NEW MEXICO SAFELY REPUBLICAN

Majority for Rodey, Republican Candidate for Delegate to Congress, From Five to Six Thousand.

LEGISLATURE IS SAME WAY

Legislative Council at Least Three-Fourths and House of Representatives Two Thirds Republican--Sufficient Election Returns Received to Show This Gratifying Result.

The election returns from the territory are coming in slowly, but it is safe to count on a majority for B. S. Rodey, Republican candidate for delegate to congress, of over 5,000. The Republicans will also have three-fourths majority in the legislative council and two-thirds or more in the house of representatives. The following are the latest returns from the counties:

MCKINLEY COUNTY.
Gallup, Nov. 5.—McKinley county, 8 precincts out of 9, give Rodey 268, Ferguson 156, Rodey's majority 212.

COLFAX COUNTY.
Special to the New Mexican.
Raton, Nov. 5.—Rodey, Republican candidate for delegate, carries this county with from 300 to 400 majority.

DONA ANA COUNTY.
Special to the New Mexican.
Las Cruces, Nov. 5.—Indications are that the entire Republican ticket is elected in this county by from 400 to 600 majority.

OTERO COUNTY.
Special to the New Mexican.
Alamogordo, Nov. 5.—Llewellyn, R. candidate for house of representatives from Dona Ana and Otero counties, carries Otero county by a good majority.

GRANT COUNTY.
Special to the New Mexican.
Silver City, Nov. 5.—B. S. Rodey, Republican candidate for delegate, will carry this county by 50 majority. It looks now as if the Republican legislative ticket has carried. Swartz, Republican candidate for assessor, is elected by 200 or more majority.

CHAVES COUNTY.
Special to the New Mexican.
Roswell, Nov. 5.—This county gives the following Democratic majorities: H. B. Ferguson for delegate 575; G. A. Richardson for member of legislative council 825; W. A. McIvers for member of house, 616. The entire Democratic county ticket elected by average majority of 700.

SAN MIGUEL COUNTY.
Special to the New Mexican.
East Las Vegas, Nov. 5.—East Las Vegas gives Rodey, Republican candidate for delegate, 345; Ferguson, Democratic candidate for delegate, 385, making a majority for Ferguson of 40. Spies, R. for council, 414; Duncan, R. for council, 376; Olney, fusion for council, 357; Gallegos, fusion for council, 311. The Republican county ticket carried East Las Vegas by 50 majority. Rodey carries precincts Nos. 5, 6, 4, and 26 by about 115 majority. Four precincts of Las Vegas give Republican county ticket 150 majority.

Unofficial returns show that Rodey, R. candidate for delegate to congress, will carry this county from 300 to 350 majority. County precinct returns are coming in very slowly and are badly mixed. It looks now as if the Fusionists have elected some of their candidates on the county ticket and the Republicans have carried their entire legislative ticket.

SOCORRO COUNTY.
Special to the New Mexican.
Socorro, Nov. 5.—Fifteen precincts give Rodey, R. for delegate, 225 majority. The same precincts give Andrews for legislative council on both Republican and Democratic tickets, 1,158 majority and H. H. Howard, R., for house, 89 majority. The same precincts give H. G. Baca, Independent, candidate for treasurer and ex-officio collector, a plurality of 39 over Abran Abeyta, Republican candidate for that office.

SAN JUAN COUNTY.
Special to the New Mexican.
Asteo, N. M., via Durango, Colo., Nov. 5.—San Juan county gives Ferguson, Democratic candidate for delegate, 39 majority; Granville Pendleton, R., for house 5 majority; J. H. Crist,

D., for council, 120 majority; Garcia, D., for council, 98 majority; Espanosa, D., for house, 126 majority. Half of the Republican county ticket is elected.

SOCORRO COUNTY.
Socorro, Nov. 5.—Seventeen precincts give Rodey, Republican candidate for delegate, 242 majority. The same precincts give H. H. Howard, R., for house, 62 majority. The same precincts give H. G. Baca, Independent R., for collector and treasurer, 28 majority. Five river precincts are still to be heard from and everything west of Magdalena yet to come. The indications are that Rodey has carried the county by from 100 to 150 majority and the chances are that Howard, R., for the house, is elected.

BERNALILLO COUNTY.
Special to the New Mexican.
Albuquerque, Nov. 5.—Indications are that Rodey, Republican candidate for delegate, has carried this county by 3,000 majority.

VALENCIA COUNTY.
Special to the New Mexican.
Los Lunas, Nov. 5.—Valencia county solid 1,600 and more majority for Rodey and entire ticket elected.

DONA ANA COUNTY.
Special to the New Mexican.
Las Cruces, Nov. 5.—Unofficial returns indicate that Rodey, Republican candidate for delegate to congress, received 550 majority in Dona Ana county; Hawkins and Fall, candidates for the legislative council, 950 majority, and Llewellyn and Pollard, R., candidates for house of representatives, 750 majority. The entire Republican county ticket elected.

GENERAL RESULT OVER THE TERRITORY.
Special to the New Mexican.
Albuquerque, Nov. 5.—Believe my majority will reach 6,000. B. S. Rodey.

KILLED BY A SAFE.
Both Legs of the Driver of a Gray Were Crushed and Mangled.
George W. McBiles, driver of a dray at Carlsbad, was killed Monday. He was moving a heavy safe which had been placed on his dray, when it tipped and fell to the ground. McBiles received the weight of the safe on his lower limbs, both of which were so crushed and broken as to make amputation necessary. He failed to survive the operation.

Prisoners Sentenced.
In the district court at Roswell, Tenn, indicted for larceny of money from a saloon, was convicted and sentenced to 90 days in jail. He was allowed credit for the time he has been locked up awaiting trial and will have 27 days to serve. Roman Gullen pleaded guilty to assault with intent to kill and was given two years in the penitentiary. Charles McKenzie was sentenced to two years for obtaining money under false pretenses. James Foster and Henry Anderson one year in the penitentiary, and John Sheridan nine months in jail.

MASON REMANDED WITHOUT BAIL

Police Had Intended to Release Him Today But New Phases Were Brought to Light This Morning.

IS SUSPECTED OF HAVING COMMITTED MANY MURDERS

Cambridge, Mass., Nov. 5.—Allan G. Mason, who was arrested yesterday on suspicion of having committed an assault upon Miss Clara A. Morton in Waverly last Saturday night, causing her death, was today held for further hearing on the charge in the 3d district court for eastern Middlesex. It was understood last night to be the intention of the police to release the man today as they had been unable to make out a case against him. But it is claimed new phases were brought to light this morning which warranted a change in the procedure. Mason was remanded without bail.

CITIZENS WERE TERRIFIED.

Stood on the Corner and Shivered While the Bank Vault Was Blown Up.

Fort Scott, Kas., Nov. 5.—The bank at Richards, Mo., 8 miles east of here, was blown up at 1 o'clock this morning and the burglars got away with \$1,589. The citizens were awakened by an explosion and gathered around on the dark corners and stood idle while the shattered vault was being rifled. They had no arms to speak of and were fearful of being shot. It was two hours before any of them dared approach the wrecked building. The burglars are supposed to have escaped to Kansas City on a freight train.

PRESIDENT AT PHILADELPHIA.

Anniversary of the Initiation of George Washington into the Masonic Fraternity Observed.

Philadelphia, Pa., Nov. 5.—The train bearing President Roosevelt arrived here at 11:18. The president was met by the committee appointed for the purpose and was escorted to the Masonic Temple, where he participated in the exercises attending the sesqui-centennial anniversary of the initiation of George Washington into the Masonic Fraternity, which event took place in the lodge at Fredericksburg, Va., November 4, 1753.

SENSATIONAL SUICIDES.

Prominent Minister and a Young Woman Found Dead in the Church Vestibule.

Omaha, Neb., Nov. 5.—Rev. W. C. Rabe, pastor of the German Baptist church at 20th and Seward streets, and Miss Augusta Busch, a young woman who had lived in the neighborhood, was found dead early today in the vestibule in the rear of the church auditorium. The bodies were locked in embrace and the gas jets turned on. Rev. Rabe was 65 years of age and a prominent minister.

IT WAS A REPUBLICAN DAY

No Question as to a Safe Working Majority in the House of Representatives.

GAINS IN THE U. S. SENATE

Odell Has 10,000 Plurality in New York and Platt Will Be Returned.—One Democratic Congressman Elected in Iowa.—Delaware Deadlock Will Continue.

Chicago, Nov. 5.—Dispatches to the Associated Press up to 11 o'clock this morning show the Republicans have elected 197 congressmen and the Democrats 180, with nine districts to be heard from.

REPUBLICAN IN WASHINGTON.
Seattle, Nov. 5.—Returns indicate that Washington has gone Republican on the congressional ticket by 8,000 to 10,000 majority. The legislature will be Republican by from 10 to 20 majority.

DEMOCRATIC, AS USUAL.
St. Louis, Mo., Nov. 5.—While complete returns from all parts of the state have not been received, there is nothing to indicate a change from last night's figures, which show the election of the state Democratic ticket, a safe Democratic majority in the legislature that will select a successor to Senator Vest, and the election of 15 Democrats out of 16 congressmen.

A MAJORITY, SAYS OVERSTREET.
New York, Nov. 5.—Congressman Overstreet, of Indiana, secretary of the Republican congressional committee, said at noon today that the Republicans will have in the next house of representatives at least 206 members, probably 208 and possibly several more. With 206 members the Republicans have a majority of 26, with 208 a majority of 30.

Although unofficial reports from the state apparently showed Odell's re-election by about 10,000 plurality, Odell refused to concede his defeat, declaring he wished to wait for the official count.

COLORADO PROBABLY IN LINE.
Denver, Colo., Nov. 5.—The probable election of a Republican governor and possibly a Republican majority in the lower house of the legislature started the talk in the hottest senatorial fight over waged in the state. It is possible that the Republicans may organize a "rump legislature" and proceed to elect a Republican senator on the ground of alleged frauds in Arapahoe county. The returns would indicate, however, that the Democrats have a majority in the legislature even if Arapahoe county were thrown out.

SLOW IN KANSAS.
Topeka, Kas., Nov. 5.—Counting is very slow and it will be night before the exact result is known. The chairman of the Republican state committee says Bailey's plurality for governor will be close to 35,000. The Republicans will have 80 members in the legislature, allowing them to elect the successor to Senator Harris, Democrat. The entire congressional delegation will be Republican.

MASSACHUSETTS IN LINE.
Boston, Nov. 5.—Massachusetts yesterday elected a Republican state ticket, a congressional delegation of ten Republicans and four Democrats, a state senate of 31 Republicans and nine Democrats and a house of representatives of 155 Republicans, 82 Democrats and three Socialists.

WYOMING POSSIBLY UNANIMOUS.
Cheyenne, Wyo., Nov. 5.—The Republican majorities in Wyoming surpassed all expectations. Mondell for congress will have 6,000 majority. The entire state ticket was elected by 3,000 to 5,000. The legislature will be overwhelmingly, possibly unanimously Republican.

FUSION TICKET ELECTED.
Reno, Nev., Nov. 5.—Indications this morning are that the entire state fusion ticket with the exception of Ring for superintendent of schools, has been elected.

IDAHO LEGISLATURE REPUBLICAN.
Boise, Idaho, Nov. 5.—Returns of the Idaho election confirm the figures sent out last night showing the election of the entire Republican state and congressional tickets. A Republican majority on joint ballot in the legislature seems assured and W. E. Borah, who probably succeeded Senator Helfelt in the United States senate, Democrat State Chairman Donnelly this morning conceded the election of the entire Republican ticket. However, he claims the majority on a joint ballot in the legislature. The Republican leaders claim the majority will be 13.

DELAWARE'S DEADLOCK.
Wilmington, Del., Nov. 5.—On a joint ballot, the legislature will be 28 Republicans, 23 Democrats, one uncertain. Of the Republican members it is conceded that 8 are opposed to the election of J. Edward Addicks to the U. S. senate. This promises to produce another deadlock at the next session of the legislature.

GRIGGS IS HOPEFUL.
Washington, D. C., Nov. 5.—Chairman Griggs this morning still claims

MRS. CARRIE NATION WAS INJURED

Aboard a Train Which Ran on to a Siding and Collided With an Engine Standing There.

FIFTEEN PERSONS WERE MORE OR LESS HURT

New York, Nov. 5.—The westbound Black Diamond express of the Lehigh Valley railroad, which left Jersey City at noon, was wrecked east of Newark about 12:20 p. m., and 15 persons were more or less seriously hurt. The express ran on a siding and collided with an engine standing there. One of the passengers hurt was Mrs. Carrie Nation of Kansas. Her hand was slightly cut and arm badly bruised.

NOVEMBER WEATHER.

What May Be Expected This Month Based on the Records of Twenty-Seven Years.

Weather in Santa Fe for November for a period of twenty-seven years, or since the weather bureau was established here, shows a mean or normal temperature of 39 degrees. The warmest November was that of 1878, with an average temperature of 44 degrees; and the coldest was that of 1880, with an average temperature of 39 degrees. The highest temperature was 77 degrees, on November 2, 1878; and the lowest 11 degrees below zero, on November 18, 1880. The average precipitation for the month is .72 inches and the average number of days with .01 of an inch or more, four. The greatest monthly precipitation was 3.15 inches in 1878 and the least was but a trace in 1894. The greatest amount of precipitation recorded in any consecutive twenty-four hours was 1.03 inches on November 9, 1878 and the greatest amount of snowfall recorded in the same time since the winter of 1884-85 was 5.10 inches on November 25, 1888. The average number of clear days is 18, of partly cloudy days 4. Prevailing winds have been from the north and the highest velocity was 42 miles an hour from the southwest on November 4, 1895.

MRS. CAHOON DEAD.

Wife of a Prominent Mason Passed Away After a Lingering Illness.

Mrs. E. A. Cahoon, of Roswell, died at her home after a lingering illness of nearly four months of a complication of diseases. Her funeral was one of the largest ever held in Roswell. She was the wife of the cashier of the First National Bank of Roswell, who is one of the best known Masons in New Mexico. Her father was Mark Howell, the present collector and treasurer of Chaves county. Mrs. Cahoon was generally beloved in her home community, and the coffin was nearly buried in flowers. Yellow and white chrysanthemums were used in profusion, and at the cemetery the grave was lined with these flowers. This was done by the members of the Order of the Eastern Star. Besides a husband, three daughters survive her, the youngest of whom is a babe of three months.

Plant is a Success.

The cyanide plant recently installed by the Last Chance Company at Mogollon is a big success and 1,200 tons of ore are now being treated monthly. The results are flattering and several other companies are considering putting in similar plants.

the election of a Democratic house by 12 majority. He claims the election of two Democrats in Rhode Island.

PENNSYLVANIA IN CONGRESS.
Philadelphia, Pa., Nov. 5.—Incomplete returns indicate the Pennsylvania delegation in the next congress will stand 29 Republicans and 3 Democrats.

ODELL HAS TEN THOUSAND.
Albany, N. Y., Nov. 5.—The latest returns show Odell is elected governor by 10,000. He was elected two years ago by 40,000. The Republicans carried all the rest of the ticket but the official count will be necessary to decide county offices. The assembly is safely Republican, insuring the re-election of Platt.

COOK COUNTY REPUBLICAN.
Chicago, Nov. 5.—Practically complete returns from Cook county give the Republicans the entire county ticket except the sheriff and four commissioners.

CALIFORNIA LIKEWISE.
San Francisco, Nov. 5.—Returns are still incomplete but it is conceded nearly all the Republican candidates are elected. Of 8 congressmen, 5 and possibly 7 are Republicans.

SMOOT FOR THE SENATE.
Salt Lake, Nov. 5.—The Republicans are successful in Utah. They will have a majority in the legislature which insures the election of Apostle Reed Smoot to the senate.

ONE DEMOCRAT IN IOWA.
Des Moines, Ia., Nov. 5.—The Democrats succeeded in electing one congressman in the state of Iowa for the first time in 8 years. Judge Martin J. Wade defeating the Republican candidate, Hoffman, by 800 plurality. Bird-sall, Republican, in Speaker Henderson's district, received 5,000 plurality. The Republican plurality for the state ticket exceeds 70,000.

OHIO COMFORTABLY REPUBLICAN.
Columbus, O., Nov. 5.—Republicans today say their plurality on the state ticket will approximate 100,000 and that Ohio congressmen stand 17 Republicans to 4 Democrats as in the last congress.

MARYLAND MAJORITY IS 8,500.
Baltimore, Md., Nov. 5.—Though the count has not yet been officially declared, it is known the Republican majority in the state of Maryland is very near 8,500.

LAFOLLETTE IS SAFE.
Milwaukee, Nov. 5.—The latest returns show La Follette has carried the state by at least 40,000.

WEDNESDAY, NOVEMBER 5.

New Mexico Demands Statehood of the 37th Congress.

Of Right and in Justice New Mexico Should Be a State.

Extract from the Congressional Record of June 25th, 1902, page 7,842.

President pro tem, of senate: The chair has been requested to restate the proposition, and will do so.

The senator from Indiana, the chairman of the committee on territories, has stated in open session today, that the committee will report on the territorial bill, so-called, on the third day of the next session of congress. Thereupon the senator from Pennsylvania asks unanimous consent, that on the tenth day if the senate is in session and on the first day thereafter if it may be in session if not on the tenth, the bill shall be made the unfinished business.

Is there objection? The chair hears none, and the order is made.

Former President Grover Cleveland has greatly fallen off in weight, but as he weighed 300 pounds, it will not matter much.

Election is over and the country is safe. It takes more than one biennial election to change the even temper of the people of this great country.

Yesterday's election throughout New Mexico passed off peacefully and quietly. Score another one for the good character of New Mexico's inhabitants.

The revenue laws of the territory are in the main very good, but need amendment in minor points. In this connection the 35th legislative assembly will find quite a bit of wholesome work to do.

President Mitchell of the United Coal Miners, tells the dear people that he is not in favor of J. Pierpont Morgan for the Democratic nomination for the presidency in 1904. Who would have thought it?

The 35th legislative assembly should pass a primary election law. It is needed and is one of the things that should come; therefore, the sooner it comes, the better for the party which enacts such a law.

Texas mobs do not wait for legal hangings. Within the past few days three convicted murderers have been taken from jail and hanged by mobs. They do not believe in legal red tape in the Lone Star state.

The campaign is over and the good citizens of New Mexico will now be able to enjoy their Thanksgiving turkeys in comfort. Even the defeated candidates for office will be able to do so, for there will be another election in 1904.

Celery raised in the Pecos Valley, New Mexico, is of a superior quality and brings a high price in the markets of St. Louis, Chicago and New York. One striking instance of what irrigation in the arid regions will and can do.

Up to this morning the esteemed St. Louis Globe Democrat was of the opinion that Missouri would go Republican in yesterday's elections. Today, however, it knows better, but while there is life there is hope even for Missouri Republicans.

This is a funny world, New Mexico apples in large quantities are shipped and sold in Chicago and bring high prices. Kansas apples in still greater quantities are shipped to and sold in London and Liverpool and also bring high prices. The great American desert seems to be able to raise some apples, also some other things.

The New Mexican is doing grand advertising for the Capital City and for New Mexico in general. Three thousand copies of yesterday's edition of the New Mexican were distributed throughout the country and sent to men of means, to capitalists, to investors and to healthseekers. That is the kind of work this paper is doing and it is telling in the right direction.

During the campaign closed on yesterday 5,000 colored voters were allowed to register in North Carolina and 2,000 in Alabama. There are at a low calculation 100,000 colored citizens in the former state and 140,000 in the latter. The magnanimity and fairness of the Democratic campaign managers in the solid south are fairly astonishing and wonderful.

The registration law should be changed so as to provide for better pay for members of the boards of registration. As it is the amount allowed for six days' work is but \$2. Men of the right stamp, therefore, are unwilling to serve upon these important boards, and fair pay should be given them and the best class of citizens should be secured for the duties of the members of the boards of registration throughout the territory.

Owing to the shortness of this year's political campaign all over the country, Colonel Bryan has not made quite as much money as he thinks he ought to have made. He, therefore, insists that the coming presidential campaign should commence on January 1, 1904. This will give him a chance to speak about 200 times up to election day and at \$200 a speech would net him the handsome sum of \$40,000. Nothing plutocratic about Colonel Bryan to be sure.

The Eastern Railway of New Mexico will run through the counties of Guadalupe and Valencia and connect with the Atlantic and Pacific Railroad at Puerto Blanco in Valencia county. It will be completed, it is believed, by the first of July, 1904. The railroad map of New Mexico is undergoing changes continually. There cannot be too many of them. Every mile of railroad aids greatly in the development and up-building of the territory and benefits the people.

Charles A. Towne, the horny-handed Populist, who was upon the Pop ticket with Colonel William Jennings Bryan in 1900, is now riding about the country in a private car on coal oil business. In doing so he cannot, of course, see much of the common people. From a horny-handed Populist of two years ago, he has grown to be a silk stocking and footocrat. In this he is following the footsteps of his illustrious friend, Colonel Bryan, who during the campaign just closed, made speeches at \$200 per evening.

Nothing has been done for some time towards the final settlement of the outstanding bonded debt of this county. This is a very important matter and the present board of county commissioners, which inaugurated measures some time ago for the purpose of refunding the debt and arranging a compromise with the bondholders, should close up this matter before it goes out of office on the first of January next. The tax-payers and property owners of Santa Fe are very anxious to see this done. A fair compromise will be accepted by the citizens and will be carried out in good faith. The board of county commissioners should get a move on and that without delay.

It will be a day or two before the complete returns of yesterday's election in this territory will be known. There are precincts in several of the counties from forty to eighty miles from a telegraph office and naturally the results of the election in these far away precincts cannot be obtained any earlier. New Mexico is a pretty big country, but railroads, telegraph and telephone lines are bringing its many scattered communities into closer touch and relationship. This process is going on right along and is bringing about a great change for the better. The indications are that the results of the election in 1904 will be known and tabulated within twenty-four hours thereafter, for by that time there will be many hundreds of miles of railroads, telegraph and telephone lines in the future Sunshine state than ever known in the territory of New Mexico.

BACK TO THE SOIL. The Chicago Inter-Ocean has upon various occasions expressed itself strongly in favor of the reclamation of the arid lands. In fact, among the eastern newspapers, it is the leader in the irrigation movement. Its most recent editorial on the subject speaks favorably of colonization on the community plan and uses the success of the Salvation Army colony at Amity, Colo., as a text. It says:

The new and comprehensive irrigation policy adopted by the United States government naturally directs attention anew to the motto of some of the most progressive students of American social conditions: "Back to the soil."

In the near future there will be available extensive tracts of productive land by the completion of irrigation reservoirs and conduits. These sociologists believe that country life under improved agricultural and social conditions offers a remedy for the evils of the congested life of the industrial towns and great cities.

Attractive as this remedy appears, heretofore there have been practical difficulties which seemed insurmountable. In general the case may be stated thus:

The city tenement dwellers has neither means nor a practical knowledge of farming. Yet there are thousands of people in the cities who would be better off in the country, and there are millions of acres of land, still wholly uncultivated or at least cheap, upon which a very large and self-sustaining population could well be located. How shall the people be brought to the land, and how shall they be tided over the first few years?

The Army purchased a tract and divided it in 20-acre farms. Sixteen families, numbering about 100 men, women, and children, were selected with a view to character, intelligence, and physical capacity. Land, tools, horses, cows, and other necessities were supplied on credit, to be paid for within ten years. Capable leadership was furnished. Small houses were built by co-operative effort. For the first year farming operations were in common.

The colony is now a little more than four years old. It contains about 50 families, numbering some 300 persons. Crops are sure. A 20-acre farm supports a family in comfort. The colonists are paying their indebtedness as it becomes due, many making payments in advance.

The schoolhouse is the social center. The smallness of the farms makes social intercourse easy. The colony is taking the lead in advanced methods of agriculture. It is becoming an intellectual, moral, and religious center for the surrounding country. So assured is its success that the Salvation Army has built an orphanage accommodating 100 children, who will in due time become cultivators of the land with homes of their own.

The experiment has shown Commander Booth-Tucker that at an average advance cost of \$500 he can take a family from the city, provide it with land, house, tools, and team, and start it as the owner of an independent estate. For the colony is in no sense a charity. The colonist pays for what he gets and pays interest until he pays in full. He need not be a member of the Salvation Army. The enterprise is not communistic, though co-operative methods prevail. Each member of the colony is an independent landowner in the strictest sense of the word.

In view of the notable success of the Fort Amity colony this question is pertinent. If a large part of the immense sums now spent in charitable relief in the cities were put into a fund for the systematic transformation of unsuccessful tenement dwellers into successful farmers would there not be a saving of human life and capital, and also a great development of agricultural resources now unused?

New Mexico has room and wants 1,000 such colonies. They would make the arid wastes bloom like a garden and would prove to the world that "Back to the Soil" is strong advice and good counsel.

The Office Supply Company is headquarters for all kinds of type-writer supplies of the very best make and at the very lowest prices. Typewriting paper, carbon paper and ribbons handled by this company will be found the best in the market. Stenographers' supplies the best manufactured and cheapest in New Mexico also handled. Gold in the Black Hills.
The Burlington Route has recently issued a 48 page booklet bearing the title "Mineral and Mining in the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.
The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

"IMPOSSIBLE," for you to enjoy the happiness of motherhood," says the doctor. Sometimes he qualifies the statement, and says: "Impossible without an operation." Yet both these "impossibles" have been made possible by the use of Dr. Pierce's Favorite Prescription. Many times the hindrances to motherhood are to be found in womanly diseases or weaknesses, which are perfectly and permanently cured by "Favorite Prescription."
This great medicine for women cures irregularly and dri- debilitating drains. It heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.
"I wish to add my testimony to hundreds of others as to the value of Dr. Pierce's medicine." writes Mrs. Ida M. De Ford, of Latona, Hubbard Co., Minn. "I have suffered with a great many physicians—some specialists; but a great many in a hospital for treatment. My case has been regarded as a hopeless one, and they knew not what the trouble was. Heart was bad; stomach all out of order; tired out; severe pains in all parts of the body; sinking spells, and many other ailments a woman could have. I took many a bottle of 'patent medicines' without effect. I began taking Dr. Pierce's Favorite Prescription, and ten months afterward I gave birth to a fat, healthy baby. All physicians had stated as a fact that I never could bear a child. Both the baby and myself were strong, and I got along splendidly—thanks to your medicine."

IT'S IMPOSSIBLE.
To Disprove Facts It is Decidedly Easy to Verify Santa Fe Opinion.
Nothing by the way of an introduction could be added to the experience of and opinion given below which could increase their value. Santa Fe people can safely be left to draw their own conclusions based on such convincing proof as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-the-wool doubting Thomas?
Pasqual Yanni, boot and shoe repairer on the Plaza, residence College st., says: "A man cannot sit on the bench repairing shoes all day unless his back is extra strong. When it is weak, lame and pains continually, it becomes a positive nuisance without mentioning the suffering it endures, if working at my occupation was not the primary cause of backache it certainly aggravated it. Much to my surprise and more to my gratification, a course of the treatment with Doan's Kidney Cure procured at Ireland's Pharmacy so washed, purified and strengthened my kidneys that the backache ceased."
For sale by all dealers. Price 50 cts. Foster Millburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

REPUBLICAN AGAINST ODDS

Entire Republican County Ticket Elected and Rodey Almost Doubles His Majority of Two Years Ago.

PLURALITIES FROM 25 TO 600

The Vote on Treasurer and on Sheriff is Very Close and May Need Official Count to Decide—Election Returns Thus Far Received Indicate the Success of the Republican Candidates for These Two Offices.

Santa Fe county has given B. S. Rodey, candidate for delegate to 58th congress, about 550 majority, and probably more. The Republican candidates for the council and house of representatives of the legislative assembly are elected. Amado Chavez, Republican candidate for the council, leading the ticket. The county ticket it is believed at this writing is also elected by majorities ranging from 50 to 350.

Election certificates signed by the judges and clerks of election have not yet been received from all the precincts in this county. The following figures on majorities and pluralities are given as approximately correct. These show that the entire Republican county ticket is elected by majorities from 25 to 600. The vote between J. D. Hughes, Republican candidate for treasurer and collector, and George W. Knaebel, Democratic candidate for the same office, is very close, and it may take official count to decide who the winner is. This is also the case in the vote between H. C. Kinsell, Republican candidate for sheriff, and Marcelino Garcia, Democratic candidate for the same office. The Republican county committee, however, claims that both Hughes and Kinsell will pull through by over 50 majority. The following are the precinct returns:

MINOR CITY TOPICS

Charles M. Conklin has announced himself as a candidate for justice of the peace in precinct 17.

There were not many down town last night to receive election returns. Reports from the far eastern states were received as early as four o'clock in the afternoon, and from that time until midnight estimates and returns came in rapidly.

There were several small scraps on the streets last night, but none with serious results. Four arrests were made, but most of the would-be fighters were taken in charge by their friends.

Lower Palace avenue was the scene of much excitement last night, when a family row was started in which the irate husband broke the glass in the front door and the window. A large crowd was attracted by the noise.

Palace: G. J. Skyes and wife; P. W. Van Duzer, South Bend, Ind.; P. J. Novell, St. Louis; L. Crossdale, Chicago; E. H. Schiller, New York; L. S. Cal- lison, Denver; E. W. Porter, Detroit; Leopold Jackson, R. E. Jackson, Chicago; H. W. Taylor, Denver; Lanny Horn, Fort Sumner.

The table of detailed returns from Santa Fe county which is given in this issue of the New Mexican in incomplete form, will be repeated tomorrow evening, by which time it is expected full returns from all precincts will be in. Some of the precincts are so remotely situated that it is impossible to get the complete vote in less than two or three days.

Exchange: H. N. Toomey, H. O. Scott, St. Louis.

Bon-Ton: P. O. Morton, Las Vegas; Frank Bundy, Denver; Charles Martin, Buckman; George White, J. H. Over- huls, Buckman; James McDoe, La Jun- ta.

Claire: G. B. Brady, Chama; F. Fischer, Socorro; Mrs. R. C. Newell, El Paso; C. H. Wyman and wife, Colorado Springs; H. C. Brown, L. H. Darby, Denver.

The Democrats gathered this morning in force in the office of Judge N. B. Laughlin to receive returns. All the party leaders were present and many prominent Republicans dropped in to talk over the battle.

Camilo Bias, a resident of ward No. 3, in this city, aged 46 years, died last night of heart failure. The funeral will take place tomorrow. Funeral services will be held at the Cathedral and the remains will be interred in San Ro- sario cemetery.

The foxes which were liberated from their cage in the Plaza on Halloween night, have been found in a water pipe in the northern part of town. It is prob- able a cage will be placed at one end and an effort will be made to force them into it by smoking them out.

During the month of October there were 25 clear days, 4 partly cloudy and 2 cloudy. The highest temperature was 71 degrees on October 9 and the lowest was 33 degrees on October 4. The greatest range of temperature on any one day was 30 degrees on October 6, and the least was 12 degrees on October 3. The mean temperature for the month for 28 years is 55 degrees. The maximum velocity of the wind was 24 miles an hour from the east on October 1. The prevailing direction of the wind was southeast and the total movement of wind was 3,715 miles. The total pre- cipitation was .59 inches with four days of .01 inch or more. The average precipitation for this month for 28 years is 1.08 inches. There were six heavy frosts, and no killing frost. LAS VEGAS NEWS NOTES.

Special Correspondence New Mexican.

Las Vegas, Nov. 4.

Mrs. J. P. Sullivan received a telegram this morning that her husband, a min- ing man who left here about two weeks ago, was killed last Thursday by the Yaqui Indians at Saguil, Mexico. He was en route from Ortiz to look after some mines in the country and it is supposed, was ambushed by the Indians. Mrs. Sullivan is a sister to Gustavo Holmes of this city and is left with six children to support. The deceased was well known here and leaves many friends. He was prominent in the Order of Red Men and was Great Sachem in Colorado while living there.

The cavalry troop of the National Guard will give a dance Friday night. A constitution and by-laws was adopted at the meeting last night and the organization made more solid.

Invitations have been extended to the gun clubs at Trinidad, Albuquerque, Raton and Watrous to take part in a live and clay pigeon shoot to be given by the local gun club on Thanksgiving. It is thought the invitation will be accepted.

The trustees of the Insane Asylum will meet tomorrow and the supply con- tracts will be made either then or Thursday.

Four new firemen have arrived from Raton and will run out of here on the Santa Fe Railway.

Santa Fe Liquor House.

The Santa Fe Liquor House will be opened at 224 San Francisco street in a few days by J. Weinberger. The room, which is one of Spiegelberg's store rooms, is being neatly fitted up and decorated. Special attention will be given to family trade and only the choicest imported and domestic wines, liquors and cigars will be handled. Mr. Weinberger will make a rule to sell goods that are only as recommended as is a man of high integrity and one whose word can be relied upon.

Missouri Code Pleading

By Mr. Everett W. Pattison.
Author of Pattison's Complete Digest, Nearly 600 Pages. Price, \$5. Delivered This Book is a Very Important One for all Lawyers.

The New Mexico Code is largely modeled on the Missouri Code so that this book and the form book, are the most practicable for use here. It is consistent with the Missouri Code in its interpretation of the law governing pleading as interpreted by the courts of last resort in Missouri. The decisions are mostly those of the Missouri courts, though in some instances illustrations have been drawn from the decisions of other code states.

The Author Thoroughly Believes in the Advantages of the Code System of Pleading.
He further believes that precision and exactness are even of more importance in code pleading than in pleading at common law. For while it is true that the common law requires the utmost strictness in adherence to forms, yet, if its forms are followed, the practitioner need have little fear of attack upon his plead- ing, even though that pleading should totally fail to inform his opponent as to the real points in issue. On the other hand, the very object of the Code is to compel parties to make clear the grounds upon which their right to recover, or their defense, is based. The lawyer who is well grounded in the rules of plead- ing will surely have the advantage in litiga- tion. The constant study of this valuable work, familiarly with the rules set forth in it, and with the decisions enforcing and interpreting those rules, cannot fail to make one a good pleader.

SPECIAL OFFER.—To those who buy both books at once, we will offer Pat- tison's Pleading Form Book (Price, \$5.00), if ordered within the next 30 days for \$4.00 additional, thus offering the two works, giving all there is to be said about Pleading in Missouri.

In one order. Prepaid for \$10.00.
