WILL BE LYNCHED

Young Negro in Denver Confesses Murder.

Sixth Cavalry Will Winter in China.

Yerkes, Republican, Gives Up Kentucky Contest for Governor.

HEALTH OF THE CZAR.

Denver, Nov. 15.—The confession made last night by John Porter, the 16-year-old negro, that he ravished and murdered the 11-year-old Louise Frost at Limon, a week ago, to-day has been corroborated by finding the girl's pocketbook in the vault in the Limon depot, where Porter said he threw it. Porter will be surrendered to Sheriff Freeman, of Lincoln county, on demand. He probably will be taken to Limon to-night. Lynching is certain to follow.

Colorado Springs, Nov. 15.—District Attorney McAllister refused this morning to issue an order for the removal of John Porter, the self-confessed murderer of Louise Frost, to Hugo, the county seat of Lincoln county, in which the crime was committed. Mr. McAllister said that as preparations were being made at Limon to lynch the boy, he deemed it better for the present to hold him at Denver.

MOB DISPERSED.

Denver, Nov. 15.—The police dispersed the crowd at the city jail. No resistance was offered.

PORTER REMOVED.

Denver, Nov. 15.—John Porter has been removed from the city jail to a place of safety, the police refuse to say where. District Attorney McAllister at Colorado Springs refused to issue an order at present for the prisoner's removal to Lincoln county.

MOB AT JAIL.

Denver, Nov. 15.—A mob surrounded the city jail at noon bent on lynching young Porter. It is believed that the reports that he has been removed are false, being given out for the purpose of misleading the public.

Will Remain in China.

Washington, Nov. 15.—Gen. Chaffee has cabled the war department from Taku, under date of Nov. 14: "Sixth regiment United States cavalry will remain in China under command of Lieut. Colonel Theodore J. Winn, with troops I, K, L and M."

Gives Up Kentucky Contest.

Washington, Nov. 15.—John W. Yerkes, late republican candidate for governor of Kentucky, who recently resigned as collector of internal revenue to-day, he said that he has abandoned all idea of contesting Gov. Beckham's election. He will probably be re-appointed to his old position. Leslie Combs, chairman of the republican state committee of Kentucky, accompanied Yerkes. He resigned as pension agent at Louisville to conduct the state campaign. It is understood that he, too, will be reappointed to the office he formerly held.

Illness of Czar.

London, Nov. 15.—The serious apprehension with which the announcement that the czar was suffering from typhoid fever filled Europe, emphasizes how much the peace of the world is believed to be dependent upon him. But for the statement contained in an official bulletin that his majesty's malady is taking a thoroughly favorable course the news of his illness would have created consternation.

Snow Storm.

Cleveland, Nov. 15.—As a result of a heavy snowstorm throughout the lower lake region to-day, the railway traffic is badly delayed.

Tammany Has Dirty Work for Bryan.

New York, Nov. 15.—The Martin Engle association of the Tammany hall organization of the eighth assembly district, voted to offer Wm. J. Bryan.

an a handsome fee to come to New York and take charge of the legal defense of the district captain of the eighth assembly district, indicted for alleged violations of the election laws.

Committed Suicide.

Fort Wayne, Ind., Nov. 15.—Frank Alderman, a wealthy real estate man, killed himself to-day with a revolver. He is thought to have been insane. He was a prominent republican.

Armor Plate.

Washington, Nov. 15.—Secretary of the Navy Long this afternoon announced a settlement of the armor plate controversy. The Carnegie and Bethlehem companies are awarded the contracts in the basis of \$420 a ton for Krupp armor and certain royalties, not exceeding a total of \$455.62 a ton.

Dead.

Washington, Nov. 15.—News was received here to-day of the death from typhoid fever of Mrs. McKinley's nephew, Assistant Paymaster J. B. Barber, at Hong Kong. The news came in the form of a dispatch to the navy department from the commander of the Monterey, to which young Barber was attached.

Suffocated.

New York, Nov. 15.—Dr. Christopher T. Allison, of this city, and an unknown woman, were found dead in a hotel room. Both had been suffocated by illuminating gas, and it is the opinion of the hotel proprietor and the police that the deaths were accidental. The occupants of the room failing to properly shut off the gas.

Fire.

Geneva, Ill., Nov. 15.—An explosion in the paint room to-day started a fire, which completely destroyed the Appleton Manufacturing company's plant. The loss is \$100,000, partly covered by insurance.

Riot by Students.

Omaha, Neb., Nov. 15.—In a battle this morning at the Omaha Medical college, between medical and dental students, for the possession of front seats, Dale Woods, of Schuyler, Neb., was fatally injured and Joe McCann, also a student, seriously hurt. Fists and sticks torn from the desks were the weapons used by the combatants.

ANOTHER NEW RAILROAD.

This Time It Is the Texas Central Line That Intends to Enter New Mexico.

The Las Vegas Record is authority for the statement that the long projected extension of the Texas Central railroad from Albany, Texas, to Las Vegas, is to be constructed, forming a trunk line to the Gulf coast. Fifty miles of the extension have been built to the west side of the Clear Fork of the Brazos river. The line is surveyed and the record is positive that it will be built and will be the first new railroad to reach the Meadow City. At the same time a projected railroad line from Las Vegas to Moro and Taos is to be built.

LIVELY RIOT!

Cigarmakers at Tampa, Florida, in a Fight.

Ex-Mayor Strong's Estate in Litigation.

Funeral of Marcus Daly in New York City.

POPULATION OF KENTUCKY.

Tampa, Fla., Nov. 15.—Rioting between the International and Restonia union cigarmakers began here to-day at the Kentucky of Gonzales, Mora & Co., which employs 500 Chinese. The Internationalists demanded that these men come out, and this demand was refused. An International man started to enter the gate and the police charged. The rioting was followed by the exchange of several hundred shots. The front and sides of the building was riddled with bullets. No one is reported injured. The police officers dispersed the mob. Every factory closed down at noon. The mayor has sworn in a hundred extra policemen and will take every precaution to prevent further rioting. The Internationalists have about eight hundred members here and the Restonia members number over three thousand.

Ex-Mayor Strong's Estate.

New York, Nov. 15.—Judge Lacombe, in the United States circuit court to-day, on an application of Eliza T. Griskold, of Philadelphia, issued an injunction against Mary T. Strong, E. Bradley Strong and R. Shattuck, individually and as executors of the estate of the late William M. Strong, which restrains them from parting with or disposing of certain mortgages, bonds, stocks and other securities claimed by complainants.

Funeral of Daly.

New York, Nov. 15.—The funeral services over the remains of the late Marcus Daly took place at St. Patrick's cathedral to-day. Solemn requiem mass was celebrated by the Right Rev. Bishop Bradley of Helena. The casket was then taken to Calvary cemetery and placed in the receiving vault.

Population of Kentucky.

Washington, Nov. 15.—The population of Kentucky as announced by the census bureau is 2,137,174, against 1,838,625 in 1890, an increase of 288,549, or 15.5 per cent.

SAD FATHER RETURNS HOME.

The Father of Ira F. Henry Goes Back to Topeka.

This morning, George Henry, the aged father of Ira F. Henry, who is in the county jail charged with infanticide and larceny, accompanied by the young man's uncle, Frank Henry, and cousin, E. A. Miller, returned to Topeka, Kansas. This morning, before the train upon which he was to take passage arrived, the father entered a barber shop to get shaved, and while the barber was performing his work, reference was made to the Henry case. The words reached the ears of the father, and the latter burst into tears, sobbing as if his heart would break, over the fate which has enveloped his son and wife, both having left their respective homes in Topeka with the best wishes for a happy future from the host of admiring friends, who, in August last, had assembled at the Topeka depot to see the people loaded upon their journey for Albuquerque. At Topeka they were considered an exemplary couple, regular attendants at church and the wife a member of a well-known church choir. The father, who had been received at this office, are started over the predicament into which the young married people have gotten themselves.

CONTEMPLATED IMPROVEMENTS.

What the Santa Fe Company Intend Doing at the Local Shops.

A few weeks ago The Citizen published an account regarding the contemplated extensive improvements and additions to the already big local railway shops, stating that plans and specifications were being drawn up, and that G. W. Smith, the well-known division master mechanic and superintendent of motive power, would ask that they be put into execution. At that time The Citizen gave a correct account of the improvements and additions. Since that time, so it is understood, the new shop plans have been approved by John Payer, chief engineer of the Santa Fe, and are now in the hands of President Ripley. Should Mr. Ripley give an approval at an early date, it is thought that work on these shop additions and improvements will be commenced sometime in January of the new year. Mr. Smith then stated that the additions would add several hundred more men to the present working force of the shops.

asked regarding the improvements at the local shops, stated that he was aware that the company intended to make early shop additions and improvements here, but he had not been officially informed when work would be ordered on these improvements. In fact he had not heard that the plans had been as yet approved.

THE VIADUCT PLANS.

Division Superintendent Hurley Consulted With City Surveyor Ross.

J. R. Hurley, the popular division superintendent of the Santa Fe, came in from the north in his "Nine Spot" car last night, and was sidetracked at the local depot. This morning The Citizen representative called at the car, in answer to several questions. Mr. Hurley stated that his mission here was to consult with Mr. Ross, and try, as soon as possible, to decide upon the exact plans for the construction of the viaduct, so that work can be commenced at an early day. Having important business up the road, the "Nine Spot" car was attached to the delayed No. 2, and Mr. Hurley left for the north. He will return to the city in a few days, when definite information when work will be commenced on the viaduct will be given out.

OPENING NIGHT ATTRACTION.

Proprietor Neher and Manager Zirkut Trying to Secure Good Company.

The Citizen has heard many complaints in the past few weeks that Geo. K. Neher, proprietor of Neher's opera house, does not intend to give an opening night attraction. This paper knows as a positive fact that Mr. Neher and his manager, W. J. Zirkut, have been looking up suitable attractions, and on this subject have received letters from Peter McCourt, manager of the Tabor Grand and the Broadway theaters of Denver. The following explanatory letter was received this morning:

Denver, Col., Nov. 12.
W. J. Zirkut, Manager Neher's Opera House, Albuquerque, N. M.
Dear Sir—Your favor of the 10th inst. to hand. Will do the best we can for you for an attraction to open your theater.

Yours truly,
PETER MCCOURT.

Mr. Zirkut states that letters have been written to several theatrical booking concerns of New York city, and it is hoped that something definite in regard to the opening night attraction will be received shortly.

MESCALERO RESERVATION.

Congressman Stephens Will Introduce Bill to Open It to Settlement.

An El Paso dispatch says: Congressman John H. Stephens has gone to the Mescalero Indian reservation. He will thoroughly investigate the conditions at the reservation for information in connection with the bill he is preparing to introduce in the next congress for the opening of reservation to settlement. To throw them on their own responsibility to now and give them sufficient land on which to make a good living, will make better citizens of them and give good homes to many American people who "in need of new lands."

BONES OF A ROBBER

Skeleton Found of Notorious Outlaw.

Chinese Treaty Ready in a Few Days.

Two Arizona Murderers Will Hang at Tombstone on Saturday.

POPULATION OF MICHIGAN.

Phoenix, Ariz., Nov. 15.—Between Casa Grande and Florence hunters found a skeleton which is believed to be the remains of Hurl Alford, the leader of one of the most desperate bands of train robbers that has ever operated in Arizona. There is scarcely a doubt that he was killed by William Sticks, one of the members of the gang. Wild animals had torn off the flesh from the skeleton, but peculiar marks on the skull and fittings in the teeth made identification possible.

Chinese Treaty.

Peking, Nov. 13.—The note from the Chinese plenipotentiaries will probably be ready to submit within the next ten days. This announcement was made at the conclusion of the meeting of the ministers. It is understood that all points under discussion have been practically agreed upon, except the minor phases of several of the most important questions. Concerning these points the ministers called for instructions, which they expect to receive before November 20, the date of the next meeting.

Arizona Murderers to Hang.

Phoenix, Ariz., Nov. 15.—Unless further clemency is extended by President McKinley or Governor Murphy, Thomas and Wm. Holderman will be executed on Saturday at Tombstone for the killing of Ted Moore and Atiyana Sandigan Ortiz, for the murder of W. S. Moffatt.

Washington, Nov. 15.—The population of Michigan announced officially by the census bureau to-day is 2,420,862, against 2,093,809 in 1890, an increase of 327,053, or 15.6 per cent.

Army of the Tennessee.

Detroit, Nov. 15.—The Society of the Army of the Tennessee to-day re-elected its present officers. General R. A. Alger, of Detroit, was re-elected vice president.

Patronize Home Industry.

The Union cigarmakers of Albuquerque call the attention of cigar smokers to the fact that two-thirds of the cigars consumed in this city are made in filthy tenement houses and by Chinese labor. These cigars are very dangerous to the health of the smoker. Smokers advised are not advertised because they are good, but because the jobber and retail dealer buys them cheap. Why not smoke cigars made at home and by doing so help build up the city of Albuquerque? If the smokers of Albuquerque would insist on having home-made cigars, Albuquerque would have at least twenty cigarmakers at work.

ALBUQUERQUE, — NOV 15, 1900

COUNCIL BILL, NO. 1.

An act to repeal the law providing for the establishment and maintenance of free public libraries by municipalities. It is enacted by the legislative assembly of the territory of New Mexico:

Section 1. That sub-section eighty-third of section 1462 of the C. L. of 1897, and chapter 31 of the acts of the thirty-third legislative assembly of the territory of New Mexico, be and the same are hereby repealed.

Section 2. This act shall take effect immediately after its passage.

The above is the full text of the first bill that may be enacted by the next legislative assembly. It will prevent the further taxation of the people of this city to support a private corporation, and will wipe out the public library, of which the citizens of Albuquerque have become so proud, and to the ownership of which no one ever supposed that a few members of the city would ever lay claim.

The people of Albuquerque have contributed the books which comprise the free public library. It is citizens who paid the taxes which have supported the institution, and we have all felt that it was in every respect the property of the city and owned jointly by our citizens.

When Mr. Reynolds so generously donated a home for the library, the original cost of which was \$25,000, and which he procured at a great sacrifice, our citizens unanimously decided to accept the gift, accepted, and the library installed in a permanent home, where it could grow and expand and increase in usefulness as the city developed.

If a few leaders imagine they can fool themselves into believing that the people of this city ever intended them to be the owners of the library, and they can make fools out of the citizens, then the members of the democratic city council are greater fools than even the republicans of Albuquerque ever gave them credit for being.

LABOR CONDITIONS.

Reports from trades unions affiliated in the National Federation of Labor show that in 500 unions the unemployed amount to but 23 per cent of the total. Probably the most important report is that the percentage is diminishing and likely to disappear almost entirely within the coming month.

To some extent this favorable showing is due to the fact that the unions embraced in the federation are strong and represent energetic and enlightened trade workers. But without general activity in trade and commercial circles it would be impossible for the organized union to keep practically all its men at work. It is also true, though not mentioned in the federation's report, that the wages which the men receive are likely to increase rather than diminish and that the present wages were mainly fixed by the unions.

The federation's report was hardly necessary to convince the public that the trades are busy and workmen well employed. The best of it is that this condition is likely to continue indefinitely. Ordinarily the prosperous conditions in the United States have been the result of a reaction from dull times which produced a depletion of manufactured products of every sort through the suspension of production. The present era of good times is different in a measure from anything the United States has hitherto enjoyed for the reason that it results in part from the steady growth of our export trade. That is to say, in former prosperous times Americans relied on selling to one another. At the time the United States is selling to all the world and the American manufacturer is not entirely dependant on American consumer for a market, but may sell his manufactures abroad if he sees fit.

BAROMETER OF PROSPERITY.

The degree of prosperity of the country is indicated by the general receipts of the government more accurately than in any other way. When people have money or when they make exchanges which pay a tax to the federal support the general aggregate produced in an unerring barometer of the public progress.

According to the annual report United States Treasurer Roberts has made public the net ordinary revenues of the government for the fiscal year were \$578,562,282 for the fiscal year of 1900, the next highest, by \$47,291,288. The increase of \$1,291,288 over the preceding year was contributed to by all general sources, but was chiefly from customs and internal revenue.

On the side of expenditure there was a net decline from \$595,338 in comparison with 1899, so that the deficiency of \$18,115,660 for that year was converted into a surplus of \$17,572,660 in 1900.

The aggregate amount of money of all kinds in circulation at the end of 1900 is estimated at \$12,132,244,932, an increase of \$180,810,744 in fifteen months. The increase per capita was from \$23.58 to \$27.01.

IRRIGATION CONGRESS.

The ninth annual session of the National Irrigation congress which this year meets in Chicago on November 21, 22, 23 and 24, promises to be of exceptional interest and of importance to the west. This is the first session of the congress, which has been held in any city east of the Missouri river, and it should be well represented by western men familiar with the subject to be discussed. Chicago is a great business center and the opportunity is a splendid one to present to the business people and interests of the country the entire problem of land and water.

FILIPINO JURY.

President McKinley has taken steps to put a stop to the secret work done by the Philippine jury, which had its headquarters at Hong Kong by requesting the government of Great Britain to make the junta move on or stop sending out literature to encourage the active work of the Filipinos. A similar request was made at the beginning of the war with Spain when a Spanish officer established a bureau of spies with headquarters in Canada, and was promptly granted.

The last legislature was led to believe that the library in this city was a public library and passed a bill imposing a tax for its maintenance. It now appears that the library is a private concern, and that being the case a tax for its support is illegal. The law will be repealed at the coming session.

OFFICIAL NOTES.

County School Superintendents Slow in Making Their Reports.

LAND OFFICE TRANSACTIONS.

SCHOOL STATISTICS.

From the Journal-Democrat of this morning we learn that the directors of the library association make the claim that the books in their possession are not the property of the city but of the people, and against whom the tax payer will have no redress in a court of law.

The first laws enacted by the Philippine commission were for the purpose of building roads and bridges, the building of a railroad into an inaccessible but exceedingly rich section of Luzon and the introduction of a permanent and adequate educational system. This method of "oppression" is likely to become popular with the Filipinos.

The treasury reports show that in the past year not only an increase of circulation per capita from \$23.58 to \$27.01, but the amount of gold in circulation exceeds all records in all countries and all ages, being now \$100 per capita. The entire amount of currency in the country in 1900 did not equal the gold which the people have now.

It is a generally accepted proposition that a city cannot appropriate public funds for the support of a private corporation or a private person, yet this is what the city of Albuquerque has been doing, if the position taken by the library association is correct, and it is an abuse which they ask the city council to continue.

Few people are so kind to the autograph fends as is President McKinley. It is said that in odd moments, when he has a pen in his hand, he will autograph a card to the number of fifty at a time, which, on applications being received are straightway forwarded to the petitioners.

Governor Otero's report on the territory for 1900 has been printed, the proof read and returned to the government printing office in Washington. It is expected that it will be issued in complete form in about six weeks. It is a fine report, handsomely illustrated, and will contain over 500 pages.

If the books which have been purchased by taxation and donation of citizens are the property of the library association, it is time that the city establish a system by which in the future it will become the owner of its own library.

Little Rhode Island began with five capitals and has just reduced the remaining number from two to one, finally settling its faith in Providence. Another amendment changes the state election from April to November.

Wall street stocks, since McKinley's election, have increased in value to the enormous sum of \$500,000,000. There has been more money poured into the street than ever before in its history.

The city library middle should be settled in a sensible manner. The city maintains the library by a public tax, and the library should be controlled to a certain extent by the city.

Vermont continues to be a rural state. It is the only state in the north that does not contain a city with a population of 25,000 or more.

From a pamphlet issued by the department of agriculture it is learned that irrigation with water is practiced in New Jersey.

This country according to the census returns has 24,216 inhabitants, a gain since 1890 of 4,300.

Philippine Earthquake.

The Philippine Islands are in a state of constant tremor. Most of these vibrations are so slight that they can be observed only by a special instrument invented for automatically recording the movements of the earth's crust. Earthquakes are as frequent in the human system as upon the earth's surface. A little disturbance of the digestive organs, and the entire system is affected. Many people pay little attention to small disorders of the stomach, but they keep gradually getting worse, and then comes the earthquake.

Smile and Suffer.

That's the motto of many a woman's life. She manages the home, receives friends, entertains company, with a smile on the face which is a mask to cover up her pain.

Those who note the dark ringed eyes, the lines about the lips, the pallor of the cheek, know the real story.

Such women are among the most grateful for the cures performed by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Prescription. To smile and not to suffer is something wonderful to them. Women suffering from biliousness, indigestion, inflammation, ulceration or the drains that so weaken the system, may take "Chamberlain's Colic, Cholera and Diarrhoea Remedy" with almost absolute certainty of cure.

It's almost sure to heal. It has cured ninety-eight per cent of those who gave it a fair and faithful trial.

Mr. H. A. Albrecht, of Austin, Texas, writes: "After five months of great suffering from biliousness, indigestion, and other troubles, I was cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy. I took four bottles of Dr. Pierce's Favorite Prescription, four of his Pleasant Pellets, and a stick of his Life-Saver."

Sick women are invited to consult Dr. Pierce's letter for correspondence. Address Dr. R. V. Pierce, Buffalo, N. Y.

Does it pay to buy cheap? A cheap remedy for coughs and cold is all right, but you want something that will relieve and cure the most severe and dangerous results of throat and lung trouble. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boecher's German Syrup." It not only soothes and stimulates the tissues to destroy the secret but also kills the inflammation, causes easy expectoration, gives a good night's rest and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by J. H. O'Reilly & Co.

THE BOUNDARY LINE.

The boundary line between the United States and Mexico has recently been reserved and marked by stone monuments in the form of obelisks located about five miles apart. The shafts are 10 feet high, 4 feet square at the base and 3 feet at the top, built on four pillars 4 feet square and placed 4 inches above the surface of the ground.

A Night of Terror.

"A awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctors said she could not live until morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from pneumonia, but she begged for Dr. King's New Discovery, saying that it had more than once saved her life, and had cured her of consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 60c and \$1.00. Trial bottles free at J. H. O'Reilly & Co's.

You cannot afford to risk your life by allowing a cough or a cold to develop into pneumonia or consumption. One Minute Cough Cure will cure throat and lung troubles quicker than any other preparation known. Many doctors use it as a specific for grippe. It is an infallible remedy for croup, whooping cough and all mothers endorse it. Berry Drug Co., Cosmopolitan Drug Store.

Gen. E. A. Carr has moved from Casa Oro to No. 418 West Gold avenue.

W. D. Arrighi, who was here the past few days, returned to Santa Fe this morning.

Complete sets of views of Albuquerque and vicinity; also Indian pictures at Brockmeier's.

J. P. McNally, the assistant division superintendent of this division of the Santa Fe, is here from San Marcial.

The children's class of Mrs. Walton's dancing school will meet next Saturday afternoon at 2:30 o'clock at Neher's opera house.

George E. Denny, the old Albuquerque postmaster, who was at Las Vegas on court matters, returned to the city last night.

Prof. Parramore states that he cannot take part in the program of the Catholic Century Bazaar this evening. He is otherwise engaged.

C. M. Foraker, the United States marshal, and Wallie Locke, left on the delayed passenger train this morning for Las Vegas on court matters.

The Grand Army of the Republic of this city will hold a meeting to-morrow evening at 7:30, at Harwood hall. All members are requested to be present.

A. J. Armstrong, Commander.

A. E. Macomber, of Flagstaff, who has been here the past few weeks on land matters, in which several Michigan capitalists are interested, was a passenger for Santa Fe this morning.

The New Mexican says: Charles Chadwick, of Albuquerque, spent yesterday in the capital and went to Lamy last evening, where he will receive several hundred sheep that he bought at Galisteo.

George F. Albright and W. T. McCright will leave here to-morrow morning for Las Vegas, where they are witnesses in the case of the United States vs. J. H. Tietzebaum, charged with violation of the postal law.

One day next week, Miss Mattie "Coolidge" daughter of Mr. and Mrs. William Colquhoun, will be united in marriage to Harry Freeborn, son of B. P. Freeborn, the carpenter and contractor. The Citizen extends its congratulations in advance.

Frank Silva, or better known as "Pink" Silva, formerly of this city, and who was known as the best piano player that ever came into this territory, during a first-class business trip with his orchestra in Winslow, Arizona.

For ledgers, journals, cash books and the like, merchants should leave their orders at the Citizen bindery. The best quality of that kind, with fast opening backs, at the most reasonable prices in the territory is done at this office. All work guaranteed.

Mother Angela, the mother superior of the Sisters of Loretto, headquarters at Lexington, Ky., was here yesterday, and left last night on a visit to the Flagstaff mission. The mother superior makes a visit every two years to the missions throughout the southwestern territory.

Nathan Barth, the well-known and wealthy sheep raiser, and A. W. Cleveland, the capitalist, returned this morning from Hudson Hot Springs, in great course, where they rested up the past few days. Mr. Barth is a sufferer from rheumatism, and returns somewhat improved. Mr. Cleveland has no special cares on his shoulders, and is merely an amiable Mr. Barth as a companion.

The Citizen in its item yesterday regarding the promotion of A. L. Conrad, local Santa Fe agent, to the position of general auditor of the southern Kansas division, stated that the vacancy here would be filled by F. W. Pate, transferred from Baton. It is now understood that the vacancy at Baton will be filled by W. R. Quick, agent at Lamy, and that F. S. Tricky will be the new agent at Lamy. Mr. Conrad doesn't expect to leave for his duties for a week yet.

Charles Chadwick is coming to the city as one of the most careful sheep buyers and brokers in central New Mexico. He and Duncan McGilivray returned last night from Lamy, where Mr. Chadwick supervised the loading into cars of 400 sheep from the McGilivray brothers, which he had purchased for James Milne, a big sheep raiser of Greeley.

Chadwick expects to receive to-morrow for shipment to Kansas 5,000 sheep from A. Eichwald, a sheep raiser of the Nacimiento mountains.

J. J. Furlong and Johnny Reut, two Santa Fe Pacific railroaders, have demonstrated the fact that they are possessed of big, generous hearts. Learning that a mother, with a two year old son, had been sent to this city by Las Vegas charity (?) in a pauper's case, destitute condition, they interested themselves in the cause of true and real charity, secured a fund for the mother by subscriptions, obtained for her transportation, and made on the road, and sent her and her baby to Oakland, Cal., with plenty in her pocket to keep the gaunt wolf from her door for several weeks to come.

Chadwick expects to receive to-morrow for shipment to Kansas 5,000 sheep from A. Eichwald, a sheep raiser of the Nacimiento mountains.

J. J. Furlong and Johnny Reut, two Santa Fe Pacific railroaders, have demonstrated the fact that they are possessed of big, generous hearts. Learning that a mother, with a two year old son, had been sent to this city by Las Vegas charity (?) in a pauper's case, destitute condition, they interested themselves in the cause of true and real charity, secured a fund for the mother by subscriptions, obtained for her transportation, and made on the road, and sent her and her baby to Oakland, Cal., with plenty in her pocket to keep the gaunt wolf from her door for several weeks to come.

George F. Albright and W. T. McCright will leave here to-morrow morning for Las Vegas, where they are witnesses in the case of the United States vs. J. H. Tietzebaum, charged with violation of the postal law.

One day next week, Miss Mattie "Coolidge" daughter of Mr. and Mrs. William Colquhoun, will be united in marriage to Harry Freeborn, son of B. P. Freeborn, the carpenter and contractor. The Citizen extends its congratulations in advance.

Frank Silva, or better known as "Pink" Silva, formerly of this city, and who was known as the best piano player that ever came into this territory, during a first-class business trip with his orchestra in Winslow, Arizona.

For ledgers, journals, cash books and the like, merchants should leave their orders at the Citizen bindery. The best quality of that kind, with fast opening backs, at the most reasonable prices in the territory is done at this office. All work guaranteed.

Mother Angela, the mother superior of the Sisters of Loretto, headquarters at Lexington, Ky., was here yesterday, and left last night on a visit to the Flagstaff mission. The mother superior makes a visit every two years to the missions throughout the southwestern territory.

Nathan Barth, the well-known and wealthy sheep raiser, and A. W. Cleveland, the capitalist, returned this morning from Hudson Hot Springs, in great course, where they rested up the past few days. Mr. Barth is a sufferer from rheumatism, and returns somewhat improved. Mr. Cleveland has no special cares on his shoulders, and is merely an amiable Mr. Barth as a companion.

The Citizen in its item yesterday regarding the promotion of A. L. Conrad, local Santa Fe agent, to the position of general auditor of the southern Kansas division, stated that the vacancy here would be filled by F. W. Pate, transferred from Baton. It is now understood that the vacancy at Baton will be filled by W. R. Quick, agent at Lamy, and that F. S. Tricky will be the new agent at Lamy. Mr. Conrad doesn't expect to leave for his duties for a week yet.

Charles Chadwick is coming to the city as one of the most careful sheep buyers and brokers in central New Mexico. He and Duncan McGilivray returned last night from Lamy, where Mr. Chadwick supervised the loading into cars of 400 sheep from the McGilivray brothers, which he had purchased for James Milne, a big sheep raiser of Greeley.

Chadwick expects to receive to-morrow for shipment to Kansas 5,000 sheep from A. Eichwald, a sheep raiser of the Nacimiento mountains.
