of statehood.

REPUBLICAN RESOLUTIONS

Adopted at the Territorial Convention Held at Raton October 10.

The Republican party of New Mexico by its representatives in convention assembled, after proceeding with the work which has called us together, deem it proper and fitting that we should as such representative body profoundly deplore the untimely death of President McKinley which shocked the world only a year ago, and that we should pay a silent tribute to that great American and truest exponent of the principles of our party whom we so highly eulogized at our last convention. The work which then received our enthusiastic endorsement was more lasting and far reaching than we then knew, and the noble character of William McKinley and the deeds he wrought for the welfare and glory of his country, are more enduring than the stately monuments now raising by the people to his memory. As a citizen a model of integrity and domestic virtue, as a statesman the author of the practical system which has made his name a synonym for prosperity. As a president, wise and strong, bringing together hostile interests and conflicting sections, until at last a tragic death there was but one lament, and a common sorrow for the great, wise, and good man who had gone. Let us rise, and stand with bowed heads, and sorrowing hearts in memory of our great leader.

Be it resolved, That we again endorse the National Republican platform at Philadelphia upon which President McKinley and President Roosevelt were elected, and under which prosperity has continued in our land, our prestige has been increased abroad, and a new republic has been added to the nations of the world. By the wise and patriotic administration of President McKinley and its continuance by his successor, American industries have prospered as never before and our commerce has expanded until the world is our market.

That we recognize in President Roosevelt a fit successor to President McKinley, faithfully carrying out his policies, and when new emergencies arise, meeting them with the strong courage of conviction. And we believe President Roosevelt has shown that he deserves the position which he now holds by the suffrages of the people, instead of by statute, and we heartily favor his nomination for president in 1904, when we hope to cast for him our first electoral vote.

We most heartily endorse the administration of Governor Otero in the territory, which has resulted in improving our financial standing and moral credit at home and abroad. It has induced new capital to come into the territory, and protected what was already here. And especially we endorse his personal and official efforts to improve the method of assessments and taxation which have resulted in adding one and one-half million to our tax rolls for the present year. His official and personal conduct has been subject to the most searching scrutiny by two presidents and two senators with the result that it has been approved by them, and on that result we sincerely congratulate him.

We endorse our delegate to congress, Hon. B. S. Rodey, for his earnest and untiring efforts on behalf of the territory not only in Washington but wherever he might be, and especially for his tireless exertions to secure us statehood, which have resulted in getting us nearer that deserved position than ever but once before. And we urgently pray the honorable senate of the United States at once to take up and pass the bill now before it for our admission as a state.

We denounce the so-called "Stephens or Culbertson bill" now pending in congress which is aimed to deny us the use of our waters for the benefit of certain individuals in Texas and Mexico, and earnestly pray that the government cause its suit now pending to prevent the storage of water at the Elephant Butte dam to be withdrawn, in order that this great work of internal improvement may proceed.

We extend our hearty thanks to congress for the passage of the bill establishing reservoirs in the western states and territories and hail it as a long step in the direction of recognizing the claims of the west for assistance which has been so long monopolized by the east.

We pray that congress may so amend the act donating lands to the territory that the sale and leasing of the same may not be restricted as now. In order that we may derive more immediate revenue for the benefit of our common schools and public institutions.

We believe the action of congress in the government of the Philippines, to be wise, just and humane, and must result in great ultimate good to those people and that the retention of the army there is a necessity caused by their own acts and for which they alone are responsible, and we believe that the conduct of that army under the most trying circumstances of climate and conditions to have been most praiseworthy and humane. We denounce as unworthy of the name those Americans who have assailed that army and sought to bring discredit upon the gallant officers and men who are upholding our flag in that far-away country.

We affirm that the Republican party is the first and only one to take any practical steps towards the suppression or control of so-called trusts or unlawful combinations of capital. The "Sherman law" passed by congress in 1890 has not proved adequate to the end, but the Republican party through its president and law officers is endeavoring by every legal means to control such combinations where they exist and a special bill is now being framed to that purpose, and we denounce as willful falsehoods all charges made by the Democrats, that the Republican party is in

favor of or in any manner friendly to such combinations of capital.

Resolved that we regard the coal oil inspection law as detrimental to the best interests of the people of the territory and we recommend its repeal at the earliest possible moment.

THE WORST FORM.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat."

JOINED HIS RESCUER.

Esteban Paraneas, a Little Cuban Boy, is Expected at Fort Bayard This Week.

Rev. H. E. Garrett, chaplain of the First United States Cavalry, who is stationed at Fort Bayard, is expecting this week a little Cuban boy, Esteban Paraneas, whom he adopted during the Spanish war. The little chap is 12 years old and with his broad brimmed Cuban hat has been a picturesque figure all summer at Highland Park, New York, Chaplain Garrett's old home. His father was an officer in the Cuban army and was killed while charging a Spanish trocha. Weyler's soldiers killed his mother, brother and sister. Esteban was cared for by a friend of his father's family, and in the confusion connected with the flight before Santiago he became separated from them. He was found almost dead in a sugar field near Santiago and Chaplain Garrett nursed him back to health. With the consent of the ranking Cuban officer the adoption followed and Esteban was sent to New York under the care of Colonel Wilson, president of the Manhattan club, and for three days the little fellow was the guest of that organization before being sent to Highland Park. Now that Chaplain Garrett is stationed at Fort Bayard, he has sent for the little fellow.

WONDERFUL PIECE OF WORK.

Longest Aerial Tramway in the World Has Just Been Completed in Wyoming.

The longest aerial tramway in the world has just been completed in Wyoming. It connects the Ferris-Hagerty mine and the Battle Lake district with the smelter at Grand Encampment. The tramway is the idea of Willis G. Emerson and saves hauling the ore over the mountain roads. It is built in four sections, each four miles long. There are 270 towers, and 16 tension stations, four of which are double. The cable used makes 238,275 feet and it weighs 439,896 pounds. In the construction, 1,250,000 feet of lumber was used and an average of 200 men employed for six months. The total cost was \$300,000.

Each of the chief organs of the body is a link in the chain of life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of heart or lungs, liver or kidneys, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of disease of the stomach and other organs of digestion and nutrition. Diseases of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition are cured also.

"I was in poor health when I commenced taking Dr. Pierce's medicine," writes Mr. Elmer Lawler, of Volga, Jefferson Co., Ind. "I had stomach, kidney, heart, and lung troubles. Was not able to do any work. I had a severe cough and hemorrhage of the lungs but after using your medicine a while I commenced gaining strength and flesh, and stopped coughing right away. Took about six bottles of 'Golden Medical Discovery.' I feel like a different person. I gladly recommend your medicine to all sufferers, for I know it cured me."

The cure of Dr. Pierce's Pleasant Pellets will cure that foul breath.

DEAR COUSIN:

I have been so busy attending social functions, that I did not have time to answer your dear letter of the 25th ultimo. I told you in my last that Goebel had sold us of his famous Estate Oak Heaters, since then he has sold two more, which makes an even 100. You will have to hurry and make up your mind, or else you will be too late. You know how well pleased I am with mine, and I would not part with it for \$100 if I could not replace it. I will be able to get that long seal skin sack this winter, which represents the amount we have saved in fuel since we bought this wonderful stove. With love to all,

Contractor Antonio Windsor has commenced the work on the construction of the new Methodist church on Don Gaspar avenue.

The regular meeting of the Guild of the Church of the Holy Faith will be held tomorrow afternoon at the residence of Mrs. H. S. Kaune.

Palace: F. B. Kellam, San Francisco; J. F. Kirkland, St. Louis; D. J. Barrett, Chicago; Eugenio Romero, Las Vegas; Charles Moffat and wife.

The golden jubilee celebration of the Sisters of Loretto closed last evening with an entertainment at Loretto Auditorium. This consisted of views thrown on a screen by a stereopticon.

Exchange: V. Giddings, East Las Vegas; W. H. Keller, Pecos; Bert Hubbard, Springer; J. M. C. Chavez, Abiqui; Gilberto Mirabal, San Rafael; Joaquin Sanchez, San Rafael.

Norris and Rowe lost one of their dogs yesterday and the show left last night without it. It was not one of the performing dogs, but the manager of the show offered a reward of \$10 for its return.

Among the names mentioned for the nomination of sheriff on the Republican ticket are Antonio J. Ortiz of Galisteo, H. C. Kinsell, Celestino Ortiz, Cleo Woldner and C. C. Chosson. No lack of candidates evidently.

A power of attorney was placed on record this morning that was executed in 1895. It was from George W. North et al to John W. Zollars and conveyed the authority to sell lots 13 to 17, inclusive, in Cerrillos.

At the regular meeting of the Hook and Ladder Company last Monday evening, R. Tenorio was elected assistant foreman to fill a vacancy, and E. Armijo was elected secretary to fill the vacancy caused by Mr. Tenorio's promotion.

The funeral services of Laurence Davis Newhall, the little son of Mr. and Mrs. J. T. Newhall, were held this morning at the home of his parents. A large number of friends were present. Rev. W. R. Dye officiated and interment was made in Fairview cemetery.

Eighty-five persons went to Albuquerque this morning on the excursion train. Previously to this morning, 225 excursion tickets to Albuquerque had been sold at the Santa Fe station, making a total of 310 Santa Fe people who have gone to the Albuquerque fair this far.

Sparks from the chimney last evening set fire to the roof of the house occupied by Charles V. Safford and family at the corner of Grant avenue and Johnson street. It was extinguished without serious damage and a small hole only was burned in the roof.

The remains of the late George Wright arrived last evening from Alamosa, Colo., and were met at the station by many friends. The funeral services were held this afternoon at 2:30 at the residence of Mrs. Petrita Carillo on Johnson street and were conducted by the Rev. W. R. Dye and the Rev. Father Gay. Charles Wagner was funeral director.

The meeting of the city council caused Marshal Weldner to lose a Shetland pony last night. He had about completed arrangements with the circus people for trading his bear for a pony when he was called to summon the absent councilmen. After performing that duty the ponies were locked up in the cars and the trade was off.

The three men engaged in the robbery of the saloon in Alamosa, Colo., in which George Wright was killed, have been captured and all are in custody. One was arrested at Alamosa and is the young son of a hardware merchant in that place. A second one was arrested at Del Norte and he was found to be wearing Wright's watch. The third, arrested at Creede, is the one who did the shooting.

There has been an unusually happy family in the plaza for two days. Early yesterday morning a rooster was placed in the cage with the foxes. The intention was that the rooster should furnish a particularly satisfying meal for the foxes, but they have refused to take advantage of him. On the contrary they seem to be the best of friends and are getting along in perfect peace and harmony.

The Democratic county central committee met yesterday afternoon to discuss plans for the campaign. The withdrawal of Warren Graham as nominee for sheriff was accepted and Marcelino Garcia was placed on the ticket. The committee will meet again Saturday and it is rumored other withdrawals to be considered at that time will be those of the candidates for treasurer and collector and assessor.

The excursion train from Las Vegas was ditched this morning 25 miles south of Las Vegas near Ojita station. The engine, a baggage car and a passenger coach toppled over, but no one was seriously injured. The train did not pass Lamy until after 4 o'clock this afternoon. The Santa Fe excursionists were not delayed but were taken to Albuquerque by a stub train made up at Lamy, they having left Lamy at 11 o'clock this forenoon.

The very handsome and imposing structure now in course of construction on the south side for the institute of the deaf and dumb of the territory, is being pushed right along. Contractor Windsor informs the New Mexican that the brick work has been completed. There were about 450,000 brick used and the stone work amounted to 450 perches. There are just 100 windows in the structure and the roof will have 16 gables. The roofing is now being put on and consists of metallic shingles.

Charles W. Dudrow and wife are in Albuquerque attending the fair.

Miss L. Doyle and Miss Rosy Bergere left this morning for Albuquerque.

Miss Nina Otero is in Albuquerque, the guest of Mr. and Mrs. Neill B. Field.

Judge and Mrs. John R. McFie left this morning for Albuquerque to take in the fair.

Miss Dissett, supervisor of Indian day schools, is among the Santa Fe visitors at the Albuquerque fair.

J. M. C. Chavez, the well known sheep grower and farmer of Abiqui, is here today on business.

Antonio Baca is very sick at his residence, suffering from an acute attack of dysentery. He is attended by Dr. Diaz.

J. V. Conway, proprietor of the Bon-Ton restaurant, and two sisters, are among the visitors to the fair at Albuquerque.

William Bell, local agent for the Wells-Fargo Express Co., returned last evening from Albuquerque where he took in the fair.

Miss Clara Olsen, secretary in the governor's office, has gone to Albuquerque to visit her sister and to see the sights at the fair.

Hon. Eugenio Romero, treasurer and collector of San Miguel county, is here today on business with the Santa Fe Central Railway Company.

Judge A. J. Abbott and District Attorney E. C. and Mrs. Abbott were among those who went to the territorial fair this morning.

Invitations have been issued by the Mesdames James L. and Arthur Seligman for a party Saturday afternoon at their residence on Palace avenue.

Hon. Amado Chavez and daughter, Catherine, went to Albuquerque this evening and will return this evening.

Mr. Chavez goes partly on legal business and partly to attend the fair.

W. E. Martin, assistant superintendent of the territorial penitentiary, was in Albuquerque yesterday and did some fine exhibition shooting. He is one of the best shots with a Winchester and pistol in the southwest.

Colonel J. Frank Chavez, superintendent of public instruction, went south last evening. He goes to Lincoln county, where he will make speeches for the Republicans, thereafter he will go to Valencia and remain in his own county until after election.

Tomorrow the court officers will leave for San Juan county where court will be opened at Aztec on Monday. Those who will go will be Judge John R. McFie, District Clerk A. M. Berger, District Attorney E. C. Abbott, C. V. Safford stenographer, and J. D. Sena interpreter.

General Manager W. S. Hopewell of the Santa Fe Central Railway, went out on the line this morning and expects to return either this evening or tomorrow morning. Several big grading camps are being moved south, and Mr. Hopewell is looking after affairs connected with the moving of them.

John H. Bell, messenger for the Wells-Fargo Express Company on the Lamy branch, and Miss Carrie Hesch, the youngest daughter of Mr. and Mrs. P. Hesch of the south side, Mr. Hesch being the proprietor of the Santa planning mill, were married yesterday forenoon at Guadalupe church by the Rev. A. Babeyrolle. They left this afternoon for Albuquerque to take in the fair and to visit Mr. Bell's parents. They will make Santa Fe their residence.

Card of Thanks.

To the many friends who assisted them in planning and carrying out the three days' program of their "Golden Jubilee Exercises" the Sisters of Loretto extend their heartfelt gratitude. However, special thanks are due to the Reverend Clergy, the Christian Brothers, the ladies choir, Hon. A. L. Morrison, Mrs. Muller and family, Mr. and Mrs. Berger, Mr. Griffin, Mrs. Chas. Abreu, Mrs. F. Deibert, and also Abe Gold who so kindly lent the beautiful Indian costumes that added so much to the general stage effect. To one and all we are greatly indebted and they will ever be remembered as real benefactors.

"THEY SABB HOW."
Business is business. Every fellow to his trade. Mixing drinks is our business and our artists "sabb" how to mix 'em. You can get what you call for here from a high-ball to a board of the roof.

MARTIN'S SHOOTING.

Was a Big Feature at the Fair Yesterday and Created Much Enthusiasm.

The fancy shooting by W. E. Martin of this city was a feature of the fair at Albuquerque yesterday. The Journal-Democrat of this morning says: "After the cavalry drill yesterday afternoon, William E. Martin, the crack shot from Santa Fe, gave an exhibition of his skill with a rifle in front of the crowded grand stand. Mr. Martin's shooting was certainly 'fancy' as per the program. He used a small 22 caliber rifle and shot at tin cans, small glass balls and bells no larger than a quarter which were thrown high in the air. The expert marksman broke one after the other in quick succession, keeping up the fusillade for fifteen or twenty minutes. It was fine work and Mr. Martin was loudly applauded. He sat in the front part of the grand stand about 20 feet or so from the man who threw the objects in the air. Mr. Martin kindly consented to come down from the capital and exhibit his marksmanship to the carnival crowds who greatly appreciated the exhibition of his shooting powers. Martin's skill with the shooting iron is little short of phenomenal."

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 80 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,886.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly

tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrophula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week, \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:05 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7.
