WIDOW OF MAN KILLED BY ELFEBO BACA TAKES WITNESS STAND; SHRIEKS DENUNCIATION OF VIGIL

HYSTERICAL WOMAN BREAKS DOWN AND WEEPS BITTERLY WHILE GIVING HER TESTIMONY

Calls District Attorney "the Indian" and Declares She Desires to See Him Punished; Says Her Husband Was Promised \$1,000 for His Part in Plot to Liberate General Jose Inez Salazar From Bernalillo County Jail; Gives Detailed Account of Alleged Occurrences at Ranch North of Albuquerque; Baca Shown to Have Been at Jail in Old Town on Night Famous Mexican Prisoner Escaped; Sensational Evidence Is Introduced.

Santa Fe, Dec. 15.—"Look at him—doesn't he look like an Indian?" shrieked Mrs. Celestino Otero, of 121 Paso, on the witness stand in the federal court late this afternoon, pointing at District Attorney Manuel U. Vigil, of Albuquerque. She then broke down and wept bitterly. The testimony took place in the conspiracy trial of the United States against Elfebo Baca, District Attorney Vigil, Game Warden Trinidad C. de Baca and others.

Although Mrs. Otero's own eyes were red with weeping when she stood upon the stand, she controlled herself admirably in telling her story. Under cross-examination by Attorney A. B. Rendon, when for a moment she showed temper, and referred to Elfebo Baca as the slayer of her husband, and to Manuel Vigil as "the Indian" whom she desired to see punished. She declared, however, that she informed the United States officers of the alleged conspiracy, not in anger at her husband's death, but because of her grief. She said that her husband had been promised \$1,000 for the part he played in the escape of General Jose Inez Salazar from the Albuquerque jail, but that this information came to her only through her husband.

Saw de Baca Twice.

As to General de Baca, she said she knew little, except that she saw him twice at Vigil's ranch, eight miles from Albuquerque, where Salazar had been hidden in a tunnel six feet under the surface of the patio.

Sixteen of the forty witnesses of the prosecution were heard today. Not all were cross-examined by the defense. Mrs. F. W. Ponce, at whose home in Albuquerque Mrs. Otero remained from November 19 to 22, 1914, testified to the bringing of a bundle from the Red Star store and the taking away of the bundle by Otero and another man in an automobile. Later, she said, a small box of provisions was brought and taken away. Otero, she said, came to the house on November 20 and sought to borrow ten or fifteen dollars from her. She testified that Otero was accustomed to stop at her place.

Savedra Brought Message.

In this connection Mrs. Otero testified that Porfirio Savedra came to El Paso from Albuquerque with a message from Vigil expressing regret over Otero's death, offering to give her a ticket to Albuquerque, where she might find work and where possibly the man who had killed her husband might be brought to justice. However, she said, Savedra gave her no money, and she refused to go to Albuquerque.

Mrs. M. A. Montoya, clerk at the Red Star store in Albuquerque, testified that she sold a bundle of quilts to Otero and had the bundle delivered at the house of Mrs. Ponce on November 19.

Mrs. Marie Espinosa testified that on the night of Salazar's escape she had accompanied Mr. and Mrs. Trinidad C. de Baca, Mrs. Vigil and Mrs. Otero to a motion picture show.

Peter Dinelli testified that on December 24 and 25 Mr. and Mrs. Celestino Otero stopped at Rico cafe and that Vigil agreed to pay for their board and lodging, but that Vigil had

done this for many other people. He testified that the bill incurred by the Oteros has not yet been paid by Vigil, despite repeated demands.

Says Baca Was at Jail.

Pedro Gurule testified that he was at the jail in Albuquerque when Salazar's escape occurred. He stated that he heard people going upstairs, and fifteen minutes later he heard a noise as of benches falling and men scuffling in a fight. Earlier in the evening he had heard Sheriff Romero cry to Elfebo Baca, "What in the devil are you doing here at this hour?" Gurule heard no reply, but heard Baca go upstairs to the jail.

M. A. Albers, a doctor, declared he heard cries at the jail on the night of the escape and rushed over to find the jailer, Carlos Arriaga, handcuffed, tied to a post, bleeding from his hands and weeping, fear running down his cheeks in profusion.

Dr. W. W. Suarez testified that he dressed Arriaga's wounds, which were merely slight cuts on the hand, rendering no stitches and which might have been caused by grasping the blade of a knife.

Dolores Muniz, guard at the Albuquerque jail, testified that on the night of the escape he was called by telephone to the White Star saloon to take in custody men who had been cut up in a fight. Muniz found that no one had been hurt. Upon his return he discovered Jailer Arriaga handcuffed, tied to a post and bleeding from a cut in the hands.

Sheriff Romero on Stand.

Sheriff Jesus Romero said that he had seen Elfebo Baca at the jail early on the evening of November 20. Baca, he said, went upstairs to speak to the jailer and returned a few minutes later. Baca was a frequent visitor at the jail while Salazar was a prisoner, said Mr. Romero.

Under Sheriff Dick Lewis testified that Jailer Carlos Arriaga had told him that two Spanish-speaking men had hit him over the head and knocked him "clean out," one of the assistants having an automatic revolver and the other a dagger.

District Clerk Thomas K. D. Madalson testified that Porfirio Savedra had been held to the grand jury on the charge of stealing property, United States Marshal A. H. Hods-peth was the first to go on the stand, and testified that General Salazar had been a federal prisoner entrusted to the care of the sheriff of Bernalillo county.

S. L. Pinckney was called to the stand to draw a plat of the county jail in Old Albuquerque, but the defense was Johnnie-on-the-spot and offered a blue print by Pitt Rose, which was accepted by the prosecution.

It was Mrs. Otero's testimony that took up the greater part of the time today. She told of meeting Game Warden and Mrs. Trinidad C. de Baca in their automobile on Fourth street in Albuquerque, of stepping into the auto with her husband and driving to the home of District Attorney Manuel U. Vigil and there remaining for supper. This was on November 19, 1914.

Met Salazar at Ranch.

Mr. Otero, she said, went to Vigil's ranch, while she remained in the city from November 19 to November 22, on which latter date she went to Vigil's ranch and there met General Jose Inez Salazar. On November 23, she declared, she saw Vigil and Trinidad C. de Baca at the ranch and heard Salazar say to Vigil, "I must leave for Mexico on November 25."

The court room was crowded with spectators all day. Among them were Governor McDonald and quite a number of other state officials. Judge Pollock presided.

Passport Rules to Be Much More Strict

Washington, Dec. 15.—Passport regulations more stringent than those effective at present will be enforced by the state department, under an executive order issued by President Wilson and made public today.

Duplicate applications and three copies of the applicant's photograph, instead of a single application and two photographs will be required. Applicants must name the dates they expect to sail, ports of departure, names of steamers they will take and must file their applications with the department at least five days prior to sailing.

The order provides that state department agents must inspect and endorse all passports issued and that all persons leaving the United States for foreign ports must provide themselves with passports.

Job Without Pay for Those Qualified

New York, Dec. 15.—Fifteen men with "assessable personalities and a fluent knowledge of the French language" are needed to reinforce the staff of the American commission for relief in Belgium, according to a cable message received today from Herbert C. Hoover, chairman of the committee. They must be willing, however, to work without pay other than their living expenses and the "satisfaction which comes with honorable service."

No one who has been in France since the war began is eligible. Traveling expenses to and from Europe will be paid by the commission. Mr. Hoover said.

Not Ordered by Cabinet.

"I declare in the most solemn and precise manner that the death of Mr. Madero and Pino Suarez was not brought about as the result of a council of the cabinet."

On Friday, February 21, at noon, at a cabinet council, I interrogated the minister of justice and the minister of war, asking if they had any official knowledge of the detention of Mr. Madero and Pino Suarez. Their replies were negative and I thereupon urged the strict necessity of conforming with the requirements of the law. Some of the cabinet ministers spoke in similar terms and it was finally unanimously agreed that the minister of justice, after receiving the documents, should proceed in accordance with the law.

Huerta's Foul Order.

"Following this, General Huerta told us that owing to the lack of security in the apartments at the national palace, occupied by Mr. Madero and Pino Suarez, he was going to give orders for their removal from the palace to the penitentiary, where there would be additional security."

"I did not return to the national palace until after midnight, Saturday, February 22, when I was called there by the chief of Huerta staff, who informed me that a very grave event had occurred. General Huerta then told me that Mr. Madero and Pino Suarez had been killed in a fight while they were being removed to the penitentiary. He stated that as the automobile bearing them and the escort were proceeding toward the penitentiary, two armed bands opened fire with apparent purpose of freeing Madero and Pino Suarez, and that in the affray which ensued both had been killed, also two other men and a fifth man who was wounded and taken prisoner."

First Hears of Murder.

"Deeply surprised at this information, I expressed to General Huerta the necessity of making a thorough investigation which would throw all possible light on the facts and I proposed that Mr. Jose Yanguiz Tagle, chief of the department of military justice and brother of the secretary of justice in the Madero government, take direct charge of the proceedings."

A few days after General Madero told me it had not been possible to secure the services of Mr. Yanguiz Tagle during the night of February 25, and it had been determined through the agency of the matter to call upon Mr. Gonzales Suarez, whose high standing similarly entitled him to the fullest confidence.

"This declaration was published in its general lines on Monday, February 24, and on that same day I showed it to General Huerta and to the other ministers, without any observations from them."

"Such are the facts simply stated. Nobody that knows me personally or that knows the deep respect for law and human life that I have shown during my provisional presidency can suppose that I could have had any participation, directly or indirectly, in this transaction."

Unable to Marry, They Commit Suicide

Seattle, Wash., Dec. 15.—Valentina Voronts, a Russian girl, 20 years old, who lived with her mother in a house on Lake Union, was shot and killed in a row boat on the lake today and Anatole Vellif, 26 years old, also a Russian, shot himself through the head at the same time. The police at first believed that Vellif had shot the girl and then turned the pistol on himself. Later, however, they found a letter which they say was written by the girl and which said the couple had entered into a suicide agreement because of obstacles to their marriage. It is now believed that the girl shot herself, carrying out her side of the agreement.

DE LA BARRA ABLE TO THROW SOME LIGHT ON HOW MADERO DIED

Huerta Himself Gave Order for Removal of President and Vice President to Penitentiary for "Safety."

Next Day Dictator Told of Attempted Rescue

Effort to Have Tragedy Investigated Is Said to Have Met With Little Favor From Military Men.

(Associated Press Correspondence.)

Paris, Dec. 15.—Francisco de La Barra, former provisional president of Mexico and minister of foreign affairs at the time of the death of President Madero and Vice President Pino Suarez, today told the circumstances attending that tragic event—the first statement he had made on this or any other Mexican subject during the long period of turbulence and disorder in that country. Senor de La Barra came here as Mexican ambassador after retiring from the provisional presidency and later in the shift of administration in Mexico he gave up his diplomatic position and devoted his attention to private affairs. He said:

"I declare in the most solemn and precise manner that the death of Mr. Madero and Pino Suarez was not brought about as the result of a council of the cabinet."

LONDON AGAIN ANXIOUS OVER POSSIBILITY OF ZEPPELIN RAIDS

Questions Are Showered Upon Officials of Government Regarding Preparations for Defense.

City Guarded by Officer of Navy

Safety Measures Soon to Be Entrusted to Military Authorities, Is Statement of the Secretary.

(By Morning Journal Special Leased Wire.)

London, Dec. 15 (12:24 p. m.).—The public anxiety as to the defense of London against air raids again became evident at the opening of the house of commons session today. The admiralty's representative was harried by a series of questions, a part of them concerning the present position of Rear Admiral Sir Percy Scott, former commander of the coastal defense of London.

The opening question was "Can the admiralty, with a view of ensuring public opinion, state whether the provisions for the anti-aircraft defense of London and the eastern counties have been proved to be satisfactory?"

Thomas J. McNamara, financial secretary of the admiralty, replied that he could add nothing to the statement already made. In answer to a question regarding the status of Rear Admiral Sir Percy Scott, Mr. McNamara said that he was still in charge of the gunnery defenses of London, but that the transfer of the command to the war office was expected shortly and Sir Percy's continuance in that work would then be a question for examination.

Replying to another question, Mr. McNamara said that he could not make a fuller statement regarding impending changes in the personnel of the anti-aircraft service. He also declined to answer a question as to whether there had been seven or eight Zeppelin raids since October 13.

Harold J. Tennant, parliamentary under-secretary for war, made the announcement in the house of commons Monday that the anti-aircraft corps in London was in sole control of the war office and that Rear Admiral Sir Percy Scott no longer was in charge of it. Mr. Tennant said that the defense of London from aerial attacks had been under the divided responsibility of the admiralty and the war office and this fact had been the basis of many criticisms.

Carlsbad Woman Badly Hurt in Auto Accident

Mrs. Walter Pendleton, Returning From Christian Science Lecture, Seriously Injured; Car Turns Over.

(Special Dispatch to Morning Journal.)

Artesia, N. M., Dec. 15.—Mrs. Walter Pendleton, wife of a prominent local dealer at Carlsbad, was seriously injured when a large touring car was overturned south of Lake McMillan last night. Mrs. Pendleton was driving the car in which were also her two daughters, both of whom were slightly injured. They were returning from a Christian science lecture given in Artesia and after crossing the Pecos river bridge near McMillan dam Mrs. Pendleton took the wrong road.

Along in the road, where it turned north, crossing Mrs. Pendleton under the steering wheel. Another car was closely following the one driven by Mrs. Pendleton and the injured woman was taken to Carlsbad where medical attention was secured. It is not thought that Mrs. Pendleton's injuries will result fatally.

Will Fire Employees Found With Booze

(By Morning Journal Special Leased Wire.)

Denver, Dec. 15.—(Notice posted today in the mining camps of the larger coal companies in Colorado, warn employees that after January 1, when statewide prohibition becomes effective, the possession of liquor will be sufficient ground for discharge of an employee.

Figures compiled at the city hall show that only thirty-four retail drug stores held licenses to sell liquor, compared with 150 a few months ago.

INSCRIPTION FOR HOME WRITTEN BY PRESIDENT

(By Morning Journal Special Leased Wire.)

Bern, Switzerland, Dec. 15 (1:30 p. m.).—President Wilson has written an inscription for the address home bearing his name to be dedicated in elaborate ceremonies here on December 31.

Americans in Switzerland have contributed \$6,000 for three of these homes which are suitable for being transported along the frontier where Swiss soldiers are guarding the long line under rigorous mountain conditions.

The first home was named Washington, the second Abraham Lincoln and the third Woodrow Wilson.

The inscription written by President Wilson is now being carved over the door of the home. It reads:

"This home was erected by citizens of the United States as an evidence of their admiration for the hospitality and protection and of the cordial and amiable friendship which has always existed between that ancient republic and government and the people of the United States of America, a friendship based upon common principles of life, common ideals and common aspirations."

President's Defense Plan Advocated

(By Morning Journal Special Leased Wire.)

Charleston, S. C., Dec. 15.—President Wilson's defense program was outlined and supported in addresses delivered here today before the southern commercial congress by Secretary Daniels, of the navy; Henry C. Brockbridge, of the house naval committee. The day's program, devoted entirely to national defense, closed with a military and naval parade by several companies of state troops and the warships stationed in Charleston harbor.

It seems fairly well settled that the Bulgarians do not intend to invade Greece, an action which would likely cause dissensions in that country which already is uneasy over the Bulgarian occupation of Monastir. Also it is believed that the Austrians and Germans have sufficient troops available to attack the entente allies.

Wait Next Movement.

Speculation here has to do with the Germans and their intentions. They are variously reported to be concentrated near Monastir and Doiran and the Rumanian border and as preparing for an attempt to drive the entente allies from the Gallipoli peninsula. All these reports lack confirmation. One thing seems certain is the military observers, that the Germans will have to keep a close watch upon the Rumanian side, not only because of the danger of that country entering the war against them, but to meet the threat of a Rumanian invasion through Bulgaria, which, although nothing has been said of it recently, has not been lost sight of.

Alies Said to Be Ready.

Wherever the Germans attack, they will find the entente allies prepared. Saloniki is being made stronger daily and has the backing of warships, as also has the Gallipoli peninsula, where the entente positions likewise have been strengthened. The Russians are believed by the military authorities to be able to cope with any army the Teutonic countries can collect on the Rumanian border, while Egypt, which is said to be another Teutonic objective, also has been placed in a state of defense.

May Attack in West.

Although there are many persons who do not doubt that the Germans purpose to rest on their laurels in the near east for the time being and that they will make a bid for victory on the western front, persistent reports come from Holland of the concentration of German armies in Belgium and Luxembourg with the intention of striking a blow as soon as the ground permits of it. At the present moment the greater part of the country is a sea of mud in which it would be unsafe for any army to attempt an offensive. The reported concentration of Germans is believed to account for the making behind the German lines in an effort to stand the movement of troops and destroy shelters, camps and the supplies of munitions which are necessary for an offensive.

General Townsend reports the repulse of orthodox Turkish attacks against the British position at Kut-el-Amara, Mesopotamia. There have been no changes in the situation on any of the fronts.

Spirited Actions Are Reported by Paris

Paris, Dec. 15 (10:40 p. m.).—The following official communication was reported by the war office tonight:

"The usual campaign occurred on the western front. It was quite spirited in Artois and between the Somme and the Oise. In the region of St. Mihiel our guns shelled enemy aeroplanes. One of these machines, struck by our projectiles, was obliged to land in the German lines. In the Ban de Supt our artillery dispersed a column of 100 men who were changing position to the northeast of La Fontenelle. Our aviators continue to display activity. A flight of thirteen French aeroplanes bombarded the German aviation camp at Habsheim, to the east of Mulhausen. Shells dropped on the hangars reached their objective. Of the fifteen enemy machines, which claimed to be on the ground at the moment of the bombardment, five immediately took the air and attempted, without result, to give chase to our squadron."

"The Belgian official communication reads:

"Action prevailed on part of our front. To the north of Dinant and south of that town, violent artillery actions occurred on both sides. But historic Calveaux was shelled by our heavy guns. A flight of thirteen French aeroplanes bombarded the German aviation camp at Habsheim, to the east of Mulhausen. Shells dropped on the hangars reached their objective. BASEBALL WAR NEARS FINISH; TO ASSIMILATE FEDS IS PLAN

Understood That Consolidation of Gilmore Organization and National Is Basis of Agreement.

PIRATE PRESIDENT ACTS AS THE DOVE OF PEACE

Plan Agreed Upon by Older League Is Presented to Americans by Him; Envoys to Meet Soon.

By ALBUQUERQUE MORNING JOURNAL SPECIAL LIAISON WRITER.
Chicago, Dec. 15.—The end of the baseball war came in sight tonight when American league magnates at their annual session here agreed to the peace terms arranged at New York between the Federal and National leagues.

Within a few days, according to President B. B. Johnson, of the American league, the details of the agreement, which does away with the Federal as an independent league, will be arranged, the American league having consented to appoint a committee to meet envoys from the other two organizations.

The announcement of the agreement came after a session which took up most of the afternoon and at which nothing was discussed except the peace proposals of the Federal. Those agreed to at New York by the National league meeting by Harry Dreyfus, president of the Pittsburgh Pirates, who came on from the east as a messenger of peace. For an hour Mr. Dreyfus addressed the club owners.

Terms of the agreement were not made public, both Mr. Dreyfus and the magnates agreeing to keep silent, but it is generally understood that the consolidation of the National and Federal is the basis. President Johnson declared that there would be only two leagues—the American and National. To a later session was left the appointment of a committee to meet the committee of the other leagues. The joint peace session probably will take place within a week, according to Mr. Johnson at New York or Chicago.

Many details remain to be arranged. These involve the ball players who jumped from one league to another, and may result in many of the clubs getting back those who left in the war crisis.

"Peace is better than war," said Mr. Dreyfus tonight. "And I told the American league magnates so. We reached terms with the Federal league, which are agreeable to both them and the National league, and our proposition will be met with the approval of the American league. Our close relations with the American league made it desirable that complete record exist on the question and it looks as if we had reached that."

"The end of the baseball war is in sight," said President Johnson. "The plan for peace submitted by Mr. Dreyfus was agreeable to the American league according to the sense of our meeting and tonight at a later session we will appoint a committee to go over the details. It is probable the meeting of the three committees will be followed by a meeting of the National commission. The proposition for peace includes retaining two major leagues."

The peace terms as previously given out by members of both the National and Federal leagues include the purchase of a large interest in one of the New York clubs by Harry Sinclair, the purchase of the Chicago Nationals by Charles Weeghman and his associates; the sale of the Braves or Cardinals at St. Louis to Phil Ball and Otto Siebel and the amalgamation of the Brooklyn Nationals and Federal. Mr. Dreyfus said the American league leaders would verify these statements.

The peace protocol ends a war that began to attract attention last season when the Federal league broke into the American league and tried to establish itself as a new league, but not until Joe Tinker, owner of several teams with the Brooklyn Nationals had agreed to join the Chicago Federals did it look serious.

Tinker followed a number of players from both rival leagues to join the new league and its organizers succeeded in attracting additional capitalists as backers.

The new league then expanded, recruiting teams in Brooklyn and St. Louis in addition to its former circuit and one by one gathered into its fold some of the best players.

The legality of contracts brought the fight between the Federal and National leagues to the courts in several cases, the climax coming with the suit filed in Federal court by Judge Landis about a year ago. This case came to trial last January, but Judge Landis has never handed down a decision and some baseball men thought he was hoping for the success of peace negotiations since during the trial he declared he was against anything "tending to tear down this structure known as baseball."

Following the trial peace terms were broached and several meetings between representatives of the rival factions were held. The first tangible results followed a meeting which took place in the east during the world's series, and which led, it is believed, to the terms which finally the magnates agreed to.

Kauff Best Fed League Batter

According to the official batting averages of the Federal league, just made public, Henry Kauff, of Brooklyn Federal star, led the league in stick work with the exception of Wilson, who played with both Brooklyn and Buffalo, but participated in only a few games. Kauff batted the horsehide for an average of .344.

NATIONALS NOT OVER-CONFIDENT OF ENDING WAR

Some Terms Savor of Those That Victors Might Impose, Which Doesn't Please Older League, It's Said.

By ALBUQUERQUE MORNING JOURNAL SPECIAL LIAISON WRITER.
New York, Dec. 15.—National league magnates attending the annual meeting of the club baseball officials here, while refusing to be quoted officially, made it plain tonight that they were not over-optimistic that the National league would agree finally to the peace proposals promulgated at the recent conference of National and Federal league officials and presented at Chicago today to the American league by President Johnson of the Pittsburgh Pirates.

"The conditions of the peace agreement submitted by Mr. Dreyfus, president of the Federal league, were agreeable to the sense of our meeting and tonight at a later session we will appoint a committee to go over the details. It is probable the meeting of the three committees will be followed by a meeting of the National commission. The proposition for peace includes retaining two major leagues."

The peace terms as previously given out by members of both the National and Federal leagues include the purchase of a large interest in one of the New York clubs by Harry Sinclair, the purchase of the Chicago Nationals by Charles Weeghman and his associates; the sale of the Braves or Cardinals at St. Louis to Phil Ball and Otto Siebel and the amalgamation of the Brooklyn Nationals and Federal. Mr. Dreyfus said the American league leaders would verify these statements.

The peace protocol ends a war that began to attract attention last season when the Federal league broke into the American league and tried to establish itself as a new league, but not until Joe Tinker, owner of several teams with the Brooklyn Nationals had agreed to join the Chicago Federals did it look serious.

Tinker followed a number of players from both rival leagues to join the new league and its organizers succeeded in attracting additional capitalists as backers.

The new league then expanded, recruiting teams in Brooklyn and St. Louis in addition to its former circuit and one by one gathered into its fold some of the best players.

The legality of contracts brought the fight between the Federal and National leagues to the courts in several cases, the climax coming with the suit filed in Federal court by Judge Landis about a year ago. This case came to trial last January, but Judge Landis has never handed down a decision and some baseball men thought he was hoping for the success of peace negotiations since during the trial he declared he was against anything "tending to tear down this structure known as baseball."

Following the trial peace terms were broached and several meetings between representatives of the rival factions were held. The first tangible results followed a meeting which took place in the east during the world's series, and which led, it is believed, to the terms which finally the magnates agreed to.

SOLDIERS AND HUNTERS KILL ANTELOPE, REPORT

Reports received by the recently organized game protective association from A. M. Zachau, forest supervisor at Fort, assert that the remnants of antelope in the southwestern corner of the state have suffered severely from the border patrols of soldiers who have been operating in that country. One herd in the Animas valley has been reduced from twenty-five to three head in the course of the year. The local protective association will immediately take the matter up with the army officials and the state game warden with a view of securing relief.

COOKING CONTEST FOR THE BENEFIT OF THE CITY'S POOR

The manufacturers of "Pure Best" baking powder will hold a cooking contest on Saturday, December 18, at Grinnell's. All who wish to enter must have their cakes, etc., delivered at Grinnell's, not later than 11 o'clock a. m. of that day.

The following prizes will be given:
For the best loaf cake \$5.00
For the best layer cake 5.00
For the second best loaf cake 3.00
For the second best layer cake 3.00
For the best doughnuts 2.00
The judges of this contest will be selected by the ladies of the Civic betterment league, and all cakes, etc., entered will be donated to the benefit of distribution among the poor, or disposed of in such way as the league may determine.

The only rule governing the contest is that "Pure Best" baking powder must be used exclusively in the baking of all the cakes, etc., entered, and a statement to this effect, must accompany the entry.

APPROPRIATION ASKED OF COUNTY TO KEEP STATE BUILDING OPEN

By A. Reed, secretary of the New Mexico board of managers of the San Diego extension, yesterday asked the county commissioners to appropriate \$4,000 to keep the New Mexico building open while the exposition continues. Mr. Reed said it was necessary to raise \$15,000 for this purpose. Federal money's share of the expenses would be \$1,000. The commissioners took the matter under advisement.

It was reported to the commissioners that the New Mexico building is being used as a warehouse for the exposition. The commissioners are considering the matter.

MUSICAL PROGRAM OF WOMAN'S CLUB TO BE GIVEN FRIDAY NIGHT

In the original announcement of the musical entertainment to be given at the Woman's club building this week it was erroneously stated that the entertainment would be Friday afternoon. The program will be given Friday evening, and an array of talent will be presented that is sure to prove most attractive to music lovers of Albuquerque.

The small sum of 25 cents will be charged for admission, the proceeds to be devoted to the general fund of the club.

CONVICT CAMPS TO BE SET UP IN TIJERAS CANYON

State Engineer French Said to Be Coming Here Today to Pick Sites for Road Building Headquarters.

To pick sites for convict road camps in Tijeras canyon, State Engineer French will come here today to pick sites for road building headquarters. According to Mr. French, the camps will be located in the Tijeras canyon road, which enters the city over East Central, a part of the Camino Real.

The matter taken up in the conference was the removal of the dump on East Central avenue. The state highway commission is interested because the Tijeras canyon road, which enters the city over East Central, is part of the Camino Real.

The grading down of the dump on East Central will be necessary for another reason than that the state highway commission has in view. The proposed university extension of the Tijeras valley cannot be made until an easy grade is obtained. It is understood that the extension is practically certain, though official confirmation is lacking. Opposition to the extension on East Central was said to amount to practically nil.

Maintenance Plan Pleases.
The state highway commission was pleased with the Bernalillo county road board's method of maintaining state roads in the county. The board has four teams constantly at work repairing highways. The same plan is practiced in Dona Ana county.

MUNN WAS HERE 20 YEARS AGO AS GOULD'S DOCTOR

Y. M. C. A. Leader Recalls That Private Car Stood on Spur Adjacent to Association Building Site.

When Dr. John Munn, of New York, chairman of the railway department of the Y. M. C. REED HOLLOWMAN IS PRESIDENT OF BAR ASSOCIATION

Santa Fe Gets Next Gathering Which Is to Be Held in August, 1916; Interesting Papers Are Read.

The election of Reed Hollowman as president, the selection of Santa Fe as the next convention site, the adoption of resolutions to the late Harvey B. Ferguson and Judge Edward A. Mann, and the reading and discussion of a number of papers on subjects of interest to the bar, were the features of the annual meeting of the New Mexico bar association, which was held in the parlors of the Commercial club yesterday.

The association was called to order at 10 o'clock yesterday morning by President M. E. Hickey, and the address of welcome was delivered by A. B. Stroup. Five new members were added to the roll of the association, among them being John P. Simms and Albert M. Simms, of Albuquerque. Mrs. Nellie Brewer Pierce submitted her report as secretary and treasurer of the organization, and George S. Klock, secretary, advanced the idea that the annual meetings of the association should be held in the state capital.

Afternoon Session.
At the afternoon session President M. E. Hickey delivered his annual address, the principal point of which was the suggestion for the appointment of a public defender to represent indigent defendants in criminal cases, a system which was first established in Los Angeles. Mr. Hickey did not make any positive recommendation on the subject, but called the matter to the attention of the lawyers for such consideration as they might think it worth.

A spirited discussion followed. George S. Klock, A. B. McMillen, Neil B. Field, Francis C. Wilson, Lawrence P. Lee and Chief Justice Clarence J. Roberts taking part. Judge Roberts favored the plan of letting the accused select his own attorney and allowing a reasonable fee to the attorney for his services, provided that this would be more economical and more satisfactory from every standpoint than the creation of the office of public defender.

Memorial Read.
Beautiful tributes were paid to the memory of former Congressman Harvey B. Ferguson and the late Judge Edward A. Mann. These came in the form of memorials presented by committees appointed at the morning session. The memorial to Mr. Ferguson was read by E. P. Davies, of Santa Fe, and that to Judge Mann by Chief Justice Clarence J. Roberts. The reports of the committees were unanimously adopted.

The enactment of an employers' liability law, modeled after the New York statute, which divides the burden between the employer, the employee and the state, was advocated in a paper read by T. P. Barnett, of Gallup. The discussion which followed was participated in by C. M. Batts and A. B. McMillen.

President Hickey next gave a historical review of the state bar association, telling of its organization in Santa Fe in 1886 and of its subsequent activities. Of the original members of the association (there are living today Attorney General Frank W. Clancy, former Governor L. Bradford Prince, Benjamin M. Reed, Col. W. M. Berger and Neil B. Field).

C. M. Batts, of Albuquerque, read an interesting paper on the history of the bar association and outlined the work that the association has before it. He advocated the appointment of a committee to consider the feasibility of establishing a law magazine for New Mexico attorneys, and was himself appointed chairman of such a committee, with power to name the other members.

Election of Officers.
The election of officers came next in order, the following being named without opposition: President, Reed Hollowman, of Santa Fe; vice president, Francis C. Wilson, of Santa Fe; C. M. Batts, of Albuquerque; Herbert B. Holt, of Las Cruces; A. J. Lucas, of Las Vegas; John W. Armstrong, of Carlsbad; W. B. Walton, of Silver City; James C. Fitch, of Socorro; and Judge D. H. Leahy, of Las Vegas. Mrs. Nellie Brewer was unanimously elected to succeed herself as secretary and treasurer of the association, and the date of the next convention was fixed for some time in August, 1916, the exact time to be decided and announced later by the executive committee.

Francis C. Wilson, of Santa Fe, moved that the meeting of the association next year be held in the capital city.

Banquet Last Night.
The closing of the bar association meeting came last night when some thirty-five members of the organization gathered at the banquet table at the Alvarado.

President M. E. Hickey officiated as toastmaster, and in his usual graceful and witty style introduced the various speakers. Interesting talks were given by Chief Justice Clarence J. Roberts, H. L. Parsons, of Fort Sumner, Francis C. Wilson, of Santa Fe, Neil B. Field, Mrs. Nellie Brewer, E. P. Davies, of Santa Fe, and Reed Hollowman, of Santa Fe, the newly elected president of the association.

HAIG SUCCEEDS GENERAL FRENCH AS COMMANDER OF BRITISH ARMY

New Head of Expedition in France and Belgium Has Notable Career in Military Service of England.

HIGHLY PRAISED FOR CONDUCT AT MONS

Change Made at Request of Field Marshal, Who Has Been Under Incessant Strain Since Hostilities Began.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
London, Dec. 16 (12:15 a. m.)—Field Marshal Sir John French, who at his own request has been relieved of the command of the British forces in France and Flanders, has been succeeded by General Sir Douglas Haig, since the landing of the expeditionary forces Sir Douglas Haig has been repeatedly mentioned in dispatches by his chief, whose place he now takes. The change had been expected for some time and it was announced in the house of commons yesterday (Wednesday) that a statement would be published immediately.

Sir John French becomes commander-in-chief of the British army in the West. For his sixteen months' service at the front he has been created Viscount of the United Kingdom. Although many had been mentioned as possible successors of Field Marshal French, including that of the Earl of Connaught, the appointment of Haig was anticipated in the best informed circles.

Haig Is Younger

Sir Douglas Haig is nine years younger than his former chief, and won his spurs as a cavalry officer. His first command was in the South African war, and as has been the case with most British officers of higher rank, he saw service in the Sudan, India and Africa. He was chief staff officer to Sir John French during the campaign in the West. The British cavalry had a difficult task in trying to round up the mobile Boer commanders. Later he was given command of a group of columns and after the South African war, he made inspection general of cavalry in India, one of the most coveted commands for cavalry officers in the British service.

After a few years of staff duty in England he became chief of staff in India, and at the outbreak of the war was general officer commanding the 1st Cavalry Division. From there he took the first army to France.

Promoted for Valor

In November of last year Sir Douglas was promoted to the rank of general for distinguished service in the field. Field Marshal French, in his dispatch to the British war office describing the famous retreat from Mons, credited his corps with a difficult position at Landrethun.

"I need urgent measures to the two commanders of the French reserve division, coming up to the assistance of the first corps, which they eventually did," said the field marshal's dispatch. "But owing to this assistance, but mainly to the skill, courage and energy of Sir Douglas Haig, who was in command of an exceptionally difficult position in the darkness of the night, they were able to resume their march south, towards Wazir, on the 23rd."

General Haig is a Scotsman. He won his first honors under General Kitchener in the Sudan, where he was promoted to a brevet major on the field for gallantry at Atbara and Khartoum.

Revered of French. Field Marshal Sir John French had been in charge of the British forces on the continent since the outbreak of the war. He is one of the best known of the British soldiers and always has had the reputation of being a shrewd and daring leader of men. Sir John was born in 1857. He served four years in the navy, but not liking the sea, he joined the militia and through it entered the army.

He has won many honors. During the famous Tait's expedition in March of 1914, Field Marshal French, then chief of staff of the British army, resigned his commission. He was one

Don't Merely "Stop" a Cough

Stop the Thing That Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore when you cough, don't cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—heat the inflamed membranes. Here is a home-made remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2½ ounces of Pine (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 24 cents. No bother to prepare. Full directions with Pine.

It heals the inflamed membranes as gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pine is a highly concentrated compound of Norway pine extract, rich in essential oil, and is famous the world over for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "24 cents of Pine," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pine Co., Ft. Wayne, Ind.

FAVORS U. S. TO GRABBER MEXICO ENRAGE

Madera Company Fails to Pay Ransom and Fate of Thirty Employees and of Big Mills Is Unknown.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
El Paso, Tex., Dec. 15.—A train bearing about 200 Mexican troops and equipment from El Paso, Tex., arrived early today and late tonight was awaiting orders from General Carranza to proceed.

No official notice of the coming of the train has been received by the Carranza committee, the military at Fort Bliss, or the various United States officials. The Carranza officers in charge of the detachment of the Mexican army, which arrived here, toward the United States government, failed to the shipping of Carranza forces through the United States to Agua Prieta a month ago.

Villa Vengeance Suggested. It was openly stated that General Villa could not be blamed if he would take the opportunity to hold Carranza in silver of wages paid to Mexican troops during six months in Villa Park, per cent, about \$50,000. In addition there are about 200 Americans in the camp, and it is also believed that Carranza would also be a victim of the attack.

It was said that General Villa had been promised to ship the Madera people to the border by a special train when the news of the arrival of the Carranza force was received. It was believed by Carranza officials that Villa might issue an order that no Americans leave the camp.

\$500,000 Demanded Not Paid. The time limit given the Madera Co., Ltd., a Pearson property, for raising a forced loan of \$500,000 for the immunity of their mills, expired today without the money forthcoming. Communication with Madera having been cut today, it was not known whether Villa had destroyed the property. It was learned that Villa had also threatened to scrap the Mexican Northern railway, another Pearson property, and sell it for junk through Juarez in the United States. All of the rolling stock of the railroad is concentrated in central Chihuahua.

No Protection for Americans. Advises to the Carranza military headquarters were that General Manuel Medina, chief of staff of General Villa, had arrived at Madera and that the commander of General Jose Rodriguez's command had reached Casas Grandes from Sonora. General Villa himself was said to have taken a flying trip to Guerrero, his home town in western Chihuahua.

The "protests" of General Villa, issued at Nogales, November 5, against the moving of Carranza troops through the United States, was posted afresh on walls in prominent places of Juarez today. In it is a virtual declaration that he and his followers were no longer responsible for the lives or property of Americans because of the course of the United States having permitted the transportation of Carranza troops north of the border in addition to recognizing Carranza as the de facto government.

LARGE ATTENDANCE AT THE MINTOSH FUNERAL. An unusually large attendance was present at the Presbyterian church yesterday afternoon for the funeral of William McIntosh, the Estancia valley sheep raiser who died Sunday at Santa Fe. Friends of Mr. McIntosh came from out of the city.

The Rev. Hugh A. Cooper, pastor of the church, officiated at the church and the Masonic Elton lodge services were held at the Elton Fairview cemetery. The Elks, Eastern Stars and Masons attended in bodies.

BANKERS WANT FEDERAL CURRENCY ACT AMENDED. (BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Dec. 15.—Representatives of the national bank association were given a hearing today by the federal reserve board to suggest amendments to the federal reserve act and other legislation which would have an indirect connection with the operation of reserve banks. The bankers urged legislation to provide for uniform bills of lading, changes in reserve requirements, and a provision that acceptances based on domestic business may be rediscounted by reserve banks. Only acceptances based on the importation or exportation of goods now are rediscountable.

The board has not yet determined whether it will make any recommendations to congress for legislation.

Results from Journal Want Ads. A Remedy For All Pain. "The efficiency of any drug," says Dr. C. F. Robinson, "is known by the results we obtain from its use. If we are able to control pain and disease by means of any preparation, we are certainly warranted in its use. One of the principal symptoms of all disease is pain, and this is what the patient most often applies to us for, i. e. something to relieve his pain. If we can arrest this promptly, the patient is most liable to trust us for the other remedies which will effect a permanent cure. One remedy which I have used largely in my practice is Anti-kama Tablets. Many and varied are their uses. I have put them to the test on many occasions and have never been disappointed. I found them especially valuable for headaches of malarial origin, where quinine was being taken. They appear to prevent the bad after-effects of the quinine. Anti-kama Tablets are also excellent for the headaches from impure digestion; also for headaches of a neuritic origin, and especially for women subject to painful certain times. Two Anti-kama give prompt relief, and in a short time the patient is able to go about as usual. These tablets are also used in the treatment of all A-K Tablets. They are also successful for headaches, neuritis and all pains.

COTTON MONOPOLY IN CHINA IS SUSPENDED. (Associated Press Correspondence)
Peking, Nov. 2.—President Yuan Shih-kai has approved a memorial which cancels the thirty-year monopoly of cotton weaving and spinning in the provinces of Chihli, Shantung and Honan, which was recently granted to the Hui-Hsin Weaving company. Behind this memorial lies an interesting international complication. As soon as the announcement of the monopoly was made Japan protested, insisting that the rights of foreigners in the three provinces were agreed to by the monopoly. It was also said to violate French treaties dating back to the middle of last century.

LIABILITIES \$975,000; ASSETS ONLY \$1,000. (BY MORNING JOURNAL SPECIAL LEADER WIRE)
London, Dec. 15 (1:14 p. m.)—The Duke of Manchester was today adjudged a bankrupt.

The Duke of Manchester's liabilities were returned at £135,539 (about \$975,000) with assets valued at £200 (\$1,000). It was stated during the bankruptcy proceedings that a little more than half of the total liabilities had been fully secured.

UNITED STATES UNJUST NATION, SAYS MRS. SHAW

Uncle Sam Is Severely Scored for Failure to Grant Votes to Women When Requested to Do So.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Dec. 15.—The arraignment of the United States as unjust to women because it denies justice to its own women marked the forenoon speech today of Dr. Anna Howard Shaw, retiring president, before the annual convention of the National American Woman Suffrage association.

"No one will deny," said Dr. Shaw, "that the real cause of the war was the injustice and selfishness which permits governments as well as individuals to ignore their obligations and duties to each other. But now the United States is said to be in a superior position? How can it plead for justice in Europe when it denies justice to its own women?"

How can it claim that written agreements between nations are binding when it violates the fundamental principles of its own national constitution which declares that the rights of citizens to vote shall not be denied or abridged by the United States or by any state? Is it true that the United States constitution, too, is but a scrap of paper to be repudiated at will?"

When Dr. Shaw concluded amid great applause the association amended its by-laws to make her honorary president for life. She has served for twelve years and some time ago gave notice that she would retire at this convention.

A petition said to have been signed by a majority of the convention delegates was presented during the day to Mrs. Carrie Chapman Catt, of New York, asking her to accept the presidency. She said she would accept if the Empire state campaign committee, of which she is chairman, consented. Officers will be nominated tomorrow and elected Friday.

Sandoval Tax Rolls In. Santa Fe, Dec. 15.—Sandoval is the eighth of the twenty-six counties to send its tax rolls to the state tax commission. It will be checked over tomorrow. Only three of the rolls, those of Santa Fe, Colfax and McKinley counties, were found to be correct while the rolls of San Miguel, Taos, Socorro and Mora counties had to be returned for correction. This will delay tax collections still further during the next few months.

SAYS POLYGAMY IN PHILIPPINES MUST CONTINUE

Moros Regard Plural Marriages as Mark of Distinction; Bloodshed Would Follow Law Against Custom.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Washington, Dec. 15.—(By Ag. Ann) Frank McIntyre, chief of the bureau of insular affairs, told the senate Philippines committee today that polygamy could not be prevented in the Philippines without great bloodshed and recommended that a paragraph prohibiting plural marriages be eliminated from the pending bill to give the Philippines a greater degree of self government.

The general anti-polygamy law, general among some of the Moros, the weathered classes regarding many senses as a mark of high distinction. He suggested that a paragraph providing that no law should be enacted which permitted plural marriages be eliminated from the pending bill to give the Philippines a greater degree of self government.

For the purpose in the bill's preamble that independence will be granted when the Filipino people are fitted for it, General McIntyre submitted the substitution of a promise of independence, which in the judgment of the United States it would be to the permanent interest of the people of the islands who, he said, had subjected to being denominated as even temporarily unfitted for independence.

The proposed creation of a bureau to have charge of the Christian tribes also was objected to, the general declaring that experience had failed to develop the expected antagonism between the non-Christian tribes and the native Filipino officers.

JURY SELECTED FOR TRIAL OF ESCAPE CASES

Twelve Spanish-Americans to Decide Whether Efigio Baca and Co-defendants Conspired to Liberate Gen. Salazar.

(SPECIAL CORRESPONDENT TO MORNING JOURNAL.) Santa Fe, Dec. 15.—Judge Holbrook, in the federal court yesterday, fixed the Santa Fe Highway company jury in each of two cases in which the road had been found guilty of violating the twenty-eight-hour law in reference to the transportation of livestock.

Judge Payne stated an order calling a special term of the federal court to convene in Albuquerque, February 7.

The empaneling of the jury in the case of the United States vs. Efigio Baca et al. was concluded last evening. After selecting the jury the court adjourned until this morning at a week. The jurors are all Spanish-Americans, as follows: Juanito Lugo, Santa Fe; Martinez Delgado, Las Vegas; Alfredo Arriola, San Marcos; Manuel D. Pineda, Pecos; Juan Otero, Chubbuck; Jose Garcia, Pecos; Francisco S. Baca, Las Vegas; Victor Pineda, Jr., Albuquerque; Juan Vigil, Las Vegas; Francisco Alvarado, Santa Cruz; Leonardo Valdez, Park View; and Federico Torres, Chubbuck.

Jose B. Otero, deputy jail and prison warden, who is to be one of the principal witnesses, returned tonight from Los Angeles in answer to a summons issued by the court.

YEGGS MISCALCULATE SANTA FE PAY DAY

(SPECIAL CORRESPONDENT TO MORNING JOURNAL.) Montalban, N. M., Dec. 15.—This morning at about 2:30 a clock the case of the Montalban Lumber company was being open and reheard. The barbers evidently expected to get the money that is used for coining Santa Fe railroad checks, but being one day too early they got very little, only some change and some checks.

The job was evidently done by professional nitroglycerine being used to open the safe, the latter door being pried open with a crowbar, which was left in the mark of the Santa Fe.

No damage was done the building by the explosion. The chief loss is the safe, which was a good one.

So far there are now eleven left in the burglary.

Entrances is thought to have been gained by the use of a skeleton key.

STOCK EXCHANGE DISTURBED OVER SLUMP IN BONDS

Anglo-French Five Per Cent Issue Drops Nearly to 94; Market Is Weak Generally Throughout Session.

(BY MORNING JOURNAL SPECIAL LEADER WIRE.) New York, Dec. 15.—The one over-riding and somewhat disturbing feature of today's professional market was the fall in Anglo-French 5 per cent war bonds to 94 1/2 for regular and future deliveries. These quotations represented a decline of 7 1/2 points from the price of general offerings and a drop of 2 1/2 under the available or underwriting price. Expiration of the sixty-day syndicate agreement, which precluded freer and unrestricted offerings before today, was the signal for a general selling movement which had its inception at the outset of the session and continued with little interruption in the close before which they recovered to 94 1/2. Total sales amounted to \$2,469,000, or about 20 per cent of the day's business in the bond division.

Dealings in stocks were nominal, aside from the feverish activity of American like Texas company, Mexican and California petroleum, Standard Oil and a few of the recently active war group.

United States steel was under pressure at all times, rising and falling with narrow limits and closing at 84 1/2, a decline of 1/2.

Bonds, as a whole, were heavy, in sympathy with the weakness of Anglo-French issue. Total sales, par value, amounted to \$2,750,000.

United States registered 4 1/2 advanced 1/2 of 1 per cent on call.

FARMERS SHOULD SEND WORD THAT THEY ARE COMING

Commercial Club Wants to Know How Many to Provide for at Luncheon to Be Held Next Monday.

The farmers who expect to attend the luncheon to be given at the Commercial club next Monday should send in their names at once either by letter or telephone, as a large crowd is expected, and the club must know how many to provide for.

At the last lunch, nearly sixty were present, and it was only because the club took the precaution to provide for a number more than were actually expected that it was possible to serve all those who came. Because of the interest taken in the matter of a county agent, a larger crowd is expected Monday than was present at the last lunch. In order to arrange a suitable luncheon for the serving of the farmers, the club must know by Friday night how many expect to attend.

The petitions which were taken out to be signed up on the proposition of securing a county agent are due to be returned Monday at the lunch. The club officers urge those who took the petitions to see that they are well signed by Monday, at least by a sufficient number to give further encouragement to the work of raising money to secure an agricultural agent.

It is shown that the farmers themselves want such an agent, it will be impossible to get anything more to be done for the county. If, on the other hand, the petitions are not signed by Monday, the efforts to secure one will be continued until they are successful.

The matter of providing lectures for the farmers of the valley weekly in the club rooms will be taken up and discussed in detail with regard to the best time of holding the lectures and how often.

FOUR GET NAMES ON COMMERCIAL CLUB'S ROLL THE FIRST DAY

The Commercial club's roll of honor got its start yesterday when J. E. Clendell brought in a new membership early in the morning and then followed up the good work by sending in the second application in the afternoon. In the meantime, however, three others had secured places on the roll by bringing in members, the other three to get their names on the roll the first day being W. G. Dorff, F. S. Donnell and Thomas Hubbell, Jr.

There is room upon the present roll which hangs in a prominent place on the club walls, for about twenty names. The club desires to have the roll filled by the end of next week that it may be forced to add a supplement and an addition. The roll will be maintained until New Year's and every member is asked to go out of his way for a few minutes some one day to secure one new member for the organization.

This is not the only method being used to increase membership, although the club officials feel that the time will be more opportune after the holidays than now to ask the business men of the city to give any time to public work. Special committees will be asked to give an hour each day to the membership work after the first of the year. In the meantime the club officers will be gathering in all who can be reached at this time. If the present rate can be maintained the club will have a membership of 400 by January 1 and with a little extra effort made after the holidays, the membership will reach 500 in a short time.

"SALVATION NELL" IS ATTRACTION AT THE PASTIME THEATER TODAY

The photoplay "Salvation Nell" is based on Edward Sheldon's successful drama of the same name and clearly traces its source of inspiration to "All Sorts and Conditions of Men," written by the late Walter Besant on the topic of early days of the Salvation Army in London, where it was founded in the 60's by the late "General" Booth.

Booth set out to rescue the submerged tenth in London's vast East-end—conquered of crime, poverty, disease, all nearly caused by drink. "Salvation Nell," the modern play, illustrates conditions in New York which Booth saw, and started to grapple with in the old world, long before Mr. Sheldon produced his play. Still every credit is due Mr. Sheldon. For long "Salvation Nell" was loved at its premiere, were called and staged. The older religionists noted it "That's what they all do when anything new and progressive comes along. Don't blame them, it's human nature."

Beatriz Michelena has the part of Nell who after all her vicissitudes and hard conditions is redeemed by the Army. The photoplay makes a wide appeal and is very well and carefully produced with a strong supporting cast.

To be seen at the Pastime Theater today. It is a remarkable photoplay.

All new today—Crystal.

The Alvarado hotel will give a dinner dance December 31. Tickets admitting lady and gentleman will be on sale in a few days. All reservations must be made on or before December 31.

Gift Things for Men

THE CHRISTMAS SPIRIT IS THE SPIRIT OF GIVING. THE SENSE OF DOING SOMETHING FOR SOMEBODY ELSE TO WHOM WE WANT TO GIVE PLEASURE.

Men Appreciate Practical Gifts

—THINGS TO WEAR MOSTLY. IT DOESN'T MAKE MUCH DIFFERENCE WHAT YOU PAY FOR THE GIFT—MUCH OR LITTLE DOESN'T COUNT. IT'S THE SPIRIT BACK OF THE GIFT.

The Pictures Offer Suggestions

—BUT YOU MUST COME HERE AND SEE FOR YOURSELF. THE MANY USEFUL, MODERATELY PRICED THINGS WE HAVE FOR MEN. DO IT TODAY.

SUITS AND OVERCOATS

\$15, \$18, \$20, \$25 UP

It is only natural that at Christmas time, for the holidays you should want to appear at your best. Dressed in—

Hart, Schaffner & Marx
Clothes

—you'll feel cheerful and look so; you'll have the Christmas spirit; you'll find more real enjoyment.

Call and see Varsity Fifty-Five, the stylish suit, and Varsity 600, the stylish Overcoat.
