Summary of War News of Yesterday

Except on the Romanian frontier, where the Russians have taken the offensive against the Austro-Hungarian line, on the Hartman-Waterloo section of the line in France, and at several points on the Anglo-Italian front, little fighting of consequence is in progress.

On Hartman-Waterloo, the exact situation remains obscure owing to the discrepancies in the official reports of Berlin and Paris. Berlin asserts that Hartman-Waterloo has been captured by the German army, however, news that the German attack was repulsed.

According to Vienna, the Russians suffered heavy losses in an attack on parts of the Romanian front. The Italians are still hammering away with their big guns on the Tominio-Grafenort position of the Austrians, but no decisive gain here or at any point along the line is claimed. Powerful attacks on the frontiers of their Greek allies may be expected. The French and British forces are still actively entreaching in the vicinity of Salonika.

SCHLEINDL NOW FACES TWO LARCENY CHARGES

NEW YORK, Dec. 24.—When Paul Schleindl, formerly employed in the National City bank, was arrested last week on charges of stealing \$100,000 from the bank, the charge of grand larceny was withdrawn and in place thereof charges of larceny were substituted.

One was that of delivering a letter to a woman or private party, the bank to know, the other was that of accepting a bribe with the understanding that he would act in a particular manner regarding the bank's business.

Schleindl's written confession, contained the statement that he received \$10,000 from the bank in return for showing him various papers.

MINERS' RHEUMATISM

Is caused by impoverished blood and is aggravated by working in dampness and from lack of fresh air. It will not correct itself until the blood is purified, and the greatest physicians prescribe Scott's Emulsion, because its medicinal and nourishment quickly improves the quality of the blood to relieve the painful muscles and stiffened joints, while its wonderful oil strengthens the organs to expel the very acids which cause the trouble.

Scott's Emulsion is exactly what miners need to create rich, red, active blood, strengthen the throat and fortify the lungs against colds, pneumonia, bronchitis and consumption.

Scott's is always free from alcohol or drugs—but be careful to avoid substitutes.

TORPEDOING OF JAP STEAMER IS REPRESENTED BY U.S.

Life of American Citizen Abroad Jeopardized by Destruction of Vessel Without Warning, Lansing Hears.

WASHINGTON, Dec. 24.—The state department today began an inquiry into the sinking of the Japanese liner Yama Maru by the American submarine USS O-7, which was reported to have been torpedoed without warning, on Dec. 17, 1915, off the coast of Japan.

Prompt action followed receipt of reports that the vessel had been torpedoed by an American submarine without warning, thereby endangering the life of an American citizen who was on board.

Increases Tension. Should official verification of the reports be received, the matter will be made the subject of further diplomatic correspondence with the Japanese government.

Officials made an attempt to establish the fact that the sinking of the Yama Maru under the alleged circumstances would seriously compromise the position of the United States in the Pacific.

Another White No Break. During the investigation, the state department has been informed that the Japanese government has refused to accept the fact that the Yama Maru was torpedoed by an American submarine.

Baron Erich Zwoiwinski, charge of the Austro-Hungarian embassy here, is understood to have told Secretary Lansing during an informal conference that in presenting a reply to the American note, the Japanese government should not be asked to accept the fact that the Yama Maru was torpedoed by an American submarine.

No Extended Discussion. The United States does not contemplate entering into extended diplomatic discussions over the Yama Maru case, but the Japanese government is expected to make a statement on the subject.

There were reports that the Japanese government had accepted the fact that the Yama Maru was torpedoed by an American submarine, but these reports were not confirmed.

An Old Christmas Carol

It came upon the midnight clear,
That gentle song of old,
To which our hearts are drawn,
From heaven's angelic choir,
The world is hushed in prayer,
To hear the angels sing.

Said through the heaven above they came,
With powerful wings unfurled,
And still their heavenly voices sang,
Over all the weary world,
Above us and below us,
And ever over the whole world,
The blessed angels sang.

O ye, benighted men of sin,
Whom darkness doth surround,
Who lie in the shadow of death,
With painful groans and sighs,
Look here, for glad and golden hours,
Come quickly, ye who sigh,
O ye benighted men of sin,
And hear the angels sing.

For in the days of long ago,
His angels sang of old,
When with the everlasting light,
Shall come the new dawn,
When the new heaven and earth shall rise,
The Prince of Peace shall reign,
And the whole world shall sing the song,
Which here the angels sing.

Birth of the Christmas Card 41 Years Ago From a Woman's Idea

(New York Evening Post.)

When you see the Christmas card, and wonder how it came to be, you are reminded of the birth of the Christmas card, 41 years ago from a woman's idea.

The story of the birth of the Christmas card is a story of a woman's idea. It is a story of a woman who saw the need for a card to express the love and affection of the season.
