## EMPRESS DEFIANT!

The Old Hag Hates the  
Foreigners.

Southern China in State of  
Rebellion.

State of Vermont Gives About 32,000  
Republican Plurality.

GAGE REPLIES TO SCHURZ.

London, Sept. 5.—No official pronouncement is yet forthcoming here in regard to the decision of the powers concerning China, but the consensus of opinion continues suggestive of compromise on the proposal now under consideration. Meanwhile there is little authoritative indication that the dowager empress is ready to treat for peace, even if the allied powers reach agreement in regard to the means for opening negotiations. On the contrary many rumors gathering at Shanghai suggest that she is carrying on her anti-foreign policy with increased zeal. The latest reported imperial decree from Tai Yuan Au is said to be defiant and to contain a statement that the court did not intend to be killed during the fighting between the Boxers and Christians and thus leave no one to continue "ancestral worship." The decree is also said to exhort a union of the viceroys to "avenge the injuries inflicted on China by the powers."

VERMONT ELECTION.

Republicans Carry the State by About 32,000 Plurality.

White River Junction, Vt., Sept. 5.—The election returns were slow in arriving to-day. A relative decrease in the republican vote and increase in democratic figures seemed to be maintained in the towns reported in about the same ratio as last night's figures showed. The new additional towns that reported to-day all gave majorities for republican, republican candidate for governor.

Morrisville, with a total vote of about 600, showed a gain of 21 per cent for the democrats.

Whitingham and Worcester, while giving pluralities for Stickey for governor, elected the democratic nominee for representative.

Republican campaign officials hold to their last night's claim of 27,000 plurality for governor. The democrats claim thirty-one seats in the house of representatives.

This afternoon Ira Allen, chairman of the state committee made a statement that 290 out of 246 cities and towns gave Stickey, republican, for governor, 42,221; Senter, democratic, 14,593. Same towns 1896 gave Grant, republican, 46,378; Jackson, democratic, 12,786. Allen says it is safe to call Stickey's plurality 32,000.

The most conservative estimate of the standing of the legislature show the senate to be republican throughout, and the republicans hold about 200 out of 246 seats in the house. In 1896 the democrats elected forty-one representatives and in 1898 forty-two.

The two republican candidates for congress were elected by figures generally corresponding with the vote for governor.

HUNAN A MENACE.

Secretary Gage Replies to Criticism of Carl Schurz.

Washington, Sept. 5.—Secretary Gage has made reply to an open letter received from Hon. Carl Schurz, New York, criticizing him for an interview published August 28, in which he expressed the opinion that Bryan, if elected, could by exercise of perverse ingenuity, put the government on a silver basis, ruin its credit and bring incalculable disaster upon the business interests of the country, and denying that the dangers set forth in that interview really exist. Gage's letter concludes: "You end your letter by suggesting that I retract what I have said in fairness to the

business community, which should not be unnecessarily disquieted, especially not by those in authority. Thinking as I do that the election of Bryan would be a real menace to the commercial and industrial interest of our people account of the purpose he cherishes and the power he would possess, I do not feel at liberty to act upon your suggestion. I feel it my duty to at least wait until Bryan has himself retracted his statement of 1896 that the gold standard "will not be maintained in this country longer than I am able to get rid of it."

Sentenced for Life.

Georgetown, Ky., Sept. 5.—Judge Cantrill to-day overruled the bill of exceptions in the case of ex-Secretary of State Caleb Powers, convicted of an accessory before the fact to the assassination of William Goebel, and sentenced the prisoner for life. Judge Cantrill made order suspending the execution of sentence sixty days to enable the defendant to procure a transcript of the record to be filed in the court of appeals, and the appeal was allowed.

LETTER CARRIERS.

One of the Beneficial Organizations of the Country.

Detroit, Sept. 5.—The much discussed letter carrier's pension bill was presented to-day to the carrier's national convention. After considerable debate it was ordered printed. The bill provides for a relief fund to be deposited with the postmaster general for the relief of disabled and infirm letter carriers, to be raised by deducting from salaries of the letter carriers percentage graded according to length of service.

The committee on new business recommended the appointment of special committee to attend to the adjustment before the postmaster general of any abuses inflicted by postmasters. Report adopted.

Directors of the association's insurance branch reported 112 deaths claims all aggregating \$78,578 paid since that feature was organized nine years ago and no claims unpaid.

On the question of inviting Samuel Gompers, president of the American Federation of Labor to address the convention, there was sharp division of opinion. The result of the vote was announced, effectively, addressing the delegates as "Fellow Union Men." He urged that the association would be a great gain, and if it would affiliate with the American Federation of Labor.

WITHDRAWAL OF TROOPS.

Allied Powers Moving Slowly in Regard to Troops at Peking.

Washington, Sept. 5.—Our government is not yet informed that any further responses have been made by the powers to the Russian note respecting the withdrawal of troops from Peking. Therefore, negotiations on this point cannot be said to have been marked by any formal advancement, though it is known that unofficial changes are in progress, doubtless preparing the way for formal agreement between the powers in the near future. Acting through Li Hung Chang the Chinese imperial government is making strenuous efforts to secure favorable consideration for its peace overtures.

Street Car Strike.

St. Louis, Sept. 5.—By a strike of 100 mourners, conductors and shopmen not a car on the Belleville, Ill., or on any line connecting with East St. Louis, is in operation to-day. Members of the street car union say that the discharge of Motorman Van Houten and other alleged acts of injustice are responsible for the strike which was inaugurated to-day.

Hanna Is Busy.

Chicago, Sept. 5.—Senator Hanna today wired Secretary Perry R. Heath, of the republican national committee, as follows: "It is out of the question for me to accept any invitations to speak." Heath said Hanna may make a few speeches in Ohio, but positively would not speak in other states.

Democratic Factional Fight.

Denver, Col., Sept. 5.—On the face of the returns the Thomas faction carried the democratic primaries in this city to elect delegates to the state convention by a majority of four to one. The Maloney forces will contest the result.

## SIEGE RAISED!

Boers Failed Capturing  
Ladybrand Garrison

Republican Ticket in New  
York State.

Bryan in West Virginia Making His  
Calamity Speeches.

POPULATION OF SALT LAKE.

Cape Town, Sept. 5.—The siege of Ladybrand has been raised after several desperate attempts to capture the town and a little garrison of 150 British troops. The Boers who attacked Ladybrand are estimated to have numbered over 2,000. The British were summoned to surrender September 23, but refused, and from that time they were subjected to continual cannon and rifle fire. The burghers twice tried to rush the British position. Probably the approach of a relief force saved the little garrison.

NEW YORK REPUBLICANS.

A Winning Ticket Named in the Empire State.

Saratoga, N. Y., Sept. 5.—The state republican convention to-day nominated the following ticket: Governor, B. B. Odell, Jr.; lieutenant governor, Timothy L. Woodruff; secretary of state, John T. McDonough; comptroller, William J. Morgan; state treasurer, John P. Jaekel; attorney general, John C. Davies; state engineer, Edward A. Bond.

Perhaps the most interesting feature of the convention was the fact that the speech nominating Odell for governor was made by former Governor F. S. Black, who had been outside the organization since Roosevelt defeated him two years ago, when he desired the renomination. Black said the issues now before the American people were discussed and settled four years ago.

Senator Dewey presented Timothy L. Woodruff for lieutenant governor. He said: "Not only the United States but every civilized and semi-civilized country on the globe is to-day giving unstinted admiration to the statesmanship, generalship and diplomacy of William McKinley."

Odell for governor and Woodruff for lieutenant governor, received the unanimous vote of the convention on the first roll call. The ticket was then completed as above, by the secretary being instructed to cast the ballot of the convention for the renomination of the present secretary of state, comptroller, treasurer, attorney general and state engineer. This concluded the convention's work. A committee was appointed to invite Governor Roosevelt to address the gathering. He was given an ovation as he mounted the platform.

Roosevelt in opening, congratulated the convention on the men nominated and referred to the fact that the republican party had been in power six years in this state. The republicans always keep their pledges, he said, and the party felt that it had a right to challenge the support of all men who desire a government administered with cleanliness and efficiency.

Roosevelt said: "If the people of this country declare in favor of Bryan and elect a Bryanite to the presidency next fall, they will have declared in favor of free silver, as well as every doctrine enunciated in the Kansas City platform in 1896, and reiterated in the Kansas City platform of 1900."

"There is no such thing as militarism or imperialism at stake in the contest. These are names used only to frighten the foolish. We are in the Philippines by the same moral right that we are in New Mexico and Idaho."

Ordered to China.

Shima, Sept. 5.—The Fourth brigade has been ordered to proceed to China forthwith.

BRYAN SPEAKS.

Free Trader Wilson of West Virginia Endorses the Calamity Howler.

Shepherdstown, W. Va., Sept. 5.—Bryan made the first speech to-day here. A fair was in progress and the attendance was immense. A letter was read from W. L. Wilson, ex-postmaster general, strongly endorsing Bryan, saying that only sickness prevented his attendance. Wilson emphasized his opposition to the colonial or imperialistic policy. George R. Wendling, who opposed Bryan in 1896, made a brief speech, vigorously attacking republicanism, and pledging Bryan his support this campaign. He said he had known Bryan from boyhood and all the money of Wall street could not buy him.

Bryan tried to know how any farmer could be a republican. He related current reports concerning his oat crop, claiming exaggeration in matter was a specimen of the fallacious reports in the east concerning the prosperous condition of agricultural classes.

"A good crop is made the occasion for

praising the republican party, while a bad one is taken as punishment for voting the democratic ticket."

Population of Salt Lake.

Washington, Sept. 5.—The census bureau announces the population of Salt Lake City at 53,531, against 44,841 in 1890, an increase of 6,690 or 13.37 per cent.

National Party.

New York, Sept. 5.—The national party assembled at Carnegie Lyceum to-day to nominate a national ticket. T. M. Osborne, who presided at the Indianapolis convention, was in the chair. There were delegates from Kentucky, Indiana, North Carolina, Louisiana, Missouri, Connecticut, Massachusetts, New York, Iowa, and Pennsylvania. The platform has four planks, favoring anti-imperialism, the gold standard, civil service reform and opposing all special privileges.

Connecticut Convention.

New Haven, Conn., Sept. 5.—George P. McLean was nominated for governor on the first ballot in the republican state convention.

## DEATH OF SEWALL

Died This Morning at  
Bath, Maine.

Stolen Express Package Re-  
covered in Mexico.

Ex-Presidents Accept Positions on  
Peace Commission.

MONTANA REPUBLICAN CONVENTION.

Bath, Me., Sept. 5.—Arthur Sewall expired to-day at 8:30. He died of apoplexy, the stroke having been sustained last Sunday. He was 44 years old. Sewall had not been in good health for some time, although not considered seriously ill.

Stolen Package Recovered.

Elgie Puss, Tex., Sept. 5.—The agent of the Mexican railroad reports that the \$5,000 package stolen from the Wells Fargo express company at Trevano, Mexico, was recovered in a peculiar manner. The thief was escaping north into the United States on a train when the package accidentally fell from his coat while he was stooping over. The train men took the package.

Peace Commissioners.

New York, Sept. 5.—A special to the Herald from Washington says: President McKinley has received a reply to the invitation he addressed to former president, Grover Cleveland, to accept an appointment as a member of the Hague commission. It is understood that he attached certain conditions to his acceptance. Former President Harrison has agreed to act as commissioner.

Montana Republicans.

Largely Attended State Convention in Session at Helena.

Helena, Mont., Sept. 5.—State Chairman Woolman called the republican state convention to order in the Auditorium at 11 o'clock to-day. The city is crowded with visitors.

Among the arrivals were United States Senator Knute Nelson, of Minnesota and former Senator John L. Wilson of Washington, who will deliver speeches to-night. The chief fight before the resolutions committee will probably be on the eight hour question, but as Butte and Helena conventions declared favorably it will doubtless be adopted.

It is not believed that the convention will complete its work to-day as there is intense rivalry for the chief offices. Leading candidates for governor are: David E. Folson, Lewistown; A. T. Babcock, Billings; Ex-Governor Walter Dillon, William Lindsay, Glendive, and Peter Larson, Helena, with chances highly favorable to Folson. For congressman, S. G. Murray will doubtless receive the nomination.

For associate justice out of a dozen candidates Rudolph Von Tobel, of Fernquist, seems to be leading. W. F. Meyer, temporary chairman, delivered the address. Usual committees were appointed and the convention recessed until 1:30.

## National Republican Ticket

For President—  
WILLIAM MC KINLEY,  
OF OHIO.  
For Vice President—  
THEODORE ROOSEVELT,  
OF NEW YORK.

It is better to live in a live town of  
ten thousand people than in a dead city  
of one hundred thousand discouraged  
inhabitants.

Las Vegas has an antediluvian in  
Judge Long in more ways than one.  
The Olympic spirit of him is long in  
an old campaigner, who must have  
made Rome fairly howl in his younger  
days.

The school board should arrange for  
a place in the parade for the school  
children during the fair. Nothing bet-  
ter can be shown visitors than an ob-  
ject lesson by the one thousand pupils  
attending the public schools in this city.

Prof. Herick has favored this office  
with a bound copy of the bulletin of  
the Hadley laboratory of the University,  
Vol. 2, part 1. This bulletin, which  
published with the co-operation of Mrs.  
W. C. Hadley and is a valuable com-  
pilation of scientific research.

Judge A. B. Hall of Las Cruces spent  
several hours in this city last evening.  
He informed The Citizen that he would  
accept the democratic nomination for  
delegate to congress if it was tendered  
him, but that he was not in a position  
to secure the honor. The democratic  
would make no mistake in nominating  
Judge Hall. He is the ablest man men-  
tioned for the place on the democratic  
side.

There is at present a boom in the Gila  
monster industry; museums, natural  
history clubs and scientific societies  
over this country and in Europe, are  
sending for specimens of this native  
Arizona. The Indians-Pimas and  
Maricopas—and the Mexicans do a  
thriving business in raising and sell-  
ing Gila monsters for each other. Se-  
curely caught there are frequently ten  
or a dozen a week shipped from Phoenix,  
which is the center of the traffic.

**RAILROADS FLOURISHING.**  
Railroad operation is more expensive  
than it was, because prices and wages  
are higher. Yet, the net earnings con-  
tinue to increase. The Santa Fe, for  
example, has increased its net earnings  
in June, 1900, over the corresponding  
month of the year 1899, by more than  
one-half the mileage of the country  
shows that the gross earnings for  
June, 1900, were over seven million  
dollars more than for the same month  
in June, 1899, while the operating  
expenses were five million more than  
for the same month in June, 1899.  
Thus the net earnings for June, 1900,  
were twenty-two million more than  
for the same month in June, 1899.

**FALSE PROPHECY.**  
In 1892 W. J. Bryan assured his coun-  
trymen that the democratic party would  
win the election of the republic. The  
country tried a democratic tariff and  
had enough of it. Mills closed; mines  
shut down; banks broke; wages de-  
creased; employment was wanting for  
workmen; prices fell; farmers failed;  
there was no profit in any business;  
the amount of deposits in savings  
banks fell off and the number of de-  
positions.

In 1896 W. J. Bryan said: "If we have  
a gold standard prices are as certain to  
fall as the stone thrown into the air."  
The voters wanted no more of democ-  
racy and said: "Give us the gold stan-  
dard." Prices did not fall and all the  
conditions of democratic depression,  
bankruptcy and ruin were reversed.  
The whole republic flourished instead  
of perishing.

In 1900 Bryan says if we maintain the  
title in the Philippines ceded to us by  
Spain, the republic will fall and we  
shall have imperialism. It is the driv-  
ing of a false prophet. Who will trust  
him again?

**BYRAN'S DEMOCRACY.**  
The Hartford Times, the representa-  
tive democratic paper of Connecticut,  
if there is one, repudiates Bryan and  
Bryanism this year on precisely the  
same grounds that it did in 1896. These  
grounds are that Mr. Bryan is not a  
democrat, and never has been a democ-  
rat; that he is an interloper whose  
election to the presidency would ruin  
the democratic party beyond hope of  
reorganization. Its attitude toward  
him is clearly and vigorously set forth  
in this paragraph from an article writ-  
ten after the Topeka speech:  
"Our criticism of Mr. Bryan has in-  
variably had reference to the quality of  
his so-called democracy. He never, so  
far as we are informed, cast a democ-  
ratic vote in his life. In 1892 he voted  
for Weaver, the greenback candidate,  
against Grover Cleveland, and he owes  
his prominence in public life to his as-  
sociation with the greenback and popu-  
larist elements in Nebraska, and not to  
the democracy of that state. Since he  
became prominent the democratic party  
has almost ceased to exist in Nebraska.  
It is now a mere tail to the populist  
kite. Should Mr. Bryan's ideas prevail,  
the democratic party in the whole na-  
tion will share the fate of the democ-  
ratic party in Nebraska. In that event  
it must pass out of existence, and  
wherever Mr. Bryan's personal in-  
fluence extends, but only there, the  
populist party will take its place."

**ABOUT PROFANITY.**  
A Washington police justice last week  
discharged a man who had a charge  
of profanity against him, having sworn  
at a street car conductor.  
The learned judge held that, although  
there was an ordinance against profan-  
ity in this case the prosecution was  
great and therefore the offense was ex-  
cusable.  
Nevertheless profanity is never ex-  
cusable. It may not be unlawful, in

view of many worthy people it may not  
be immoral. But that it is inexcusable  
on the ground of good manners, good  
taste and a proper sense of self respect  
cannot be questioned.  
The spontaneous vocabulary of a man is  
a reflection of his real self. By his  
speech we shall know him. The old  
saying, "the vine and the fig," is very  
true. When a gentleman takes too  
much wine he still speaks like a gen-  
tleman. When a cad is in his cups he  
will talk like a cad, though in his so-  
ber moments when he is on guard he is  
a model of correct discourse and a Ches-  
terfield in manner. Likewise, when a  
man is in a passion, when he forgets  
himself in the heat of anger, his speech  
will betray his vulgarity if he is vul-  
gar, or proclaim his purity if he is  
permeated. Passion is the great re-  
vealer.

There is a spirit in language which  
makes its way into the character. The  
habitual employment of the purest vo-  
cabulary will gradually refine the coarse-  
ness, vulgarism, character. Habit is all-  
powerful. The coarse man beginning  
the practice of propriety in his speech  
will at first seem to be what he is not,  
but if he perseveres he will come to be  
what he desires to seem. Then, when  
passion consumes him he will be in no  
danger of lowering himself in his own  
eyes or in the estimation of others.

**Counterbiting.**  
Was once punishable by death in Eng-  
land, a fact which has a judge in read-  
ing sentence upon a man convicted of  
that crime to say: "I can hold out to  
you no mercy here, and I urge you to  
make preparation for another world,  
where I hope you may obtain that  
mercy which a due regard for the credit  
of our paper currency forbids you to  
hope for now." This was certainly se-  
vere, and yet counterbiting of any sin-  
gle person is a dangerous punishment. One  
which has occasioned much misery is  
the institution of the well-known dyspep-  
sia cure, Hostetter's Stomach Bitter.  
Don't be deceived. The genuine  
has our private revenue stamp over the  
neck of the bottle. Try it for indiges-

the parade, Dr. L. H. Chamberlin, is  
now working on the make-up of the di-  
visions for the trades' display and pa-  
rade.

**ROOTHS FOR FAIR.**

Mayor Marron and his generous board  
of aldermen are anxious to see the  
merchants display their goods in out-  
side booths directly in front of their  
stores, and to that end will grant the  
merchants the same conditions exist-  
ing last year, several days before the  
fair to commence the building of their  
outside booths. The Fair association has  
offered a cash purse of \$50 for the best  
outside booth or display, directly in front  
of the store of the merchant mak-  
ing said display, and it is hoped that  
many merchants will enter the contest.

When you want a pleasant phys-  
ic for the new remedy, Chamberlain's Stomach  
and Liver Tablets. They are easy  
to take and pleasant in effect. Price, 25  
cents. Samples free at all druggists.

**Played Out.**  
Dull headache, pains in various parts  
of the body, sinking at the pit of the  
stomach, loss of appetite, feverishness,  
pimples or sores are all positive evi-  
dences of impure blood. No matter  
how it became so, it must be purified  
in order to obtain good health. Ack-  
er's Blood Purifier has never failed to  
cure eczema or syphilis or any other  
blood disease. It is a certain  
and a wonderful remedy, and we sell  
every bottle on a positive guarantee. J.  
H. O'Reilly & Co.

**Expansion.**  
Our business as well as our premises  
are enlarged. We buy bigger, will  
bigger and consequently cheaper. Same  
old song—big sales—small margins. Si-  
mon Stern, the Railroad avenue cloth-  
ier.

**AN IMPORTANT DIFFERENCE.**  
To make it apparent to thousands,  
who think they are all the same, that  
not afflicted with any disease, but that  
the system simply needs cleansing, is to  
bring comfort home to their hearts, as  
a positive condition is easily cured by  
the use of Chamberlain's Colic, Cholera  
and Diarrhoea Remedy.

**Question Answered.**  
Yes, August Flower has still the largest  
sale of any medicine in the civil-  
ized world. Your mothers and grand-  
mothers used it, and they used it for  
everything else for indigestion or biliousness.  
Doctors were scarce and they seldom  
heard of appendicitis, nervous prostra-  
tion or heart failure, etc. They used  
August Flower to clear the system, and  
stop fermentation of undigested  
food, regulate the action of the liver,  
stimulate the nervous and organic ac-  
tion of the system, and that is all they  
took to do. For sale by J. H. O'Reilly &  
Co.

**No Fear of Plagues.**  
New York Sept. 4.—President Murphy  
of the New York City health depart-  
ment, said to-day that he has no fear  
of infection from the bubonic plague,  
shape from infected ports are subject-  
ed to the most rigid inspection.

**Drying preparations** simply develop  
catarrhs; they dry up the mucous mem-  
brane, which adheres to the membrane and  
causing a far more serious trouble than  
the ordinary form of catarrh. Avoid the  
use of inhalants, fumes, smoke and snuff  
and use that which cleanses, soothes and  
heals. Ely's Cream Balm is such a remedy  
and will cure catarrh of the eye, nose  
easily and pleasantly. A trial size will  
be mailed for 10 cents. All druggists sell  
the 50¢ size. Ely Brothers, New York, N. Y.

**Seductive Summer Shoes**  
evoke smiling looks from fair wear-  
ers. Our Oxford Ties fit feet and  
pocketbooks with equal nicety, and  
the prettiest feet gain enhanced  
beauty by these elegant exteriors  
for house and street wear that sur-  
round what they cover as lightly as  
a breeze. Our dogday shoe prices  
are as low as our dogday shoes.

## Very Unusual

It is very unusual for a regular physician of good reputation to publicly  
endorse a proprietary remedy. We have often heard of cases where doctors  
have secretly prescribed Ackers' English Remedy, but it is most gratifying to  
receive the following voluntary letter from C. F. Smith, M. D., the most  
successful physician of Olean, N. Y.:  
"I wish to add my professional testimony to the value  
of your English Remedy for Coughs,  
Colds, Asthma, Bronchitis and Consumption. It must either do all that is  
claimed for it, or your money will be refunded. Do you know of any other  
medicine sold on these terms? Do you know of any other medicines which  
prominent doctors regularly prescribe in their own practice as being better than  
prescriptions they write themselves? These facts are well worth considering.  
They are of special interest to those with sore throats and weak lungs."  
Such a frank endorsement as the above is phenomenal. Coming from  
so distinguished a member of the medical profession, it carries with it  
an assurance which the public will be sure to avail themselves of. It is re-  
commendations like this which make it possible to give the broad guaran-  
tee that is a part of every sale of Ackers' English Remedy for Coughs,  
Colds, Asthma, Bronchitis and Consumption. It must either do all that is  
claimed for it, or your money will be refunded. Do you know of any other  
medicine sold on these terms? Do you know of any other medicines which  
prominent doctors regularly prescribe in their own practice as being better than  
prescriptions they write themselves? These facts are well worth considering.  
They are of special interest to those with sore throats and weak lungs.

Hold at age, use and \$1 a bottle, throughout the United States and Canada; and in Eng-

Some one of the numerous bicycle thieves, who operate in this city, have stolen the wheel belonging to Billy Adams. Night before last the owner had occasion to visit the 8-spot and to that resort he rode a wheel. After attending to his duties on the inside, he appeared on the sidewalk and found his wheel gone. It is an "Andre" wheel and, while it has been in use the past few years, it is nevertheless one of the stand-bys of the city.

LAST NIGHT'S FIRE.

Mrs. Griswold's Restaurant Scorching Good Work by Fire Department.

An alarm of fire was turned in from box 4 at 11 o'clock last night. The department made good time and in less than five minutes two streams were playing on the fire. The fire was confined to the one story frame building occupied by Mrs. Griswold, as the Bon Ton restaurant, upon which she carried fire insurance with Otto Dulick, man. She purchased the restaurant some time ago and the insurance was transferred to her by the sellers. The building is undoubtedly damaged to the extent of 50 per cent and the owner, Jacob Longworth of Chicago, will replace it with a good brick structure. The work of the department was excellent and praiseworthy, for in less than twenty-five minutes the fire was completely out. L. Hartman, who occupies the adjoining rooms as a barbershop and residence, suffered no damage except by moving. He carries no insurance. Morell Bros., the tailors, \$250, but say they suffered no damage, although the hose was taken through their store, to enable the department to reach the rear of the fire. The window frames of the new Metropolitan addition were scorched, but the department quickly extinguished these and the damage was confined to the window frames which can be easily replaced.

Arthur Dvorik's jewelry store and a few buckets of water dropped on his show cases from the ceiling, but his clerk stated there was no damage, as the immediately removed the show cases.

Mrs. Griswold stated that she left the restaurant at 9 o'clock and it is her opinion that some one found a way in the rear of the restaurant, entered and applied the torch at a convenient place. It is evident the fire first started in the restaurant proper, directly back of the cash counter.
