RECOMMENDATIONS BY THE AUDITOR

Assessment Rolls Arrive at the Capitol in a Very Unsatisfactory Condition and There is Not Time to Make Corrections Before the Territorial Board of Equalization Meets.

---Accounts of County Treasurers Are Not Properly Balanced.

TERRITORIAL TREASURER SHOULD PAY OUT MONEY ONLY ON WARRANTS

The report of Territorial Auditor W. G. Sargent to Governor Otero, for the biennial term ending November 30, contains many important recommendations. Mr. Sargent says the financial condition of the territory has never been better and all appropriations have been met and all accounts against the territory paid, with a few minor exceptions. It is shown by the report that the levy of 1 mill for the year 1900 produced the sum of \$26,744, for the year 1901, the same levy produced \$27,367, an increase of \$623. The levy of 6 mills made by the 34th legislative assembly was sufficient to meet all appropriations, and it is recommended the same be continued. Warrants drawn during the 52d fiscal year amount to \$333,056; the amount drawn during the 53d fiscal year is \$302,305, making the total drawn by the auditor during the term of this report, \$635,361.

ROLLS UNSATISFACTORY.

The auditor says: "You will find that the assessment rolls with very few exceptions, arrive at this office in a very unsatisfactory condition. Of the 21 counties of the territory, but four sent in balanced rolls accompanied by complete abstracts as required by law, viz: Chaves, Grant, McKinley and Bernalillo. Rolls from other counties being more or less incorrect and some in very bad shape indeed, not only as to what is the correct amount as to assessed valuation, but also in the extension of territorial tax levies, which for 1902 tax was certified to the different county boards at 13.99 mills. Santa Fe county returns roll with the territorial tax extended at 15 mills, Valencia at 17 mills and Lincoln at 14.29 mills. The Santa Fe roll was returned for correction.

"The following counties show summaries to exceed the total of the different classifications of property as appears in abstract, viz:

| | |
|--------------|--------------|
| Otero county | \$120,208 00 |
| Valencia | 86 19 |
| San Miguel | 238,048 00 |
| Union | 58,644 00 |
| Cofax | 155,450 00 |
| Lincoln | 1,044 00 |
| Socorro | 67,543 00 |
| Mora | 1,343 00 |
| Total | \$642,366 19 |

"On the other hand, in the following counties, the total value of the different classifications of property as appears in abstract, exceed the amount shown in summaries, viz:

| | |
|-------------|-------------|
| Luna county | \$ 115 00 |
| Sierra | 9,629 80 |
| Taos | 4,990 00 |
| Doña Ana | 564 00 |
| San Juan | 2,481 00 |
| Eddy | 538 00 |
| Guadalupe | 688 75 |
| Total | \$18,998 55 |

"Santa Fe and Rio Arriba counties fail to return an abstract, so no comparison can be made in this respect.

"When it is taken into consideration that the charges to the several county treasurers of the territory, in the office of the auditor are based on the assessed valuations, subject to tax, as shown in summaries, it can be seen that these charges (the basis on which accounts are opened with county treasurers) are entirely unreliable and incorrect and for the year 1902 the only county treasurers that there is any assurance as to the correctness mathematically of their charges for 1902 tax are those counties where rolls are returned balanced, accompanied by proper abstract.

NOT ENOUGH TIME.

"As the law requires the assessment rolls to be at this office by the first Monday of September, and it also requires the board of equalization to meet on the second Monday of September, sufficient time is not given this office to properly check the assessment rolls, and have the proper corrections made when needed. I would suggest that either the time for the assessment rolls to be at this office, or the time for the meeting of the board of equalization be changed, so as to give this office sufficient time to check up same, and that the auditor be given ample power and authority to return an incomplete or incorrect roll, and require the assessor to make the proper correction.

"I am compelled to call your attention to the fact that the same state of affairs, as far as the accounts of the ex-county treasurers, not being properly balanced in this office still exists. I have made a special effort to have these accounts balanced, sending out statements to the different treasurers of the amount unsettled, requesting them to make settlements, and with very few exceptions, I have been unsuccessful, the majority saying no at-

tention to my request. As it is impossible to get a settlement from the ex-treasurers up to and including 1899, as in my opinion they have all made the proper settlements with their respective county commissioners, the county clerk failing to certify the same to this office as required by law, I would suggest that an act be passed authorizing the auditor to balance these accounts by charge to the county, as the 34th legislative assembly gave all territorial delinquent taxes up to and including 1899 to the counties.

TREASURERS' BONDS.

"In this connection, I would also suggest that the different county treasurers be required to give a bond with some surety company authorized to do business in the territory as sureties thereon and such company not to be released as bondsmen until the treasurers' accounts have been properly balanced in this office. I would also suggest that the treasurers be required to file in this office a certified quarterly statement upon blanks to be furnished by this office, so as to enable the auditor to properly balance each treasurer's accounts quarterly.

RECEIVE PART OF TAXES.

"I have been informed that certain collectors of taxes in this territory when the tax payer is unable or refuses to pay the full amount of taxes due as appears upon the assessment roll, but tenders a certain amount in part payment of the same, the collector refuses to accept and give his official receipts for the amount tendered. This proceeding, in my opinion, deprives the territory of that amount of revenues for an indefinite time, and I would suggest that an act be passed directing the various collectors to receive and give his official receipt for the amount tendered.

"By comparing the various quarterly reports of this office with the corresponding ones of the treasurers' office, it will be found the balances as shown in the auditor's reports greatly exceed those shown in the treasurers' report. This is caused by the payment of certain indebtedness being paid direct by the treasurer. In my opinion the accounts of this office and those of the treasurer should at all times balance with the exception of outstanding warrants, and I would suggest the treasurer be required not to pay out any territorial funds except upon a warrant issued by the auditor.

"I would also suggest that banks having territorial funds on deposit be required to give bond to the territory with some surety company authorized to do business in the territory as sureties thereon, and no other class of bonds be accepted.

"In my opinion the appropriation for transportation of convicts to the territorial penitentiary should be increased, and the expenses incurred for serving requisitions issued by the governor be included in the same."

The claims filed in the office for the 52d and 53d fiscal year amount to \$8,615. These are not deficiency claims, but are claims filed in excess of appropriations and claims not provided for by law. The report says:

LEVY IS ENOUGH.

"The 33d legislative assembly appropriated the sum of \$19,300 for the purpose of reimbursing the New Mexico Normal University, also the sum of \$18,000 for the purpose of reimbursing the board of public lands, requiring the auditor to make a levy from year to year until the above amounts were realized. It is my opinion that the levy made by me for the year 1902 will reap sufficient revenue to pay these amounts in full; and the levy for these purposes will be discontinued.

"The 34th legislative assembly made an appropriation amounting to the sum of \$12,652.33 to pay certain deficiencies. Of this amount there has been paid \$12,822.86, leaving a balance unpaid of \$770.47. This amount has not been paid for the reason that there was some doubt as to the intention of the legislature, they having appropriated a lump sum of \$980 for the payment of wild animal bounty claims, and as there was a greater amount of this class of claims on file, I could not tell which were the proper one to pay, as I have no data on the subject."

Clerks of the district courts have paid into the territorial treasury \$18,700 for the two years, thus making an average percentage of their salary paid by fees of 58.4 per cent. The fees of the territorial secretary for the two years amount to \$20,433 and the expenses of the 34th legislative assembly were \$30,912.

MAZATLAN IS STRICKEN

Financial Aid is Asked From Directors of Mines Near There.

FORM RELIEF COMMITTEES

One Third of the Population is Said to Be Gone and Yellow Fever is Reported in Neighboring Towns.

Los Angeles, Jan. 8.—John W. Bradbury, owner of the Tajo mines, which are located 40 miles from Mazatlan, Mex., has received the following telegram in response to which he immediately subscribed \$1,000 for the relief of plague sufferers in that city:

"Mazatlan, Mex., Jan. 8.—John W. Bradbury, Los Angeles, Calif.: The city of Mazatlan, always one of the first to go to the relief of all the other cities of this and our neighboring republics when they have suffered great calamities, is today the victim of the most terrible of all evils, the bubonic plague. Merchants, bankers and property owners have formed a relief committee, jointly with the civil officers, to alleviate the sufferings of innumerable orphans, and also to do all possible to stop the ravages of the terrible disease. Knowing your philanthropic sentiments and in the name of humanity, we ask your valuable co-operation, with a view of obtaining pecuniary resources with which to attend the victims of the greatest calamity that ever has been felt in the republic. Signed Jose Rico, President; M. Gribanegary, Secretary of the Mazatlan Chamber of Commerce."

Another telegram to Mr. Bradbury from an official at the Tajo mines is as follows:

"Rosario, Mex., Jan. 9.—Directors Tajo Mines, Los Angeles: Mazatlan plague increasing. One-third population gone. Yellow fever reported in Culiacan and Tepic Rosario quarantined. Signed R. J. Gribay."

GOVERNOR HASTINGS DEAD.

Had Charge of the Relief Measures at the Johnston Flood in 1889.

Bellefonte, Pa., Jan. 9.—Former Governor Daniel Hastings died at 10 this morning. Daniel Hartman Hastings was governor of Pennsylvania from 1895 to 1899. He was a native of Salona, Pa. and was born February 26, 1849. He received a common school education and was brought up on a farm. He read law and engaged in active practice from 1875 to 1888 and then became largely interested in coal mines and banking. From 1887 to 1891 he was adjutant general of Pennsylvania and had charge of the relief measures at the Johnston flood in 1889. He was delegate at large to the national Republican convention in 1888 and placed John Sherman in nomination for the presidency. In 1896 he was chairman of the Pennsylvania delegation in the national Republican convention and placed Senator M. S. Quay in nomination for the presidency.

SHOWING LAWLESSNESS.

Non-Union Miners Trying to Throw the Blame on Union Men.

Philadelphia, Pa., Jan. 9.—Chairman Gray was unable to attend today's session of the strike commission because of a slight illness and in his absence Brigadier General Wilson acted as chairman. Counsel for the non-union men opened the proceedings by presenting the indictments and pleas of guilty of certain union men for acts of lawlessness, and showed that members of the miners' union invariably became their bondsmen. Lawrence Jenkins, of Parsons, a deputy sheriff in Luzerne county during the strike, was recalled. He told of many instances where he and many deputy sheriffs were sent to different parts of the county to quell disturbances. He said a state of lawlessness existed.

CHAMBERLAIN ALL RIGHT.

No Foundation for the Rumor That He Was Assassinated Last Night.

London, Jan. 9.—There is no foundation for the report published in the United States that Colonial Secretary Chamberlain has been assassinated in South Africa or for the rumor that he has been shot.

The unfounded rumor caused excitement in the Kafir section of the stock exchange. The report brought out many sellers, which quickly depressed prices. No sooner had the market recovered from this scare than the news of the serious illness of Alfred Beit, the South African financier, caused another flurry, especially in chartered, de Beers and other Rhodesian securities. They closed, however, above the lowest quotations of the day.

ALFRED BEIT STRICKEN.

South African Financier Reported to be in a Serious Condition from Anger.

Capetown, Jan. 9.—Alfred Beit, the well-known South African financier, has had an apoplectic stroke at Johannesburg and is reported to be dying.

REPORT CONFIRMED.

London, Jan. 9.—The firm of Wertheim, Beit & Co., of this city, confirmed the announcement from Capetown of the serious illness of Mr. Beit, and said the latest reports received regarding his condition were more reassuring.

FOUR TRAIN ROB- BERS CAPTURED

Held Up a Burlington Train Six Months Ago and Have Been Tracked by Officers Ever Since.

DELIBERATELY MURDERED ONE OF THEIR COMRADES

La Crosse, Wis., Jan. 9.—As passengers and prisoners on the Burlington train they are alleged to have held up six months ago at Marcus, Ill., four men who are believed to have been engaged in that robbery were left at Savannah, Ill., by the train last night and were taken to Mount Carroll, the county seat where they will be arraigned on the charge of holding up the train. The story of the findings of the clues and their subsequent capture is interesting. Detective Charles White, after a three months' search, located the man from whom the robbers bought the boat which was found sunken with sand in the river near where they had temporarily buried their booty. The boat was purchased at La Crosse and the robbers, so the detective found, went down the river in the skiff, taking four days to make the trip, and were joined at Dubuque by two others, which made the party of six in number. One of these robbers wore a pair of shoes purchased in Dubuque and he was the one who was killed. And this served to identify the gang and which led subsequently to their capture and arrest in Louisiana a few days ago on another charge. It develops from the story of one of the robbers that the dead robber had been killed by their own party. It appears they had a secret code of signals which they were to use. The dead robber, coming around the train, did not give the signal and was shot by one of the robbers. He was not killed, however, for after the safe had been blown open and the robbers unhitched the engine, they put the wounded man on board. One of the party said to him: "Can you talk yet?" He replied: "Yes," whereupon one of the party shot him through the head, killing him instantly. They then discussed as to whether to burn the body in the firebox, but decided to throw it out of the engine cab, which they did. They then abandoned the engine and got into the skiff, went across the river and buried the money and sunk the boat. Several half dollars which fell from a pile of \$2,200 they secured were found in the sand.

SELLING COAL NOW.

Swift and Company Announce They Have Pity for the Suffering Poor.

Chicago, Ill., Jan. 9.—In view of the scarcity of coal and to alleviate the suffering among the poor, Swift and Company, today announced they would go into the coal business. The selling of coal is not limited to Chicago, but it will also be sold wherever the firm has a plant at St. Louis, Kansas City, St. Joseph, Mo., Omaha, and St. Paul. The firm has a contract for the whole output of a mine and has been selling coal at cost to its employees. Having more coal than they require, the surplus is to be placed at the disposal of the poor. No one can obtain more than a bushel at a time. The prices will be: One bushel twenty cents, half bushel ten cents, a peck five cents.

AMBASSADOR RECALLED

Germany Dissatisfied With Von Hollebens Management of Venezuelan Affairs.

NO OFFICIAL DENIALS YET

Government Minded as to President Roosevelt's Attitude and the Foreign Policy of the United States.

Berlin, Jan. 9.—Ambassador Von Hollebens' leave of absence from Washington is pretty generally received here as being his virtual recall, due, it is said, to the dissatisfaction of the government with his management of the Venezuelan affair. This is asserted without reserve in important newspapers and no official denials have yet been forthcoming. It seems that the government feels it was misled, or at least not fully informed, by the Washington embassy respecting President Roosevelt's attitude when he was requested to arbitrate the Venezuelan dispute. The opinion is also that Dr. Von Hollebens' dispatches regarding the policy of the United States in the Venezuelan business and its general foreign policy have been neither adequate nor precise.

REPLY WAS DELIVERED.

London, Jan. 9.—President Castro's reply to the powers accepting the arbitration conditions of the allies, was delivered to the foreign office this afternoon by Craig Wadsworth, third secretary of the United States embassy. Mr. White, the charge d'affaires, is ill and has been in the country most of the week. The reply is regarded as having much more finality than was expected and as definitely settling the submission of all the difficulties to arbitration.

SALE OF THE MONTES Y VIGIL LAND GRANT

Eight Thousand Acres of Timber Lands Purchased by Brady & Bookhalter --- Saw Mill Moved to the Tract.

George B. Brady and Benjamin Bookhalter, for many years connected with the Biggs-Burns Lumber Company, operating and sawing lumber on the Tierra Amarilla land grant in this territory and in Archuleta county, Colorado, have purchased the timbered portion of the Francisco Montes y Vigil land grant comprising 8,000 acres and located on the Truchas river in Rio Arriba county about 35 miles north of this city, and 12 miles east of the Denver and Rio Grande railway. The purchase price, it is understood, is \$1.50 per acre, and this will be paid in six months' installments. General Edward L. Bartlett, who represented all the claimants of the grant, made the sale under an order from the district court of the 1st judicial district. The first payment has been made and Brady and Bookhalter have taken possession of the property. They have purchased the saw mill and machinery formerly owned by H. S. Buckman on the Ramon Vigil land grant, and have moved it to the tract, but will not be ready to commence active work in cutting timber and sawing lumber for six weeks. The mill has a capacity of 45,000 feet in 24 hours. There is reported to be a large quantity of good lumber, tie and telegraph timber on the property and a transaction seems to be very satisfactory to buyers and sellers alike. It is understood that Elias Clark, the Plaza del Alcalde merchant, will open a supply store at the saw mill camp on the tract.

STILL WIDE APART.

Factions of the Republican Party in Colorado Cannot Get Together.

Denver, Colo., Jan. 9.—The senate met this morning and completed its organization by electing the following officers: W. H. Adams, of Conejos, president pro tem; Charles S. Sprague, secretary; Lem. J. Smith, reading clerk; J. J. Dooley, sergeant-at-arms. The house this morning completed its list of employees. The Democrats, although not participating in the patronage, voted for the anti-Wolcott employees. The indications are that the two factions of the Republican party are as far apart as ever. Both houses appointed a committee to wait on the governor and inform him they were organized and ready to receive any message from him. It was agreed that Governor Orman's message will be read at a joint session tomorrow morning at 10:30.

A SAFE A WEEK.

Robbers Have a Good Thing in Denver and Are Busy Looking After It.

Denver, Colo., Jan. 9.—The twelfth safe in less than 12 weeks was robbed last night in Denver. Two watchmen at the works of the Continental Oil Co., at the north end of the 23d street viaduct, were bound and blindfolded. The safe in the office was blown and more than \$500 obtained. The robbers made good their escape.

LANE WAS HAVING A HIGH OLD TIME

Posed as a Wealthy Stockman From Texas, Stopped at the Best Hotel and Spent Money With a Lavish Hand.

SAID TO BE ONE OF THE ABINGDON TRAIN ROBBERS

St. Louis, Mo., Jan. 9.—A special from Quincy, Ill., says: After stopping since last Saturday at one of the leading hotels, posing as a wealthy stockman and lavishly spending money, W. L. Lane, alias Doc Butler, an alleged member of the Abingdon bank robber gang, was captured at 1 o'clock this morning in an all night restaurant. At the time of his arrest, Lane was giving an after-theater luncheon to a small party with whom he had become acquainted through some of the best known people of the city, all believing him to be a rich Texan.

CABINET IN SESSION.

No Answers Received to the Last Proposition of Castro.

Washington, Jan. 9.—The cabinet meeting today lasted nearly two hours. All the members except Secretary Root, who is in New York, were present. Secretary Hay had little new to report on the Venezuelan situation. No answers have been received to the latest proposition of President Castro which was transmitted promptly to the allies. Satisfaction was expressed at the action taken yesterday by the representatives of the American Beet Sugar association, although regret is expressed that the action was not unanimous. The Indiana, Miss., postoffice case was again the subject of some consideration, but Postmaster General Payne had little in the way of developments to communicate.

PRIVATE PENSION BILLS.

Mr. Hull Reported the Military Appropriation Bill in the House for Consideration Monday.

Washington, Jan. 9.—When the house met today, Mr. Hull of Iowa, chairman of the committee on military affairs, reported the military appropriation bill and gave notice that he would call it up Monday. The speaker laid before the house the resignation of Mr. Lanham of Texas, from the judiciary committee, and announced the appointment of Mr. Henry of Texas, to fill the vacancy. This being Friday, the house then went into a committee of the whole to consider private pension bills.

WINGED TWO ROBBERS.

One Was Shot, One Fatally Wounded and Two Made Their Escape.

Eagle, Wis., Jan. 9.—As the result of an encounter early today between a posse of Eagle citizens and four burglars, who robbed a livery stable, one robber was shot and probably fatally injured. Two of the four men were captured, but the other two escaped to the woods. One of the captured men had on his person two bottles of nitro glycerine and a complete set of burglar tools and two revolvers.

OFFICIAL MATTERS

NOTARY APPOINTED.

Rumaldo Montano of Lincoln was today appointed a notary public by Acting Governor Reynolds.

IRRIGATION COMMISSION.

The territorial irrigation commission, which was unable to hold a meeting about two weeks ago on account of the lack of a quorum, will meet at the office of the secretary, Colonel George W. Knebel, in this city, on next Monday, January 13. A quorum is assured so the commission will be able to attend to all matters that may be brought before it.

LAND OFFICE BUSINESS.

Homestead Entries: L. Marex of Cuervo, 160 acres of land in Guadalupe county; Juan Chavez y Romero of San Rafael, 160 acres of land in Valencia county; Alfredo Montano of Cuervo, 160 acres of land in Valencia county; Severo Slaneros of Quemado, 80 acres of land in Socorro county.

CONTEST TO BE DISMISSED.

A decision was handed down at the local land office today in the homestead entry contest of P. Tafaos against Alejandro Mora, involving land situated about five miles southwest of Galisteo. It was recommended that the contest be dismissed and the entry be passed to patent.

BOARD OF EQUALIZATION.

The Territorial Board of Equalization will meet here on Monday next for the purpose of prescribing the rate of taxation for the present year for the railroads, telegraph and telephone lines in the territory; to hear appeals and dispose of any other official matters that may be brought before it. The board consists of James S. Duncan, Las Vegas, president; Veneciano Jaramillo, El Rito, secretary; James F. Hinkle, Roswell; J. M. Sandoval, Albuquerque; and J. A. Mahoney, Deming.

Perkins Renominated.

Sacramento, Calif., Jan. 9.—George C. Perkins was renominated for the United States senate to succeed himself by the Republican caucus. The vote in the caucus stood: Perkins, 68, I. M. Scott, 1.

FIREMEN MAY GO ON A STRIKE

Will Have One More Conference With Chicago & Alton Officers.

MAY GO OUT NEXT MONDAY

Ninety Per Cent of Employees Belong to the Brotherhood and Five Per Cent Will Act With Them.

Bloomington, Ill., Jan. 9.—Contrary to report, the firemen of the Chicago and Alton have not yet commenced to vote upon a proposition to strike and will not until one more conference is held between the committee and officials. General Superintendent J. H. Barrett, who has been in this city and on the south end of the road for four days, returned to Chicago today and it was hoped to arrange a conference then. From the best information obtainable it will require until Monday to complete the vote upon a strike proposition and the cessation will hardly be ordered before that day. The members of the brotherhood have 90 per cent of the employees enrolled and 5 per cent additional have signed an agreement to act in conformity with the union men. Grand Master Hannahan is not here, but is in St. Louis.

ANGORA GOATS.

Fine Herd Bought of Joseph Tatti and Moved to Nabours Ranch.

J. O. Nabours and associates have bought a fine herd of Angora goats from Joseph Tatti and have moved them to the Nabours' ranch. The price paid was \$4 per head and the total sum was about \$14,000. The flock is one of the finest in Lincoln county.

ANACONDA MINE CASE CLOSED

Judge McFie's Decision in the Lower Court Stands Vesting Title in Carruthers and Others.

The territorial supreme court adjourned today until Monday at 10 a. m.

The case of Lizzie F. O'Brien, et al, appellants, vs. James Carruthers, et al, appellees, which was to have been heard from the 1st judicial district court of Santa Fe county, has been dismissed by T. B. Catron, appellants' attorney. The case was appealed from a decision of Judge McFie, holding that the right and title of the well known Anaconda group of mines in the southern part of this county, was vested in Carruthers, et al. The appeal was taken from this decision and the appeal being now dismissed, the decision of the lower court stands. T. B. Catron claimed to be one of the principal owners of claims conflicting with the Anaconda group, and also in the Anaconda group proper. This disposition of the case, however

FRIDAY, JANUARY 3.

New Mexico Demands Statehood of the 57th Congress.

Of Right and in Justice New Mexico Should Be a State.

Extract from the Congressional Record of June 25th, 1902, page 7,842.

President pro tem, of senate: "The chair has been requested to restate the proposition, and will do so."

The senator from Indiana, the chairman of the committee on territories, has stated in open senate today, that the committee will report on the territorial bill, so-called, on the third day of the next session of congress. Thereupon the senator from Pennsylvania asks unanimous consent, that on the tenth day if the senate is in session and on the first day thereafter if it may be in session if not on the tenth, the bill shall be made the unfinished business. Is there objection? The chair hears none, and the order is made.

The question of combining New Mexico and Arizona can be considered a little later on. For the present the best fight that is possible should be made for the omnibus statehood bill.

Senator Nelson of Minnesota, has talked all week against the passage of the omnibus statehood bill. He may not be much of a statesman, but he is surely a long winded talker.

The mail service that is given New Mexico is not up to standard, and if Delegate B. S. Rodey can persuade the postoffice department to insist upon improvement in that line, he will earn the gratitude of his constituency.

The United States senate did so little business this week that it concluded to make a week of it and adjourned yesterday afternoon until Monday next. Evidently most of the senators are having what is termed "that tired feeling."

Cerrillos is putting forth modest but persistent claims for the territorial hospital for miners to be located by the 35th legislature. Gallup will evidently encounter some opposition in its work to secure that institution for the Carbon City.

The freemen and engineers of the Santa Fe Railway west of Topeka have been granted an increase in pay of from 10 to 12 per cent. This is very gratifying, especially if the company will not seek to make up the wage increase by raising freight rates.

No interpreter will be necessary in the council of the 35th legislative assembly as everyone of the twelve members of that body understands, speaks, and writes the English language, and several of the members are fine scholars in both English and Spanish. This is the first time in the history of the territory that such is the case.

Drilling for oil has been in progress in different parts of New Mexico for the past two or three years, but thus far no spouters have been struck. The discovery of the Beaumont oil fields had revived interest in New Mexico oil indications, but unless some strike is made soon, there will be a lull in operations. Oil undoubtedly exists in many parts of the territory, but to strike it at a depth from which it will pay to pump it, is as yet an unsolved problem.

The anti-Wolcott Republicans seem to have the inside track in the Colorado legislature. They have organized the house and the Democrats have the senate. It is asserted that neither former Senator Wolcott nor Senator Teller can be elected to fill the vacancy that will exist when the latter retires from the senate on March 4 next. A deadlock is very probable. The situation in the Centennial state is not at all pleasing to the Republicans of the nation. It is a pity that the Republicans of Colorado should thus throw away the fruits of their grand victory on November 4 last.

The people of Raton will make an effort in the 35th legislative assembly for the passage of a bill locating the miners' hospital at their town. They justly claim a very healthy locality, an abundant supply of pure water and refreshing mountain breezes. In addition they say that Colfax county has more coal, quartz and placer mines than any other subdivision in the territory. The Raton people are rustlers and will do a powerful amount of rustling to secure their desire.

Tucumcari in Guadalupe county wishes to become the seat of the government of a new county. Tucumcari is a lively and ambitious youngster and believes in asking for what it wants.

THE COAL FAMINE.

An idea of the coal stringency in the east may be gleaned from a dispatch in the New Mexican of yesterday. At Toledo, Ohio, coal can be procured only by those who come armed with a doctor's certificate showing that coal is necessary on account of illness in the family. Even then the amount parceled out is infinitesimally small. Yet Toledo, Ohio, is connected with the Hocking Valley coal fields by two air lines of railroad and has the advantage of coal transportation from other coal fields by way of the Great Lakes. It can hardly have been much affected by the anthracite coal strike, for its coal supply comes from the bituminous coals of the Toledo is like a man staying at a banquet table richly laden with viands. A condition of that kind can not be much benefited by investigations or by theorizing. Action is necessary not only to relieve the present coal stringency, but to prevent any such fuel famine in the future. Here are the coal fields, there are the consumers; here are thousands of men willing to mine the coal for reasonable wages and there are the people willing to pay any reasonable amount for the coal. In emergencies of this kind it is the duty of the state to step in, to seize the mines, to operate them and to keep on operating them if the mine owners do not learn the lesson that they are operating a public trust and must supply the demand for fuel. Call it socialism or not, necessity does not scruple about theories, but it acts.

JOINT STATEHOOD.

The project of uniting New Mexico and Arizona into one state is receiving much attention from the press throughout the United States, most of the newspapers favoring the idea. The following editorial from the Colorado Springs Gazette, opposes this compromise move by saying:

"The proposition to admit New Mexico and Arizona to the Union as a single state is not a good one, and it ought not to receive any support, either in the west or in the east.

"If the statements made by the Beveridge commission are true, New Mexico and Arizona are unfit for statehood, no matter whether separate or united. You cannot raise the moral or mental average of a community by doubling the area that it occupies. If New Mexico and Arizona are inhabited chiefly by foreigners of a low grade of intelligence and the scum of white civilization, it is not going to improve their quality by giving them two senators instead of four. If these territories are composed of vast areas of uninhabitable deserts, with a few beads of settlements along the railroads and scattering patches of irrigable land in the valleys, it is not going to improve the conditions to double the distances which their inhabitants must travel to reach the state capital.

"If these two territories are unfit for separate statehood, they are unfit for it jointly.

"But if the opposition to statehood for New Mexico and Arizona is a pretense and a sham; if the arguments urged against the plan and the alleged facts by which they are supported are grossly false; if the opposition arises merely from a growing jealousy of the political power of the great west, or from a partisan distrust of their loyalty to a particular party, then this proposal to unite these two great territories into a single state is merely a confession of unworthy and wrongful motives, and it should be resisted by all the people of the west and by every honest and patriotic American. The people of Arizona and New Mexico can better afford to wait outside the union for a few more years until a congress comes that is willing to do justice to them, rather than to sacrifice their own interests and those of the great west, by sanctioning the creation of one great state extending from Texas to California."

This argument is all right from the Beveridge standpoint, but is not so plausible from the territorial point of view. Coloradans have forgotten the ignominy and the hardships that a territorial form of government implies. After waiting fifty years for statehood, New Mexico is ready to make almost any sacrifice to gain full citizenship for its people. If New Mexico and Arizona are each fit for statehood, united they are certainly also fit to be admitted as states. There are some advantages in union that cannot be denied and one strong state is better than two weak states. Citizenship is so great a privilege, so desirable an acquisition, that New Mexico and Arizona may lend an ear to the union proposition providing it is demonstrated that otherwise neither of the two territories will be given statehood. Of course, separate statehood is preferable, but if that is impossible to attain, then statehood as one state may be acceptable though it would involve some sacrifice on part of each of the two territories.

POINTERS TO MINERS.

Owing to the mild weather which characterizes the winters in the greater part of New Mexico, mining is successfully followed throughout the entire year. But nevertheless, spring may be called the beginning of the prospecting and mining season even in New Mexico. Therefore, the following words of advice written by a successful miner, are quite in season, especially since in New Mexico as elsewhere, thousands of dollars have been sunk in unprofitable mining ventures, owing to ignorance of the simplest principles of mining and mine development.

In order to work a mine economically, it must be done systematically. The plan should be carefully studied out, and each idea given due consideration. The haphazard method may pay in a rich mine when it would not pay in one of low grade. To work systematically requires much time in preparation and often it involves what at first appears

to be a great and unusual expense, but the final result will prove, if the time and money have been spent judiciously, that it has been economy to follow a system.

Shafts should be made perfectly straight whenever possible, whether vertically or inclined. At times, however, it seems necessary to change the angle of inclination of a shaft, which may be done without material detriment to hoisting operations, though always resulting in increased expense of running ropes and repairs. Under no circumstances should a shaft be permitted to depart from its alignment, to swerve to one side as it were, and yet it is no common thing to find this condition in shafts that are otherwise well appointed.

When a level is run, whether directly or on the vein from the shaft or from a cross-cut, raises should be driven to the level above as soon as possible. This will improve ventilation throughout the level and also affords a good idea of the value of the ore lying in the block of ground through which it passes. When stopes are large and the square set system of timbering is in use, the raise may be either given directly upon dip of the vein or it may be sent up at

an angle of 35 degrees or thereabouts along the strike of the vein and this is the best practice. Through a raise of this character all the timber used in the timber system may be sent down from the level above.

Whenever possible, all waste rock resulting from exploration should be employed as filling in mines where filling is necessary. Wines can be sunk more cheaply with portable hoists, run either by air or by electricity than by hand, and where the levels are a long distance apart, 150 to 200 feet, it is economy to hasten the connection between two levels by driving both wine and raise contemporaneously.

Whatever the financial conditions of the country, gold is always in demand, and the gold miner finds in panic or war only an increased demand for his product. Silver has dropped slowly and by bound from \$1.29 per ounce to one-third that sum, and the effect upon the silver miner is to urge him to search for gold, and when he searches for gold he usually finds it, for gold is one of the most universal of metals. It is often close at home, where the miner had not previously suspected its existence.

SAVED AT GRAVE'S BRINK.
"I know I would long ago have been in my grave," writes Mrs. S. H. Newsum, of Decatur, Ala., "if it had not been for **ELECTRIC BITTERS**. For three years I suffered untold agony from the worst forms of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For indigestion, loss of appetite, stomach, liver and kidney troubles **Electric Bitters** are a positive cure. Only 50c at

FOOLS A DEADLY ATTACK.
"My wife was so ill that good physicians were unable to help her," writes M. M. Austin of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache. 25c at

Fischer Drug Co.

A MILLION VOICES.
Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use **DR. KING'S NEW DISCOVERY FOR CONSUMPTION** and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1. Trial bottles free at

Fischer Drug Co.

THE PRIDE OF HEROES.
Many soldiers in the last war wrote to say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints **Bucklen's Arnica Salve** is the best in the world. Sore for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at

Fischer Drug Co.

SAMPLE COLDS.
Cease to be simple, if at all prolonged. The safest way is to put them aside at the very beginning. **Ballard's Horehound Syrup** stops a cold and removes the cause of colds. 25c, 50c, and \$1 bottle at

Fischer Drug Co.

BEST LINIMENT ON EARTH.
Henry D. Baldwin, Supt. City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but have never received much benefit until I used **Ballard's Snow Liniment** for rheumatism and pains. I think it the best liniment on earth." 25c, 50c, and \$1 bottle at

Fischer Drug Co.

The crowned heads of every nation, the rich men, poor men and misers all join in paying tribute to **DeWitt's Little Early Risers**. H. Williams, San Antonio, Tex., writes: "Little Early Riser Pills are the best I ever used in my family. I unhesitatingly recommend them to everybody. They cure Constipation, Biliousness, Sick Headache, Torpid Liver, Jaundice, Malaria and all other liver troubles. Fischer Drug Co.

UNCONSCIOUS FROM CROUP.
During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spofford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures coughs, colds, croup, and all throat and lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. Fischer Drug Co.

A SCIENTIFIC DISCOVERY.
Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. Fischer Drug Co.

REV. CARLISLE P. B. MARTIN, L. D.
Waverly, Texas, writes: "Of a morning, when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of **Ballard's Horehound Syrup** will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung troubles." Price 25c, 50c, \$1 bottle at

Fischer Drug Co.

ONE HUNDRED DOLLARS A BOX.
Is the value H. A. Tisdale, Summerton, S. C., places on **DeWitt's Witch Hazel Salve**. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except **DeWitt's Witch Hazel Salve**. It cured me." It is a combination of the healing properties of **Witch Hazel** with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. Fischer Drug Co.

IF UNWELL.
Try a 50c bottle of **Herbine**, notice the improvement in your appetite, energy, strength and vigor. Watch how it brightens the spirits, gives freedom from indigestion and debility! Isaac Story, Ava, Mo., writes, Sept. 10, 1900: "I was in bad health. I had stomach trouble for 12 months, also dumb chills. Dr. J. W. Mory prescribed **Herbine**, it cured me in two weeks. I cannot recommend it too highly. It will do all you claim for it." Sold by

Well Preserved

Women often astonish new acquaintances, who are introduced to a large family of strong boys and healthy girls, who call this young looking woman mother. It is popularly supposed that maternity is the foe of beauty, and the worn and faded face of many a mother seems to warrant the belief. But it is hard to believe that nature should compel a woman to sacrifice the rightful dower of her beauty in order to carry out a natural function of her being. And nature does not. The pains and sufferings incident to motherhood are, to a large extent, unnatural. This is proved by the use of Dr. Pierce's Favorite Prescription, which prevents and cures nausea, tranquilizes the nerves, encourages the appetite, induces refreshing sleep and makes the baby's advent practically painless.

Mrs. Orrin Sides, of Downing, Dunn Co., Wis., writes: "I have been intending to write to you ever since my baby was born in regard to what your 'Favorite Prescription' has done for me. I cannot praise it enough, for I have not been so well for five years as I am now. In July last I had a baby boy, weight 12 lbs., and I was only sick a short time, and since I got up have not had one sick day. I have not had any uterine trouble since I got up. I was not only surprised myself but all my friends here are surprised to see me so well."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Midwinter Carnival.

El Paso, Texas, January 13-17, 1902. —For this occasion the Santa Fe will sell tickets to El Paso and return at one fare, (\$13.40 from Santa Fe) for the round trip. Date of sale January 12 to 17 inclusive, limited for return passage until January 19, for particulars call on agents of the Santa Fe. H. S. Lutz, agent, Santa Fe, N. M.

WHY IT SUCCEEDS.

Because It's for One Thing Only and Santa Fe is Learning This. Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They're for sick kidneys. They cure backache, every kidney ill. Here is Santa Fe evidence to prove it: Tomas Baca, miner of Cerrillos st., says: "I have not the slightest hesitation in recommending Doan's Kidney Pills. I thoroughly believe from my experience that anyone troubled with an aching back, and most miners are annoyed with that tormenting affliction, who goes to Ireland's Pharmacy for Doan's Kidney Pills and takes a course of the treatment, will find his backache cease. I had attacks of it for about three years, never so that I could not work, but many a time I would have laid off had I been able to afford it. Doan's Kidney Pills stopped a very serious attack. I am thoroughly convinced they will prove as beneficial to others as they did to me."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. B. Mead, C. R. Hudson, general passenger agent, or W. D. Murdoch, assistant general passenger agent.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mining and the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

Views on Ambition and Dyspepsia.

"Dyspepsia," wrote Eugene Field, "often incapacitates a man for endeavor and sometimes extinguishes the fire of ambition." Though great despite his complaint Field suffered from indigestion all his life. A weak, tired stomach can't digest your food. It needs rest. You can only rest it by the use of a preparation like Kodol, which relieves it of work by digesting your food. Rest soon restores it to its normal tone.

The Santa Fe Dairy has put a new and very attractive looking delivery wagon on the streets today. It is up-to-date in all respects.

Transcript and brief work for lawyers done quickly and satisfactorily at very reasonable prices at the New Mexican Printing Company.

Claire: E. A. Wetmore, Montana; W. F. Williams, San Pedro; H. W. Goldman, Durango; E. Miller and wife, Telluride; J. Granite, Cerrillos.

The Free Masons Lodge here is considering the advisability of purchasing a lot in a suitable location for the purpose of erecting a Masonic Temple thereon.

J. B. Lamy expects to construct a brick sidewalk in front of his property on the northwest corner of the Plaza as soon as the weather permits. He will also remove the portals now disfiguring the building.

The New Mexican Printing Company manufactures the best blank books and loose leaf ledgers in the southwest at very moderate prices. You will serve your own interests by patronizing this very deserving home manufacturing establishment.

The forecast is for fair weather tonight and tomorrow with stationary temperature. The maximum temperature yesterday was 41 at 2:45 p. m., and the minimum was 23 at 5:30 a. m. The temperature at 6 o'clock this morning was 23.

The most enthusiastic annual meeting of the Mutual Building and Loan Association in its history was that held last evening. The reports showed the association to be in prosperous condition. The directors elected are John G. Schumann, J. A. Wood, John C. Sears, S. G. Cartwright, W. J. McPherson, G. W. Knaebel, C. F. Easley, Grant Riverburg and H. N. Wilcox. The directors elected the following officers: President, Grant Riverburg; vice president, W. J. McPherson; secretary, H. N. Wilcox; solicitor, Charles F. Easley; board of appraisers, C. W. Dudson, S. Spitz, and R. J. Crichton; auditors, Arthur Seligman, A. A. Atkinson and Geo. W. Shoch.

The finance committee of the city council at last night's meeting submitted a lengthy report on the condition of the city finances. The committee ordered a pro ratio of 3 per cent on accounts of 1900 and of 16 per cent on accounts of 1901. The balances due for 1902 amount to \$1,034.80. The committee recommended that the city confess judgment for the accounts at 50 per cent of the face value and issue bonds at 5 per cent interest in settlement. The suggestion was adopted and it was ordered that those who desire to take advantage of the offer place the accounts in judgment within 60 days. The appropriation for the fire department was ordered stopped. The report of the committee will be published in full in the New Mexican tomorrow evening.

The Capital City band will give a benefit concert during the last week in February.

Meeting of the Historical Society tonight at the office of Col. G. W. Knaebel. Many propositions for membership will be acted upon.

The Republicans of Precinct No. 8, Gallisteo, have nominated Anastacio Sandoval as their candidate for Justice of the Peace, and Bernardino Valencia for Constable. The election will take place next Monday.

Republican primaries for the nomination of candidates for justice of the peace and constable will be held this evening at 7 o'clock in Lucero's Hall in precinct No. 4, and in Firemen's Hall in precinct No. 17.

Mrs. J. W. Young, the mother of Mrs. E. C. Abbott, died last evening at the home of her daughter, in this city, of a complication of diseases. Mrs. Young was 75 years of age. The remains will be buried at Trinidad, and will be taken there this evening.

The porch in front of the Laughlin property, between San Francisco and Water streets on Don Gaspar avenue, has been torn down, and the space formerly occupied by it has been graded to the level of the street. Judge Laughlin has given a strip six feet wide along the

entire property towards the widening of the street, and the city will construct a brick sidewalk thereon. Work on the curbing commenced this morning. This action of Judge Laughlin is very commendable and for the public interest.

A current of electricity that proved a little too strong was turned on yesterday on the wires above Palace avenue. Many lights were burned out and fuses destroyed. As soon as this came to the knowledge of Manager Sparks, he immediately remedied the difficulty and is today replacing the burned globes free of charge.

There is no truth in the report that the Water and Light Company intends to shut off the city water supply. There is a sufficient amount of water in the river to supply the daily needs of the city, but the flow is not great enough to allow the waste of water. The company has informed a few of the water consumers to cease the wasting of water. It is true that the main reservoir is empty. This is preparatory to the annual spring cleansing and flushing of it. This takes place about March, and thereafter it will be refilled to its full capacity.

PERSONAL MENTION

Silviano Roibal, county superintendent of schools of the county of Rio Arriba, is in the city from his home at Chamita on official business.

William C. Hurt, conductor on the main line of the Santa Fe system between Las Vegas and Albuquerque, was in town yesterday visiting his mother.

H. M. Dougherty, Esq., the Socorro attorney who has been in attendance on the territorial supreme court, was a passenger for the south yesterday evening.

Jose R. Martinez, merchant and sheep grower at Tierra Amarilla, who has been in the city for several days on business and also visiting his sons and daughters at school here, left this morning for his home.

Miss Anna Hase is in Albuquerque on a short visit to her parents.

Edmundo C. de Baca of Las Vegas is on a visit to town. So are also Mesdames Rinaldo Baca and Andreas Sosa of the Meadow City.

William Hayward who was until recently a real estate man at Spirit Lake, Iowa, but who now lives at Winnipeg, Canada, is in the city visiting his family on Montezuma avenue.

J. D. Hughes, the territorial public printer, has purchased a job printing office at El Paso and will remove permanently from New Mexico. "Jim" was considered a fixture at Santa Fe, and his hundreds of friends regret his departure and wish him success.—Albuquerque Citizen.

U. S. Weather Bureau Notes.

Forecast for New Mexico: Fair tonight and Saturday; stationary temperature.

Yesterday the thermometer registered as follows: Maximum temperature, 41 degrees at 2:45 p. m., minimum, 23 degrees, at 5:30 a. m. The mean temperature for the 24 hours was 32 degrees. Mean daily humidity, 45 per cent. Temperature at 6:00 a. m. today, 23 degrees.

Brake Failed to Work.

Walter Fawcett came near meeting with a serious accident as he was driving between Capitan and Lincoln the first of the week. He had a load of about 1,700 pounds on the wagon and in going down a steep hill, the brake failed to work. The horses became unhitched in their efforts to hold the wagon back and the tongue dropped and was broken. No further damage was done.
