GERMANY ASKED TO RECALL TWO ATTACHES FROM UNITED STATES

Secretary Lansing Informs
Ambassador Bernstorff of
Objections to Boy-Ed and
von Papen.

HAVE DISPLAYED TOO GREAT ACTIVITIES

Relations With Conspirators of
Hamburg-American Line Too
Conspicuous to Be Over-
looked.

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Washington, Dec. 3.—Immediate
recall of Captain Boy-Ed and
Captain von Papen, respectively,
naval and military attachés of the
German embassy, has been requested
by the state department.

In making formal announcement
of this action late today, Secretary Lan-
sing said the attachés had rendered
themselves person non grata to the
United States by improper activities
in connection with naval and military
matters.

Approved by President.
The secretary acted with the full
approval of President Wilson, who is
understood to have determined that
the United States shall be rid of for-
eign officials who make themselves
obnoxious by activity harmful to the
best interests of the nation.

The state department made its re-
quest three days ago through Count
von Bernstorff, the German ambas-
sador. Announcement of the fact was
withheld as a matter of courtesy to
Germany and to prevent the charge
being made that the jury trying the
warship saboteurs, consociators of the
Hamburg-American line in New York
had in any way been influenced in
reaching a verdict. No reply has
been received, but none is necessary
and it is taken for granted that the
attachés will order the attachés
away as soon as he has exchanged
communications with Berlin.

What Will Germany Think?
Official Washington was speculating
upon the effect the action might
have on public opinion in Germany.
Information from that subject, it was
said, in high official circles, would be
couched with interest.

Also became known tonight that
the department has under considera-
tion the case of Alexander von Nubner,
Austro-Hungarian consul general at
New York, whose name frequently has
been mentioned with those of Boy-Ed
and von Papen in connection with ac-
tivities which have been frowned
upon by the United States govern-
ment. It was said authoritatively
that it had not been decided just what
action, if any, would be taken. The
department also was considering whether
any step would be taken regarding
other high officials of foreign em-
bassies in Washington.

Long Series of Offenses.
The complaints against von Papen
and Boy-Ed were cumulative, dating
back to the early days of the Euro-
pean war. The case against them is
peculiar, not being capable of legal
proof. It consisted of an accumulation
of suspicions, circumstances and con-
ditions which connected the attachés
with attempts to violate the neutral-
ity laws of the United States. The
accumulation was sufficient to con-
vince the department that the official
status of the attachés in the United
States should be discontinued.

Secretary Lansing is understood to
have given consideration to the at-
tempts to supply German warships
with coal, provisions and ammunition
and although no absolute proof of the
complexity of either of the men in the
passport frauds reached the state de-
partment, a mass of testimony accumu-
lated to place them under the gravest
suspicion. The Steger passport
case, false affidavits which were made
in shipping matters and the sending of
reports to Austria-Hungary by James
P. J. Archibald, an American citizen,
all were among the matters taken into
account by the department.

Evidence Not Conclusive.
Mr. Lansing stated that the evi-
dence in the Hamburg-American con-
spiracy trial in New York did not
prove to the satisfaction of the de-
partment that Boy-Ed had violated
neutrality laws of the United States
or that he had done anything which
at the time of commission was in vio-
lation of the federal statutes. In fact,
when the efforts were made to sup-
ply the German fleet in North and
South American waters, there was no
law on the statute books which per-
mitted prosecution for that action. It
was only after the German fleet had
been driven from American waters and
the activities of the Hamburg-
American line had ceased that con-
gress, during the closing days of the
last session, and at the urgent request
of the president, passed the act which
makes such proceedings unlawful.

No Evidence Required.
It was understood tonight that while
in the case in New York nothing ac-
tually had been proved against Captain
Boy-Ed, in view of the attention at-
tracted by the case, officials reviewed
his record and determined that now

THE WEATHER

WEATHER FORECAST.
Denver, Dec. 3.—New Mexico, Sat-
urday, fair, warmer, north portion,
Sunday, unsettled, cooler Sunday.

Was a good time to get both Captain
Boy-Ed and Captain von Papen out of
the United States. The state depart-
ment does not have to have legal evi-
dence, but can act, as it has done in
the cases of the attachés, upon the
question of suspicious conduct. The
attachés need not have been guilty of
technical violation of any law.

Offenses of von Papen.
Von Papen's principal offenses con-
sisted of sending a letter to Germany
by Archibald and the interest he is
said to have had in financing strikes
in industrial factories. It was von Pa-
pen, who, in a letter taken from Ar-
chibald when the British authorities
searched him, made a reference to
"these idiotic Yankees."

The view of German officials in this
connection, it is understood, have been
from the start that the United States
in taking any action upon the papers
found on Archibald, was using evi-
dence which was furnished by the en-
emies of Germany, and therefore was
improper.

Safe conduct for the offending at-
tachés has not yet been requested of
the entire allies, but it was said
at the state department it probably
would be. It is assumed that the at-
tachés will leave the country immedi-
ately.

Secretary Lansing issued this state-
ment: "On account of what this govern-
ment considers improper activities in
military and naval matters, this gov-
ernment has requested the immediate
recall of Captain Boy-Ed, the German
naval attaché, and Captain von Papen,
the German military attaché, as they
are no longer acceptable to this gov-
ernment."

AGENTS ARE CAUTIOUS AS TO EVIDENCE

San Francisco, Dec. 3.—Federal
agents who caused the arrest of C. C.
Crowley last week in connection with
alleged dynamite plots to destroy
munitions plants and ships, were re-
sistant regarding the importance of
evidence in their possession bearing upon
the requested recall today of Captain
Boy-Ed and Captain von Papen, the
German naval and military attachés.

It became known definitely today
despite the secrecy with which the
prosecution of Crowley has been
clouded, that Crowley received both
his orders and large sums of money,
according to the statements of federal
agents, in New York City and a cer-
tain point in that vicinity, where un-
named "higher-ups" were consulted
by him frequently as recently as last
July. The federal authorities it was
said, have plenty of documentary evi-
dence in their possession showing ex-
changes of money and dates of Crow-
ley's visits.

The testimony of Louis J. Smith,
charged jointly with Crowley before
a federal grand jury yesterday, did
not develop the government's purpose.
It was said, regarding the sources of
the "large sums expended in dynamite
operations," Smith will continue his
story before the grand jury Monday.

San Francisco, Dec. 3.—The Scandi-
navian-American line steamer Oscar II
is due to sail from its pier in Hobo-
ken, N. J., at 2 p. m. tomorrow, car-
rying 110 persons who, as guests of
Henry Ford, the Detroit manufacturer,
are going to Europe in an effort
to induce neutral nations to take steps
toward stopping the war. Mr. Ford's
guests include sixty-three persons di-
rectly interested in the peace move-
ment, fifty-four reporters for news-
papers and magazines, three moving
picture men and twenty employees of
Mr. Ford's personal staff.

The party, designated by Mr. Ford
as the peace expedition, is due to
reach Christiania, Norway, its first
stopping place, about December 14.
The only other stopping places al-
ready decided upon are Stockholm,
Sweden, Copenhagen, Denmark, and
The Hague, Holland. It is probable,
Mr. Ford said, that the party will
visit other European capitals, as the
progress of the peace plans seem to
require.

Bryan Approves Plan.
After consulting with William J.
Bryan, former secretary of state, who
arrived from Miami, Fla., today to
talk about the trip, Mr. Ford im-
pounded tonight that everything was
in readiness for tomorrow's depar-
ture.

Mr. Bryan issued a statement re-
peating his former opinion that he
approved of Mr. Ford's plans and that
he would later join the party at The
Hague.

"When you arrive in Europe what
will be your first steps to carry out
your plans to co-operate with neutral
nations toward stopping the Euro-
pean war?" Mr. Ford was asked.

"That is a point that we will con-
sider on the way across the ocean,"
Mr. Ford replied. "We have not de-
cided upon any definite steps yet. All
we know is that the fighting nations
are sick of war, that they want to
stop, and that they are waiting only
for some disinterested party to step
in and offer mediation. Some peo-
ple in this world have seen fit to be
skeptical about the sincerity of our
plans, but when we return I think
they will change their views. Any
action taken toward peace is worthy
of good judgment and conviction."

Will Remain Till War Ends.
Mr. Ford said his guests had been
invited for a six weeks trip but that
the time might be considerably ex-
tended. As to himself, even after
members of his party had returned
to America, Mr. Ford said he intended
to remain "until peace had been re-
stored." He said he might go into
Germany and England, if possible,
and spend any amount of money in
work at Schiedam headquarters, deter-
mined to be the last to leave the city.

As the train drew away from Mon-
astir, Colonel Vassanth was still at
work at Schiedam headquarters, deter-
mined to be the last to leave the city.

tion to Europe Should Prove

CARRANZA FORCE NEAR CHIHUAHUA VILLA STRENGTH IS VANISHING

Majority of Convention Cab-
inet Officers Are Captured
and Two Generals Are Re-
ported Among Dead.

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Los Angeles, Dec. 3.—Sweeping
northward toward Chihuahua City
and El Paso, the last strongholds of the
Villa forces, Carranza troops have ac-
cused Carranza, state of Zacatecas,
and Parrot and Escalon, in Chihua-
hua, captured a majority of the cabi-
net officers and killed two Villa gen-
erals, according to advices received
today by Arturo Guzman, financial
agent here for the Carranza govern-
ment.

The information was contained in a
telegram from Gen. J. M. Garcia, Gen.
Alvaro Obregon's chief of staff at No-
gales, Sonora, who said that the de-
partment of the convention forces had been
reported by General Tabamantes,
commander at Tepic.

Lagoa Chicares, president of the
suspended convention government,
and General Manuel Argueme-
do, commander at Mazatlán, escaped
with a small number of fol-
lowers, the telegram stated. Eight
hundred of the soldiers were killed,
wounded or captured.

Captains Federico Cervantes and
Clemente Parilla were among those
killed, while the prisoners included
Generals Federico Tafolla and Manuel
Pedro.

Gen. Juvenal R. Trevino reported to
General Obregon yesterday, the mes-
sage continued, that Gen. Luis Her-
nandez had captured Gen. Pedro
Hernandez and the Villa soldiers in
occupancy of Parrot. Gen. Maximo Gar-
cia with 2,000 men surrendered after
being defeated near Escalon. Much
war material was taken at Escalon, it
was said.

5 AMERICANS REPORTED
EXECUTED, ARE SAFE.
Douglas, Ariz., Dec. 3.—Three
Americans, J. W. Cunningham, Gus
Hendrickson and H. G. Southern, re-
ported to have been killed by Villa
troops south of here, were reported
alive today by Col. Jesus Aguirre, a
Carranza officer, who reported that he
had rescued the men and liberated
them near Chihuahua after they had
been released and severely beaten by
Villa men.

After their liberation the Americans
turned southward toward Nogales.
Carranza authorities at Agua Prieta
announced today that they had re-
ceived a message from Gen. M. M.
Diego, saying that Gen. Francisco
Villa, with 2,000 men, was at Tori-
pes, southeast of Hermosillo, capital of
Sonora, which is on the road to Chi-
huahua.

It was also stated that the major-
ity of the Villa soldiers commanded
by Gen. Jose Rodriguez had crossed
the Sagami railroad, marching to-
ward Chihuahua.

sumed their attack on the mining
town of El Tigre, a short distance

MONASTIR NOW IS OCCUPIED BY GERMAN ALLIES

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Paris, Dec. 3 (9:30 p. m.)—A dis-
patch to the Havas agency from Ath-
ens, dated Thursday, says:
"Monastir was occupied at 2 o'clock
this afternoon."

Milan, Dec. 3 (via London, 8:07 p.
m.)—A correspondent of the Corriere
della Sera, who departed from Mon-
astir on the last train which left that
city, telegraphed that 4,000 Serbian
troops sent to assist Colonel Vassanth,
the Serbian commander, were too ex-
hausted on their arrival to be of value.
They had marched for seventeen days
over the rough Albanian roads, strug-
gling on through snow or rain. Some-
times they went forty-eight hours
without food.

"It was not a fighting force, but
groups of ghosts which entered Mon-
astir," the correspondent says. Al-
though the men were fit only for hospi-
tal, they went immediately to the
front to cover the general retreat of
the army."

astir, Colonel Vassanth was still at

PAID BIG MONEY TO GET SOLID WITH UNION

BY MORNING JOURNAL SPECIAL LEADER WIRE.
Kansas City, Mo., Dec. 3.—Charles
Z. Keith, president of the Central
Coal and Coke company and former
president of the Southwest Central
Coal Operators' association, testified
before today's grand jury that he paid
\$11,250 at one time and \$2,000 at another to secure
a favorable ruling in a contract with
the miners' union.

The deposition was taken in a suit
brought by Alexander Howell, former
president of the Kansas district
United Mine Workers of America,
who asked \$20,000 damages from
Keith and other coal operators, alleg-
ing they circulated a story that he and
another man had been paid to secure
favorable rulings in contracts with
the miners' union.

Removal of McCall
Now Up to Whitman.
Albany, N. Y., Dec. 3.—The tenure
of office of Edward E. McCall, chair-
man of the down-state public service
commission, rests with Governor
Whitman. For more than six hours
today the governor presided at a
hearing, on charges preferred by the
Thompson investigating committee of
the legislature seeking McCall's re-
moval for alleged misconduct in af-
fairs and neglect of duty. At its
conclusion Governor Whitman announced
he would take no action in the mat-
ter before Monday morning.

McCall presented his own defense.
The investigating committee placed
special emphasis on its charge that
McCall continued in legal ownership
of 287 shares of Kings County Elec-
tric Light and Power company stock,
despite his contention that he had
transferred them to his wife. Posses-
sion by a commissioner of stock in a
corporation over which the commis-
sion has jurisdiction is a violation of
the public service commission law.

LET'S BABY DIE RATHER
THAN LIVE A CRIPPLE
Baltimore, Md., Dec. 3.—Earlier than
any other city in the world, Baltimore
has a hospital for the crippled. Mrs.
William Dinton of this city today re-
fused to permit the physicians at
Johns Hopkins hospital to operate in
the hope of saving his life.

The child was fearfully burned
last Tuesday and the doctors today
decided it would be necessary to am-
putate both his legs and one arm.
The infant was said to have been
mentally normal.

Letters of Labor
Leaders Are Read
in Schmidt Case
References to "High Winds"
and "Organization Work"
Are Regarded as Incriminat-
ing Expressions.

Los Angeles, Calif., Dec. 3.—Let-
ters telling of "high winds" and "or-
ganization work," phrases alleged to
relate to the dynamiting conspiracy,
said to have existed among officials
of the International Association of
Bridge and Structural Iron Workers,
were read into the records today in
the trial of Matthew A. Schmidt,
charged with murder as the result of
the Los Angeles Times explosion five
years ago. Among the letters, which
were all taken from the files of the
international association in Indianapo-
lis, was one purporting to be from
Herbert B. Hocking, of Detroit, to J.
J. McNamee, secretary-treasurer of
the association, and dated December
1, 1906. In discussing a cargo ship
sunk by an "open shop" crew,
it reads in part as follows:

"The ship was standing on a high
bank and I saw that one night a
high wind blew it off. Well, what
are you laughing at?"

Another letter alleged to have been
written September 20, 1907, to Mc-
Namee by Michael J. Hanahan, of
Scranton, Pa., contains an appeal for
money to aid the strikers in Scranton,
and ends:

"I am prepared to do anything, but
you know how careful a man must be
in a case of this kind."

"Causing trouble" to "unfair firms"
and "will put the job on the line,"
are expressions which occur fre-
quently in the correspondence. It is
estimated several more days will be
consumed in the introduction of this
evidence.

Bandits Steal Safe.
Denver, Colo., Dec. 3.—Bandits in
a stolen automobile removed a 200-
pound safe from the drug store and
containing a valuation of Charles R. As-
ten, 226 Broadway street early today
hauled it outside the city where it
was rifled. Aspen said it contained
\$77,501 cash and \$85 in stamps.

SECOND PHASE OF CAMPAIGN IN BALKANS SLOW IN DEVELOPMENT

Bulgarians Are Expected to
Try to Drive British and
French Forces From Foot-
hold in Serbia.

AUSTRIANS MEAN TO
CRUSH MONTENEGRO
Germans, Assisted by Their Al-
lies, Propose to Threaten
Rumania and Meet Any
Russian Advance.

London, Dec. 3 (10:05 p. m.)—The
second phase of the Balkan campaign
is developing slowly. It is expected,
however, that with the conclusion of
the operations against Serbia and the
occupation of Monastir the whole Bal-
canian army, when the weather per-
mits, will attempt to drive the British
and French forces out of southern
Serbia, while the Austrians continue
their efforts to overrun Montenegro;
and the Germans, with the aid of the
Turks and what Bulgarians and Aus-
trians can be spared, will turn their
attention to the Russians who are
again reported to have entered Ru-
manian territory on their way to Bul-
garia.

Cannot Deplete West.
A report from France that part of
the German army is going to the Cal-
cicut peninsula to assist the Turks
in a great effort to drive the entente
allies from the peninsula is hard-
ly credited in military circles here,
where it is not believed that they can
spare the men, guns and ammunition
for such a venture. The Turks, it is
true, have been displaying more ac-
tivity recently in the Dardanelles, but
this they are believed to have been
doing more with ammunition which
they have been collecting during the
quiet period than with any fresh sup-
plies from Germany.

With Russian Forces.
Rumors, on the other hand, of the
Russians moving to the capture
of well-defended ports, here, is to be
the point of concentration for the
Germans, both as a warning to Ru-
mania that it would be dangerous for
her to join the entente allies and to
meet any Russian advance.

There is conflict in the speculation
here regarding the position of Greece.
Some dispatches say a satisfactory
agreement has been reached between
the entente allies and the Hellenic
kingdom, while others aver that the
situation is unsatisfactory and that
the entente allies have re-established
their relations on Greek commerce.

Italian Success Claimed.
There have been no important de-
velopments on the Russian or French
fronts. The Italians claim some minor
successes in their campaign against
the Austrians.

Naturally much interest is displayed
in the peace talk emanating from neu-
tral countries and the proposed de-
bate in the Reichstag next week, when
the imperial chancery is to be asked
whether he is prepared to state the
terms on which Germany would sur-
render placing the question of future Eu-
rope in the hands of diplomats.

From neither the press nor the pub-
lic does the talk of ending the war
find any encouragement. The daily
newspapers and the weekly reviews in
discussing the matter reiterate that
the war must continue until Ger-
many is defeated.

VON MACKENSEN IS
SLIGHTLY WOUNDED
Petrograd, Dec. 3 (via London, Dec.
3, 1:30 a. m.)—Field Marshal von Mac-
kensen was slightly wounded by a Ser-
bian bullet during the recent opera-
tions, says a Copenhagen dispatch to
the Nya Tidningen.

RETREATING SERBS NOT
DISARMED BY GREEKS
London, Dec. 3 (13:42 a. m.)—Many
Serbian soldiers who retreated
through Greek territory after the fall
of Monastir were not disarmed, but
were treated with every consideration,
says an Athens dispatch to the Daily
News.

RAILROADS UNABLE
TO HAUL FREIGHT
New York, Dec. 3.—The committee
appointed by the eastern railroads to
devise methods to meet the freight
congestion in the ports on the Atlan-
tic seaboard held their second meet-
ing today under the chairmanship of
C. Curtis McCall, chairman of the
trunk line association.

At the close of the meeting a state-
ment was issued by Mr. McCall show-
ing that railroads have been placed
on floor and former for through ex-
port by the New York Central, Erie,
Central Railroad of New Jersey, Lack-
awanna, Pennsylvania and Lehigh
roads. These railroads are in addi-
tion to those declared by individual
roads prior to the formation of the
point committee.

Mr. McCall said that no definite
conclusions had been reached by the
committee.

RECRUITING IN ENGLAND SHOWS GOOD RESULTS

Lord Derby Makes Final
Appeal for Volunteers to Fight
for Liberties of Great Brit-
ain.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
London, Dec. 3 (7:50 p. m.)—In an
appeal addressed to "All men of mili-
tary age in the United Kingdom,"
Lord Derby, director of recruiting,
says the recruiting campaign is com-
ing to an end and "by December 31
we shall know whether the men of
the United Kingdom between the
ages of 19 and 40, are prepared to
give the army the force it requires."
The appeal concludes by urging
every eligible man to join the army "and
show his country that he puts her
interests before his own; to show the
world, allies, neutrals and enemies
alike, that there are hundreds of
thousands of her citizens who are
ready to fight for her."
The joint labor recruiting commit-
tee has also issued an appeal to "the
free men of Great Britain" to "justify
the faith of the nation in its volun-
tary system and enroll themselves at
once in the great voluntary army
which stands between us and the loss
of our rights and liberty."
No figures concerning the recruits
thus far enlisted under Lord Derby's
plan are obtainable but a member of
the recruiting committee is quoted as
saying that the results point to the
undoubted success of it and in greater
measure by far than had been
anticipated.

WHAT CAUSES COLDS?

This question is asked every day.
A cold is really a fever, not always
caused by the weather but often due to
disordered blood or lack of important
food-elements. In changing seasons
fatigues are essential because they
distribute heat by enriching the blood
and so render the system better
able to withstand the varying elements.
This is the important reason why
Scott's Emulsion should always be
taken for colds, and it does more—
builds strength to prevent sickness.
Scott's Emulsion contains Nature's
rare strength-building fats, so skillfully
blended that the blood profits from
every drop. It is free from harmful
drugs or alcohol. Sold at drug stores
—always get the genuine.

TYPHUS FEVER IN MEXICO CITY IS CLAIMING 130 LIVES EACH DAY

Not Enough Grave Diggers to
Bury Dead, and Scourge Is
Increasing and Spreading
Rapidly.

11,000 CASES REPORTED IN CAPITAL AND VICINITY

American Physicians and Big
Mining Companies Begin
Fight to Check Ravages of
Plague.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Mexico City, Nov. 29 (via Laredo,
Tex., Dec. 3).—Typhus fever, which
has been an epidemic among the lower
classes in Mexico City and vicinity for
the last two months, has grown to
such alarming proportions as to ter-
rify the entire population. The death
rate from this disease alone now ex-
ceeds 120 a day, and the number of
cases is constantly growing.

It is estimated that there are 11,000
cases in the federal district and neigh-
boring towns. The authorities seem
wholly unable to cope with the situa-
tion and some of the large mining
companies have asked for and re-
ceived permission to take steps to
clean up the towns in their vicinities,
as the disease threatens to decimate
the population and leave them without
workmen.

American Doctors Busy.
Work of this nature was com-
menced this morning in the great
ever mining camp of Pachuca, where
many hundreds of cases have already
been noted. Dr. English, an Ameri-
can physician, who resides in the
mining town of Guanajuato, has been
sent for to take charge of this work
in Pachuca and plans to keep a corps
of twenty doctors busy in the Pa-
chuca alone, which has a population
of about 20,000.

Not Enough Grave Diggers.
In Mexico City, the authorities are
keeping the real situation from the
public as much as possible.

The sight at the various cemeteries
is a most gruesome one, for the supply
of grave diggers is not sufficient to
meet the demand and bodies very of-
ten have to lie in the open for a con-
siderable length of time before being
interred.

So far, the foreign colonies have not
suffered severely, though a number of
cases of this disease have been re-
ported in the American colony in the past
two days.

Result of Verdict.
Physicians say the fever is trans-
mitted solely by vermin. The high
price of fuel has made heating, never
a popular pastime in Mexico, rather
difficult, so that many of the railway
and street cars, taxis, coaches and
other vehicles are infested with ver-
min. This has caused the disease to
spread to the more well-to-do classes.

Stock of Medicines Low.
The stock of medicines in the city
is very low and such as are to be had
are so high priced as to be beyond the
reach of any but the richer classes.
The government announced through
the press this morning that it will take
steps to force druggists to sell what
medicines they have at prices possible
for the people in general.

For the past week more than fifty
bodies a day have been taken out of
one central hospital alone, as a re-
sult of the fever.

GREEKS ENTER CLAIM AGAINST UNCLE SAM

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Paris, Dec. 3 (5 p. m.)—Claiming
that it has lost more than 500,000
francs through the present system of
exporting international postal car-
riers from America, the Greek govern-
ment has presented a bill for that
amount to the Washington govern-
ment.

It is understood, however, that the
American government declines to
meet the demand, and so far has not
accepted Greece's offer to submit the
question to international arbitration.
The American government has been
moving balances in favor of Greece
by check on Paris. The Greek gov-
ernment contends it is a lower course
of the decline in rates of exchange.

INDUSTRIES IN FRANCE SHOW MUCH ACTIVITY

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Paris, Dec. 3 (4:40 p. m.)—Paradox-
ical and there is great improve-
ment in almost the entire industrial
field of France, according to a report
of the ministry of labor as published
today in the Matin.
Of 42,784 factories, the number in
operation last year decreased to 44
per cent of the total, but has now re-
turned to 81 per cent. The number of
employed workmen fell to 31 per
cent of normal last year, but now
stands at 74 per cent.

St. Louis Wants Convention.
St. Louis, Mo., Dec. 2.—A committee
of twelve left here this morning for
Washington to urge the claims of
St. Louis for the democratic national
convention. A vanguard left here two
days ago. Among those who left to-
day were Senators Stone and Reed,
Congressman Ives, David R. Francis,
Rolla Webb, treasurer of the demo-
cratic national committee, Festus J.
Wade and Walker Hill, bankers.

SON ARRESTED FOR MURDER OF AGED FATHER

Friends and Members of Fam-
ily Stoutly Deny Guilt of Ac-
cused; Circumstantial Evi-
dence Cause of Suspicion.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Longmont, Colo., Dec. 3.—Edward C.
Dickens, son of William H. Dickens,
the aged banker who was killed in a
bullet fired through the library window,
was arrested today by Sheriff Dun-
ter of Boulder county in connection
with his father's death. The arrest
immediately followed the funeral ser-
vices which the son attended in cus-
tody of a deputy sheriff. Members
of the Dickens family protested at
the action of the sheriff upon the
ground of insufficient evidence.

Officers and detectives who have
been engaged in an investigation of
the case said that suspicion was di-
rected toward Edward Dickens
through the discovery that, about a
month ago, he purchased a high-power
revolver in Denver and also ordered a
patent shotgun which he afterwards
received by mail. The officers said
that this rifle and shotgun had been
discovered in young Dickens' garage
where it had been taken to pieces and
concealed in different parts of the
building. They stated further that
the prisoner last night admitted when
questioned by R. O. Smith, deputy
sheriff, and others, that he bought
the rifle and shotgun.

He stoutly maintained his inno-
cence, however, and declared that
on the evening of his father's murder
he was at his home with two of his
children while his wife and the three
other children attended a moving pic-
ture show. When told that he would
be arrested he secured permission to
attend his father's funeral in custody
of an officer.

The prisoner has been charged in
the cattle ranch and is said to
have left Longmont during the past week.
All members of the Dickens family
and relatives firmly believe in the in-
nocence of Edward, and a number in-
cidentally concurred in the statement
of Mrs. Dickens in the statement of
Mrs. Dickens that the authorities
were losing time in attempting to at-
tribute the blame to the murdered man's
son.

Frank Wiggins, former alderman
stated tonight that on the night of
the shooting he visited Edward and
that while in the house, Edward re-
ceived a telephone call advising him
of the tragedy.

SON LOCKED UP ON STRONGER EVIDENCE

Boulder, Colo., Dec. 3.—Edward C.
Dickens, son of W. H. Dickens, mur-
dered Thursday night in Longmont,
was held in jail here late tonight.
Two informations charging murder
will be filed tomorrow, according to
Deputy District Attorney George Pom-
ero.

Officials who are gathering evidence
to be used against Dickens tonight an-
nounced further discoveries tending to
incriminate young Dickens.
A box originally containing twelve
cartridges was found in Dickens' home,
five being missing. These, Dickens
said, he shot into a certain hall, at a
target. Investigation there revealed
four. The bullet found in the wall of
the Dickens home, they said, corre-
spond with the size of the cartridges
found in the possession of the accused.
Dickens, maintaining innocence, re-
fused further to discuss the case.

AGED BANDIT FAILS TO CONVINCE JURY

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Cheyenne, Wyo., Dec. 3.—Edward
R. Trafton, on trial in the United
States district court here on the
charge of robbing twenty-three sta-
coaches in the Yellowstone National
park, July 24, 1914, was found guilty
late today. The jury was out less
than half an hour.

Trafton, aged and infirm, took the
stand alone during the trial. Three
other witnesses testified in his
behalf.

Snaphot photographs of the bandit
at work, taken by a member of the
party, were not introduced as had
been expected.

RAILROAD SERVICE IN MEXICO IMPROVES

London, Dec. 3 (2:40 p. m.)—Ambas-
sador Page has received no in-
formation in regard to the report that
the British government has requisitioned
steamships of the American
Trans-Atlantic company, which ac-
cording to Washington dispatches has
come to the attention of the state de-
partment and is expected to occasion

It is assumed in London that the
British government thus far has taken
no steps beyond securing the Hocking

POMERENE LOSES FIGHT, AGAINST SENATOR CLARKE

Effort to Punish Statesman
Who Opposed Ship Pur-
chase Bill Ends in Disas-
trous Failure.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Dec. 3.—Senator James
P. Clarke, of Arkansas, was chosen
today for president pro tempore of the
senate by the democratic caucus. Sen-
ator Clarke defeated Senator Pom-
erene, of Ohio, after a spirited con-
test. The vote was 28 to 23.

Senator Pomereine was supported by
members who urged that the Arkans-
as senator should not be re-elected
because of his revolt against the ship
purchase bill at the last session. After
the vote was taken Senator Pomereine
moved to make the choice of Senator
Clarke unanimous and this was done
by a rising vote.

End, Harmoniously.
While the caucus ended harmo-
niously, it seemed probable that the
victory of the Clarke faction would
endanger success of the movement to
adopt a cloture rule in the senate. The
caucus will meet again tomorrow to
take definite action regarding cloture
recommendations, agreement having
been reached to vote by 5 o'clock to-
morrow afternoon.

The division in the Clarke-Pom-
erene fight was rather sharply drawn.
All the democrats who joined with
Senator Clarke in his fight against the
ship purchase bill stood solidly be-
hind him, and most of the southern
senators also supported him. Sen-
ators Fletcher, of Florida, and Martin
and Swanson, of Virginia, however,
voted for Senator Pomereine. The
Florida senator had charge of the
ship purchase bill. Majority Leader
Kern voted for Senator Pomereine,
whose candidacy was most actively
championed by Senator Walsh,
of Montana, and Stone and Reed of Mis-
souri.

How the Vote Stood.

The vote follows:
For Clarke: Rankin, Rankin, Rankin,
Brewster, Bryan, Chamberlain, Gore,
Hardwick, Hitchcock, Hughes, James,
Johnson, of Maine, Lane, Newlands,
O'Connor, Overman, Pomereine, Rain-
bolt, Robinson, Salisbury, Sutherland,
Smith, of South Carolina, Tillman,
Underwood, Vandaman and Williams
—28.

For Pomereine: Ashurst, Chilton,
Clarke, Fletcher, Hollis, Hastings,
Johnson, of South Dakota, Kern, Lee,
of Maryland, Martin, Myers, Owen,
Phelan, Pittman, Reed, Sheppard,
Smith, of Arizona, Smith, of Mary-
land, Stone, Swanson, Thomas, Walsh
and Thompson—23.

Senators absent were: Chalmers,
Lewis, Marshall, East, of Tennessee, and
Shively.

Clarke Defends Position.

Senators who addressed the caucus
in opposition to Senator Clarke argued
that he had deserted the party in
leading the revolt against the ship
purchase measure, which had been
made a caucus measure. Senator
Clarke spoke vigorously in reply, de-
claring that the bill was not of a
character to be made a party measure
and denying the right of a caucus
to bind him on such a question. He
said that if he found he could not
stand with his party on matters in
which the party had a right to in-
volve him he would immediately re-
sign as president pro tempore.

Republican senators will hold their
conference next Monday morning.
Senator Gallagher, of New Hampshire,
will be re-elected as chairman of the
conference and minority leader.

MATTUX JURY IS KEPT TOGETHER BY COURT ORDER

Newspaper Publication Regarding Arson Case Causes District Attorney to Make Appeal to Judge.

(SPECIAL DISPATCH TO MORNING JOURNAL)
Albuquerque, N. M., Dec. 3.—A publication in the Gallup Independent yesterday relative to the case of the state against Richard M. Mattux, charged with arson, which is now on trial here, was responsible for Judge Herbert F. Reynolds ordering that the jury be held together in charge of a night and not permitted to read any newspaper publications regarding the case.

The publication in question was called to the attention of the court by District Attorney Manuel U. Vigil last before the adjournment of court yesterday, and the order for the sequestration of the jurors was immediately issued. Cots and mattresses were requisitioned, and the men are to pass on the case were made as comfortable as possible.

The news of the court's action spread rapidly, and led to the report that W. H. Hanns, the editor of the Independent, had been imprisoned for contempt. This report was unfounded, but there are rumors that before the case is ended the editor will be called to show cause why he should not be punished on account of the publication.

State Finishes Case.
The state closed its case against Mattux yesterday morning at 11 o'clock, and counsel for the defendant immediately moved to have the court direct a verdict of acquittal on the ground that there had been no competent evidence introduced to connect Mattux with the crime charged. The motion was overruled. Attorneys for Mattux then called upon the state to elect on which count of the indictment it will stand, and it was announced that the second count, charging arson with intent to defraud the insurance company, would be tried upon.

The case for the defense was opened at the afternoon session, and the evidence introduced was largely in the way of contradiction of that offered by John N. Scott, the alleged confederate of Mattux, upon whose testimony the state is mainly relying for a conviction. The evidence of the witnesses for the defense tended to show that the furniture had not been removed from the house, as Scott testified, and firemen who fought the flames were produced to show the condition of the building at the time they responded to the alarm.

The prospects today were that it would be some time Saturday before the case would be submitted to the jury. The trial has excited much interest and the courtroom has been crowded since it began.

GOOD COLOR GOOD HEALTH

Is What Cardui Gave to This Alabama Lady, According to Her Statement Printed Below.

"Oh, yes—I had been in good health until I was 15 years old," writes Mrs. A. L. Smith, of R. P. D. No. 1, this place. "One day . . . I was helping my father plant cotton in the field and was caught in the rain. . . . At that time I got very ill. . . . I suffered great agony in the lower abdomen, great pain, and had dreadful sick headaches, also pains in the back. . . . I got gradually thin and simply gave up everything. I had to go to bed and was there on my back for two weeks. . . . Dr. . . . said I had to have an operation. I wouldn't hear to that, as my mother had used Cardui with great benefit. . . . She recommended that I take Cardui. . . . Soon after I began taking it, I saw an improvement, and was able to get up and be about my work. . . . I was nearly entirely well. . . . when one day . . . I scrubbed the whole house, washed clothes for 7 in the family, and got my feet wet. This caused another sick spell. . . . So I turned again to my old friend, Dr. Cardui. . . . After the use of less than a bottle again I was able to be up and about. . . . I also fleshed up again, and a good color, and I am now in good health. . . . I highly recommend Cardui. . . . It is the best tonic I know of." If you need a tonic, try Cardui. For sale at all druggists.

New Mexico

By FLORENCE FOYAS JOHNSTON

HEAR the great waters of the deep blue zone. These rocks and sands lie beneath the desert glare. Like some fresh sea-beach gleaming clean and bare. From quiet, warm salt tides that ebb at dawn.

The mountains, as if taking breath full-drawn And deep, fling high their hoary heads for air. A striving leaped through ocean coils, where In twilight depths sea-monsters move and spawl.

Now dim-gray mists, valleys, mile on mile Sweep out to far horizons; and the sky Bends down, enfolds them with the brooding smile.

That once it gave the sea. The homeless cry Of sea-born winds, lost on these sands, the while Makes silence deeper, moaning ceaselessly.

Notes of Interest From State Museum

(SPECIAL DISPATCH TO MORNING JOURNAL)
Santa Fe, Dec. 3.—The following became members of the Archaeological Institute today: Es-Governor and Mrs. Miguel A. Otero, Mr. and Mrs. Thomas Doran, Mr. and Mrs. Carlos Viera, Mr. and Mrs. E. A. Cahoon. In addition, the following joined the Archaeological society: Miss A. Burke, Washington, D. C. who left today for home after a summer's sojourn in Santa Fe; Miss S. R. Skelton, Brooklyn, N. Y., and John C. Penner, of Lincoln, Neb., whose delightful article on Santa Fe appeared in last Sunday's Lincoln Free Press.

Through an arrangement with the congressional library, the museum library is now able to secure for any student any volume from the great depository of books. This week it secured for a local student of history, the loan of the following three rare volumes: Joaquin Garcia Icazabal's "Historia de Documentos," Vol. I, and 2; Fray Gerónimo de Mendelacio's "Historia Eclesiástica Indiana," and "Colección de Documentos Indios," Vol. 15. A similar arrangement with the library of the University of California places at that institution at the service of students. This together with the archives in the office of the surveyor general, and such libraries as the Fisher Library of the United States Senator T. B. Catron, Col. Twitwell's, B. M. Read's, H. S. Bowman's, the Museum library, the Historical society library, the Fincke library, the state law library, the Woman's Board of Trade library and a number of other collections of books in public institutions and private homes, gives students at Santa Fe advantages unparalleled in the southwest.

The following registered at the museum: W. C. Powell, Jacksonville, Fla.; J. G. Scott, Chicago, who presented the museum with a specimen of Chihuahua currency; Ralph O. Finney, Mr. and Mrs. N. A. Rist, Dawson, Pa.; M. G. Sealock, Phoenix, Ariz.; Mrs. E. J. Martin, Grace Macdonald, Harper, Kan.; Mr. and Mrs. J. E. O'Hearne, Denver; W. J. Carr, St. Louis; G. W. Moran, Sioux City; Miss Arlee M. Highway Legislation TO BE STRONGLY URGED
(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, Dec. 3.—United States Senator Albert B. Fall left today for Washington, D. C., to be on hand for the opening of congress. He has been at Three Rivers the past few weeks.

On the opening day of congress, southwestern congressmen will introduce a bill for the national construction of the Ocean to Ocean highway via Santa Fe and Albuquerque or the Old Trails route, the novel feature of which is to be a plan of national preparedness. One hundred thousand men are to be employed on the highway construction and they are to be given military training as part of their duties.

The road is to be part of a system of military transportation and is to cost \$100,000,000. The road is to run from Washington to Los Angeles and in time there are to be laterals and branch roads to every state in the union.

Brunch Riding Event Success.
East Las Vegas, N. M., Dec. 3.—A brunch riding and turkey shooting fest was held in Las Vegas on Thursday, lasting from 10 o'clock in the morning until dusk. Several of the local cowpunchers and members of the Tom Mix company were in the various events. A chuck wagon lunch was served at noon and a big crowd took in the sights, over fifty turkeys and chickens were shot for.

Salazar Witnesses Arriving.
Santa Fe, Dec. 3.—Special Agent Steven Pinckney and six other witnesses who were present at the battle of Ojinaga, will arrive from El Paso tomorrow to testify in the Salazar trial before Federal Judge Pollock at Santa Fe on Monday. Salazar is still a prisoner at the New Mexico penitentiary. The Monday following, the trial of Manuel U. Vigil, Trinidad C. de Haro, and others will be taken up before Judge Pollock.

Beasley Case Arouses Interest.
Santa Fe, Dec. 3.—The state land office is keenly interested in the contest hearing at the Las Cruces land office of Austin Beasley vs. The State. The land commissioner had located lands for the state in the Organ mountains, but Mr. Beasley asserts that they are mineral and therefore not subject to entry by the state.

Gallup Man Arraigned.
Santa Fe, Dec. 3.—Joseph Zanele, of Gallup, was arraigned yesterday afternoon before Federal Judge William H. Pope on the charge of having sold liquor to a Navajo Indian.

HOLIDAY CARNIVAL IS PLANNED FOR DEMING

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Deming, N. M., Dec. 3.—A four-day carnival is being planned by the merchants of Deming, December 22 to 25. A meeting was held Thursday night at the Adelphi club, at which N. A. Borch, Morris Northing and James Humann were appointed a committee to raise funds and arrange a program for four days of feasting, sports and other holiday entertainment. The funds were readily to be had and the program features have been decided upon. With the unsettled conditions along the Arizona border, it is almost impossible for Colonel Shoen to make definite promises with respect to the troops and band necessary in the celebration and the committee hesitated about announcing arrangements.

The committee has had two big barbecues and a municipal Christmas tree as the central features of their plans. The Christmas tree would be held in a public square on Christmas eve, of course, there would be horse racing, military tournament, riding and a field meet for the young men of the city. The committee is in communication with Colonel Shoen and will be able to announce its plans definitely at an early date.

EDDY COUNTY LAMBS ARE SENT TO MARKET

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Artesia, N. M., Dec. 3.—Twenty-five hundred fat lambs left the Artesia yards yesterday on their way to the Kansas City market, where it is understood that they have been sold for 8 cents per pound. All of these lambs were fattened in Hope, twenty miles west of Artesia, and this is only about one-fourth of those fed this summer and fall. Most of the remaining lambs in that neighborhood will be held and fed until February 1 and then shipped.

Of the bunch shipped yesterday William Carson had five hundred head, W. R. French five hundred head. They weighed about seventy-five pounds each. As the rate from Artesia is 45 cents per hundred it is estimated that this one shipment will bring over \$14,000 in cash into the Hope country.

Three cars of steers were also shipped from Artesia this week. R. B. Melroy shipped one car to Amarillo, and D. W. Rinyan sent 100 cars to Kansas City. All three cars were in first-class condition and brought good prices.

BIG STORE DESTROYED BY FIRE IN HANOVER

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Silver City, N. M., Dec. 3.—A fire which completely destroyed the large store of the Hanover Mercantile company, at Hanover, this county, occurred the night of November 29, according to news which was received here today.

The origin of the fire is a mystery. By the time the fire was discovered the whole building was in flames. The loss was complete, only the safe withstanding the flames.

The loss, which was in the neighborhood of \$10,000, was partially covered by insurance. The store was conducted by Joseph W. Bible and was the largest establishment in the Hanover mining camp.

To Develop Trough Camp.
Terre, N. M., Dec. 3.—The announcement by the Huerfano Mountain Copper company, of increase in its capital stock from \$20,000 to \$40,000, is expected to see an impetus to construction operations in this camp. This move is confirmation of the oft-repeated assertion that the Trough camp is to be made the largest copper mining district in the world within the next few years. Already upwards of \$1,000,000 has been expended in development work and a mill, power plant, hospital, store building and dwelling houses.

Fire Destroys Alfalfa Barn.
Artesia, N. M., Dec. 3.—Fire destroyed the large alfalfa barn on the Ed Lamb farm, seven miles southeast of Artesia, containing about \$1,500 worth of hay. The fire started about midnight, and the cause is unknown. Mr. and Mrs. Lamb were absent, visiting in Oklahoma and did not know of the fire until they returned home today. Mr. Lamb had \$2,000 insurance on the barn and its contents.

JUDGE MECHEM HOLDS COURT IN DEMING FOR JUDGE COLIN NEBLETT

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Deming, N. M., Dec. 3.—Judge M. C. Mechem, of the seventh judicial district, came from Bernalillo county to hold court here Wednesday, to take the place of Judge Colin Neblett, of the sixth judicial district, who was called to Virginia a short time ago on account of the serious illness of his mother. Judge Mechem expects to be in the city every two weeks to take care of any urgent business that may arise during the absence of Judge Neblett.

The trial of Charles Harris, who was arrested September 24 by City Marshal J. T. Taber, on complaint of S. A. Cok, charged with having forged an order for cash on S. A. Cok in the name of Mrs. Wade Heron to the amount of \$15, came up yesterday before Judge Mechem. Harris pleaded guilty to the charge and was sentenced to three years in the penitentiary, but Judge Mechem afterwards commuted the sentence to four months in the county jail.

Flory Boswell, son of H. S. Boswell, janitor of the grade school, died at his home today at noon. He was 15 years old and had been in failing health for about a year. His parents came here several months ago for their son's health. His funeral will take place tomorrow at the Mason undertaking parlors at 2 p. m. The Rev. Theodore Platt will have charge of the services, and burial will be in the local cemetery.

SILVER CITY BUSINESS MEN TO HAVE BANQUET

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Silver City, N. M., Dec. 3.—The Chamber of Commerce has plans arranged for a big get-together banquet next week, the exact day not yet having been decided on. At the banquet prominent mining men, cattlemen, farmers and fruit growers will be guests of the business men's organization. The banquet will be the first of a series of get-together affairs.

The Chamber of Commerce is closing one of the most successful years in its history and with almost \$3,000 in the treasury, it is in the financial shape. It is likely that the year 1915 will see the ultimate advertising campaign carried on more vigorously than ever, some favoring the raising of \$10,000 for this purpose instead of \$4,000 as in the year just past. Newsletters are being sent weekly and to accommodate the needs of the construction of a number of new buildings, and tent houses will be started at once.

FARMERS BUY COAL IN WHOLESALE LOTS

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Artesia, N. M., Dec. 3.—About thirty farmers living near Artesia, members of a local branch of the Farmers' Society of 1915, recently pooled together and purchased their winter's supply of coal in wholesale lots. The first car arrived this week and contained thirty-five tons of a good grade of coal. The coal was ordered through a local dealer, who simply notified the farmers that the car was ready for them, and they then unloaded the coal and hauled it home in their own wagons.

The farmers paid about \$1.25 per ton for the coal, which was a saving of ten per cent over the retail price. The home merchant who ordered the coal for them made some profit on the car as he was not put to any expense in unloading or delivering in small lots.

Big Cattle Deal Closed.
Silver City, N. M., Dec. 3.—One of the most important cattle transactions in several months was reported closed here this week when George H. Ferguson disposed of his interest in the Diamond Star ranch, owned jointly by him and Hugh L. Dodge. Mr. Ferguson has invested in an extensive ranch, stocked with cattle, near Casa Grande, Arizona, and will relieve there immediately to personally look after his new interests.

Held on Arson Charge.
East Las Vegas, N. M., Dec. 3.—Henry Conway, the man accused of setting fire to the home of Amador Elbarri at Ojita, waived preliminary examination in the court of a west side justice of the peace, and was bound over to the grand jury under \$1,000 bond, which he was unable to furnish. Conway admits sleeping in the house, but says he did not set it on fire.

Cupid Busy in San Miguel.
East Las Vegas, N. M., Dec. 3.—An unusually large number of marriage licenses were issued in San Miguel county during the month of November, forty-six couples being given the documents necessary to matrimony. The oldest man who applied for a license was 64, and the youngest 20, while the oldest woman was 49 and the youngest 15.

To Open Land to Entry.
Santa Fe, Dec. 3.—The federal land office was notified today that after February 14, reserved areas withdrawn from settlement in Taos, Rio Arriba, Santa Fe and Mora counties will again be subject to filing by settlers.

Abreu Succeeds Zimmerman.
Santa Fe, Dec. 3.—Carlos Abreu today succeeded John L. Zimmerman as internal revenue stamp agent at Santa Fe, Zimmerman entering the fold service of the internal revenue bureau.

Laughter Aids Digestion.
Laughter is one of the most healthful exertions, it is of great help to digestion. A still more effective help is a dose of Chamberlain's Tablets. If you should be troubled with indigestion give them a trial. They only cost a quarter. Obtainable everywhere.

AMERICAN MOST CRUELY TREATED BY VILLA BAND

When McEnnis Ring Fails to Produce \$200 in Gold He Is Dragged by Rope Around His Neck.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Douglas, Ariz., Dec. 3.—After being round and then tortured by Villa soldiers, who demanded that he give them \$200 which they believed he had hidden, McEnnis Ring, an American mining man and storekeeper at Casa Blanca, a short distance north of Nogales, arrived here today and told of conditions south of the international border where the Villa troops have been operating. Other Americans, Ring said, also had been round and imprisoned.

Villa troops under the command of Colonel Alvarado, a subordinate of Gen. Pablo Lopez, according to Ring after having looted his store of provisions and robbed him of his personal effects, Friday took him into a canyon where Colonel Alvarado demanded \$200 in gold from him as the price of his life.

Ring sought to calm his captors, then told the soldiers he had no gold, but was taken from him after he told them he did not have a dollar in his pocket. He was then taken to a Mexican house where he was held for a while and then released. Ring said he was now in the hands of the Mexican government and was being held in a prison.

Budget Has Chance for Life.
Deming, N. M., Dec. 3.—General J. C. Fulton announced today that he will ask the district court tomorrow to set a date for hearing on the budget of the county. Fulton now is in the state penitentiary where he was under sentence to be hanged for the murder of J. E. Ninkovich the week of October 21. The execution was stayed at the eleventh hour by the supreme court granting a hearing as to Ninkovich's sanity.

Mercantile Company Disposes.
Santa Fe, Dec. 3.—The Santa Fe Mercantile company of Albuquerque today filed with the state corporation commission a certificate of dissolution.

ITALY FIRMLY WITH ALLIES IN AIDING SERBIA, SAYS SONNINO

Great Britain, Russia, France, Japan and Roman Government Pledged to War Until Victory Is Achieved.

NO SEPARATE PEACE BY ANY ONE OF THEM

Balkan Situation Result of Animosity Growing Out of Division of the Turkish Spoils.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Rome, Dec. 3.—(Delayed).—The chamber of deputies, with over 400 members present, and the senate with 200 members in attendance, reopened today. The re-opening was made the occasion for a patriotic demonstration. Baron Sonnino, the foreign minister, delivered an address. He was loudly cheered when alluding to the help that Italy was about to give Serbia.

The only mention of Germany in Baron Sonnino's speech was when he said that when Italy declared war on Austria, "Germany considered herself in a state of ruptured diplomatic relations with Italy."

Explains Balkan Policy.

The foreign minister explained that Italy followed in the Balkans her traditional policy, inspired by the principle of nationality, in complete accord with the allies. The quadruple entente, he said, aimed to unite the Balkans, while the central empires fomented their rivalry and disunion, finding favorable ground in the feelings of hatred and revenge that had resulted from the second Balkan war. Besides, he added, Balkan neutrality was imposed by the course of military events, lacking a comprehension of the entire situation, from which should have sprung confidence in the final victory of the allies. The notable contribution which Italy had made to the allied cause of the war, continued the foreign minister, was his own, especially last September, when Austria was obliged hurriedly to transport considerable contingents from Galicia to the Italian frontier, thus rendering a victorious Russian counter-offensive possible.

Allies Stand Together.

A new convention of London among the allies, pledging each of them not to conclude a separate peace was recently signed by Great Britain, France, Russia, Japan and Italy, he announced. By this official announcement, said the foreign minister, he hoped to put a stop to rumors concerning the possibility of a separate peace which were frequently cropping out.

Baron Sonnino expressed the hope that the re-establishment of cordial relations with Greece would insure safety and liberty in the movements of the troops of the entente allies in Macedonia. At another point in his speech the foreign minister made this declaration:

"The existence of the political and economic independence of Serbia is a vital necessity for Italy's existence as a great power. In accord with our allies, we consider the restoration of the heroic Serbian people in the fullness of its independence as an unyieldable condition to end this great war."

Italy, therefore, said Baron Sonnino, would do all possible to help the Serbian army, awaiting a moment favorable for its reconstruction. The presence of the Italian flag on the eastern side of the Adriatic, he said, also would confirm Italy's policy toward Albania, Italy wishing to preserve Albanian independence. Baron Sonnino concluded his speech as follows:

"Italy is firmly determined to continue the war vigorously with all her forces, facing any sacrifice until she reaches her sacred national aspirations as well as those general conditions of independence, safety and mutual respect between peoples, which alone can be the base of a lasting peace and being also the essence of the pledge which unites the allies."

To Carry Out Rockefeller's Plan.

Denver, Colo., Dec. 3.—An advisory committee to assist President J. F. Weller of the Colorado Fuel and Iron company in carrying out the provisions of the Rockefeller industrial plan, was appointed today. The committee is composed of C. J. Hicks, executive assistant to the president, chairman; J. B. McKenna, general manager; E. H. Weitzel, manager of the fuel department; B. J. Matteson, assistant manager of the fuel department; F. E. Parks, manager of the Pacific coast plant; Dr. R. W. Corwin, chief surgeon; S. G. Pierson, vice president and purchasing agent; R. L. Jackson, traffic manager; and A. L. Kellogg, manager of the Colorado Supply company.

Santa Fe May Issue Stock.

Tepeka, Kan., Dec. 3.—The Kansas Pacific utilities commission today is said to have granted permission to the Atchison, Topeka and Santa Fe Railway company to issue \$10,000,000 in paid stock to buy for improvements and to repay expenditures already contracted for.

Possie Kills Two Bandits.

Little Rock, Ark., Dec. 1.—In a desperate battle between members of a desperado posse and bandits who attempted to hold up southbound train No. 3, last night, the sheriff was wounded and two of the bandits killed, according to reports from Malvern this morning.

DAKOTA SENATOR WOULD GET RID OF THE ISLANDS

McCumber Sees No Need of Big Army or Dreadnaughts Except to Defend Useless Insular Possessions.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Washington, Dec. 3.—(Delayed).—The Philippine question is an acute matter of high-power politicians and it is the most serious problem facing the nation today, according to Senator J. McCumber, of North Dakota, in a statement on national defense.

"The invasion scare has always been worked to perfection in bringing about appropriations for coast defense," said Senator McCumber. "It ought not to unsettle the calm judgment of that great interior of our country which is not looking for government expenditures to assist its prosperity."

"To my mind there would be about as much fear of an invasion from Mars as from any other nation on earth. With from 4,000 to 6,000 miles of water to cross, with radio telegraphs, with wireless craft that can see without being seen, whose stroke is sure death to all on board an attacked vessel, what nation would be foolish enough to attempt an armed invasion of this country?"

Would Get Rid of Islands.

"Our outlying possessions and our foreign commerce are at present the only occasion for naval or military prowess. The weakest and most vulnerable of these are the Philippine islands. Following in their order are the Hawaiian islands and Porto Rico. At the earliest possible moment we should relieve ourselves of the Philippine islands. So long as we hold these islands, we must be prepared to defend these islands, and that means preparedness of equal or superior to that of Japan."

"While it first thought our vast foreign commerce would seem to demand great naval preparedness, less than 10 per cent of all our foreign commerce is carried by vessels flying the American flag. Our navy now being the second best in the world, I believe it is eminently capable of taking care of our commerce."

"Nevertheless, we should keep abreast of other nations and provide for a growing navy and possibly a better and more cohesive military establishment."

Calls Dreadnaughts Useless.

"Of what use are Germany's dreadnaughts? Of what practical benefit have been the many hundreds of millions expended on British dreadnaughts? Against submarine and mine they have been almost worthless, and so these vast war machines are housed and protected while the war is still raging."

"An increase in the number of submarines, with capacity for long voyages, together with larger and more powerful land batteries for coast defense, and with steady, sane and conservative progress in our naval expenditures, would seem to me to meet all present demands. The stimulation of our state militia by providing for such salaries as would enable the members to leave their work and take part in drills and maneuvers, and provision for bringing the militia under the direct supervision of the regular army, ought to meet the demand for increased military effectiveness."

40 MORE ELECTION JUDGES INDICTED

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Pittsburgh, Pa., Dec. 3.—Forty more men who served as election officers at the September primaries were arrested tonight on charges of conspiracy growing out of the grand jury's investigation of irregularities at the elections. All were released on \$1,000 bail each. Arrests in connection with the alleged election frauds now number 124.

PACIFIC ROADS ARGUMENTS ARE NOW CONCLUDED

(BY MORNING JOURNAL SPECIAL LEASED WIRE) St. Louis, Dec. 3.—Arguments were concluded late today in the case of the government to separate the Central Pacific from the Southern Pacific railway and when the final briefs are filed on Monday, December 13, the three circuit judges who heard the arguments, will begin final consideration of the petition for dissolution of the Southern Pacific system.

Those judges are Walter H. Sutherland of St. Paul, William C. Hook of Louisville and John E. Garland of Washington, D. C.

The entire afternoon session of the court was occupied by Edward F. McElwain, attorney for the government, in his argument in rebuttal of the arguments made by the attorneys for the Southern Pacific.

Mr. McElwain insisted that there was no inconsistency in the position of the government in the Union Pacific dissolution case and in the present case, that the supreme court held that the vital factor in the Union Pacific merger was the ownership by one company of the Southern Pacific and the Central Pacific lines.

DENVER GIRL DIES FROM MISTREATMENT

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Denver, Dec. 3.—Miss Louise Mansfield, aged 25, died early tonight from injuries said to have been inflicted in a Tuesday night by two men with whom she and Lena Schwartz, sister of the girl, were in a serious conversation. Late today the girls gave the police an account of the automobile ride. According to their story, both were beaten and their clothing partly torn off. Miss Mansfield, who was the more seriously hurt, later was placed in a hospital where she is said to have been without food and medical attention for three days and nights. Her condition was reported to the police today and she was removed to the county hospital, where she died.

The police and authorities of Arapahoe county, where the alleged assault took place, tonight are investigating the case and endeavoring to apprehend the male companions of the two girls.

GREEK POSITION IS MENACING TO ALLIES

(BY MORNING JOURNAL SPECIAL LEASED WIRE) London, Dec. 3.—(Delayed).—In a dispatch from Salonika, the Daily Telegraph's correspondent says:

"The situation at Salonika is certainly not satisfactory. The effort so far made is not one from which results can be expected and it is not to continue until other factors must appear to render further progress possible and bring security."

"The present uncertainty must not be allowed to continue."

Regarding the field of operations, the correspondent says:

"owing mainly to the intense cold the troops from center advanced positions have been withdrawn and a slight concentration to the rear is taking place."

STEAMER LOADED WITH MUNITIONS, IN TROUBLE

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Tacoma, Wash., Dec. 3.—The Japanese steamer Hokkai Maru, which sailed from Tacoma last night heavily loaded with war supplies for Russia, was reported tonight as returning to port.

She passed out to the Pacific early today and a few hours later headed back through the straits of Juan de Fuca. The reasons for her return have not yet been learned.

WITTEGI INDICTED ON CHECK FRAUD CHARGE

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Cleveland, O., Dec. 3.—The grand jury today indicted Dr. Emrich W. Wittegi, alias Ritter, arrested Tuesday for a check fraud.

United States department of justice agents have been investigating Dr. Ritter's connection with attacks of foreign governments which are engaged in the European war.

The indictments have no connection with this investigation.

BRAND WHITLOCK OBJECTIONABLE TO VON BISSING

(BY MORNING JOURNAL SPECIAL LEASED WIRE) London, Dec. 3.—(Delayed).—The Amsterdam correspondent of the Exchange Telegraph company sends the following:

Advices from Rosendael, Holland, state that Belgian newspapers under the German censorship have been ordered to announce that Brand Whitlock, United States minister to Belgium, will not return to Brussels. The news has been received with consternation throughout Belgium. It is believed that General von Bissing, German governor general of Belgium, desired to have Mr. Whitlock ousted and that he is also pressing for the immediate removal of the American and Spanish legations from Brussels to Havre, where the Belgian government is.

OBJECTIONS NOT KNOWN IN WASHINGTON CITY

Washington, Dec. 3.—Secretary Lansing announced several weeks ago that the German military authorities had given assurances that the departure of Minister Whitlock on leave was regretted, and had expressed regret that published reports made it appear that the minister was leaving Belgium as a result of German objections to his presence.

Later the secretary stated that he expected Minister Whitlock to return to his post at the expiration of his leave, and so far as is known there has been no change in this plan.

PESSIMISTIC JAPANESE STUDENTS SUICIDE

(BY MORNING JOURNAL SPECIAL LEASED WIRE) St. Louis, Dec. 3.—Materialism has taken so thoroughly in its grasp that five per cent of the students in Japanese colleges are committing suicide in the belief the future holds nothing worth while in store for them, said Dr. C. S. Reiffender, president of St. Paul's college of Tokyo, in an address before the laymen's missionary convention here today.

"Near one college a waterfall and near another an active volcano are guarded night and day to prevent students from ending their lives there, yet continually the students are escaping through the courage of watchmen and kill themselves," Dr. Reiffender said. "A note beside a bundle of clothing of each student states he has made a failure of life."

"The thinking, older men of Japan are turning away from this pessimistic spirit which is ruining the young men of the country. They realize that in the mad rush for material wealth, the Japanese lack the high ideals which underlie Americans."

ROBBED OF ALL THEIR EFFECTS BY VILLA MEN

Oklahoma Lawyer and Friends Find Walking Through Desert Sands Most Exhausting Exercise.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Douglas, Ariz., Dec. 3.—The W. Cunningham, a Tulsa, Okla., attorney, George Hendrickson and R. D. Southard, who, until today, were believed to have been shot or at least made captives by Villa troops, are now at Nogavari, according to L. F. Weigle, who said upon his arrival here today that he saw and talked with them yesterday.

Cunningham and his companions told him, Weigle said, when they left Nogavari at noon Monday they were plentifully supplied with food, clothing and bedding; that they had a good wagon and horses, as well as a considerable sum of money, and that they had been stripped of all these by Villa troops who captured them near Chihuahua. They were held prisoners until Colonel Aquiles' forces got a glimpse in the Villa troops, when they were released.

Men Badly Done Up.

Unaccustomed to hardships, the men were all but exhausted after walking a long distance into Nogavari. Weigle reported the three men to be anxious to return to the border, but were deterred by fears that they would again be captured by one of the roving gangs of Villa troops making their way eastward.

Tom Lester, a foreman of the Cananea Cattle company, Nogavari ranch, twenty miles northwest of Cananea, Sonora, arrived here today with a report that a band of fifty Mexicans of unknown affiliations raided the ranch Wednesday morning.

Diplomats Saved Him.

Lester, whose diplomacy has pulled him through many a tight place, declared the raiders demanded money from him. Lester defied them and the Mexicans threatened to hang him. Reminded by Lester that there were no trees anywhere near the Mexicans desisted. It was announced that 2,000 Carranza troops under General Martinez and Lavaca had been moved to Nogavari, where they had orders to turn back General Rodriguez' retreat into the mountains of Chihuahua. Railroad service was resumed today between Agua Prieta and Nogavari and damage done by Villa troops to telegraph and telephone lines had been repaired to an extent enabling their operation.

Up to a late hour no word had been received from the American-owned mining camp at El Tigre. The telephone line connecting the camp with Agua Prieta went down last night. Officials of the company here said they regretted it as almost certain that the camp was in the hands of Villa's men. They said the camp was provisioned with a large store of clothing, food and powder.

Major Gen. Frederick Funston has decided to return tomorrow to San Antonio, Tex., it was reported tonight.

ARGONAUTS FIND ONLY DEATH ON COLOMBIA COAST

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Panama, Dec. 3.—Thomas Owen, former master of the American ship yacht Acadamy, has libeled the vessel, which is now in charge of the United States marshal. The Acadamy put in here yesterday and is now in quarantine, there having been recently a number of deaths on board from yellow fever.

Owen's wife, who, he says, was a daughter of Max Pemberton, the British novelist, and a niece of Lord Northcliffe, died in October at the Ancon hospital, of yellow fever contracted aboard the Acadamy at Buena Ventura, Colombia. He declared today that the owners of the Anglo-American Exploration company, of which Adolph Behn, of San Francisco, is the president, must pay for her death.

According to Owen, the Acadamy was outfitted for a year's stay in southern Chile, where work was to be carried on in placer mines which he discovered on a beach where he had been shipwrecked six years ago. He had trouble with the crew of the yacht and was forced to put into Buena Ventura. Then, he declared, there arose difficulties with the British consular officials and the Colombian authorities which forced a virtual abandonment of the venture.

Of the original crew of the Acadamy sailing from San Francisco only three survive. The remainder died from yellow fever. When the Acadamy sailed from San Francisco, June 22, she had a crew of nine men aboard.

NEBRASKA DEMOCRATS WANT WILSON AGAIN

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Lincoln, Neb., Dec. 3.—The name of Woodrow Wilson as a candidate for the democratic presidential nomination was filed here today to be placed on the Nebraska primary ballot in 1916. The petition was signed by local democrats, among them P. L. Hall, democratic national committee man from Nebraska.

Charles Bryan, mayor of Lincoln, and brother of William J. Bryan, former secretary of state, refused to sign the Wilson petition when invited to do so. He said that he did not wish to embarrass the president but if the petitioners would wait until he communicated with the president he might sign.

ATTEMPTED ROBBERY ENDS IN SUICIDE

(BY MORNING JOURNAL SPECIAL LEASED WIRE) San Francisco, Dec. 3.—Robert E. Chapman, a rooming house proprietor here, answered a call from one of the rooms in his house today and looked into the muzzle of a revolver. "Hands up," said the guest and began searching the landlord.

Chapman struck the revolver to the floor and was slashed with a knife for his pains. He escaped and sent the police to the room. A revolver shot sounded as they broke in the door and they found the guest dead on the floor.

He was identified as George E. Oye of Stockton, but efforts to find traces of any such man there were unavailing.

COURSE OF STUDY PRESCRIBED FOR INDIAN SCHOOLS

Conference in Washington Results in Plans Which Are Expected to Bring Great Improvements in System.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Washington, Dec. 3.—The results of an on-site study for the United States Indian schools, recently convened by the commissioner of Indian affairs, Cato Sells, after several weeks' work in conference at Washington has completed a course of study which will give to the Indians the best vocational training offered in any school system in the United States.

As these schools must train Indian youth of both sexes to assume the duties and responsibilities of self-support and citizenship, this course strongly emphasizes vocational training.

It is divided into three divisions. The first is the beginning stage, the second the training stage, and the third the finishing stage. During the first and second periods the training in domestic and industrial activities centering around the conditions essential to the improvement and proper maintenance of the home and farm. The course outlined in the pre-vocational division is unique in the fact that in addition to the regular academic subjects boys are required to take practical courses in farming, gardening, dairying, farm carpentry, farm blacksmithing, farm engineering, farm machinery, farm painting and shoe and harness repairing, and all girls are required to take courses in home cooking, sewing, laundering, nursing, poultry raising and kitchen gardening.

Non-essentials Eliminated.

This course not only prepares the Indian youth for industrial efficiency, but at the same time helps them to find those activities for which they are best adapted and to which they should apply themselves definitely during the vocational period, the character and amount of academic work being determined by its relative value and importance as a means of solving the problems of the farmer, mechanic and housewife.

Non-essentials are eliminated. One-half of each day is given to industrial training and the other half to academic studies. All effort is directed toward training Indian boys and girls for efficient and useful lives under the conditions which they must meet after leaving school. Other objects to which this course directs special attention are health, motherhood and child welfare, civics, community meetings and extension work.

Owen's wife, who, he says, was a daughter of Max Pemberton, the British novelist, and a niece of Lord Northcliffe, died in October at the Ancon hospital, of yellow fever contracted aboard the Acadamy at Buena Ventura, Colombia. He declared today that the owners of the Anglo-American Exploration company, of which Adolph Behn, of San Francisco, is the president, must pay for her death.

According to Owen, the Acadamy was outfitted for a year's stay in southern Chile, where work was to be carried on in placer mines which he discovered on a beach where he had been shipwrecked six years ago. He had trouble with the crew of the yacht and was forced to put into Buena Ventura. Then, he declared, there arose difficulties with the British consular officials and the Colombian authorities which forced a virtual abandonment of the venture.

Of the original crew of the Acadamy sailing from San Francisco only three survive. The remainder died from yellow fever. When the Acadamy sailed from San Francisco, June 22, she had a crew of nine men aboard.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a salve complexion—dark rings under your eyes—puffy—billowing look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a certain compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone by tuning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color, 10c and 25c boxes. All druggists.

ECONOMIC UNION OF TEUTON ALLIES LIKELY

(BY MORNING JOURNAL SPECIAL LEASED WIRE) London, Dec. 3.—(Delayed).—Sir John Maclay, a member of a conference of German and Austro-Hungarian economic associations held recently in Berlin, which issued resolutions in favor of an economic union of the two empires in return for a relaxation of long duration and also recommending a uniform tariff scheme.

The resolutions contained by recommending that "total friendship in arms with Turkey and Balkan friends on new prospects and give the German and Austro-Hungarian tasks which they can accomplish only in union."

The resolutions assumed that official negotiations between the German and Austrian governments already had begun.

KILLED THREE WOMEN; 12 YEARS IN PEN

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Vienna, Dec. 3.—Frank Pfeiffer, who last July killed three women when they attempted to shoot him from their farm, was found guilty of murder in the district court here today, and was sentenced to the penitentiary for twelve years.

Pfeiffer shot and killed Mrs. John Pfeiffer and her two daughters, Nellie Pfeiffer and Mrs. Jane Pfeiffer.

Pfeiffer was tried only for the murder of Mrs. Pfeiffer and he pleaded self-defense.

The safest soap for babies is
Resinol

This is so, first because it is one of the few soaps which contain no free alkali—that harsh, drying chemical which so frequently causes eczema, or other skin irritation. But, even more important, it contains the soothing, healing Resinol medication to keep the delicate skin soft, clear and beautiful. You can safely trust your baby's skin health to Resinol Soap.

Sold by all druggists. For a list of dealers, see page 2, 15th St. N. E. corner, Wash., D. C.

The American men and women must constantly against Kidney trouble because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to get out. As they weaken from overwork, become sluggish; the eliminative process suffers and the result is kidney trouble, either weakness and a general decline in health.

Take your kidneys for like lumps of stone. Your back hurts or the urine is cloudy, full of sediment or you are tired and seek relief two or three times during the night; if you suffer from back headache or dizzy, nervous, indigestion and stomach trouble, or you have pain when the urine is passed, get from your pharmacist about four tablets of Jad Salts; take a tablet-ten in a glass of water before breakfast for a few days and your kidneys will then set fine. This formula is made from the acid of lemon and lemon juice, the best of all acids, and has been used for centuries to flush and stimulate the kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending uric acid disorders.

Jad Salts is inexpensive; cannot increase a delightful effervescent mineral beverage, and belongs in every home because nobody can make a mistake in having a good kidney taking any time.

LOCAL ITEMS OF INTEREST

HARRY PAUL WHITE, millionaire sportsman, passed through the city yesterday afternoon in his private car on Santa Fe No. 2, en route to New York.

Yesterday afternoon, manager of the local baseball team, sold and delivered a handsome Baldwin grand piano to Mrs. W. A. Moore, Apartment 3, Bernalillo.

H. M. Blackmer, of New York, president of the Olympic Club, Central railway, was here last night. He and a party are traveling to Phoenix in the president's private car.

A regular meeting of O. K. Warren Post No. 1, O. A. B., will be held at 7:30 o'clock tonight at the office of McDonald & Mudgett, 108 South Third street. Officers will be elected.

Both the highlands and central companies were called out early last night because of a trash fire behind the postoffice. As the fire did not threaten to reach any building they let it burn.

Mrs. Anna Garretson, in charge of the Wurlitzer piano store at Trinidad, Colo., is here on a visit to her brother, W. J. Flynn, the local distributor for the Wurlitzer musical instruments.

Mrs. Garretson will remain a week. This evening will be open evening at the Woman's club for all club members and their families. Mrs. T. G. Winfree and Mrs. Herbert Galles have arranged an interesting program. There will be music, cards and dancing.

Guy A. Field, of Carlsbad, secretary of the New Mexico board of managers of the San Diego exposition, left last night for Las Cruces. Indications are that Mr. Field will be successful in his efforts to keep the New Mexico building open until the exposition closes. He is to meet Governor McDonald at El Paso.

R. A. Klinger, of the firm of Klinger, Collier & Co., has returned from a business trip to the Eastern states, which was made in his automobile. When he ran his machine into his garage the register showed that he had traveled 218 miles. He made the trip over some pretty bad roads, without a mishap of any kind to his auto.

Mr. Klinger states that the merchants of the town he visited all reported business good.

DR. LOVELACE NAMED MEDICAL SOCIETY HEAD

The annual meeting of the Bernalillo County Medical society was held Wednesday evening at the Cien Saatorium at which time officers of the society for the coming year were elected. The meeting was largely attended, and Dr. Cipes proved to be a most delightful host. Refreshments were served during the evening, and aside from the business matters attended to, the occasion was in every way enjoyable.

The following officers were chosen at the meeting: President, Dr. W. R. Lovelace; first vice president, Dr. Joseph E. Cipes; second vice president, Dr. A. G. Shogler; secretary, Dr. F. E. Tull; treasurer, Dr. S. G. Van Almon.

BUSINESS MEN INVITED TO BE AT CLUB LUNCH

Farmers of Valley to Move for the Employment of County Agricultural Agent for Bernalillo.

The business and professional men of the city, members of the club and non-members, are asked to attend the lunch this noon at the Commercial club for the discussion regarding the agricultural needs of Bernalillo county.

A large gathering is being arranged for and all who come will find a place and a chair at the table. While the lunch was arranged primarily for the farmers of the valley, at their request the invitation has been extended to the men of the city.

Professor Cooke of the state college will be present to discuss the advantages of the county agricultural agent system. It is expected that a legislative move will be started at the lunch to secure an agent for the county to be followed up by the distribution of petitions asking that an agent be appointed. Because of the fact that the county is greatly interested in the matter, the board of county commissioners has been extended a special invitation as well as a representative from each of the local banks.

Up to last night about forty men had signed their intention of attending. Arrangements have been made to care for many more if necessary. The lunch will be a simple one and will be served for 25 cents a plate.

SANTA FE RAILWAY TO CHANGE A DANGEROUS STREET INTERSECTION

F. E. Summers, division superintendent of the A. T. & S. F., yesterday notified the Commercial club that he has received authority to cut back the high board fence at Turnbull avenue and Second street to a distance of thirty feet on each side, so that the fence will be removed at the intersection of the two streets and enable people driving on the two streets to see one another before the sharp turn is reached. The intersection is a dangerous one, especially for automobiles, and the steps to have the corners of the fence cut down were requested by President Carr of the club.

MANY HOUSES ARE BEING BUILT IN FOURTH WARD

An Ideal Section of Town for a Real Home; Fine Opportunity Offered Prospective Builders.

That the Fourth ward, outside of the business district, is generally recognized as an ideal section of Albuquerque for a home, is indicated by the hundreds of handsome and substantial homes which have been built in that part of town. Many new houses have been built in that district recently and a dozen or more residences and bungalows are under way and being completed at the present time.

Coincident with the activity in home building in the Fourth ward, comes announcement of the placing on the market of twenty-five lots, on easy terms. The lots, located in very desirable sections of the northwest part of town, range in price from \$225 to \$275. Ten dollars is all that is asked as the first payment, with ten dollars each month thereafter.

The lots are being sold by P. F. McCona, who has been appointed sub-agent. Full information regarding the lots and terms may be obtained by calling at Mr. McCona's office in the State National bank building.

KNIGHTS OF COLUMBUS WILL ATTEND RETREAT WHICH BEGINS SUNDAY

Knights of Columbus belonging to the local council and all visiting knights of the order are requested to attend the retreat at the Immaculate Conception church, first by attending mass at either 8:30 or 7 o'clock each morning, at which time the Rev. Father McNulty will preach a sermon, the retreat beginning Sunday, December 5, and ending with the feast of the Immaculate Conception, Wednesday, December 8.

The council will hold no meeting Tuesday night, the regular meeting night. Instead, members will attend the services at the church.

By order of H. C. Roehl, grand knight, Albuquerque council No. 841.

ALBUQUERQUE'S BEST RESPOND TO CLUB'S CALL

Hundred Men Pledged to Work for Members Next Wednesday; "Not Enough Yet," Declares Manager.

One hundred men of Albuquerque, most of them old members of the community, were signed up yesterday afternoon by six volunteers to assist in the membership campaign which will come off next Wednesday afternoon. The entire membership was not met, many of the members being absent when called upon. The work of signing up pledges for the campaign will be continued by Manager Wiley and Secretary Egan and every member has been seen.

Those who refused yesterday to assist will also be called again and yet again if necessary. The club declares that it has come to a show-down, that it is not a question of whether enough men have been pledged to insure success for the membership drive, but that every member must either say that he has or has not enough interest in the city and its future to meet the men who have long done the work of the community in this effort to secure new members.

Sickness Only Excuse.

"Seventy-five of a hundred men are not enough to do the work that must be done on Wednesday afternoon," asserted Mr. Wiley after the committee reported last night. "We want and need and need every member in fact who is in the city, and nothing but sickness should interfere to keep any member away."

Various experiences awaited the committees which went out yesterday to secure pledges from workers. In some instances, committees received not a single refusal, failing only in securing those who were not in. In other cases, the committees secured pledges from but few of the members seen. It was found that the citizens are not yet quite convinced that the club is a business organization.

"My father insisted on founding the club," said one man, "but he ceased to be a member some time ago. We have talked the matter over and decided to come up and boost with the other business men of the town, believing that the club has been doing good for the town and that it intends to maintain itself as a business organization."

It seems that the false impression which has prevailed that the club is social in its character is being overcome and that the men of the city are waking up to the possibilities of a live commercial organization and the good it can do for Albuquerque and the state.

"Tell them to get into the club and make of it what they desire it to be," was the instruction given the committees by the club officers. "Tell them not to stand outside and say what should be done, but to come on in, be a sport in the extent of \$2 per month, hang up their hats and get into the game of boosting Albuquerque."

This morning large placards will be distributed to the members of the club making a declaration of principle. These will be placed in windows of stores and on walls of offices that all may know who is and who is not a member of the organization. It is also being done so that the membership committee next Wednesday will know whom to solicit and who are already members. The club requests that these cards be left in the windows for some days to come and that when they are taken out they be hung in offices that visitors may see them at all times.

OPENING OF FLYNN'S WURLITZER NEW STORE A GRAND SUCCESS

The entertainment, celebrating the opening of the new Wurlitzer piano store, 288 South Second street, yesterday afternoon and evening, proved one of the greatest successes and one of the finest instrumental and vocal treats held in this city for a long time. In the afternoon from 2:30 to 5 o'clock the store was crowded with ladies, who listened to a well-arranged program of instrumental and vocal pieces, and expert demonstrations on Wurlitzer pianos and player-pianos. A large crowd of actual concert and many of those in attendance were from south-west, was present in the evening, and besides the prepared program, Mrs. Donovan spring it surprise in addition thereto. A young German musician, a Mr. von Wachtler, appeared and presented a letter of introduction, which announced that the letter was a professional pianist. He rendered the delighted audience with several classical instrumental pieces and received the plaudits of those present. Mr. von Wachtler is a continental artist who has toured and played at the San Francisco and San Diego expositions. He arrived here yesterday afternoon and is on his way to New York City.

ELKS ATTENTION

The annual memorial service, (inserted) service will be held at the high school auditorium on Sunday afternoon, December 5.
