THE BIG STRIKE!

Over 100,000 Coal Miners Are Idle.

Mills at Pittsburg Resume Work.

Fighting in Progress at Komatiport, South Africa.

POPULATION OF PUEBLO, COL.

Philadelphia, Pa., Sept. 18.—It is as President Mitchell of the United Mine Workers claimed last night, 112,000 to 141,000 mine workers in the Pennsylvania anthracite coal fields were idle yesterday. It is certain that the number has been considerably augmented today. Reports from four big districts embracing the hard coal region say that fewer men are at work today than yesterday, and the colliers that worked full-handed, or nearly so yesterday, are either badly crippled or shut down today.

The weather has grown much colder, and workers argue that the increased demand for coal will hasten the adjustment of differences. Talk of arbitration is so persistent that hope grows that this method of settling the strike finally will be adopted, although the mine owners declare they will deal only with employees as individuals, and the strike leaders say they insist upon formal recognition of the union.

MILLS RESUME WORK.

Several Closed Pittsburg Mills Begin Active Work.

Pittsburg, Pa., Sept. 18.—Olivier's south side plant of the American Steel and wire company has resumed operations, and orders have been issued to start the Anderson plant and Rod mill of the same concern within a week. The mills have been closed since the order of last April.

The American Sheet Steel company and the Republic Iron and Steel company have entered an arrangement by which the former withdraws from the merchant bar trade and the latter from sheet production. In this deal the sheet company secured the sheet mills of the Republic of Toledo, Iron, Hazelton and Youngstown, Ohio, and Alexandria, Ind., and will dismantle them along with three sheet mills of Shelton, Pa. The Republic gets the big bar mills relieve plant canal at Dover, Ohio, and will remove the machinery to its other mills.

Fighting in Progress.

Lorenzo Marques, Sept. 18.—Fighting is proceeding at Komatiport. All available men have been sent to the frontier. It is expected that the Komatiport bridge will be destroyed. There is great uneasiness here. With the occupation of Komatiport, the British would be able to cut off all supplies reaching the Boers by railroad from Portuguese territory.

Population of Pueblo.

Washington, D. C., Sept. 18.—The Census Bureau announces the population of Pueblo, Colorado, at 28,157, against 24,538 in 1890.

Germany's Demand.

Berlin, Sept. 18.—The foreign office has sent a circular note to all the powers announcing that the German government considers as an indispensable preliminary to the beginning of peace negotiations with China is the delivery of those responsible for the outrages.

The President.

Canton, Sept. 18.—President McKinley started for Washington this afternoon. It is said that matters connected with the Chinese situation call him to the capital.

Population of Butte.

Washington, Sept. 18.—The census bureau announces the population of Butte, Mont., at 30,470 as against 10,723 in 1890.

Bryan Speaks.

Fort Scott, Kan., Sept. 18.—Bryan addressed an immense audience in the public square here today.

KEARSARGE DAY.

Interesting Ceremonies at Portsmouth Navy Yard This Afternoon.
Portsmouth, N. H., Sept. 18.—"Kearsarge Day," which includes presentation of commemorative tablets to the new battleship Kearsarge and the Alabama in the presence of the present and former secretary of the navy, governor of Alabama and other distinguished guests, opened stormy, so the formal presentation exercises were postponed until 3 o'clock.

Guests and speakers occupied specially erected stands in the park. The area in front of the stand was crowded with spectators.

Chas. H. Burns, president of the day, spoke at length of the significance of the occasion. Miss Mary Thornton Davis, of Boston, niece of Lieutenant Thornton, executive officer of the old Kearsarge, and Mrs. Henry Bryan of Alabama, daughter of Rear Admiral Semmes, of the old Alabama, unveiled the tablets.

Gov. Frank W. Rollins made a brief address presenting the tablets to Captain Folger, of the Kearsarge, and Captain Brownson, of the Alabama. Secretary of the Navy John D. Long responded on behalf of the navy department.

The exercises concluded with an oratorical address by former secretary of the navy, Herbert.

ENTIRELY DESTROYED.

Seaside Resort Near Galveston Destroyed by Recent Storm.

Dallas, Tex., Sept. 18.—News reached Dallas today that Big Island, seaside resort, 30 miles northeast of Galveston, near the Gulf shore in the southwestern corner of Jefferson county, Texas, was entirely destroyed. The place had about 1,000 residents, many of them visitors. (Not a house was left standing, and not more than 400 dead bodies were found yesterday by relief and exploring parties.)

General Manager Spangler of the Gulf & Interstate railroad has received information that more than 30 miles of that road had been entirely destroyed between Bolivar Point and High Island.

SHOT AND KILLED.

Bridge Carpenter Killed at Corralito by His Wife.

Cerrillos, N. M., Sept. 18.—Ed Johnson, bridge carpenter in B. P. Williams' gang located here, was shot and killed by his wife at 12:45 this afternoon. Evidence before the coroner's jury shows that he threatened to kill her, and furnished a knife and revolver before her face. He took the cartridges out of the gun and threw it on the bed, where she got it, reloaded and shot him behind the right ear, killing him instantly.

Drowned.

Liverpool, Sept. 18.—The British steamer Gordon Castle and the German steamer Stormann collided in Cardigan bay on Sunday night and both vessels sank. Twenty persons on the Gordon Castle were lost.

Price of Coal Advanced.

Philadelphia, Pa., Sept. 18.—The Philadelphia & Reading Coal and Iron company announced this afternoon that all grades of coal were advanced 25 cents a ton.

THE BIGGEST YET!

Opening of the Great Territorial Fair.

Hon. O. N. Marron Welcomes the People.

Big Crowd of Jolly Fair Enthusiasts in the City.

PROGRAM TO-MORROW.

The twentieth annual territorial fair and street carnival opened today under a clear and beautiful sky, in spite of the gloomy out-look yesterday. The business men of the city, upon seeing old Sol shedding forth his bright rays this morning, bestrided themselves to put on their holiday attire, and now the city is beautifully decorated, and the visitors have been pouring in last night and this morning to enjoy the festivities of the week.

The opening ceremonies took place this afternoon at 2 o'clock. In the midway, where the city council and fair officials, had been taken in carriages, after driving through the principal streets of the city, escorted by the First Regiment band.

The opening oration was made by Mayor O. N. Marron, in the absence of Gov. Thomas of Colorado, and Gov. Otero of New Mexico, in the presence of a large number of visitors. The mayor in the name of the city of Albuquerque, and the fair officials, gave a hearty welcome to everyone to enjoy the festivities of the week.

After a half hour's amusement by the members of the American Amusement company, consisting of songs, dances and acrobatic feats, the vast throng went to the grand stand to witness the events given there.

WEDNESDAY, SEPTEMBER 19.

The program for to-morrow has been corrected as to several important events, by the president of the fair association and the superintendent of sports, and is now as follows:

8 a. m.—Concert at various street corners by the First Regiment band.
10 a. m.—Free vaudeville show on the midway, consisting of ten to twelve acts.

1:30 p. m.—At the "grand stand," interesting and novel platform features.
2:30 p. m.—Boy's foot race of fifty yards.

2:50 p. m.—Juvenile cake walk, twenty-five children, under personal supervision of Mrs. Walton.

3:00 p. m.—Base ball game between Silver City and El Paso.

3:30 p. m.—Balloon ascension with parachute leap.

4:00 p. m.—Concert by the First Regiment band.

7:00 p. m.—Brilliant and magnificent platform feature by calcium lights, including the great spectaculars, "The Spanish Flag" and "Chinese Dragon."

9:00 p. m.—Banquet to visiting editors and publishers.

(Note.—The tug-of-war contest advertised for Wednesday afternoon will be added to Thursday afternoon's program, making two contests that afternoon. "The Chinese Dragon" spectacular, and also Friday night.)

THE CHIHUAHUA BAND.

A telegram received this afternoon states that the great Chihuahua military band will be here to-morrow, being delayed now on account of wash-outs and a strike on the Mexican Central. If the band does not reach the city to-morrow, the public will no longer be disappointed, for the band will surely be here Thursday morning.

These unavoidable delays are very annoying, much to the regret of the fair association, but they cannot be helped. The greatest military band organization, however, in Mexico, will be heard at the present fair in the big trades display and parade in two concerts a day, while in the city.

DECORATION COMMITTEE.

The committee to decide upon the best decorated business house, the best outside display, and the best decorated front window of business house, will be appointed this afternoon by the president of the fair association in time for them to observe these decorations at night. The names of the committee will be published in the Journal-Democrat to-morrow morning, and in the afternoon the announcement of their decisions as to who captured the prizes will be made in The Citizen. Hon. George Ogden, one of El Paso's aldermen, has been requested to serve on that committee and has accepted. The other appointments will consist of a gentleman and lady—all strangers.

THE GRAND PARADE.

First Division, J. E. Elder—Mayor and council, Chihuahua band, Queen's float, Grunfeld, Blacksmith's, E. F. P. shops, Horseless carriages, Hobo band, Commercial Travelers.

Second Division, —Masseti—First Regiment band, C. Colombo float and society, Fire department, Korber, Coop-

er & McAtee, Kid Hobos, Colorado Telephone Co., Gross, Blackwell & Co., K. of P. float.

Third Division, Alex. Stevens—Indian School band, School and Trades' display, Mrs. Walton, Lou Holt, W. H. Hahn, Comic Piece, Southwestern Brewery & Ice Co.; Mausard.

The first division will form on Tijeras road, facing east, head of column at corner of First street and Tijeras; second division will form on Marquette avenue, facing east, head of column at corner of First street and Marquette; third division on Roma avenue facing head of column at corner of Roma and Third street; fourth division on Fruit avenue, facing east, head of column at corner of First and Fruit.

IN FRONT OF THE GRAND STAND.

The grand stand is a great success. It is one-half full of people, every one of whom has a perfect view of the sports.

RELIEF POURING IN

Destitute at Galveston Being Helped.

Death List Now Numbers 4,437.

Property Loss Will Reach the immense Sum of \$22,500,000.

FEARS OF EPIDEMIC AVERTED.

Galveston, Tex., Sept. 18.—The situation continues to improve. Work has been brought down to business as far as possible. All laborers have been assured compensation for their labor. Every department is as well organized as possible under the circumstances.

Supplies and money are pouring in from all over the country. It is stated that at least seven figures is needed to express the amount of cash received.

The death list reaches a total of 4,437, with additions made today. Only a comparatively small number of the negroes who perished have been reported. After considering all facts, one can hardly help conclude that the total to be finally reached will be above 6,000.

Judge Mann stated today, in his opinion, that the list would go as high as 7,000.

The estimated property loss at \$22,500,000 is not regarded too high. People are becoming more cheerful today.

People are still leaving the city in considerable numbers, but the relief work locally has now been gotten down to such a fine point it is likely there will be a marked diminution of the exodus during the next two or three days.

Fears of epidemic have been averted by distribution of medicines and disinfectants.

Arrives in China.

Hong Kong, Sept. 18.—The German steamer Sachsen, having on board Field Marshal Count von Waldersee, commander-in-chief of the international forces in China, has arrived.

Wool Market.

Boston, Sept. 18.—Sales in the wool market this week have been smaller than in the past three months. This slow business does not tend to strengthen the market, but the dealers say that cut prices would not increase business, as manufacturers are simply buying what is required to keep their mills in operation.

For fine medium and fine staple, 48/50 cents is asked. Fleece wools are slow with prices nominal.

Contests, if any, must be filed with this com-

of the day of holding the convention, that this

NEW MEXICO CENSUS.
It is believed that the census figures
for New Mexico will show that the ter-
ritory in the past ten years has gained
about 25 per cent in population. The
Santa Fe New Mexican believes that
these figures are too low, and that the
population of the territory at this time
is really from 225,000 to 240,000. To
be sure the territory has suffered greatly

V. V. Clark Going to Mexico—Con-
tract Awarded.

IMPORTANT MINING NOTES.

From the Bland Herald.

GOING TO OLD MEXICO.

V. V. Clark, superintendent of the
cyanide department in the mill of the
Cochiti Gold Mining company at Albu-
querque, has been awarded a contract
for a few days ago, which goes
into effect to-morrow evening. He
has disposed of his household effects
and will leave to-morrow morning for
Alamo, Sonora, Mexico, where he will
enter upon the duties of general manager
for the Higuera Mining and
Milling company of that place. Mrs.
Clark will accompany her husband and
together they will make their future
home in Alamo. Mr. Clark has been
a resident of the Cochiti district for
several years past, occupying various
responsible positions for the Cochiti
and Navajo Gold Mining companies
and by able and careful management
of his duties he has gained the respect
and confidence of his employers. Mr.
and Mrs. Clark are prominent social
people of this district, and he has been
elected to the position of president of
the fair in this city this week. He had
the showers yesterday to put the streets
in good condition for the big show.

The three best base ball teams ever
matched against each other in this ter-
ritory, will battle for the championship

A New Safety Match.
A match has at last been discovered
which can be manufactured absolutely
without the aid of phosphorus. This
match contains neither red nor
yellow phosphorus, but possesses the
great advantage of being able to be
manufactured with the plant and ma-
chinery hitherto in use. Invention still
rides onward through every line, and
yet there are some things which seem
imperious to improvement. For in-
stance, Hostetter's Stomach Bitters,
which is a famous medicine, has stood
equalled for fifty years as a corrective
of stomach disorders. Imitations have
sprung up about it, but like a beacon
light, it has stood immovable, pointing
the way to health from all such ail-
ments as constipation, indigestion, dys-
pepsia, biliousness, sluggish liver or
weak kidneys.

MOHAVE COUNTY MINES.
An Important Strike Made at White Hills
—Other Mining Items.

Special Correspondence.

Special to the Citizen.

Kingman, Ariz., Sept. 17.—The most
important strike which has been made
in Mohave county since ore was first
struck, was made at White Hills last
week. At 600 feet the Occident mine,
owned by the company owning all such al-
l big group of mines, shows nearly two
feet of ore which equals the rich sur-
face deposits and is a continuous vein.
As is the case in many camps, below
the 200 feet level the ore is not so
rich, but it is still of good grade in this
place. This goes to show that there
is another ore zone which must be
reached before the true values of the
White Hills can be known. The ore
is innumerable miles, but are known
as "worked out." Strikes like this at
White Hills, where the ore is in these
camps and afford employment to a
great number of miners.

The Gold Road mines are attracting
much attention. They are west of
Kingman in the direction of the new
mine. Their history has been given in
The Citizen since they were first dis-
covered, and a group of three holes
was sold for \$50,000, when ten foot holes
represented the ore. The new owners
are going to erect a mill to treat 24 ore.
It is said that E. T. Loy, known
as "the father of Chloride," who is in
the east for the purpose of placing a
number of mining properties, has
formed a syndicate in which he com-
bines a large number of that camp's
most promising properties, including
the purchase of the railroad. It is said
that the Cramps, the great shipbuilders,
are largely interested.

A lead property belonging to the
Watson brothers, situated on the east
slope of the White Hills, shows a
body of ore in the lower hills. It is
a low grade mine, but has great bod-
ies of ore exposed.

maids of honor to the Queen of the
Carnival at the fair in Albuquerque
next week. The glad tidings came as
a great surprise to the fair young lady,

Queen of the Carnival.
It was decided last night by Samuel
Pickard, manager of the carnival ball,
which will be held on Friday night at
the Armory hall, that his and his re-
spective committee take charge of the
queen of the carnival, Miss Anita Pal-
ladino, and her four maids of honor,
Misses Hill, Elliott, Rutherford and
Seben, on their arrival at the hall, and
the queen, with Manager Pickard, fol-
lowed by the reception committee and
the maids of honor, will lead in the
grand march. The maids of honor are
requested to meet at the residence of
Miss Palladino, on North Second street,
at 9 o'clock Friday night, when a hack
will be in waiting to convey them to
the hall. Tickets for this grand carni-
val ball are now on sale at O. A. Mat-
son & Co.'s stationery store on Railroad
avenue.

Fulfillment of Prophecy.

tim, was notified of his fate, but took
no heed and was drowned on the date
which was told him in his manuscript,

A WONDERFUL CURE
OF DIARRHOEA.

A PROMINENT VIRGINIA EDITOR
Had Almost Given Up, but Was Brought
Back to Perfect Health by Cham-
berlain's Colic, Cholera and Diarrhoea
Remedy.

READ HIS EDITORIAL.
From the Times, Hillsdale, Va.
I suffer from diarrhoea for a long
time and thought I was past being cured.
I had spent much time and money
and suffered so much misery that I had
almost decided to give up all hopes of
recovery and await the result, but, not-
withstanding my adversity, I was re-
minded of Chamberlain's Colic, Cholera
and Diarrhoea Remedy, and also some testimonials
stating how some wonderful cures had
been wrought by this remedy. I decided
to try it. After using a few doses I
was entirely well of that trouble and I
wish to say further to my readers and
sufferers that I am a hale and
heartily man to-day and feel as well as
I ever did in my life.—O. H. Moore, Sold

About a dozen were received into full membership and nearly as many by letter at the Lead Avenue Methodist church yesterday. Nearly one third the membership was present at the sunrise service and the song service in the afternoon was greatly enjoyed by a large audience. The music was furnished by the double quartette and was specially fine. The solos by Mrs. Knight, the leading soprano, and the tenor solo by Mr. Hall, were greatly appreciated. Mr. Houghton is rapidly building up one of the strongest choirs in the city and the entire church seems to be entering upon a period of unusual prosperity.
