Latest from Minister
Conger in Pekin.

All Mission Property in
China Destroyed.

Big Battle Expected To-Morrow
with Chinese on Way to Pekin.

RUSSIANS DEFEAT THE CHINESE.

New York, Aug. 4.—A message from
Minister Conger, dated July 25, has ar-
rived at the State department. The
message says that the Chinese have
destroyed all mission property in
China. It also says that a big battle
is expected to-morrow with the Chinese
on the way to Pekin.

RUSSIANS DEFEAT THE CHINESE.
Allied Army Expected to Meet the Chinese
in Battle To-Morrow.
London, Aug. 4.—Nothing direct from
the allies operating beyond Tien Tsin is
to hand, but a news agency dispatch
from Shanghai to-day says that a
battle is expected on Sunday with Gen.
Ma's 10,000 Chinese at Yan Tsin. The
Russian and French contingents, ac-
cording to this dispatch, are guarding
the communications of the Americans,
British and Japanese, who form the ad-
vancing column. A courier from the
Japanese legation brings a dispatch,
dated July 23, saying that but five days
provisions were left, and twenty-five
rounds of ammunition for each man.

JOINED THE BOXERS.
Imperial Troops at Canton Joined the
Chinese Rebels.

St. Petersburg, Aug. 4.—A dispatch
from Shanghai, dated Aug. 2, was re-
ceived here to-day, and says that after
Li Hung Chang left Canton the imperial
troops joined the Boxers.
The dispatch adds that the provision-
al troops along the Yangtze river re-
main quiet, owing to the promise of the
viceroy of Nanking to the foreign con-
suls. The Boxers, it is further stated
in this dispatch, are murdering mission-
aries in southern China, but are not
disturbing the treaty ports. Troops
are being secretly brought to the treaty
ports.

The batteries on the Yangtze river,
the dispatch says, are being repaired
and new ones ordered at Wu Sien, de-
spite the declaration of the viceroy that
work would be stopped and five guns
have been mounted. The dispatch ac-
cused the British of a secret under-
standing with the viceroy in accounting
for the indifference of the British fleet
to the strengthening of the Chinese for-
tifications at Wu Sien.

Prohibit Passes.
Ottawa, Ont., Aug. 4.—An order in
council has been passed prohibiting the
issuance of passes to immigrants and de-
stitute persons at any port in Canada.

Mail to China.
Washington, Aug. 4.—The war de-
partment desires it known that mail in-
tended for the United States soldiers
in China should be addressed with full
name of soldier, his company and

regiment, with the words: "China, via
San Francisco." In the case of mail
officers and civilians with the army, the
same means should be employed.
All regular China mail routes having
been suspended, the government has
been obliged to devise a service of its
own, using army transports as far as
possible.

Gene Fishing.
Washington, Aug. 4.—Minister Wu
called at the state department this
morning and presented to Acting Secre-
tary Adee a copy of a cablegram re-
ceived from his government relative to
the transmission of messages between
the foreign ministers at Pekin and their
respective governments. It is under-
stood that this was simply a copy of the
notification already served upon the
French consul at Shanghai that the
tongue of the Chinese minister at Pekin
was to be exchanged. No other
messages to be exchanged. Wu has
gone to Cape May.

Indictment Found.
Chicago, Aug. 4.—The grand jury to-
day voted a true bill against Lloyd J.
Smith, former manager of the Chicago
Elevator company, and a member of the
Chicago board of trade, charging him
with fraudulent methods of man-
agement.

Big Fire.
Ashland, Wis., Aug. 4.—A disastrous
fire is burning this afternoon at the
lumber yards and docks. Over a quar-
ter of a million dollars damage has al-
ready been done.

SAFETY OF MINISTERS.
Chinese Officials Claim to be Acting in
Good Faith.

Washington, Aug. 4.—Minister Wu
this morning lauded the acting sec-
retary of state for the following telegram
from the Tao Tai, of Shanghai, dated
August 2, received by Mr. Wu on the
evening of the 3d: "Foreign ministers
in Pekin are all safe and well. Re-
cently vegetables, fruit and provisions
have been repeatedly supplied to them.
Relations most friendly. At present
consultations are going on for protec-
tion of the various ministers going to
Tien Tsin for temporary shelter which
will soon be concluded satisfactorily,
but, as fighting is going on at Tien
Tsin, it is inexpedient that cipher tele-
grams should be sent. Different con-
suls have been notified so they may in-
form their respective governments.
Please inform foreign office. Besides
serving other governments I transmit
the above to you. YU LIEN YUEN."

Russians Defeat Chinese.
St. Petersburg, Aug. 4.—General
Drozdoff sent the following dispatch
to the war office:
Khabarovsk, Aug. 3.—Two columns
from Bhagovotich crossed over the
Amur river at 3 a. m., under Colonel
Schervin and Scherkinoff, and attack-
ed the Chinese troops and took the town
of Schulpin.

The steamer Silenka suffered severely
from rifle fire. The Trans-Siberian de-
partment under Colonel Posenbater,
bombarded Alguin with twelve mortars,
and the Chinese replied. One officer and
five men were killed and fifteen men
wounded. Four armored steamers are
patrolling the Amur.
A telegram received to-day from the
engineers at Offenberg, dated Kargi-
Kumsk, Gassimur, Trans-Baikal Prov-
ince, Aug. 1, says:
In the retreat to the frontier, the
agents, workmen and guards were sur-
prised and bombarded by the Chinese
in the Chingun passes. Three guards
and one workman were killed, and
twenty workmen fled to the mountains,
none of whom have returned.

Boer Prisoners.
London, Aug. 4.—Lord Roberts tele-
graphs the war office that General
Hunter reports, 2,348 men have surren-
dered to him altogether.

The President.
Canton, Ohio, Aug. 4.—President Mc-
Kinley returned this morning.

BOER PRISONERS!

Gen. Hunter Has Sev-
eral Thousand.

Boers Capture Train with
American Consul.

Reported Death of Gen. Dewett
from a Shell Wound.

STORM ON ENGLISH COAST.

Pretoria, Aug. 4.—There are 2,500
Boer prisoners in General Hunter's
camp, and 1,500 prisoners and nine guns
in General Jan Hamilton's camp. There
were about a thousand in the Caledonia
valley originally, but some refused to
accede to General Prinsloo's sur-
render and slipped away in the night.
These have now sent to, asking terms
of surrender. It will take some days to
ascertain the exact number. The Boers
who excuse themselves for not fighting
say they are in a hopeless position. The
ravines were crowded with wagons
which were stuck in the most danger-
ous spots in the roads, which were
blocked for twenty miles.

Boers Burn Train.
Bloemfontein, Aug. 4.—A train on
which were United States Consul Stone
and over which was flying the Stars
and Stripes, has been derailed and
burned at Honingpruit, south of
Kroonstad, by a flying patrol of Boers.
No prisoners were taken.

Sharp Engagement.
London, Aug. 4.—Lord Roberts cables
that Gen. Ian Hamilton, continuing his
movement toward Rustenberg, engaged
the Boers in the Magiesberg range on
Thursday. Lieutenant Colonel
Rhodes and Major G. A. Williams, were
among the forty-one British wounded.
Thursday night a train was derailed
and attacked twenty miles south of
Kroonstad, four men being killed and
three wounded. Lord Roberts' letters
and forty men were made prisoners,
but were released at the request of the
American consul general, who was on
the train. The Boer force was at-
tacked by General Knox near Kroon-
stad on August 1, and was routed. A
dispatch from Pretoria dated August
4, to the news agency here, says:
"It is reported that Gen. Christian De-
Wet is dead from a shell wound. The
report is not confirmed."

Accident in Switzerland.
Majesty, Switzerland, Aug. 4.—P. F.
Way and son and thirteen other Amer-
icans, accompanied by Mr. De La Rue,
an Englishman, climbed Chimadrossa
peak without a guide yesterday. Near
the summit Mr. Way slipped on a stone
and fell over the precipice. The rope at-
taching him and his son broke and they
were killed.

Storm in England.
London, Aug. 4.—Channel traffic has
been interrupted to-day by a gale. The
Welsh coast is strewn with wrecks.
Telegraph wires in Great Britain and
over half the continent are partially
down.

MINER SERIOUSLY HURT.

Employee of Asure Mining Company In-
vestigates a Falling Roof and Injured.
Baptista Montoya, a miner working
for the Asure Mining Company, at the
Burros, had a narrow escape from death
on Tuesday, says the Silver City In-
dependent.

In the pursuit of his work he had de-
scended to the third level in the mine
and he was walking along when he
thought he discovered a loose place in
the roof. He tipped it with his pick
and it fell, burying him beneath a mass
of dirt and stones.
His head was pretty badly cut, but
he must have fallen on some sharp cor-
nered rock as he sustained internal in-
juries which complicated the perfor-
mance of an operation at the hospital.
Manager E. J. Franz, of the Asure
Mining company, had Montoya brought
into the hospital immediately after the
accident, and is seeking to it that he
has every care possible.
It is one of those cases where no one
is to blame, and the accident is apt to
occur to all miners. In fact, in this
particular case, Montoya was lucky to
escape with his life. He is resting easy
after the operation, which was per-
formed by Doctors Williams, Hagen
and Lane.

MRS. MARY E. TEATS.
Lectured on "Progressive Civilization" at
Congregational Church Last Night.
Mrs. Mary E. Teats delivered her lec-
ture, "Progressive Civilization," at the
Congregational church last night, and a
large crowd attended. In discussing
the anti-entire bill, wherein the Wo-
men's Christian Temperance union in-
dies seem to be offended at President
McKinley, Mrs. Teats said:
"I am sorry to say that the highest
magistrate in this government has not
high conviction, or if he has them, he
has not the courage to stand by them."

Although petitioned by every Christian
denomination in this country, the
W. C. T. U., the Y. M. C. A., and the Y.
W. C. A., has steadfastly refused to
give his signature and support to the
anti-entire bill.

Further on in his lecture, Mrs. Teats
made "the broad assertion that the
army canteen has brought more men to
their graves than the shot and shell of
the Philippine war. Also, that com-
pared with 1898 worth of beer sent over
to the Philippines from this country in
1897, there was \$100,000 worth trans-
ported in 1899, to civilize the poor natives."
was sarcastically added. Again, that
against 300,000 Christian Armenians who
died for the sake of their religion at the
hands of the Turks in three years, dur-
ing the same time 44,000 men were sent
to drinkards' graves in the Christian
nation of the United States, brought
about by the notorious traffic in alcohol
and abetted by the government. What we
need," continued Mrs. Teats, "is not
sixteen ounces of silver to one of gold,
but sixteen righteous God-fearing men,
not afraid to stand by the cause of
their convictions, to one rascal."

Mrs. Teats left this morning for Las
Vegas, Mrs. W. D. Lee and Mrs. John
Butler being at the depot to see the lady
safely on her train.

FAIR NOTES.
A Few Interesting Paragraphs—Base Ball
Clubs Gather.

Posters announcing the events to be
seen at the big fair to be held here from
September 15 to 22, are being distrib-
uted throughout the territory. Several
thousand letter heads, envelopes and
small posters—all for mail-
ing purposes—were distributed among
the merchants yesterday. Truly the
coming fair is getting a big boost.
The coupon voting contest is moving
along nicely, and Mr. Matson makes
that the names of more candidates for
the "Queen of the Carnival" were de-
posited in the box this morning. Pre-
pare your ballots and leave them at the
score of O. A. Matson & Co.
The executive committee of the fair
will hold an important meeting at the
city building Monday night, when the
drawing of the grand stand will be ex-
amined, and bids for its construction
advertised for. The committee at this
meeting will probably arrange the list
of prizes and medals to be given for the
events at the fair, and will also take
some action regarding the privileges to
be disposed of.

The Browns base ball club, under the
captaincy of Roy McDonald, will have
next Saturday morning for El Paso,
where they will play Saturday and
Sunday afternoon. It is understood
that the El Paso boys who are being
handled by Manager John Jacoby
will take part in the base ball tourna-
ment at the approaching fair and are
practicing up in fine style. It is also
learned that Silver City, Deming, Santa
Fe, Gallup, Winslow, Williams and pos-
sibly Las Vegas and Flagstaff, will also
have teams entered for the tournament.
The fair committee will announce the
purposes and terms to govern the tourna-
ment in a few days.

bert, Had an Accomplish.

WEEKLY BANK STATEMENT.

Phoenix, Ariz., Aug. 4.—Several new
railroads are projected or in course of
construction in this territory. One of
the most important projects under
consideration is the extension of the
Arizona Copper company's line, 72 miles
from Clifton to Lordsburg, N. M., to
Deming, and perhaps El Paso. An-
nouncement has been made of the con-
struction of a railroad from Selman
to Hildridge, the seat of the mines in
northern Arizona, and the road
may be continued to San Diego,
Cal. It is rumored that the new railroad
is to reach the Grand Canyon of the
Colorado by an extension of the Rio
Grande into Utah, thence to Williams,
Ariz., and the Grand canyon. The road
would join the Santa Fe at Williams.
J. H. Bennett, assistant of the presi-
dent of the Santa Fe, Prescott & Phoenix
Railroad company, states that sur-
veys are in the field to survey the
extension of the Prescott & Eastern
from Mayra to the Green King mines
in the Fredshouse mountains, about 40
miles.

Had an Accomplish.
Monza, Aug. 4.—It is now believed
that the shoemaker, Nicolini, of Monza,
was Bresci's accomplice. Nicolini dis-
appeared, but telegraphed Bresci on
June 20, announcing his departure.

States army, with an escort of fifteen
men was attacked on August 1, on the
road between San Miguel de Mayum,
Luzon, P. I., and San Isidro, P. I., by
an armed band of insurgents reported to
be 250 strong. The entire party was
killed, wounded or captured.

"Lobster," as a term of derision and

The population of Louisville, Ky., ac-
cording to a census of the returns of

27.6 per cent. The increase between
1880 and 1890 was 30,200 per cent.

CART LOADS OF GOLD.
Recent examination shows that the
tower of Babel, like many other national
monuments, had been restored after
the lapse of centuries. According to the
most recent theory, this restoration was
undertaken in the sixth century B. C.
by Nebuchadnezzar, the original build-
ing having been erected forty-two gen-
erations previously.

This would give as the date about 2000
B. C., which coincides fairly with the
Biblical chronology. The founda-
tions or vaults, below the actual base
of the building, which is placed at
Chapman, about sixty miles from Bab-
ylon, have been measured and shown to
be about 600 feet wide.

Upon this foundation a building about
700 feet high was placed, and from this
rose the tower, composed of seven
stories or floors, culminating in a tem-

height.

seeks to destroy instead of to build up.
It is preposterous to believe that a
young man in New Mexico, who will re-
main in this country and who intends
to make his living in New Mexico, or
neighboring states will vote for a party
of the nation, in his native home, as
yet anything for New Mexico except
to plunder it. The young man who will
give thought to the principles and the
history of the two parties will certainly
vote the republican ticket this fall un-
less he desires to see himself go back-
ward with the country. The republican
party stands for everything that the
patriotic young man stands for, and
why should he not give it his vote?

WILL LOOK FOR A DIVIDEND.
Holders of Santa Fe common stock
may with all certainty look for a divi-
dend during the fiscal year just entered.
The magnificent showing of the
past fiscal year, which records an in-
crease of over five million dollars in the
entire history of the Santa Fe road—in-

stock dividend on a 5 per cent basis,
and the commencement of dividend
paying on common stock.

THE BRITISH SOLDIER.
It is said that the British soldier
wears such tight clothing that his in-
ferior organs are often seriously injured.
This, when on the march his chest is
compressed by the weight of his knap-
sack, canteen, great coat and heavy
cartridge belt. Usually the stomach is
the first organ to suffer from overtax-
ing of any nature. Overwork, abuse,
neglect or improper food is found to
produce dyspepsia and its attendant
evils. For any disorder of the diges-
tive organs Hostetter's Stomach Bitters
should be taken. This famous medicine
will cure all ailments of the stomach.
Try it for constipation, indigestion,
flatulency, dyspepsia, nervousness, in-
stability, the weak stomach, and an
occasional dose will keep the bowels
regular.

clear passenger business now is unprece-

for a considerable time. Almost
all of the coaches at hand are being
used in handling the revenue traffic.
Railroad men estimate that the attend-
ance of out-of-town persons in Chicago
in enunciation week will be between
50,000 and 60,000. The demand for
coaches necessarily will be very great,
and the superintendents, who are ex-

the passenger agents, are wondering
where they are going to get enough
cars.

INDESIABLE FOREIGNERS.
Kidding Custom House Officers and Cross-

United States Marshal C. M. Parker
states that he has received information
that a number of property-stricken foreig-
ners, who are huddled together at certain
points along the Mexican border, are
coming over into the United States in
good sized gangs, and many of them
are now hiding in some of the south-
ern counties of New Mexico. Marshal
Parker states that he is powerless to
prevent these undesirable people from
crossing the frontier line, this duty
belonging to the customs house officers.
The government should station a suffi-
cient number of officials along the border
to prevent these immigrants, who are
from the south of their own country and
non-Mexico does not desire them, from
coming into the United States.

Says It Has Absorbed the El Paso & Northern.

According to information from Chicago, the home of the Rock Island, that road has closed a deal that makes the El Paso & Northern a part of the Rock Island system. A special from Chicago to the St. Louis Globe-Democrat says:

"Plans have been perfected whereby the Rock Island will obtain the shortest route between Chicago and Los Angeles and become a competitor of the Santa Fe. The present terminus of the Rock Island's Kansas line is at Liberal, Kan. From this point, which is on the Texas state line, the road is to be extended to White Oaks, N. M., where connections will be made with the El Paso & Northern railroad to El Paso. This with the Southern Pacific line to Los Angeles from Chicago than that of the Santa Fe, as will be seen by the following statement:

Miles
Chicago to Liberal, Kan. 658
Liberal to White Oaks, N. M. 260
White Oaks to El Paso 152
El Paso to Los Angeles 780
Chicago to Los Angeles 1850

"The distance by the Santa Fe from Chicago to Los Angeles is 2,265 miles. The extension of the Rock Island will run through suitable coal and timber regions and a fine cattle raising country.

"I am informed by a Chicago railroad man, and an El Paso railroad to the 'Times,' that the Rock Island made a deal two months ago giving it control of the El Paso & Northern. I do not pretend to say this information is correct, though I am satisfied there is a traffic arrangement between the two roads. But if it is true the Rock Island has secured control of the E. P. & N. E., then depend upon it that those shops at Alamogordo will come to El Paso."

President Kelly, of the El Paso & Northern, was up the line of his road yesterday, and could not be interviewed. However, those who claim to know deny the report that the Rock Island has secured control of the El Paso & Northern. They say the White Oaks line has entered into a traffic arrangement with the Rock Island that calls for a connection of the two lines at Clayton, N. M., but that the original owners of the E. P. & N. E. will retain absolute control of the road.

At any rate it is a pretty sure thing the Rock Island will be running through trains into El Paso next summer.

A Life and Death Fight.
Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost me my life. It has saved me from a premature death."

C. D. Ward, proprietor of the Minneapolis lodging house on South Second street, called at The Citizen office last night to-day and stated that the item published yesterday afternoon about his case before Justice Crawford was misleading in one respect. He stated that he did not forcibly remove the Crane trunks from the room of Mrs. Crane, she gave her consent, but at the trial she decided that she had given her consent. The case has been appealed by Mr. Ward.

C. A. Hudson, the north Second street painter and manager of the Hudson Bill Posting company, returned to the city last night after having, as he stated, the best time of his life on his recent visit to eastern cities. He hobnobbed with the democratic hosts at the national convention at Kansas City, where he officiated as one of the ushers at the hall, and after leaving that city

he went to Cincinnati, Ohio, where he became one of the big boys at the Bill Posters' convention, and thence to Atlantic City, N. J. Here he mingled and drank circus lemonade with the herd of Elks who had assembled in convention in that city from all parts of the United States. Leaving Atlantic City he crossed over into New York and saw the various interesting districts to his heart's content. He has promised Noble Trimble that he would write a brief history of his trip.

Noble S. Trimble, who has earned a much needed vacation by his faithful attention to duty at the Second street livery stable, left on the delayed passenger train this morning for New York, several friends seeing him on the train and wishing him an enjoyable time in the big city. He proposes to see all the interesting sights of the great metropolitan town, and will take in the Pius-Simon-Rubini prize fight there on August 10.

Yesterday afternoon, Carl Hofman, the manager of the Metropole resort, feeling uneasy about the reports in circulation that John Wickstrom, who is visiting the lake resorts of northern Minnesota, had suddenly disappeared and his absence was a mystery, telegraphed for facts and received an answer from Mr. Wickstrom himself, saying that he was ill and was at the Asbury hospital, Minnesota.

O. H. Scott has begun the erection of a new house on West Railroad avenue. He drove west the other day and attached a fine new force pump. Last night the pump was stolen. No trace of it has been found.

Messrs. Quicke & Bothe invite their friends and all visitors, to call to-night at the Zeiger Cafe. They have made preparations to serve one of their elegant hot lunches and expect everybody to come.

The Way the Windows Look

Is often accepted as a guide to the taste and refinement of the housekeeper, and is most often the factor that favorably or unfavorably influences. One should see to it that this feature is correct. That the windows are in line with fashion's requirements. New style in lace curtains; new and dainty patterns of muslin and bobbinet curtains, are ready. There's an economy of price, a special reasonableness, that makes possible the prettiest windows at but nominal cost. These are especially good!
