HEARST'S FUNDS!

Big Money for Election
Frauds.

Roosevelt Denies That He Is
on Verge of Collapse.

Bryan in Chicago, While Cleveland
Goes Duck Hunting.

MCKINLEY WRITES A LETTER.

New York, Nov. 2.—W. R. Hearst, president of the National Committee of Democratic clubs, issued a statement to two and a half million members of those organizations in which he offers \$10,000 reward for arrest and conviction of persons guilty of altering the election returns and \$5,000 reward for the first person telegraphing him information which may lead to such conviction.

ROOSEVELT'S HEALTH GOOD.
Jamestown, N. Y., Nov. 2.—Governor Roosevelt was shown a newspaper to-day in which was published a rumor that he was on the verge of collapse from excessive work of the political campaign. The governor good humoredly said his weight and general appearance were sufficient denial of the report, adding that he was actually in the best of health. It is the rumor that arose from the fact that the governor wrote to New York City, asking that he be excused from speaking Saturday, and that the scheduled trip through Long Island on Monday be cancelled. The governor left here at 9 o'clock bound for Oswego, with many stops scheduled on the way.

STILL IN CHICAGO.
Chicago, Nov. 2.—Weary from strenuous work last night, but asserting himself in good physical condition, W. J. Bryan resumed his campaign in Chicago to-day, making two addresses between 11:30 a. m., and 12:30 p. m. At 4 p. m. he will speak at Old Venn's Garden, Sixth street, and to-night will make six speeches in south and southwest parts of the city. Bryan began the day's program at Handel hall where he addressed a large crowd. From Handel hall he was escorted by Mayor Harrison and a deputation of Cook County Democratic club to the lake front. Here another large crowd was gathered. It was with the utmost difficulty that the candidate was piloted to the platform.

CLEVELAND GOING HUNTING.
New York, Nov. 2.—Ex-President Cleveland arrived here to-day from Princeton and called to see E. C. Benedict. Cleveland denied himself all interviews. A representative of Benedict & Co., said the ex-president and Benedict were going on a duck shooting expedition in Maryland and would not return before the latter part of next week.

SOUND WORDS FROM MCKINLEY.

New York, Nov. 2.—The following letter was given out by Secretary Drake, of the business men's republican sound money association:
Canton, Ohio, Nov. 1.—My Dear Strong: Public duty will not permit me to accept the invitation to review the parade on Nov. 3 of the organization composed of the business men's republican sound money association. I recall the inspiring demonstration of four years ago, and rejoice that now, as then, with undiminished ranks, citizens of all parties are in line for national honor, public law, sound currency and industrial prosperity, and as in 1896, are arrayed against those who are inciting class hatred and discontent among the people of our happy country.

We know no class distinctions in this fair land of ours. American people will permit no stain to be put upon American name.
May these marching free men and their patriotic allies throughout the country stamp out for all time the republic the evils of repudiation and

dis honor. Very sincerely yours,
WILLIAM MCKINLEY.
To Hon. Wm. L. Strong, President
Business Men's Republican Sound
Money Association, New York City.

THE JOSEY STOCK CO.

"Under Two Flags" Last Night Other Good Plays.

The largest house of the week assembly last night to witness the elegant production by this popular company of "Under Two Flags," a dramatization of Ouida's famous novel. The audience, while large, was equally enthusiastic and most liberal in the distribution of their applause. Bernice Howard, as "Ouida," was at her best and gave another striking example of her great versatility by a superb portrayal of a character so completely different from anything yet attempted by her, while W. J. Josey was as usual very pleasing in the dual role of "Berthe Cecil" and "Louis Victor." Miss Dancy, as "Lady Genevieve," Mr. Winstanley as "Baron," Mr. McCarthy as the "Blackhawk," were very effective, while Mr. Stansfield as the irrepressible Blake kept the house in roar of laughter from time to time. The specialties were up to the usual standard. To-night the company will present the three-act comedy, "A Married Bachelor," preceded by the comic drama in one act, "Drifting Apart," by the author of "The Penman,"—Sir Charles Young.

To-morrow afternoon they will give a grand family matinee, at which the play will be "Sapho." The prices for the matinee will be 15 and 25 cents to all parts of the house.

A GALLUP RAPIST.

Epifanio Mares Assassinated a Miner's Wife and Stole Her Money.

W. A. Smith, town marshal of Gallup, arrested in the city this morning, and placed in the county jail a young Mexican by the name of Epifanio Mares, charged with attempted rape and theft of \$500. Mrs. Paul Dabowski, a miner's wife, was on her return to Gibson from Gallup, walking along the road, Mares going in the opposite direction. The woman testified that Mares grabbed and attempted a criminal assault upon her person, bruised her arms, back and hands in the scuffle, and threw her into a dry arroyo about eight feet deep. Mares then jumped into the arroyo after his victim, and literally tore the woman's clothes off her. She finally managed to escape, pulling around her what clothing was left intact in the tussle, and made her way to Gibson, where the assault was reported. On examining her clothing she found that the would-be rapist had stolen from her person \$500 in money. The man was arrested the next day by Marshal Smith, and Justice of the Peace Brown sent him here to the county jail without bail.

\$500 Reward.

The above reward will be paid for information leading to the arrest and conviction of the person or persons who set fire to the Metropolitan building at northwest corner of Railroad avenue and First street, on the morning of Oct. 29th.

FROM CHINA!

Necessary for Accord
Between Powers.

French Troops Purging Vil-
lages of the Boxers.

High Chinese Officials Sentenced to
Death.

LIFE IMPRISONMENT FOR A MURDERER.

Peking, Oct. 31.—The foreign ministers continued to-day the discussion of peace propositions to be presented to the Chinese. The French proposals were accepted. Additional specifications will be discussed on Monday. On account of the necessity for thorough investigation of the different cabinets, the final note will not be presented for several weeks.

General Voyron, commander-in-chief of the French troops in China, will be under his command, is purging the villages around Tien Tsin and Peking. Villages infested with Boxers have been destroyed and their inhabitants punished. The French column met resistance at Shih Chang. The enemy's loss were considerable.

News from Pao Ting Fu indicates movement of French and German troops upon Shih Lung, where the imperial troops are situated. It is rumored that the army at Yang Yuh Kante resolved to defend the place. As a result of inquiries made by international commission under General Baildon, second in command of the French troops in China, the allies convinced the grant treasurer that the governor of Pao Ting Fu and the Chinese colonel were instrumental in the murder of American and English missionaries, and they have been condemned to death.

SENTENCED TO DEATH.

Pao Ting Fu, Nov. 2.—Commission of inquiry into the outrages on missionaries here sentenced to death the Tien Yang provincial judge; Wang Hung on, the military commander; Gen. Kiu, two other officials. The German and French troops will garrison Pao Ting Fu for the winter. Preparations are complete for destroying on October 12 the most venerated temple in the city.

OTHER VITAL QUESTIONS.

Washington, Nov. 2.—It was stated to-day in quarters well versed in Chinese affairs that outside of the questions of indemnity, punishments, etc., now under negotiation at Peking, there are three vital and far reaching questions to be determined, viz: First—The removal of the empress dowager personally, and through influences of her advisers, from all participation in the Chinese government. Second—Creation of indemnity fund by increase of China's customs revenue, either by payment of duties in gold instead of depreciated silver as at present, or else by doubling present silver duties from 5 to 10 per cent ad valorem. Third—Establishment of minister of foreign affairs, in place of old and cumbersome system of Lung Lai Yamen. The demand for the retirement of the empress dowager is said to result from a conclusion, now generally accepted, that the imperial government of China was responsible for the Boxer uprising. The plan of doubling China's customs duties has arisen from a need of finding a source to pay the war indemnities which the various powers demand.

Indicted for Murder and Rape.

New York, Nov. 2.—The grand jury of Passaic county, New Jersey, to-day reported indictments for murder and rape against Metalier, Kerr, Campbell and Death. The men were accused of having caused the death of Jennie Boeschlieter ten days ago.

POLITICAL POINTERS.

Big Rally in Old Town Last Night—
Good Speaking.

OTHER MEETINGS TO BE HELD.

The republicans of old town (precinct 15) held a rousing republican rally at the court house last night, there being present many ladies. The meeting was presided over by Thomas W. Rorer, who, in a few well chosen remarks, introduced the well-known Spanish orator, Nestor Montoya, the court interpreter. The other speakers of the evening were Modesto Ortiz, Dr. J. A. Lowe and Librado C. de Bacia. They stirred up their hearers in good shape, and put a whole lot of energy into the backbone of the workers of that precinct.

James S. Duncan and Secundino Romero, two well-known republican leaders of San Miguel county, were here for a few hours last night from Las Vegas, and called at the headquarters of the territorial republican central

committee. They state that San Miguel county will give a handsome majority for Judge Rodey for delegate to congress, and also elect the county republican ticket. They returned north this morning.

Hon. W. B. Childers and Col. E. W. Dobson, who were at Santa Fe yesterday, returned to the city last night. They report republican affairs a little mixed in that county, but declare that Judge Rodey will get a good majority. Mr. Childers will be one of the speakers at the open-air rally in this city to-morrow.

This evening the Afro-American political club will hold a rally meeting at the former dancing hall on Gold avenue, and everybody invited to attend. Prominent speakers have been invited and will be present to present some good republican arguments.

Labrado C. de Bacia, of Pena Blanca, called at this office to-day and stated, although he took part in the Otero-Pena independent convention, he is not with them now, and is out making speeches for the republican ticket.

Col. R. E. Twitchell, the orator from East Las Vegas, is in the city, and is suffering with a very bad cold. He is under the care of a doctor, and it is extremely doubtful if he will be able to fulfill his speaking obligations in this city to-morrow night and also at Gallup.

The "open-air" republican rally to-morrow night will be a big affair, and will be held at the corner of Railroad avenue and Second street. A list of good speakers will be present.

EX-MAYOR STRONG

Prominent New Yorker
Died Last Night.

Searching for Drugs That
Killed Millionaire Rice.

Defaulting Bank Teller Alvord Dis-
charged, Then Rearrested.

BIG PHILADELPHIA FAILURE.

New York, Nov. 2.—William L. Strong, mayor of New York from January 1, 1895, to December 31, 1897, is dead.

Mr. Strong took an active part in the present campaign. It is said his political labors, combined with his attempts to retain supervision over his business affairs, in the face of impaired health brought about the illness that resulted in his death. Strong was born in Ohio in 1827, and came to New York when a young man. In 1870 he organized the firm of William L. Strong & Co., which grew to be one of the prominent business houses in the city. He also was president of the Central National bank, ticket in 1884. He was the last mayor of the old city of New York, before consolidation with Brooklyn and other boroughs.

Searching for the Drugs.

New York, Nov. 2.—The latest move in the Rice case is the search for the drugs which Charles F. Jones, valet, who made confession and attempted suicide, alleges Albert T. Patrick, Rice's attorney, used to bring about the millionaire's death. It was reported last night that the police, acting upon the clue furnished by Jones, found a druggist, who admitted having sold anemestic to a man answering Patrick's description on the Sunday that Rice died.

Discharged and Re-Arrested.

New York, Nov. 2.—City Magistrate F. Lammer discharged Cornelius L. Alvord, the defaulting note teller of the First National bank, from custody to-day. The magistrate said he was satisfied he had no jurisdiction. Alvord was re-arrested by the United States marshal, and taken before United States Commissioner Shields.

The commissioner told Alvord at \$150,000 bail for examination on Wednesday next.

A PHILADELPHIA FAILURE.

Receivers Appointed for Two Big Manufacturing Concerns.

Philadelphia, Nov. 2.—Judge McPherson, of the United States district court, upon the request of creditors of William Brown & Sons, and the Phoenix Mill company, appointed as receivers for the firms, Thos. Watson & Son, and Frank H. Keene. The two concerns, which are practically the same, are manufacturers of worsted yarns, and their combined liabilities are placed at \$2,140,000. The depression of business and borrowing \$1,000,000 on wool pledged with them, are said to have caused the failure.

Civilization has followed the flag to
Hawaii. The Honolulu plumbers have
formed a combine.

The real issue of this campaign is
American patriotism and the stability of
American institutions.

The registration in Colfax county
reaches nearly 4,000 and the indications
are that a greatly increased vote will be
polled.

The cross of gold upon which Mr.
Bryan said the American laborer was
to be crucified now amounts to \$2,500,
600,000 in the savings banks of the
country.

The colored republicans will hold a
grand rally at their hall on Gold avenue
this evening. There are over one
hundred members in this club, and they
are enthusiastic workers for Mr. Ro-
bey and the republican ticket.

Up at 11 and Mr. Laramie stated
that the last republican legislature in-
creased the salaries of assessors in this
county over \$100,000 per year. There
are nineteen county assessors in the
territory, and their combined salaries
will not exceed \$150,000.

GOOD WORK.

The fact that Land Commissioner A.
A. Keen has turned over to Territorial
Treasurer J. H. Vaughn since February
1, this year, \$12,680.33, received from
land leases to be applied to the public
school income fund of the territory,
speaks volumes for the good work of
the land commission and its commis-
sioner. The New Mexican says that
this is the most gratifying because cer-
tain popular sheets have made unwar-
ranted attacks upon the work of the
commissioner, who, as a matter of fact,
the commission has done better than
the land commissions of any other state
did during the first year of their exis-

ence. This can be proven from official
records that are at hand. More than
this, the income of the school fund will
continue to increase, as many more
leases are already in the hands of the
territorial department, and the ap-
proval of the secretary of the interior.
In addition to this, the commis-
sion by its firm stand has compelled
the interior department to recognize
the right of the territory to the school
rights on the Gila forest, reserve a
right which an attempt had been made
to deny.

The people of the United States, with
few exceptions, will be prepared to give
heartily thanks on the 29th of next
month for favors received and to come,
because they will be sure of another
four years of prosperity, with McKinley
at the helm of the ship of state.

In an interview in the El Paso Her-
ald, Mr. McKinley said: "I will make
my special duty to be to give heartily
thanks to the people of the United States
for the support of the McKinley propo-
sition. We know that the people of the
United States are not only prepared to
get all the water coming down the
river and destroy the interests of New
Mexico, but they will have a hard
fight."

The chief of the United States bu-
reau of statistics points out that a
semi-circle of countries stretching from
Asia to Russia southward to Australia,
with Manila as its most important port
of distribution, contains half the popu-
lation of the world, and their annual
purchases amount to more than \$1,000,
000,000, or fully \$100,000,000 per month.
Their chief demand is for the very
classes of goods which the United
States is producing, and for which it
is desirous to find a market. Surely this
is a commercial prize worth striving
for, even at the risk of a little national
expansion.

Largest Armor Plate.
What is probably the largest single
armor plate to be used in the con-
struction of the battleship Wisconsin.
The plate will become the port plate
of a turret on the vessel and is being
cut out at an angle instead of being
the arc of a circle, the idea being to
better deflect a shot. What the armor
plate is to a battleship, Hotter's
Stomach Bitters is to the stomach. It
removes the attack of constipation, in-
digestion, dyspepsia, biliousness, and
prevents malaria, fever and ague. I
will restore a weak stomach to normal
conditions. Any one troubled with the
above ailments will do well to try the
Bitters at once. For fifty years it has
stood alone while its many imitators
have failed.

Could not express the rapture of An-
nie B. Springer, of 1135 Howard street,
Philadelphia, Penn., when she found
that Dr. King's New Discovery for
Consumption had completely cured her
of a hacking cough that for many
years made life a burden. All other
remedies and doctors could give her no
help, but she says of the cure: "It
soon removed the pain in my chest
and I can now sleep soundly, some-
thing I can scarcely remember doing
before. I feel like sounding its praises
throughout the universe." So will

Chinese Ordered Deported.
Yee Man Ang, who was given a hear-
ing yesterday before Judge Howe was
ordered deported. Ang was arrested in
this country without certificate. The
defendant came to this country by way
of the northern frontier and was on
the train when arrested by Inspector
Charles Mehan. The celestial had suc-
ceeded in running the gauntlet from
the Canadian border to El Paso, but
was detected by Mehan. The prisoner
claimed to be a Boston merchant on
his way to Arizona and made an up-
per against being pulled out of a train
while en route to his destination. He
produced a certificate which was after-
wards proven to be a forgery, and it
was also shown that he had never been
a merchant and was born in China. A
strange feature of the case was that a
Chinese witness who testified in the
case, was a native of the same Chinese
town from which the defendant emi-
grated.—El Paso Herald.

Tax Dodging by the Perea Family....

What makes the taxes high in Bernalillo county is the favoritism that has been practiced by the Perea family in favor of their own family, which is one of the richest in the county.
Here is a sample of it: In 1900 a majority of the board consisted of Jesus Romero, now a candidate for sheriff on the Perea ticket, and Pedro Castillo, a member of the family. The following is the official report of a special meeting of the board when these two gentlemen were present: Hilario Sandoval was the minority member, but was not present and presumably had no notice of the meeting:
(Page 184.)

The board met in special session.
Present—Jesus Romero, chairman; Pedro Castillo, commis-
sioner; J. C. Baldrige, clerk; by J. A. Summers, deputy.
The clerk is hereby instructed to notify the collector to receive the following amounts from the following named persons in pay-
ment in full of their taxes:
Pedro Perea \$371.99
M. Perea 255.05
Justiano Castillo 221.47
J. L. Castillo 10.48
On the 6th day of June, 1900, at the adjourned regular session of the board, another resolution was passed, in words and figures as follows:

ADJOURNED REGULAR SESSION.
"Albuquerque, N. M., June 8, 1900."
The clerk was instructed to notify the collector to accept from J. L. Perea the sum of \$200, in full payment of his taxes for the years 1897 to 1899, inclusive.

The tax books in the recorder's office and in the collector's office show that the persons referred to owed taxes as follows:
J. L. Perea—1897 \$472.31; 1898 \$631.14; 1899 \$206.44; 1900 \$199.33; 1901 \$172.72; 1897, \$158.64. Total, \$1,755.58.
Pedro Perea—1897, \$240.59; 1898, \$482.97; 1899, \$262.82; 1900, \$249.02; 1897, \$215.44. Total, \$1,560.53.
Mariano Perea—1894, \$148.85; 1895, \$110.82; 1896, \$78.85; 1897, \$68.76. Total, \$428.28.
Jus. Castillo—1897, \$115.62; 1898, \$129.78; 1899, \$154.12; 1900, \$12.44; 1897, \$19.90. Total, \$310.17.
J. L. Castillo—1890, \$14.58; 1894, \$22.01; 1895, \$4.23; 1896, \$4.32; 1897, \$2.56. Total \$51.50.
J. L. Perea owed \$1,755.58, and settled for \$500 on June 6, 1899.
Pedro Perea owed \$1,560.53, and settled for \$571.99 on January 24, 1899.
M. Perea owed \$255.05, and settled for \$255.05 on January 24, 1899.
Jus. Castillo owed \$310.17, and settled for \$221.47 on January 24, 1899.
J. L. Castillo owed \$51.50, and settled for \$10.48 on January 24, 1899.

Thus it will be seen that by this illegal and irregular action of the board of county commissioners, controlled by the "Perea family," they were allowed to settle \$1,400.00 in taxes by the payment of \$1,569.19.

It will be also observed how small the assessment for taxation of Pedro Perea and his relatives amounted to, before the county commissioners authorized the collector to receive these sums in full satisfaction of their taxes.
The illegal shirking of proper assessments, and of the proper payment of taxes after the taxes have been assessed, by the leaders of the old ring that has governed this county for the past twenty years, simply adds that much to the taxes that other people have to pay, and makes it necessary to increase the rate of taxation, and to discriminate in the assessment of taxes against other people in the county, and yet the democratic executive committee has the assurance to talk about the discriminations of the assessors and the present board of county commissioners for political purposes, in Albuquerque. This transaction can be characterized as nothing less than a straight-out and down-right robbery. Nevertheless, the people running the fusion campaign are asking the voters of Albuquerque to put the Perea family and Otero in the saddle again.

Question Answered.

Yes, August Flower has still the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headache and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. H. O'Reilly & Co.

UNEQUALED!!

THE BRUNSWICK Cigar has never felt the weight of competition. Its quality has placed it out of reach. In wrapper and in filler it is matchless. The Brunswick is not made for one class of smokers; it is made to please everybody. Many a high priced article has been dropped—has given place to this 10-cent creation. On the other hand, smokers who have always insisted on economy have taken to the Brunswick because it gives most for the money. A cigar which has thus surmounted all obstacles and made for itself a secure place in the regard of the smokers of America cannot but please you also. We only ask you to give it a chance.
