THE EASTERN
RAILWAY OF
NEW MEXICO

With Branches 385 Miles Long,
Starting at Rio Puerco on the
Atlantic & Pacific.

A STRAIGHT EAST
AND WEST LINE

La Joya Out-Off for El Paso and Mexico—
Short Line for Eastern and Gulf Traffic
—Capital \$9,625,000 Ready—
Incorporated Today.

Judge H. L. Waldo, solicitor for the Atchison, Topeka and Santa Fe railway, today filed incorporation papers in the office of Territorial Secretary J. W. Reynolds for the Eastern Railway Company of New Mexico. These articles indicate a coming change in the railroad situation of New Mexico which will be sweeping in its nature and will have far-reaching effects on the future prosperity and growth of the territory. The main line of the Eastern Railway Company of New Mexico will begin at a point on the Santa Fe-Pacific near Rio Puerco in Valencia county. It will then pass in an easterly direction, crossing the Rio Grande, probably near Belen, and going through eastern Valencia and through Guadalupe counties to the boundary of New Mexico and Texas, forming a junction with the Pecos Valley and Northeastern railway near Texas, just across the New Mexico line. The length of this main line will be 285 miles in New Mexico and it will run through Abo Pass, going thence to Fort Sumner, will cross the Chicago and Rock Island and Pacific railway near Llano station and the Santa Fe Central near Willard.

In addition to the main line, two branch lines are contemplated, one 55 miles long and the other 65 miles long, altogether in New Mexico. One of these branch lines will start at Rio Puerco and will follow the Puerco river to La Joya, Socorro county, there crossing the Rio Grande river, in township 2 north, range 1 east, to a connection with the main line of the Eastern railway of New Mexico in township 3 north, range 4 east, in Valencia county, somewhere near Abo Pass. This branch or cut-off will give a more direct line to El Paso from Chicago as well as from Los Angeles.

The other cut-off will begin at Brazil Springs near Fort Sumner, Guadalupe county, and running easterly through Guadalupe and Chaves counties, will form a junction near Portales with the Pecos Valley and Northeastern and then continuing to the eastern boundary into Texas, where it will probably form a connecting link with a direct line to Port Worth and Galveston. The total mileage in New Mexico of the Eastern Railway of New Mexico and its branches will be 385 miles.

The capital stock is \$9,625,000, divided into 96,250 shares, of which 438,000 have been subscribed, \$379,000 being subscribed by Edward P. Ripley, president of the Atchison, Topeka and Santa Fe Railway. The directors and incorporators are: Henry L. Waldo, Ralph E. Twitchell, F. C. Fox, Charles A. Spess of Las Vegas; Edward P. Ripley of Chicago; Victor Morawetz and Edward J. Berwind of New York. The headquarters will be at Las Vegas, San Miguel county.

The building of the Eastern Railway of New Mexico will revolutionize railroad traffic in this territory and will effect the fortunes of some of the towns on the Rio Grande, more or less favorably. It will be noticed that the line on the east side of the Rio Grande via Abo, Fort Sumner and Texico, is nearly as due east and west as can be considering the topographical conditions. That the transcontinental business of the Santa Fe railway will go through New Mexico mainly via this new road is certain; it is also sure that the Mexico business of the road will be sent through southern Kansas via the new line and La Joya, thence over the present Rio Grande division south. The line planned from near Fort Sumner east to a connection with the Pecos River division of the Santa Fe railway system, will certainly be used for the transaction of transcontinental business from Galveston to the Pacific coast. Belen, in Valencia county, in the neighborhood of which the new railroad will cross the Rio Grande and the Rio Grande division of the Santa Fe, is destined to become a most important railroad center. It is understood that the construction of the main line of the Eastern Railway of New Mexico will commence immediately and that its permanent location has been determined upon. The La Joya and Fort Sumner branches will not be constructed until the main line of the Eastern Railway shall have been finished.

This new road will prove an important factor in developing the portion of New Mexico east of the Rio Grande in Valencia and Guadalupe counties, a section understood to be capable of great development and of the latent resources.

While some individual towns north of Belen may not be benefited by the new venture, still the benefits that will accrue to the entire territory from this building will be found very great and most acceptable.

APPEAL FROM ORDER
OF JUDGE CALDWELL

Is Bought by Attorneys for Colorado Fuel
& Iron Company in United States
Court of Appeals at Salt
Lake City.

IN THE CIRCUIT COURT A MASTER
OF CHANCERY WAS APPOINTED

St. Paul, Oct. 30.—Judge D. C. Beaman and A. M. Stevenson, attorneys for the Colorado Fuel and Iron Company, appeared before Judge W. H. Sanborn in the United States court of appeals in this city today and prayed for an appeal from the order of Judge Caldwell, who in the United States circuit court at Denver, October 2, 1902, appointed a master in chancery to conduct and supervise the election of officers for the Colorado Fuel and Iron Company, and to determine who had a right to vote. C. N. Waterman of Denver, opposed the application. The hearing was adjourned until tomorrow, awaiting the arrival from New York of W. D. Hornblower, who will join with Waterman in opposing the application. The appeal is the result of the controversy between John W. Gates and his associates and the officials, directors and other stockholders, for control of the fuel company.

Terrill wrote her to come to Denver and he would help her. Last night she died in a sanitarium. When Terrill heard of her death, he took poison. He left a letter asking to be buried together.

SWAYNE REACHES BERBERA.

No Further Movements Against Mad Mullah by British
Troops at Present.

Aden, Arabia, Oct. 30.—Colonel Swayne, the British commissioner in Somaliland, reached Berbera in safety. His wounded are doing well. No further movement of the British troops against the Mad Mullah will be made until a large force is collected, which will be about two months hence. There is no doubt that Somaliland is the white feather in the recent fighting with the British followers. Colonel Cobbe is in command at Bechale, Somaliland, where the guns have arrived. The garrison there is not threatened.

TROOPS LEAVE
COAL REGION

Two Battalions Leave for Philadelphia—Two
Others Will Go Tomorrow—All Panther
Creek Collieries Resume Operations.

AT PARK PLACE COLLIERY

Strike Caused by Several Non-Union Men Not Being
Re-instated Is Ended—Mitchell Is Busy Compiling
Statistics to Present to Arbitration Board—
Went to Scranton Today.

Pottsville, Pa., Oct. 30.—It is expected that all the troops in the coal region will be ordered home before the beginning of next week. One battalion, located at St. Clair, and another at Minersville, left for Philadelphia today. The two battalions at Audenreid will be sent home tomorrow. All the collieries in the Panther Creek Valley will resume operations today. The Park Place colliery, in the Mahoning region, resumed operations today after several weeks' idleness. One thousand employees had gone on a strike because several union men were not reinstated. The leaders prevailed upon the men to return to work with the understanding that those who were discriminated against would be provided for by the union until they secured employment elsewhere.

RESUMPTION OF WORK.

Wilkesbarre, Pa., Oct. 30.—There was a general resumption of coal mining today, but as is generally the case after a holiday, quite a number of miners did not report for work. All the mines in operation, however, are capable of turning out more coal now than last week, and a large output is looked for. President Mitchell is busy at headquarters compiling statistics for presentation to the arbitration board when he is called upon. He said he did not expect to go to Scranton today. The various companies of the 4th and 8th regiments are leaving the region for their homes.

OFFICIAL STRIKE DECLARED.

Hazleton, Oct. 30.—The strike at the seven collieries of Cox Brothers, the four mines of Markle and Company, and the Silver Brook operation of Wentz and Company, was officially renewed today through an order issued by District Secretary Gallagher of the United Mine Workers, upon instructions from President Mitchell. The strikers at those mines were not permitted to return to work in a body, the Cox Brothers Company insisting that their employees make personal application for their former positions, and Markle and Company requiring that each man before going back to work promise to abide by the decision of the arbitration commission. The mine workers allege that the object of these requirements is discrimination against the men who were prominent in the strike.

ALLEGED SLAYER IS CRAZY.

Either That or a Liar, Says Detective Reynolds—He Is
Not Known at Address Given.

New York, Oct. 30.—William C. Johnson, who gave himself up to the Brooklyn authorities last night, declaring he was the slayer of Albert C. Latimer, who was shot at his home July last, was questioned today by the police. Johnson, when asked to describe the shoes, lantern and cap found on the Latimer premises, following the shooting, failed to do so. At the close of prisoner's examination, Detective Captain Reynolds said to him that he was either crazy or a liar. Johnson told the police that he lived at 464 North Eighth St., Philadelphia.

JOHNSON NOT KNOWN.

Philadelphia, Oct. 30.—Nothing is known in this city of William C. Johnson. The address given by Johnson, 464 North Eighth street is a stable and has been for several years. No person by the name of Johnson is known in the neighborhood.

THE MUSICIANS' STRIKE.

Members of Paris Orchestras, Theaters and Other Places
of Amusement Go Out at Noon Today.

Paris, Oct. 30.—The strike of the members of the orchestras of theaters and other places of amusement began at noon today. The strikers assembled at the labor exchange, bearing their instruments. Although the theater managers announced their purpose of fighting the strike, a number of them have already yielded rather than risk the loss of a protracted struggle. Most of the large music halls and cafes also yielded, and their orchestras have returned to duty, though a number of them continue to resist and are giving performances without orchestras.

RAYMOND GOES TO PEN.

Automobile Caused Injury of Twenty-Two Persons by
Negligence and Ostrich Six Months.

New York, Oct. 30.—Six months imprisonment in the Kings county penitentiary was the sentence pronounced today by City Judge Kellogg upon W. B. Raymond, the automobilist who was arrested after his machine had been in a collision with a trolley car on Sunday last. The accident caused injuries to twenty-two persons who were on the car. Judge Kellogg, in sentencing Raymond, said he was convinced that the automobilist had been negligent and should be punished.

AMERICAN CAPITALISM
AND LONDON PAPERS

The Globe Thinks the "Tube" Railroad
Debate in House of Commons a Melancholy
Foretaste of What May
Be Expected.

THINKS THEY HAD BETTER MIDDLE ON
OVERCROWDED AND BADLY SERVED

London, Oct. 30.—The Globe this afternoon, commenting on the "tube" railroad debate in the house of commons yesterday, says: "Last night's proceedings were a melancholy foretaste of what we are to expect under the rule of American capitalism. The real sting consists in the fact that American syndicates should have been allowed to fight over the body of the London citizens." The paper attributes the present condition of affairs to the apathy of the British inventor, but declares it is "better to muddle on, over crowded and badly served as we are, than to place our means of locomotion in the hands of the trans-Atlantic jobbers." In conclusion the Globe urges the government to control the "tubes." The other afternoon newspapers comment on the situation in a similar tone.

A COMPETENT WITNESS SPEAKS.

Colonel A. W. Harris of Kingston Gives His Views on
Ferguson's Charges Against the Territorial
Land Board.

To the Editor of the New Mexican.

Kingston, Oct. 27.—The issue of the New Mexican of the 24th instant contained a very candid and many statements concerning the false charges of the Democratic candidate for delegate to congress, against the board of public lands of New Mexico. Having been present in Washington, when similar charges were made before the senate committee on territories to prevent the confirmation of our worthy governor, I desire to state in the interest of common justice to the high minded and honorable board of public lands that after an extended consideration of the subject by said committee, composed of Republicans and leading Democrats, they unanimously exonerated his excellency, brushed aside the unsupported charges and reported in favor of confirmation. It would seem that after such distinguished investigation by leading Democratic statesmen, it is frivolous to say the least, to repeat those charges which can only be done to work upon the credulity of uninformed citizens and for the purpose of capturing votes in the coming election. Yours respectfully,

A. W. HARRIS.

SAN JUAN COUNTY POLITICS.

Pendleton Will Likely Receive Majority for Representative—Leon Garcia Nominated for the Council.
Editor of the New Mexican.

Aztec, Oct. 29.

After much trouble and consideration the Democratic executive county committee of San Juan prevailed upon Leon Garcia of Largo precinct, to accept the Democratic nomination for member of the council from the counties of Taos, Rio Arriba and San Juan. No Democrat could be found in the counties of Taos and Rio Arriba, who was willing to make the race against Malaguas Martinez, Republican candidate for that position and who has twice served the people of the district in that capacity, therefore it was given to the San Juan Democrats.

The sentiment in this county is growing very rapidly in favor of giving Greenville Pendleton, Republican nominee for the house of representatives, from the district a handsome majority. His excellent services for the county as vice-president of the Bureau of Immigration and while serving in the 34th legislative assembly, are being recognized and many Democrats say they will vote for him as he fully deserves a very complete endorsement.

Riot in Porto Rico.

San Juan, Porto Rico, Oct. 30.—Political rioting at Ponce was renewed yesterday evening. One man was killed and several were wounded, but not fatally. The rioting was renewed today. Business at Ponce is suspended.

Death of J. N. Irwin.

Kansas City, Oct. 30.—J. N. Irwin of Irwin Brothers Commission Company, died at his home here today of Bright's disease. He was 65 years old and in the 50's was a freighter, making many trips from Atchison, Kas., to Salt Lake City. Later Irwin and his brother held beef and mail contracts with the government and made trips to Denver, Salt Lake City and Santa Fe, N. M.

Cannot Stand the Crowd.

Quite a number of Las Vegas Democrats, who cannot stand the Democratic Pop-Union-Independent - Sorehead ticket put in the field against the regular Republican ticket of San Miguel county, have made a combination and have prepared a ticket which they will vote on November 4 next. This will be headed by H. B. Ferguson, Democratic candidate for delegate to congress, but the remainder of it will be composed of the regular Republican nominees. These citizens say they are Democrats and believe in Democratic principles, but cannot go the mess of crowd prepared for them by the combine. Hence, although they dislike to do it, they will vote the ticket above indicated.

Charles Rodolph, the fusion candidate for sheriff, has left Las Vegas for Roca. Some of Mr. Rodolph's good friends advised him to go home and keep his hands in his pockets with his money and not let the hungry herd in his ranks get a turn at him, as there was no hope for election.

Smith; for assessor, Stephen Canavan; for surveyor, Stephen Canavan; for school superintendent, L. L. Henry; for foreman, McVicker. The resolutions strongly endorse the territorial administration.

Working the Graphic Mine.

The Graphic mine, at Kelley, Socorro county, has again been leased by Capt. A. B. Fitch, of Magdalena, and he will shortly resume extensive operations of the same. A large concentrator is being built to handle the zinc-lead sulphide ores, of which the Graphic has an unlimited supply, 40,000 tons now being in sight. This concentrating plant, in connection with the large smelter already there, will make this one of the most complete mining properties in the southwest.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

Extract from the Congressional Record of June 25th, 1902, page 7,542.

President pro tem, of senate: 'The chair has been requested to restate the proposition, and will do so.'

The senator from Indiana, the chairman of the committee on territories, has stated in open senate today, that the committee will report on the territorial bill, so-called, on the third day of the next session of congress. Thereupon the senator from Pennsylvania asks unanimous consent, that on the tenth day if the senate is in session and on the first day thereafter if it may be in session if not on the tenth, the bill shall be made the unfinished business.

Is there objection? The chair hears none, and the order is made.

Marcelino Ortiz will perform the duties of assessor, if elected, efficiently and energetically. Give him a trial and this paper fully believes no mistake will be made in doing so.

Although Professor Adolph Lorenz of Vienna, Austria, who is making a tour of the United States, could make \$100,000 a day treating the children of the wealthy, he prefers to treat the children of the poor, receiving no remuneration therefor. In these sordid times it is refreshing to meet a man, who places so little value on money that he is willing to throw away \$100,000 a day in order to cure some poor child of disease and misery.

Candidate H. B. Fergusson is getting right shaky on the statehood question. He thinks that wobbling around the circle may get him votes. In this he will find himself mistaken.

The Republican candidates on the legislative and county tickets of Bernalillo and Valencia counties are sure of election. Happy combination of circumstances this for them.

The esteemed Albuquerque Citizen is inclined to poke fun at this paper. It perhaps feels like being a little jealous. No occasion for that and the valued Albuquerque Citizen knows this better than any one else.

Celso Lopez, Republican nominee for probate clerk, will be found a courteous and efficient official if elected. As to his competency, that is all right. His honesty is well established. Vote for him on Tuesday next.

H. C. Kinsell made this county a very good sheriff for four years and will do so again if elected by the people to the position for which he was nominated by the Republican county convention on Monday last.

Bryan's tour through Colorado insures victory to the Democrats, says the Rocky Mountain News. Colorado Democrats have fallen to low estate if their chances for victory depend upon the visit of Bryan to the Centennial state.

Among the other sights of the St. Louis exposition will be that old reprobate, the King of Belgium, if Providence does not call him hence before that time. Now if Aguinaldo could be induced to come also, the exposition would need no Midway at all.

B. S. Rodey, Republican candidate for re-election to the 58th congress, is making an interesting, efficient, and telling campaign. His speeches are making Republican votes wherever he goes. Rodey is all right and will be re-elected on November 4 next.

The Republican nominees for members of the house from the county of San Miguel, W. H. Coleman, Gregorio Gutierrez and Pedro Romero, are respectable and good citizens, and will do good work in the positions, if elected. Reports indicate that such will be the case. Good enough.

The Boer commanders, Kritzinger, Fouché and Joubert, were mobbed by Englishmen at Cambridge in England this week. Commander Kritzinger was obliged to scale a wall and hide in the brush to escape the fury of the people. It must have been a reminder to him of the days when Lord Kitchener chased him across the veldt.

A. L. Kendall, candidate on the Republican ticket for county commissioner from the 2d district, and Nicolas Quintana, for county commissioner from the 3d district, can be depended upon to do what is right and for the best interests of the county and for the county's affairs as such commissioners. They should be elected to these positions.

James S. Duncan and Charles A. Spiess of San Miguel county, so all reports agree, will represent the counties of San Miguel and Guadalupe in the legislative council of the next assembly. The voters of those counties can have no better representatives to look out for their interests and work for the benefit of the entire territory.

Marcos Castillo, Republican nominee for probate judge, has been a Republican for many years, and will, if elected, administer the duties of the office fairly and honestly. There is no good reason why he should not be elected to the office for which he was nominated and hence the Republican citizens should give him their favorable votes on election day.

Secretary of the Treasury Leslie M. Shaw at Omaha on Monday evening, said: 'The Sherman anti-trust law was the first, last and only law ever passed to control the trusts. It was written by Sherman, signed by Harrison, and is being enforced by Roosevelt. What has the Democratic party ever done? And echo asks: 'What has the Democratic party ever done for New Mexico or for any other part of the Union?'

If you wish the affairs of the important office of treasurer and ex-officio collector of the county administered in a proper and honest manner, you can rest assured that James D. Hughes, Republican nominee for that position, if elected, will conduct the affairs of the office honestly and to the satisfaction of the people. Hence he ought to be elected.

Bird S. Coler, Democratic candidate for governor of New York, will receive something like 75,000 majority in New York City, his vote being mostly recruited in the slums which are controlled by Tammany and in which 80 per cent of the voters are foreigners. But the state of New York, outside of Gotham, will come down to the Harlem river with 150,000 majority for Odell, the Republican nominee. The hard-headed farmers, businessmen and mechanics of New York State can be depended upon to give a good Republican majority.

Vice Admiral Lord Charles Beresford who has been visiting in the United States, has returned to England. In his first interview after landing at Liverpool, the admiral said: 'The United States is certainly ahead of us in engineering and administration and we need to adapt ourselves more to modern ideas.' He also added discreetly: 'If Great Britain and the United States were joined in the interest of universal peace, and if the rest of the world wanted to fight these countries, then let the rest of the world look out.' It is a long time since Great Britain has expressed any desire to fight the United States and of late years it has been extremely anxious to join cause with Uncle Sam.

Domingo A. Ortega of Sabin, Republican candidate for member of the house of representatives from the counties of Socorro and Sierra, is an intelligent and bright young man and very strong with the people of the river precincts in Socorro county. He will make a good and safe member of the house. The Republican voters of Socorro and Sierra counties ought to cast their ballots for him on election day, as he fully deserves this.

Celso Baca, Republican nominee for member of the house from the county of Guadalupe, is one of the best known citizens in the territory. He has been in politics for over forty years and has filled many offices of honor and trust. He has served several terms in the legislative assembly, and has always proved himself a valuable member of that body. He will do so again if elected. The people of Guadalupe county will do well by themselves by returning him to the house of representatives of the 35th legislative assembly.

Carl A. Dalles of Valencia county, who served in a most acceptable and capable manner in the house of representatives in the 34th legislative assembly, has been renominated for that position on the Republican ticket and will, of course, be re-elected by something like 1,600 majority. Mr. Dalles was one of the most conscientious, hard working and efficient members of the last assembly, and it is certain that he will duplicate this good record in the 35th legislative assembly. He is one of the growing young men of the territory.

The legislative council of the 35th assembly will be strongly Republican. It is, therefore, but good common sense and good party policy that Santa Fe county should be represented in that body by a Republican, especially if the Republican candidate is as worthy and well qualified for that position as is Amado Chaves. The voters of his county will but act for their own best interests by electing him to represent them in the council in the coming assembly. That he will do so in the best possible manner, is not doubted by any citizen acquainted with the situation and with Mr. Chaves.

Democratic congressmen in the east who are interested in statehood for New Mexico, are astonished that the Democratic party of this territory has nominated a candidate to oppose Delegate B. S. Rodey. Under the circumstances, these Democratic congressmen, including three of the Democratic members of the house committee on territories, declare that it would not only have been good policy for all New Mexico citizens, but also good politics for the Democratic party of New Mexico, to have endorsed Delegate Rodey for re-election and to have made their fight for recognition and victory after statehood had been granted.

Colonel J. Francisco Chaves, the veteran legislator of the territory, will be a member of the legislative council of the 35th legislative assembly, his fellow citizens of Valencia county having honored him with re-nomination in their convention held at Los Lunas on yesterday. The colonel's great ability, progressiveness, energy and efficiency as a member of the council are too well known to the people of the entire territory to need any more commendation, but one thing should, however, be said and this is that with advancing years and with ripe experience, Colonel Chaves becomes more and more valuable to the people as a member of the council.

The southern tier of counties in the territory has for many years been the Democratic end of New Mexico. This condition of affairs is likely to be changed on the coming election day, and it is beginning to look as if W. A. Hawkins and A. B. Fall, who are candidates on the Republican ticket for members of the council, would be elected, and as if a majority of the members of the house of representatives from that section will also be Republican. Conditions and times change and men change with them. The Republican nominees for the council and house from the counties of Lincoln, Chaves, Eddy, Otero, Dona Ana, Luna and Grant, are strong men and are making interesting fights and the chances are in their favor. The candidates for members of the house are: Major W. H. H. Llewellyn, for Dona Ana and Otero; R. W. Turner for Grant and Luna; A. W. Pollard for Dona Ana, Otero, Grant and Luna, and W. E. Homan for Lincoln, Chaves and Eddy counties. Success to them all.

For Nearly Two Years Unable to Lay in Bed

"In my capacity as druggist, in Buffalo, N. Y., I have the best opportunity to judge of the merits of many different remedies. I am in close touch with the sick, who come into my store for medicines, and most of them tell me how they are getting along. Of all the hundreds of preparations which I sell, not a single one begins to give as much satisfaction as Acker's English Remedy for Coughs, Colds, Bronchitis, Asthma, Pleurisy and Consumption. I sell it on a distinct guarantee that it will cure, or the purchaser's money will be returned. This is a perfectly safe guarantee, because the remedy does cure. Nobody wants his money returned. His cures are nothing short of marvelous. Take the case of Mr. A. H. Gilbert, for instance. He lives at No. 5 Carey street, Buffalo, N. Y. For more than three years he had a bad case of asthma, and had been unable to lie down in bed for nearly two years. He came to my store and asked me what to do. I said: 'Take Acker's English Remedy.' He said he had tried other remedies and didn't think this would help him. But he thinks differently now. Three bottles fixed his asthma all right. He could sleep and eat and take them, as well as when a boy. He was cured several months ago, and is well yet, so I am certain his trouble is gone for good. You can write to Mr. Gilbert himself, if you doubt my word. He will go farther than me in praising Acker's English Remedy." (Signed) S. H. Thomas, druggist, Buffalo, N. Y.

Sold at 25c, 50c and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 6d. and 3s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back. We authorize the above guarantee. W. H. ROSE & CO., Proprietors, New York. Fischer Drug Company.

REPUBLICAN RESOLUTIONS

Adopted at the Territorial Convention Held at Raton October 10.

The Republican party of New Mexico by its representatives in convention assembled, before proceeding with the work which has called us together, deem it proper and fitting that we should as such representative body profoundly deplore the untimely death of President McKinley which shocked the world only a year ago, and that we should pay a silent tribute to that great American and truest exponent of the principles of our party whom we so highly eulogized at our last convention. The work which then received our encomiums was more lasting and far-reaching than we then knew, and the noble character of William McKinley and the deeds he wrought for the welfare and glory of his country, are more enduring than the stately monuments now raising by the people to his memory. As a citizen a model of integrity and domestic virtue, as a statesman the author of the practical system which has made his name a synonym for prosperity. As a president, wise and strong, bringing together hostile interests and conflicting sections, until at his tragic death there was but one lament, and a common sorrow for the great, wise, and good man who had gone. Let us rise, and stand with bowed heads, and sorrowing hearts in memory of our great leader.

Be it resolved,
That we again endorse the National Republican platform at Philadelphia upon which President McKinley and President Roosevelt were elected, and under which prosperity has continued in our land, our prestige has been increased abroad, and a new republic has been added to the nations of the world. By the wise and patriotic administration of President McKinley and its continuance by his successor, American industries have prospered as never before and our commerce has expanded until the world is our market.

That we recognize in President Roosevelt a fit successor to President McKinley, faithfully carrying out his policies, and when new emergencies arise, meeting them with the strong courage of conviction. And we believe President Roosevelt has shown that he deserves the position which he now holds by the suffrages of the people, instead of by statute, and we heartily favor his nomination for president in 1904, when we hope to cast for him our first electoral vote.

We most heartily endorse the administration of Governor Otero in the territory, which has resulted in improving our financial standing and moral credit at home and abroad. It has induced new capital to come into the territory, and protected what was already here. And especially we endorse his personal and official efforts to improve the method of assessments and taxation which have resulted in adding one and one-half million to our tax rolls for the present year. His official and personal conduct has been subject to the most searching scrutiny by two presidents and two senates with the result that it has been approved by them, and on that result we sincerely congratulate him.

We endorse our delegate to congress, Hon. B. S. Rodey, for his earnest and untiring efforts on behalf of the territory not only in Washington but wherever he might be, and especially for his tireless exertions to secure us statehood, which have resulted in getting us nearer that deserved position than ever but once before. And we urgently pray the honorable senate of the United States at once to take up and pass the bill now before it for our admission as a state.

We denounce the so-called 'Stephens or Culbertson bill' now pending in congress which is aimed to deny us the use of our waters for the benefit of certain individuals in Texas and Mexico, and earnestly pray as a matter of right and justice that the government cause its suit now pending to prevent the storage of water at the Elephant Butte dam to be withdrawn, in order that this great work of internal improvement may proceed.

We extend our hearty thanks to congress for the passage of the bill establishing reservoirs in the western states and territories and hail it as a long step in the direction of recognizing the claims of the west for assistance which has been so long postponed by the east.

We pray that congress may so amend

the act donating lands to the territory that the sale and leasing of the same may not be restricted as now. In order that we may derive more immediate revenue for the benefit of our common schools and public institutions.

We believe the action of congress in the government of the Philippines, to be wise, just and humane, and must result in great ultimate good to those people and that the retention of the army there is a necessity caused by their own acts and for which they alone are responsible, and we believe that the conduct of that army under the most trying circumstances of climate and conditions to have been most praiseworthy and humane. We denounce as unworthy of the name those Americans who have assailed that army and sought to bring discredit upon the gallant officers and men who are upholding our flag in that far-away country.

We affirm that the Republican party is the first and only one to take any practical steps towards the suppression or control of so-called trusts or unlawful combinations of capital. The 'Sherman law' passed by congress in 1890 has not proved adequate to the end, but the Republican party through its president and law officers is endeavoring by every legal means to control such combinations where they exist and a special bill is now being framed to be presented at coming congress for that purpose, and we denounce as willful falsehoods all charges made by the Democrats, that the Republican party is in favor of or in any manner friendly to such combinations of capital.

Resolved that we regard the coal oil inspection law as detrimental to the best interests of the people of the territory and we recommend its repeal at the earliest possible moment.

The loose leaf ledgers which are on sale at the New Mexican office, are rapidly growing in favor. It is the best patent that has been issued and the saving to the business man in not carrying a book of dead pages is considerable. For convenience and economy and for keeping the book up to the mark with live accounts only, the loose leaf ledger is the best arrangement yet issued.

Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with indigestion and dyspepsia which grew into the worst form. Paint it Now

If your house needs painting, paint it now—this fall—with **THE SHERWIN-WILLIAMS PAINT**. Here are some of the reasons why you should do so.

1. The weather is settled and you don't have to contend with the spring rains.
2. You will protect it against the winter's snows and storms.
3. You will avoid the annoyance of gnats, flies, and other insects sticking to the surface.
4. There is likely to be less moisture in it now than any other time; moisture is what often causes blistering, cracking, and peeling.
5. S. W. P. costs less by the job than any other paint because it wears longest, covers most, looks best, and is most economical.
6. S. W. P. is best because it's made from best materials—pure lead, pure zinc, and pure linseed oil. It always satisfies; never goes wrong if rightly used.

Probate Clerk Manuel Delgado today sent the ballot boxes and election books to the precincts which can be reached by registered mail.

Saturday being All Saints day there will be a celebration of the Holy Communion in the Church of the Holy Faith at 10 o'clock in the forenoon.

Cañito Alarid again informs the New Mexican that he has absolutely withdrawn from any connection with the so-called Independent Republican ticket and that he is at work for the success of the regular Republican ticket.

Thousands of goats are reported grazing north of here between the city and the Pecos forest reserve in the Santa Fe canon. They should be removed at once. The reason for this is very obvious.

Hon. H. B. Fergusson, Democratic candidate for delegate to the 58th congress, will arrive here tomorrow and speak at the Court House at 7:30 p. m. The Democratic territorial committee requests every citizen to be present.

Judging from the mutterings the news reporter hears on his rounds from the representative citizens of the city, the present city council had better put back the street lights if they don't want to die politically.

The precipitation in the mountains last night and today was heavy as the increased flow of the Santa Fe river indicated today. Mount Baldy and the Lake Peaks received a fresh blanket of snow.

The clouded sky and slight rain last night seemed to have had quite a rounding-up effect upon the Knights of the Grip. Just a round dozen of these good humored fellows registered at the hotel this morning.

Several deer have been seen recently within a few miles of Santa Fe and pot hunters have been after them. The law forbids the killing of deer at this season for the next three years and game wardens should bear this in mind and keep a watch. Pecos forest reserve rangers should also do some careful watching and prosecute breakers of the law.

The local telephone company has issued cards with instructions how to turn on fire alarms. The directions say "To operate fire alarm boxes, to turn in an alarm, pull down lever or handle until it stops and then release it." The fire alarm boxes in the city are located as follows: First ward—No. 12, College st., corner De Vargas; No. 13, College st., corner Manhattan; No. 14, Canon road, corner Delgado. In the habeas corpus proceedings before Judge Parker at Silver City in the case of J. B. Gooch charged with the murder of J. B. Ross, no decision has as yet been rendered, the same being withheld until a topographical map of the ground where the tragedy occurred can be made, as one of the most important points in the case hangs upon the exact location of the pitchfork after the shooting. At the preliminary trial Gooch was held without bail to await the action of the grand jury, and habeas corpus proceedings were immediately applied for but Judge Parker was away and only returned to Silver City a few days ago. The principal witnesses in the case are Alexander McKee, Otto Henchling, Arthur Turner, Archibald McGregor and Mr. Turner.
