## PREDICTING RAIN!

Foul Weather on Election Day.

Bryan Making Many Speeches in Chicago.

Frightful Coal Mine Explosion in West Virginia.

THE TELEGRAPHIC MARKETS.

Washington, Nov. 3.—Willis L. Moore, chief of the weather bureau, makes the following statement to the Associated Press regarding the weather on election day: "The fall rains have set in; therefore it is reasonable to expect that a considerable area on election day will have foul weather. Exactly which states will be affected, however, we will not be able to determine before Sunday night. But we do not expect that both New York and the Ohio valley will get fair weather at the same time."

## BAD WEATHER!

Interferes With Big New York Parade.

Democratic St. Louis Registration Repeaters Arrested.

Chinese Attack German Advance Party—Driven Off By British.

WOMEN MUST REMOVE HATS.

BACK FROM SCOTLAND.

Dr. W. N. Macbeth Has Returned—Had a Fine Time—Experiences in Scotland.

New York, Nov. 3.—Much to the disappointment of all interested in the parade held under the auspices of the Business Men's Republican Sound Money Association, the morning opened with a cold rain falling and the streets were in bad condition. Governor Roosevelt reviewed the parade. Along the line of march were wooden poles erected by the democrats on which there were such sentences as "Trusts can make you march, but cannot make you vote against Bryan." The honor of having the largest number of men in line was claimed by the wholesale dry goods trade, their marshals estimating that they numbered 25,000. The procession started at 9:35 with the candidate for vice president in an open barouche. The governor declined to shield himself from the rain, saying he could stand it better than thousands who were to march. The immense crowds which were expected to gather around the reviewing stand, Madison Square, in the early morning, had not appeared at 10:30 o'clock. The drizzling rain which had fallen for hours soaked the seats and gave the decorations, in consequence, a dragged appearance. The committee in charge of the arrangements were hopeful of fine weather, and had made no preparations for adverse conditions.

At 10:45 the big stand, designed to hold 5,000 persons, contained less than one-third of that number. Col. Roosevelt reached the stand at exactly 11 o'clock. He stood in a carriage and waved his hat to the shouting throngs. The men who filed past the stand bowed his hats despite the rain. The governor did the same. "Hello, Teddy," "Three cheers for our next vice president," "You're all right," were the shouts that greeted Roosevelt. Continuous cheering, mingled with music of bands, drowned all other sounds.

Many clubs had not even a chance of forming in line up to 3 p. m., when 9,000 men had passed the stand. It was thought at that time it would be after dark before all could reach Madison Square.

ST. LOUIS, Nov. 3.—Warrants have been issued for the arrest of 250 men charged with having registered fraudulently in different precincts in down town wards of the Twelfth congressional district. This action was taken on information filed by Chairman John B. Owen, of the Twelfth congressional district republican committee.

HOT ENTAILING FIRE.

From Chinese Poured in Advance Party of Germans.

London, Nov. 3.—A dispatch from Peking, dated Oct. 29, says: "The fighting occurred in the mountains on the Shan Si frontier. The Anglo-German force of 1,500 men, commanded by Col. Von Norman, stormed the Tsching Kunang pass. The Chinese poured in an enfilading fire on the advance party of eighty Germans under Major Von Forrester, but the British cavalry and mounted sappers, dismounting, scaled the heights and turned the enemy's flank, and relieved the Germans."

UP-TO-DATE TEXAS TOWN.

Ordinance Passed Compelling Women to Remove Their Hats at Theatres.

Fort Worth, Texas, Nov. 3.—The city council passed an ordinance compelling women to remove their hats at all public entertainments where a fee is charged. The ordinance provides a fine of \$5 or expulsion from the entertainment for violation.

Reception to the Parkers.

Dr. E. J. Alger gave a reception last night in honor of his guests, Miss Agnes Parker and her father, Dr. Parker, of Santa Cruz, Cal., which was attended by a goodly number of invited guests, which included a portion of the many friends acquired by Miss Parker during her visit here. Some very enjoyable games, suitable to the gathering, were played, the kind that is in vogue at present, the interpretation of sentences pertaining to articles and persons, the answers to which being depended upon to test the victim's ability to use a versatile memory. Queries as to the most desirable trait of character in a would be wife or husband, naturally brought out some very peculiar answers. Mrs. Hulsebeck, Mrs. Ross Merritt, Mrs. Bruce Kinney and Miss Mabel Pritch, entertained the company with delightful vocal selections, and there was, besides, plenty of both instrumental and vocal music. The guests were served with refreshments of the old fashioned kind, consisting of maple sugar wax rolls, wafers, cakes, nuts, apples, etc., which were keenly enjoyed. Miss Parker and her father expect to leave for home in a day or two. They will take with them most delightful remembrances of their visit here, while behind them will remain a host of friends who, sorry to lose them now, hope they will repeat their visit soon.

No Prejudice.

In 1894 Mr. Catron was elected delegate by a total vote in the territory of 18,112, against 15,331 for Antonio Joseph.

In 1895, Pedro Perez was elected by a vote of 18,722 against 16,653 for Harvey B. Fergusson.

In 1896, Catron was running against a man who posed as a native of the country—an hijo del pais, as he said—who asked for votes on that ground, and yet Perez, a native, and a member of one of the best known Mexican families in New Mexico, received only 69 more votes than Catron, while Fergusson received 1,206 more than Joseph.

This certainly does not indicate any great amount of race prejudice among the Mexican people; and, as is well known, the democratic campaign for Larrabee is based upon the supposed existence of that feeling and upon nothing else.

Mr. Fergusson has very foolishly proclaimed about the country that he was beaten in 1888 by race feeling in favor of Perez, and thinks his vote fell from what it was in 1896 on that account only. He forgets that his election in 1896 was not at all due to his own strength and popularity, but entirely to the weakness and unpopularity of his competitor.

DISGRACEFUL DEMOCRATIC TACTICS.

To Avoid Trouble, the Republicans Will Rally at Another Corner.

During all of the past week the republicans have advertised the fact that on Saturday night they would have an open air meeting at the corner of Railroad avenue and Second street and had engaged a band for that time and place. The democrats have given out that they would have a similar meeting on next Monday night. On this Saturday morning, the town is filled with democratic hand-bills, advertising a meeting for to-night at the place fixed for the republican meeting. This can be attributed to a desire on the part of the democratic managers to provoke some sort of a collision with the republicans, and thus gratify the characteristic democratic love for disorder and violence, of which we have had evidences in Victor, Chicago and Elmhurst, New York. We'll just fool 'em this time, and move our meeting to the corner of Gold avenue and Second street.

Junior Society Entertainment.

The Junior Society of Christian Endeavor of the Congregational church, gave a delightful entertainment in the church parlors last night, swelling their treasury to the amount of twenty dollars. The program consisted of songs, recitations, dialogues, and a broom drill, which was executed by a number of the girls of the society who went through the different intricate movements in a splendid manner. The Juniors are certainly to be congratulated upon the success of the affair.

\$350 Reward.

The above reward will be paid for information leading to the arrest and conviction of the person or persons who set fire to the Metropolitan building at northwest corner of Railroad avenue and First street, on the morning of Oct. 29th.

## HELPED THE STRIKERS.

In the great A. R. U. strike in 1900, Thomas Hughes, the editor of this paper, led the fight for the men in this territory and Arizona. He believed that they were justified in this course, and aided with the railroad employees in the bitter end. This paper would not now refer to that matter, but the democratic fight committee is going through the railroad shops claiming that Hughes opposed the strike and fought for the corporations. The Citizen has never received a dollar's worth of patronage from any railroad company in New Mexico since that strike, because of the active course of the paper in behalf of the men at that time. The following paragraphs taken from The Citizen during the progress of the big strike show the attitude of Mr. Hughes toward organized labor:

If ever a boycott is justified, that which the American Railway Union, in support of the striking Pullman employees, proposes to declare against the Pullman Palace Car company, is capable of justification. The Pullman company is a gigantic monopoly which has strangled the public and defied all attempts at legal restriction until patience has ceased to be a virtue. (June 26, 1900.)

The corporation wants the federal courts to bind the shackles on American organized labor. (July 2, 1900.)

The American Railway Union is making a fight for humanity and the betterment of the toilers and it deserves the good will of the people. The Pullman monopoly is a blot on the republic and should be suppressed. (July 2, 1900.)

This is a fight of the people against the exactions of the corporations and the democratic administration as a matter of course, has sided with the corporations. (July 6, 1900.)

Free speech is essential in this coun-

The people of Blind are indignant that neither of the political parties in their county pledged themselves to help secure the miners hospital for Blind. In each of the conventions, Blind would have been endorsed by both of the political parties. We made the fight slogan for Blind, and were beaten—Daily Citizen.

That's a fact, and we know it, Tom. The people have always stood for the Citizen because it has favored them, and what is more they will cast a good sized vote for the senior proprietor of that publication. Mr. Hughes is well known in this district, and is well known in the territorial legislature a number of years and the record he has made in that office has won him a host of friends who will stand by him through thick and thin.

PERFORMED THEIR DUTY WELL.

Among the crowd of republicans who visited Blind during the week were T. S. Hubbard, Charles K. Newhall, Dr. G. W. Harrison, Attorney E. W. Dobson, J. C. Martin and E. E. Fawcett. They had a mission to perform for the future welfare of the party, and it may be said they did it gracefully and admirably. From here they went to Alamogordo on Wednesday where they mingled among old-time friends in both political parties.

circular. It is going to be a stunner, so his friends say. It will not be signed by McKee. Buckhart makes such rapid and rash statements that no reputable democrat will sign circulars with him. In fact the people have decided that the circulars of Buckhart are to be put out at an angle instead of being the are of a circle, the idea being better deflected a shot. What the armor plate is to a battleship, Buckhart's Stomach Bitters is to the stomach. It cures the attack of constipation, indigestion, dyspepsia, biliousness, and prevents malaria, fever and ague. It will restore a weak stomach to normal conditions. Any one troubled with the above ailments will do well to try Stomach Bitters at once. For fifty years it has stood alone while its many imitators have fallen.

# SUFFERING AND RELIEF

Three Letters from Mrs. Johnson, Showing that Lydia E. Pinkham's Vegetable Compound Cures the Ills of Women.

Wrote for Mrs. Pinkham's Advice

November, 1897.  
"DEAR MRS. PINKHAM:—I am a great sufferer, have much trouble through the lower part of my bowels, and I am writing to you for advice. Menstrues are irregular and scanty, am troubled with leucorrhoea, and I ache so through my back and down through my loins. I was much swollen through the bowels very badly, sometimes will be very large and other times very much reduced."—Mrs. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, Nov. 20, 1897.

Improvement Reported December,

"DEAR MRS. PINKHAM:—I wish to tell you that I am improving in health. I am ever so much better than when I wrote before. The trouble through the lower part of bowels is better and I am not bloated so badly. I was very much swollen through the abdomen before I took Lydia E. Pinkham's Vegetable Compound. I still have a feeling of fullness across my chest. I have used three bottles of it and am on the fourth."—MRS. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, Dec. 13, 1897.

Enjoying Good Health June, 1899

"DEAR MRS. PINKHAM:—Since a year ago I have been taking your medicine, and am now strong and enjoying good health. I have not been so well for three years, and feel very thankful for your medicine. I would advise all who suffer with female troubles to try your medicine."—MRS. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, June 1, 1899.

BIG MINE DEAL.

Chicago Capitalists Secure a Grant County Property for \$150,000.

The Summit group of lead mines in the Cook's mining district, Grant county, has been sold to F. A. Fuller and brothers of Chicago, for \$150,000, says the Silver City Enterprise. The claims are known as the Teal & Poe property. The ore is a sand carbonate, with considerable galena, which is the result of a single shot in one slope, fifty-six carloads of ore running more than 50 per cent in lead and carrying 74 ounces to the ton in silver. The mine is situated on a steep shaft has been sunk but 140 feet, and a great deal of paying ore has been taken out. A number of leasers are still at work on the property.

Prof. A. M. Swan, who visited the Indian villages out west, has returned to the city.

Frank M. Jones, well known here, is in the city from Santa Fe.

Elmer Campbell, of El Paso, is here on a visit for a few days.

BLAND BROTHERS.

From the Herald.

President, M. S. Otero, of the Albuquerque Bank of Commerce, visited in Blind a short time this week.

It is safe to say that Hon. B. S. Rodey will receive about five-fourths of the vote in Blind and Albemarle.

George Campbell, bookkeeper for the Post & Co. hardware establishment at Albuquerque, was in this district a short time this week.

Mr. Wm. Jones and son, Pay, who have been visiting with relatives and friends in Denver and Helena, Bl. for three months past, will reach New Mexico Saturday. The mother of Mrs. Jones, who has been confined to her bed for a number of months with rheumatism, is now able to be up and around again.

During the week this district was visited by H. G. Halcumb, an expert miner, who inspected a number of mines in company with a few wealthy gentlemen from the east. It is understood that Mr. Halcumb is largely interested in the smelter at Alamogordo, and is now in the district for that place, where he has employed a large force of workmen to construct the mill.

Thursday morning J. A. Rice, who has been holding position as surveyor for the Cochiti Gold Mining company at Albemarle, assumed the superintendency of the Lone Star mine for the Nevada Gold Mining company in Blind. E. F. Washburn, formerly in charge of the Star for the past six months has resigned his position and will leave in a short time for his old home in Virginia.

He is an exemplary young man, who by his many qualifications has gained the esteem and confidence of his employers. His many trips have extended to a large section of our town and with him unbounded success in the position with which he has been honored.

#### LOCAL PARAGRAPHS.

Get your seat tickets to-night at 7:30 at C. O. Matson & Co.'s to hear the election returns at the Opera house next Tuesday evening. They are absolutely free.

There was a meeting of the Library association this morning, but no business was transacted. The matter of the transfer to the new quarters and other important questions were postponed.

Miss Margaret McGilvray, a popular young lady of this city, will leave in a short time for the City of Mexico, where she will visit her friend, Mrs. Olive Jennings Pearce, for a few weeks.

J. W. Miller, for many years the general merchant of the Indian village of Jemez, is still in the city. He informed the Citizen that he has sold out his business at Jemez to Chas. F. Spader, and will leave the village as soon as he can properly arrange his affairs.

Last night the Afro-American political club held a roving republican rally at the old dancing hall on Gold avenue, and there were present quite a large crowd. The meeting was presided over by J. M. Griffin, president of the club and he made a first class speech. The other speakers were W. B. Childers, F. W. Clancy, Dr. J. A. Lowe and Thomas Hughes. The music and songs of the evening were provided for by the Colored Quartette club.

W. W. Cutler, of Spokane, Wash., in a letter to the Citizen, would like to find the present whereabouts of Julius Olson. When Olson quit the service of the Citizen, last September, a year ago, and after he had failed to enter into a co-partnership with City Attorney Moore to practice law, he went into the real estate and money raising business with Lawyer Ad. H. Wyckoff. The business progressed for a short time, but was finally "disolved."

Mr. Wyckoff retiring and Mr. Olson suddenly disappearing. Since then, although many inquiries have been made, J. M. Wyckoff and other friends, The Citizen has been unable to locate Olson.

#### POLICE COURT.

A Hilarious Miner From Bland-Tries to Burn Jail.

Last night a good natured miner from Bland, in town for a day or two, met so many friends and received so many favors in the way of treats from them that he became hilarious and when remonstrated with by the police, abused them and threatened to take vengeance. When arrested he had an ugly knife and the charge included the carrying of this weapon. Then he added to his other offenses that of burning the blankets at the jail in the stove, nearly setting fire to the place and himself also. For all of this, in the police court this morning he paid \$25 and costs.

A native laborer paid \$3 for being drunk and disorderly.  
 Ed Freeman, a colored man well known about town, had an altercation with a brother African, named John Collins, this morning in Paradise Alley, and drew a knife on him. There were a couple of knock downs, but no one was hurt. Freeman was given a sentence of ninety days in the county jail. A lot of small boys who were told to appear to answer to a charge of damaging some outbuildings Halloween night were dismissed with a lecture.

The trial of the woman who had the fight on North Third street the other night was again postponed as one of them was unable to appear on account of injuries received.

The Jossey Stock Company.

"A Married Bachelor" was presented by the Jossey Stock company at Scher's opera house last night, to a large crowd, and the amusing situations of the play kept those present in constant laughter.

The New York hit, "Sapho" was rendered this afternoon as a matinee performance by the Josseys and the theatre was well crowded.

"The Devil & Co." an exciting drama of the nineteenth century, will be presented to-night.

Pools on the election will be sold at the Zeigler cafe to-night.

## UNEQUALED!!

THE BRUNSWICK Cigar has never felt the weight of competition. Its quality has placed it out of reach. In wrapper and in filler it is matchless. The Brunswick is not made for one class of smokers; it is made to please everybody. Many a high priced article has been dropped—has given place to this one cent creation. On the other hand, smokers who have always insisted on economy have taken to the Brunswick because it gives most for the money. A cigar which has thus surmounted all obstacles and made for itself a secure place in the regard of the smokers of America cannot but please you also. We only ask you to give it a chance.
