ADJOURNED UNTIL MONDAY

Senator Nelson Has Spoken All Week Against the Omnibus Bill.

COMPROMISE NOT LIKELY

Statehood Still Remains as Unfinished Business and There Will Be Another Speech on Re-assembling.

Washington, Jan. 8.—When the senate met today a house bill was passed amending the internal revenue laws allowing all distilled spirits now in bonded warehouses, or which may hereafter be produced and deposited therein, the same allowance for loss from leakage or evaporation which now exists in favor of distilled spirits gauged and deposited prior to January 1. A bill was also passed authorizing the secretary of the interior to prescribe rules and regulations for the procurement of timber and stone for domestic and industrial purposes in the Indian Territory. Mr. Aldrich of Rhode Island, then addressed the senate on the resolutions offered by Mr. Vest, directing the finance committee to report a bill removing the duty on anthracite coal. There was no action on the Vest resolution and at 2 o'clock it went over until tomorrow and consideration of the omnibus statehood bill was resumed in the senate. The senate agreed to adjourn from today till Monday.

LAND OFFICE CHANGES.
Washington, Jan. 8.—Secretary Hitchcock has directed the dismissal of Prof. Harry King, chief of the draftsman division of the general land office, and Frederic P. Metzger, assistant chief, who were accused of neglect of duty in devoting a part of their working hours to private affairs, and of conduct detrimental to government interests.

THE HOUSE.
Washington, Jan. 8.—In pursuance of the order made yesterday the house, immediately after convening today, entered upon consideration of the Philippine constabulary bill.

COMPROMISE REJECTED.
Special to the New Mexican.

Washington, Jan. 8.—There was renewal of the talk in the senate yesterday of a compromise on statehood by admitting Oklahoma and Indian Territory as one state and New Mexico and Arizona as another. The leaders of both sides refused to regard it as a feasible means of bringing a close to the debate. Mr. Nelson resumed his speech in opposition to statehood for New Mexico and Arizona, but did not conclude when the senate adjourned.

POSTMASTER FOR SPRINGER.
Among the names sent to the senate today by the president was James Corry to be postmaster at Springer, N. M.

COAL SOLD ON PHYSICIAN'S CERTIFICATE

Shortage in Toledo is so Great That Dealers Will Deliver Only Where There is Illness in the Family.

A NECESSARY SAFEGUARD FOR THE PATIENT

Toledo, O., Jan. 8.—The coal situation in Toledo has reached the point where a physician's certificate is required by dealers before they will sell even a ton of coal. The certificate must show that there is illness in the home of the would-be purchaser and that coal is necessary as a safeguard for the patient.

CASTRO COMES ROUND.

Now Says He is Willing to Abide by the Decision of The Hague.

Washington, Jan. 8.—Minister Howen transmitted to the state department today another reply from President Castro touching the arbitration proposal. As heretofore President Castro expresses willingness to submit the matter to arbitration and in addition to his former communication, he is now willing to recognize the propriety of submitting the claims referred to in the British and German notes to The Hague, something that he has not up to this point been willing to do. Some details remain to be arranged before the next step, which is the appointment of commissioners and it is not yet known how Castro will receive the demands still insisted upon by the allies for a money payment and how he will view the rejection of his own demand for immediate withdrawal of the blockade as conditions of a precedent.

NO FLAGMAN OUT.

So Passenger and Freight Trains Came Together on the Pennsylvania Road.

Pittsburgh, Pa., Jan. 8.—Six victims of last night's railroad collision near Duquesne, on the Monongahela division of the Pennsylvania road, are still at the McKeesport hospital where they were taken immediately after the accident. There was no change in their condition today. Thomas B. Cook, the conductor of the accommodation, who was expected to die during the night, is still living, but the hospital authorities do not think that he will survive the day. It is thought the other victims will all get well. Superintendent Mitchell is making a thorough investigation and says that so far as he has been able to determine, the responsibility for the wreck rests with the crew of the freight train not having a flagman out to stop the passenger train, until it had crossed the main track and closed the switches.

SHE THREW A STONE.

Mrs. Lilly Stevenson Tried to Rescue Her Husband From Men Assaulting Him.

Philadelphia, Jan. 8.—The first witness called by the counsel for the non-union miners before the coal strike commission today was Mrs. Lilly Stevenson of Schuylkill county, whose husband was killed during the strike in the Silver Brook colliery of the Philadelphia and Reading Coal and Iron Co. She was an eye witness to an assault made upon her husband by the strikers. She said that after her husband had been knocked down twice, she picked up a stone and threw it at the men committing the assault. She was seized and held while the beating continued. Her husband was internally injured. Mrs. Robinson of Tower City, told of an attack made upon her home because her husband worked during the strike.

STORY IS CONFIRMED.

A Special from Eureka Tells of the Tragedy There Yesterday.

Reno, Nev., Jan. 8.—A special from Eureka confirms the story of the tragedy enacted at Keystone mine yesterday when Superintendent Traylor was set upon by 12 union miners. Two men are dead and another is just alive. Still another has been given up by the doctors and a fifth is not seriously hurt. There is intense excitement among the miners and it was thought Traylor would be lynched last night. The sheriff succeeded in spiriting Traylor away. The excitement at Ely is reported to have considerably cooled this morning. Details are hard to obtain as Ely is a remote camp, far from railroad or telegraph communication, being 150 miles southeast of Eureka.

London, Jan. 8.—William J. Sullivan, the boxer, better known as "Spike" Sullivan, and a companion named Charles Harris, were remanded at a police court today on the charge of attempting to pass "Bank of Engraving" notes. Sullivan was released. Sullivan denied all knowledge of the notes and said he only met Harris casually at a railroad station while awaiting a train.

BLIZZARD IS IN THE SOUTH

In Evidence in Tennessee, Georgia, North Carolina and Along Atlantic.

HAS DIMINISHED ITS FORCE

Trains From North of Louisville are Hampered by Snow-Freezing Temperature in Cotton Belt.

Louisville, Jan. 8.—The blizzard conditions which prevailed yesterday and last night in Kentucky and Tennessee, are in evidence today although with diminished force, in east Tennessee, Georgia, North Carolina and along the Atlantic coast. Snow is general east of the Mississippi river and freezing temperatures extend to the southern half of the cotton belt. Snow fell all night in the mountains of east Tennessee and western North Carolina, and train service through the mountains is hampered. All trains from the north were late in arriving in Louisville this morning, both the Monon and Big Four Chicago trains being reported four hours behind time. South of Louisville the railroads experienced no delay as the snowfall was light. The temperature in Louisville at noon was 20 degrees with the forecast for continued cold.

GREATEST IN YEARS.

Maysville, Ky., Jan. 8.—A blizzard exceeding anything of the kind for years raged here last night. Snow fell to such a depth as to temporarily suspend street car traffic.

DR. COWAN STRICKEN.

On His Way to See a Patient and Died of Apoplexy—Resided in New Mexico Twenty Years.

Dr. J. V. Cowan of Alamogordo, was suddenly stricken with apoplexy last Tuesday night and died within a short time. He had been called to the home of J. C. Bean to see a sick child and as he reached the home of C. W. Morgan, he was stricken. He went into the Morgan home and when asked if he did not wish another physician summoned, replied that it was too late. His wife was sent for and two calls were sent to physicians, but Dr. Cowan was dead before any of them arrived. Dr. Cowan was a native of Indiana, but had lived in New Mexico for 20 years. He formerly lived in Las Cruces and moved to Alamogordo about a year ago. He was 61 years of age. He was a prominent Mason and a Masonic funeral was conducted at Alamogordo after which the remains were shipped to Las Cruces for burial. They were taken in charge there by the Masons of that place.

A LOST LETTER.

While Moving Furniture in the Howell Postoffice One Was Found.

While Postmaster Mathews of Roswell, was having some of the furniture in the post office moved last week preparatory to putting in the new fixtures, a letter was found addressed to John Y. Thornton, postmarked Lincoln, N. M., and received at Roswell, June 15, 1901. In some way it had fallen down behind or under some of the furniture and had been lost. The letter contained two notes of \$50 each, dated June 12, 1901, at three and six months respectively, and drawing interest at 12 per cent per annum. Mr. Thornton says he expected the notes in settlement of a debt due him, but as he never received them he employed an attorney and finally compromised the debt for \$70.

Burdick outfit, owning the T. J. connected brand. The ranches and cattle are in Socorro county and comprise about 7,000 head of cattle. NEITHER WOLCOTT NOR TELLER

Situation in the Colorado Legislature is Such That the Election of Either of the Leading Candidates Seems Impossible.

CAUCUSES ARE UNABLE TO AGREE ON PLANS

Denver, Colo., Jan. 8.—The legislature will not meet till 2 this afternoon and the governor's message probably will not be sent in till tomorrow. The anti-Wolcott Republicans caused this morning to arrange for a distribution of patronage and also to fix the chairmanship of the various committees. At the caucus they invited the Wolcott people to come and share in the patronage. Frank Howbert, Wolcott's manager, said today if Wolcott is not elected senator, he would prevent the election of anyone else. A caucus of Democratic senators failed to reach conclusions on appointment and patronage this morning because most of the time was consumed in discussing the general policy. The result of the Republican house caucus and the later action of the house will govern the action of the senate. Mr. Teller stated emphatically today he would not withdraw.

After six hours of balloting during which the division of vote of the Republican members, who are in the majority, made the election of a speaker impossible, the lower house of the 14th general assembly last evening effected a compromise organization.

During the balloting in the afternoon the vote stood 17 each for the Wolcott and anti-Wolcott candidates, and 31 for the Democrats. Late in the afternoon a combination was formed between the anti-Wolcott Republicans and the Democrats which resulted in the election of J. B. Sanford of Douglas county as speaker.

All other officers are anti-Wolcott Republicans except one, who is a Democrat. It is said, although the statement could not be confirmed, that the agreement gives the Republicans practically all the patronage of the house, but assures their seats to the eleven Democratic representatives from Denver.

It is claimed that the other Democrats whose election is contested will be unseated, in which case the Republicans will have a majority of one on joint ballot.

Under present conditions it is regarded as certain that neither Senator E. O. Wolcott nor Senator H. M. Teller can be elected to the United States senate, and it is predicted that no election can be reached at the present session of the legislature.

A WONDERFUL MAN.

John George Secured Deeds to Twenty-Four Lots in San Francisco Without Money.

John George, the man 70 years old, who was brought back to Portales from San Francisco on the charge of defrauding a bank there, is now in the county jail being unable to give the necessary bond for \$1,500. He is destitute and his only income is a pension of \$12 a month which he draws as a veteran of the Mexican war. He represented that he had \$3,974.30 in a bank at Sherman, Texas, and deposited with the Portales bank a draft for that amount for collection from Sherman. While waiting for returns, he drew \$250 from the Portales bank and went to San Francisco. When arrested he had just negotiated a loan of \$2,000 from a young man who had agreed to pay the money the day after George was arrested. The loan was negotiated on the strength of deposit slips and a bank book on the Texas bank and the draft for the usual amount of \$3,974.30. George had secured passage and a berth on a steamer bound for the Philippines and expected to leave at once. While in San Francisco he negotiated the purchase of twenty-four suburban lots and in some way secured the deeds to the property without paying a dollar. He is a mystery.

He was taken to the pest house as there is no ward for contagious diseases in the hospital, but pneumonia developed rapidly, and he died Saturday. He was a printer by trade and had worked some in Alamogordo. No word was heard from his relatives and he was buried at county expense.

MISUNDERSTOOD THE REPORT

Foreigners at Schenectady Caused a Run on an Established Banking Institution.

ALL WERE PROMPTLY PAID

Failed to Comprehend a Discussion of Trust Companies by the State Superintendent of Banks.

Schenectady, N. Y., Jan. 8.—Because of a misapprehension regarding the recently issued report of State Superintendent of Banks Kilbourne, there was a run today on the Schenectady Savings Bank, one of the oldest and most conservative institutions in the state. The demonstration was confined almost entirely to foreign speaking persons. When the report of the banking department appeared, it was translated by volunteer interpreters into the language spoken by the various foreigners working in this city. The criticism of trust companies and recommendations regarding legislation affecting them, produced a bad effect upon these people, as they did not understand the matter, and in a mysterious manner, a fear gained ground that all was not well with the savings bank here in which thousands of them deposit their savings. Scores of them withdrew their money from the bank yesterday and today, when the doors of the institution were opened, there was a large crowd of excited foreigners who demanded their deposits. They were promptly paid, the bank officers in anticipation of a run, having prepared for it over night. At noon everyone had received what was demanded. The true situation was explained to the foreigners and gradually the run decreased.

THURSDAY, JANUARY 8.

New Mexico Demands Statehood of the 37th Congress.

Of Right and in Justice New Mexico Should Be a State.

Extract from the Congressional Record of June 25th, 1902, page 7,842.

President pro tem, of senate:
"The chair has been requested to restate the proposition, and will do so."

The senator from Indiana, the chairman of the committee on territories, has stated in open senate today, that the committee will report on the territorial bill, so-called, on the third day of the next session of congress. Thereupon the senator from Pennsylvania asks unanimous consent, that on the tenth day if the senate is in session and on the first day thereafter if it may be in session if not on the tenth, the bill shall be made the unfinished business.

Is there objection? The chair hears none, and the order is made."

Portales is to have a Republican newspaper, which is a good thing for the ambition of that thriving place to become a county seat.

One by one the arguments against statehood are being punctured until nothing remains but the air of which all arguments against fundamental rights and justice are necessarily composed.

A Washington dispatch says that President Roosevelt may be in New Mexico some time in March. He may arrive in time to attend a session of the New Mexico legislature to discover that the New Mexico solons are not in need of any pointers from the effete east.

The governor of Pennsylvania has declared himself in favor of compulsory arbitration. Anything that looks like compulsion in settling labor disputes would mean the forging of another strong link in the chain of socialism which industrialism in the United States will have to bear sooner or later.

There should be no further delay in numbering the houses of Santa Fe. A postoffice inspector to report upon the advisability of establishing the free delivery of mail in Santa Fe will arrive some time this month and he should find the houses all numbered and sidewalks in good condition.

Thus far Gallup is the only town that has started a determined fight to secure one of the territorial institutions to be located by the 35th legislative assembly. It is working hard for the miners' hospital. But undoubtedly other towns are lying low and will be heard from before the session is over.

Publicity given to the affairs of trusts in annual published reports will prove a great factor in the proper control of gigantic aggregations of capital by the government in the interests of the people. The Republican party will secure for the people the right kind of legislation in the dealing with trusts.

Colorado pharmacists demand legislation that shall throw greater safeguards around the sale of poisons. New Mexico needs legislation along those lines and the 35th legislative assembly should pass a law regulating the sale of poison and compelling every druggist to keep a careful record of all poison sold, to whom sold and for what purpose.

Blizzards in Iowa, Wisconsin and Nebraska, and chinooks in Wyoming, Washington and Oregon, should make the average New Mexican resident very satisfied with his lot. New Mexico knows no fierce blizzards like those of the prairie states nor is it bothered with the chinook blowing 65 to 80 miles an hour and sending avalanches and floods into the valleys from the mountains and table lands.

The house of representatives has called upon Secretary of War Root for full information concerning the army cantonment question. The matter is one of the greatest importance for the morale and discipline of the enlisted men of the army. The almost unanimous opinion of army officers, who are certainly competent to deal with the question, is that the sale of light wines and beer at the army cantons, in limited quantities to the enlisted men, has been conclusively proven to be of benefit and of great benefit at that. Fifty thousand soldiers cannot be treated like 50,000 school girls.

Senator Beveridge is adopting dilatory tactics in the United States senate for the blocking of the passage of the omnibus statehood bill. This cannot win in the long run. He may be able to block favorable consideration for the bill for a few weeks, but a decisive vote will have to be reached during the session.

The United States Steel Corporation in its annual statement for the year just closed, shows net earnings of \$132,662,000, and net earnings for the last quarter to be \$31,339,613, an increase of \$1,579,700 as compared with the same period for 1901. These are vast sums indeed, but hundreds of thousands of consumers are being robbed by this powerful monopoly in order to make up such enormous profits.

If Santa Fe had the public spirit of Roswell, the "it belongs to me mode," of Albuquerque, the good luck of El Paso, and the public school houses and normal school of Las Vegas, in addition to its own superb and unapproachable climate, its splendid natural resources, its magnificent scenic surroundings, its unparalleled historic attractions, its three railroad lines and a hundred other advantages that are well known, Denver would have to hustle to keep at the head of the procession in the Rocky Mountain region.

Chaves county is to have a new town named Artesia. It is a very dull year indeed in New Mexico during which a couple of new towns do not loom into prominence. Silver City, Deming, East Las Vegas, Albuquerque, Raton, Alamogordo, Roswell, Carlsbad, Tucuman, Portales, Capitan, Clayton, Gallup and a dozen other prosperous towns were all created within the past few decades and several of them haven't reached their fifth birthday yet. New Mexico is certainly a growing commonwealth.

Senators Alger of Michigan, Hansbrough of North Dakota, and Penrose of Pennsylvania, have been unanimously renominated in the Republican caucuses of their respective states to succeed themselves in the United States senate. The latter two have proved strong men in their present terms and there is every reason to believe that Senator Alger will make a very acceptable member of the United States senate. The Republicans of the three states named have served the interests of the country at large and their own best interests by this action.

Senator Beveridge should have an album made of all the newspaper bouquets thrown at him by the New Mexican press during the past few years. It would make mighty interesting reading and perhaps, some day, when the Indiana senator attains his ambition of being president of the United States, he may see some of the very journals who are throwing hat shot at him, licking the spittle to him. The senator certainly need not expect much gratitude from New Mexico, but the abuse that is being heaped upon him from certain quarters is entirely uncalled for and can do the territory no good.

The senatorial investigation committee found that the standard for justices of the peace in New Mexico is not very high. That is to be regretted. Although not a gold mine financially, yet the office is a very important one in every community. Many cases find their way to court from the justices of the peace and in matters of minor litigation and minor offenses, the latter exerts a decisive influence. A justice of the peace should be a man of integrity, a man who can speak Spanish and English, a man who has at least some rudimentary ideas of law and a man endowed with a goodly amount of ordinary horse sense. The justice of the peace elections throughout the territory, to be held soon, have not brought many candidates to the front who will measure up to that standard, but in this, as well as in every other direction, New Mexico is improving right along.

THE ARMY BILL.

The house of representatives has at last passed the army bill which means a thorough reorganization of the army along modern lines. By the terms of the bill it becomes the duty of the general staff to prepare plans for the national defense and for the mobilization of the army in time of war, to investigate and report on all questions affecting the efficiency of service and to render professional aid to the secretary of war and to general officers and other superior commanders. The general staff corps is to consist of one chief of staff and two general officers, all to be detailed by the president from officers of the army at large, not below the grade of brigadier general; four colonels, six lieutenant colonels and twelve majors, twenty captains to be detailed from officers of the grade of captain or first lieutenants, who, while so serving shall have the rank, pay and allowances of captains mounted. All officers of the general staff shall be detailed therein for periods of four years. While serving in the general staff corps, officers may be assigned temporarily to duty with any branch of the army. Upon being relieved they shall return to the branch of the army in which they hold permanent commissions, and no officer except a general officer shall be eligible to a further detail in the general corps unless he shall have served two years with the branch of the army in which commissioned, except in case of emergency in the time of war. The bill also provides that the chief of staff, under the direction of the president, shall have supervision of all troops of the line and of the adjutant general's, inspector general's, judge advocate's, quartermaster, subsistence, medical, pay and ordinance departments, the corps of engineers and the signal corps, and shall perform such duties as may be assigned to him by the president. In general the bill was drafted upon German army lines, Germany having the best army and staff organization in the world.

Her Husband's Story

"My name is E. J. Sprong, and my address is 16 Boulevard Block, Troy, N. Y. I want to tell how thankful I am that my wife's health has been restored to her. About a year ago she caught a dreadful cold, which settled in her bronchial tubes and lungs. She certainly had bronchitis, and I think consumption, too, and we despaired of her life. She had a tightness and soreness in the chest, and it was difficult for her to breathe. There were darting, sharp, dull and heavy pains, with constant coughing and expectorating. Each day she was worse than the day before. I was advised to get Acker's English Remedy, and did so, but my wife only shook her head and said: 'Another dollar thrown away.' She took the Remedy, however, and said the effect was magical. In less than an hour there was a remarkable change. She got better at once, and in a short time she was entirely well and strong again. The cure was permanent and there has been no relapse. I don't know what Acker's English Remedy is made of, but I am sure it contains something that fortifies the system against future attacks. My wife is in better general health now than ever, and you can't imagine how happy she is for her recovery. She tells everybody about Acker's English Remedy, and so do I, for I believe it to be our duty to the public to help every sufferer who has throat and lung troubles. My neighbors say it is a sure specific for croup, and has saved the lives of hundreds of little ones around in this vicinity alone."

Reports are becoming more persistent that the Gould interests intend to extend their Texas lines to a connection with the Pecos Valley and Northeastern Railway at Roswell, and from Roswell extend to Torrance, to connect with the Santa Fe Central, in order to give their Denver and Rio Grande line a direct outlet to Fort Worth and the Gulf of Mexico. The building of 250 miles of railroad would accomplish this object. The grades that this new construction would encounter would be light and along the entire route there would be no costly construction work. The benefit that the construction of such connection would mean to the Denver and Rio Grande and other Gould interests is obvious and since the plan is quite feasible, there may be considerable truth in the reports and rumors that have reached Santa Fe.

A cavalry troop will be organized at Las Cruces to be known as the Rough Riders. The idea is a good one. Every town in New Mexico should have a cavalry troop. The interest in the National Guard of the Territory is at a rather low ebb it seems and something doing in the line of the Las Cruces suggestion would liven up interest considerably.

SAVED AT GRAVE'S BRINK.
"I know I would long ago have been in my grave," writes Mrs. S. H. Newsum, of Decatur, Ala. "If it had not been for ELECTRIC BITTERS. For three years I suffered untold agony from the worst forms of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For indigestion, loss of appetite, stomach, liver and kidney troubles Electric Bitters are a positive cure. Only 50c at
Fischer Drug Co.

FOILS A DEADLY ATTACK.
"My wife was so ill that good physicians were unable to help her," writes M. M. Austin of Winchester, Ind. "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache, 25c at
Fischer Drug Co.

A MILLION VOICES.
Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use DR. KING'S NEW DISCOVERY FOR CONSUMPTION and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1. Trial bottles free at
Fischer Drug Co.

THE PRIDE OF HEROES.
Many soldiers in the last war wrote to say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints Bucklen's Arnica Salve is the best in the world. Same for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at
Fischer Drug Co.

SAMPLE COLDS.
Cense to be simple, if at all prolonged. The safest way is to put them aside at the very beginning. Ballard's Horehound Syrup stops a cold and removes the cause of colds. 25c, 50c, and \$1 bottle at Fischer Drug Co.

BEST LINIMENT ON EARTH.
Henry D. Baldwin, Supt. City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c, and \$1 bottle at Fischer Drug Co.

The crowned heads of every nation, the rich men, poor men and misers all join in paying tribute to DeWitt's Little Early Risers.
H. Williams, San Antonio, Tex., writes: "Little Early Risers Pills are the best I ever used in my family. I unhesitatingly recommend them to everybody. They cure Constipation, Biliousness, Sick Headache, Torpid Liver, Jaundice, Malaria and all other liver troubles." Fischer Drug Co.

UNCONSCIOUS FROM CROUP.
During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spofford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures coughs, colds, laryngitis, and all throat and lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. Fischer Drug Co.

A SCIENTIFIC DISCOVERY.
Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. Fischer Drug Co.

REV. CARLISLE P. B. MARTIN.
L. L. D.
Waverly, Texas, writes: "Of a morning, when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung troubles." Price 25c, 50c, \$1 bottle at Fischer Drug Co.

ONE HUNDRED DOLLARS A BOX.
Is the value H. A. Tidale, Summerton, S. C., places on DeWitt's Witch Hazel Salve. He writes: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures hemorrhoids, itching and protruding piles, hemorrhoids, cuts, bruises, eczema, salt rheum and all skin diseases. Fischer Drug Co.

IF UNWELL.
Try a 50c bottle of Herbine, notice the improvement in your appetite, energy, strength and vigor. Watch how it brightens the spirits, gives freedom from indigestion and debility.
Isaac Story, Ave. Mo., writes, Sept. 10, 1900: "I was in bad health. I had stomach trouble for 12 months, also dumb chills. Dr. J. W. Mory prescribed Herbine, it cured me in two weeks. I cannot recommend it too highly. It will do all you claim for it." Sold by Fischer Drug Co.

THEN AND NOW.

A crumbling fort overlooks the plain Where iron hail and leaden rain, With thunder of artillery, Once wrought war's work of misery; Yet over me while musing there Such calm was brooding, and the air From death of foes was so sweet, I thought of swords to plowshares beat.

Kine were seen grazing without fear Over the sloping greenward rear. And resting when the noon had come 'Neath oaks that faced the cannon's boom Which crimsoned many a trampled cloud; N. W. daisies back with snow that sod, While white doves cooed unharmed within Redoubts reared for the battle's din.

Grim parapets no longer frown Upon a post, beleaguered town; The greater city in its might And pride guards the conflict's site; Sweet homes with comely lawns are seen Crowning historic heights serene In grace and beauty, safe apart From tumult of the busy mart.

Nor is the fame forgotten here Unto the heart devout more dear Than grateful memory's death-rears night, But shrining poor mortality— While on that day of all the best, Thrilled strangely once by the heaviest To arms, the scene is of release, Old foes now friends in vows of peace.

In this slow-crumbling fort I see Type of the war's conflict's site; Yet whose remembered cup of woe Is yielding to time's tidal flow; Though its dead heroes borne away Whether in blue, or in the gray, Claim their due share of votive bloom Often as doth the Maytime come. —W. E. Boles, in Springfield (Mass.) Republican.

From one dozen to twenty copies of the New Mexican are sent out daily to enquiries and applicants concerning Santa Fe. This is the best kind of advertisement and is bearing good fruit, as the large number of tourist and healthseekers in the city abundantly shows.

AS ONE MAN TO ANOTHER.

You know my pa, he always says— When we have company, A-patting me upon the head: "This is my son," says he; "Pre-rape the future president." And then, with wink and grin, He'll give my head another pat, Or pinch my cheeks an' chin.

The other day my pa an' me Went out to the shed. Pa—well—he had his hick'ry switch, An' I just up an' said: "Pa," but my voice was awful weak. Says he: "Speak up, my son." "When I am president," says I. "I'll remember what you've done, An' I'll have I should big an' loud, 'I'll lock you up in jail!'" Then I just turned my back myself, Expectin' him to wale.

But first I knew, I heard him laugh; He laughed until he cried; Then he sat down on the wood An' pulled me to his side. An' talked to me a long while 'Bout when he was a boy. An' all the games he used to play, "O' cast," an' "Siege of Troy," An' now my pa an' I are chums, Pa's broke his switch in two. When I think what I said that day I'm ashamed, all through an' through. —Philadelphia Inquirer.

If the teacher could wipe away the blotches from her skin as easily as she does the caricature with its pimply face, she would be a happy woman.

Pimples and eruptions are more than a disfigurement to a woman—they make her sensitive and unhappy. The way to cleanse the skin is to purify the blood. Dr. Pierce's Golden Medical

Discovery purifies the blood, and removes the clogging accumulations and poisons which corrupt it. When these are removed, pimples, boils, eruptions, sores, and other consequences of impure blood are entirely cured.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 116 West Main St., Battle Creek, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured. I can well recommend Dr. Pierce's Golden Medical Discovery to any one similarly afflicted."

Accept no substitute for the "Discovery." There is nothing but the "Discovery" for impure blood and skin diseases.

The People's Common Sense Medical Adviser, 1008 pages, is given away. Send 21 one-cent stamps expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

IN SANTA FE.

Every Claim is Backed by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Santa Fe what can it be?

Alberto Garcia, ex-police officer of San Francisco st., says: "When a man has attacks of backache for four or five days at a time and those attacks extend over a period of two years, he must arrive at this conclusion, he is subject to some form of kidney complaint. In my case other symptoms plainly indicated that I required a medicine to strengthen my weakened kidneys, and allay inflammation of those organs. This led me to go to Ireland's Pharmacy for Doan's Kidney Pills. They certainly helped me a great deal and aided me over the last attack. If others occur, I now know how to stop them in the incipient stage."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mining and Mining in the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.
The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

Views on Ambition and Dyspepsia.

"Dyspepsia," wrote Eugene Field, "often incapacitates a man for endeavor and sometimes extinguishes the fire of ambition." Though great despite his complaint Field suffered from indigestion all his life. A weak, tired stomach can't digest your food. It needs rest. You can only rest it by the use of a preparation like Kodol, which relieves it of work by digesting your food. Rest soon restores it to its normal tone.

Late this afternoon there was one of those delightful little affairs that lingers long and pleasantly in the memory of all participants. For many years, Lee Muehlisen has been with the New Mexican Printing Company, but will leave within a few days for El Paso, where he will have charge of the bindery department of a large printing house. To express their regrets over his departure and their good wishes for success in his new field, his fellow employees of the New Mexican this afternoon surprised him by calling on him in a body. After a few remarks expressive of their high esteem for him, they presented him with a handsome gold-headed cane, suitably engraved and inscribed. It was a complete surprise to Mr. Muehlisen who could with difficulty express his appreciation of the action.

The Woodmen of the World last evening initiated five candidates. H. S. Lutz as installing officer then inducted into office the following officers who will serve during the ensuing year: Consul commander, Fred Muller; advisor, lieutenant, A. M. Dettelbach; banker, H. S. Kaune; escort, Manuel Delgado; watchman, Frederick Lopez; sen-

try, Tomas Delgado; camp physician, Dr. J. M. Diaz; members, Charles Palmer, Edgemoor, and H. S. Lutz. After the ceremony was concluded the members adjourned to the Bon-Ton where 60 enjoyed a banquet.
