Answers of Five Anthracite Coal Mine Owners
Agree in Ignoring the Miners
Union.

NO INCREASE IN PAY

Answers of the Delaware and Lackawanna Railway Company, Delaware and Hudson, Lehigh Valley and Pennsylvania Companies Have Been Taken to the Anthracite Region.

Washington, D. C., Nov. 12.—That the anthracite coal mine owners will resist to the utmost every effort to make a recognition of the United Mine Workers of America an issue in the arbitration which is now in progress is made evident by the replies made to the statement of President John Mitchell of the miners' organization, which has been filed with the strike commission. There are five of these answers in addition to that of President Baer which was given out yesterday and all dwell with especial emphasis and marked unanimity on this point. They also agree in resisting the demands of the miners for an increase in pay for piece work, a reduction of hours for time work and for the weighing rather than the measurement of coal. Recorder Wright left for the anthracite regions today, taking these replies with him.

The reply of the Delaware and Lackawanna Railway Company to President Mitchell's statement to the anthracite coal strike commission was made public today. It is signed by W. H. Truesdale, president of the company, who says that the company owns 25 anthracite collieries and employs 12,000 workmen in this branch of its business. Truesdale, like Baer, objects to making recognition of the union on the issues to be considered by the commission, saying in the proposition made by the company for arbitration that one of the express conditions was "that the finding of the commission should govern the conditions of employment between it and its employees." It adds: "This company unequivocally asserts that it will under no condition recognize or enter into any agreement with the association known as the United Mine Workers of America or any branch thereof. Nor will it permit said association to say under which conditions it shall conduct its business."

Truesdale follows closely the lines of Baer's argument. President Oliphant of the Delaware and Hudson Company, and President Fowler of the Scranton Coal Company, made statements of a similar nature. The statements made for the Lehigh Valley and Pennsylvania companies cover the same ground.

**CROWN PRINCE OF
SIAM COMING**

Committee of Citizens Named to Meet the Distinguished Visitors But no Special Preparation Made for Their Entertainment.

WILL ARRIVE HERE AT 9:30
TOMORROW MORNING

Tomorrow morning at 9:30, Maha Vajiravudh, crown prince of Siam, will arrive in Santa Fe on his special train over the Santa Fe railway, and the day will be spent here in seeing the sights. The party with him consists of his two aides-de-camp, Colonel Phya Rajavithuloh and Captain Luang Sarasilakdi, his private secretary, Mom R. Anuvatra, the minister from Siam to the United States Phya Prasirith, Prof. J. H. Gore of the Columbian University, E. H. Loftus, secretary of the Siamese legation, H. Y. Darnell, tourist agent of the Pennsylvania railroad, who has charge of the trip, George Denny of the Associated Press, and R. H. Taylor and L. C. Wheeler, secret service officers.

The train consists of the private car, Columbia, which was used by President Cleveland during his administrations, and which is the car used by Prince Henry of Prussia, the dining car, Walton, the sleeper and drawing room car, Hungary, and the combination smoking and baggage car which contains the 76 pieces of baggage belonging to the royal visitor and suite. The train is one of the most elegant that has been furnished in this country. The prince is backward almost to the point of painful bashfulness and is very uncommunicative. He is scarcely five feet high and when out of the train is usually between the two big and stalwart secret service men. One of those with him, Taylor, is the successor of Craig who was killed in the accident which befell President Roosevelt's carriage at Pittsfield, Mass., a short time ago. The prince has for eight years been in Europe, attending leading colleges and making an especial study of international law. He also spent some time in Germany studying the military system. He is now on his way home and has visited all of the principal cities of the east and on his trip across the continent. Monday and Tuesday the party was at Colorado Springs, and Monday, under escort of a committee of citizens, the entire party was driven around Colorado Springs. Yesterday the call of the mayor was formally returned and the prince made a short address to the pupils of the high school. He was entertained at luncheon at the Country Club and permitted to rest during the afternoon. In the evening he was given an elaborate banquet at the Antlers hotel by the citizens of Colorado Springs. The party left there today and this will be the next stop. From here the journey to the Pacific coast will be resumed with a stop at the Grand Canyon.

On account of the short notice given, no special arrangements have been made for the entertainment of the party while here, and in the absence of detailed information as to the plans of the party, no arrangements can be made. Mayor Sparks has appointed a committee of citizens to meet the prince and his party and the members are asked to hold themselves in readiness to serve the visitors in any way. The committee will meet the train on its arrival and will consult the wishes of the tourists. No notice will be sent to the members other than by this publication as there is not time to formally notify each one. The committee named by the mayor consists of Hon. L. B. Prince, A. Staab, J. D. Sena, A. M. Berger, J. Claudio Martinez, C. F. Easley, C. W. Dudrow, Judge A. L. Morrison, Ireneo Chaves, S. Spitz, S. G. Cartwright, W. R. Price, Marcelino Ortiz, L. A. Hughes, F. Muller and Atanacio Romero. Mayor Sparks urgently requests that each one named on the committee meet the train at 9:30 in the morning at the Santa Fe station as it has been impossible to have a meeting and consider a plan for entertainment.

FWLER ADDRESSED BANKERS.

Discussed the Features of the Bill Which He Has Introduced in Congress.

New Orleans, Nov. 12.—The second day's session of the American Bankers Association resumed at 10 o'clock today after prayer by Bishop Rauxel. Under a suspension of rules, Colonel Lowry of Georgia, asked that Kittredge, secretary of the bureau of education, be allowed to say a few words about the bank clerks institute. Mr. Kittredge made a short verbal report in addition to the formal report made yesterday. John T. Hamilton, chairman of the committee on fidelity insurance, took up the report of that committee which was formally presented yesterday. The call of states was deferred until later. The discussion of the currency question then began. Congressman Charles N. Fowler spoke on assets, currency and branch banking. He discussed the features of his bill extempore.

MAY CLOSE THE PLANT.

Fourteen Men Went on Strike Which Threw 250 More Out of Work.

Pittsburg, Nov. 12.—Fourteen crane men in the Schoenberger plant of the American Steel and Wire Company, went out on a strike yesterday, and as a result 250 men in the open hearth department were laid off today. The men assert that if the strike continues 24 hours the plant will have to shut down, throwing 150 workers out in that department.

No State Whisky Tax.

Jefferson City, Mo., Nov. 12.—Judge Sherwood, in an opinion in the supreme court, sitting en banc, today declared unconstitutional the state whisky tax law.

**STOCK MARKET
RESTLESS**

Opened Today With Another Selling Movement During Which Prices Were Lowered Materially.

MANY CALLS FOR MARGINS

Much of the Early Selling Came from Houses With Western Connections Which Suggested a Speculative Contingent Had Let Go of Long Stock.

New York, Nov. 12.—Today's stock market opened with another selling movement during which prices were lowered materially. More weak accounts were thrown over board at the opening today and calls by brokers to their customers for extra margins were numerous. It was regarded as significant that much of the early selling came from houses with western connections, which suggested that a speculative contingent in that section had let go of long stock. The Amalgamated Copper sold off over 1 1/2, but soon made a partial rally. The Tennessee Coal declined about 3 points in the early dealings and Erie common, against which it is believed the pressure was directed, sold off 1 3/4. A heavy liquidation in Southern Pacific brought a maximum decline of almost 2 points. Texas and Pacific and Manhattan were each a point lower and recessions of less extent were common. Supporting orders appeared in the market when the decline had gained a good headway. Louisville and Reading touched the lowest on the movement and St. Paul sugar, Colorado Fuel and Amalgamated dipped sharply. On the rebound Manhattan, Norfolk and Western and Canadian Pacific were lifted about a point over last night, but the list did not generally get back to best.

**HONOLULU ELECTION
RETURNS RECEIVED**

The Result is Believed to Have Done Much to Settle the Question of Royalty and to Have Disposed Largely of the Race Issue.

**JONAH KUHIO KALANIALAOE
IS ELECTED AS DELEGATE**

Honolulu, Nov. 5, via San Francisco, Nov. 12.—The elections yesterday resulted in a victory for the Republican ticket. Prince Jonah Kuhio Kalanialaoe, Republican nominee, is elected as delegate to congress, and the legislature will be Republican in both houses. In spite of the five home rule senators holding over from the last legislature, to three Republicans. The result of the election, it is thought by the Republicans, will be the end of the home rule party and a division of the voters along the lines of Republicanism and Democracy, as on the mainland. It is also regarded as disposing largely of the race issue and the issue of royalism in Hawaiian politics, for the campaign of the defeated candidate for delegate to congress, R. W. Wilcox, was largely based on his record as a royalist and on the race feeling.

SLATE IS COMPLETED.

Three Major Generals Will Retire Next Year and Their Successors are Selected.

Washington, D. C., Nov. 12.—The slate for promotion to major-generals to fill the vacancies caused by the retirements that will take place next year has been arranged. There will be three vacancies: General Hughes retiring April 11, General Davis July 26, and General Miles August 8. The latter is lieutenant general, and will be succeeded by Major General Young. The brigadiers to be promoted to major-generals are James F. Wade, Samuel S. Sumner and Leonard Wood. These men are now the three ranking brigadier-generals in the order named.

TIED OF THE STRUGGLE.

Hunter Has Resigned as Minister to Guatemala and Leslie Combes is Appointed.

Washington, D. C., Nov. 12.—W. Godfrey Hunter has tendered his resignation as United States minister to Guatemala. The president has accepted the resignation, and selected Leslie Combes, at present United States pension agent at Louisville, to succeed Dr. Hunter. Dr. Hunter was also minister to Honduras, and Combes will likewise assume that post. Hunter had a stormy career in Central America ever since he went there in 1897. It is assumed that he has at last become tired of the struggle, for it has been known some time that he contemplated resigning. The place pays \$10,000 a year.

GERAL EMPLOYEES STRIKE.

Are Not Satisfied With the Piece Work Plan and Demand a Straight Wage Scale.

Chicago, Nov. 12.—Over 300 employees at the Ellsworth & Company, cereal plant struck today and business is practically at a standstill. Later the strikers held a meeting and formed a Cereal Workers Union. It is asserted the strikers will spread to other cereal concerns unless the demands are granted. A majority of the workers are girls and they have received pay on the piece work plan and under this arrangement the weekly wage ranged from \$6 to \$15. They now demand a straight wage with \$1.25 as a minimum wage for day work and \$1.50 for night work.

SENATORS HAVE ARRIVED IN LAS VEGAS

Will Probably Arrive in Santa Fe Early Tomorrow and Mayor Sparks Has Named a Committee of Citizens to Meet Them.

DESIRE NO ENTERTAINMENT THAT INTERFERES WITH WORK

Special to the New Mexican.

East Las Vegas, Nov. 12.—At 3:30 this afternoon arrangements were made for a session of the senate committee to be held at 7 o'clock this evening when prominent citizens will testify. The committee will leave tonight for Santa Fe by special train. At a meeting early this afternoon held at the Castaneda, United States land court officers were examined. All sessions are secret. After the afternoon meeting the committee went for a drive. Those who arrived this noon are Senators Beveridge, of Indiana, Burnham of New Hampshire, Hittelfeld of Idaho, and Dillingham of Vermont.

By Associated Press.

Las Vegas, N. M., Nov. 12.—A large number of citizens headed by a brass band, turned out this morning to meet the United States senate committee on territories which is on an official trip to the territories asking admission into statehood. It entered New Mexico at 8 a. m. this morning and made its first stop at Raton. From the territorial line to Las Vegas, where the committee took up its first official hearing immediately after its arrival. It was greeted at each station by enthusiastic delegations of citizens, school children and territorial officials, who were clamorous for a speech from Senator Beveridge, chairman of the committee, who however uniformly declined to say anything. B. S. Rodey, territorial delegate, Judge Baker of Albuquerque, and others boarded the train en route. After a meeting on the train, the committee announced it would have to refuse all offers of entertainment which would interfere with the work. From Las Vegas the committee will leave for Santa Fe.

LOCAL ARRANGEMENTS.

Definite word regarding the arrival of the sub-committee of the committee on territories from the United States senate, had not been received in this city at noon today. A dispatch from Kansas City stated that Senators Beveridge of Indiana, Dillingham of Vermont, and Burnham of New Hampshire, passed through there yesterday and would be joined at a point farther west by Senator Hittelfeld of Idaho, and Nelson of Minnesota. Senator Beveridge said that the fact the election in Oklahoma was close would have no effect on the statehood bill and then he declined to further discuss the bill. Senator Dillingham said practically the same thing.

A dispatch from Guthrie, Okla., says that Delegate Flynn was notified last night that the committee would report favorably for Oklahoma and would urge its immediate admission. Mr. Flynn believes the senate committee will not visit Oklahoma and so he left for Washington today and will not wait for the committee.

The Phoenix board of trade has prepared an elaborate reception and Governor Brodie and a special committee are awaiting the senators at Deming. Today the senators were in Las Vegas and a committee from Albuquerque, consisting of Delegate B. S. Rodey, Judge B. S. Baker, Dr. G. W. Harrison, Hon. W. B. Childers and O. N. Marron went to Raton last night to meet them. Governor Otero went to Las Vegas this morning. Senator Beveridge telegraphed Delegate Rodey yesterday asking that no formalities, receptions, entertainments or anything of that nature be arranged for the committee as its time is limited and it desires to have nothing to interfere with the actual work in hand.

The committee will come to Santa Fe tonight and Mayor Sparks has named a committee to meet it and assist in every possible way. No formal announcement will be sent to the members of the committee, but those named are requested by the mayor to accept the published list. As it is impossible to get the committee together in the short time intervening, Mayor Sparks requests that each one inform himself as to the time of the senators' arrival and be at the station when the train arrives. Those named are Territorial Secretary J. W. Reynolds, Judge John R. McFie, Major R. J. Palen, Territorial Auditor W. G. Sargent, M. R. Otero, Colonel J. Francisco Chaves, Hon. Amado Chaves, Col. G. W. Knaebel, Judge N. B. Laughlin, Marcelino Garcia, Arthur Seligman, A. B. Renahan, J. D. Hughes, J. W. Akers, A. J. Abbott and B. M. Read.

**AFTER BEARS
AND PANTHERS**

President Roosevelt is on His Way to a Big Hunt in Mississippi.

GAME REPORTED PLENTIFUL

The Train Will Be Sidelined at the Nearest Point to Camp and Will Remain There Until the Trip to Memphis Next Wednesday.

Pittsburg, Pa., Nov. 12.—President Roosevelt passed through Pittsburg at 10:30 this morning en route to a point in Mississippi where he has arranged to spend several days hunting black bear, as the guest of President Fish of the Illinois Central railroad. Bears are reported to be plentiful and there are also said to be some panthers in the vicinity and the president is looking forward to the sport with much pleasure. The train will be sidetracked at the nearest point to the camp and remain there until the president's return to Memphis next Wednesday. The president arose early this morning and was engaged on correspondence almost all day. During the short stop here to change engines, the president got out of his car and paced up and down the platform. A large crowd had gathered. After greeting them with a pleasant "Good morning," the president stepped off the platform and took a brisk walk down the tracks, stopping occasionally to speak to a yard switchman or an engineer in his cab on the siding. The train left at 10:41 for the west and as it pulled out the crowd cheered heartily. The president came out on the back platform and waved a good-bye.

**TRYING TO FIX UP
THE CUBAN TREATY**

President Palma Says the Rebate of Twenty Per Cent Proposed to be Allowed on Cuban Imports Into the United States is Insufficient.

**AN IMPORTANT CONFERENCE
HELD AT WASHINGTON**

Washington, D. C., Nov. 12.—An important conference bearing on the subject of the Cuban reciprocity treaty, was held at the war department today, the participants being Secretary Hay, Secretary Root and General Lasker Bliss. The latter was called into the conference at Secretary Hay's suggestion because of his expert knowledge of the existing Cuban tariff. Before the conference at the war department, Secretary Hay talked on this subject with Senator Cullom, chairman of the senate committee on foreign relations, and also with Senator Quesada, Cuban minister here. Quesada was not able to submit to Secretary Hay the draft of the reciprocity treaty which has been under consideration so long by the authorities at Havana, as the documents have not yet left that place. The cardinal objection of President Palma to the treaty as it stands, is the insufficient rebate of 20 per cent proposed to be allowed on Cuban imports into the United States, and Secretary Hay's purpose is to ascertain, if possible, how far he can yield in that matter and still be able to rely upon the support of congress at the next session when the treaty is submitted.

**CHAVES FOR PRESIDENT
OF THE COUNCIL**

Llewellyn and Montoya Contending for Speakership of the House—Harry F. Lee, of Albuquerque, Will Be Pushed for Chief Clerk of the Council of the 35th Legislative Assembly.

The question of who shall be president of the council and speaker of the house of representatives of the 35th legislative assembly, is being discussed by the Republican politicians and members of the coming assembly to a considerable extent. As the assembly is overwhelmingly Republican, the positions named will of course, go to Republicans. It is said that Colonel J. Francisco Chaves of Valencia county, will again be a candidate for the presidency of the council, and that he is sure of election. He has been president of that body so often that it would be quite an anomaly to see him upon the floor as a member in place of presiding and sitting upon the dias. So far no other candidates for this position have been mentioned. The following are the candidates for the speakership of the house as far as known: Major W. H. H. Llewellyn of Las Cruces, and Nestor Montoya of Albuquerque. The contest for this place promises to be quite lively.

Harry F. Lee of Albuquerque, secretary of the Sheep Sanitary Board, it is understood, will be pushed by the Bernallillo county delegation for the position of chief clerk of the council, and the name of a Las Vegas man will be presented by the San Miguel county delegation for chief clerk of the house. There are already numerous candidates for clerks, interpreters, translators, stenographers and other council and house employees and the list is growing constantly.

WEDNESDAY, NOVEMBER 12.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

Extract from the Congressional Record of June 25th, 1902, page 7,542.

President pro tem, of senate:
"The chair has been requested to restate the proposition, and will do so."

The senator from Indiana, the chairman of the committee on territories, has stated in open senate today, that the committee will report on the territorial bill, so-called, on the third day of the next session of congress. Thereupon the senator from Pennsylvania asks unanimous consent, that on the tenth day if the senate is in session and on the first day thereafter if it may be in session if not on the tenth, the bill shall be made the unfinished business.

Is there objection? The chair hears none, and the order is made.

The predictions of the yellow sheets in this territory as to the result of the recent elections in New Mexico are rather funny reading these days.

Generals Botha and Delarey have given up their intentions to visit the United States. This is pleasing all around and the people of this country will not complain thereat.

There are some Pop-Democrats in New Mexico who are finding fault with the Republican majorities given in this territory at the recent election. Some people are never satisfied.

The Albuquerque Citizen very pertinently and correctly remarks: "The Santa Fe Company could win golden opinions by improving the train service from Lamy to Santa Fe."

There is an accumulation of evidence that Delegate B. S. Rodey is enjoying the present political situation in New Mexico and that ex-Delegate H. B. Ferguson is very much dissatisfied with it. Such is life.

The Honorable Dave Hill is still crying "fraud" concerning the recent New York election. This is evidently done for the purpose of covering the political blunders made by the Democrats in the last campaign in the Empire state.

Moralists say that London is blacker in beastly crimes than ancient Sodom and that Rome in its most sensual days was no circumstance to it. Either these moralists are wrong or else they are not doing what they might and should do to reform this modern Sodom.

The citizens of this town should lose no time in making the proper preparations for the reception of the senate committee on territories, which will very likely visit this city tomorrow for the purpose of taking testimony as to the conditions of New Mexico and the fitness of its people for statehood.

The Honorable Jim W. Griggs, chairman of the Democratic congressional campaign committee, now knows more concerning the political trend of the country than he did before the recent elections, but he is not talking as much as he did. In this latter he exhibits much better sense than he did in his talks before election.

Colonel Watterson is comforting the Democratic party by telling it that its trouncing on November 4 will only make it stronger for the presidential fight in 1904. Colonel Watterson evidently wants to outrank Mark Twain as a joker or his gentle sarcasm is meant to make the Democratic leaders, with whom he is not in love, as mad as March hares.

A prominent Democratic speaker says that the Democratic party thrives by adversity. If this is true, some signs of it should appear in the near future. The votes of the people seem to indicate that there is no truth in it at this time. It also looks as if considerable more adversity would be piled upon that party for the next six years to come.

E. T. Jeffery, president of the Denver and Rio Grande railroad, has contributed a very readable and logical article on the "People and the Railroads" to a trade publication, in which he takes a strong stand against the government ownership of the railroads. His arguments are good, but would apply as forcibly against the government ownership of postoffices and the postal service, and many other government utilities, which the people now accept as a matter of course.

Judging from newspaper reports, the tax dodger has his home in other commonwealths besides New Mexico. In fact, the taxes dodged in New Mexico are insignificant compared with those dodged in Colorado or in New York, in which latter city one man is accused of dodging twice the amount of taxes that are paid altogether in New Mexico.

William Randolph Hearst, the publisher and editor of the New York Journal, the Chicago American and the San Francisco Examiner, has started a boom for himself for the Democratic presidential nomination in 1904. When the Honorable William Randolph Hearst, who has just been elected to congress, with his millions and yellow journals to back him, starts out for anything the Tom Johnson circus will not be a circumstance to the fuss that he will make.

President Roosevelt is not in sympathy with the movement of certain southern Republicans to exclude colored men from the Republican party councils in Alabama. In one instance, he has removed from office an internal revenue collector for being at the head of a movement to exclude colored Republicans from the state convention. President Roosevelt believes in equal rights for all, no matter what the color of the skin, and the nation is with him on that standpoint.

Bishop John H. White of the Episcopal church, declares that the mad rush for wealth in America is nothing but anarchy, for it is every man for himself and the devil for the poor fellow that is left behind. The bishop may be right, but when he thinks this much he is right, but when he thinks this much for wealth is something new, he has forgotten history. Wealth, as long as it can buy the privileges, the luxuries, as well as the necessities that it can today, will be the coveted goal of the majority of men.

The Brotherhood of Railroad Trainmen threatens to tie up all the railroads of the country unless certain demands the brotherhood makes are complied with. That is as bad a hold-up game as the worst of the trusts are playing and when congress considers legislation to curb the trusts it should not forget that the labor trust is as big a menace to the nation's prosperity as the coal or any other trust. A general railroad strike at this time would be nothing short of a calamity, and when it is considered that the railroad men are the best paid workers in the country today, there seems to be no justification for a general strike at all.

THE OMNIBUS STATEHOOD BILL.

Now that congress will be in session within a month and will be called upon to pass finally upon the omnibus statehood bill, its provisions are of particular interest to the people of New Mexico. It must be understood that the bill has been made as simple and as brief as possible, that it exacts no unusual conditions from the people of New Mexico, Arizona and Oklahoma and lays no unusual duties upon them. It was framed under the supervision of the house committee on territories and emphasizes merely the essential principles which underlie all state governments in the American Union, leaving all other matters to the constitutional convention, which will meet in each territory after the passage of the bill, but fixing the time and the manner of holding such a constitutional convention. This convention in New Mexico shall consist of 111 delegates, one delegate for every 1,950 inhabitants or fraction of 400 and over according to the census of 1900. Bernalillo county is to have 13 delegates, Chaves 3, Colfax 6, Dona Ana 6, Eddy 2, Grant 6, Guadalupe 3, Luna 2, Lincoln 4, McKinley 2, Mora 6, Otero 3, Rio Arriba 7, San Juan 3, San Miguel 12, Santa Fe 8, Sierra 2, Socorro 7, Taos 6, Union 3, and Valencia 7. The election for delegates is to be held on the sixth Tuesday after the passage of the enabling act and the convention is to meet on the third Monday after the election. The constitution drafted by this convention must guarantee religious tolerance, must prohibit polygamy, must disclaim all right to the unappropriated public lands in the territory or land held and owned by the Indians, must provide for equality in taxation, exemption from taxation of government and Indian lands, the assumption by the state of the debts of the territory, and a public school system, the public schools to be conducted in English. This constitution is to be submitted to the people at such time as the convention may set. While not specifically providing that the constitution be submitted to the people as one document, yet this is evidently implied. Until the next general census or until otherwise provided by law, the new state will be entitled to one representative and two senators. It is thus seen that congress may give New Mexico two representatives on account of its rapid increase in population and to overbalance the electoral vote of Arizona which is counted in the Democratic column and has much less population than New Mexico.

Upon the admission of the territory, the new state will receive for the support of its common schools, Sections 13 and 36 in every township; 50 sections for public buildings at the capital; two townships and 100,000 acres for the University of New Mexico, 100,000 acres for the College of Agriculture and Mechanical Arts, ten per cent of the proceeds of all public land sales for the public school fund, 50,000 acres for the Insane Asylum, 50,000 acres for the School of Mines, 50,000 acres for Deaf and Dumb Asylum, 50,000 acres for Reform School, 100,000 acres for State Normal Schools, 50,000 acres for an asylum for the blind, 50,000 acres for a miners' hospital, for the Military Institute 100,000 acres, and for the penitentiary 50,000 acres. The sum of \$30,000 is appropriated to pay the expense of holding the constitutional convention.

These are the main provisions of the omnibus bill and if it is passed at the short session of congress, as it undoubtedly will be, New Mexico will be admitted formally to statehood on July 4, 1903.

WELCOME, SENATORS.

The senatorial committee which intends to spend a day at Albuquerque and a day at Santa Fe to investigate the fitness of New Mexico for admission to statehood, will be somewhat like the tourists who spend a day or two in the territory and then write a 400-page book on what they do not know about New Mexico. This territory has repeatedly demonstrated its fitness to be a state: census and other statistics are as available, if not more so, at Washington as at Santa Fe or Albuquerque. National platform promises and the treaty of Guadalupe Hidalgo, the bill of rights and the declaration of independence are more pertinent to New Mexico's claims to statehood than the testimony of a few men at Santa Fe and at Albuquerque, no matter how favorable or unfavorable. There is no doubt that this testimony will in the main be favorable and that the impression gained at Santa Fe and at Albuquerque by the committee will help the statehood cause, but if the Republican party wishes to keep faith, it will give statehood to New Mexico at the coming short session, investigation or no investigation. In the meantime, the New Mexican, on behalf of the people of New Mexico, welcomes the visiting senators and hopes they will see for themselves, but at the same time asserts that the fitness of New Mexico for statehood has been fully established long before this and all that remains for congress to do is to pass an enabling act as a matter of delayed justice.

Santa Fe merchants through the Board of Trade should get together and ask the Atchison, Topeka and Santa Fe Railway to give this city direct connection with the daily California flyers. Eighty per cent of the tourist travel of the southwest passes through New Mexico on the flyers and it will not help this city with tourists if they must wait several hours in a dingy little waiting room at Lamy, during the night, for a train to Santa Fe. The hundreds of thousands of dollars' worth of freight and passenger business, which this town gives annually to the Santa Fe railway system, are not appreciated as much at headquarters as should be. Therefore, Santa Fe people should get together and use the valuable business which the road enjoys here as a lever to procure more recognition for the city, especially since a competing line makes it possible to exert pressure in a direction which corporations never fail to understand.

The proper solution of the trust problem will be found by the Republican party in due course of time. For the past forty years that party has successfully grappled with all public questions of great moment that have come up in this country and will do so again in this instance.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mining and the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

A WOMAN'S RISK

As a trapeze performer is greater than a man's. She must have a man's courage and a man's muscle to succeed. But she must also work under conditions of which a man knows nothing. Many an accident to women acrobats must be attributed to the sudden weakness to which all

women are subject at certain times.

Dr. Pierce's Favorite Prescription heals the womanly diseases which cause weakness. It establishes regularity, drains, heals inflammation, and cures female weakness. It makes weak women strong and sick women well.

"With pleasure I write today in praise of Dr. Pierce's medicine," says Mrs. Mary Conner of Appleton, Lawrence Co., Tenn. "I was troubled with female disease, the back of my head hurt me so I could not lie in bed and I would have to sit up, and then I would have such pains from my waist down I could scarcely raise up. My feet and hands would feel almost like ice. Since taking Dr. Pierce's Favorite Prescription I can sleep well all night. Could hardly drag around before I took your medicine, and now can do my housework and help my husband in the field. Words cannot express the thanks I owe to Dr. Pierce."

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Common Sense Medical Adviser, containing more than a thousand large pages, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

A COMMON ERROR.
The Same Mistake is Made by Many Santa Fe People.

It's common error. To plaster the aching back. To rub with liniments rheumatic joints.

When the trouble comes from the kidneys. Doan's Kidney Pills cures all kidney ills.

Are endorsed by Santa Fe citizens. Manuel Montoya of Canon st., says: "Eight months ago and for a year and a half previous to that my back ached continually. If there was any time when a change was noticeable it was during wet and rainy spells when possibly the aching increased. Doan's Kidney Pills procured at Ireland's Pharmacy effectively stopped the aching and what to me is of considerable more importance and value, during the last eight months there has not been a sign of a recurrence."

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings, and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach.

WEDNESDAY, NOVEMBER 12.

FOURTH DISTRICT COURT.

Men Charged With the Robbery of the Fort Summer Postoffice Seem to Be Indifferent.

Special Correspondence New Mexican. Las Vegas, Nov. 11.—United States court convened this morning at 10 o'clock and the panels of the grand and petit juries were completed. Those who completed the grand jury were N. P. Sund, Lazandro Montoya, C. F. Mueller, David M. Salazar, Francisco A. Lopez and Esquibel Baca. T. W. Hayward was appointed foreman and Benjamin Romero interpreter. Judge Mills charged the jury which retired and adjourned until 2 o'clock this afternoon. The regular sessions will begin tomorrow morning. Those who completed the petit jury were Eugenio Martinez, Albino Baca, Juan Casados, Agapito Herrera, Frederico D. Baca, Higinio Lucero and Juan Gonzales.

The men charged with the robbery of the Fort Summer postoffice were brought into court securely handcuffed. They were all smiling and did not seem to be disturbed in the slightest. Smith and Cook had parted their hair in the middle and all of them were neatly dressed. Massague and Cook had been previously arraigned and pleaded guilty. Smith or Bass, and Neil were arraigned and Smith pleaded guilty. This plea, with Massague's confession, practically assures the conviction of all. Neil, who is a stubborn and wicked looking individual, pleaded not guilty and said he had engaged Attorney Heacock of Albuquerque. No attorney had been engaged by any of the others and the court appointed W. B. Bunker to defend them. The trial of Massague and Cook was set for tomorrow morning at 10 o'clock. The prisoners were again handcuffed and joked with Deputy United States Marshal Porroff as the bracelets were snapped on their wrists. Massague and Cook were handcuffed together and Neil and Smith. The United States court adjourned until tomorrow morning and the territorial court until Friday morning.

The El Paso Clear Company has brought suit against J. B. Mackel to recover \$168.50 alleged to be due for cigars and merchandise furnished the defendant.

Frank J. Gehring has brought suit in attachment in the sum of \$195 against the dissolved firm of Stouffer and Johnson.

James A. Baca recovered a judgment in precinct 19 of \$15 against Sadie M. Wade. Miss Wade has appealed the case to the district court.

MINOR CITY TOPICS

It snowed as far south as Embudo yesterday and in Colorado, the snowfall was very heavy. Considerable snow also fell in the mountains around Santa Fe.

Claire: James Owens, Magdalena; J. A. Gwin, Denver; E. D. Johnson, Albuquerque; A. Vosny, El Paso; Frank Deibert, wife and family, Emma Reese, Eureka, Kas.

Louis Ulivari is today quietly celebrating the 20th anniversary of his entrance into the employ of the Santa Fe Railway Company. He first went to work for the railroad at Las Vegas and now runs between this city and Lamy.

The sessions of the board of county commissioners on yesterday and today were attended and carefully watched by candidates and their friends. The canvass of the returns was a slow process, but was carefully done by the members of the board.

The New Mexican bindery manufactures the best blank books and loose leaf ledgers in the southwest. If you desire a first class set of account books for the year 1903, you should order them at once from the New Mexican Printing Company. Prices will be as low as possible and the work is guaranteed to be first class.

Crescencio Carillo, one of the two prisoners who escaped from the stone quarry north of town from the penitentiary guards on October 8 last, knocked at the gates of the penitentiary last night and gave himself up. It seems the poor fellow was better off in the penitentiary than outside of it. His term of imprisonment would have expired in April next, but owing to his escape he has forfeited the good time allowed him for previous good behavior and will have to remain in the prison several months longer.

This evening the remains of the late Eugene A. Davis of New York, will be taken back to his home for burial by his mother. Mr. Davis was attorney for the American Security Company of New York for eleven years, and was 33 years old. Since May last he had suffered from heart trouble and remittent fever and came here about two weeks ago. He was a relative of Mrs. R. L. Baca at whose home he died Monday.

At the Boston mining exchange last week, 1,157 shares of Santa Fe Gold and Copper Company stock were sold at \$1.88 a share, par value \$1.00.

According to the weather bureau, Santa Fe will probably have the coldest night of the season thus far tonight. Today was colder than yesterday and at 6 o'clock this morning the temperature was 37. It is the expectation of the officers of the local station that the temperature tonight will drop as low as 20 degrees above zero. While snow is a possibility, it is not expected. The storm is general from the Canadian line in the northwest to Mexico and extends over practically all of the country west of the Mississippi river.

John Gray, who for several years was a resident of this city and who left here in 1892 for the state of Washington, has been a resident of the city of Spokane in that state since that time. A marked copy of the Spokane Review received at this office, brings the news that at the recent election he was elected a member of the house of representatives of the legislature from Spokane county on the Democratic ticket.

A. R. Manby of Taos, assignee of the Juan Santistevan bank and business, who has been in the city for several days, left this afternoon for Albuquerque on business connected with his duties as assignee. If no unforeseen complications arise, Mr. Manby thinks he will be able to declare a dividend of 25 per cent within the next 60 days.

LAS VEGAS NEWS NOTES.

Special Correspondence New Mexican. Las Vegas, Nov. 11.—Charles Jacobson, who with his wife had charge of the Atkins House a few months ago, died last night at the Ladies Home of tuberculosis. His wife left for Chicago about two months ago and it is not known what disposition will be made of the remains. Mr. Jacobson's death settles the question of Christian Science at the Ladies Home as he was the man over whom the city physician and managers of the home disagreed.

E. H. Pierce was elected a member of the board of education last night to fill the vacancy caused by the death of A. G. Schmidt. Resolutions extending condolences to the family of Mr. Schmidt were also adopted. The board decided to give the pupils of the schools a holiday the day after Thanksgiving. Current bills were ordered paid and other routine business transacted.

In the official count of the ballots, the county commissioners found the judges of elections in precincts 47, 56 and 58, Romeroville, Agua Zarea and Hot Springs, had not signed the poll books. The judges were ordered to appear before the commissioners at 3 o'clock this afternoon to show cause for this failure. All other precincts were found all right.

There are 24 cases in the Santa Fe hospital here, eight of which are typhoid fever. One case of typhoid fever arrived from Raton last night, and one man with a fractured rib was brought in from Deming.

Henry G. Coors has transferred to the Coors Lumber Company lots 7 to 19 in block 18 of the Lopez addition to Las Vegas. The consideration was one dollar and the property is subject to a mortgage of \$5,000 held by an insurance company.

OFFICIAL MATTERS

LAND OFFICE BUSINESS.

Homestead Entries—Blesio Romero of Las Lunas, 160 acres of land in Valencia county; Cornelio Montoya of Golden, 160 acres of land in Santa Fe county.

MANY QUESTIONS ANSWERED.

The Bureau of Immigration today answered inquiries from the following places: Chicago, Ill.; Cleveland, Ohio; El Paso, Tex.; Joplin, Mo.; Oklahoma City, Okla.; Benton, Ia.; New York City; Des Moines, Ia.; Knoxville, Tenn.; Watrous, N. M.; Kansas City, Mo.; Springfield, Tenn.; Boston, Mass.; Santa Rosa, N. M.; Dover, Okla.; Albuquerque, N. M.; Sioux Falls, S. D. The questions answered were many and at times quite difficult. In each case bulletins on the several counties of the territory were furnished the inquirers and in several cases copies of the report of Governor Otero for the year 1901 were sent. It is found that the business of the bureau and its correspondence is constantly on the increase and that literature concerning New Mexico is greatly in demand, more so than ever before in the history of the territory.

CARNEGIE LIBRARY PROPOSITION.

Plan Has Been Agreed Upon as to the Site in Las Vegas.

Special to the New Mexican.

Las Vegas, Nov. 11.—It looks as if the Carnegie library proposition will be brought to a focus. A special committee of the council consisting of Aldermen Elwood, Martin and Robbins, met last night with the library trustees and a method of operation was agreed upon as to the site. Plans for raising the yearly maintenance money were also discussed. The plan for the site which will probably be recommended to the council at its meeting tomorrow night, is to accept the 24 foot lot back of the city hall which has been tendered by George W. Ward and to add enough to it from the city lots adjoining to make a total frontage of 70 feet. This is not a satisfactory location as a fine building will not appear to advantage but it seems to be the best that can be done as some of the residents of the west side have threatened to enjoin the trustees if they locate the library in the city park.
