## THE BIG STRIKE!

**Anthracite Mines of Pennsylvania Closed.**

**Galveston Is Beginning to Look Natural.**

**Prince Ching and Li Hung Chang to Negotiate Peace.**

**REFUGEES FROM GALVESTON.**

Scranton, Pa., Sept. 17.—This morning found thousands of mine workers in the Lackawanna and Wyoming valleys ready for the strike and when the scores of breaker whistles sounded not enough men rallied at any place to warrant the beginning of work.

The Delaware, Lackawanna and Western company made futile efforts to get three of its colliers going, but without effect. Fully 70,000 mine employees are idle in District No. 1.

Carpenters, car-repairers, blacksmiths, helpers, engineers of the Delaware, Lackawanna and Western company's mines, joined the strike to-day because they were asked to handle coal.

**Galveston Resumes Business.**  
Galveston, Texas, Sept. 17.—Galveston is beginning to look like itself again. Horse cars are in operation in the business part of the city, and the electric light and water service is partially resumed.

This morning the board of health began a systematic effort to obtain the names of the dead so that information can be used for legal purposes and for life insurance companies.

There are numerous cases of insanity as a result of the terrible bereavement. It is estimated that 5,000 people have departed from the city since the storm.

**Authorized to Negotiate Peace.**  
Washington, Sept. 17.—The Chinese minister has received a dispatch from Prince Ching, dated Peking, Sept. 16, stating that he has been clothed with full authority, together with Li Hung Chang, to negotiate peace, requesting Minister Wu to request the state department to instruct Minister Conger to open negotiations at once. Minister Wu has taken the dispatch to the state department.

**Refugees From Galveston.**  
Galveston, Sept. 17.—The stream of refugees from Galveston is kept up. At Texas City, a Philadelphia newspaper established a relief depot which is doing splendid work.

There is plenty of work for ten times the forces of laborers at present employed.

Adjutant General Smith, who is in charge of control now, was unable to pay the laborers for their services. He ardently desires to do so, and to-day impressed upon the committee the need of money.

**Will Not Receive Delegations.**  
Cleveland, Ohio, Sept. 17.—A special from Canton says: "It has been definitely decided that President McKinley will not receive delegations during this campaign, on account of the situation in the Orient."

**Hitler Fight.**  
Wilkes-Barre, Pa., Sept. 17.—After hearing reports from the mines, the representatives of the big coal companies went into conference and do not look for a compromise now, and are going to prepare for the worse. Detective agencies at Pittsburgh, Chicago and New York have received orders to send a large number of operatives to the Wyoming region.

**Dissolution of Parliament.**  
Aberdeen, Sept. 17.—At a meeting of the council at Balmoral to-day it was decided that dissolution of parliament will take place September 25th.

**Thousands Strike.**  
Philadelphia, Sept. 17.—Reports from the anthracite coal fields indicate that the tie-up caused by a strike for higher wages of more than 140,000 mine workers is at least as complete as the leadership of the United Mine Workers anticipated. Companies and individuals owning mines, who had claimed their workings would operate as usual, apparently reckoned without accurate knowledge of the attitude of the men.

## THE BIG FAIR!

**Official Program for the First Day.**

**Big Crowd Already in the Metropolis.**

**Arrangement of Base Ball Games by the Superintendent.**

**AMERICAN AMUSEMENT BUREAU.**

The twentieth annual fair of the New Mexico Territorial Fair association, will open to-morrow—Tuesday, September 18, 1900, and already there is in the city several hundred visitors, they arriving on the two morning trains from the west and south. It is estimated that by to-morrow several thousand strangers will be here, and Ralph Hunt, the chairman of the bureau of information, has been instructed to have his force of boys ready to comfortably quarter every visitor. He will be at his headquarters, corner of Railroad avenue and First street, on the arrival of every train from now on until after the fair.

**Arrives at Tien Tsin.**  
London, Sept. 17.—A dispatch from Shanghai says that Li Hung Chang has arrived at Tien Tsin.

**List of Dead.**  
Galveston, Sept. 17.—The latest printed list of the dead of the Galveston disaster revised to date, accounts for 4,673 persons.

The number of people who left Galveston is over 8,000. Of these about 5,000 are in Houston, being cared for. Others have gone into the interior of the state or to other states. Governor Sayers has taken charge of the relief work here, as well as other points. Money is being given out where needed, more than provisions and clothing.

## PAID TO MURDER!

**Chinese Paid for Heads of Americans.**

**Two Arizona Miners Killed by Explosion.**

**Report That Gen. DeWet Was Killed on Sept. 7.**

**SUNDAY BASE BALL.**

Victoria, B. C., Sept. 17.—Among advice brought by the steamer from China, were stories of the arrest of Chinese with heads of foreign soldiers in sacks. It seems that fifty tails were paid for each head. This fact was brought to light by the discovery of the private papers of Viceroy Yu Lu of Tien Tsin. In his diary is an entry: "Tails 100 paid for heads of two Americans killed in advance to relief of Tien Tsin. Tails 500 for two guns captured same occasion."

This entry explains many of the ghastly incidents recounted of the killing of the wounded.

**Miners Killed.**  
Phoenix, A. T., Sept. 17.—Report from Tombstone says that James and David Bean were killed Saturday by an explosion at the Gold Rock mine.

**Reported Killed.**  
New York, Sept. 17.—It is stated that Gen. Christian Dewet, Boer guerrilla, was killed on the 11th inst., near Potchefstroom.

**Sunday Base Ball.**  
American League—Milwaukee, 3; Cleveland, 2; Milwaukee, 1; Cleveland, 0. Detroit, 3; Minneapolis, 4; Kansas City, 6; Buffalo, 3; Chicago, 6; Indianapolis, 0.

**Burned Chinese Towns.**  
Berlin, Sept. 17.—A special dispatch from Shanghai says that German naval battalion, accompanied by forty Bengal lancers, burned Tien Liang, Sept. 15th. One hundred boxes were killed. The Chinese regular troops occupying the place had previously fled. The German loss was one man killed and five wounded.

**Boat Sunk.**  
Columbus, Ga., Sept. 17.—It is reported here that the steamer W. C. Bradley, one of the finest boats on the Chattahoochee river, sunk with all on board at some point down the river. The Bradley left here Thursday on a regular trip.

**Kentucky Murder Trial.**  
Frankfort, Ky., Sept. 17.—Bowman Gaines, one of the most important witnesses of the prosecution in the Jim Howard trial, testified to-day that he saw Howard run out of the state house grounds and jump the fence, immediately after the shooting of Goebel.

Albuquerque has become somewhat noted for holding a regular annual fair. It is called a territorial fair, which is a misnomer, as it is almost distinctly an Albuquerque affair. However, no one has any special kick on that score as this greatest New Mexico metropolis treats the people right and this year has provided some excellent new, novel and startling features. If you can possibly spare the time it will pay you to be in Albuquerque on September 18-20; the fare is reasonable, being \$6.35 for the round trip—Dona Ana County Republican.

## National Republican Ticket

For President—  
WILLIAM MC KINLEY,  
OF OHIO.  
For Vice President—  
THEODORE ROOSEVELT,  
OF NEW YORK.

Life insurance companies in  
Galveston are estimated at \$900,000.

The county republican central com-  
mittee is in session this afternoon and  
will issue call for county convention.

There is not a human being of any  
political party in the United States,  
who wants to hold the Philippine  
islands in subjection or vassalage.

If this Belgian hare craze continues,  
it is quite possible that about the time  
the coyotes and other "varmints"  
are disposed of, a problem similar to  
the Australian pest may confront us.

On June 25th the number of national  
banks was 3732, an increase of 191 since  
April 26. The resources were \$1,944,165,  
an increase of \$122,200,000 since  
April 26, and of \$235,300,000 in the year.

Prof. J. C. Carrera, who went to the  
Paris exposition in charge of the New  
Mexico mineral exhibit, says the terri-  
tory was classed third in the mineral  
display, California and Colorado lead-  
ing the territory.

Some idea of the importance given to  
athletics in colleges and universities  
may be had from the fact that Yale,  
Harvard, Columbia, Princeton, Penn-  
sylvania and Cornell spent \$204,243 for  
that purpose last year.

Stories of massacres of missionaries  
and native Christians are still coming  
from the interior of China. It is as-  
serted that between 15,000 and 20,000  
converts were massacred in the north-  
ern provinces during the month of July.

## THE ARMY.

Twenty-five volunteer regiments  
whose term will expire June 30, 1901,  
are stationed in the Philippines. On the  
same date the regular army must be  
reduced from 65,000 to 27,000 men. The  
troops now in the United States consist  
of two companies of engineers out of  
five; seven squadrons of the signal corps  
out of five; seven squadrons of cavalry  
out of thirty; fifty-nine batteries of ar-  
tillery out of ninety-eight; and thirteen  
batteries of infantry out of seventy-  
five. These figures will be practically  
cut in two by the reduction of the size  
of the army next year. At the begin-  
ning of 1898 the 25,000 regulars were  
garrisoned ninety-three posts. Now  
117 posts are garrisoned by only 14,000  
men. In many instances the garrison  
is hardly large enough to keep the posts  
in order.

## AN AGE OF DISASTERS.

This seems to be an age of disaster.  
Fire, flood and explosions seem to have  
been more numerous and more terrible  
in the last year than for many years  
previous.

Of terrible catastrophes the history  
of the past twelve months is blotted  
here and there. The accidents of half  
a dozen people being killed at once are  
forgotten for the larger death list. The  
Hoboken fire, the burning of Hull and  
Bloomington are not yet forgotten, but  
such casualties as the Brownsville, Pa.,  
mine explosion where sixty men were  
entombed, the Wilkesbarre wreck  
where five were instantly killed, and  
more died, the Longacre, W. Va., mine  
disaster where fifty miners met their  
fate, the tenement fire of New York  
and New Jersey, the Texas and  
Mississippi floods, the Scofield, Utah,  
mine disaster are nearly forgotten ex-  
cept by those in the vicinity where the  
disasters occurred. It seems as if the  
human mind is becoming so used to  
hearing of the wholesale loss of life  
that nothing but the most horrible af-  
fairs leave even a memory, they are so  
quickly crowded out and over-  
shadowed.

## THE STRIKERS.

In addition to the 143,000 coal miners  
who have declared a strike, there are 7-  
000 cigar makers locked out in New  
York. The Mill Men's union of San  
Francisco, backed by the Building  
Trades council, has begun a fight which  
may throw 15,000 men out of employ-  
ment and cause building to partially  
cease in that city. There is a strike  
among the wood-workers, and the In-  
ternational Typographical union will  
demand a nine-hour working day on  
October 1. In the book binders' strike  
Portland, Ore., has a strike of trans-  
porters. The iron workers of Lebanon,  
Pa., are out. All the unions in Dallas,  
Tex., contemplate a sympathetic strike  
with the Consolidated Railway em-  
ployees. St. Louis has a street railway  
strike. Seattle has a strike among the

miners. There are over 100,000 men con-  
nected with the building trades in Chi-  
cago, who have been idle for over eight  
months on account of labor troubles.  
Seven hundred and fifty wood-workers  
quit work on September 4, and only last  
Saturday 3,000 union carpenters struck  
a further lockout, by abandoning work  
at noon and demanding for the future  
a half-holiday on Saturday. The build-  
ers in the Buffalo packing houses have  
struck and there are indications that  
the other packing house employees may  
go out in sympathy.

## A New Safety Match.

A match has at last been discovered  
which can be manufactured absolutely  
without the aid of phosphorus. This  
safety match contains neither red nor  
yellow phosphorus, but possesses the  
great advantage of being able to be  
manufactured with the plant and ma-  
chinery hitherto in use. Invention still  
strides onward through every line, and  
yet there are some things which seem  
impossible to improve. For instance,  
Hostetter's Stomach Bitters, that  
famous medicine, has stood un-  
equalled for fifty years as a corrective  
of stomach disorders. Imitations have  
sprung up about it, but like a beacon  
light, it has stood immovable, pointing  
the way to health from all such ail-  
ments as constipation, indigestion, dys-  
pepsia, biliousness, sluggish liver or  
weak kidneys.

The progressive nations of the world  
are the great food consuming nations,  
and food is the greatest need of strength.  
If you cannot digest all you eat, you  
need Kodol Dyspepsia Cure. It digests  
what you eat. You need not diet your-  
self. It contains all the digestants com-  
bined with the best tonics and recon-  
structives. It will even digest all kinds  
of food in a bottle. No other prepara-  
tion will do this. It instantly relieves  
and quickly cures all stomach troubles.

## DESERVED PROMOTION.

T. M. Ramsdell Appointed Traveling Sales-  
man for Chamberlain's Cough Remedy.

Again has merit received its reward  
and in this case deserved recognition  
has found the recipient to be fully cap-  
able and highly efficient. Saturday T. M.  
Ramsdell, the popular superintendent  
of the car and carpenter department  
at the local railroad shops, was  
promoted to the position of traveling  
salesman for the entire Santa Fe system—a  
position of great responsibility, requiring  
skill, experience and technical knowl-  
edge, all of which Mr. Ramsdell pos-  
sesses, as has been shown to the satis-  
faction of his superiors. This is a  
gratifying to the gentleman's friends,  
except the fact that it may require his  
absence from the city, which he will  
be much regretted, as he has shown  
himself to be such a thorough gen-  
tleman, so good a citizen, and as a  
member of the school board, to be  
so interested in the city's welfare  
as heart as part of his life's work, that  
his loss would be felt, though himself  
a gainer by his promotion. It could  
not have been entirely unknown to his  
friends and acquaintances, that he was  
proving that his former position was  
of the kind that is appreciated, when  
after working hours Saturday those who  
have worked under his direction called  
on him at his office, and the young  
foreman of the tin shop, as spokesman,  
presented to Mr. Ramsdell as a token of  
their esteem, and a reminder of their  
service with him, a handsome com-  
mission. Ramsdell and his wife, who  
were present, were given a splendid  
watch chain, of gold set with rubies  
and diamonds. In answer to Mr.  
Young's complimentary presentation  
speech, Mr. Ramsdell in his surprise  
and joy, said that he was much grati-  
fied, but that he was much to the  
point, and that the Citizens' Club  
in wishing him the success in his new  
position that he so richly deserves.

## PRINCE FOR DELEGATE.

His friends give Good Reasons for His  
Nomination.

In connection with the nomination of  
delegate, some friends of Governor  
Prince in this city have submitted the  
following statement of reasons for his  
nomination:

1. We are at a critical point in our  
history. For the fourth time statehood  
has been before the people of New Mexico,  
and to secure it. It seemed sure in  
1875 when New Mexico had more  
votes than Colorado and yet failed at  
the end; it had a splendid opportunity  
when Montana, Wyoming and Idaho  
were admitted, as it was far superior to  
two of them, yet it was left out of the  
list; it had a much better chance than  
Utah in 1895, considering the strong  
feeling against Mormonism. Utah is  
a state and New Mexico still a terri-  
tory. To achieve success the case must  
be strongly urged and persistently  
pushed on the floor of congress, and in  
this we need a man who is familiar  
with eastern methods and can enlist  
the support of eastern men, who can  
present the subject powerfully and at-  
tractively to congress and who will not  
rest till success crown his efforts.

We submit that Governor Prince  
meets these requirements remarkably.  
He has long experience in both houses  
of the legislature of the largest of the  
eastern states and is familiar with con-  
gressional methods. He has an ac-  
quaintance exceeded by few men in the  
country. Long before he came to New  
Mexico he had gained a national repu-  
tation by the overthrow of the corrupt  
judiciary in New York, represented by  
Barnard, Cardozo and McGinn; he had  
done such extensive party work that he  
was offered and declined a cabinet po-  
sition by President Hayes, and forerun-  
ner of the marshaling of New York,  
then worth \$12,000 a year, the chief jus-  
tice of the state and the governorship  
of the state. There is scarcely a city of  
importance in the country, from the  
Atlantic to the Pacific, where he has  
not been called to speak on public ques-  
tions. An exact inquiry as to this  
fact would show that out of 25  
American cities which in 1890 contained  
over 100,000 inhabitants, Governor  
Prince has at different times spoken  
speeches in 22. Chicago, New York, Phila-  
delphia, Brooklyn, St. Louis, Boston,  
Baltimore, San Francisco, Cincinnati,  
Cleveland, New Orleans, Wash-  
ington, Detroit, Milwaukee, Newark,  
Minneapolis, Jersey City, Louisville,  
Omaha, Rochester, Providence, Denver  
and Indianapolis. Very few men, east  
or west, have such a record as that.  
He has friends in every state and in the  
highest circles of the cabinet. He is a  
man with whom he has been intimate  
for many years.

2. He has always been an enthusias-  
tic friend and advocate of New Mexico.  
From the day that he came here as  
chief justice, he has always been ready  
with tongue and pen to set forth the  
advantages of the territory and to pro-  
tect it from unjust assault. While still  
on the bench he wrote to the New York  
Times the "Defense of the people and  
country" in answer to an infamous at-  
tack on the native population that ap-  
peared in that journal; afterwards he  
had letters in the New York Herald and  
Tribune, on the same subject. He wrote  
the article on New Mexico in the En-  
cyclopaedia Britannica, and is the au-  
thor of the best history of New Mexico  
ever published, except one which has  
been published. Three addresses made at  
fairs in Albuquerque in 1883, 1890 and  
1891, were used as immigration docu-  
ments under a hundred thousand copies.
