RODEY THE MAN!

By Acclamation He Is the Nominee.

It Will Be Delegate Rodoy After November.

Marron in the Field Against the Republican Nominee.

OTHER TELEGRAPHIC NEWS.

Special to The Citizen.
Santa Fe, N. M., Oct. 4.—Solomon Luna having declined to accept the republican nomination for delegate, the convention caucus decided in favor of H. S. Rodoy.

F. A. Hubbell declined to be a candidate and the Bernalillo county delegation worked hard in caucus for Mr. Rodoy. Mr. Hubbell led the fight in favor of Mr. Rodoy. J. M. Griffin made a remarkably eloquent speech for Rodoy and all the candidates withdrew in Mr. Rodoy's favor.

The convention is now closing up the details of the convention.

A remarkably enthusiastic demonstration was made for Rodoy, when he was nominated by acclamation. Catron, Prince, Twitcheil and Spies all making eloquent speeches.

RODEY WILL SPEAK.

Special to The Citizen.
Santa Fe, Oct. 4.—Hon. B. S. Rodoy, the republican nominee for delegate to congress, will address a big ratification in the plaza of Santa Fe to-night.

DEMOCRATIC CONVENTION.

Special to The Citizen.
Santa Fe, N. M., Oct. 4.—The territorial democratic convention organized to-day with H. B. Ferguson, chairman.

Larrazola, of Las Vegas, and O. N. Marron, of Albuquerque, are mentioned as the leading candidates for the nomination for delegate to congress. The convention will probably close up its work this evening.

POLITICAL NEWS.

Valentine, Neb., Oct. 4.—Gov. Roosevelt and party arrived here at 7 o'clock this morning. A large crowd, composed largely of cattlemen, assembled to hear Roosevelt speak.

Atkinson, Neb., Oct. 4.—The usual troop of mounted cowboys and citizens collected around the depot at Baggett, this morning where Gov. Roosevelt spoke.

Canton, Ohio, Oct. 4.—President McKinley arranged to go to Washington to-day. Mrs. McKinley will accompany him.

Boston, Oct. 4.—The republican state convention made the following nominations: Governor—Winthrop Murray Crane; lieutenant governor, John I. Bates; secretary of state, Wm. M. Quinn; state treasurer, Edward B. Bradford; attorney general, H. M. Knowlton. These are all re-nominations.

East Mine's Strike.
Scranton, Pa., Oct. 4.—In spite of every preparation made by the Delaware, Lackawanna & Western company to get at least one of its collieries into operation to-day, it was unable to do so. The strikers pay no attention to a proffer of 10 per cent advance, which the company said applied only to men who returned to work to-day.

According to General Superintendent Luther's report to President Harris, of the Reading company, three additional collieries of that company failed to start this morning. This leaves only

WERE INTOLERANT

Such Were Missionaries in China.

Bogus Edicts Cause Villages to Be Plundered.

Germany Has Prepared Proposals for the Powers.

OUR GOVERNMENT'S REPLY.

Paris, Oct. 4.—The International Congress of Peace resolved that the action of missionaries in China was often intolerant; that their religious propaganda should not be backed up by diplomatic or military forces; that they should go to China at their own risks and perils; that Europe should abandon any religious protectorate over China; that forcible annexation of territory, especially that held sacred by the Chinese, should cease; that the powers should attempt to establish a stable native government, capable of undertaking internal reforms and that the "open door" for honest commerce of the world on equal terms is the only policy which gives any guarantee to that country's future peace stability.

RIOTERS PLUNDERING VILLAGES.

Hong Kong, Oct. 4.—The whole delta land between Canton and the west rivers is in a state of dangerous lawlessness in consequence of the circulation of bogus edicts telling of the defeat of the allies and machinations of secret societies. The rioters are plundering villages, especially converts houses. The British and French gunboats are patrolling the waterways. This has a salutary effect, preventing attacks on the steamers.

SURRENDER TO BRITISH WARSHIPS.

Tien Tsin, Oct. 1.—The British official reports announce that Shan Hai Kuan surrendered to a British warship on September 29th. Three British regiments leave October 2d to garrison Shan Hai Kuan and Chung Thien Si Tachien, and to take possession of the railroad. General Chaffee left here for Peking.

GERMAN'S PROPOSALS.

Berlin, Oct. 4.—The foreign office issued the following note:
"The emperor of China addressed the powers an edict, dated September 29th, in which he orders the punishment of a number of princes and dignitaries mentioned by name, for having encouraged the Boxers. On the assumption of the edict as genuine, the German government, in furtherance of its policy, proposed in its circular note of September 17th, has further proposed to the powers to come to an agreement to instruct their diplomatic representatives in China to give their opinion on the following points:
"1.—Whether the list contained in the edict of persons to be punished is sufficient and correct?
"2.—Whether the punishments imposed meet the case?
"3.—In what way the powers can control the carrying out of penalties imposed?"

Information received up to the present concerning the reception of these proposals by the powers, justifies the belief that a general understanding of this matter may be looked for.

OUR GOVERNMENT'S REPLY.

Washington, Oct. 4.—The United States government has taken decisive steps in the development of the Chinese situation in a note delivered today by Secretary Hay to the German charge d'affaires, Baron Speck von Sternberg. In the note favorable action by this government on Germany's latest suggestion concerning the punishment of Chinese criminals is expressed, and announcement is made that United States attorneys sent instructions to Minister Conger that he should leave the names of Chinese offenders to be punished, also whether the punishment to be administered is adequate to their offenses and finally whether punishments were actually administered. The American note is considered the most important in the establishment of complete unity between the United States and Germany.

OFFICIAL RECEPTION.

Peking, Sept. 29.—The commanders of the international forces are arranging for a combined official reception to Field Marshal Count Von Walderby. A detachment of mixed cavalry will escort him from Tun Chow to this city.

Members of diplomatic corps here are still of the opinion that only Prince Ching and Li Hung Chang can be recognized as peace negotiators.

WILL HONOR THE DEAD.

Taku, Oct. 1.—The dowager empress, the deputed highest official of the empire, will make all the necessary arrangements for the most important funeral in honor of Baron Von Kettler, the late German minister to China. She also ordered the erection of a suitable

temple at the capital to his memory. The superintendent of trade at Tien Tsin has been ordered to meet the body on the arrival here and the highest officials will pay the highest honor to the dead.

DUTCH WAR VESSELS.

Shanghai, Oct. 4.—The Dutch warships, Geuzend and Holland, have suddenly been ordered to Swatow and Amoy respectively.

FRANCE'S PROPOSAL.

Washington, Oct. 4.—M. Thiebaut, the French charge d'affaires to-day presented Secretary Hay the proposition from his government relative to the settlement of China. The terms are withheld pending consideration by the president, but it is admitted that they provide for the further sale of firearms and munitions of war to China, that Chinese fortresses be razed, and the punishment of Chinese ringleaders, to proceed simultaneously with negotiations for settlement.

ATTACKED THE BOXERS.

London, Oct. 4.—A dispatch from Shanghai under date of Oct. 3 says: The Chinese report that 2,000 Boxers attacked two battalions of Germans at Kau Kuen near Peking. The Boxers lost 400 men, Germans five. The latter are now said to be burning the Boxers' villages around Peking.

BULLET IN HIS HEAD.

Jose Salinas Went to Las Cruces to Shoot Himself.
A special dispatch from Las Cruces to the El Paso News says: A Mexican of about thirty years, arrived here from El Paso Saturday night and registered at the Rio Grande hotel, under the name of Jose Salinas. He claims to be the son of a senator from Mexico. He committed suicide in his room at the Rio Grande hotel last night. He was not discovered until about 9 o'clock this morning, with a six shooter gripped tightly in his right hand and a bullet hole in his forehead.

MARK TWAIN WILL RETURN.

He Says That an Anglo-American Pact Exists.
New York, Oct. 4.—Mark Twain will leave London Saturday to make his home in the United States, after nine years residence in Europe, says a London dispatch to the Herald. He returns, he says, feeling like a boy, rejuvenated in body and mind. He avers that his nine years contact with Englishmen and continentalers has assured him that an Anglo-American pact exists. "England," says he, "is the best friend we have in Europe and we are the only friend she has got on earth."

WAR IN MEXICO!

Peace Envoys Failed to Make Peace.

Fighting Continues With the Yaqui Indians.

Mark Twain Says England Is Our Best Friend.

MINISTERIALISTS AHEAD IN LONDON.

Hermosillo, Mexico, Oct. 4.—Negotiations between five Yaqui Indian emissaries and President Diaz for a settlement of hostilities between the Yaquis and the Mexican government failed, and the peace envoys arrived here on their way home from the City of Mexico. They report President Diaz refused to consider their proposal for peace, as he looked upon it as granting too many concessions to the Indians.

Fighting still continues. The government troops seem to be making slow but steady advances into the Indian country.

National Republican Ticket

For President—
 WILLIAM McKINLEY,
 OF OHIO.
 For Vice President—
 THEODORE ROOSEVELT
 OF NEW YORK.

Santa Fe is crowded with "country
 savers."

Advice of a great man to young men
 who are to vote next month for the
 first time. "Pick your tents among the
 living; not among the dead." State?

The traders in stocks in New York
 and London do not belong to the Waiters'
 Union, yet they are all waiting to
 see how the American election comes out.

Albuquerque will send a big delegation
 to the El Paso and Santa Fe convention,
 which will be held in January. The
 people of the territorial metropolis
 never forget to reciprocate.

In England literature appears to be
 fast becoming a stepping stone to political
 preferment. In this country there
 has not yet appeared, to any marked
 degree, a tendency to place our book
 writers in congress.

Hon. Charles A. Towne, who passed
 through the city the other day, is touring
 the state of Kansas in an industrial
 attempt to convince the people
 that they made a great mistake when
 they nominated him for vice president.

Samuel Gompers, president of the
 Federation of Labor and a general
 was not talking politics, but common
 sense when he said: "That terrible
 country, which began in 1893, and left
 behind such a record of horror, hunger
 and misery, practically ended with
 the dawn of the year 1897."

There are more "noted" and "fa-
 mous" palmists in New Mexico now
 than has ever been known before. Ma-
 dame Montague, Madame Eupie, Ma-
 dame Perry and half a dozen more
 madames are at present working the
 "hand" in various sections of the ter-
 ritory. Like life insurance companies,
 New Mexico is indeed a good field for
 the "madames."

Crocker predicts that New York will
 be carried by the democrats in 1898. He
 predicted the same thing in 1896. He
 predicted that the democrats would
 carry it in 1894, and that the republic-
 ans would win it in 1892. In every in-
 stance of exports on the Pacific coast
 which Crocker went on record with his
 prediction in respect to New York he
 was far from the mark.

August exports to Asia and Oceania
 show a falling off of nearly \$1,000,000
 as compared with August of last year.
 There are two reasons for this: First—
 "The war in China; second—the refusal
 of exporters on the Pacific coast to
 furnish statements of the value of their
 exports to the Hawaiian islands,
 which they claim are no longer foreign
 territory and that, therefore, the bureau
 of statistics should not be required to
 require a statement of the quantity and
 value of merchandise passing between
 those islands and the United States."

The increased enrollment at the col-
 leges is another sign of good times that
 is quite as emphatic as the increased
 earnings of the railroads or the increas-
 ing deposits in the savings banks. When
 a father is forced to send his son to
 college he cannot afford to give his son
 the benefit of a college education.
 Instead he is compelled to make them
 stay at home and earn their living. But
 now that the harvests are bountiful
 and prices for farm produce are good
 and that there is employment for work-
 ers of all classes at liberal pay the uni-
 versities show an increased attendance.

Secretary Long has given permission
 for the removal of the battleship Maine
 from Havana harbor, and navy officers
 are now wondering whether the mys-
 tery of her destruction will at last be
 definitely cleared up. The removal will
 be undertaken at the instance of Gen-
 eral Wood, who says that the wreck
 occupies a central position in the har-
 bor and is dangerous to navigation. It
 is sinking daily deeper in the mud, and
 its removal is becoming more and more
 difficult as time goes on. General Wood
 says he is confident the Maine can be
 when it can be removed without creat-
 ing comment, and for "obvious rea-
 sons" it would be advisable to take it
 away.

A PUEBLO LEGEND.
 Through all the grotesque darkness of
 Pueblo superstition, writes Marion Hill,
 in Frank Leslie's Popular Monthly for
 October, runs a bright thread of poetic
 legend, and one legend, since it is
 woven around the ruined pueblo in the
 ruins of the pueblo of Pecos, has a right
 to be told here.

Pecos was founded by the man-god,
 the great Montezuma himself, and he
 therefore probably felt a protective in-
 terest in it; at any rate, when the
 Spaniards lay upon the conquered Pueblo
 the cursed rule of re-
 volution and wrong. Montezuma invoked
 against them the aid of his brother
 gods in heaven. These told him to
 plant a tree upside down beside the
 chief statue of Pecos, and to light a
 holy fire upon the altar, and if the fire
 kept burning until the tree fell, then
 would there come to the rescue of the
 oppressed a great pale-face nation,
 and deliver them from the Spanish
 thrall.

Mrs. Pinkham

The one thing that qual-
 ifies a person to give ad-
 vice on any subject is
 experience — experience
 orates knowledge.

No other person has as
 wide an experience with
 female ills nor such a
 record of success as
 Mrs. Pinkham has had.

Over a hundred thou-
 sand cases come before
 her each year. Some per-
 sonally, others by mail.
 And this has been going
 on for 20 years, day after
 day and day after day.

Twenty years of con-
 stant success — think of
 the knowledge thus
 gained! Surely women
 are wise in seeking ad-
 vice from a woman with
 such an experience, es-
 pecially when it is free.

If you are ill get a bottle
 of Lydia E. Pinkham's

ROCK ISLAND'S NEW ROAD.

Company Will Build Extension From Lib-
 eral to El Paso.

The Rock Island has in contempla-
 tion an extension of its line, which
 terminated at Liberal, Kansas, some
 ten years ago, says an eastern ex-
 pressman. This extension was stopped
 at that time in order that the road
 might push through Oklahoma to Fort
 Worth.

The management is at present, and
 has been for several months past, look-
 ing over the extension of the Liberal
 line and southwest into New Mexico to
 get a direct connection with lines run-
 ning to California and Mexico. Several
 Rock Island surveying parties have
 been in the field locating routes, and
 the matter has reached the point of
 submitting the same to the board of
 directors of the road for their consid-
 eration.

There seems but little doubt that this
 extension from Liberal will be started
 early after the first of the coming
 year. It is proposed to build to Car-
 penter, N. M., a distance of 320 miles
 southwest from Liberal, and connect-
 ing there with the El Paso & North-
 eastern road, a line of 144 miles, which
 is already in operation, thus bringing
 a direct line through to El Paso, Tex.

By building the Liberal extension the
 Rock Island will have a shorter line
 by seventy miles, from the Missouri
 river to the Pacific coast than the San
 Antonio & North American road, which
 is about 185 miles to the City of
 Mexico than the present Santa Fe road.
 The value of the shortening of the dis-
 tance to these two important points
 would be great to the Rock Island and
 would bring a "re amount of addi-
 tional business" to read as a result.

 "There is but one small chance to
 save your life and that is through an
 operation," was the awful prospect set
 before Mrs. I. B. Hunt, of Lima Ridge,
 Wis., by her doctor after vainly trying
 to cure her of a frightful case of stom-
 ach trouble and yellow jaundice. He
 didn't count on the marvelous power of
 Electric Bitters to cure Stomach and
 Liver troubles, but she heard of it, took
 seven bottles, was wholly cured, avoid-
 ed surgeon's knife, now weighs more
 and feels better than ever. It's pos-
 itively guaranteed to cure Stomach,
 Liver and Kidney troubles and never
 disappoints. Price 50c at J. H. O'Reilly
 & Co.'s drug store.

 October's Harper's just out has an
 article by Prof. Atwater on "Nutritive
 Value of Alcohol," which proves the
 absolute "Nothingness of Nothing" as
 completely as anything he ever wrote.
 After claiming for alcohol the pro-
 duction of energy for muscular work,
 yet have shown, this has not been
 proved conclusively, the difficulty be-

ing that they have not yet found a man
 willing to work day after day upon
 alcohol alone. I presume not! Truth
 to say a man living on alcohol has no
 desire to work. Alcohol is a narcotic.
 The effects of all narcotics are to pre-
 vent a sharpening of the mind and the
 faculties of both mind and body, but
 he further goes on to say, "When a
 man takes beer, brandy or other liq-
 uors with his ordinary food, the pro-
 duce, fat, sugar, starches and the
 alcohol together are used for fuel and
 we can not say just what is done with
 the energy produced by each. It is a
 case of 'poisoning'—well, rather. Prof.
 Atwater is similar and yet dissimilar
 in the position he takes on this ques-
 tion to the man who ate heartily of
 boiled navy beans, cabbage and tar-
 nips and then ate a baked apple. He
 said, 'That baked apple
