## CALL FOR AID!

Mayor of Galveston Telegraphs for Help.

The Situation Much Brighter at Galveston.

Loss of Life 6,000, and 3,000 Injured by the Storm.

CITY WILL BE REBUILT.

Memphis, Tenn., Sept. 15.—The following telegram from Mayor Jones, was received to-day:

Galveston, Texas, Sept. 14.—To Associated Press, Memphis, Tenn.: I am a receipt of thousands of telegrams offering assistance, inquiring about absent friends and relatives. All these have been properly answered, but restricted communication probably has served to cause delay in transmission, and delivery. The telegraph companies are doing all in their power to restore prompt communication with the outside world, and already have partly succeeded, and I am assured that within the next few days normal conditions will prevail. The situation in Galveston has been in most instances accurately reported, and the distress of the people is great. Galveston and vicinity need at once, the assistance of all the people. Remittance in money should be made to John Seeley, treasurer of the relief committee, acknowledgment of which will be made in due course of time and as promptly as conditions will permit.

"WALTER C. JONES, Mayor."

SITUATION BRIGHTER.

People of Galveston Encouraged and Relief Pouring In.

Galveston, Texas, Sept. 15.—The situation is brightening rapidly. State Health Officer Hunt believes there is no danger of epidemic. Emergency hospitals have been established in every ward, for the treatment of the sick and wounded. The Galveston convent has been converted into a general hospital. All the hospitals are filled. Medical supplies are still much needed. The banks and some other branches of business have resumed. Preparations for rebuilding have been going on in the business part of the city. The railways and wharf front are being rapidly cleared of debris.

The Western Union has five wires strung to a down town office. Full telegraphic service is expected to be re-established by the close of this week.

Interment and cremation of human bodies and carcasses of animals is being vigorously prosecuted. It is conservatively estimated that the loss of human life will exceed 6,000, with half that number wounded.

Of one thousand living down the island, at least one-third were lost.

General McKibben has made arrangements to leave for Houston. The war department will undertake as soon as possible, the restoration of its property at this point.

Col. L. J. Polk, of the Santa Fe, has received an encouraging message from the headquarters of his road, declaring confidence in Galveston, and urging the business community to proceed with reconstruction, promising every help in its power.

SIGNED STATEMENT.

Reliable Report of the Losses by the Galveston Storm.

Austin, Texas, Sept. 15.—Governor Sayers has received the following official report:

Galveston, Sept. 14.—After the fullest possible investigation here, we feel justified in saying to you and through you to the American people, that no such disaster has ever overtaken any community or section in the history of our country. The loss of life is appalling, and can never be accurately determined. It is estimated at 6,000 to 8,000 people. There is not a home in Gal-

veston that has not been injured, while 3,000 are destroyed. Property loss represents the accumulations of sixty years and more millions than can be safely stated. Under these conditions, with 10,000 people homeless and destitute, with the entire population under stress and strain, difficult to realize, we appeal directly in the hour of our great emergency, to the sympathy and aid of mankind.

WALTER JONES, Mayor.  
R. B. HAWLEY, Member Congress, Galveston District.  
M. KIBBEN, Commanding Department of Texas. Information reaching here from official sources states that the reports of promiscuous shooting of Vandals at Galveston, has been exaggerated.

Pestilence Feared.  
Dallas, Sept. 15.—Troops at Galveston are worn out, and Governor Sayers last night ordered the Craddock light infantry of Terrell, to Galveston.

A special from Galveston says: "There is no concealment to be made of the fact that pestilence is feared. The authorities are sending women and children to the interior as fast as possible. The committee that will donate a train load of lime and get it here will do greater service than by donating its value in money."

Conditions at Galveston.  
Washington, Sept. 15.—The state department has received a dispatch from the Minister at Galveston, indicating that no change has taken place in the political conditions at Galveston.

Officials here are puzzled by press dispatches indicating that Li Hung Chang may be detained through international jealousies at the mouth of the Yantse. If this report should prove true, it would only confirm the fears of the administration as to the possibility of an international conflict breaking out at any moment.

CHINESE WILL FIGHT.

Gen. Chaffee Says He Has Enough Troops to Hold Galveston.  
New York, Sept. 15.—Marcus Daly, the millionaire copper mine owner of Montana, is very seriously ill at the Hotel Netherland, in this city. The ailment is heart trouble.

(Copyright, Associated Press.)  
Pekin, Sept. 14.—At a meeting of the foreign ministers here it has been decided to try to have no power at present to treat with Prince Ching.

Sir Robert Hart, director of the Chinese imperial marine customs, informed the foreign generals that they must be prepared for future hostilities. The Chinese troops are concentrating and moving on the coast of communication between Pekin and Tien Tsin, and that it is thought trouble may be looked for in November.

General Chaffee believes that he has sufficient troops to hold out against any attack.

Minister Conger received reliable news to the effect that all the Americans at Pao Ting Fu were killed. It is believed that eight missionaries were there.

Prince Ching informed Minister Conger that the emperor is to return to Pekin and to make all proper preparations.

Lieutenant Benjamin B. Hyer, commanding sixty men of the Sixth cavalry was recently attacked near here by 500 Boxers. He put them to rout, killing twenty-five. No American casualties.

Fighting Each Other.  
Lorenzo Marques, Sept. 15.—The Boxers who arrived here yesterday evening, aver that the burghers are fighting among themselves at Heilspuit, looting and burning buildings.

Next week the fair will be in full blast, but in the meantime the Saturday night hot free lunch at the White Elephant will be ready as usual to-night, and it will be the best that the market and a first class cook can supply.

At Melini & Eakin's Yellowstone bar to-night you will find the best hot free lunch that you ever tackled. Drop in and try it.

## THE CONCESSIONS!

Location of Some of the Fair Shows.

The "Little Railroad" Will Be on Gold Avenue.

List of Players of El Paso Colts and Albuquerque Browns.

BIG SHOW OPENS TUESDAY.

On next Tuesday, September 18th, the twentieth annual fair of the New Mexico Territorial Fair association will open in Albuquerque, and, from the number of advance strangers now here, it is a safe prediction to say that the biggest crowd in the history of Albuquerque will be here next Tuesday and further more, they will remain here during the entire week, for every attraction on the program is catching and will hold the people.

It is sincerely hoped that more merchants—more than two or three—will put up outside booths, decorate their places of business and windows, and help the fair association in its laudable duty of trying to please the visitors.

LOCATIONS OF CONCESSIONS.

What Will Be Seen in the Vicinity of the Midway.

T. S. Tally, who will make one of the grandest exhibits of moving pictures and photographs, will occupy the west side room in the Commercial Club building on Gold avenue, through the kindness of Miss Blanche Field, the excellent kindergarten teacher. She will give her little scholars a week's vacation to the fair.

J. W. Shriver, owner and inventor of the smallest passenger carrying train in the world, arrived this morning from the west. His great novelty will reach the city to-night and will be laid on Gold avenue, west, running from the Commercial Club to within a few yards of the grand stand.

"Lanette, the Maid of the Air" will make her wonderful exhibition in the Misses Armijo vacant store room on West Railroad avenue, directly opposite the Midway. Mr. Frost, one of the proprietors, has been here the past few days arranging matters so as to be ready for the fair.

Captain Kelly, with his well-known Monte Carlo Show company, will hold forth in the big tent on the Midway. A force of men have been at work the past few days putting up the tent and stage, and the captain expects his company to arrive to-morrow morning.

Chas. B. Cook, with his human curiosity, will arrive to-morrow morning from Yalata, Texas. He will have a stand on the Midway.

Diddler's merry-go-round, which has coined money for the lucky owner the last few years, will be located on the vacant lots directly opposite the Commercial Club, and like the "little railroad" will make every man, woman and child in the city feel happy.

G. O. Litt and his American Amusement company will not arrive until some time this evening, being held at Las Vegas on account of the wreck between St. Louis and Chicago. He is bringing along with him a famous balloonist and some of the best actors and actresses in the country. With the exception of the aeronaut, they will hold forth on the Midway.

Hawley's wonderful animal shooting gallery will occupy both 28 and 29, opposite the Commercial Club.

While a number of spaces have been taken on the Midway, some of the choice locations yet remain unoccupied. The president of the fair association will remain at The Citizen office this evening from 7 till 9:30 o'clock to accommodate those who desire privileges or wish to pay their fair subscriptions.

The team will arrive in Albuquerque Tuesday morning.

W. L. Matlock, manager of the Albuquerque Browns, entered his team with the following list of players: Hale, Zinsner, Starkey, Vorhes, King, Brown, R. McDonald, Merritt, Wynkoop, C. McDonald, Ortiz, Shaw, Shirk, Otero and Otero.

BOOTHS FOR FAIR.

Mayor Marron and his generous board of aldermen are anxious to see the merchants display their goods in outside booths directly in front of their stores, and to that end will grant the merchants the same conditions existing last year, several days before the city to commence the building of their outside booths. The fair association has offered a cash purse of \$50 for the best outside booth or display, directly in front of the store of the merchant making said display, and it is hoped that many merchants will enter the contest.

## TOO LENIENT!

Pekin Evacuation Considered a Mistake.

Anthracite Coal Miners Will Strike.

Gen. Roberts Surprised the Boers and Occupied Baberton.

WEEKLY BANK STATEMENT.

Shanghai, Sept. 14.—The contemplated withdrawal of the allies from Pekin is regarded as a great mistake, likely eventually to cause disturbances in other parts of China, where the people are certain to attribute the evacuation to defeat of the European forces. Even here, the Chinese, as a whole, do not believe that the allies ever reached Pekin.

Competent observers believe that the lesson must be brought home to China now, in order to prevent serious outbreaks in the future.

Will Strike.

Hazleton, Pa., Sept. 15.—Judging from the best information obtainable it is probable that about sixty per cent of 141,000 miners employed in the anthracite coal fields, will lay down their tools to-night.

Surprised the Boers.

London, Sept. 15.—Lord Roberts reports to the war office that French occupied Baberton yesterday with the cavalry which he took across the mountains. He met with slight opposition, the enemy being completely surprised. General French intercepted large convoys, showing that Baberton was used as a depot of supplies for the Boers.
