tion decided to abandon their Balkan expedition leaving Greek Macedonia at the mercy of the various Bulgarians with their army already in the field. As the statements of the French and British respecting a serious continuation of the Balkan campaign leaving Greece in doubt on this point it was said there was no present possibility either of the demobilization or withdrawal of the Greek troops from Saloniki. But the moment the allied forces operating in this field assume proportions sufficient to guarantee a serious prosecution of the Balkan campaign render-

## Dr. Osler on Tuberculosis

Dr. William Osler, Professor of Medicine at Oxford, says in his "Practice of Medicine" (1907), on page 216: "The healing of pulmonary tuberculosis is almost entirely by the recovery of patients in whom the disease is not advanced."

The success of Osler's treatment of tuberculosis was due partly to the use of a thin bed of straw combined with other suitable conditions as to diet, rest, and the use of cod liver oil.

It is worth a trial, unless other treatment already is succeeding. It is a simple, practical, and safe method, and it is a fact that it has been used with success in many cases.

Osler's Laboratory, Philadelphia.

ing Greece's own defense in Macedonia, the king will not refuse to consider demobilization, at least the withdrawal of the Greek troops from Saloniki if their presence is regarded as embarrassing to the movements of the allies. It is likely that a solution of the Greek-Balkan differences will be reached along these lines, it was said.

## AUSTRIANS REPORT VICTORY OVER SERBS

Austrian Headquarters, Nov. 23 (via London, 10:40 p. m.)—General von Goltz's army yesterday pushed back the Serbians fighting northward of Pristina to within about thirteen miles of the city and took Sunday and Monday 12,000 prisoners.

## GREEK TROOPS NOT TO DO ANY FIGHTING

Athens, Nov. 23 (via Berlin, to London, 8:55 p. m.)—M. Pansouris, the Bulgarian minister, in an interview today announced he had good reason to believe that the Greeks under no circumstances would allow their troops to march against either the Bulgarians or the forces of the central powers.

## FOG RETARDS ACTION OF ARTILLERY; DAY IS QUIET

Paris, Nov. 23 (10:35 p. m.)—The following official communication was issued by the French war office tonight:

"The day was calm on the whole front, the fog retarding the artillery action. Our batteries quietly silenced the enemy artillery which attempted to destroy our trenches in the region of Rohrbach, our positions between the Aisne and the Argonne as well as in the region of La Prete wood."

"Several mines were exploded without inflicting action in the Argonne, to the north of Houville and in the Malmout wood."

"The Belgian official communication reads: There has been slight activity on the part of the enemy artillery. Some projectiles were thrown on our position and against several points along the front. Our artillery dispersed numerous groups of enemy troops."

## PURE BEST

Every mother should see that her children are given bakings made from Pure Food. Their health and happiness depend upon this care.

**Pure Best Baking Powder**

is guaranteed pure and highest in quality. The children will delight in your bakings which are so delicious, good and wholesome. It will do away with indigestion, the common ailment of children, and it is economical in use.

## MILLION ENGLISHMEN TO BE IN FIELD IN MARCH

Paris, Nov. 23 (11:22 p. m.)—Earl Kitchener, the British secretary of war, in conversation with Greek officials in his recent visit to Athens is reported to have declared that England will have in next March 1,000,000 soldiers under arms and will be in a position to act and prevail.

8,000,000 Russians and that consequently it would show great stupidity to think the war would end otherwise than in complete defeat for Germany.

This information is contained in an Athens dispatch to the Hays agency, which adds that Lord Kitchener admitted that declaration of war found the entire powers immediately prepared for an open campaign, but said that the allies had known how to utilize the time that has since elapsed to complete their military preparations.

ITALIAN TROOPS LAND ON ALBANIAN TERRITORY

London, Nov. 23 (11:44 p. m.)—Italian troops have begun landing on Albanian territory, according to a dispatch to the Journal in Saline forwarded by the Central News agency from Zurich.

COE DI LANA IN HANDS OF AUSTRIANS

Berlin, Nov. 23 (Day Wire)—The following official statement by the Austrian war office has been received here:

"On November 21 the enemy directed a vigorous attack against our Sanjak army in order to hamper its movements toward its new positions, but the effect was nullified."

"Artillery duels continued on the other fronts."

MONTENEGRIAN OFFICIAL REPORT TELLS LITTLE

Paris, Nov. 23 (11:45 p. m.)—The following official statement by the Montenegrin war office has been received here:

"On November 21 the enemy directed a vigorous attack against our Sanjak army in order to hamper its movements toward its new positions, but the effect was nullified."

"Artillery duels continued on the other fronts."

SHORTAGE OF A CENT AND THIRD CAUSES CONTEST

(BY MORNING JOURNAL SPECIAL LEADERS WIRE)

San Francisco, Nov. 23.—Contests developed today over the seating of delegates to the ninth annual convention of the American Federation of Labor because of one and two-thirds cents were unpaid in one case and because the United Brotherhood of Carpenters and Joiners of America, in another case, displayed astoundingly hostile in obeying the federation's request that it renege with the building trades.

W. H. Johnson, president of the machinists, said that the shortage, if it existed, was caused by the necessity of competing so many fractions.

Another dispute was caused by the unexpected appearance of seven delegates from the carpenters, headed by P. H. McCarthy, president of the state building trades council of California.

The American Federation of Labor is in closing session yesterday requested the carpenters to renege with the building trades department.

Officers of the convention expressed surprise at the speedy obedience to this request. They said it was customary for application for affiliation to be filed three months in advance.

When these two questions, brought up by the report of the credentials committee, were settled the convention adjourned until tomorrow.

GERMAN ATTACHE IS INVOLVED IN ALLEGED BREACH OF NEUTRALITY

(Continued From Page One.)

the case of Karl Buerger and others in New York kept the Pacific coast alive with interest for months after the European war started.

The steamer Sacramento, newly bought and named, sailed October 12, 1914, with a cargo of supplies and turned up at Valparaiso, Chile, with an empty hold. It was admitted that the German cruiser Leipzig got the steamer. There, from four individual shippers, six officers and several members of the Sacramento's crew were indicted on charges of making a false manifest and getting clearance papers fraudulently, but they have not been brought to trial.

The steamer Massilia, formerly owned by Capt. Fred Johnson, now said to be a lieutenant in the German navy, took a large, mostly coal, to Guaymas, Sonora, Mexico, and on October 24 was towed to the coast where the cargo would be delivered, according to the clearance papers. Johnson took the coal to Guaymas and unloaded it on lighters when it was transferred to the steamer. Suit for forfeiture of the vessel was filed in court holding that the coal was delivered in Guaymas harbor.

The other boat, the Olsen and Mather, attracted attention. Customs officials heard an invention of her captain and it was immediately unloaded, suit for \$100 was brought by her owners against John O. Davis, collector of the port, was dismissed at the owner's request.

OFFICIALS DECLINE TO COMMENT ON EVIDENCE

Washington, Nov. 23.—No official comment was forthcoming here today on the testimony in the federal court at New York that Captain Bueger, naval attaché of the German embassy, placed a leading part in an alleged conspiracy to defraud and deceive the United States by sending neutral ships from American ports in provision and coal German men-of-war at sea.

Officials pointed out informally that it would be improper to discuss the case while it was pending before the court.

So far no prosecution in the courts is contemplated, the attaché enjoys diplomatic immunity regardless of what might be proved his activities in the past now on trial.

## ALL BOYS JUST SAVAGES, AVERS DR. M. V. O'SHEA BEFORE N.M.E.A.

Noted Wisconsin Educator Tells Parents the Whys and Wherefores of Many Things Their Children Do.

INDUSTRIAL CLUBS ARE DISCUSSED BY HOGANSON

Speaker Connected With Department of Agriculture's Rural Work Tells of Efforts and Accomplishments.

Dr. Michael V. O'Shea certainly knows the boys. Many a parent in the large audience that again greeted the speaker yesterday afternoon at the auditorium recognized in his declaration the one particular boy who is the pride and joy of the time the speaker of the address was "The Child as He is at the Present," and the speaker made clear many of the things about the boy and the girl that often are inexplicable to the adult parent. At the same time he emphasized the sad truth that there is much difference between boys, they are all more or less savages, with the primitive instinct to eat and to fight whenever opportunity offers.

Dr. O'Shea took occasion to declare against intercollegiate and interschool sports. Two-thirds of all the students who engage in them, he said, suffer from contagious war and one half of them break early in life. At the same time, he would encourage intracollegiate and intraschool exercises, in which all boys participate and not just a highly specialized and developed group. He predicted that intercollegiate football will be banished within the next few years and voiced a terrible indictment of college and high school athletics as now carried on.

Primitive man's greatest problem was to get food and that is why the primitive man reproduced causes the baby to grab everything and take it to his mouth, he said. Primitive man had a right to fight and to defend himself. He predicted that intercollegiate football will be banished within the next few years and voiced a terrible indictment of college and high school athletics as now carried on.

## O. C. ZINGG HELD BY OFFICERS AS BEING DERANGED

President of El Rito Normal School Taken Under Observation After Series of Somewhat Peculiar Actions.

East Las Vegas, N. M., Nov. 23.—O. C. Zingg, president of the Spanish-American Normal school at El Rito, N. M., was held by officers of the El Rito Normal school today after a series of somewhat peculiar actions.

At the store of Ludwig Hefel, a hardware merchant, he asked to purchase a revolver and some cartridges. He was told that he was not allowed to purchase a revolver and some cartridges.

## RODRIGUEZ USES RUSSIAN ENEMY AND IS ESCAPING

Few Men Deceive Scouts of Carranza Force While Main Body of Cananea Garrison Heads Toward Nogales.

Douglas, Ariz., Nov. 23.—Gen. Jose Rodriguez, commanding the column of Carranza troops around Cananea, evacuated that city Saturday and is heading toward Nogales with all but a few hundred of his men, who have been engaged since Saturday in misleading Carranza's commanders. This is generally admitted by Carranza officials today when it was definitely established that Rodriguez is making his way via Juarez over mountain trails toward Nogales.

While no official expression could be obtained in Agua Prieta today it was intimated in official circles that some of Carranza's commanders to whom was given the task of closing Cananea, and the main body of the Carranza force, are expected to arrive in Agua Prieta today.

The arrival of Rodriguez at Nogales, it was said, would mean that Carranza's main body of troops would be in a position to fight a pitched battle with a force, variously estimated at from 2,000 to 3,00

## RESEARCH WORK IN ARCHAEOLOGY HIGHLY PRAISED

New Mexico Association of  
Science Gives Banquet and  
Elects Officers; Intensely In-  
teresting Session Held.

C. T. Kirk, of the University of New Mexico, was elected president; F. A. Jones, of the School of Mines at Socorro, R. D. Barnes of State College at Las Cruces, and T. D. Rodgers of the Normal University at East Las Vegas, vice presidents; R. W. Goddard of the State College, corresponding secretary; Paul A. P. Walter of the School of American Archaeology at Santa Fe, recording secretary, and T. C. Mackey of the School of Mines, member of the educational council of the New Mexico Association of Science at a banquet held yesterday noon at the Christian church. Covers were laid for thirty members. Kirk presided and the session was opened by R. K. Larkin, referred to as the spirit of the association, who told of his experience in the study of the prehistoric cliff dwellers. He said that the study of the prehistoric cliff dwellers is a study of the primitive mind, and that the study of the primitive mind is a study of the human mind. He said that the study of the primitive mind is a study of the human mind, and that the study of the human mind is a study of the primitive mind.

That research work of a very substantial character is being done by New Mexico institutions and savants was demonstrated at the second session of the Association of Science. When K. M. Chapman of the School of American Archaeology had concluded his interesting illustrated address on the cave drawings of the prehistoric cliff dwellers, C. T. Kirk who presided declared: "This is the style of original investigation and character of paper that this society seeks to encourage." Mr. Chapman read part of a monograph he is preparing for publication and it was the first public announcement and presentation of the wonderful discoveries made by the School of American Archaeology in the Pajarito plateau. It threw much light on the evolution of primitive design and the relation of the primitive cliff dwellers to the surrounding tribes. Mr. Chapman demonstrated that pottery design had been developed not only by the primitive mind, but also by the primitive hand. He said that the study of the primitive mind is a study of the human mind, and that the study of the human mind is a study of the primitive mind. He said that the study of the primitive mind is a study of the human mind, and that the study of the human mind is a study of the primitive mind.

## THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia  
E. Pinkham's Vegetable  
Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong."

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## Returns to His Church After Battle

This striking photograph was taken in the Champagne country after the greatest battle ever fought, a battle in which some 250,000 men were killed and wounded. The priest was driven out when shells burst over his head. He went back and the photographer caught him looking at his wrecked altar. The little church was not so famous as the cathedral at Rheims, which was bombarded, but it was just as dear to the pastor and his smaller flock.

Kramer, teacher, San Juan day school, Hirsch, graduate, Mr. Clyde M. Hirsch, principal, Albuquerque Indian school, 10:45 to 11:30—Renewing the grounds—Discussion led by Sup't. F. Snyder, Inspector E. L. Hammond and Mr. P. W. Callahan.

11:30 to 12:00. Business Session Election of officers. Library Section. "The Teacher and the Library," Dr. F. H. H. Roberts, discussions, "The Child and His Book," Mrs. R. P. Asplund, discussions.

"The Library and Teacher as Aids in the New Mexico Farmer and Rancher," Miss Floy E. French, discussions. School Peace League.

## LUNCHEON GIVEN FOR JOHN LENTZ AT SANATORIUM

Prominent Member of Moose,  
in City for Educational Con-  
vention, Given Facts on the  
City's Advantages.

John J. Lentz, one of the managers of Mooseheart and a prominent and influential Moose, and Felix Martinez, of El Paso, were the guests of honor at a luncheon given yesterday at the Albuquerque sanatorium by Dr. A. G. Shortie and Dr. L. S. Peters with twelve present.

The subject of the luncheon was to discuss the relative virtues of Albuquerque's climate in the cure of tuberculosis and the opportunities in New Mexico for those who come here and remain health.

Those present, in addition to the two guests for whom the luncheon was held and the two hosts, were M. L. Fox, J. H. Horndon, Clark M. Carr, H. W. Wiley, George H. Vailant, Dr. J. A. Rely, Dr. R. L. Hosi and Dr. J. B. Van Alst.

It was explained to Mr. Lentz that it was not intentional that right in the heart of the city, where the health of Albuquerque, but that the same percentage would persist in any gathering of like number that might be called together in Albuquerque.

To the Mooseheart manager this fact was one of the most important matters to be considered by the association.

Mr. Martinez was asked to state his views regarding the opportunities in Albuquerque. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

recommended that healthworkers after cure remain as much in the open air as possible and where the air of New Mexico is the best in the world, he says he knows why an unlimited number of cured tuberculosis patients will settle upon the lands of the Rio Grande valley and become productive and successful citizens.

Moose Sincere, Lentz Aves. Following the luncheon, Mr. Lentz stated that the Moose are entirely sincere in their determination to locate their association at the place which they believe to be the best, though any efforts of someone that they be made to find a report of his experience, acquired some years ago in location for the best location for a sanatorium and requested a statement from Martinez, of the Mooseheart, who advised that one of Albuquerque's chief advantages is that it is a place where the air is the best in the world, and that the people who live there are the healthiest in the world.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

Mr. Martinez said that he had been in Albuquerque for some time and that he had found it to be a very healthful place. He said that he had been in Albuquerque for some time and that he had found it to be a very healthful place.

## STATE ATHLETIC ASSOCIATION FOR HIGHS ORGANIZED

Purpose of Organization Is to Govern Interscholastic Contests in All Departments of Sport.

A conference to organize athletic relations between high schools, known as the New Mexico High School Athletic Association, was organized here yesterday. The officers are:

President—J. W. Gilman, principal of the Albuquerque high school.  
Vice President—H. D. Hines, head teacher, principal of the Carlsbad high school.

Secretary—O. Stanley, principal of the Carlsbad high school.  
Board of Control—Andrew McCurdy, Carlsbad; J. H. Davidson, Taylor; and W. D. Shadwick, Tucuman.

The association plans a scholarship program for high school students competing in athletic contests. The suggested provision of the constitution, which met with some opposition, relative to high schools meeting other than high schools was amended.

High schools may compete with other schools, but these of their class, but such contests are to have no bearing upon state high school championships.

Another suggested provision, which met with opposition, was modified. This provision referred to students older than 21 years taking part in football games. Players, who have reached that age, may play providing both contestants are seniors.

The association will look after inter-high school contests in football, basketball, soccer, tennis, basketball and track and field.

A practical means for determining fairness to all schools the state basketball championship was considered. The plan is to divide the state into several sections. Schools in these sections will play among themselves and the winner in every section will be eligible to enter in the state basketball tournament to be held here during the state high school track and field meet.

The University of New Mexico, which heretofore has managed the annual interscholastic track and field meet, will co-operate with the association to the extent of continuing to stage this event.

## GIBBONS-AHEARN BOUT SCHEDULED FOR TENTH OF MONTH AT ST. PAUL

St. Paul, Minn., Nov. 23.—It was definitely announced tonight that the long-contested bout between Mike Gibbons and Young Ahearn would take place here the night of December 10. The state boxing commission has not acted upon the request of the promoters that a referee's decision be permitted.

## CHAMPIONSHIP OF STATE AT STAKE IN GOLF TOURNEY

The state championship golf tournament began yesterday afternoon on the Albuquerque country club links with the preliminary round. Ben Boydell, Albuquerque, made the highest score. He went out in 46 and came in with a 16, netting 62 for the 25 holes. T. E. Vesceby, Albuquerque, followed with a 48 and 19, netting 67. Dr. Twitchell made the 111, netting 66 and came in with 62. Play will continue this morning.

J. B. Cotton will represent Gallup, while a team of four players, including Dr. Grody, will represent the University of New Mexico. Dr. Grody is picked as a possible winner because of his reputation as the longest driver in the state.

The program for today follows:  
8:30 a. m.—Continuation of morning play.  
12 to 1 p. m.—Lunch at the Country Club.

2 to 4 p. m.—Match play for the best eight and second eight.  
6 to 8 p. m.—Continuation of play at the Alhambra hotel in conjunction with the club.

## WANTS SUNDAY SCHOOL WORK DONE IN JAPAN

Chicago, Nov. 23.—Striking at a luncheon in his honor given by the International Sunday School association here, Baron E. Shibusawa, Japanese leading financier, said his main interest in the convention of the association, which is planned to hold in Tokyo in October, 1916, was based on the fact that the work done by the Sunday school association is exactly the kind of work he wants done in Japan.

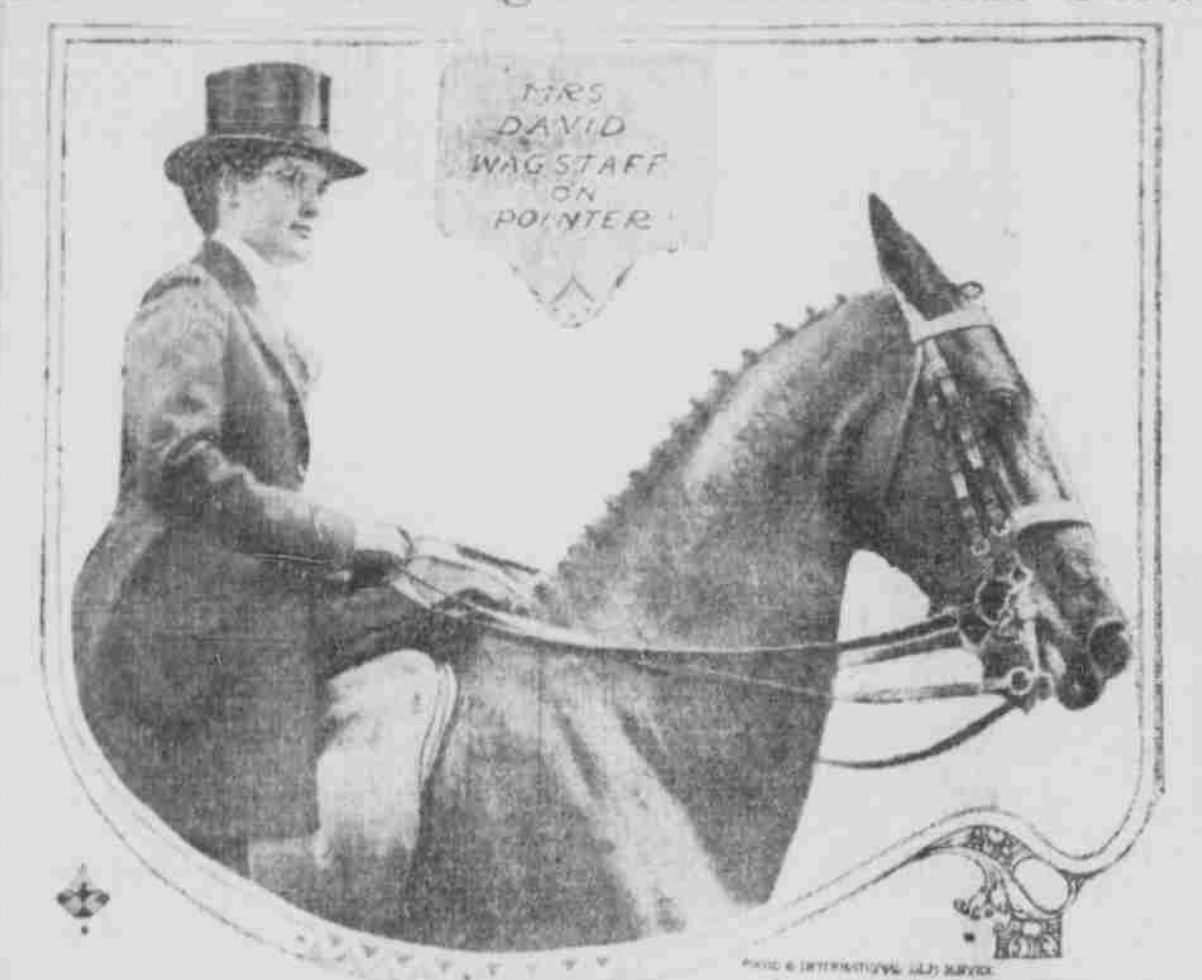

"The world of thought in Japan is in a state of confusion," said Baron Shibusawa, speaking through an interpreter. "There are all sorts of religious and other things and so in order to direct the minds of the people it has been thought best to form an organization in Japan similar to your Sunday school."

Baron Shibusawa said his first object in coming to America was to see the exposition at San Francisco.

## CALIFORNIA FIREMEN FIGHT MEXICAN BLAZE

California, Nov. 23.—Fire destroyed today half a block of buildings in the business section of Mexicali, Mexico, opposite here, and was extinguished only after the California firemen had fought a hard battle. The international boundary and assisted the Mexican fire fighters.

## Favorite in the Big New York Horse Show

MRS. DAVID WAGSTAFF ON POINTER

New York, Nov. 23.—Mrs. David Wagstaff, the blue ribbon, Mrs. Wagstaff, was one of the last winners in the New York horse show. The horse, a pointer, was ridden by her son, David Wagstaff, Jr., who was also successful with the horse.

## SUBMARINES OF PRESENT TYPES ARE TOO SMALL

Difficulties Encountered by 800 Ton Boats in Recent Maneuvers May Force Change.

Washington, Nov. 23.—(By Associated Press.)—The present type of submarine is too small, according to the navy department, as a result of the difficulties encountered by the navy department in the recent maneuvers of the Atlantic fleet and the information concerning the type of underwater craft now in service in Europe.

There are indications, it was said today, that the United States is lagging behind in submarine development even with the new 1,000-ton submarines now being completed and two of 1,500 tons soon to be ordered. Navy officials have been particularly impressed by the apparent probability that a submarine of approximately 1,500 tons and measuring 250 feet in length has been engaged in the war-torn Atlantic.

Had Many Difficulties. Reports on the fleet maneuvers, it is just becoming known, tell graphic stories of the difficulties encountered by the twelve little submarines attached to the "blue" force commanded by Admiral Fletcher and defending the coast against a theoretical enemy. The boats were at sea several days and encountered considerable rough weather. While no unexpected mechanical troubles were encountered, the personnel of the vessels suffered from lack of food and the continued bottling of the vessels in the pitching and rolling. To the impairment of the efficiency of the crews by sickness alone many minor mishaps to the boats are said to be attributed.

The maneuvers included the first attempt to employ the submarines, all of the coast defense type and none displacing more than 800 tons, at nearly 1,000 miles off shore. The general scheme of defense, it is said, fixes that distance of sea as the zone within which coast submarines should be able to operate in any weather.

Six Hours to Get Orders. For the purposes of the maneuvers Admiral Fletcher placed his submarines in reserve, ready to strike north or south as the movements of the fleet boats dictated. One of the twelve boats was unable to reach its position in the rough weather. The other eleven, battered down by waves for days at a time and with water pouring over their heads, carried out their orders. Later the "blue" commander discovered that his "red" enemy was sweeping to the southward. He ordered the submarines to intercept the fleet. An indication of the trouble encountered is given in the fact that it took six hours to convey this order to one of the submarines.

Finally, the fleet started southward, but was unable to make less than half the speed required to bring it to its appointed station on time. Navigation was accomplished only by dead reckoning for with their vessels closed up tight and tumbling about in the water, the officers could not verify their positions. They were fifty miles or more out of position at the conclusion of the trip and the "red" transports and convoys swept the beach they left to land an army of American soldiers.

## American Boats Too Small.

While no definite recommendations have been made, it is believed that the value of a submarine as small as the present type for coast defense work is being seriously considered. There are more than seventy boats of 800 tons or less displacement now being built for the navy. The view has been presented, it is understood, that with larger submarines the difficulties of navigation at sea would be reduced, greater speed could be attained and the efficiency of the boats for purposes such as that of the maneuvers increased proportionately.

## INTERNATIONAL CORPORATION IS RESULT OF WAR

New York, Nov. 23.—The incorporation of the American International corporation, with a capital of \$50,000,000, or Albany, formerly was announced here today. The new corporation plans to develop American trade in Europe and South America, it was stated. Another feature of the business was the featuring of foreign loans and investment enterprises.

The directors include J. C. McMillin, William H. Kahn, Robert S. Lovett, Percy A. Rockefeller, James Sullivan, Frank A. Vanderbilt and Theodore N. Vail.

Of the total capital stock, \$42,500,000 will be common stock and \$7,500,000 in managers' shares. The stock of the corporation will not be offered to the public, it was stated, but will be privately subscribed by the individuals and firms interested in the undertaking.

The corporation will not only do a banking business, but will finance and in some instances superintend the construction and operation of large-scale enterprises, which will tend to develop the resources of foreign countries.

Frank A. Vanderbilt, president of the National City bank of New York, who has been active in organizing the new corporation, said:

"The corporation must not be regarded as a mere money-making enterprise. It will stand for the development of America along international lines. The federal authorities, it is understood, have been fully informed of the scope of the corporation and have given their hearty approval."

FOR RENT—Room, 2525, facing alley in business section. Suitable for plumbing or other shop, or storage; heat and water included. Apply this office.

### DEPARTMENT OF NAVY PREPARES TO BUILD SHIPS

Daniels Announces That First Steps Looking to Construction of Dreadnaughts in Federal Yards Are Taken.

Washington, Nov. 23.—Secretary Daniels announced today he had taken the first step with a view to building in government navy yards battleship hulls and 44 private hulls for which extended the limitation of cost fixed by congress.

He has indicated that the Norfolk yard and possibly the Puget sound yard at Bremerton, Wash., will be considered when contracts for the battleships are awarded. Neither yard now is equipped for battleship construction.

All private bids exceeded \$

## SPARKS FLY AT MEETING OF THE SUPERINTENDENTS

County Officers Take President Vaughan's Words to Heart and Tell Why; Conway Promises Innovation.

Sparks flew at the meeting of the county superintendents' section yesterday at the high school building. Some of the superintendents imagined that the inaugural address of President J. H. Vaughan reflected on them and the department of education. They resented it and said so, but all ended in the champion against it, Vaughan. It was John V. Conway who voiced the protest most vigorously. He declared that every effort is being made to enforce the compulsory education law in Santa Fe county and asserted that he would secure from Washington, D. C., the names of all the persons listed as illiterate in Santa Fe county and will make a thorough canvass in each district. He believes that at least one-half of those listed as illiterate can be shown to be able to read and write in Spanish and that within another year, through the night schools for adults he has established in every rural district, the other half will be able to read and write not only Spanish but English.

It was pointed out that at two terms of court at Albuquerque scores of persons were indicted and many of them fined for failure to send their children to school and that the fight was not only against illiteracy but against other unfavorable conditions that have been waged effectively by the department of education and the county superintendents, that it has been waged relentlessly and is being won all along the line.

A committee of three was appointed to draft proper resolutions to set forth that New Mexico has been done a grave injustice by the census illiteracy figures and that the compulsory education law is being vigorously enforced.

The remainder of the session was taken up with the address of Tax Commissioner A. E. Jones, who explained the workings of the new tax law, the county unit law and the tax situation.

**School Patrons' Section.**  
The Parent-Teachers' association heard a report of Mrs. John W. Stephens on the national meeting at San Diego which brought out many suggestions applicable to New Mexico conditions.

Dr. O'Shea addressed the section and his wit and humor, as well as scholarship and common sense, kept his hearers alert to every word he said.

**Other Sections.**  
The county superintendents, the Indian schools, the commercial teachers and the music and drawing teachers held their meetings and gave reports of their progress as published with slight modifications. In the elementary teachers' section, the demonstrations were of especial interest. Mrs. Florence L. Bartlett was elected to represent the section in the educational council. In the section of music and drawing teachers Miss Maude Hancock, of East Las Vegas, was elected to the council.

## CLAIM IS MADE FOR TWO INDIANS AGAINST CRONMEYER ESTATE

The federal government has made claim against the estate of Cronmeyer, Indian who was killed in Apache county, Ariz., for two Indians, a girl and boy, who claim to be his children.

At first it appeared that the heirs were three sisters, Sophie and Emeline Cronmeyer and Mrs. Herman Meyer, each who live in Germany. Senator Isaac Barth, who represents them, learned of the claim made in behalf of the Indians upon a recent trip to St. John, Ariz., with Carl and Ernest Cronmeyer, of New York, cousins of Carl Cronmeyer.

The Cronmeyer estate is said to be worth between \$60,000 and \$65,000.

## TWO MEN WITH SAME NAME AND \$130 CHECK GIVE POLICE PROBLEM

Justice George R. Craig issued a warrant charging Curly Basham with larceny. Basham was already in jail, having been arrested Monday night by Capt. Pat O'Grady on a variance charge.

Basham is said to have obtained \$130 from the State National bank upon a cashier's check upon the endorsement of Tom Riley and Mr. Ernest Meyers. The check was mailed by a Tennessee bank to a man named Young.

A Young, who says the check was sent for him, informed Chief Mr. Miller that he had not received it. How the check was obtained at the postoffice, unless by another Young, puzzles the police. Basham says a Young, whom he knew in Tennessee, endorsed the check to him. The Young, who says the check was intended for him, also lived in Tennessee.

## STOP CATARRH! OPEN NOSTRILS! HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

It's so good it feels. Your nostrils are open, your head is clear, no more hacking, sniffling, blowing, no more headache, dizziness or struggling for breath. Ely's Cream Balm is just what suffers from head colds and catarrh need. It's a delight.

## Italian Liner Sunk by Austrian Submarine

The Italian liner Ancona, bound for the United States with a large number of women and children, was sunk by an Austrian submarine off the coast of Sardinia, November 8.

## Notes of the Convention

Thrice applauded were the winners in the spelling contest yesterday afternoon at the high school building. The winners were: first, when the prize was read, the audience that these two young girls from the eastern part of the state had never missed a day in school, had never been tardy and that one of them refused to come to Albuquerque unless the prize was read. The winners of the spelling contest were: first, when the prize was read, the audience that these two young girls from the eastern part of the state had never missed a day in school, had never been tardy and that one of them refused to come to Albuquerque unless the prize was read.

## Arithmetic, Penmanship and Language

Rather remarkable is the fact that the prizes for arithmetic, penmanship and language, with two exceptions, went to Sandoval county, and to Spanish American. In language, Stella Tondre of Sandoval and Juan Trujillo of Sandoval carried off the prizes. In arithmetic, Guadalupe Costilla of Sandoval and Alice Cowan of Dona Ana won the honors. In penmanship, A. J. Lugo of Sandoval, Monroy of Bernalillo and Lennie Grey Birdwell of Las Cruces who received the honors.

The arrival counts after all sent down twenty of the teachers. Last year there were some seventy in attendance. The superintendent, David Martinez, Jr., and the Spanish American teachers are absent.

Miss M. A. Smith walked twenty-three miles from Otto to Kenney in order to catch a train for Albuquerque so that she might be in the first session of the educational association.

The enrollment last evening had reached 1,475, within six of last year's figures.

Mrs. William B. Bartlett of Santa Fe today was elected to the educational council by the section of elementary teachers.

Miss Maude Hancock of East Las Vegas was elected a member of the educational council by the section on music and drawing.

(New Mexico) The famous song written and composed by Mrs. Florence L. Bartlett of Santa Fe was rendered with superb effect by a class in debate at the reception Monday afternoon and again before the general session by the University of New Mexico Choral Club.

Mrs. Rupert F. Asplund was hostess yesterday afternoon at the Alvarado at a luncheon given in honor of Prof. Rosemary B. Hill, head of the new department for special training for the blind at the University of New Mexico. State Superintendent White and his assistant, Elidelfo Baca, were guests at the affair. There were several toasts, all of them commendatory of the new work undertaken by the university.

E. L. Enloe of Silver City is the new president of the Schoolmasters' club. W. T. Conway of Alton is secretary, and Dr. Frank H. H. Roberts is the third member of the membership committee.

As one needs Secretary John H. Wagner of the association, imperious and smiling, one does not know of the immense amount of detail work on his shoulders and that during the five days of the convention he never gets more than the proverbial fly whisks of rest.

Monday evening \$27.00 were taken in through the 25-cent admission fee charged non-members at general sessions.

Less than one-half of the teachers had cast their ballots last evening and it was utterly impossible to tell the trend of the voting as to the conven-

Dr. Stoeck, Chief Officer.

Captain Pietro Massardo.

Italo Zolazzi, Ship Surgeon.

tion city. Many Albuquerqueans were frankly working for Santa Fe and if Santa Fe gets the honor it will be entirely due to the generosity of its Albuquerque friends. Several ballots that were inadvertently handed by the students rather surprised those who saw them. Many who are voting for Santa Fe are frank in their statement that they will return to Albuquerque at the first opportunity and merely vote for a change for the good of the association, for the sake of harmony and because it might do other sections of the state a good to get into contact with the old educational forces of the state.

Gay A. Reed of the New Mexico exposition commission arrived Monday evening from San Diego and left for Santa Fe to take up the work of securing funds to keep the New Mexico building open next year.

## MONSTER CROWD HEARS LENTZ IN FIRST ADDRESS BEFORE THE N. M. E. A.

(Continued From Page One.)

working over time that such meager means are producing such great results as were recorded by President Vaughan in his inaugural. It is even necessary to charge the teachers \$1.50 examination fee to help out the department and from that source \$1,254 were derived last year.

"Go home, tell your school directors, your patrons, how the legislature, not maliciously, but maintenance, is overhauling the needs of the department of education," Mr. White urged. He referred to the passage of the seven months minimum school term measure, which was sanctioned by both houses unanimously, as an example of the force of public sentiment behind a "real" action which not one legislator dared to vote. While New Mexico is forty-second as to literacy in the federal census, it is thirty-ninth in the ten educational units made by the Russell Sage Foundation. The fact that since statehood the minimum school term has increased from three to seven months, and the minimum pay of teachers from \$25 to \$50, is honorable, he said. Mr. White said that the most important question of the many that the census enumerator will ask in 1920, will be "Can you read, can you write?" and the answer to it by the half million people in New Mexico will depend upon the strength of the public sentiment exerted upon the next legislature.

## Normal University Glee Club

As in former years, the appearance and singing by the Normal University glee club was one of the bright particular features of the musical program. Natty in appearance, carrying the N. M. U. pennants, the club sang the "Foreword" song with a certain gusto.

The encore it responded with "Dixie," to the immense delight of the audience, and wound up with "It Is a Long Way to Albuquerque," an original ditty with catchy lines. For the moment the club was the favorite. It took minutes for the applause to die down. The solo selections by Miss Elizabeth Garrett, "Sing All," and "Philosophy" were also very pleasing, as was the opening solo by Miss Ward of Silver City.

It was almost 11 o'clock when the session adjourned and the floor was cleared for a dance that was enjoyed far into the morning hours and which will show the buffet has a large number of votes, unless it is kept open to a much later hour than set for it today.

## INTERESTING PROGRAM ANNOUNCED FOR UNION THANKSGIVING SERVICE

A particularly interesting program has been announced for the union Thanksgiving service to be held at the armory tomorrow morning. Addresses are to be limited to eight minutes each on the schedule and the exercises will begin promptly at 10:30.

## ST. LOUIS GOES AFTER NATIONAL CONVENTIONS

St. Louis, Nov. 23.—A group of St. Louis business men today agreed to underwrite whatever amount may be necessary to complete the \$200,000 fund being raised here to bring the democratic and republican national conventions to St. Louis.

One hundred thousand dollars is to be offered for each convention. All but \$50,000 of the \$200,000 had been pledged at noon today.

## NORMAN GETS TOGETHER AT BIG ANNUAL BANQUET

Alumni Enjoy Feast Served by Ladies of Methodist Church; Mrs. Stewart Charms Hearers With Clever Speech.

The annual reunion of the alumni of the New Mexico Normal university, which was held at the Central Avenue Methodist church last night, proved to be one of the most enjoyable of all the social affairs held in connection with the teachers' convention. Owing to the limited space in the church parsonage, it was not possible to accommodate more than 150 guests, and when the dinner was all seated there was not a vacant chair.

Dr. Frank H. H. Roberts, president of the Las Vegas Normal, presided as toastmaster. By his side sat Mrs. Cora Wilson Stewart, one of the distinguished speakers brought here for the teachers' convention. While at the end of the speakers' table sat Dr. E. L. Tolson, president of the Silver City Normal, state superintendent of Public Instruction Alvan N. White and Mrs. White, Mr. and Mrs. Rupert F. Asplund, Supt. John Albrecht, Mrs. Culbertson and other prominent educators occupied seats at the speakers' table.

## Old Kentucky Home

After an exceptionally good turkey dinner, which was served by the ladies of the church in a manner that would have made the best hotel envious, the glad cheer of the Normal university sang "Turkey" after which, as a compliment to Mrs. Stewart, all present joined in singing "My Old Kentucky Home." Dr. Enloe was introduced as the first speaker, and opened his remarks by saying that he thought he had been invited to a normal school reunion and had found that they had come to a confederate veterans' reunion. Dr. Enloe was especially happy in his remarks and made it clear that the only rivalry there could be between the institution of which he is the head and that over which Dr. Roberts presides is as to which one can be of the most service to the state of New Mexico.

Mrs. Cora Wilson Stewart made a short address which charmed her hearers. She complimented the people of New Mexico for the strides they have made in educational matters, and told a story to illustrate the way in which difficulties have been overcome in this state. A little girl, she said, had had a good time. "No," she replied, "I didn't have a bit of a good time. She pushed me off the bench and pinched me, and she wouldn't let me have any ice cream or any cake. 'Well, why didn't you come home?' asked the mother. 'That isn't the way to do things,' replied the little girl. 'I just slapped her and stayed.'"

"You people," added Mrs. Stewart, "just slapped New Mexico and stayed."

Other speakers were State Superintendent of Public Instruction Alvan N. White, Assistant Superintendent of Public Instruction Elidelfo Baca, Superintendent John Milne of the Albuquerque schools, Chief Clerk Robert E. Asplund, of the department of education, Mrs. Rupert F. Asplund and R. L. D. McAllister.

## WOMAN GERMAN SPY IS GIVEN LIGHT SENTENCE

(BY MORNING JOURNAL SPECIAL LEADER WIRE)

Paris, Nov. 23 (4:55 p. m.)—The Parisian publishes the following from Geneva:

"A military court here has sentenced Marie Therese Le Philippot, a native of Cahors, France, to serve a month's imprisonment and pay a fine of \$200 on the ground that she is a German spy. She told the court she had been arrested at Lille by German and taken to Antwerp, where she was compelled, under threats that her family would be menaced if she refused to practice espionage.

"The prisoner testified that a school for spies, with numerous pupils, had been established at Antwerp. She was sent, she says, to northern France, at Cherbourg, she made the acquaintance of officers. She also visited England and transmitted by mail information concerning movements of the French and Belgian armies and the location of French submarine stations.

## LITTLE LIKELIHOOD OF CHANGE IN CHINA SOON

(BY MORNING JOURNAL SPECIAL LEADER WIRE)

Peking, Nov. 23.—Virtually all the Chinese papers print announcements of an indefinite postponement of the change in China's form of government to a monarchy. Predictions are freely made by the press, without official contradictions, that the republican form of government will not be abandoned during the continuance of the war.

Store closed all day Tuesday, 23th, Thanksgiving day.

E. W. FEE.

## Success of a New Remedy for Backache, Rheumatism, Kidneys

Pain in Albuquerque and adjoining counties are delighted with the results they have obtained by using "AN-URIC" (the famous discovery of Dr. Pierce, who has been the inventor of the famous "An-Uric" remedy for backache, stiff legs, arms and muscles, and an aching head, which is the day began because they were in and out of bed half a dozen times at night, and were suffering the perfect rest, comfort and new strength they obtained from Doctor Pierce's An-Uric Tablets. To prove that this is a certain cure for acid solvent and complete headache, kidney and bladder diseases and rheumatism, if you've never used the "An-Uric" cut this out and send 5 cents to Doctor Pierce for a large sample package. This will prove to you that "An-Uric" is thirty-seven times more active than pills in stimulating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best drugist and ask for a 50-cent box of "An-Uric." You can ask for Dr. Pierce's gold name stands behind this wonderful new discovery as it has for the past half century for his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ills.—Advt.

## MRS. ANDROS IS NAMED EXECUTRIX BY JUDGE BURG

Mrs. Jeanette Flournoy, the Widow, Is Granted Allowance of \$1,200 for Period of Six Months.

Mrs. Jeanette W. Flournoy, the widow of the late Mr. Flournoy, was named executrix of the estate of her husband, Mr. Flournoy, by Judge John H. Burg, who presided at the probate court yesterday.

Mrs. Flournoy was granted an allowance of \$1,200 for maintenance for a period of six months for maintenance. Judge John H. Burg ruled that Mrs. Andros had become a bona fide resident of the state and qualified as executrix under her father's will. The allowance of letters testamentary was ordered. Mrs. Flournoy's petition to be appointed administratrix was denied. Through her attorney, Suzanne Isaac Barth, Mrs. Flournoy objected to these rulings favorable to Mrs. Andros.

Objection has been made to the granting of \$1,200 for maintenance of Mrs. Flournoy. This was overruled by the court and A. B. McMillen, attorney for Mrs. Andros, filed exception to the ruling.

## HAS HIS WIFE ARRESTED ON ABANDONMENT CHARGE

The grand jury was yesterday when Mrs. Rupert Sanchez de Albrecht was brought before Judge P. E. S. at Old Town yesterday, charged with abandoning her husband, Albrecht, who has been working as a domestic for a family here, was released. The family retained Suzanne Isaac Barth to defend her.

## TWELVE YEARS OF FAILING HEALTH

Brought to Happy End. Says the People in Three Counties Know What Cardui Did for Her.

Waverly, N. C.—Mrs. Abigail Hampton, of this place, says that about 12 years ago she began to take Cardui after having been in failing health for 12 years, during which time she had to take to her bed four times out of each month, and suffered agony that the doctors told her she must have female trouble and gave her medicine which did her no good and finally insisted on her going to the hospital for treatment.

She goes on to say: "I am a large woman, and my ordinary weight, 160 pounds, went down to 135. I got so bad I had dragged around and could scarcely sit up. My neighbors all thought I was going to die and would say I couldn't live long. My little daughter thought the same. My husband and friends urged me to try Cardui, and he bought me some of it. I began feeling better as soon as I began taking it, and I steadily improved until I was well and strong. I make my garden, do my housework and have cooked for boarders at one time. Am a strong, healthy woman, permanently cured by Cardui. My husband and I can't say enough for Cardui. The people in three counties know what this medicine has done for me. For nothing I was my husband over come praying it."

## CHILD SLEEPS IN VACANT HOUSE AS HUNDREDS SEARCH

"R. D." Ratliff Located in Closet of Unrented Residence Near His Parents' Home While Posses Beat Country.

(SPECIAL DISPATCH TO MORNING JOURNAL)

Roswell, N. M., Nov. 23.—After the whole city had searched for him all day and the police and friends all last night as well, little 4-year-old R. D. Ratliff was found in a closet in an empty house in the neighborhood late this afternoon.

The little fellow started to his grandmother's a few squares away yesterday afternoon at 4 o'clock. That was the last seen of him until 5 o'clock this afternoon when he was found comfortably sleeping on the floor of a closet in the vacant house. The parents, Mr. and Mrs. M. R. Ratliff became worried when "R. D." as he is usually called, did not return home by dark yesterday. They waited a while and when he did not come went to his grandmother's and found that he had never been there. The mother and father and the neighbors hunted until a late hour last night without success and then notified the police. The police sent a few patrolmen and started a search. He was still missing this morning and the whole city was aroused.

**High School Students Help.**  
The entire high school enrollment was dismissed to help hunt the missing lad and the New Mexico Military Institute cadets began a systematic

## STOCK DEALINGS PERFECTORY TO A HIGH DEGREE

Total Sales Fall Off to Meager 338,000 Shares and Price Changes Are Unimportant or Affect Minor Issues.

(BY MORNING JOURNAL SPECIAL WRITER)

New York, Nov. 23.—Trading in stocks today was perfunctory and superficial from start to finish. Dealings diminished to the meager total of 338,000 shares and except for some of the more speculative specialties, price changes were insignificant or at least unimportant. Automobile shares rose 2 to 4 points, war issues of the class including Crucible Steel, the new and old Rock Island issues showed signs of moderate accumulation. In the way of general news the foreign demand for steel was among the chief constructive features.

Further large receipts of gold from England were reported in payment of obligations. Exchange on London worked back to the highest quotations in many weeks, demand sterling selling as high as \$4.79 3/4. Trading in bonds was moderate. Total sales, par value, aggregated \$5,219,960.

United States bonds were unchanged on call. Closing prices:

**THE CLOSING NET**

Pathe Gold Reel Feature in Five Reels of Thrilling Melodrama, WITH HOWARD ESTABROOK, BLISS MILFORD AND KATHRYN BROWNE-DECKER.

The story of "The Closing Net" is one that has lent itself to the screen with more than the ordinary ability, allowing itself to be converted into one of the most acceptable of motion picture melodramas. Edward Jose's artistic brush is easily noticeable in the painting of the picture, from George Brackett's story's adaptation of the story. And in the cast, the following names will designate as an excellent one, are Howard Estabrook, Kathryn Browne-Decker, Bliss Milford, Madeline Traverser, and Arthur Albee. The approach to the main portion of the story by a short cut of a few clearly defined scenes, has been admirably done, and before the picture has advanced far we know of the deceiver, husband to two women, one in name only, each of whom bears him a son, and of the terrible awakening of the more unfortunate of the two, her recognition of her child to the orphan asylum, and her final suicide by drowning, to escape her shame.

Admission: Adults 10 Cents; Children 5 Cents  
CONTINUOUS SHOW FROM 1:30 TO 11:00 P. M.**NO ONE IS HELD RESPONSIBLE FOR DEATH OF CHILD**

Dr. W. G. Hope Testifies That He Found No Sign That Fire Engine Skidded Into Fence at Dorris Home.

No one was held blameable for the death of little Dorris, because the coroner's jury that sat at the inquest held yesterday in Justice George H. Craig's office. The jury found that the child came to his death by reason of being struck by a motor truck, or some portion of the fence struck by such truck.

Taking testimony was begun yesterday morning, the preliminaries such as viewing the body, the place where the accident occurred and the fire engine having been dispensed with last Saturday. The inquest lasted until late yesterday afternoon.

**Engine Missing Fire.**

W. J. Reed, driver of the fire engine, was the principal witness. He said that he had not driven an automobile until five or six months ago. Questioning tended to show that he was not thoroughly acquainted with mechanics of automobiles. The day of the accident was Tuesday, he said he had been in three saloons in the morning of that day; that he took two drinks in one place and one in each of the others. He said he drank straight whiskey.

Reed testified that the speed of the engine just previous to the accident was less than ten miles an hour. The engine was missing fire but nothing was wrong with the steering gear, he said.

The driver explained the accident by saying that one of the front wheels struck a wet spot and the truck began to skid. He pulled the steering wheel over but the machine kept sliding toward the fence where the boy, his sister and his grandmother stood, he said. He tried to stop it by applying the footbrake when the skid began, he testified. He did not use the emergency brake at that time.

Dr. W. G. Hope, who was called in the hope that the boy might be saved, testified that he examined wheel tracks to learn how the machine went into the fence. He said it had not skidded. He said the machine ran toward the sidewalk, one wheel running diagonally across the muddy spot, but that there was no sign indicating that it had skidded.

First Station Abandoned.

H. B. Dennis, Walter Ryan, firemen of the highlands station; First Chief Klein, Mayor Boatright and Clyde Tinsley, who came to the place shortly after the accident, also testified.

Senator James Barth acted for City Attorney Thomas N. Wilkerson, who has not yet fully recovered from injuries received in the automobile accident in which Judge E. A. Mann met his death. Assistant United States District Attorney H. G. Coors, Jr., represented the Dorris family.

Missor University Alumni Association for State Organized

A University of Missouri Alumni association for New Mexico was organized last night at the Alvarado hotel with United States Senator Thomas H. Catron, president. Miss Sue Hinchinson, of the Las Vegas Normal university, was elected secretary. Prominent alumni who were present are Judge M. C. Medford, of Socorro; Mr. George Ladd, president of the State Agricultural and Mechanical college, and Prof. Fayette A. Jones, head of the State School of Mines.

There are said to be 100 alumni in New Mexico and efforts will be made to bring all of them into the association. The association will meet annually at the place where the New Mexico Educational association holds its convention for a banquet.

**"HEARTS OF MEN."**

Arthur Donaldson and Beulah Poynter in a Touching Drama.

World Film Corporation presents the five-part Charles K. Harris feature photoplay, "Hearts of Men," based upon the story by Mr. Harris.

The opening scenes of the photoplay are laid in Germany, where two young men are shown at work in a perfume manufactory. One of them has devised an Arabian perfume of great exquisiteness. His devoted friend needs the formula and decamps to the United States, whither in due time he is followed by the patient.

The two men drift apart and only meet again when the thief has grown rich out of the proceeds of the sale of "The Arabian Rose." The poor man demands the money that is his due, which is refused. Thereupon a quarrel ensues.

The little children of the former friends appear and fall in love, which further complicates matters. Finally the two former friends become reconciled through the instrumentality of the little children.

Scene scenes are frequent in this photoplay, which is well produced, cleverly acted and convincingly cast. Superb photography is seen in the picture.

Arthur Donaldson is the hero and Beulah Poynter the heroine.

"Hearts of Men" will be presented at the Pastime theatre on Thursday, one day only.
