WANT PEACE!

Pekin Officials Ask
for Terms.

Russian Force Moving on
Chinese Capital.

Count Von Waldersee, of Germany,
Commander of Allied Army.

ANOTHER MESSAGE FROM CONGER.

London, Aug. 10.—An editor, emanating from Pekin, authorizing Li Hung Chang to negotiate with the powers for peace, has, it is reported from Shanghai, been received there.

The correspondents at Yokohama again send out the statement that a Russo-Japanese force is moving on Pekin from the north. Their movement, it is further asserted, have been kept secret in order to prevent the fact from reaching Pekin.

The French consul at Shanghai says that 3,000 Annamite troops will arrive there next week for the protection of the French settlement.

The Chinese merchants at Shanghai have petitioned the foreign consuls to prevent the landing of troops, declaring that it will create a panic among the Chinese.

Li Ping Heng, the former governor of Shan Tung, personally commanded 15,000 Chinese at Yang Tzu.

The Chinese officials at Shanghai say that seventeen platoons and brigades were beheaded at Canton on Aug. 8.

A dispatch from Berlin says that Emperor Francis Joseph and King Victor Emmanuel III. telegraphed Field Marshal Count von Waldersee, congratulating him on his appointment to the chief command of the allied troops in China.

Field Marshal von Waldersee, it is announced, will sail on Aug. 21 or 22 from an Italian port and go to Shanghai first.

DESPATCH FROM CONGER.

Foreigners will not leave Pekin under Chinese escort.

Washington, Aug. 10.—Minister Wu this morning received a cablegram of about one hundred words from Minister Conger which he delivered at the state department, where considerable time was taken in deciphering it. The text has not been given out but has been forwarded to the president at Canton.

It is substantially a duplication of the message from M. Pinchon, the French envoy at Pekin, which was published yesterday, and indicates that eight foreign ministers at the Chinese capital have agreed to send a duplicate message to their respective governments. The only new feature of Conger's message is a list of American casualties. It reports seven killed and sixteen wounded. Captain Myers and Surgeon Lippitt are among the wounded. The wounded are doing well.

No action will be taken on the Conger message until the president is heard from. It is said at the state department that under present conditions, Conger and other Americans will be advised not to leave the Chinese capital with a Chinese escort, as all ministers seem agreed that such departure would be extremely dangerous.

TEXT OF MESSAGE.

Minister Conger's Message to the Secretary of State.

Washington, Aug. 10.—The state department made public this morning the following telegram from Minister Conger, received by Minister Wu late last night (August 9) being contained in a telegram sent him by the tao tai of Shanghai: "Secretary of state, Washington. The Chinese capital, Peking, has been captured by several foreign governments that have repeatedly asked that we immediately depart from Peking under suitable escort. The Yamen asks us to leave the city for our departure, and make necessary arrangements to do so. Our reply is that we will seek instructions from our governments, and that in the absence of such instructions we cannot quit our post. I must inform you that in order to insure our safe departure, foreign troops only can

safely escort us, and they must be in sufficient force to safely guard out 800 foreigners, including 200 women and children, as well as 2,000 native Christians, who cannot be abandoned to certain massacre. We cannot accept a Chinese escort under any circumstances. All my colleagues are disapproving the foregoing to their respective governments. Of the American marines, seven have been killed, and sixteen wounded, among the latter are Captain Myers and Doctor Lippitt, who are getting along well.

This message is undated, but is supposed to have been sent on or after the 5th of August, when the imperial edict removing the prohibition against the ministers sending out other messages was received by the Tsung Li Yamen.

TEXAS DEMOCRATS.
Waco, Texas, Aug. 10.—The democratic state convention immediately after convening, took up the amendment to the free pass plank in the platform, which was introduced by ex-Governor Hogg last night and adopted. A motion was carried to reconsider the vote and a roll call vote was ordered.

The amendment was passed the second time by a good majority, and although of only local interest, it tended to allay the feelings of the Hogg men, who were turned down by the rebuke of the ex-governor last night. Governor Hogg apologized for his harsh language to the convention.

Commander of Allied Army.
Washington, Aug. 10.—It is authoritatively stated that the United States government will accept Count Waldersee as the commander of the international forces in China, if the necessity exists at the time of his arrival in that country for the international forces to begin a campaign.

During the evening of the 7th the Chinese assumed the offensive on both our flanks. They were driven off with great loss. Renkump has been reinforced with infantry, cavalry and artillery. The railroad north of Tash Tiao is in the hands of the Chinese, who destroyed the station at Hai Cheng on August 4, and damaged the line. Hai Cheng was recaptured after a desperate fight. MOONLIGHT MAY RIDE.
Merry Crowd of Young People Enjoyed Themselves Last Night.

A jolly crowd of young people enjoyed an old fashioned hay ride last evening. They first drove out on the mesa several miles, where they carved several large waltzes and eagerly danced to them. It being quite windy on the mesa, they returned to town and drove through the principal streets. Hay throwing was indulged in to a great extent, and everyone said they had enough hay to last them for some time to come. Altogether everyone had a most delightful time. Among those who had seats on the hay frame were: Mr. and Mrs. Fred Marshall, Mr. and Mrs. Harry Lee, Mrs. E. M. Dwyer, Misses Scroggs, Tasher, Lizzie and Lou Hughes, Hunt, Barth, Kellogg, Mitchell, McClintock, Lewinsson, Saint, Messrs. DEATHS FROM HEAT.

Chicago, Aug. 10.—The executive committee of the populist party to-day decided to call a meeting of the national committee in this city on August 27, when the question of filling the vacancy on the presidential ticket occasioned by Bryan's declination of the nomination for vice president, will be disposed of. The committee has issued the following address:

"To the members of the People's Party—Greetings. The executive committee of the people's party takes this method of expressing to you its gratification on account of the absolute harmony which exists between the allied parties. There is no discord anywhere. On the contrary, a commendable spirit of rivalry exists between the democratic, populist and silver republican as to who shall make the best record in support of our unrivaled leader, William J. Bryan."

We have not felt authorized to fill the vacancy on our ticket occasioned by the declination of Charles A. Towne, and have called the national committee to meet in this city on August 27, 1900. "We trust there may be a full attendance of the committee. Meanwhile, rest assured no discord will grow out of the vice presidential situation."

The members of the committee stated that Mr. Stevenson will be endorsed by the full committee when it meets.

EMBEZZLER NEELY.
Trying to Keep Him from Being Extradited from Cuba.

New York, Aug. 10.—John D. Lindsay, counsel for Charles F. Neely, accused of an embezzlement of Cuban postal funds, against whom there has been proceedings for extradition to Cuba, said to-day that he made application to Judge Wallace, of the United States court at Albany, yesterday, for a writ of habeas corpus for Neely. This Judge Wallace denied. "Judge Wallace did, however," said Lindsay, "allow an appeal to the United States supreme court and issued an order directing the marshal to keep Neely here pending an appeal. The appeal will be argued next October. We have simply raised the constitutional question," said Lindsay.

BIDS FOR ARMOR.
Two Big Steel Firms Combine on Their Bids.

Washington, Aug. 10.—At the opening of bids of the navy department for armor plate, the Bethlehem and Carnegie companies submitted identical bids, each for about 15,000 tons of the 36,000 tons advertised for, at \$100 for thick armor and \$11.20 for thin. The only other bid was from the Midvale Steel company, which proposed to furnish the whole amount of armor, without charging any royalties, on a sliding scale from \$48 up. This company is unwilling to contract for less than 20,000 tons.

Deaths from Heat.
Chicago, Aug. 10.—Up to 11:30 to-day three deaths were reported as the result of the continued and excessive heat. At 11:30 the government thermometer registered 90 degrees.

National Republican Ticket

For President—
WILLIAM MCKINLEY,
OF OHIO.
For Vice President—
THEODORE ROOSEVELT,
OF NEW YORK.

McKinley's letter of acceptance is a mass of borrowed platitudes.

The Democrats cannot find a man who can defeat Mr. McKinley for a second year.

El Paso has organized a chamber of commerce and will publish public enterprises.

Colorado may surprise people by giving a republican majority. Everything points that way.

The Optic announces that F. A. Manzanera will not be a candidate for congressional delegate.

There is liable to be more trouble at Las Vegas. The Optic compares Tom Catron to Grover Cleveland.

The largest crowd of people ever assembled in New Mexico may be seen in Albuquerque during the territorial fair in September.

London is putting in its own telephone system and expects to furnish 40,000 subscribers at nominal prices. The cost is \$5,000,000.

A considerable number of missionaries are coming back from China. There is, however, plenty of work for them in this country.

The Optic reports a mysterious midnight duel in Santa Fe. This must be a mistake. No one in Santa Fe ever stays up till midnight.

A man named Ajax is running for office on the prohibition ticket in New Jersey. It is easy to imagine the sublimity of the spectacle of Ajax defying the Jersey lightning.

Chicago packers have been asked to furnish nearly 1,000,000 pounds of meat for the American soldiers in the Philippines and China, which means an expenditure of nearly \$250,000.

President Stillwell, of the projected Kansas City, Mexico & Orient road, is in Chicago. It is said that Mr. Stillwell hopes to raise \$100,000 a day while there to push the construction of the line.

The "Red Shirt" companies, which have just succeeded in downing the negro in North Carolina, will enter their organization throughout the campaign, in order to swell the demonstrations to be made by the Bryan marching clubs.

John J. Woolley and Henry B. McCall, the candidates for president and vice president on the prohibition ticket, will travel across the United States and back on a special prohibition tour. The special will start from Chicago early in October.

Three new newspapers will appear in New Mexico this week. One at Red River City, in Texas county; one at Wagon Mound, and one in Rio Arriba county, near Espanola. All three are to be republican in their sentiments and will work for the success of the republican party.

The total population of the United States will be known within the next thirty days. Fifty-three thousand enumerators were employed in taking the census, and the returns from more than half of them have been counted, the remainder being disposed of at the rate of 2,000 per day.

Bankers say the ruling will have little effect here, owing to the absence of foreign banknotes, which are used as a medium of exchange. In the case of Mexican money, which is bought and sold according to the day's market, a commodity, not being used as money of general circulation, the law does not apply. In case Mexican money was set par with the United States gold, so it once was, then the banks would be compelled to pay the required per cent.

The lowest fare across the plains ever made under any circumstances has just been agreed upon as the rate from Chicago to Ogden for government troops by the way of the Chicago & North-western route. The rate is only 12 cents, or as low a figure as that, and make money, the public has a right to demand that the ordinary passenger be given better terms than those now in force.

AN HISTORIC PARALLEL.

The Kansas City Star says that a democratic campaign out of no less name than George Fred Williams, of Missouri, has made bold proclamation from the stump that the Filipinos are now fighting in the hope that the democrats will be successful in November. At Buffalo, he characterized the operations of the United States military in the Philippines as "murderous."

In Kansas City pamphlets have appeared in aid of the democratic cause which were issued by the Filipino central committee, and which call upon the Americans to stop the "unspeakable horror" of the war in the Philippines. That such protests should be made against the authority of the United States in a part of its domain which it holds by the triple right of conquest, of purchase and treaty enactment, is

EVERYTHING MOVING SMOOTHLY.

NEW MEXICO'S ANNUAL FAIR.

The New Mexico fair, which is held every year in Albuquerque, will be opened on the 10th of next month and continue five days. It will be the greatest fair ever held in that part of the southwest, and extensive preparations are now being made for the entertainment of visitors.

This annual exposition of the products of New Mexico and Arizona has become one of the features of the southwest, and it provides a way by which the resources of that section can be presented in an instructive and attractive form.

It is one of the few annual entertainments of the kind that have been successful. It was started in the spring of 1881 by a few men, most of whom lived at that time in the old adobe town of Albuquerque, which was the chief place before the new community of the same name was established near the railroad. The first fair was held in the autumn of that year, and it was so successful that the people determined to repeat it in the ensuing year.

Since then all the territory has been acquired in the annual repetition of the fair as representative of New Mexico's interests.

Opportunity is given to meet prominent people from all parts of New Mexico and northern Arizona, and Denver men desiring a closer acquaintance with the affairs and the people of the southwest would find a visit to the New Mexico or Albuquerque fair a profitable venture.

The fair to be held in this city next month promises now to be the greatest ever held here, and will undoubtedly attract thousands of visitors. In fact, the people of the entire southwest are preparing to come, and the people of Albuquerque must prepare to receive and entertain them in a proper manner.

The amusements of the week will undoubtedly be more numerous and attractive than ever before in the history of New Mexico fairs. Base ball and numerous sports, besides attractive specialties, by some of the best talent in the United States, will add to the pleasures. Good sport is assured, and the people will be well prepared and all visitors will go away thoroughly pleased.

Before September the Advertiser will give the full program of events, as officially announced, and all who have not opportunity to arrange their visits as will best suit their tastes.

The best plan, however, is to come for the first day and stay for the week—Industrial Advertiser.

WANT EL PASO HANDICAPPED.
A New Mexico base ball fan in an open letter to the management of the Territorial fair association at Albuquerque, says:

"Dear Sir:—In conversation with a number of citizens about the coming fair, I have come to the conclusion that the best entertainment in town would be to have as much interest as any other feature, and possibly more. It is now almost a certainty that a number of outside clubs will enter to compete for the championship of this section, as one very much interested, I would offer the following suggestions:

"First—That none but residents of El Paso be allowed to play with that team; none but residents of Arizona be allowed to play with the Arizona team and all the New Mexico teams be made up of citizens of this territory.

"Second—That each city be allowed but one team as their representative, and that there have been a number of 'James Crow' teams entered and have knocked the interest and attendance. Nobody wants to see a farce.

"Third—That the prize be done away with and added to the first.

"Please understand, Mr. President, this is not done as a dictation, but merely as a suggestion, having the interest and welfare of the city and the Territorial fair association at heart."

A Mother Tells How She Saved Her Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicine. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Cough, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines ever used in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering. Yours truly, Mrs. George F. Burdick, Liberty, N. I. For sale by all druggists.

LAS VEGAS.

From the Optic.

Church pews will take the place of the chairs formerly used in the Jewish temple.

Young Altkinn, who is seeking pastures new, is said to have been bounced from a freight train near Watson by the conductor Saturday night.

Tom Blauvelt charged a close-fisted stranger the usual price for a shave the other day, whereupon the inquiry came, "Are you running a hold-up game here?" "No," retorted Tom, "we are doing a skin business."

Miss Carrie Tuttle, who was elected Monday night as a teacher in the city schools, will have the position made vacant by the resignation of Miss Lora Davenport, not the one formerly held by Miss Jennie Gillespie.

Dr. J. A. Hamilton, writing from Colorado Springs, Colo., No. 430, says: "I have been a patient of your practice for some time, and I am very much pleased with the results of your treatment. I am now feeling much better and am able to resume my usual work."

The Optic has been assured by parties who ought to know and who must be believed, interested parties though they be, that the Humanitarian home is assured to Las Vegas. The great capitalist and broker, J. H. Haverly, of Trenton, N. J. is said to have just closed up \$50,000 of the stock at par, which, together with the other sales, make up a total fund of \$100,000, with which to start operations.

Armed robbery, which is an inmate of the county jail in default of \$300 bail for forging a check, on complaint of E. D. Reynolds, now has another charge booked against him for the same offense. Notwithstanding about 6:00 o'clock, he ordered \$12 worth of beef sent out to the residence of Antonio Baca from T. W. Hayward's, presenting in payment for the same that gentleman's check for \$40 made out to Rosendo Lopez, a name assumed by young Ortiz, and getting back change to the amount of \$28.

No throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. One 15-cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

The quicker you seek a cough or cold the less danger there will be of fatal lung trouble. One Minute Cough Cure is the only harmless remedy that gives immediate results. You will like it. Berry Drug Co. and Cosmopolitan drug store.

Very Unusual

It is very unusual for a regular physician of good reputation to publicly endorse a proprietary remedy. We have often heard of cases where doctors have secretly prescribed Acker's English Remedy, but it is most gratifying to receive the following voluntary letter from C. F. Smith, M. D., the most successful physician of Olean, N. Y.:

"Messrs. W. H. Hooker & Co., New York City: I wish to add my professional testimony to the value of your English Remedy known as Acker's English Remedy for Asthma, etc. In several instances, after I have tried my utmost to give even relief, I have prescribed your remedy, and it has acted almost like a miracle, not only relieving, but permanently curing every one of the patients. I endorse the preparation as one of the most valuable additions to the practice of medicine."

Such a frank endorsement as the above is phenomenal. Coming from so distinguished a member of the medical profession, it carries with it an assurance which the public will be sure to avail themselves of. It is recommended like this which make it possible to give the broad guarantee that is a part of every sale of Acker's English Remedy for Coughs, Colds, Asthma, Bronchitis and Consumption. It must either do all that is claimed for it, or your money will be refunded. Do you know of any other medicine sold on these terms? Do you know of any other medicines which prominent doctors regularly prescribe in their own practice as being better than prescriptions they write themselves? These facts are well worth considering. They are of especial interest to those with sore throats and weak lungs.

Sold at 25c. per bottle, throughout the United States and Canada, and in England at 10s. 6d. per bottle. If you are not satisfied after buying, return the bottle to your druggist. Your money back.

RAYMER IN DEMAND.

Base Ball Reading Over His Case—He is Second Baseman Fred Raymer, suspended some time ago by the Sioux City management, arrived in Denver yesterday morning and in the afternoon left for Pueblo, to finish the season with the Pueblo team. The negotiations that led to the signing of Raymer by the Denver management have caused trouble between Manager Tebeau, of this city, and Manager A. H. Beal, of Sioux City. The Denver man believes that the other was trying to hold him up on the player, and the dispute was referred first to President T. J. Hickey, of the Western league, and then to President Young, of the National league. The dispute arose over the claim that Manager Beal had agreed to one price for Raymer's release and when that was accepted had raised his price. When Tebeau came to look for a refund, he found that the other was trying to hold him up on the player, and the dispute was referred first to President T. J. Hickey, of the Western league, and then to President Young, of the National league.
