ALBUQUERQUE, — AUGUST 23, 1900

National Republican Ticket

For President—
 WILLIAM MCKINLEY,
 OF OHIO.
 For Vice President—
 THEODORE ROOSEVELT,
 OF NEW YORK.

Chicago has a population of 1,694,572
 according to the official census just an-
 nounced, a gain of 54.4 per cent since
 1880.

Thirty Americans fought 600 Filipinos
 three days at Cebu and killed 200 of
 the foe before the eleven American sur-
 vivors were rescued by unexpected re-
 inforcements.

Kentucky statistics just issued show
 that state for the fiscal year ended
 June 30 last produced 21,737,722 gallons
 of whiskey, as against 19,785,722 gal-
 lons the previous year.

The city has determined to beautify
 the city with parks, and the Highland
 park will be improved at once. This
 park will be one of the prettiest in the
 city when improved.

At Topeka, Kan., to-day Mr. Bryan
 will be notified by the populists of his
 nomination for president. Mr. Bryan
 has a 4,000 word speech prepared, ac-
 cepting the nomination.

It was John J. Ingalls who said of
 the democratic party: "They are only
 politicians. They are not patriots. They
 have not changed a bit since Ingalls
 made that wise remark in 1890."

It has been contended that both the
 constitution and trade follow the flag,
 but a pessimistic resident of St. Louis
 feels called upon to predict that in the
 event of Bryan's success the flag that
 trade will follow will be the auction
 eer's.

The customs revenues in the island of
 Cuba for the first six months of 1900
 were \$5,882,515, which for the same per-
 iod of 1899 they were \$4,916,361. Such a
 gain as that is pretty good indication
 that Cuba has a tow line on American
 property.

On the approach of the allied army to
 Peking, the Chinese made a last desper-
 ate attempt to annihilate the besieged
 inmates of the foreign legations, and
 wounded several of the Chinese in the
 fight. It is not easy to imagine
 that those people, after their terrible
 experience will soon be willing to see
 negotiations for a truce being con-
 ducted.

Chauncey M. Depew is quoted from
 London as saying: "Up to two years ago
 the European cabinet took no in-
 terest in American diplomacy and
 now it is a matter of course. Now no
 cabinet makes a move without con-
 sidering what is the position of the
 United States in the matter."

The vehement member of the W. C. T. U.
 who, with uplifted hand, declared
 that she hoped God would brand Mr.
 McKinley because he refused to permit
 her to regulate the beverages of 100,000
 men in the United States army, has a
 counterpart in the Brooklyn crowd, a
 woman, who wants United States sol-
 diers tried by Filipinos for piracy. Both
 are examples of the queer hallucination
 that intolerance is liberty and that
 righteousness consists of being a pub-
 lic nuisance.

It is not often possible to trace up a
 story line that goes upon the news-
 paper wires, but it is plain enough now
 that the statement repeatedly sent out
 by the Chinese officials in Peking that
 they "had supplied the besieged Euro-
 peans with provisions" was sus-
 pected at the time, a cheap falsehood.
 Sir Claude MacDonald states that "the
 Chinese broke every engagement they
 made with the foreign ministers. There
 is no truth in the story that the im-
 perial palace supplied the legations with
 food."

The oldest church bell tower in Amer-
 ica is now in good condition in Tacoma,
 Wash. When the first settlement was
 made on Commencement bay, Puget
 sound, a church was built, but there
 was no bell tower, so a big fir tree was
 selected. The bell was placed in the
 top of this tree, a ladder extending from
 the roof of the church to the improved
 tower. The tree covered its bell
 tower, with the bell in the top. The fir
 according to calculations, must have
 been a young tree when Columbus
 made his first voyage, and therefore it
 is the oldest bell tower in America.

The anti-imperialists are having a
 hard time of it. They are in an equally
 embarrassing position with the sixteen
 to twenty who profess to have been
 proved to be utterly wrong. The war in
 the Philippines has been brought to a
 point where only isolated bands of band-
 its are opposing the flag and these would
 be crushed. Their activity for the
 months ago, in all probability, but for
 the hope held out to them by the au-
 thorities in the United States of the elec-
 tion of Bryan and the abandonment of the
 country to Aguinaldo and his followers.

FALSE PROPHET OF DISASTER.
 In 1896 Mr. Bryan labored without
 counting for months to frighten the
 American people into electing him pres-
 ident of the United States.
 He predicted ruin, disaster and a long
 train of evils to the country unless his
 theories were adopted, and the national
 policy as outlined by the Chicago plat-
 form was adopted.
 In the endeavor to succeed on appeal,
 however sensational, was omitted and
 the abandonment of that campaign still
 hangs in the recollection of the people.
 Mr. Bryan failed and instead of his
 predictions proving true, every one of

them has been shown to be fallacious.
 Disaster did not follow his defeat, but
 the reverse, and a country all over
 that as a prophet Mr. Bryan did not es-
 tablish a good title.
 Once more the nation is confronted by
 the candidacy of this prophet of evil,
 and the same old, old, old is being
 throughout the land. There is only one
 addition to the vanity wall of 1896,
 and that is in relation to the national
 problems that have arisen from the war
 with Spain.
 The old crisis have not been aban-
 doned, although the country has turned
 them down, but in order to meet the
 new conditions that have arisen, with
 the advent of imperialism has been in-
 vented.

Where Pearls Come From

The pearl fisheries of the Red sea ex-
 tend the whole length of that water.
 About three hundred boats are em-
 ployed by the army tribes, manned
 by crews of from five to twelve men,
 each provided with a number of small
 canoes. There are two fishing seasons
 of the year, and this season is said
 to be the most successful as a far
 more precious treasure—Health, for
 which so many search uselessly. The
 surest guide to health is Hostetter's
 Stomach Bitters, an invaluable reme-
 dy for stomach disorders, recommended
 by the best physicians for the past
 fifty years. It should be taken for con-
 stipation, indigestion, dyspepsia, liver
 trouble, kidney weakness or any dis-
 order resulting from impure blood or
 an overworked stomach.

\$25 Reward.
 I will pay the above reward for in-
 formation that will prove to me who
 shot my St. Bernard dog with a shot
 gun, Aug. 20, and the morning of
 Tuesday, Aug. 21, 1900. This reward
 holds good indefinitely.

ROY ALLEN STAMM, AINE, 22, 1900.

A Night of Terror.
 "Awful anxiety was felt for the wil-
 dow of the brave General Burnham,
 of Machias, Me., when the doctors said
 she could not live until morning,"
 writes Mrs. S. H. Lincoln, who attend-
 ed her that fearful night. "All thought
 she must soon die from pneumonia,
 but she begged for Dr. King's New
 Life Pills, saying that it had more
 than once saved her life, and had cured
 her of consumption. After three small
 doses she slept easily all night, and
 its further use completely cured her.
 This marvelous medicine is guaranteed
 to cure all throat, chest and lung dis-
 eases. Only 50c and \$1.00. Trial bot-
 tles free at J. H. O'Reilly & Co's."

FAIR COMMITTEE!

Business Transacted
 Last Night.

Letters from Show People
 Who Want Privileges.

Bids Opened and Successful Bid-
 ders Announced.

FLOAT OF C. COLOMBO SOCIETY.

The executive committee of the New
 Mexico Territorial Fair association,
 meeting at the city building last night,
 a majority of the members being pres-
 ent, and many subjects of interest and
 for the good of the forthcoming fair was
 fully discussed.

The letter from Charles B. Gail, who
 is the owner of the human curiosity,
 was read, and his proposition for a
 concession was accepted. Physicians of
 El Paso endorsed the contents of the
 letter, stating that the curiosity or
 freak is the most wonderful of the hu-
 man kind in the world.

The letter of F. E. Elmer, manager
 of "Lunette, the Maid of the Air" was
 read, and the president of the associa-
 tion was instructed to secure this at-
 traction, if possible. This is the same
 show that was the stellar attraction of
 its kind at the Omaha exposition, and
 has always created an immense sen-
 sation, wherever it has been exhibited.
 It is a first-class show and caters to
 both lady and gentleman audiences.

The letter from Governor Charles S.
 Thomas, of Colorado, acknowledging
 an invitation to attend the twentieth
 annual New Mexico fair, was read. The
 governor states that, if possible, he
 would waive his official duties so as to
 be here on the opening day—Septem-
 ber 15.

The letter of Mrs. O. H. Scott, sug-
 gesting that a display of fruits, vegeta-
 bles and fancy work, be made, was
 read and as some efforts had already
 been made in that direction, only to
 meet with no assistance from those
 asked, the committee concluded to leave
 those displays for the fair to be held in
 1901.

Madame Rippe, the palmist, writes to
 the committee for space on the Midway.
 A price was authorized to be given her.
 The letter of L. Gradi, president of
 the C. Colombo Benevolent society, was
 read, as follows:

"Dear Sir—Your favor of Aug. 1, ex-
 pressing the wish of the Fair associa-
 tion that the C. Colombo Benevolent
 society should take part in the parade
 of this year's fair, is at hand. The so-
 ciety, through me, announce their de-
 sire and willingness to take part in this
 year's grand parade, and they are ready
 and promise to equal, if not eclipse, the
 display of last year."

The letter of T. L. Tally, the photo-
 graph and moving picture man of Los
 Angeles, and also of the manager of
 the diminutive railway train were read.
 These gentlemen desire concessions at
 the fair and the president of the asso-
 ciation was instructed to make them
 liberal offers.

The letter of W. B. Biddle the popular
 freight traffic manager of the Santa Fe
 railway, offering transportation for
 fireworks and men from Los Angeles
 to Albuquerque and return, was read,
 and a vote of thanks was promptly ex-
 tended to the Santa Fe company and
 Mr. Biddle.

The communication of the committee
 on lawn tennis was read, and the mat-
 ter left with the president, who was
 authorized to consult with the lawn
 tennis committee and arrive at some
 definite understanding.

The letter from Governor M. A. Otero
 was read, and the committee expressed
 the hope that he would accept the in-
 vitation.

Letters from Will Morris and William
 Hyde, of Bland and Alamosa, on the
 rock drilling contests, were read, and
 the matter was left with the president,
 who was instructed to make them
 liberal offers.

The applications of two well known
 base ball umpires, Edward B. Pickel
 and W. C. Mason—were read, and
 the committee, after some discussion,
 concluded to accept the application of Mr.
 Pickel as he had first applied and his
 work has heretofore been satisfactory.
 Mr. Pickard and the president of the
 association was authorized to arrange
 certain details.

A short time ago the Singer Sewing
 Machine company offered to donate a
 fine machine to the association as their
 contribution. Last night the committee
 decided to accept the machine, and will
 announce, in due time, the disposition
 to be made of the handsome gift.

Quite a number of bids for privileges
 were received and opened, the following
 highest and successful bidders be ac-
 cepted:
 For candy booth on the Midway, Al-
 ger & Greenleaf, \$15.
 For shooting gallery \$10; head in can-
 vas, \$5; toy balloons, \$5; all to Percy
 Hawley.
 For doll and baby rack, \$5; James
 Young.

For official souvenirs, medals and
 badges, \$27.50; J. H. Gurnsey.
 For official program of fair and score
 card, \$27.50; Frank E. Hall.
 For lemonade, soda water and ice
 cream booth on the Midway, \$21, T. J.
 Toberman.

The bids, one sealed and the other
 verbal, were announced for the grand
 stand privileges, but the committee re-
 jected both, considering the bids too
 low.

At bids are exclusive, and the Fair
 association, aided by the city council,
 will see that all purchasers are protect-
 ed in their rights.

In another column of to-day's Citizen
 appears the list of unused privileges and
 bidders are requested to read them and
 put in their bids at a meeting of the
 committee to be held next Tuesday
 night, August 2.

The committee then adjourned to
 meet again, subject to call of the pres-
 ident.

 McCreight, president of the Fair as-
 sociation, Albuquerque, N. M.

Chinese are dangerous enemies, for
 they are treacherous. That's why all
 counterfeiters of DeWitt's Kidney and
 Bladder Pills are dangerous. They look like
 DeWitt's, but instead of the all-healing
 DeWitt's, they contain ingredients
 liable to irritate the skin and
 cause blood poisoning. For piles, in-
 juries and skin diseases use the original
 and genuine DeWitt's Kidney and
 Bladder Pills, Berry Drug Co. and Cosmopoli-
 tan Drug store.

WOUNDED ROBBER STILL ALIVE.

His Two Companions are Hiding in the
 Mogollon Mountains.
 The wounded robber who was cap-
 tured in the fight after the hold-up of the
 store of the Helen Mining company on
 the 9th inst., has been removed from
 Graham to Mogollon in order that he
 might receive proper medical attention
 and is getting along fairly well. He is
 now able to take light nourishment,
 and it is thought that his good constitu-
 tion will enable him to pull through.
 He has been placed under arrest by the
 United States authorities and just as
 soon as able will be taken to the So-
 corro jail to await trial.

His identity is still unknown. He has
 been recognized by one man to whom
 he made the request that his name be
 kept a secret, for the reason that if he
 died he did not want his people to
 burn the manner of his end, and if he
 lived, he would disclose it himself. His
 wishes have thus far been respected, but
 it is thought that the remaining two
 robbers are still hiding in the Mogol-
 lon mountains, being thus far unable
 to make their escape out of the country.
 It is believed that they will yet be
 captured. They were reported to have
 been seen Friday in the Dry creek sec-
 tion, and two horses and saddles
 thought to belong to them have been
 seen. They are likely undergoing great
 hardships, hiding during the day and
 traveling at night, and it is very
 doubtful if they have sufficient food.
