IN NEW YORK!

Bryan Still Doing the Empire State.

Roosevelt Stirring Up Buckeye State Voters.

Hanna Calling Down Bryanism in Ohio.

STEVENS SERIOUSLY ILL.

Albany, N. Y., Oct. 18.—W. J. Bryan and party left here for Schenectady and the west on the early morning train. Bryan was accompanied by Charles M. Balger, J. J. Delaney and Mayor Jones, of Toledo. Large crowds collected to see the distinguished party off. As the train pulled out, Bryan stood on the rear platform of the special car, and raised his hat in acknowledgment of the cheers. He expressed himself more than pleased with the rousing reception accorded him at the capital of the empire state.

Amsterdam, N. Y., Oct. 18.—Bryan's first stop was at Schenectady, where he spoke twenty minutes to an audience filling the entire vacant space back of the railroad station. His speech was a review of the general political situation covering trusts and the increase of the standing army especially.

Poughkeepsie, N. Y., Oct. 18.—Another large audience greeted Bryan at Amsterdam. He spoke from the rear of his train. People covered all adjacent railroad tracks and freight cars. The speech was an appeal to the republicans to investigate the democratic side of the political situation, and he argued if he had been elected president instead of McKinley and conducted himself to the trusts and the army question, and the president had done, republicans would not have condemned his conduct.

Gloversville, N. Y., Oct. 18.—Bryan was received with cheers at Poughkeepsie, N. Y., and addressed his speech there especially to the farmers. Bryan made twenty minute stops both at Amsterdam and Gloversville.

Little Falls, N. Y., Oct. 18.—At most of his stopping places to-day, Bryan was confronted by large, conspicuous bills warning the people against him. These bills announced in large red letters, "Bryan is here," and gave extracts from his speeches made at Knoxville, Tenn., in 1896, and at Knoxville, O., last September, adding:

"This means national dishonor, industrial collapse and the loss of our homes and farms." "Bread riots and soup houses." "Hard times."

Stevenson also in New York. Watertown, N. Y., Oct. 18.—Adlai Stevenson spent most of the day yesterday, receiving calls from local democrats. Stevenson declared that the reports that his health has broken are exaggerated. Stevenson will speak to-night at Lowville. Friday he goes to Utica, Saturday to Chicago and will spend the remainder of the campaign in Illinois and Indiana.

Gov. Roosevelt in Ohio. Akron, Ohio, Oct. 18.—Gov. Roosevelt's train left Cleveland at 3 a. m., reached this place about 4 a. m., and was held on a siding. Before 6 o'clock a crowd began to gather, and at 7 a. m. some thousands of the governor's car, carrying him a serenade. When the governor appeared out of the car he was given rousing cheers. He appealed to the voters on the grounds of prosperity and patriotism.

Canton, Ohio, Oct. 18.—Gov. Roosevelt's train reached this place at 8 a. m., was welcomed by organized republicans and escorted to the tabernacle, the place of speaking.

Canton, Oct. 18.—Governor Roosevelt arrived at noon upon his West Virginia trip. His first speech was at 2 p. m. to a large crowd.

Hanna in South Dakota. Madison, S. D., Oct. 18.—The first stop made by Senator Hanna's train was at Elk River, where a big audience had gathered, the crowd including 129 boys and girls from the government Indian industrial school.

FROM CHINA!

Heads of Boxers Found on the Walls.

Negotiations for Peace Will Now Begin.

Joint Proposal for Settlement of Trouble Drawn Up.

EDITOR SENTENCED TO PRISON.

Peking, Oct. 17.—The Peking column of the Pao T'ing Pao expedition arrived six miles south of Chi Chaw yesterday without encountering any opposition. They found the heads of fourteen Boxers on the walls of Chow Choo and killed seven of the imperial troops. Field Marshal Count Von Waldersee arrived here and was accompanied by an escort of international troops to the palace of the dowager empress.

Long Bicycle Ride. New York, Oct. 18.—Thomas J. Carcan, of Aspen, Colo., who is riding a wheel from Denver to Boston, arrived in New York after averaging seventy miles a day for thirty days.

Philippine Taxes to Register. Omaha, Neb., Oct. 18.—The supervisor of registration at this city has under consideration of permitting a native Filipino to register according to law, in order that he may vote for president.

The Yontey Trial. Georgetown, Ky., Oct. 18.—In the Yontey trial to-day the defense closed finally. The prosecution began testimony in rebuttal.

MUSICIANS. They Held Forth Last Night and Initiated Quite a Large List.

The coronation session of Ballot Abayd Temple, Music, Shown last night was a fitting climax to the Masonic gatherings of the week. As such sessions are held solely for the reception of candidates, and conferring of the degree of nobility, special preparations are made to have everything in the best possible shape and nothing is left undone to impress the novices and entertain the guests and members. It was freely expressed last night that the ceremony had such an event been more successful or satisfactory to all concerned. Considering the large attendance of members, the large class of candidates, the degree was conferred and received with genuine enthusiasm and proper effect. The following Masons of high degree answered to the call of the guide of the caravan, and started across the desert, arriving at their destination and completing the journey in a variety of conditions of health and vigor.

W. H. Jack, Silver City; Frank E. Sturges, Albuquerque; W. W. Strong, Albuquerque; B. Frank Forsythe, Las Vegas; W. W. Robertson, Deming; Dr. J. C. Mack, Clayton, N. M.; Dr. G. N. Wood, Silver City; C. Bennett, Silver City; E. J. Frank, Silver City; Eugene McGrover, Robert Black, W. H. Adams, J. J. Kelly, Clark, Rodgers, Silver City.

The banquet which followed the ceremony was a feature seldom equaled in this city, the tables which were arranged as a crescent, were decorated with flowers and loaded with all the choice viands produced by land, sea and air, as well as the selected vintages of France, California and Milwaukee.

The keen appetites satisfied, Blue-ribboned Patience Arthur Everett, as co-master, proposed several appropriate toasts which were responded to by the different nobles selected in words of wit, wisdom and good wishes, and drank with the driest of Mumm.

All the new nobles made splendid speeches and entertaining remarks were heard from nobles Van Doren, Evans, Medler, Seamon and Wilkinson, and at an early hour this morning the gathering dispersed, feeling that the session of 1900 would be difficult to duplicate.

MEDICAL FORCE!

Not Large Enough for the Army.

The Coal Miners Win Out in Strike.

Army Officer Dies From Yellow Fever, Followed by Wife Suicide.

POPULATION OF ARIZONA.

Washington, Oct. 18.—The report of Surgeon General Sternberg, of the United States army, states that the force of the medical department consists of 102 officers, which, he says, is not enough in view of the large number of defense stations and troops in Cuba, Porto Rico, Hawaii and the Philippines. The report from the chief surgeon in the Philippines, dated August 18th, is given, showing a percentage of 84 per cent for the command, the total strength of the army in the Philippines at that time being 69,554. The surgeon general says the exposure, fatigue and excitement of the prolonged campaign are responsible for the large sick report and relatively large death rate among the troops in the Philippines.

Abolishing Sliding Scale and Agree to the Increase. Lehigh, Pa., Oct. 18.—The Lehigh Coal company, owned by the Lehigh Valley Railroad company, this morning posted notices exactly similar to those of the Lehigh Valley Railroad company, abolishing the sliding scale, agrees to a ten per cent increase until April 1, 1901, and thereafter until otherwise notified, and fixes the price of powder at \$1.30 a keg instead of \$1.25.

NOT DECLARED OFF. Hazleton, Pa., Oct. 18.—Officials of the United Mine Workers have not yet made a move towards declaring the strike of the anthracite mine workers off. President Mitchell has in no way indicated what he will do, but it is practically certain that after a number of coal companies have posted notices according to the demands of the men the strike will be officially declared off at those collieries.

DEATH FROM YELLOW FEVER. Mayor Peterson's Death Followed by Suicide of His Wife. Washington, Oct. 18.—The war department received the following cablegram: Havana, Oct. 18.—Major Matt P. Peterson, United States volunteer, died of yellow fever at Los Animas, Oct. 17. Mrs. Peterson, his wife, killed herself an hour later.

"GORGAS," "Chief Sanitary Officer." Peterson was with the commissary department and held the rank of captain of the regular army. He was a graduate of West Point and was appointed from North Carolina.

Population of Arizona. Washington, Oct. 18.—The population of Arizona as officially announced to-day is 122,142, against 65,620 in 1890; increase 62,522 or 104.9 per cent.

Money Market. New York, Oct. 18.—Money on call steady at 3 per cent. Prime mercantile paper, 5 & 6 per cent. Silver, 62 1/2c.

Masonic. There will be a regular communication of Temple Lodge, No. 6, A. P. & A. M., at Masonic hall this evening at 7:30 o'clock. Visiting brethren cordially invited. By order of W. M. C. W. MEDLER, Secretary.

ALBUQUERQUE, — OCT. 18, 1900

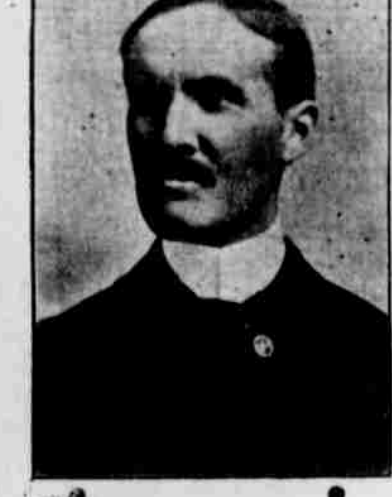

National Republican Ticket

For President—
WILLIAM MCKINLEY,
OF OHIO.

For Vice President—
THEODORE ROOSEVELT,
OF NEW YORK.

TERRITORIAL REPUBLICAN TICKET

For Delegate to Congress—
BERNARD S. RODDY,
of Albuquerque.

Two or three discarded republican
tickets will make the democratic ticket
in this county.

The big strike in the anthracite coal
region of Pennsylvania is ended, the
miners having won.

It is reported that the democratic
business will not together on Saturday
and name a county ticket.

The republicans of this county intend
to nominate a good ticket, and no
enemy of this city will be given an of-
fice.

Grover Cleveland has sat on Bryan
and his paramount issue and it may be
said that they have been fairly flattered
out.

One of the prominent republicans of
this territory is confident of the election
of Mr. Roddy. He offers to bet
\$5,000 on the success of the republican
nominee.

All the Pacific coast states are cer-
tain to give their electoral votes to Mc-
Kinley and the Bryanites are not even
making a pretense of a campaign in
any of them.

Before the Americans took Manila
there were more than 2000 places where
liquors were sold; now there are 158
saloons and 613 restaurants, groceries
and so on, where liquor can be had.

Since 1890 the number of cotton mills
in the south has increased from 236 to
663. Yet that section will vote to run
away from the Philippines, the gate-
way to the greatest cotton consuming
region in the world.

That all the great powers have
adopted the policy of the American ad-
ministration in dealing with the per-
plexing Chinese question is evidence of
the wisdom and the respects shown
abroad for American opinions.

Just as the United States gets through
counting votes on November 6, Canada
will begin to vote. Thus within forty-
eight hours all the English-speaking
people of the North American con-
tinent will have exercised the right of
suffrage.

The republicans are making a great
campaign in the eastern states. While
there is no doubt as to the outcome it
is determined to make the defeat of
Bryanism so complete that such things
as free silver and anti-imperialism will
never again be raised.

Under the Wilson-Gorman law,
which Bryan failed to make, there was
a loss in value of farm products
amounting to \$4,000,000. Under the
Hawley law so far there has been a
gain in value of farm products amount-
ing to \$6,353,000,000.

In some sections of both the Colorado
and the Mohave deserts boring for ar-
tesian water has been productive of
good results. A large portion of each
of these now waterless wastes may be
made productive, it is believed, through
an intelligent search for artesian
supplies.

The direct charge made by Senator
Hanna at Chicago that Western Union
sold out to the House, resulting in \$25-
000 for what he did, and that a great
part, if not all of this money, has been
turned into the democratic cam-
paign fund, is a hard blow to the dem-
ocratic cause.

The colored republicans of this city
are making arrangements to hold a
big meeting at an early date. They
intended to hold the rally next Tues-
day evening, but uncertainty about Mr.
Roddy being able to reach the city at
that time has caused a postponement
till a later date.

PARTY OF FREEDOM.

It is not necessary to laud the republi-
can party. It needs no praise. Its
history is that of our country for forty
years. Every national policy, every
wise legislation, every step of progress
and every promotion of human liberty
and righteousness has its origin with
that party. The American constitu-
tion was not what it is purported to be

until the republican party amended its
provisions and enforced its spirit. When
the republican party set all men free
within America's jurisdiction in 1861
then only was America "The Land
of the Free." The republican party has
been, is now and ever will be the party
of freedom.

The stories of cruelties and barbarous
acts, in which the Chinese are the
sufferers, which are coming from the
troubled districts of that country are
calculated to make every American
thankful that our troops are being
withdrawn, and that we are to take no
further part in prosecuting the war.
Modern warfare has supplied no such
hideous tales of inhuman atrocities.

The Nation Gazette, a democratic
paper, says: "Although the regularly
and lawfully elected delegates from this
territory to the democratic conven-
tion at Springfield were not admitted
and had no voice in the proceedings,
and although the candidates were not
selected with a view to making a
strong ticket, yet the Gazette will, as
a party paper, support the ticket thus
set up."

In March, 1896, 961 sheep raisers in
the United States reported that they
had 1,485,884 sheep, worth an average
of \$1.25 per head. In March, 1899, those
had increased to 2,501,235 sheep, of an
average value of \$1.95 per head. In
Washington 23 sheep raisers reported
67,508 sheep in 1896, and 107,514 in
1899. In 1896 their value had increased to
\$22.24, worth an average of \$1.83. In
Idaho forty sheepmen reported 156,358
sheep, worth \$1.75 per head in 1896. In
1899, 275,161 worth \$1.10 per head. In
Montana the value of the wool over these
sheepmen's heads this year. They will
not vote to return to free trade.

Most Have Cough Helms.

Army officers were considerably sur-
prised at reading dispatches of the suf-
ferings of the American troops in Chi-

CAUSE FOR DISSATISFACTION.

Citizens of San Marcial Believe in Public
Schools.

San Marcial taxpayers are kicking
because the public schools are not open
county superintendent A. C. Torres
states that he received no poll tax from
the San Marcial district since June 1st,
1898. San Marcial citizens are there-
fore wondering what became of the poll
tax paid since that date. The district
also has \$26,100 in its credit and the
tax-payers are kicking because the
money is not used for opening the public
schools.

WHO IS LARRAZOLO?

His Nomination Due to Local Pride.

A Man of No Experience and Small Views.

Judge Roddy, His Opponent, Thor- oughly Well Known.

ARTICLES ON THE CANDIDATES.

MR. LARRAZOLO.

The democratic nominee for congress,
Mr. Larrazolo, was nominated largely
upon that reputation of a candidate, fluent
speaker and an eloquent orator, says
the Santa Fe Capital. We believe this
to be a fact. Mr. Larrazolo's reputation
at the bar among lawyers sustains this
claim. We fail to see, however, why
these accomplishments alone should
entitle Mr. Larrazolo to any serious
consideration with the people of the
territory for their support in his can-
didacy. What the people of New Mex-
ico needs in its representative in con-
gress is not an orator nor a fluent
speaker, nor a handsome man—another
virtue which the friends of Mr. Larra-
zolo claim for their candidate. They
will also concede to be true. The
present time is a critical one in the
history of New Mexico, and it needs a
man of some national and territorial
reputation, a man of some legislative
experience; a man of broad views and
expansive ideas; a man acquainted
with the wants of the people and the
needs of the territory, which Mr. Larra-
zolo does not possess. Nor is it
claimed for him by his friends that he
possesses these qualifications or any of
them. He has been a resident of New
Mexico but a few years and beyond his
position at the bar as a lawyer he has
little acquaintance and is all local
to the county of San Miguel.

His nomination was also due largely
to local pride which controlled beyond
good judgment the delegates from San
Miguel county. There were many rea-
sons and good ones at that why at
least a half dozen other men well
known in the democratic party and
whose names were before the conven-
tion should have been the nominee in-
stead of Mr. Larrazolo.

The republican party, however, is
satisfied with his nomination equally
as well as it is pleased with the con-
vention from his own county. He was
the candidate of the Optic and with all
due respect to the persistence of that
newspaper to have "its candidate" win
the prize and win the election. It was
of the opinion it will prove to it, and
the democratic party that he is merely
an "optical illusion" and on the sixth
day of November his shadow will be
very much of an optical illusion.

Personally, the Capital has nothing
against Mr. Larrazolo. We assume that
his private character is all that is
claimed for it, but we know that at
this particular time New Mexico's in-
terests demand that its delegate in
congress shall be a man of men, well
known in the democratic party and
whose name were before the conven-
tion should have been the nominee in-
stead of Mr. Larrazolo.

OUR NEXT DELEGATE.

Hon. B. S. Roddy, the republican
candidate for delegate to congress, is
not so widely known, perhaps, as many
other leading republicans, says the
Santa Fe Capital. But nowhere in this
broad territory would it be possible to
find a man more able to fill the po-
sition to which he aspires, or more in-
dependent and considerate of the rights
of the people, or one surrounded by so
many disadvantages and hardships in
his youth, has had the stamina to en-
dure them, until late in last evening
his aid has assisted in their destruc-
tion. He denies the charge of hav-
ing landed a poor Irish emigrant
from the ship of his age, in the wilds
of Canada, nearly thirty years ago,
where he worked in the mines and as a
wood chopper and attended the coun-
try schools a few weeks in winter. He
also forgot his companions of that
time or the hardships of their volun-
tary. About twenty years ago he came
to New Mexico and found employment
in a railroad office and later in the of-
fice of the district clerk, until he was
admitted to the bar. As an attorney
he rapidly became known and recogniz-
ed as one of the most brilliant. Since
then he has served in the legislature
and held other positions of honor and
trust and today stands as one of the
of the republican party, a deserving
candidate for the highest office the peo-
ple of New Mexico have to bestow.

GENUINE HUMOR.

A ridiculous utterance sometimes
becomes side-splitting, when uttered in
a serious manner. The following, tak-
en from Mr. Larrazolo's speech of ac-
ceptance, is the most humorous thing
of the day.
"I don't know what will be the re-
sult, but if the worst should come; if
an emperor and a throne should be
raised, if but one democrat is after
you will find him standing by the cradle
in which human liberty was rocked—
and if they are determined to tear
down our constitution, if they should
tear down the statue of the goddess of
liberty from her high pedestal, they
shall not disgrace it. In ruin and destruc-
tion they will bring us, but the
goddess shall not be desecrated. It is
not merely a figurehead; it stands for
principle—the principle of freedom—a
principle that men have a right to gov-
ern themselves according to their
best interests. If it be down, the
people will take it in their hands and
go to the farthest corner of the world
until a spot is found, there kneeling
down as did our forefathers at
Plymouth Rock, then and there will
fish a government where liberty will
reign."

PERE IN POLITICS.

The republican convention at Santa
Fe could not have nominated a better
man for all that is pure in politics, and
he united every faction of the republican
party in the territory. He is an able
man and his efforts in behalf of New
Mexico will be respected in Wash-
ington.—Red River Prospector.

A BIRD OF PASSAGE.

The democratic-symp. sheets in the
territory, seeing the signs of defeat
existing at them, are setting up a great
howl that the republican papers and
the republican leaders are attempting
to inject the race issue into the cam-
paign. At present these papers and

sheets are lying, and they know they
are lying. The republican newspapers
care nothing for the fact that Mr.
Larrazolo is a native of Chihuahua.
They care nothing for the fact that Mr.
Roddy was born in Ireland. If they
are both at this time citizens of the
United States, that is all that is re-
quired. But the republican newspapers
do not care and do not know. They
charge that he is not a citizen, and
against Mr. Larrazolo that he has no
interests in New Mexico; that he has
not been here a sufficient length of
time to become acquainted with the
interests of the territory; that he is a
bird of passage; that he is not known
to the people at large; that he has
nothing in the territory to attach him
to it; that he is very friendly to the
interests of El Paso; and that he cares
very little for New Mexico except to
gain the votes of the citizens in order
to be elected to the office of dele-
gate to congress. The republican pa-
pers charge that he is not competent
for the position; that he has not the
necessary education, knowledge, nor
experience, and is unfitted for it. On
the other hand, they claim for Mr. Roddy
that he is a man who is well and
favorably known throughout the ter-
ritory; that he has lived here eighteen years;
that he has property and family inter-
ests here, and is qualified to fill the
office of delegate to congress. He is
very little for New Mexico except to
gain the votes of the citizens in order
to be elected to the office of dele-
gate to congress. The republican pa-

COL. FOUNTAIN AND SON

Charred Bones Found by Hunters in
the Sacramentos.

FACTS ABOUT THE MURDER.

The charred bones of a man and boy,
supposed to be the mortal remains of
Col. A. J. Fountain and son, Henry,
were found last Sunday in the Sacra-
mento mountains by Almon Green-
wood and William Faith, who were on
a hunting expedition. Descending the
side of one of the mountains lying
between the Sacramento and the
Sierra Nevada, the hunters sat down
on a log to rest, and discovered a part
of a gun buried in the earth at their
feet. They dug beneath the surface and unearthed an-
other gun barrel, a partially burned
saddle, a looking glass, pair of breeches
buckles and the burned bones of two
persons. The bones of both guns had
been burned, giving evidence that the
murderer had attempted to destroy all
trace of the crime by burning his own
gun and saddle as well as the bodies
of his victims.
