THE REPUBLICANS!

Convention Convened at Santa Fe To-Day.

Temporary Organization Effected, Then a Recess.

Republicans Enthusiastic and United for Luna for Delegate.

THE GREAT COAL MINERS' STRIKE.

Santa Fe, N. M., Oct. 3.—The territorial republican convention was organized with Col. G. W. Prichard, of White Oaks, as temporary chairman and J. D. Hughes of Santa Fe, as temporary secretary.

After the eloquent address by Col. Prichard and the appointment of committees on credentials, resolutions, permanent organization and rules, the convention adjourned until 4 o'clock.

Hon. F. A. Hubbell, of Bernallillo county, will be the permanent chairman of the convention.

The republicans have more bunting and flags than the democrats, and are enthusiastic and united for Luna for delegate.

The democratic convention will convene tomorrow. It is predicted that H. B. Ferguson will be the democratic nominee.

Later—No nomination will be made this afternoon.

GREAT COAL MINERS' STRIKE.

Miners Will Accept No Proposition Until the Convention Decides.

Shenandoah, Pa., Oct. 3.—The following notices were posted throughout this region this afternoon:

"Philadelphia and Reading Coal and Iron Company, Pottsville, Pa., Oct. 3.—This company will adjust its rate of wages so as to pay its mine employees on and after October 11, a net increase of 10 per cent on the wages heretofore received, and will take up with its mine employees any grievances they may have."

"(Signed) R. G. LUTHER, General Superintendent." "Fellow workmen—Pay no attention whatever to these notices, wait till you hear from the convention."

"C. S. POTTIER." Pottier is the local organizer and leader. He states that special meetings of the Shenandoah unions will be held tonight to discuss the Reading company's notice.

The Reading company's new offer differs from the one posted Monday in that it definitely makes an offer of 10 per cent advance in wages and agrees specifically to arbitration.

OPERATORS ARE CONVINCED.

Wilkesbarre, Pa., Oct. 3.—The Wyoming valley unusually quiet today after yesterday's big demonstration. Operators, after reading President Mitchell's address, came to the conclusion that he is ready to settle the strike on a basis of ten per cent increase in wages. The fact that he signified his intention of calling a convention is taken by them as an indication that he is willing to retire from the struggle with the miners he has won.

SHIPMENTS CEASED.

Reading, Pa., Oct. 3.—The coal shipments of the Reading railways have nearly ceased. The anthracite trade is practically at a complete standstill. The Reading company is rushing cars into the West Virginia soft coal fields, via Harrisburg and Shippensburg.

ORGANIZATION MUST BE RECOGNIZED.

Philadelphia, Pa., Oct. 3.—The striking mine workers show a determination not to return to work unless their organizations be recognized and are receiving accessions constantly.

General Superintendent Luther reported to President Harris, of the Reading company today, that only four of the company's thirty-nine collieries

are working, one less than in operation yesterday.

A FALSE RUMOR.

Harrisburg, Pa., Oct. 3.—At 3:30 o'clock this afternoon, President Mitchell said to the Associated Press:

"I just heard a rumor of a settlement of the strike but you can positively say for me that I am not in negotiation with the railroad presidents nor have I received any communication from any of them."

DEMOCRATIC CLUBS.

The National Association in Convention at Indianapolis, Ind.

Indianapolis, Ind., Oct. 3.—Delegates for the National Association of Democratic Clubs, which meets this afternoon for a two days' convention, have not arrived in as large numbers as anticipated. Up to noon less than a thousand delegates have registered.

W. Bourke Cochran was expected this morning but did not come.

Addresses of welcome will be delivered by Mayor Taggart and President W. R. Hearst of the association.

The democratic national chairman, Senator James K. Jones, will deliver an extended address, to be followed by Jones, of Toledo; James Hamilton Lewis, of Washington, and Governor McMullin, of Tennessee.

It is rumored Senator Clark, of Montana, will be retired as treasurer and Marcus Daly elected.

Adlai Stevenson is expected this afternoon.

Tomorrow, when Bryan arrives, will be the big day of the convention.

CALLED TO ORDER.

The quadrennial convention of the club was called to order in Tomlinson hall by Senator James K. Jones, who presides in the absence of President W. R. Hearst. Hearst telegraphed he would not be here until tomorrow morning.

Mayor Taggart made the address of welcome. Chairman Jones responded briefly, introducing Mayor Samuel Jones, of Toledo, who made a speech. He was followed by James Hamilton Lewis of Washington.

Adlai Stevenson was escorted into the convention hall at 3 o'clock amid the greatest enthusiasm.

London Election.

London, Oct. 3.—Up to three o'clock the total number of members of parliament elected is 266, divided politically as follows: Conservatives, 161; Unionist, 29; Liberals, 39; Nationalist, 27.

THE MOSQUITO FLEET.

Has Sailed for Cuban Waters by the Insulo Route.

Philadelphia, Pa., Oct. 3.—The mosquito fleet, built for United States customs service in Cuban waters, sailed today enroute for their destination by the inside route. The boats, five in number, carry rapid fire guns, and will be divided up for use in different Cuban ports.

Passenger Association Formed.

Chicago, Ill., Oct. 3.—The general passenger agents of Trans-Mississippi roads, it was said on high authority to succeed in forming a Trans-Continental Passenger association to control traffic on roads running west of the Missouri, but not including the Northern Pacific. The agreement is said to have been accepted by all roads save the Rio Grande Western. The agreement under which the roads will act is reported to be almost identical with that governing the Western Passenger association and contains a severe penalty for failure to live up to the covenant.

There will be a meeting of Albuquerque's Cadets Friday night at Dunbar's building, Third and Gold avenue.

At the regular meeting of St. John's Guild held to-day, the ladies decided to give a dinner Thanksgiving from 5 until 9 o'clock p. m.

There will be a regular communication of Masonic hall Thursday evening at 7:30 o'clock sharp. Business of importance and all members urgently requested to be present. By order of W. M. C. W. Medley, secretary.

Earl Messenger, the young man who was hurt by falling off a train right before last, mention of which was made in last evening's Citizen, was taken to the Santa Fe Pacific hospital and will receive the best of care and treatment for his injuries which are mostly severe bruises. He will recover.

Train Derailed and Guards Killed and Wounded.

Kruger Watched and Not Permitted to Make Speeches.

DENIAL OF REPORTS FROM MANILA.

London, Oct. 3.—The following dispatch has been received from Lord Roberts:

"Pretoria, Oct. 3.—A convoy of twenty-two wagons, escorted by sixty mounted men, was attacked by 140 Boers on October 1st, near DeJager's drift on the way to Vryheid. Twelve escaped. The fate of the others is not known."

"The Boers derailed a train near Pan yesterday evening. Five Coldstream guards were killed and nineteen injured."

"Commandant Dirken, who has been opposing Paquet, surrendered after a personal visit to Komatipoort to assure himself that Kruger had gone into Portuguese territory."

REFUGEES RETURNING.

Johannesburg, Oct. 3.—The military governor on September 28th informed headquarters that he would be prepared for the return of three thousand to four thousand refugees weekly after October 10th.

VIRTUALLY A PRISONER.

New York, Oct. 3.—A dispatch to the Journal and Advertiser from Lorenzo Marques, says:

"The restrictions around Kruger are increasing. He is virtually a prisoner. While driving yesterday he met a party of burghers and made them a patriotic speech. He has been warned to make no more speeches, and is forbidden to wear the green sash that is the insignia of his office. Kruger expects to sail on a Dutch cruiser for Holland next week."

REPORTS FALSE.

The Villalobos and All Her Crew Are Safe.

Washington, Oct. 3.—The navy department received the following cablegram from Admiral Kempff:

"Cavite, P. I., Oct. 3.—No truth of any unfavorable reports concerning the Villalobos or her crew. The Manila paper of September 28th, published false reports."

"KEMPFF."

The Villalobos is the American gunboat recently reported lost.

HUMANE SOCIETY.

Permanent Officers Elected at the Meetings Last Night.

CONSIDERABLE ENTHUSIASM MANIFESTED

A large number of people attended the meeting last night at the high school building to perfect the organization of the Humane society that has been under way for the past week.

Prof. M. E. Hickey presided. The special committee on permanent organization, through its chairman, Prof. E. P. Childs, reported 142 signatures to the articles of incorporation and recommended that the following gentlemen and ladies be selected as officers:

For President—M. E. Hickey. For Vice Presidents—O. N. Marron, Summers Burkhardt, Mrs. C. W. Kunz, Mrs. J. A. Summers, Mrs. G. L. Brooks. For Secretary—C. W. Ward.

For Treasurer—Frank McKee. For Counsel—R. W. D. Briggs. For Directors—Miss Lou Lee, Rev. Bruce Kinney, L. A. McJannet, Dr. J. F. Pearce, Mrs. Frank Sturges, W. N. Parkhurst, F. W. Clancy, Frank Strong, Mrs. E. P. Childs, Mrs. W. L. Hathaway, Miss Josephine Parsons, J. E. Saint, H. H. Ribble, Gov. E. S. Stover, Mrs. J. W. Crumpacker.

The report of the committee was unanimously adopted.

The membership list of 150 of the best people of this city is growing rapidly and will without a doubt double in a short time.

A permanent committee on membership will be appointed by President Hickey, but applications can be made to the secretary at any time. The fee will be but \$1, which is considered as a year's dues.

This movement is a very popular one and is worthy of the liberal support of our citizens. Steps will immediately be taken to secure legislation that will enable the society to carry out its purposes and in the hands of such capable officers the enforcement of the law's provisions may be depended upon.

Youtsey Case Postponed.

Chicago, Oct. 3.—Senator Hanna announced today that he has decided to join Senator Frye, of Maine, on the tour to Wisconsin, Nebraska and South Dakota and possibly, Kansas.

AT SENECA, NEBRASKA.

Seneca, Neb., Oct. 3.—A special train bearing Governor Roosevelt reached Broken Bow at 1 a. m. today. Roosevelt, Dilliver of Iowa, and Dietrich, candidate for governor of Nebraska, all made addresses to a large out-door meeting.

AT PORTAGE, WISCONSIN.

Portage, Wis., Oct. 3.—The special car carrying the presidential candidate, Bryan and party, ran down here from Lacrosse last night. Bryan spoke here at 10:30 this morning and left at 12:30 for Columbus, Wisconsin. He took breakfast with A. F. Warren, chairman of state central committee, and luncheon with Mayor Jones.

Bryan's attention was to-day called to the statement that he received \$100,000 for insuring upon the silver plank in the Kansas City platform, and he denied it in the most emphatic manner possible.

Population of Arkansas.

Washington, D. C., Oct. 3.—Late today the census bureau announced officially the population of Arkansas to be 1,211,564, an increase over the population of 1890 of 182,353, or 16.25 per cent.

DEATHS TODAY.

Charles Powell and Little Miss Vera Harding the Victims.

Charles Powell, aged thirty years, died early this morning at his home on South Second street, of consumption. He had been in the employ of the Harvey house. His brother, W. R. Powell, of Boston, district agent of the R. G. Dunn Commercial agency, was notified and telegraphed to have the remains buried here. The deceased leaves a mother, who lives in Canada, and a wife in Chicago. In addition to the Boston brother, funeral services will be held to-morrow morning at 10 o'clock at Strong's undertaking parlors. Rev. Bunker will officiate. The interment will be in Fairview cemetery.

A close friend of the dead man, E. L. Rice, gave him every possible attention during his last hours.

After working all through fair week, Mr. Powell was suddenly stricken with a severe hemorrhage, while going to his room one evening, which weakened him so that he could not regain strength, and from that time he failed rapidly. He was a man of cheerful disposition and was well liked by his associates.

DEATH OF A LITTLE GIRL.

Vera Harding, aged seven years, died last night at 6:30 o'clock at the Union hotel, of congestion of the bowels. The little one was attending school here. Her parents residing at Chilili. She was boarding with her aunt, Mrs. Kelly, who keeps the above hotel. The grief-stricken parents knew nothing of their little daughter's death until they reached here this morning. The word sent them having passed them on the road. The mother was prostrated when told the sad news. J. W. Edwards has charge of the funeral which will be held to-morrow morning at 10:30 from the hotel, No. 523 South First street.

Rev. Thos. Harwood will preach the service and the little one will be laid to rest in Fairview cemetery.

TALES OF HORROR

Delayed Messages Tell of the Outrages.

Men, Women and Children Horribly Mutilated.

The Germans Will Enter Campaign of Revenge.

JAPANESE AFTER THE BOXERS.

Tien Tsin, China, Sept. 5, via San Francisco.—A circumstantial narrative of the massacres in the Shan Si province reached here through a native Christian teacher who escaped, and after a remarkable journey through the country by foot and boat, has just arrived. This man is a graduate of the North China college, speaking English fluently, and absolute confidence is placed in his statements by American missionary officials here. His story confirms previously reported murders and adds details of shocking cruelties. It covers a period from early June, when the trouble began, down to the latest known outrages, which, as previously reported in Associated Press dispatches, occurred August 15th at Yen Chou Fu, about fifty miles southwest of Tai Yuan, when Mr. and Mrs. Atwater and two little children, Mr. and Mrs. C. W. Price and son, all of the American board; Mr. and Mrs. Laugren, of the Swedish mission, and Miss Eldred, an English lady, were butchered.

The refugee's story of the murders directly implicates Hu Hai Zin, governor of Shan Si, who previously has been charged with instigating and abetting the killing of foreigners. It is said that a few days after the rescue of the missionaries at Pekin, a prominent member of the Tung Li Yamen appeared at the British legation and formally accused Hu Hai Zin of instigating all foreigners in Tai Yuan into his Yamen under the pretense of securing them in safety to the coast and having them all put to death.

For country carts were prepared for them and their goods duly packed. They started August 16th under a guard of twenty soldiers. The party was supposed to be sent to Ping Yao, about thirty miles from Fu Chow. On the journey they were met by another detachment and all killed with swords.

The refugees also gives a graphic and apparently a reliable account of all the murders in Shan Si province. Much is too horrible for publicity. Men, women and children were butchered; their bodies were mutilated, and in many instances their heads were placed on the gates of the villages.

GERMANS WANT REVENGE.

Pekin, Sept. 27.—The Italian marines are being withdrawn.

Some concern is expressed regarding the plans of the Germans, who are bringing a large force, which is expected to embark on a campaign of revenge, which, it is predicted, will seriously delay the establishment of peace.

THE INDIAN "BOOMERS."

Wei Hai Wei, Province of Shantung, Oct. 1.—The British first class cruiser Terrible, and the British second class cruiser Arethusa, with transports having on board the third brigade of Indian troops, started for Taku at about noon.

AFTER THE BOXERS.

Pekin, Sept. 29.—After the return of the German expedition to the southward yesterday, a small Japanese force left Huang Tsin for Teling Yang, where the Boxers are supposed to be congregating.

The Russians remaining in Pekin are two battalions of infantry and a battery of artillery. They will hold the summer palace and Machiao railway terminus.

National Republican Ticket

For President—
WILLIAM MC KINLEY,
OF OHIO.
For Vice President—
THEODORE ROOSEVELT
OF NEW YORK.

The El Paso Daily Herald has added a
typewriter to its plant.

The territorial democratic convention
will meet in Santa Fe to-morrow.

Las Vegas will soon have a four-
page, eight-column daily paper. It
will be known as the Daily Record and
will be republican in politics.

The real "midway" has been found.
It is North Perry, Me., which, it has
been discovered, is exactly half way
between the equator and the pole.

Lakota is a mirage country. In the
winter it stirs up blizzards, and in the
summer cyclones, and just now it is
stirring up a dozen brands of American
politics.

There is one thing certain. If Thomas
Jefferson were alive to-day he would
not be tramping up and down and
across the land, beating the air and
shooting for Aguinaldo and his
breathless "patriots."

What this country should do with
trusts is to get the best there is out of
them and hedge them about with con-
ditions that will prevent their doing
harm, the interests of the masses of
the people being first to be considered.

It is a fact not generally known, that
the Chinese exclusion law goes as far
as to prohibit the Chinese from being
employed in the coal mines, and that
it will have to be re-enacted if the
Chinese are to be kept out of this
country. The law was passed in May,
1882, to be effective for ten years, and
later was extended for another ten
years, which is now nearly at an end.

Just before the storm, the Galveston
Tribune had prepared a very handsome
book illustrating the damage done by
the storm. It was distributed by business
men as a souvenir. Half of the edition
was destroyed and the balance is now to
be sold at \$2 a copy, for the benefit of
the flood sufferers. The first orders re-
ceived will be the first orders filled.
Orders received after the edition is ex-
hausted will be returned with the cash.

An absurd report has been started
somewhere in Europe, to the effect that
Secretary Hay's return to his position
as head of the state department will
result in a change of policy on the part
of our government with reference to
China. No statement could be more
at variance with the truth. The course
of the state department, as of every
other executive bureau or department,
is determined and directed by the president,
who is the supreme controlling
power of this branch of the government.

The navy department is to establish
a great coal station at Newport, R. I.,
where the heaviest battleships may
receive full bunkers at any state of the
tide and where great fleets might find
safe anchorage in a single harbor.
The new station is to have a capacity
of 25,000 tons of coal. It will have the
advantage of being fortifiably pro-
tected by the defenses of Newport and
besides, will furnish a safe harbor for
the navy's fleet, and will be a place
where the home station will gather
hereafter for practical study of war
problems.

According to the census of 1890, there
were in the United States about 22,000
taxed and taxable Indians, having the
right of suffrage as citizens of the dif-
ferent states. Ninety-eight per cent
of these were living on the reservations
and were practically indistinguishable
from the white citizens of
their community. The breaking up of
more reservations will increase the
number of taxable Indians, and it is
possible that nearly every red man in the country
will be enfranchised before the presidential
election of 1904.

Four months' operations of the Porto
Rican tariff law show an increase of
more than 100 per cent in United States
exports to that island, as compared
with the corresponding months of 1899
or 1900. The act went into effect May 1,
1900, so that the figures for August,
which have just been completed by the
treasury bureau of statistics, complete
the record of the four months of com-
merce between the island and the United
States under the new law, and render
practicable a comparison of the
four months' term with corresponding
periods in preceding years.

President Taft, of the Philippine com-
mission, has called that the recent
letter of Prof. Atkinson, superintendent
of schools in the islands, in regard
to teachers, has been misunderstood.
Professor Atkinson had written to as-
certain whether normal graduates
could be obtained as teachers on three-
year contracts; primary and grade
teachers to receive a salary of \$75 and
\$100 per month; superintendents to
receive \$2,000 to \$2,500 per year, and \$35
per month for Manila to be paid. He was
understood to offer these terms out-
right. The commission will consider
applications with proper testimonials.

There is great danger, according to
Surgeon Thomas of the marine hospi-
tal service, stationed at Glasgow,
that the bubonic plague may be
brought to this country by the crews
of cattle ships, many coming direct
from Glasgow. The men coming to be
kept out of the city, and crews could
not be obtained elsewhere. In the event
of a more severe outbreak of the plague,

Surgeon Thomas may inoculate all the
cattle ship crews possible. All men
shipped are kept under careful super-
vision as to temperature and general
health, and any showing the least
inclination to sickness are sent
back, although this entails considerable
hardship upon the steamship lines, as
it sometimes necessitates shipping
fresh men at the last moment.

NECESSITY OF AN AMPLE SUPPLY.

At times we see references made to
the large surpluses held by our great
life insurance companies, and peasi-
cally have been told that the surplus
of \$10,000,000 is a "surplus" to be
exclaimed, "Why should the life com-
panies be allowed to have such sur-
pluses?" The answer to this question
comes with awful force from Galveston
where in that city and neighborhood of
the district destroyed by the awful
hurricane a short time ago, our great
life insurance companies held millions
of dollars of risks, and it is estimated
that the aggregate sum of \$10,000,000
will go forth from New York, through
our great life insurance companies to
the heirs of those who lost their lives
and were insured in these companies.
And be it to the credit of the insur-
ance companies that the satisfaction of all those en-
gaged therein, that the life insurance
company managers here are to-day
making every effort to obtain the list
of claims upon their policies in Texas,
and stand ready, as fast as reasonable
information is received substantiating
the claims, to pay all claims in full.

It requires a strong business and a
substantial surplus to make it easy for
the prompt payment of claims aggregat-
ing \$10,000,000 in one state. How
soon such another emergency may
come no one knows.

It is as President Alexander stated
in a recent address to the insurance
companies, that the life insurance com-
pany is a business of life insurance and
glances over its history. It is re-
markable that the records do not show
even a faint of dishonest dealings upon
the part of our great life insurance
managers. For life insurance is a sac-
red trust and is so considered by our
life insurance men.—New York Insurance
Journal.

A Substitute for Coal.

London is trying to produce a sub-
stitute for household coal. Common
peat, chemically prepared, is the pro-
posed "new coal." Whether it will re-
place the faithful old fuel remains to
be seen. The weight is in the bal-
ance and if found wanting, relegate it
to the grave yard of failure, where so
many imitations of Hostetter's Stomach
Bitters, the greatest dyspepsia cura-
nt, may be found. The new coal is a
genuine cure for half a century. Every
sufferer should try it for constipation,
indigestion, dyspepsia, liver or kidney
troubles. If he would be cured, be sure
to get the genuine with our Private
Revenue Stamp over the neck of the
bottle. There is nothing as good for
malaria, fever and ague, or to counter-
act rheumatism.

Do not get scared if your heart
troubles you. Most likely you suffer
from indigestion. Kodol Dyspepsia
Cure digests what you eat and gives
the worn out stomach perfect rest. It
is sold by all druggists. May 15, 1900
and it will have to be re-enacted if the
Chinese are to be kept out of this
country. The law was passed in May,
1882, to be effective for ten years, and
later was extended for another ten
years, which is now nearly at an end.

Just before the storm, the Galveston
Tribune had prepared a very handsome
book illustrating the damage done by
the storm. It was distributed by business
men as a souvenir. Half of the edition
was destroyed and the balance is now to
be sold at \$2 a copy, for the benefit of
the flood sufferers. The first orders re-
ceived will be the first orders filled.
Orders received after the edition is ex-
hausted will be returned with the cash.

An absurd report has been started
somewhere in Europe, to the effect that
Secretary Hay's return to his position
as head of the state department will
result in a change of policy on the part
of our government with reference to
China. No statement could be more
at variance with the truth. The course
of the state department, as of every
other executive bureau or department,
is determined and directed by the president,
who is the supreme controlling
power of this branch of the government.

The navy department is to establish
a great coal station at Newport, R. I.,
where the heaviest battleships may
receive full bunkers at any state of the
tide and where great fleets might find
safe anchorage in a single harbor.
The new station is to have a capacity
of 25,000 tons of coal. It will have the
advantage of being fortifiably pro-
tected by the defenses of Newport and
besides, will furnish a safe harbor for
the navy's fleet, and will be a place
where the home station will gather
hereafter for practical study of war
problems.

According to the census of 1890, there
were in the United States about 22,000
taxed and taxable Indians, having the
right of suffrage as citizens of the dif-
ferent states. Ninety-eight per cent
of these were living on the reservations
and were practically indistinguishable
from the white citizens of
their community. The breaking up of
more reservations will increase the
number of taxable Indians, and it is
possible that nearly every red man in the country
will be enfranchised before the presidential
election of 1904.

Four months' operations of the Porto
Rican tariff law show an increase of
more than 100 per cent in United States
exports to that island, as compared
with the corresponding months of 1899
or 1900. The act went into effect May 1,
1900, so that the figures for August,
which have just been completed by the
treasury bureau of statistics, complete
the record of the four months of com-
merce between the island and the United
States under the new law, and render
practicable a comparison of the
four months' term with corresponding
periods in preceding years.

President Taft, of the Philippine com-
mission, has called that the recent
letter of Prof. Atkinson, superintendent
of schools in the islands, in regard
to teachers, has been misunderstood.
Professor Atkinson had written to as-
certain whether normal graduates
could be obtained as teachers on three-
year contracts; primary and grade
teachers to receive a salary of \$75 and
\$100 per month; superintendents to
receive \$2,000 to \$2,500 per year, and \$35
per month for Manila to be paid. He was
understood to offer these terms out-
right. The commission will consider
applications with proper testimonials.

There is great danger, according to
Surgeon Thomas of the marine hospi-
tal service, stationed at Glasgow,
that the bubonic plague may be
brought to this country by the crews
of cattle ships, many coming direct
from Glasgow. The men coming to be
kept out of the city, and crews could
not be obtained elsewhere. In the event
of a more severe outbreak of the plague,

vision as to temperature and general
health, and any showing the least
inclination to sickness are sent
back, although this entails considerable
hardship upon the steamship lines, as
it sometimes necessitates shipping
fresh men at the last moment.

Bernalillo.

Hon. A. M. Blackwell, of the whole-
sale grocery establishment of Gross,
Blackwell & Co., came in from Las
Vegas last night.

The regular semi-monthly dance will
take place at the Concord Club this
evening. The dance will no doubt be
largely attended.

J. F. Hinkle, ex-territorial legislative
representative from Lincoln county,
passed through the city for Santa Fe
this morning. He is a democratic dele-
gate.

Jerome Martin, a brother of W. E.
Martin, secretary of the New Mexico
penitentiary, passed through the city
for Santa Fe this morning. He is a
ranchman in Dona Ana county.

John L. Caldwell, of Alamo, Pa., a
late arrival here, and a friend of Capt.
J. B. Parwell, was shown the sights of
the city and being made acquainted
generally yesterday by Mr. Parwell.

John E. Griffith, the popular clerk of
the Fifth judicial district, came in from
Albuquerque this morning, and proceeded
on to Santa Fe, where he will take in
the territorial republican convention to-
day.

Attorney John H. Single introduced
yesterday a friend of his from Santa
Fe, Andrew Christensen, who expects to
remain here. The gentleman was for-
merly connected with a large publishing
house of Chicago.

To-night the regular fortnightly
dance at the Commercial Club will take
place. Extra preparations are being
made to make the occasion an enjoy-
able one, as it is expected that there will
be a large attendance.

The El Paso base ball team last
both games in their recent series with
the Tucson team, won on the 3d and 5th

from Dona Ana county, was on the 5th
morning train en route to Santa Fe
and it is also learned, although he
has declined to accept the nomination
for delegate to congress, that friends
propose to push him forward when the
convention meets to-morrow.

Attorney General Moore, who was here
during the past few days attending
court, left for the above point to look
after legal matters. Postoffice Inspect-
or C. L. Doran and deputy United
States Marshal Frank Hill, are also at
Las Cruces, in attendance on the court.

W. Moore Clayton, for many years
the faithful and efficient manager of
the local office of Bradstreet's Com-
mercial Agency, left this morning for his
old home in Virginia, where he will
recreate his health for the next six
months. As stated in The Citizen yes-

LADIES' WAISTS! MISSES'.

SATEEN. SILK. FLANNEL.

We feel well pleased with the success we have achieved in this department, and we may. The reason for our enviable reputation is not far to seek. The superiority of our WAISTS tell the tale. They lead the style. Their workmanship is the best and their fit is perfect.

SILK WAISTS.

This year we have received a larger line than ever before. Such beauties are they as only adorn the finest of Eastern establishments. We cannot begin to tell you about them; space will not permit us. They comprise all the latest creations of Viennese and Parisian modistes in all the popular street and evening shades. They run from \$4.95 to \$17.50.

In Black Taffeta we have a special value at \$3.90, (worth \$6.)

FLANNEL WAISTS.

This will be a decided Flannel Waist season. We have well anticipated your wants. French Flannel is ever popular; in plain and embroidered; in taffeta and velvet trimmed; in cat stitching and other styles too numerous to mention. They run from \$1.25 to \$7.50

We have also received a complete line of

MISSES' WAISTS.

Isaac Graham, one of Bland's prosperous merchants, came down last evening to attend to some business, and expects to return home to-morrow morning.

Samuel Michaelis, who was east on business and pleasure, passed through the city last night for Magdalena, where he is the head clerk at the store of Dinegar Bros.

P. J. Towser, the Colorado cattle inspector for northern New Mexico, came in from the north last night, to mingle during the day with the people of the territorial metropolis.

Mr. and Mrs. Guillebeck, of the Harvey house, drove to Bernalillo early this morning on a visit to the duck ponds, where they expect to bag a number of the web-footed tribe.

Mrs. McMillin, wife of the marshal, returned here last night from a visit to Burlington, Kansas. The marshal's mother accompanied here, and will visit with her son here for awhile.

Miss Cooper, sister of the brick contractor, who has been visiting here with her brother and his family since before the late fair, returned to her home at Greeley, Colorado, this morning.

George Scottie, the first street merchant, is lying at his home, very sick. His trouble is an affection of the heart and dropsy. He is unable to eat and cannot sleep. His condition is considered serious.

L. A. Judd, the well known tinner, and the owner of several of the finest and best springs at the famous Jemez hot springs resort, is still in the city, and will remain sometime, being located at the store of E. J. Post & Co.

The members of the Congregational church and Young People's society, are preparing to give a reception to their new pastor, Rev. W. J. Marsh and family, in the church parlors next Friday evening, to which the public is cordially invited to attend.

Brockmeier & Cox, the enterprising plumbers, have lately installed in their establishment, a fine gasoline engine, and will use the power it furnishes to run their large pipe cutting and threading machine, as well as lathes and pumps. It will save much manual labor.

Beas and Lion Hunters. Capt. Hubb Leeds and Capt. Ed. Quicker, two well known city warriors, have arranged to leave the city next Monday morning on a wild game hunt in the Sacramento mountains. They will first go to Jones hot springs, where a stop of a few days will be made with Col. J. B. Block, the hotel keeper, whose reputation as a bear and mountain lion hunter is known all over the southwest. From the Colorado the two Albuquerque captains will receive some valuable pointers, and after employing guides they will penetrate the fastnesses of those huge mountains. They will also do some trout fishing before returning to the city.

District Court. The Territory vs. John Smith, indicted for burglary from a warehouse in Gallup, was tried this morning by jury. From the evidence it appeared that the defendant was detected climbing out of the window of a warehouse where L. L. Henry, trustee in bankruptcy had stored the bankrupt stock of Peter Noel, pending its disposition by the bankrupt court. A number of articles were missing from the inventory. The defendant testified that being tired and observing a mattress in the building, he had climbed through the open window, lay down and rest. The court thought in view of the defendant's testimony, he could be thoroughly rested by the end of six months, which period he will spend in the county jail.

The district clerk turned over to the territorial treasurer \$704 fees due the territory and collected during the quarter ending September 30th.

DEMOCRATIC DELEGATES. They Are Moving on Santa Fe—Convention To-Morrow.

The territorial democratic convention will meet at Santa Fe to-morrow and delegates from all sections of the territory are arriving at the capital.

The Socorro county delegation came on the early train from the south and remained over to the No. 2 passenger train, when they proceeded to Santa Fe. The Citizens representative noted the following gentlemen in this delegation: H. M. Dougherty, C. C. Clark, J. F. Cook, Luciano Chavez, A. Torres and P. N. Yonkers.

Several of the delegates from Dona Ana, Sierra, Grant and other southern counties were on the early morning train, but occupied the Pullman and could not be seen by The Citizen representative.

The following members of the Bernalillo county delegation were on the No. 2 train en route for Santa Fe: H. B. Ferguson, O. N. Marron, Summers Burkhardt, Louis McEneaney and Horton Moore. The other delegates from this county will go up to Santa Fe to-morrow morning.

W. M. Weaver, a democratic delegate from McKinley county, came in from
