STILL AFTER MITCHELL

Representatives of Two Other Coal Companies Took Him in Hand.

COMMISSION URGED SPEED

An Increase in Wages Without Adopting the Weighing System will not Suit Miners.

Seranton, Pa., Nov. 19.—The anthracite strike commission resumed its hearing today with the usual large crowd in the court room. Before W. W. Ross, counsel for the Delaware, Lackawanna and Western road, resumed his cross-examination of President Mitchell, Chairman Gray for the commission, again asked counsel to assist in expediting the proceedings. He said the commission was loath to interfere, but they hoped that Mr. Mitchell would not be asked to give his opinion on matters of which he had no personal knowledge. Mr. Mitchell, in answering questions of Mr. Ross, said an increase in wages without adopting the weighing system would not meet the demands of the miners. An eight hour day would increase the annual income of the men. Mr. Ross was proceeding to analyze the constitution of the Illinois branch of the United Mine Workers with relation to its bearing on contracts with bituminous operators, when Judge Gray interrupted with an inquiry as to the object of this line of questioning. Mr. Ross replied that it was for the purpose of showing that since the advent of the union, bituminous operators have been unable to employ any man until he first joins the union. He did not proceed further with the question. When Mr. Ross concluded his examination, Mitchell was cross examined by former Congressman Simon P. Wolverton, counsel for the Philadelphia and Reading Coal and Iron company. Mr. Mitchell said it would be impossible for him to give in detail the conditions at each mine or even under each company. He also declared it would neither be possible nor desirable to divide the United Mine Workers into two separate organizations, one bituminous and other anthracite.

"The anthracite miners," he said "have had independent and separate organizations in the past. They have had several of them. They have gone. They do not want any more of their organizations to go the same way."

CHASED BY MOBS.

Two Men, Charged With Murder, Were Safely Landed in the Covington Jail.

Cincinnati, Ohio, Nov. 19.—After being pursued by mobs in Fleming and Mason counties, Kentucky, two men charged with murder were lodged in jail at Covington, Ky., today. They are Alvin Burgess, of Brookville, and George Bantz, of Mays Lick. They had been taken to the Brookville jail and when it was learned that mobs from the home counties of the prisoners were coming, the sheriff by a detour of routes reached Covington.

Burgess is charged with killing Walter Pock, aged 16, last Sunday while the latter was en route to church, and Bantz is charged with the killing of Robert Owsley at Mays Lick.

ITALY HAS ANOTHER PRINCESS

The Little One Was Born This Morning and Will Be Named Mafalda—She is the Second Daughter.

AMBASSADOR MEYER WAS PROMPT WITH CONGRATULATIONS

Rome, Nov. 19.—Queen Helena was accouched of a daughter this morning. The mother and child are announced to be doing well. The new princess will be named Mafalda. The child born to the king and queen of Italy today is the second daughter, the first, Princess Yolande Margherita, having been born on June 1, 1901. The birth of another princess instead of an heir to the throne, is a great public disappointment. United States Ambassador Meyer was the first outsider to personally congratulate the king. The sovereign was in excellent spirits. He declared he was satisfied with another daughter and said the queen and child were doing well.

NOTED OFFICER DEAD.

Col. O. J. Hopkins, an Authority on Gatling Gun Tactics Killed by a Street Car.

Toledo, Ohio, Nov. 19.—Colonel O. J. Hopkins of Toledo, a noted artillery and authority on Gatling gun tactics, was killed by a street car at Columbus last night. He was employed in the office of the adjutant general. Col. Hopkins served through the civil war under General James A. Garfield as an infantryman. Later he became lieutenant colonel of the First Ohio artillery and was regarded as an authority on the Gatling gun. The tactics that bear his name have been adopted by the United States army and many European armies. The body has been brought to this city for burial.

PRESENTED TO THE COURT.

Grand Jury May be Called to Inquire Into Denver Election Frauds.

Denver, Colo., Nov. 19.—District Attorney Lindsey has presented the matter of calling a grand jury to Judge Carpenter of the criminal division of the district court, to inquire in the matter of frauds at the late election. It is now for the judge to say whether or not a grand jury shall be called. The grand jury committee of Republicans and others will meet this afternoon to hear what action the district attorney has taken. It is supposed he will simply report that the matter is now in the hands of Judge Carpenter.

MANHATTAN WAS STRONG.

In the Face of an Otherwise Weak Market, Its Value Has Advanced.

New York, Nov. 19.—The extraordinary strength and activity of Manhattan railway shares in the face of an otherwise weak market, attracted much attention in financial circles today. The stock, which has advanced 18 points in the last few days, sold at an advance of 1 point in the first half hour of today's market, touching 150, but some of this gain was soon lost. All sorts of rumors and reports were in circulation to account for the rise, but nothing in the way of an official statement was issued.

HUMAN GATLING GUN.

Five Robbers With Ten Revolvers, Compelled the Citizens to Go Way Back.

Edinboro, Penn., Nov. 19.—Five masked robbers dynamited the safe in the postoffice early today and carried off \$300 in postage stamps and \$20 in cash. The explosions aroused the citizens, who surrounded the building, but they were forced to open a way for escape at the point of ten revolvers in the hands of the burglars. A number of shots were fired, and George C. Goodall, a citizen was wounded in the arm. The thieves escaped.

MAY BE CALLED OFF.

Football Game Between West Point and Annapolis May Not Be Played.

Washington, Nov. 19.—Advices received at the navy department today state that Midshipman Alken, of the naval academy, who was injured in a football game some days ago, is very low, and it is feared the football game at Philadelphia on the 29th instant between the naval and military academies may be called off.

TWO FATALITY HURT.

Des Moines, Iowa, Nov. 19.—A north bound Great Western meat train crashed into the rear of the local passenger train No. 4 which was standing at the depot here early today. Two coaches were demolished and two freight engines were wrecked but none of the passengers were injured. Fireman Shaffer was fatally scalded and died of his injuries and Engineer B. C. Squires was fatally hurt.

NEW REGULATIONS ISSUED.

Sale of Inherited Indian Lands Must Be by Sealed, Adversely Competitive Bids.

The department of the interior has issued instructions requiring that all inherited Indian lands shall be sold on sealed, advertised and competitive bids. Otherwise such sales will not be recognized by the department. The order follows general complaint of fraudulent practices to obtain deeds to inherited lands under the previous regulations.

Dawson Branch Trains.

The bridges on the Dawson branch of the Rock Island system will be completed within a few days and it is expected that within thirty days trains will be running from Dawson to Tucuman.

ROBBERS WERE CAPTURED

Four in Custody Who Held Up the Colorado and Southern Train.

ONE WAS SHOT TO DEATH

It Is Believed the Men Were Green at the Business—Large Posse Was Out.

Trinidad, Nov. 19.—The robbers who held up the Colorado and Southern train south of here last night have escaped with one exception. The posse which went out from Trinidad at 11 this morning, found the robber who was shot by Messenger Schreiber lying near the track at the scene of the hold-up. He was brought to Trinidad and died at 4 o'clock this morning. At the time of the hold-up, his companions were heard to call him "Toby," and he called one of his companions "Percy." The dead man has not been identified. The posse returned without any clue to the hold-ups. It is believed they were green at their business. Ranchmen and cowboys are scouring the surrounding country in hopes of overhauling the gang.

OTHERS WERE CAPTURED.

Denver, Nov. 19.—A telephone message from Trinidad says the other four members of the gang which held up the Colorado and Southern near Trinidad last night, have been captured. No particulars were sent.

In the hold-up last night, all passengers were lined up by the robbers, but not molested. One of the robbers placed dynamite under the express car and lighted a fuse. The fuse refused to burn, being damp, and the robbers seemed to become panic stricken and took to their horses. W. H. Schreiber, express messenger, fired at the retreating robbers, with a shot gun and brought one to the ground. He was helped up by his companions, but it was learned today, was quickly abandoned.

APPLICATION FOR APPEAL DENIED

Decision by Judge Caldwell in the Colorado Fuel and Iron Company Case Sustained by the Supreme Court.

APPEAL NOT TAKEN WITHIN THE THIRTY DAYS ALLOWED

Washington, Nov. 19.—Justice Brewer of the United States Supreme Court, today denied the application for appeal from the decision of Judge Caldwell for the appointment of a master in chancery to supervise the coming election in the Colorado Fuel and Iron Company, on the ground that the appeal had not been taken within 30 days allowed by the statutes.

ESQUIBEL AND JARAMILLO.

Two San Miguel County Republicans Will Contest the Election of Their Opponents.

Special to the New Mexican.

Las Vegas, Nov. 18.—J. Santos Esquibel, Republican candidate for reelection as assessor, and Pablo Jaramillo, Republican candidate for probate clerk, have prepared to contest the election of their Democratic opponents, Frank Chavez and Apolonio Sena. The ground for contest is that the ticket of the so-called Independent Republicans was headed by a flag, which was the adopted emblem of the regular Republican party; that it was so headed with intent to deceive and many voters were so deceived in casting their votes. The papers have been prepared and will be filed in the district court for San Miguel county within a few days.

A FORTUNATE ESCAPE.

Mrs. James Manning of Roswell Was Thrown Under a Buggy in a Runaway.

Mrs. James Manning of Roswell narrowly escaped serious injury last Saturday. A team of horses belonging to W. M. Ferguson became frightened and ran up Main street in Roswell. Mrs. Manning was driving up the street and endeavored to turn her horse into Second street but did not get out of the way in time. The buggy was struck by the heavy wagon and turned completely over while Mrs. Manning was thrown out and under it. She fortunately escaped with but a few bruises.

PRESIDENT IN MEMPHIS

Was Banquetted by Ladies at the Gayoso Hotel.

AN ELABORATE PROGRAM

Both White and Colored Citizens Gave Receptions to General Wright.

Memphis, Tenn., Nov. 19.—The train bearing President Roosevelt and party reached Memphis at 9 o'clock. A large crowd was present and cheered the president. After a short delay, the line of march was taken up the president was escorted through the principal streets to the Gayoso hotel. The program arranged for the day was very elaborate. At the Gayoso hotel a banquet was tendered the president and General Wright by the ladies of Memphis. This afternoon there were two receptions to General Wright, one by the white citizens in the auditorium and the other by the colored people at their own hall on Beale street. Both of these reception were attended by the president.

ZINC AND LEAD.

A Complete Plant for Separating Them Will Be Installed at the Cerrillos Smelter.

Hon. L. B. Prince returned yesterday from Cerrillos where he was greatly interested in the operation of the smelter. It has been running night and day now for five weeks, treating copper exclusively. The owners and managers are men of abundant capital and they have made progress slowly in order that every possible improvement in the system might be utilized and the greatest economy secured in labor and the cost of operation. A large quantity of copper ore is on hand which is of different grades and from different localities. The richest ore is from southern Arizona, while most of the ordinary grade is from southern New Mexico. There is some ore from points nearby.

W. A. Brown of Franklin, Pa., who is one of those financially interested in the smelter, has been on the ground giving his personal attention to its operation for two months. The new superintendent was formerly superintendent of the P. P. Paso smelter, and they have introduced many appliances for the economy of labor in the future. One device recently added is for the purpose of saving every particle of valuable metal, much of which is frequently lost in the slag. It is the intention of the company in the near future to install the most complete plant for separating zinc and lead, that can be obtained. As soon as this is done the ores of the Cerrillos district can be utilized as they contain almost equal parts of lead and zinc with silver. A process for this separation is in successful operation in many different fields and one of that kind is now treated at a profit when it was formerly considered unprofitable. This plant is expected to be in operation within a few weeks and a boom in the Cerrillos district is then probable.

A NEW FLUME.

Will Be of Concrete and Across the Pecos, Six Miles Above Carlsbad.

F. G. Tracy, president and general manager of the Pecos Irrigation Company, has returned to Carlsbad from Chicago and Milwaukee, where he completed arrangements to replace the old wooden flume across the Pecos, six miles above Carlsbad, by a permanent and concrete structure. The entire bond issue for this purpose, amounting to \$50,000 was placed at par. The flume, when completed, will cost \$45,000 and a contract has been made with a Kansas firm for 6,000 barrels of Portland cement, the delivery of which will be commenced December 1 and completed February 1. Thomas J. Johnson of Chicago, will be engineer in charge and the superintendents who will have charge of the actual building are Barney Campbell and Edward Allen, both of Joliet, Ills. About three months will be required to finish the work and 50 men will be employed. The new flume will be 600 feet long, 25 feet wide and 20 feet deep, the height being 45 feet from the river bed to the top of the flume. The arches will have 100 foot spans with 25 feet in the clear from the river to the bottom of the arch. Every four feet the bed and sides of the flume will be strengthened and stiffened with 50 pound steel rails, to resist the lateral pressure and weight of the water, being tied overhead at the same intervals by other steel rails. It will require 20,000 linear feet of steel rails which have been contracted for.

YARDS ARE COMPLETED.

Torrance Now Looks Like a Junction Point—Grading Is Being Pushed.

A. G. Kennedy, chief engineer of the Santa Fe Central Railway, returned last evening from Torrance. The yards at Torrance have been completed as well as the grade for five miles northwest of there. The work is very heavy and slow. The grade has been completed from here south for a distance of 45 miles and is being pushed. The graders are now about ten miles north of Moriarty and when they pass that point there will be 60 miles of easy work. Mr. Kennedy will leave again tomorrow to supervise construction work along the line.

WEDNESDAY, NOVEMBER 19.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

Extract from the Congressional Record of June 25th, 1902, page 7,542.

President pro tem, of senate:
The chair has been requested to restate the proposition, and will do so.

The senator from Indiana, the chairman of the committee on territories, has stated in open senate today, that the committee will report on the territorial bill, so-called, on the third day of the next session of congress. Thereupon the senator from Pennsylvania asks unanimous consent, that on the tenth day if the senate is in session and on the first day thereafter if it may be in session if not on the tenth, the bill shall be made the unfinished business.

Is there objection? The chair hears none, and the order is made.

Representative Sidney E. Mudd has been re-elected to congress by the Republicans of Maryland. The voters of his district evidently like his kind of mud.

Delegate B. S. Rodey, last week, said that the Santa Fe New Mexican is the warmest and the strongest friend that statehood has in the territory. Right you are, Mr. Rodey.

Colonel William Jennings Bryan is again dictating terms for the Democratic party. However, it does seem as if the national Democracy has had enough of that gentleman.

It is becoming apparent that the senatorial boom of some of New Mexico's politicians will have a hard time in receiving favorable recognition by the voters of the future Sunshine state.

Even a search warrant cannot discover a Democrat who was elected to the council of the legislative assembly on the 4th instant. Verily, evil days have befallen the Democracy of New Mexico.

In Montana they have just discovered that a candidate on the Populist ticket who was elected to the legislative assembly, died two weeks before election. For a western state, Montana seems to be a trifle slow.

Congressman Grosvenor of Ohio, has predicted that he will not be the speaker of the house of representatives of the 58th congress. Mr. Grosvenor's political prophecies are generally found to be correct.

Leslie M. Shaw vice-presidential buttons have appeared in Iowa, the home state of Mr. Shaw. The future will tell whether this appearance is premature or timely. Out here at this time one cannot well tell.

The Honorable Billy Mason of Illinois, received a good deal of bumping in the last election. The situation is against him and he cannot be re-elected to the United States senate. If he makes the attempt, he will only receive another thrashing.

The board of county commissioners should make another endeavor for the settlement and compromise of the funded indebtedness of this county. Much work in that direction has been accomplished by the board and it would be a great pity and detriment to have this work go for naught.

United States Senator James K. Jones, chairman of the Democratic national committee, does not care who knows that he is a great admirer of President Roosevelt. In addition, the honorable gentleman would also not decline an appointment on the isthmian canal commission.

If this was a Democratic federal administration and all the Democratic candidates defeated at the recent election in New Mexico were to be given offices, what a job this administration would have. It is a mighty good thing therefore that the government in Washington is Republican.

If the omnibus statehood bill passes in its present form, New Mexico will be admitted as a state on July 4 next. Should the bill be amended or its passage postponed, there is no telling how long the people of this territory will have to wait before shaking off the territorial form of government. Here's hoping that the bill will be passed without amendments and during the month of December.

Now that Representative Babcock has declined to be a candidate for the speakership of the next house of representatives, it is a sure thing that Representative Cannon will be the winner in the fight. It is being conceded that the speakership belongs to the middle and the far west.

The question of the speaker of the house of representatives of the 35th legislative assembly is becoming very interesting. So far, it is understood, the candidates are Major W. H. H. Llewellyn of Dona Ana county, Nestor Montoya of Bernalillo, Captain Pedro Sanchez of Taos, and William Kilpatrick of Santa Fe.

Some people profess to be alarmed over the state of health of Senator Mark Hanna. It must be understood, however, that the Democrats manifest the greatest solicitude; with them the wish that the senator's health might be shattered, is the father to the thought. The senator himself knows nothing of his reported serious illness and is attending strictly to business.

The Honorable "Dry Dollar" Tim Sullivan, a dive keeper, but a Tammany leader, will represent one of the New York City districts in the 58th congress. The Gotham Democrats would rather have that sort of a man than a respectable and respected citizen. The taste of the average voter of Greater New York is evidently very much vitiated.

The Thanksgiving proclamations issued this year have more than the usual significance. Thanksgiving day, 1902, will be a day of thanksgiving in the broadest and deepest sense of the word. Never before has the nation been as prosperous or have so many individuals in the country had cause for sincere gratitude to Providence than this year.

Material is to be gathered at the Gran Quivira for exhibition at the St. Louis exposition. New Mexico had better get it together and prepare an exhibit that will demonstrate that it is not only a territory of Gran Quivira ruins and abandoned cliff dwellings, but a live, energetic, progressive commonwealth. Archaeology is all right for tourists, but after all it is its orchards, its farms, its mines, its cities, its schools and other evidences of civilization of which New Mexico is especially proud.

Those who imagine that the senatorial battle in New Mexico has already been fought and won are mistaken. The preliminary skirmishes for vantage ground even are not yet decided and there will be many a hard battle from the time that New Mexico is admitted as a state until it will have two senators representing it at Washington. There is nothing like a "sure thing" as yet for anyone and the man who can pick out New Mexico's first two senators at present is not alive.

The Chicago, Rock Island and Pacific railroad is in back of a movement to form a soft coal trust. This offers explanation in part for the efforts of the Rock Island and its allies to acquire all the available coal lands in New Mexico and the extension of the Rock Island branch lines to these coal fields. As long as the proposed trust means the development of New Mexico coal deposits this territory will have no kick coming. The new trust cannot be any worse than the old trust which has been regulating the supply and price of coal for New Mexico and has been trying to work a few of its coal mines.

The American Federation of Labor through its representatives in convention assembled, on Saturday last declared against granting subsidies for the upbuilding of the American marine. This federation is powerful and its wishes at least demand attention, but why workingmen should be opposed to the upbuilding of the American merchant marine is difficult to understand. A subsidy bill would mean the employment of more American skilled labor in the building of ships and the withdrawing from the labor market of men to man those ships. A prosperous national marine could be taught but beneficial to the cause of the workingmen. But then even labor unions contain men who will cut off their noses to spite their faces.

Democratic leaders are expressing their disappointment at the result of the recent elections by calling each other hard names, and it is menacholy to see that the Democratic brethren since the elections are again manifesting "harmony" of the hatchet kind.

Grover Cleveland during the campaign went out of his way to say some rasping things of William Jennings Bryan. Now the western Democratic chieftain who has the advantage of a newspaper of his own, sharply and harrowingly retaliates. He accuses the great Grover of representing "that element in the Democratic party which once betrayed the people into the hands of the money changers," and tells him tartly that "until he brings forth fruits meet for repentance his active support of a ticket throws suspicion upon the candidates and alienates more voters than his arguments can win." Finally the colonel makes this awkward personal jab at his antagonist: "A principle exemplified in life is worth several on the tongue, and the distinguished ex-president's political principles are purely lingual."

This acerbity is truly deplorable. Grover will now get back at William Jennings by invoking his attention to the Nebraska election returns. However, in his own state of New Jersey, Cleveland's strenuous efforts on the stump were not much more successful. New Jersey, which was long Democratic, went overwhelmingly Republican on November 4 last, electing a congressional delegation composed chiefly of protectionists. Bryan's blasts upon the silver trumpet brought no triumph, but neither did Cleveland's vigorous waving of the banner of tariff reform.

THE NECESSITY FOR A MODERN SCHOOL BUILDING.

A Roswell citizen being asked to explain the rapid growth of his town, pointed to the magnificent modern school building. "That is one of the main causes," he said. "When we built it we thought we had built it large enough to be sufficient for a good many years to come, but the school had scarcely been finished when people came flocking to town to place their children in school. They came from the farms, the orchards and the ranges and commenced to build homes and now we should have another school house as large as this in order to meet present needs. It is the best investment Roswell ever made." Santa Fe might make equally as good an investment. Those who are putting off the building of a modern school house in the hope that the Fort Marcy reservation may some day be sold and the proceeds be used to build a school house are simply deceiving the people and fooling themselves. The modern school house is needed NOW and Santa Fe has already lost a score of families this fall by not having a modern school house and loses at least a hundred families annually on that same account. That means loss to businessmen, to property owners, to the workingman, to everyone who has cast his lot with the city. By the time the old Fort Marcy reservation is sold, Santa Fe will be ready for at least two modern school buildings. The erection of the first up-to-date school house will result in families flocking into this pleasant resident city to take advantage of its school facilities.

The counties of Santa Fe, Rio Arriba and Taos, at the last election, rolled up the greatest Republican majority ever given by them in the history of the territory. They are entitled to consideration. They have three members in the council and six members in the house of the assembly, and if they stand together, these delegations will be powerful. United they will stand and will procure for this section anything in reason they may desire. There should be no giving in or giving up anything demanded of them that is right and proper. The members in the council are Amado Chaves for Santa Fe county, Malaquias Martinez and Venecio Jaramillo for the counties of Taos, Rio Arriba and San Juan; for the house of representatives, William Kilpatrick and R. L. Baca for Santa Fe county; Pedro Sanchez for Taos; Antonio D. Vargas for Rio Arriba county; David Martinez, Jr., and Granville Pendleton for the counties of Taos, Rio Arriba and San Juan. United they should stand and work together for the best interests of their counties and their constituents in particular and the territory in general.

1903 Calendars.

The New Mexican Printing Company will have the largest line of calendars to offer the trade this year ever shown in the territory, and it will be worth the while of those desirous of procuring calendars for the coming year to wait for the representative of this company to call on them with samples. The prices are remarkably cheap.

Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdock, assistant general passenger agent.

From one dozen to twenty copies of the New Mexican are sent out daily to enquiries and applicants concerning Santa Fe. This is the very best kind of advertisement and is bearing good fruit, as the large number of tourist and healthseekers in the city abundantly shows.

Pen carbon copy books are for sale by the Office Supply Company. They are the best and cheapest in the market. Call and see for yourself.

Missouri Code Pleading

By Mr. Everett W. Pattison, Author of Pattison's Complete Digest, Nearly 600 Pages. Price, \$5. Delivered This Book is a Very Important One for all Lawyers.

The New Mexico Code is largely modeled on the Missouri Code so that this book and the Form book, are the most practicable for use thereunder.

It sets forth, as succinctly as is consistent with clearness, the present condition of the law governing pleading as interpreted by the courts of last resort in Missouri. The decisions are mostly those of the Missouri courts; though in some instances illustrations have been drawn from the decisions of other code states.

The Author Thoroughly Believes in the Advantages of the Code System of pleading.

He further believes that precision and exactness are even of more importance in code pleading than in pleading at common law. For, while it is true that the common law requires the utmost strictness in adherence to forms, yet if its forms are followed, the practitioner need have little fear of attack upon his pleading, even though that pleading should totally fail to inform his opponent as to the real points in issue. On the other hand, the very object of the Code is to compel parties to make clear the grounds upon which their right to recover, or their defense, is based. The lawyer who is well grounded in the rules of pleading will surely have the advantage in litigation. The constant study of this valuable work, familiarity with the rules set forth in it, and with the decisions enforcing and interpreting those rules, cannot fail to make one a good pleader.

SPECIAL OFFER—To those who buy both books at once, we will offer Pattison's Pleading Form Book (Price, \$5.00.) if ordered within the next 30 days for \$4.00 additional, thus offering the two works, giving all there is to be said about Pleading in Missouri.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mining and the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

ASLEEP AMID FLAMES.
Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest, and Lung Troubles. Keep it near, and avoid suffering, death, and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting, it's guaranteed to satisfy by Fischer Drug Co. Price, 50c and \$1.00. Trial bottle free.

A STARTLING SURPRISE.
Very few would believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50 cts. at Fischer Drug Co.

LUCK IN THIRTEEN.
By sending 13 miles, Wm. Spirey, of Walton Furnace, Vt., got a box of Bucken's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Bolls, Burns, Corns and Piles. Only 25c. Guaranteed by Fischer Drug Co.

STARTLING, BUT TRUE.
"If every one knew what a grand medicine Dr. King's New Life Pill is," writes D. H. Turner, Dempseytown, Pa., "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infalible for constipation, stomach and liver troubles. 25c at Fischer Drug Co.

J. C. Carter, formerly of Ardmore, I. T., has arrived here and joined his family.

The loose leaf ledgers which are on sale at the New Mexican office, are rapidly growing in favor. It is the best patent that has been issued and the saving to the business man in not carrying a book of dead pages is considerable. For convenience and economy and for keeping the book up to the mark with live accounts only, the loose leaf ledger is the best arrangement yet issued.

Pen carbon copy books are for sale by the Office Supply Company. They are the best and cheapest in the market. Call and see for yourself.

ENGAGED.

Marriage is very largely an accident. In few cases do men or women set up a standard of manly or womanly excellence and choose by it. In most cases people become engaged as the result of propinquity rather than because of any deep rooted preference.

And so it often happens that the wife enters upon the obligations of matrimony just as thoughtlessly as she entered on the marriage relation, because no one has warned her of the dangers she faces.

Thousands of women become invalids for lack of knowledge of themselves. It is to this large body of women that Dr. Pierce's Favorite Prescription comes as a priceless boon, because it cures womanly ills.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

"After my first child was born," writes Mrs. Jordan Stout of Fayetteville, Frederick Co., Va., "my health was very poor for a long time, and last winter I was so bad with pain down in back I could hardly move without great suffering. My husband got me a bottle of Dr. Pierce's Favorite Prescription and a vial of his 'Pleasant Pellets,' which I used as directed. In four days I was greatly relieved, and now after using the medicine three months, I seem to be entirely well. I can't say why it is that there are so many suffering women when there is such an easy way to be cured. I know your medicines are the best in the world."

Dr. Pierce's Pleasant Pellets the favorite family laxative. One 'Pellet' a laxative, two 'Pellets' a cathartic dose.

A HELPING HAND

Is Gladly Extended by a Santa Fe Citizen
There are many enthusiastic citizens in Santa Fe prepared to tell their experiences for the public good. Testimonies from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement:

Nazario Alarid, hackman, of Cerrillos road, says: "I was continually buying medicine for my kidneys, and if a man spends every now and then 50 cents for a bottle of one guaranteed preparation and 50 cents at another time, he makes an inroad into his finances. None of the medicine I used had the slightest effect on my kidneys or backache, at least I was unable to notice any. When an attack of backache reached the virulent stage, I was compelled to stop work for an hour until the spasm disappeared. When wrestling with an attack, I went to Ireland's Pharmacy for Doan's Kidney Pills. There must be more than ordinary merit in that preparation, for a course of the treatment for a short time positively stopped the very severe attack."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

A THANKSGIVING DINNER.
Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach.

BEST LINIMENT ON EARTH.
I. M. McHany, Greenville, Texas, writes, Nov. 24, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me, and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment; you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at
