DEFYS GERMANY!

China Resists Demands
of the Kaiser.

France's Position on Ger-
many's Demand.

Jury Instructed in Kentucky Murder
Case.

MISSIONARIES REACH LONDON.

New York, Sept. 24.—A dispatch to the Herald from Shanghai says: Prince Tuan is declared by Tsoai Sheng to have been appointed grand secretary to the emperor, a position to enable him to control all communications to and from the throne. This constitutes defiance of Germany's demands. The Tsoai of Shanghai, who signed for the viceroys, the friendly agreement with the foreign consuls, has been removed by imperial edict, his successor being strongly anti-foreign. An unofficial protest was made by United States Consul Goodnow to the viceroys. These facts are considered a defiance of Germany's demand for the punishment of Prince Tuan, as head of the Boxers.

FRANCE'S POSITION.

Germany's Demand in Regard to China
Not Entirely Acceptable.

Paris, Sept. 24.—France's reply to the German note making punishment of instigators of Chinese troubles preliminary to peace negotiations, is not an entirely acceptable proposition. France argues that punishment is necessary, but would negotiate under certain conditions, without first punishing the guilty officials. The foreign office informs the Associated Press that M. Fichon, French minister at Peking, will pass the winter at the Chinese capital, as Tien Tsin is considered uninhabitable after the sacking of that city. France is not inclined to increase her fleet but possibly some submarines may be sent to navigate the small streams.

Kentucky Murder Trial.

Frankfort, Ky., Sept. 24.—The defense closed its rebuttal testimony in the Howard case at 10 o'clock to-day. Judge Cantrill gave only two instructions to the jury, substantially as follows: First—To be found guilty, if jury believed Howard fired shot, or if he were present when Youtsey, Berry, Howard or others fired shot. Second—Defendant cannot be convicted on testimony of an accomplice.

Missionaries Reach London.

London, Sept. 24.—The American missionaries, J. Roberts, Mark Williams, William Sprague, Mrs. Sprague, Miss Virginia Murdoch, who escaped from Kaigan, province of Chih-Li, China, in June, were chased across Gold desert, thence by way of Siberia, have just reached London in good health, although they endured terrible hardships.

Galveston Active.

Galveston, Texas, Sept. 24.—The wharf front again shows signs of activity. Plenty of freight is arriving. Half a dozen steamships will be loaded this week, though the great trouble is the scarcity of labor. Trains are arriving on time. Twice as many people coming as leaving.

Dead.

Madrid, Sept. 24.—Marshall Martinez de Campos, one time governor general of Cuba, died suddenly on Sunday.

Mills Start Work.

Cincinnati, Ohio, Sept. 24.—A wage schedule at \$1.15 a ton, based on a one cent rate, was signed by both sides on Sunday, and the mills will be started to-day.

Mine Closed.

Victor, Col., Sept. 24.—Stratton's independence is closed, the mines refusing to work on account of an order re-

quiring them to strip and change clothing before the watchman before leaving the mine. The object of the order is to stop thefts of ore said to amount to a thousand dollars worth a month. It is said that half a dozen large mines have agreed to the same regulation.

Yellow Fever.

Washington, Sept. 24.—Private advices from Havana indicate that the yellow fever outbreak is serious. Fever exists in the best parts of the city and among Americans who have gone there.

Quit Work.

Chicago, Sept. 24.—Two hundred and seventy-five ornamental glass workers quit work to-day because the local firms refused to sign an agreement calling for increase of pay in certain classes of work and reduction of hours from ten to nine a day.

All Shut Down.

Pottsville, Pa., Sept. 24.—Every organization in the Mahoning valley at Saint Lawrence colliery at Mahoning, is shut down completely. At Gilberton, the mine workers to-day resolved to quit, because the appearance of an armed force is a reflection upon those who are peaceable and law abiding. A statement was made that the men are willing to work if the troops are recalled.

Hanna.

New York, Sept. 24.—Senator Hanna reached this city this morning direct from Cleveland.

Village Destroyed.

St. Louis, Mo., Sept. 24.—Dispatches from Nueces River valley, Texas, say in the little Mexican village of Laigun, on Gallardo creek, a branch of the Nueces, not a local is left standing as the result of the floods. A Mexican family of four and two American campers, supposed to have been deer hunters from Eagle Pass, perished there. The village was wrecked by the flood a year ago, failed, owing to the washing away of the telegraph wires.

Political Exigencies.

London, Sept. 24.—The afternoon newspapers comment on the American reply to the German note and attribute it to "political exigencies."

THE BIG STRIKE!

Both Sides Firm and No
Gains Made.

Bloodshed Imminent in An-
thracite Region.

General Corbin Asked for Troops in
Shenandoah.

FUNERAL OF A MINER.

Philadelphia, Pa., Sept. 24.—Contrary to the expectation of the mine operators, the lines of the strikers remained unbroken to-day. The second week of the anthracite coal strike opened with the tie-up of the mines as complete as at any time since the strike began. No great gains or losses for either side. Demonstrations were made by troops in various parts of Schuylkill county this morning. The Reading company, which practically controls the market north, is shipping less coal to-day than ever.

THOUBLE EXPECTED.

Bloodshed Imminent in the Anthracite
Coal Region.

Shenandoah, Pa., Sept. 24.—The peace which pervades the entire coal field is in danger of being disturbed. General Goodin thinks. He received information that an attack is to be made at Girardville, about eight miles from here. Troops have been ordered there. A disturbance is expected at Cambridge colliery, operated by the Cambridge Coal company, south of here. Of 140 men employed at the mine, 130 went to work to-day. Every man is to be armed. J. C. McGinnis, an official of the company, addressed the men this afternoon, and said: "Fight if you must; retreat when attacked. I will fire the first shot. When I fire fight for your lives. Don't shoot until I do, then shoot to kill."

Troops Wanted.

Shenandoah, Pa., Sept. 24.—Strikers attacked the president of colliery No. 3, Girardville, near here. General Corbin has been asked for troops.

Funeral of a Miner.

Shenandoah, Pa., Sept. 24.—John Chominski, the Polisher, who was killed during the riot on Friday, was buried to-day. Fully 5,000 mine workers attended the funeral. They stood in line and as the hearse, the only vehicle in the procession, passed, every hat was raised.

Boy Wanted.

A good boy to work in bindery, carry copy, and do chore work wanted immediately at The Citizen office.

Good News.

It is reported in Bland that a movement is on foot in Albuquerque to organize a stock company for the purpose of erecting a dam of fifty feet capacity in Peralta canyon. If this is true and a company is organized, there can be no doubt of its ultimate success. The ore is there in both quality and quantity and an abundance of water and timber on the side. Mill sites and town sites are necessary and it is necessary to bring that district out is a small amount of capital and plenty of elbow-grease.—Bland Herald.

Real Estate Transfers.

S. W. Young to H. E. Anderson, warranty deed to lots 15 and 16, Eagle Township company addition of the town of Bland.
Mrs. Susan F. Henderson to Samuel S. Henderson, warranty deed to lot 2, block letter K, Highland addition; also lot 7, block 36, Highland addition, south.
Santa Fe Pacific Railway company to J. K. Kemmer, warranty deed to lot 22, block 15, Gallup townsite.
Rosa Musio Deluchi and husband to James Tobaccon, warranty deed to five pieces of land in the town of Duran.

District Court.

On the United States side of the court, the grand and petit juries were called and a new venire was issued to complete the panel in both juries. It is expected that they will be completed to-morrow when they will be instructed by the court.
Felix Mitchell Roardo, a native of France, was made a citizen of the United States.
On the territorial side, the grand jury venire was returned by the sheriff and a new venire was ordered to issue to complete the panel.
In the case of the Commercial Club vs. R. S. Goss, an appeal to the supreme court was granted the defendant.

Mining Sale.

An important mining sale has been effected through the instrumentality of A. B. Laird.
The group of mines near Steeple Rock known as the "Three Hs" and owned by James A. Harlan, E. H. Hinkle and Wm. Horstman, has been sold to A. W.

Texas Disaster.

SUNDAY BASE BALL.

London, Sept. 24.—Lord Roberts reports from Pretoria under date of September 24th, that guards under Poole-Carew, occupied Komatipoort this morning, and the bridge was found intact. Much rolling stock and truck loads of "long Tom" ammunition were captured. Only a few rifle shots were fired.
Roberts also reports that he captured a Boer camp with 3,000 cattle, 5,000 sheep and twenty-three prisoners. Methuen made another big haul of stock.
Roberts also reports few Boer troops remaining in eastern Transvaal, and says that the burghers and foreign mercenaries have gone to Lorenzo Marques, owing to the Portuguese government promising to maintain them while there and give them passage to their respective countries.

ANOTHER TEXAS DISASTER.

Number of Lives Lost in Another Flood in
Several Rivers.

Dallas, Tex., Sept. 24.—City Marshal Deaton, of Dublin, Texas, at 1 p. m. to-day telephoned as follows: "The disaster at Brownwood is reported here to-day as being very serious. Eight persons were drowned and a part of the town badly wrecked by the water. The town is entirely cut off both by wire and rail. The Fort Worth & Rio Grande railway west of Dublin is crippled by washouts, as the wires are down trains laid out cannot be heard from. No lives were lost near Dublin, but property damage is large. Leon river and branches swept over an immense area of country around Dublin. Further west in the Brownwood section of the Colorado, the Concho, Pecos and other rivers and tributaries made wide spread damage.
A ballroom from Temple at 1:10 p. m. says: 'Can't hear a word from Brownwood country. Wires gone; traffic suspended by immense damage to road.'

Case Decided.

In the case of Finner James vs. William M. Hurst et al., foreclosure of mortgage, Judge Crumpacker, acting instead of Judge Leand, rendered judgment in favor of the plaintiff in the sum of \$10,130 and decreed that unless said judgment was paid within ninety days, certain described lands belonging to defendants in Socorro county, should be sold to satisfy the same. W. H. Winter was appointed special master to sell the lands.—Socorro Chief.

Although the room occupied by Miss Field's kindergarten school was used by T. L. Tally's photograph and moving pictures show during fair week, the little tots were all on hand this morning for school, the room having been put back in good condition by workmen employed by the Fair association and by carpenters from W. W. Strong's shop.

The Springer fair, in Colfax county, opens tomorrow, and some of the "sure thing" skin games, which were closed up here last week by the mayor, are now at Springer. It would be wise for the Springer officials to give them the shake, for they are not true-blue gamblers, who take chances and submit without much ado, when a turn is made against them, but constitute a lot of loud-mouthed reprobates and stringers, who are a disgrace to the gambling fraternity. One fellow, in particular, named C. E. Corcoran, is now at Springer with his medicine game, and of all who were closed up here by order of the mayor, none of them proved as contemptible and howled as loud as Corcoran. He fessed those who patronized his skin game, and when he was closed up here he howled and cried for the return of his license and fair privilege.
