WORKING ON HIS MESSAGE

President Roosevelt Reached His Desk Before Ten This Morning.

CONFERRED WITH SENATORS

Congress Will Adjourn the First Day on Account of the Deaths of Members During the Recess.

Washington, D. C., Nov. 21.—President Roosevelt arrived here this morning at 8 o'clock over the Southern railroad. A small crowd was at the station to welcome his return. As he left the train, he shook hands with the engineer and fireman and thanked them for the safe run they had made. The president and Secretary Cortelyou were driven direct to the White House.

Before 10 o'clock this morning the president reached his office in the executive building. He began at once to dispose of the mass of business which had accumulated during his absence. Prior to the meeting of the cabinet which was called for 11 o'clock, the president found time to hold brief interviews with Senators Burrows, Michigan, Scott of West Virginia and Lodge of Massachusetts.

During the next four or five days, as the opportunity may offer, the president will put the finishing touches upon his annual message to congress. It is understood the message will be sent to congress on the second day of the approaching session, Tuesday December 2, owing to the fact that deaths of members of both houses have occurred during the recess which will necessitate an adjournment on Monday. The document is almost completed but some points of it are yet to be written finally and the whole revised. During the early days of next week, the president will consult, on parts of his message, with Republican leaders in congress.

MANHATTAN WAS HIGH.

Rumor That the Subway Company Has Obtained Control of the Elevated Lines.

New York, Nov. 21.—Wall Street discussed with great interest today the rumor in circulation to the effect that the Interborough Rapid Transit Company, which is to operate the subway lines, had obtained control of the Manhattan Elevated Company. No official confirmation or denial of these rumors was made, and no person in authority in either corporation was willing to be quoted concerning the alleged deal. Manhattan sold as high as 154½ and as low as 146½ on the stock exchange during the morning session. The demand for the stock was comparatively light.

WAS VERY WEALTHY.

Maiden Name of Mrs. Gore Was Sinclair and She Was From California.

Paris, Nov. 21.—Consul General Gowdy's investigation into the shooting of Mrs. Ellen Gore on Wednesday, develops the fact that Mrs. Gore was a pupil of the famous composer Moszkowski. Her maiden name was Sinclair. She was originally from California, where she married Thomas Gore of British Columbia. The couple removed to Mexico City and became wealthy. They built an extensive apartment house in Mexico City which they called "Gore Court."

Logan Found Guilty.

Knoxville, Tenn., Nov. 21.—Harvey Logan has been found guilty on ten counts charging him with complicity in the robbery of the Great Northern express train in Montana. A motion for a new trial was made. Sentence will be passed at four o'clock.

SOCORRO COUNTY POLITICAL ROW

A New Mexican Correspondent Gives the Inside History of the Adoption of Party Emblems and Election Claims.

INDEPENDENT REPUBLICAN CANDIDATES RECEIVE CERTIFICATES

Special Correspondence New Mexican. Socorro, N. M., Nov. 19.—The Socorro election has been decided, so far as it could be in proceedings before the court, and under that decision the county commissioners have issued certificates of election to the Independent Republican candidates, exactly contrary to the one-sided and prejudicial statements of some territorial papers.

The legality of the Independent Republican vote was not, and could not be adjudicated in the court proceedings just closed, nor is that question before any court at this time. Whenever that question is raised the Independent Republicans of Socorro county will be heard loudly enough to be understood.

The Independent Republican convention was held on the same day that the Democratic and Republican conventions nominated their candidates, and after the Democrats had rejected the offer of fusion made by the Republicans in convention assembled, and had actually fused with the Independent Republicans, there were three tickets adopted, each headed by a different emblem. The Independent Republicans adopted the following resolution to-wit: "Resolved, That this convention adopt as our emblem, or distinctive mark, which shall be printed at the head of our ticket, the American flag inside of a square."

"Resolved further, That the ticket adopted and nominated shall be called 'Independent Republican Ticket' etc., also providing for size, printing and recording the ticket.

The names on the Independent Republican ticket, were the same as on the Democratic, except it was headed by B. S. Rodey, both tickets having the name of W. H. Andrews, Republican candidate for the council.

At that convention it was not known what emblem the Republicans would adopt, in fact the resolution to adopt the flag inside of a square was written prior to the time the Republicans had named their candidates or adopted any emblem, if any they really did adopt. However, they claim to have adopted an emblem at the close of their convention, while the Democrats and resolutions published in three different Republican papers in this county, do not show that they adopted any emblem whatever.

From this point the canvass went forward, all the tickets, emblems, and resolutions were given as much publicity as possible in the local papers. Exact fac similes of the Independent Republican ticket, except as to order of candidates, were published in every issue until the day of election, by the Socorro Chieftain, a Republican paper, and by La Verdad, a campaign paper published by the Independent Republican party, and given the utmost possible circulation in all the precincts of the county. Independent Republican speakers, also actively canvassed the county, held meetings in the various precincts and called special attention to the difference between the tickets. Every voter was made to understand that the Independent Republican ticket, with the flag inside of a geometrical square was directly antagonistic in all respects to the Republican ticket, as to county officers. Every effort was made by Democratic and Independent Republican speakers and papers to emphasize the difference in candidates and tickets, and the Republicans did the same, even trying to ridicule the flag within the square.

Now comes the filing of the two tickets. The Independent Republicans filed a certificate with two tickets attached according to law, not knowing or thinking whether or not the Republicans had either filed or adopted any emblem. A few minutes after the Independent Republicans had handed their certificate to the probate clerk, a Republican came into the clerk's office and handed him a certificate with two Republican tickets attached, whereupon the probate clerk put his file mark upon both certificates, stating that they were filed at the same time to-wit: 11 o'clock. These are the facts which can be shown and will be, if necessary, by the oaths of hundreds of reliable and substantial citizens as to all essentials.

The public may form its own conclusions as to the merits of the matter involved.

Your correspondent will give additional facts as to what occurred in relation to the Independent Republican ticket on election day when it may become necessary.

HUNTER KILLED A MAN.

Is Now in the United States Legation and Claims Exemption from Arrest.

Washington, Nov. 21.—The state department has been informed that Godfrey Hunter, Jr., son of the United States minister at Guatemala City, today shot and killed William Fitzgerald, of Grand Rapids, Mich. Hunter has taken refuge in the legation and an interesting question has arisen as to his exemption from arrest.

MINERS HAVE MANY DISEASES

The Occupation Subjects a Man to Various Ailments.

NOT AN UNHEALTHY CLASS

Dr. Gibson Then Said Children Who Have Had Bronchitis Should Not be Permitted in the Mines.

Scranton, Pa., Nov. 21.—The examination of Dr. R. H. Gibbons of Scranton, was immediately resumed when the anthracite strike commission met today. He said the occupation of a miner subjects a man to pleurisy, gout, neuralgia, asthma, bronchitis, sciatia and other diseases. He believed the day would come when men will be subjected to a medical examination before they undertake mining.

Children, he said, who have suffered from any form of disease of the respiratory passage, bronchitis or pneumonia, should never be permitted in the mines under the age of 15 years, because they should have a chance to eliminate the predisposing factor in the case of so-called miner's asthma. On further examination, Dr. Gibbons said he did not mean to be understood as saying that miners form an unhealthy class, but that they are debilitated and run down. The witness was cross-examined by James H. Torrey, for the Delaware and Hudson Company.

It was learned this afternoon that efforts are being made or will be made, to settle the differences existing between the mine workers and employers outside the commission appointed by the president, and it is said the contemplated adjournment will be taken in order to give both sides a chance to get together. Remarks made by Judge Gray just before the commission adjourned, suggest this conclusion. None of the attorneys on either side will say anything regarding the matter, but it is understood here that in the interval such an effort will be made.

GENERAL BOTHA DID NOT UNDERSTAND

Colonial Secretary Chamberlain Protested Against the Exaggerations in the Boers' Appeal and Incorrect Impressions.

THE GIFT OF \$15,000,000 WAS FOR RELIEF OF DESTITUTION

London, Nov. 21.—A parliamentary paper relating to the Boer generals' appeal to the world was published today. In a letter to General Botha, Colonial Secretary Chamberlain protests against the "exaggerations in the appeal" and the "incorrect impressions conveyed thereby" and points out that, in addition to the gift of \$15,000,000 for the relief of the Boers, Great Britain had been spending \$1,000,000 monthly since the close of the war in maintaining the burgher camps as an organization, to enable the people to return to their homes. General Botha in reply says that until Mr. Chamberlain had his speech of November 5, he understood the \$15,000,000 was partial compensation for war losses. If he had known it was solely for the relief of destitution, the appeal in such a form would not have been issued.

SUPREME COURT INVOKED.

Asked to Prevent Judge Johnson From Going On With Contempt Proceedings.

Denver, Colo., Nov. 21.—Attorneys for County Clerk Alchele applied to the supreme court for a writ of prohibition to prevent Judge Johnson from going on with the contempt proceedings. The writ is asked for on the ground the judge did not have jurisdiction in the case in which he issued the injunction prohibiting the clerk from certifying the names on the registration list and that Judge Johnson had refused Alchele a trial by jury. No further action will be taken until the supreme court gives its decision.

THIRTY WERE DROWNED.

A Danube Steamer That Was Crowded With Workmen, Sank at Orsova.

Vienna, Nov. 21.—A Danube steamer, crowded with workmen, sank at Orsova, a frontier town of Serbia, in the Danube yesterday evening. Thirty on board were drowned. Owing to the darkness, boats from the shore were able to rescue only five passengers.

Collins Is Dead.

Telluride, Colo., Nov. 21.—Arthur L. Collins, who was shot Wednesday night by an unknown assassin, died early this morning from his wounds.

Immediately after the death of Managor Collins this morning, orders were issued for the Smuggler mines and mills to close down, and everything now is at a standstill. It is learned those in authority intend to keep the mines and mills closed for an indefinite period.

SHERIFF WAS PRODDED FINELY

Permitted a Mob to Hang a Prisoner in His Charge so Governor Durbin Declared His Office Vacant.

MUST PROVE HE WAS POWERLESS TO PROTECT HIM

Indianapolis, Nov. 21.—Governor Durbin today notified Sheriff Dudley of Sullivan county, that his office was vacant and that the coroner becomes sheriff ex-officio. The Indiana law provides that a sheriff shall vacate his office when a prisoner in his charge is lynched. Last night a mob took Dillard, the negro, away from Sheriff Dudley, and hanged him to a telegraph pole. The sheriff has the right, under the law, to ask to be reinstated, but he must show that he was powerless to protect his prisoner.

ANOTHER MAN CAUSED TROUBLE

G. A. Darlington Was Not on Hand to Escort Bertha Sheldon Home.

SOUTH AFRICAN VETERAN

He Shot Her in the Arm and Then Fired a Bullet Into His Own Head Dying Almost Instantly.

Ann Arbor, Mich., Nov. 21.—Because Bertha Sheldon had allowed another man to escort her home last night from the store where she is employed, G. A. Darlington, a packer for an organ company and a student in the University school of music, today shot her in the arm and then fired a bullet into his own head, dying almost instantly. Darlington met the girl as she was on her way to work today and they quarrelled over last night's episode. Darlington came here from Strathcona, Ontario. He served with the Canadian soldiers in the South African war and was about 24 years of age.

LONG DEBATE ON.

Brotherhood of Carpenters and Joiners Ask That the Wood Workers' Charter Be Revoked.

New Orleans, La., Nov. 21.—The application of the Union Brotherhood of Carpenters and Joiners for the revocation of the charter of the Amalgamated Association of Wood Workers was the first thing called up in the labor convention today. Wednesday night this work was laid over to see if the two organizations could not agree to amalgamate. President Kidd of the Wood Workers, announced that until the carpenters would withdraw their men from a certain shop in Philadelphia, where the wood workers had gone on a strike and the carpenters had taken their places, the matter must be fought out on the floor of the convention. A long debate was about to open when Treasurer Lennon, who had the chair, declared that but one speaker on each side would be allowed to address the convention on the subject. Delegate Kidd of the wood workers, appealed from the decision of the chair. The appeal was successful and the debate, which gave every indication of being a long one, was in full swing.

CABINET MEETING BRIEF.

President Roosevelt Will Not Be Able to Submit a Treaty With Colombia.

Washington, D. C., Nov. 21.—Every member of the cabinet was present at today's meeting. It was comparatively brief, lasting only about an hour. At its conclusion it was stated no business of serious consequence was transacted although some subjects of importance were considered briefly. Secretary Hay brought with him some documents relating to the status of the negotiations pending with Colombia with respect to the Panama canal treaty. He reported that status of negotiations and it is stated the president will not be able to say in his message that he is ready to submit to congress a treaty with Colombia in accordance with the Spooner act. Some portions of the president's forthcoming message to congress were considered, but as the features of the document concerning which any division of opinion might arise, have not been prepared definitely and will not be until the president shall have had time further to discuss them with leaders in both branches of congress, little respecting the message was accomplished.

FOUND DEAD IN BED.

Mrs. William Watkins, Supposed to Be of San Marcel, Committed Suicide in Albuquerque.

Mrs. William Watkins was found dead in her room at the Majestic Rooming house, Albuquerque, yesterday noon. She had been in Albuquerque, about two weeks and was a paralytic so that she spent most of her time at the house. Her death was caused by morphine and it is presumed her affliction so preyed on her mind as to cause her to commit suicide. Her husband is supposed to be an engineer at San Marcel as she left a note addressed to him on the dresser. In it she stated that she could not bear to have people staring at her and she preferred to die rather than be separated from him. It is thought she was mentally unbalanced. She was about thirty-four years old.

FRIDAY, NOVEMBER 21.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

Extract from the Congressional Record of June 25th, 1902, page 7,542.

President pro tem, of senate: The chair has been requested to restate the proposition, and will do so.

The senator from Indiana, the chairman of the committee on territories, has stated in open senate today, that the committee will report on the territorial bill, so-called, on the third day of the next session of congress. Thereupon the senator from Pennsylvania asks unanimous consent, that on the tenth day if the senate is in session and on the first day thereafter it may be in session if not on the tenth, the bill shall be made the unfinished business.

Is there objection? The chair hears none, and the order is made.

Las Vegas really will have the first electric street railway in New Mexico. That is quite a feather for the Meadow City.

The American Federation of Labor in its recent annual session adopted 57 resolutions. The delegates must have found a great many things to kick at.

An old volcano has broken out anew in Utah. Santa Fe had better watch that row of extinct volcanoes to the west and to the northeast of it.

Colonel J. Francisco Chavez, the veteran legislator, has the inside track for the presidency of the legislative council of the 35th assembly.

The Democrats of New Mexico should feel very thankful to Colonel Bryan that he made no speeches here. Had he done so, today's majority would likely have reached 15,000.

Candidate H. B. Ferguson is of the opinion that there must be a reorganization of the Democratic party of New Mexico if it would be successful. Correct, Mr. Ferguson, correct.

The statement of the Honorable Dave Hill that he would not prevent the reelection of Thomas C. Platt to the U. S. senate from the state of New York, is evidently true in all particulars.

President Mitchell of the United Miners' Association, says that there will be no more big strikes in the United States. Glad to know this and here is hoping that it will come true.

Judging from the results of President Roosevelt's bear hunting trip in Mississippi, it is plain that the bears there are anti-administration and kept away from the president as much as possible.

United States Senator James K. Jones, chairman of the Democratic national committee, has at last recognized the death of the free silver issue. What will Colonel Bryan do now?

Representative Joseph G. Cannon cares not for the number of speaker-ship candidates. He will be the speaker of the house of representatives of the 58th congress and that is the last of it.

Rhode Island elected a Democratic governor at the recent elections. Why this was done the people of Rhode Island do not know and now they are asking each other what use there was in doing so.

There is one consolation left to United States Senator Bill Mason: he cannot be re-elected to the U. S. senate, but he will have access to the columns of the Congressional Record for several months yet.

Congressman Babcock of Wisconsin, has withdrawn from the race for the speakership of the next congress. He prefers to be one of the men behind the speaker rather than to be speaker himself.

The vote cast in this territory at the recent election shows many strange circumstances. The more one examines it the plainer does it become that the people did the voting. There was no thorough party organization on either side.

Colonel O. J. Hopkins, a noted authority on Gatling gun tactics, was killed by a street car at Columbus, O. An unusual death for a warrior. Had he devoted his life to the tactics needed to dodge street cars he would still be living.

Colonel C. F. Hoyt, ex-warden of the Colorado penitentiary, lays claim to the honor of being the inventor of the spanking machine. It is up to Superintendent H. O. Barsum to enter a vigorous denial.

Some people are of the opinion that the passage of the omnibus statehood bill during the short session of congress looks like a lost cause. Well, do not worry about it. In another six weeks the matter will be decided.

Every state in the Union showed a falling off in the vote this month compared with two years ago. New Mexico is not an exception, but owing to recent increase in population, the falling off in the vote is but slight, in fact, less than any other commonwealth shows.

The Mayor of Denver on Wednesday signed an unpopular franchise ordinance and immediately skipped to Texas to give the wrath of the people a chance to blow over. Mayor Wright will probably never be classed as a hero but he is gaining the reputation of being a very discreet man.

The senate sub-committee on territories visited Las Cruces and the Agricultural College at Mesilla Park on yesterday. There can be no doubt but that the four members thereof carried with them a very favorable opinion of the Mesilla Valley and its enterprising people.

While Yerkes and Morgan are fighting for underground electric railway franchises in London not some one give them a tip that Santa Fe still stands in need of an electric railway? Either Yerkes or Morgan would be welcome, no matter whether they should build the road underground or on top of the ground.

The Democratic newspapers assert that the passage of the irrigation law in the last session of congress is responsible for Republican success in the arid states and territories in the recent election. There is no question but that the passage of this very wise and beneficial legislation helped the Republican party in the great west.

It is becoming established that legislation providing for a tariff commission to investigate the existing tariff and to recommend changes and revisions thereof will be had during the short session of congress. It will take the high and mighty commissioners, to be appointed under such an act, some time to investigate and more time to report. Therefore, immediate tariff revision need not be feared.

Penny postage will do much to make the copper cent popular in the west. Thus far the east has had the monopoly of the copper to the great satisfaction of businessmen and churches in the west to whom the sight of the copper cent is especially obnoxious. But then penny postage is sufficient of a boon to reconcile the west to pennies in the collection basket, penny newspapers and pennies in the cash register of the businessman.

The polygamy question in Utah will be served upon the public again, if the Republicans of Utah insist upon sending Apostle Reed Smoot to the senate. But it is to be hoped that the Republicans of Utah will sidetrack the Mormon apostle and send some other representative leader to the United States senate. It is true that the American Constitution does not make any religious distinctions, but it would not do to send a man to the senate who is tainted with the suspicion of polygamy, which is against the United States laws. When the Democrats sent Roberts to congress from Utah, there was no peace until congress refused to permit him to take his seat and there will be no peace until Apostle Smoot seeks other political honors than a seat in the United States senate.

Professor Vierkant, a German scientist, is worrying over the smallness of American families. He notes a tendency to discourage large families on account of a false standard of comfort and luxury which prevails. He says that the Americans like children, but hate to become responsible for the comfort and welfare of a large family. Four children in a family are unusual; six make a big family nowadays and eight seem extraordinary. It is said that the French are growing more peaceable, more thrifty and richer. They are not invaders nowadays in commerce and they are less disposed to aggressive war. They have no spare population. So it is with the United States. American families can ill spare their sons for foreign service, either military or commercial. There are too few of them born. Admit that this is so. Isn't it better to be a prosperous, peaceable, wealthy nation of 100,000,000 people; rather than a nation of 200,000,000 people, one-half of whom are always on the edge of extreme poverty?

The average American seems to be a careless creature when it comes to addressing letters. In fact, there are few postmasters in the United States who are not convinced that one out of every two persons who attempts to address a letter should be an attendant at night school. Typewriters and professional stenographers are not exempt. Days are spent in getting up an important document, sealing it in an envelope and then addressing it in such a villainous and slovenly manner that no human being can hope to decipher it. Almost ten million pieces of mail matter reached the dead letter office during the past fiscal year, an increase of nine per cent over the year previous. In these letters there were money and paper to the value of almost \$1,500,000. And that does not take into consideration the thousands, yea millions of letters that are dropped into the postoffice without postage upon them or the millions of pieces of mail matter addressed to persons who are dead or removed years ago from the place addressed. Then some people wonder why they did not get that or that letter or why there is such delay at times in mail matter reaching its destination.

El Paso has had electric street cars only a few months, but is already enjoying a street car strike and tie-up because the company owning the line has refused its employees a 66 per cent increase, which shows that electric street car lines are not an unmixed blessing and that the electric street car employees in El Paso are as hoggish as the average Texas Democratic politician.

The Democratic frauds in the 11th and 12th congressional districts in Missouri, these being located in the city of St. Louis, were so gross and outrageous that the Republican candidates, who were defeated upon the face of the returns, have about concluded to contest the seats of the Democrats who received election certificates. No such election frauds have taken place or can occur in New Mexico. Nevertheless there are people all over this country, who hold New Mexico unfit for statehood.

Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous World Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdoch, assistant general passenger agent.

From one dozen to twenty copies of the New Mexican are sent out daily to enquiries and applicants concerning Santa Fe. This is the very best kind of advertisement and is bearing good fruit, as the large number of tourist and healthseekers in the city abundantly shows.

Missouri Code Pleading

By Mr. Everett W. Pattison.
Author of Pattison's Complete Digest. Nearly 600 Pages. Price, \$6. Delivered This Book is a Very Important One for all Lawyers.

The New Mexico Code is largely modeled on the Missouri Code so that this book and the Form book, are the most practicable for use thereunder. It sets forth, as succinctly as is consistent with clearness, the present condition of the law governing pleading as interpreted by the courts of last resort in Missouri. The decisions are mostly those of the Missouri courts; though in some instances illustrations have been drawn from the decisions of other code states.

The Author Thoroughly Believes in the Advantages of the Code System of pleading. He further believes that precision and exactness are even of more importance in code pleading than in pleading at common law. For, while it is true that the common law requires the utmost strictness in adherence to forms, yet if its forms are followed, the practitioner need have little fear of attack upon his pleading, even though that pleading should totally fail to inform his opponent as to the real points in issue. On the other hand, the very object of the Code is to compel parties to make clear the grounds upon which their right to recover, or their defense, is based. The lawyer who is well grounded in the rules of pleading will surely have the advantage in litigation. The constant study of this valuable work, familiarity with the rules set forth in it, and with the decisions enforcing and interpreting those rules, cannot fail to make one a good pleader.

SPECIAL OFFER.—To those who buy both books at once, we will give \$5.00 off the price of the Form book (Price, \$5.00) if ordered within the next 30 days for \$4.00 additional, thus offering the two works, giving all that is to be said about Pleading in Missouri.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,886.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, N. M. Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mining and the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

A DANGEROUS MONTH.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West 5th St., Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know it's the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c and \$1.00 at Fischer Drug Co.

ONE MINUTE COUGH CURE.

Is the only harmless cough cure that gives quick relief. Cures Coughs, Colds, Croup, Bronchitis, Whooping Cough, Pneumonia, Asthma, LaGrippe, and all Throat, Chest and Lung troubles. I got soaked by rain, says Gertrude E. Penner, Muncie, Ind., and contracted a severe cold and cough. I failed rapidly; lost 48 lbs. My druggist recommended One Minute Cough Cure. The first bottle brought relief; several cured me. I am back to my old weight, 148 lbs. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children.

MINING NOTES

The Santa Fe Railway Company is now preparing manuscript for a small book devoted to the mineral resources of the territory tributary to its lines. The company also wishes to secure specimens of ore from all points along the lines and have them on exhibition at each of the city ticket offices in Chicago as well as in the general offices.

The owners of the Hamilton mine on the upper Pecos about 25 miles from here, are putting in a new steam pump and air compressor and development work is being pushed.

DONA ANA COUNTY.

The stockholders of the New Mexico Land Company will meet in New York next Tuesday for the purpose of electing officers and making arrangements to start work again on the mines of the company which are situated in the San Andreas mountains in Dona Ana county. The mines have been closed down for some time while a 60-ton concentrator and big air compressor were put in place. It is expected that the entire works, including the concentrating plant, will resume operation by the first of the year.

SIERRA COUNTY.

It is reported that the Hillsboro Gold Mining and Milling Company and the Snake and Opportunity people have consolidated their interests and the two groups will be operated under one management. It is also said that the mines will be extensively developed and large reduction works will be erected.

The Oliver Mining Company of Colorado recently received a large amount of mining and mill machinery. The company has power drills and is about to commence the construction of a tunnel 1,000 feet long. The Silver Monument people in the same camp have also purchased a large amount of machinery and propose to run a tunnel 1,500 feet long to tap their property.

Strum and Farrington are cross-cutting for the vein on the Argus-Midnight property at Tierra Blanca. The tunnel is now in 150 feet with a good showing. The Hoisinger Brothers have driven a 400 feet working tunnel along the contact on their Bell mine at Tierra Blanca and will now cross-cut the large dyke of quartz for the ore bodies. Good gold and silver ore has been shown up.

Preparations are under way to do a large amount of development work on the Mamie Richmond mine near Hillsboro. A force of men is now repairing the road to the mine.

GRANT COUNTY.

Negotiations are now under way for the erection of a smelter with a capacity of 100 tons at Silver City. No attempt will be made to utilize the plant which is now standing idle and the men behind the new project have extensive mining interests in Grant county.

Thompson and Copp are shipping an average of a car load of ore a week from their Virginia property in the Burros mountains to Prescott, Ariz. A portion of the ore is taken from that already on the dumps and a portion from the mine. The Virginia ore is in great demand for fluxing purposes.

SAN MIGUEL COUNTY.

The mining claims Rising Sun, Cordelia, Amador, Hazel, Lucky Dan and Fair Weather, have been registered with the county recorder of San Miguel county as the Rising Sun Mining Group in the Rociada mining district.

There are possibilities of another leaching mill at Teolote to be erected by Las Vegas people and use the process invented by Dr. Standish of that city. The plan calls for a 20-ton mill and it is expected it will be finished before the large 200-ton mill projected by Denver people is in operation. Ground has been broken for the mill of the Las Vegas Copper Company at Teolote.

Time seems most untimely when he brings a woman to the turn of life. Life is or should be at its ripest and best for her, and she approaches this change with a dread of its effect born of her knowledge of the sufferings of other women at this season.

There is not the slightest cause for fear or anxiety at this period if Dr. Pierce's Favorite Prescription is used. It gives health of body and cheerfulness of mind, and by its aid the pains and pangs of this critical period are prevented or cured.

Dr. Pierce's Favorite Prescription is a woman's medicine with a wonderful record of cures of womanly diseases. Diseases that all other medicines had failed to cure, have been perfectly and permanently cured by the use of "Favorite Prescription."

"I feel it my duty to write you as I have received so much benefit from the use of your medicine," says Mrs. Lizzie A. Bowman, of New Matamoras, Washington Co., Ohio. "I have taken four bottles of 'Favorite Prescription' for female weakness and change of life. Before I began taking it I could not do anything. I had such pains in my head and in the back of my neck that I thought I would lose my mind. Now I can work every day. I recommend 'Favorite Prescription' to all females suffering in the period of change of life. It is the best medicine I have found."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place. Keep the bowels healthy by the timely use of Dr. Pierce's Pleasant Pellets.

International Stock Show.

The International Live Stock Show at Chicago opens November 29 and continues until December 6th. Reports from Chicago are that it will be the greatest show ever held in this country, and probably the greatest in the world. Extra efforts are being made to accommodate the large number of entries, which are greater than ever before. The Burlington Route will make a special rate of one fare plus \$2 for the round trip for stockmen desiring to attend this big show. Tickets will be on sale November 30 and December 1 and 2. Final limit leaving Chicago, December 8.

A SIMPLE QUESTION.

Santa Fe People Are Requested to Honestly Answer This.

Is not the word of a representative citizen of Santa Fe more convincing than the doubtful utterances of people living every where else in the union? Read this: "Lucario Lopez of Alto St. says: 'When a man has had attacks of backache for ten years, some of them so violent that he could not walk, that he could not sleep at night and could not even lie comfortably down on account of his back for at least five years of that period, he knows something about what chronic backache really is. As might be expected when my kidneys were not performing their functions properly trouble with the kidney secretions existed particularly observable at night. I consistently and persistently tried remedies guaranteed to cure kidney complaint, before I went to Ireland's Pharmacy for Doan's Kidney Pills, but I met with very indifferent success. Doan's Kidney Pills acted directly on my kidneys and in a very short space of time the backache and trouble with the kidney secretions ceased.'"

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

OUT RATES TO CHICAGO.

The Denver & Rio Grande will make a special rate of one fare plus \$2 for the round trip to Chicago for the International Live Stock Exposition, Nov. 29 and Dec. 1 and 2, with a final limit leaving Chicago, Dec. 8. The International Live Stock Show is the greatest in the world and this year it is promised that it will be greater and larger than ever before. Special attention is being paid to the range cattle exhibit and with the unusually large premiums being offered there will be a strong competition from the west and more than usual interest in the event. See your ticket agent and engage accommodations early.

International Livestock Exposition.

Chicago, Ill., Nov. 29-Dec. 6, 1902.

For this occasion the Santa Fe will sell tickets to Chicago and return at a rate of \$43.05 from Santa Fe; tickets will be on sale Nov. 29, 30, and Dec. 1, good for return passage up to and including Dec. 8. For particulars call on any agent of the Santa Fe.

WORM DESTROYER.

White's Cream Vermifuge, not only kills worms, but removes the mucus and slime, in which they build their nests; it brings, and quickly, a healthy condition to the body, where worms cannot exist. 25c at Fischer Drug Co.

The New Mexican Printing Company employs superior workmen in its several departments. Consequently it turns out superior work and should receive the patronage of those desiring "something above the ordinary," at simply a consistent rate for the character of the work turned out.

A THANKSGIVING DINNER.

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, produce a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach.

BEST LINIMENT ON EARTH.

I. M. McHany, Greenville, Texas, writes, Nov. 24, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me, and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatism, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at Fischer Drug Co.

BEAUTIFUL CLEAR SKIN.

Herbine exerts a direct influence on the bowels, liver and kidneys, purifying and strengthening these organs, and maintaining them in a normal condition of health; thus removing a common cause of yellow, mothy, greasy skin, and more or less of pimples, blotches and blackheads. 50c at Fischer Drug Co.

STATEHOOD AFFAIRS.

Society of Arizona Pioneers Desires the Omnibus Bill Amended—C. J. Gavin's Address.

While in Tucson, Ariz., the senate committee on territories received through President S. R. De Long of the Society of Arizona Pioneers, resolutions adopted by that organization declaring strongly for statehood. The amendment of the present bill was urged so that the representation in the Arizona constitutional convention might be increased from 35 to 60, to be apportioned to the several counties on the basis of the last United States census by the governor, chief justice and secretary of the territory. It was claimed the apportionment of the present bill is unjust. More time was also asked from the date of the passage of the bill to the election of delegates and the holding of the constitutional convention; and the society thinks there should be at least four months from the date of adjournment of the convention before submitting the constitution to the electors for ratification.

At the annual banquet of the Kansas City Commercial Club, held in Kansas City, Wednesday evening, C. J. Gavin of Raton, was one of the speakers, responding to the toast, "Statehood for the Territories." He made a strong plea for the immediate admission of New Mexico, Arizona and Oklahoma and urged that politics be not permitted to stand in the way of justice being done to the three commonwealths.

SCARCITY OF CARS.

Santa Fe Railway Unable to Handle Promptly Cattle Offered for Shipment.

There is great complaint regarding the scarcity of cars on the Santa Fe railway for the shipment of cattle from New Mexico. At nearly every shipping point many head are being held awaiting cars, and shippers are complaining long and loud. Seven hundred head of cattle are at Deming alone awaiting cars. George Roe, division freight and passenger agent, says that one thousand cars are needed at once to handle the urgent business, but he is unable to get them.

BIG ONION CROP.

San Juan County During the Past Season Raised 350,000 Pounds.

San Juan county has taken to onions and it is estimated that 350,000 pounds of them were raised this season. Exact figures returned are Bert Hubbard 60,000 pounds, C. M. Hubbard 90,000 pounds, H. S. Bay 65,000 pounds, A. J. Gilmore 25,000 pounds, William Black 25,000 pounds, William Pickering 30,000 pounds, Joseph Howe 15,000 pounds. Those unaccounted for will bring the total to the figure given.

EASTERN STAR CHAPTER.

Petition for Charter Has Been Signed by Many Women of Aztec.

A chapter of the Order of the Eastern Star will probably soon be instituted at Aztec. A large number of women signed the charter list which has been forwarded to the proper officers. The name selected was San Juan Chapter and the organization was effected by electing Mrs. A. R. Springer, worthy matron, Mrs. Joseph Frowitt, assistant matron, and Dr. E. G. Condit, worthy patron.

MANY IMPROVEMENTS.

Raton Electric Light Company is Practically Building a New Plant.

The Raton Electric Light company is practically building a new plant. The entire system has been re-wired and new poles have been put up for an extension of the system. Two carloads of new machinery have been received and the new building in which it will be installed is nearly completed. The capacity of the plant will be doubled when the improvements are finished.

A NEW INDUSTRY.

San Juan Apple Jelly Will Soon Be in the New Mexico Markets.

A new industry is about to be started at Farmington by S. R. Blake in a jelly factory. All arrangements have been completed and as soon as the furnace is finished, "San Juan Apple Jelly" will be on the market in wooden kegs of quart, half gallon and gallon size.

The Big Stock Show.

There is unusual interest this year in the International Live Stock Exposition which opens in Chicago November 29th, continuing until December 6th. According to reports from Chicago, the entries already exceed all previous affairs of the kind and there is every indication that the show will be the greatest ever held in this country. Special attention is being given to the range cattle feature and western men are more than usually interested. The Denver & Rio Grande has made an open rate of one fare plus \$2.00 for the round trip from all points on the system. Tickets will be on sale November 30th and December 1st and 2d; final limit leaving Chicago on return December 8th. A large number of stockmen have already announced their determination of visiting the big show.
