CONVICTS ESCAPE!

Kansas Convicts Break Away From Guards.

Peace Commission Hold Meeting in Pekin.

Destructive Fire in a West Virginia Town.

TWO MEN HANGED IN ARIZONA.

Leavenworth, Kas., Nov. 17.—Estelle and Cravens, the convicts who escaped from the state penitentiary yesterday, after running fight with the guards, are still at large. They took shelter in the timber that surrounds the penitentiary, and in the afternoon they were seen by a guard. A search at daylight, however, indicated that neither were hit. Armed mounted guards are to-day searching the timber in all directions. Sam Smith, a convict shot by one of the guards, was under sentence of death for murder.

Leavenworth, Kas., Nov. 17.—Estelle and Cravens have been surrounded in an old farm house, west of the prison, and re-inforcements have been sent to the posse. The convicts are heavily armed.

Leavenworth, Kas., Nov. 17.—The barn is surrounded and will be fired if the convicts refuse to surrender. Warrenton for Krag-Gorensen rifles, his guns being deemed insufficient, being deemed insufficient.

Destructive Fire.
Phillips, W. Va., Nov. 17.—Fire broke out today in the center of the town and is still raging, threatening the destruction of the entire place. The plain dealer office, hotel and several business blocks have already been destroyed.

TWO HANGED.

Two Murderers Sent to Death at Tombstone, Arizona.

Phoenix, Arizona, Nov. 17.—William and Thomas Halderman were hanged yesterday afternoon in the Tombstone Jail for the murder of Ted Moore. Both died without the slightest exhibition of fear.

Thomas, the younger brother, was the cooler of the two. He held the noose and placed it around his neck. "What do you shake that paper that away for, you look scared?" he said to the sheriff.

Just before the trap was sprung, he said: "Boys, I forgive all my enemies and hope they forgive me." William, the elder of the two, did not show so much bravado. As his brother repeated farewell words, he muttered as the noose was being placed about his neck: "This rope is choking me. My brother is innocent."

Thomas was pronounced dead in thirteen minutes and William in fifteen. On April 15, 1899, the Halderman brothers shot and killed Constable Frank Alsworth and Ted Moore, when the latter came to arrest them for shooting cattle.

Acting Governor Akers refused to interpose the murderers and their friends laid the case before President McKinley, who granted a reprieve until October 6. Governor Murphy then gave an extension until November 16.

No Appointment Made.
Montreal, Nov. 17.—Joseph Prince, vice president of the Grand Trunk, this afternoon states that no appointment of a manager to succeed Ed. Hayes has been made.

Struck With Paralysis.
Des Moines, Ia., Nov. 17.—Lampson P. Sherman, brother of the late John Sherman, has suffered a stroke of paralysis and may not recover. He is over 80 years of age.

Indians of Mexico on the War Path.

Body of John Porter Burned to Ashes.

Boers Met With Severe Defeat on Railroad at Ebenburg.

WEEKLY BANK STATEMENT.

Phoenix, Ariz., Nov. 17.—A dispatch received at midnight from Pacheco says: In an attack on the Mormon colony here twelve Indians and several Mormons were killed and wounded. The governor of Chihuahua has ordered the Mexican troops and rurales. A squadron of cavalry was dispatched from the military post at Acapulco, 50 miles distant, but it is believed to be too small to cope with the Indians. Fifty soldiers have just been sent from the military post at Juarez.

Burned to Ashes.
Limon, Colo., Nov. 17.—No inquest was held over the remains of John Porter, the negro burned at the stake last night on the spot where Miss Frost was murdered, as no remains can be found. The fire was renewed until every vestige of the body was destroyed. The iron rail to which Porter was chained will be left standing as a warning.

THE REJECTED ORDINANCE.

This is Ordinance Laid on the Table Rejecting the Raynolds Building.

The city council rejected the Raynolds gift of a \$25,000 library building by laying the following proposed ordinance on the table: Whereas, the city of Albuquerque has donated to the city of Albuquerque the building and grounds known as lots 3, 4, 5 and 6 of block 12, of Hunsing's High and addition to said city, subject to the condition, that the citizens of said city should subscribe the sum of \$1,000 for the purchase of books and other library purposes; and that said city should agree to maintain and use said premises for a free public library forever, and should improve the grounds with trees and lawns and keep said grounds and the buildings thereon in repair and good condition forever.

And whereas, said city has accepted said donation, subject to said conditions. And whereas, said Raynolds has delivered to said city a deed for said premises duly executed and the citizens of said city have subscribed more than \$1,000 for the purposes aforesaid. Now, therefore, be it ordained by the city council of the city of Albuquerque, Section 1. There is hereby created a library commission which shall consist of the mayor of said city, and eight competent persons, residents of said city, not more than two of whom shall reside in the same ward, and four of whom shall be women. The mayor shall appoint one competent person from each ward to serve as a member of said library commission until the election and qualification of city officers in the year 1902. Upon the organization of the city council elected in the year 1902, the mayor elect shall appoint one competent person from each ward to serve as a member of said library commission for the period of two years, or until his successor is appointed; and thereafter there shall be appointed annually by the mayor elect, upon the organization of the city council, one competent person from each ward to serve as a member of said library commission for the period of two years, or until his successor is appointed; and in case of a vacancy the mayor of said city shall appoint a competent person to fill the unexpired term.

Section 2. Said library commission shall organize annually by the election of a vice president, secretary and treasurer. It shall be the duty of said library commission, when so appointed and organized, to take charge of said public library building and grounds, and all books, furniture and other ar-

chives of personal property of said city, held and used for library purposes, and shall have full and absolute control of the same for the benefit of the people, and shall authorize the expenditure of all moneys for the improvement of said building and grounds, the purchase of books and the maintenance of said free public library; and make all needful rules and regulations for the use and care thereof.

Section 4. The mayor of said city shall be ex-officio president of said commission, shall sign all papers connected with the management of said library, all contracts for work, and all warrants for the payment of money; in the absence of the mayor the vice president shall perform such duties; it shall be the duty of the secretary to keep a complete record of all doings and acts of the commission relative to such free public library; it shall be the duty of the treasurer to keep all moneys and funds which shall come to the hands of said library commission and pay out the same upon presentation of warrants therefor as above provided, and make a full and complete report of the moneys received and paid out by him every six months, and he shall execute a good and sufficient bond conditioned for the faithful performance of his duties as such treasurer in such amount, as shall be prescribed by the city council, to be approved by the mayor.

Section 5. All taxes heretofore or hereafter levied for public library purposes, together with all subscriptions, donations, gifts, devises and bequests to the city therefore shall be turned over to the library commission for the use and purposes above provided and shall not be used for any other or different purpose.

Section 6. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Satan Rebuking Sin.
New York, Nov. 17.—Richard Croker called for Ebenburg today on the Lancia. Before starting Mr. Croker said: "This movement by Tammany Hall against vice means failure. We have taken up this fight to purify the city in earnest, and we propose to carry it to a successful issue."

Agreement Reached.
Tampa, Fla., Nov. 17.—Agreement has been reached between the committee arbitrating the labor union troubles, which allows all cigar workers to return to their benches, except members of the international strippers' union.

British Mercy.
Durban, Nov. 17.—The National Mercury reports that Lord Kitchener has decided to "depopulate the town in the Transvaal, owing to the difficulty of meeting with republicans when hampered by their civilian population."

Railway Manager.
Montreal, Nov. 17.—The Montreal Witness announces that George B. Reeves has been appointed manager of the Grand Trunk railway to succeed Mr. Hayes. Reeves was formerly traffic manager of the road.

Statehood.
Statehood is necessary to the further development and growth of New Mexico. Statehood will bring capital, population and enterprise to the territory. Capital is timorous in investing, not because it fears a territorial form of government, but because it fears that in the transition from a territory to a state, conditions will be unsettled and some of the rights granted capital when it came to the territory might be abridged by a state constitution. Not until this question has been settled will capital pour into New Mexico like it did into Colorado after its admission to statehood. It is the same with new settlers. Most people regard a territory as land extraneous to the United States and they would as soon settle in a foreign country almost as they would in a territory, and thousands of people who would come into New Mexico, if it were a state, go elsewhere just on that account—New Mexico.

THE ARMY!

Annual Report of Gen. Miles.

Immense Revenue Collections Reported.

Big Work of the Signal Corps the Past Year.

MEASURES TO SUBDU THE BOERS.

Washington, Nov. 17.—A feature of the annual report of Lieutenant General Miles, commanding the army, is a chapter dealing with the need of a general reorganization of the military service. Miles points out that practical limitation of the service of volunteers to one year's service in the Philippines is a most expensive practice. He points out the need of a reserve force for the relief of the soldiers who serve in the tropics. General Miles renews the recommendation that the permanent force should be one man for each 1,000 of the population. To submit a draft of a bill embodying his views. General Miles says the force in the United States has been so much reduced that at present there is not one-fourth enough troops to properly man the fortifications on the sea coast. He mentions the gallantry of Col. E. S. Liscum and Captain Bailey who were killed in action in China, and Maj. Jesse M. Lee. Miles claims that the fortification board has developed a high explosive, superior in effectiveness to all known safe military explosives.

Largest in the History of the Country, With One Exception.
Washington, Nov. 17.—The annual report of the commissioner of internal revenue shows that the collections of this year were exceeded but once in the history of the bureau. The receipts are \$25,316,107. The percentage of cost of collection was 1.8, against 1.6 last year, being the smallest on record by the commissioner. Commissioner Wilson estimates that the receipts of the current fiscal year will approximate \$25,000,000. A number of amendments to the revenue act are recommended.

Work of the Signal Corps.
Washington, Nov. 17.—Brigadier General Greeley, chief signal officer of the army, in his annual report says the signal corps exceeded in amount of work and variety of duties performed, the record of the previous year. Greeley approves the recommendation of the commanding general in Alaska for cable from Flagway to Valdez, and from Skagway to Seattle, about 1,800 miles long, to cost about \$800,000.

To Subdue Boers.
Durban, Nov. 17.—The Natal Mercury reports that among the measures to be adopted to pacify the Boers is the reconcentration plan of Lord Roberts. Lord Kitchener has decided to take this step owing to the difficulty of dealing with armed Boers, while hampered by the civilian population of the outlying small towns.

Question Answered.

Yes, August Flower has still the largest

embalmer of any medicine in the civil-

ized world. Your mothers and grand-

mothers never thought of using any-

thing else for indigestion or biliousness.

Doctors were scarce and they seldom

heard of appendicitis, nervous prostr-

ation or heart failure, etc. They used

August Flower to clean out the system

and stop fermentation of undigested

food, regulate the action of the liver

stimulate the nervous and organic ac-

tion of the system, and that is all they

took when feeling dull and bad with

headache and other aches. You only

need a few doses of Green's August

Flower, in liquid form, to make you sat-
