THEY RETREAT!

Chinese Running Away from Battle.

Allies Have Reached and Will Soon Attack Pekin.

Consuls Wanted Troops Landed at Shanghai.

SAMPLE OF GREEDY BRITISH.

London, Aug. 16.—The news agency dispatch from the seat of war reads as follows:
"At the front, Aug. 15, via the Foo, Aug. 14.—The Chinese retreat continues. They will not make a stand. We are only twenty miles from Pekin. The entire force is straining every nerve to reach the capital before it is too late."

AND THEY AT PEKIN?
New York, Aug. 16.—A dispatch to the Journal and Advertiser from the Foo quoted Edward Willman, a correspondent, as follows:
"I learn from thoroughly trustworthy Chinese sources that the army of the allies reached Pekin on Monday. I have every reason to believe that the army forced an entrance and the envoys and friends were rescued to-day. They are probably now safe with the Christian army."

Repairing Railroad to Pekin.

Berlin, Aug. 16.—An undated dispatch from Tien Tsin says:
"The railroad between Tien Tsin and Peking has been restored and the Russians are repairing the line in the direction of Pekin. Field Marshal Count Von Waldersee, commander in chief of the allied forces in China, sails from Naples August 22."

Greedy British.

Shanghai, Aug. 16.—The consuls will meet to-day. The landing of British troops is not objected to by the representatives of the other nations, the latter having declared they would adopt the same course. To this the British objected and threatened the withdrawal of the troops ready to land.

MEASURE TO SAFETY.

Foreign Consuls Want Troops Landed at Shanghai.

Berlin, Aug. 16.—A semi-official dispatch from Shanghai, dated Aug. 15, says:
"The foreign consuls, acting on a joint resolution, sent their respective governments the following telegram: 'If the Indian troops (British) are withdrawn from Wu Tung, it will constitute a menace to the safety of Shanghai. These troops ought to be landed on the basis of international understanding, and to ensure adequate protection of Shanghai more troops ought to be landed immediately.'"

Occupied Fung Chow.

Tokio, Aug. 16.—A semi-official dispatch from Fung Chow (Lung Chow), dated Aug. 12, says:
"The Japanese troops occupied Fung Chow to-day. We are now ten miles from Pekin. The Chinese seem to have retreated toward Pekin. Last night a quantity of arms and a granary, with great stores, were captured."

REMY'S DISPATCH.

Information that the Allies Would Attack Pekin at Once.

Washington, Aug. 16.—The navy department made public the following dispatch from Admiral Remy:
"Taku, Aug. 15.—The front unharmed from since the 11th. Lieutenant Latimer is on Chaffee's staff expressly to furnish me authentic information. The latest reports from Japanese sources say the allies occupied Fung Chow on the 15th and would attack Pekin to-day."

Related Cablegrams.

Washington, Aug. 16.—The Chinese minister this morning received a belated cable dispatch from Minister Conger, in American cipher, addressed to the state department. He delivered it to the state department.

Speaking of China,

We are probably in a better position to talk with you on the subject than any one else in the Territory, and will gladly give you our ideas if you will drop in. It's a great subject, especially when our low prices are the immediate subject of discussion.

We are also strong on glassware, kitchen utensils, freezers, etc., etc. We show weakness only in our prices.

JOHN J. INCALLS!

Died at East Las Vegas This Morning.

Funeral Will Occur at Atchison, Kansas.

A Commissioner Favors Corporations to the Poor Miners.

NATIONAL ANTI-IMPERIALISTS.

Atchison, Kan., Aug. 16.—Ex-United States Senator John J. Incalls died at East Las Vegas, N. M., at 2:25 this morning, surrounded by his wife and two sons, Elsworth and Sheffield. The news came to the Incalls home here in a telegram at 10 o'clock to-day. The funeral will be in Atchison.

Mr. Incalls' illness dated from March, 1899, when at Washington, his throat began troubling him. He occupied apartments at a hotel with his family, and worked steadily writing political articles for the newspapers. He was treated by several specialists, but received no relief, and on their advice, returned with his family to Atchison. At home he grew no better, though under the constant attention of specialists. Ten months ago he sought another change of climate, traveling through New Mexico and Arizona. He was still able to write occasionally for the newspapers and attended to business affairs. From time to time reports of his serious illness were circulated, but they were invariably denied, both by the senator and his family. He did not consider his case hopeless by any means, and only two months ago planned to return to Atchison. His youngest son, Sheffield, met him in Las Vegas, but as the result of a consultation with his physicians, he remained in New Mexico, and his son returned to Kansas. Mr. Incalls went immediately to Las Vegas and since has remained at his home, his wife, Mrs. Incalls, and Dr. E. M. Clayton, of Gallup, only a few of their most intimate friends being present. Promptly at 5 o'clock, to the strains of "The Wagon March" by the Lutheran choir, played by Miss Hattie Watson, and sang by Miss Grace Houghton, the happy couple entered, unattended, the spacious parlor, which was beautifully decorated with roses and a profusion of emulax, taking their places under a bower of roses, when Rev. W. D. Clayton, father of the groom, pronounced the simple ceremony that made the two lives one forever.

WEDDING BELLS.

Two of Albuquerque's Popular Young People Joined in Marriage.

A very pretty wedding took place last evening at the home of Mrs. Pohl, 201 South Edith street, the contracting parties being the eldest daughter of the family, Miss Ella Pohl, and Dr. E. M. Clayton, of Gallup, only a few of their most intimate friends being present. Promptly at 5 o'clock, to the strains of "The Wagon March" by the Lutheran choir, played by Miss Hattie Watson, and sang by Miss Grace Houghton, the happy couple entered, unattended, the spacious parlor, which was beautifully decorated with roses and a profusion of emulax, taking their places under a bower of roses, when Rev. W. D. Clayton, father of the groom, pronounced the simple ceremony that made the two lives one forever.

Successful Operation.

Three weeks ago, Dr. C. T. Phillips was called to attend a little boy who lives with Miss Gutierrez, north of the city, who had been kicked in the head by a horse. On examination the doctor found that the skull had been broken and shattered, and after removing a number of bones, he flattened a 25-cent piece and placed it on the hole in the skull and sewed it up. The boy has entirely recovered and will always be twenty-five cents ahead. Considering the fact that the doctor had none of his special surgical instruments with him for a case of that kind, the operation was one that deserved notice.

Resolutions Take Form of Address to American People.

Indianapolis, Ind., Aug. 16.—The second day's session of the National Anti-Imperialist league was called to order by ex-Governor Boutwell. Pending the report of the committee on resolutions, Dr. L. W. Haberman, of Washington, addressed the convention. He said that the president had "done that which he himself solemnly declared was a great crime and atrocious crime to shift the responsibility upon divine providence. People, who, like myself, come from Germany, know to their sorrow what militarism means. There are the last men who will vote to convert their country into an empire. I feel it my duty to fight the republican party with all the ability I possess, because it has now become a party of imperialism." Haberman concluded with a declaration for Bryan.

Colonel Charles R. Codman, of Massachusetts, read the report of the committee on resolutions, which took the form of an address to the American people. Codman said the twenty-five members of the committee were unanimous in submitting the report to the convention. The resolutions advise the people to withhold their support from McKinley and give direct support to Bryan, as the most effective means of checking imperialism. At the mention of Bryan's name the delegates arose in a body and gave three cheers for the democratic candidate.

Moorefield Story, of Massachusetts, said he cordially joined in the statement of principles contained in the resolutions, but he reserved the right to support a third candidate if one were nominated who satisfied him better than Bryan.

Thomas M. Osborne, of New York.

Washington, Aug. 16.—A special meeting of the cabinet was held before noon to-day, at which the appeal of Li Hung Chang to the allied forces to have them halt at Tung Chow in order that an armistice could be arranged was carefully considered, and an answer prepared in which it is understood this government agrees to an armistice for the purpose of relieving the ministers, the members of the legations and the people under their protection, either at the inner gate of the city or the outer gate, whichever the officers in command of the troops may designate. If the ministers think arrangements can be made by which their safety will be assured in moving from the British legation to the inside gate, which is about 200 or 300 yards distant, this government will agree to an armistice for that purpose, and after Minister Conger has been safely delivered, this government will for a specified time cease hostilities with a view of arranging terms of peace.

A Mexican Murdered.

Phoenix, Ariz., Aug. 16.—Santiago Ortiz, a Mexican, who robbed and killed E. S. Moffit, of Harburg, has been captured at Culien's Wells. He confessed the crime, and produced 250 and two checks, which he had taken from a victim. Moffit's head was washed to a jelly with a drill.

France All Right.

Paris, Aug. 16.—France has notified Germany that when Field Marshal Count Von Waldersee arrives in China to assume command of the allied forces, General Voyron, the French military commander in chief, will act in perfect accord with him.

Government Will Object.

Washington, Aug. 16.—This government will reject Li Hung Chang's proposal for an armistice. It will stand on the proposition heretofore announced.

RACE HATRED IN NEW YORK.

Negro Shot and Killed a Policeman, Causing a Riot.

New York, Aug. 16.—Such a furious exhibition of race hatred as found vent in the rioting that occurred here last night, the outgrowth of the murder a few days ago of Policeman Thorpe, by the negro, Arthur Harris, has not been equaled in New York for many years.

Japan Proposed Armistice.

New York, Aug. 16.—A cable dispatch from Kobe, Japan, dated to-day, to the Journal, says:
"Japan proposed an armistice between the powers and China, and China has accepted. The terms of the powers are that the ministers either must be placed under the protection of the allies at the gates of Pekin or the allies be admitted to Pekin to receive them. Japan began the negotiations."

New York Democrats.

Saratoga, N. Y., Aug. 16.—The democratic state committee to-day voted to hold the state convention of the party here Sept. 11. Ex-Senator D. B. Hill's candidate for temporary chairman of the convention, Mayor J. K. McGuire, of Syracuse, was defeated by a vote of 23 to 28.

TRIP PLANNED FOR EL PASO.

The junior editor of The Citizen, who is president of the Fair association, and who is working hard to make the forthcoming fair a big success in every respect, to-day received a most important telegram from Hon. Juan S. Hart, editor of the El Paso Times. Mr. Hart is a particular friend, and he wired as follows:

El Paso, Texas, Aug. 16.

W. T. McCreight, President New Mexico Territorial Fair association, Albuquerque, N. M.

Years of yesterday here. Will look out for you on Saturday morning's train, and will get you close to the celebrated McGinties and the famous Mexican band.

Governor Ahumada, of Chihuahua, has sent you city for fair week, and General Juan A. Hernandez, the commander of the military zone, will also help. Representatives of the governor and general will be here awaiting your arrival, when all details will be fully explained.

El Paso will turn out on mass to meet the Albuquerque delegation and the base ball team Saturday morning.

JUAN S. HART.

The fair association is pleased to note the interest Thomas M. Hamdell, a prominent official at the railway shops, is taking in the approaching Territorial fair. A short time ago the president of the association wrote a letter to Superintendent Smith, informing him that a purse would be hung up for tug-of-war contests, and suggesting that the shops organize a team to pull against a team to be organized by Joe Schwartzmann and others up town. This letter was handed by Mr. Smith to Mr. Hamdell, and the latter gentleman now states that the local shops will be on the ground with a good pulling team. It is now up to Messrs. Schwartzmann and others to get their pulleys ready to represent the up town.

Back from the East.

Simon Stern, the railroad avenue clothing agent's furnished, who was back east on a purchasing tour, returned to the city last night, and he states positively that he purchased for his store the biggest and best stock of fall and winter goods ever brought to this city. He will add a merchant tailoring department to his store, and brought along with him, Mike Goldman, a first-class tailor of Chicago. Mr. Stern says that while passing through the city of Las Vegas yesterday he was informed that the railroad company expected to begin on improvements here about September 1.

The El Paso Herald states that the
midwinter carnival, to be held in that
city in December, is now practically an
assured thing. Albuquerque will be rep-
resented in good numbers.

The trouble might be settled if the
powers would form a ring and let little
Jag have another go at China. The
Jag bantam has taken one victory from
the Shanghai and could do again.

This territory is adopting the civiliza-
tion of the office east. A man in
Santa Fe has brought a "damaged" suit
for the alteration of his wife's affec-
tions. Hereafter the shot gun has set-
tled that class of cases.

The International Typographical union

of the most thoroughly organized labor
unions in existence, yet has the fervent
stricken and diffident. With men of

ever for any kind of trouble or strikes.

Pueblo, Colo., will have a free street
fair. The committee, out feeling the
pulse of the merchants, says: "Enough
money has been raised to guarantee the
success of the fair and with the con-
sistent granted by the city council re-
garding licenses for small shows the
committee feels confident of getting up
a fair that will prove a big winner in
southern Colorado."

The Las Vegas Optic, appreciating the
good work the two Albuquerque
daily newspapers did toward advertis-
ing the Rough Riders' reunion held in
that city in June, 1899, in order to
show the favor by judiciously holding
the "territorial fair" to be held here in
September. Other papers throughout
New Mexico and Arizona are also say-
ing good words for the gathering.

The Santa Fe and Santa Fe Pacific
railways are now satisfied that the big-
gest crowd in the history of Alberque-
que will attend the twentieth annual
fair to be held in this city from Sep-
tember 18 to 22, and division superin-
tendents are preparing themselves to re-
ceive the people. This fact prompts The
Citizen to state that the city have come
to rent during fair week, for or with-
out board, are requested to notify
Ralph Hunt, who will have charge of
the board of information.

AN EVIDENCE OF PROSPERITY.

The history of the land office, which
is under the direction of the interior
department, shows that periods of un-
precedented prosperity, which are the
receipts of the office, it is consid-
ered, with the postoffice department,
one of the best barometers of existing
trade conditions known to the authori-
ties. The record of the past four years
bears out this contention most strongly
and indicates that the trade conditions
during the present administration have
been excellent.

The present administration came into
power and took possession of the gen-
eral land office on March 4, 1897. The
next annual report came out on the last
day of the following July, and showed
the cash receipts of the office from the
sale of public lands reached, in round
numbers, \$1,000,000. In July, 1898, after
the administration was a little over a
year old, the record of the office was
\$2,000,000, in round figures. A gain
of another \$1,000,000 was made in the
year following, and Blaine Hermann,
who has charge of the land office, says
that his annual report, which will be
published shortly, will show the re-
ceipts from the sale of lands to be
\$4,000,000, an enviable record for the
year.

THE WAR SPIRIT.

It used to be said in years gone by
that, if the great, arbitrary rulers of
the world could be driven from their
control of events and the civilized na-
tions could be governed by their peo-
ple, and not by their sovereigns, wars
and the rumors of war would speedily
come to an end. It is then affirmed
that emperors and kings liked to make
war, because it gratified their vanity,
or satisfied their ambition and merely
brought suffering and distress upon the
common people, whose grievances were
to them a matter of indifference. It is
probable that this theory of human ac-
tion, which obtained wide acceptance
a generation or two ago, "was" based
largely upon a study of the career of
Napoleon Bonaparte, as well as of the
preceding European sovereigns; but
now that the world has become more
republican, there does not seem to be
that complete subsidence of the war
fever which was so confidently hoped
for. The people of a nation are often
as belligerent as the old rulers were,
and of late it has not infrequently ap-
peared that the rulers have been much
more peaceful in their desires than have
the people over whom they have ruled.
The claim is made that, if it had rested
with the president of the United States,
we should not have had a war with
Spain two years ago; but the representa-
tives of the people, in congress assem-
bled, insisted that there must be
war. If it had not been for the war
with Spain, it is probable that the
people of the United States would have
been much more peaceful in their
desires than have the people over
whom they have ruled.

SOME CENSUS TROUBLE.

Some of the census enumerators in
New Mexico have been caught up with
a short turn from headquarters in
Washington. Their salary accounts
have been suspended and the agricul-
tural and manufacturing schedules have
been sent back for correction and more
explicit information. These schedules
received scarcely any attention. In
most business industries known to be
in existence in 1890 and reported in the
census were not reported at all by the
present enumerators, and the census
office wants some explanation; wants to
know if they are now in business and if
not, why not? The instructions are to
make these corrections and get the ac-
counts started back to Washington by
the 15th instant, but this is not possi-
ble, as many of the enumerators re-
siding in isolated districts will not re-
ceive the return schedules until about that
date.

THE RAILROAD AT LAST.

Trains will be running into New Town
of Captain by Saturday Night.

The railway line that New Town is
to have is now being laid out. The
road will be built to quit their crav-
ing and pull together for the advancement
of the town.

At the house of A. C. Hunt and his as-
sistants were busy engaged yesterday
and to-day in setting the center stakes
for the extension from end of the track
at Mine No. 4 to the terminus near the
point where the new store of the Mer-
centile company is being erected.

There are four miles of rails now
at the end of the track on No. 3,
and several cars more are in the yards
awaiting the material for the extension.
A track will be laid out early in the
morning. It is expected that the
track will be completed by Satur-
day, and that the train of that date
will be the first regular train to come
over into the new town.

KNIGHT-H. N. KNIGHT.

Will give you more than any else
for second-hand furniture. Do not sell
until I have made you a price. If you
have real estate to sell, let it with me.
If you want to buy, I have just what
you are looking for. Special bargain
in a fine brick house near the shops. An-
other on Copper avenue and one on
North Second street. Have for sale
cheap a total National cash reg-
ister, in fine condition. 25-horse power
portable engine and boiler in good
condition, burglar and fire-proof safe,
hides, press, office furnishings, Fair-
banks warehouse scale, capacity 5,000
pounds, stock of millinery and toys,
bargains, bargains, bargains. I have
pool tables, a magnificent family horse,
harness and buggy. The horse is well
bred, stands 16 hands high, is coal
black, weighs 1,200 pounds, is between
5 and 6 years old, and perfectly sound,
and a 10-year old child can handle him
as she would a kitten. I have a special-
ty of auction sales and commission
business. Room 11, over Donaldson
hardware store, Arroyo building. If
not there—call No. 132, new telephone.

TRoublesome to the Army.

During the civil war, as well as in
our late war with Spain, diarrhoea was
one of the most troublesome diseases
the army had to contend with. In many
instances it became chronic and the old
soldiers still suffer from it. Mr. David
Taylor, of Wind Ridge, Green county,
Pa., is one of them. He uses Chamber-
lain's Colic, Cholera and Diarrhoea
Remedy and says he has never found any-
thing that would give him such quick
relief. It is for sale by all druggists.

PLUMBING in all its branches, Whitney Company.

SOME CENSUS TROUBLE.

Some of the census enumerators in
New Mexico have been caught up with
a short turn from headquarters in
Washington. Their salary accounts
have been suspended and the agricul-
tural and manufacturing schedules have
been sent back for correction and more
explicit information. These schedules
received scarcely any attention. In
most business industries known to be
in existence in 1890 and reported in the
census were not reported at all by the
present enumerators, and the census
office wants some explanation; wants to
know if they are now in business and if
not, why not? The instructions are to
make these corrections and get the ac-
counts started back to Washington by
the 15th instant, but this is not possi-
ble, as many of the enumerators re-
siding in isolated districts will not re-
ceive the return schedules until about that
date.

A HISTORIC PRESS.

Old Printing Machine Burned—Another
Sign of the Destruction of the City.
Among the machinery lost by the
Present Journal-Miner in the late fire
was an old linotype press, which had
been in the city since the first issue of
the Arizona Miner in 1884. It was pri-
vately owned by a man who had bought
it on account of its intrinsic value,
but on account of the historic associa-
tions connected with it, and its loss is
irreparable, as it cannot be replaced.
It was not the first piece of machinery
lost from that territory. It was the first
of its kind, and was the oldest press in
Arizona. Its advent was preceded by
an old army press in the southern part
of Arizona. It was a few years of a
paper were printed prior to the establish-
ment of the Arizona Miner.

The Journal-Miner says previous to
its being freighted to Prescott on which
to print the Arizona Miner, it was lo-
cated in New Mexico, where its history
can be traced back as far as 1852.

Another historic press which is linked
with early Arizona journalism is an old
Lincoln brand press that is in possession
of the Tombstone Prospector, and is
kept merely as a relic of pioneer days.
This press is accredited with being the
first printing machine brought to Ariz-
ona. It was freighted around Cape
Horn, and was used in printing the first
paper in Tucson as referred to above.
Later it was brought to Tombstone, and
is still there, and with little effort
could be pressed into service again.

Question Answered.
Yes, August here still is the best
time of the year to visit the city.
The world, your mothers and grand-
mothers never thought of using any-
thing else for indigestion or biliousness.
Doctors were scarce and they seldom
thought of using anything but nature's
remedy for indigestion, etc. They used
August Pilsner to clean out the system
and food fermentation of undigested
food, regulate the action of the liver,
and give the system a new and vigor-
ous action, and that is all they
took when feeling dull and bad with
headaches and other aches. You only
need a few doses of Green's August
Pilsner to make you feel like a new
man. There is nothing sadder the mat-
ter with you. For sale by J. H.
O'Reilly & Co.

A MINING COMPANY.

Several Citizens of Las Vegas Interested in
Artesian Mine.
This is the period for mining develop-
ment and our Las Vegas friends are
looking out in all directions for new en-
terprises, says the Optic. Among the
latest and most important is the Artesian
Copper Mining company, with the prin-
cipal office in Las Vegas, N. M., and
branch offices at Phoenix, Ariz., and
Chicago, Ill. The officers of the corpora-
tion are as follows:
W. H. McCormick, president; G. Ed-
ward Dunbar, vice president; Kalamazoo,
Mich.; T. B. Mills, Las Vegas, secre-
tary; W. J. McKay, Chicago, treasurer;
J. W. V. Long, this city, general at-
torney.

The property of the company are lo-
cated in the Santa Rita mountains,
twenty-five miles from Tucson, Ariz., in
the Pima county district. The prop-
erties have been patented for several
years, and there has been much devel-
opment work done, and substantial im-
provements. In car load lots the ore
contains as high as 25 per cent copper and
the mines are estimated as being very
rich. The policy of the company has
been more for development than honest
gain, with the result that a large
amount of valuable ore is in sight.

Story of a Slave.
To be bound and foot for years
by the chains of disease is the worst
lot of slavery. Of Green's August
Pilsner, of Manchester, Mich., tells how such a
slave was made free. He says: "My
wife has been so helpless for five years
that she could not turn over in bed
alone. After using two bottles of Elec-
tric Bitters, she is wonderfully im-
proved and able to do her own work." This
supreme remedy for female diseases
quickly cures nervousness, sleepless-
ness, melancholy, headache, backache,
fainting and dizzy spells. This miracle
working medicine is a godsend to weak,
sickly, run down people. Every bottle
guaranteed. Only 50 cents. Sold by
J. H. O'Reilly & Co., druggists.

JAW OF ROBBER SHOT OFF.

On Monday The Citizen published a special dispatch, dated from Socorro, giving a few details about the holdup and robbery of a mining company's store at Graham, and the subsequent pursuit of the robbers by Deputy Sheriff W. K. Foster and posse, in which one of the robbers was shot and killed. The particulars of the holdup and the exciting battle with the robbers are published below:

Graham, N. M., Aug. 11.—The store of the Helen Mining company here was the scene of a daring holdup Thursday afternoon, conducted by three men whose identity is unknown at this time. It was about 3:30 o'clock when three men, dressed in cowboy garb, rode hurriedly up to the store of the Helen Mining company and dismounted. It was noticed that they were armed with pistols. With Winchester and six-shooters. One of the men was left to hold the horses, while the other two walked into the store for the purpose of making a haul. The store was a small building, and the robbers entered without any resistance. They were sitting in front of the store building at the time, and his attention was attracted to the actions of the robbers. He saw them enter the store, and he saw them take the money. JAW OF ROBBER SHOT OFF.

On Monday The Citizen published a special dispatch, dated from Socorro, giving a few details about the holdup and robbery of a mining company's store at Graham, and the subsequent pursuit of the robbers by Deputy Sheriff W. K. Foster and posse, in which one of the robbers was shot and killed. The particulars of the holdup and the exciting battle with the robbers are published below:

Graham, N. M., Aug. 11.—The store of the Helen Mining company here was the scene of a daring holdup Thursday afternoon, conducted by three men whose identity is unknown at this time. It was about 3:30 o'clock when three men, dressed in cowboy garb, rode hurriedly up to the store of the Helen Mining company and dismounted. It was noticed that they were armed with pistols. With Winchester and six-shooters. One of the men was left to hold the horses, while the other two walked into the store for the purpose of making a haul. The store was a small building, and the robbers entered without any resistance. They were sitting in front of the store building at the time, and his attention was attracted to the actions of the robbers. He saw them enter the store, and he saw them take the money. He saw them take the money, and he saw them take the money.
