#### No Change in Policy.

Washington, Aug. 2.—No change in the present policy of the government resulted from the cabinet meeting to-day. The action of Secretary Hay in notifying the powers that the United States government had informed Li Hung Chang that we insisted on being placed in communication with our minister, was unanimously endorsed.

#### What Russia will Do.

St. Petersburg, Aug. 2.—A communication in the official Messenger says: "Information concerning the march of events in China shows absolute powerlessness of the Peking government against the rebels."

"The Chinese emperor's messages to the czar, dated July 20, substantially in the same terms as those to President McKinley, President Loubet and Queen Victoria, recited the czar's reply to previous messages, and expressed grief over the disorders in China."

"The absence of news from Peking as to the facts of the Russian and other ministers renders mediation difficult. Russian efforts will be directed to the restoration of order in China. Russia is willing to aid the emperor in this respect."

General Grodtkoff, under date of Aug. 1, telegraphs: "Chinese forces Hung Hun was stormed by Gen. Augustoff, July 30th, the United States believing the posts of Novotjevkoje and Postja, threatened by the Hung Hun garrison. Many guns were taken. The Russian loss was two officers, six men killed, and four wounded."

#### Royal Grief.

Monza, Aug. 2.—King Victor Emmanuel III. upon arriving here, met his mother, Queen Margherita, at the castle. She fell into his arms weeping. The king

kneel before the body of his father, and repeatedly kissed and embraced it. Afterwards, for an hour, he, mother and wife prayed in the death chamber.

#### NO MESSAGE.

Li Hung Chang Can not Get Message in Cipher from Peking.

Paris, Aug. 2.—The French Consul General at Shanghai telegraphs to-day as follows: "Li Hung Chang stated to the United States consul that the ministers will be put in communication with their respective governments if the allies arrest their march on Peking. Chang is yet unable to secure a reply to the message in his care to M. Pinchot, French minister at Peking, as the tsung li yamen will not consent to forwarding cipher messages for ministers."

"It is asserted that the foreigners within the imperial city and the consular corps have decided to entrust the defense of the concessions to the international naval forces."

#### Fair Rates for the West.

General Passenger Agent J. J. Byrne, of the Santa Fe lines west of Albuquerque, in a letter to the president of the Fair association from Los Angeles, says:

"Referring to your letter of July 19 and my reply of the 16th regarding rates for the New Mexico Territorial Fair to be held at Albuquerque on Sept. 15 to 22, I take pleasure in advising that we will place on sale tickets from Needles, Cal., and points east to Albuquerque and return on a basis one and one-half cents per mile in each direction. Tickets will be sold Sept. 17 to 21, inclusive, and will be limited to continuing passage in each direction, with a final limit of Sept. 24, this being the basis that was in effect last year, and I trust will be satisfactory, and that you will have a large attendance."

#### LOAN OFFICE.

Simpson for loans on all kinds of collateral security. Also for great bargains in unredeemed watches. 209 south Second street, near the postoffice.

The lecture of Capt. A. M. Swan on "Prehistoric New Mexico," at the Knight of Pythias hall last night was ably attended, but those who were present were treated to a very interesting and instructive talk.

## NEARING THE END!

War in South Africa Almost Over.

Boers Nearly all Prisoners or Fugitives.

The State Department Gives Chinese a Little Plain Talk.

### ANARCHISTS TO MEET IN PARIS.

London, Aug. 2.—The war in South Africa is clearly approaching the end. Hunter reported that he has fully 4,000 prisoners among the hills south of Bethlehem, and Oliver alone succeeded in breaking away toward Harpersburg with a thousand men. Forty thousand British troops ought to be able to catch that command with its five guns. The Free State forces now consist of two columns of 1,000 men each under Devereux and Oliver, several hundred miles apart, involved with British troops and when these surrender the Transvaal Boers will not have any justification for holding out, especially when the campaign has become one of intolerable suffering to both sides. The Boers are fighting in rage and barefoot, suffering from hunger, cold and every conceivable privation. The British troops are badly clothed and fed, owing to wretched work of the transport service.

#### PLAIN TALK.

Secretary Hay Gives the Chinese Officials Some Excellent Advice.

Washington, Aug. 2.—The state department has made public the correspondence between Li Hung Chang and the department regarding the abandonment of the campaign at Peking. The viceroy inquired whether if "Free communication" between the ministers and their respective governments could be arranged that the powers should not advance on Peking pending negotiations."

The following reply was sent Aug. 1: "Free communication with our representatives at Peking is demanded as a matter of absolute right, not as a favor. Since the Chinese government admits communication it puts itself in an unfriendly attitude by denying it. No negotiations seem advisable until the Chinese government shall have put the diplomatic representatives of the powers in full and free communication with their respective governments and removed all danger to their lives and liberty. We would urge Earl Li earnestly to advise the imperial authorities of China to place themselves in friendly communication and co-operation with the relief expedition. They are assuming heavy responsibility in acting otherwise. (Signed) HAY."

Anarchists to Meet. Chicago, Aug. 2.—According to Mrs. Lucy Parsons, an international congress of anarchists will be held in Paris next month. The anarchists of Chicago will meet next Sunday to express their approval of the "removal" of King Humbert and incidentally will consider preparations for the coming world's congress.

Injunction Repealed. Denver, Aug. 2.—Judge Leffewer today refused to issue an injunction restraining the city officials from carrying out in contract with the Lacomb Light Co., for a period of ten years to furnish the city electric lights at \$95 per year, each light. The effect of the decision is to afford competition in furnishing electricity for lighting and power purposes.

Probably Murdered. London, Aug. 2.—The Chinese inland mission received the following telegram from Rev. F. W. Stevenson to-day: "Shanghai, July 31.—Probably Misses King, Burton and Ramussen and Mrs. Cunnells have been murdered at Ho Shan, in the province of Shan Si."

There is local rebellion in Ning Po district, and the worse is apprehended for all the workers, who are two married couples and four single ladies.

Death of a Consul. Caracas, Venezuela, Aug. 2.—Information has reached this place of the death of the United States consul at Barranquilla, Colombia, from cholera. The United States consular list gives the name of W. Irvin Shaw of Pennsylvania, as consul at Barranquilla.

Dead. Chicago, Aug. 2.—Col. John Mason Loomis, one of the best known lumber merchants, died to-day, aged 75.

Assault War. Bekval, Ashanti, Aug. 2.—Major H. R. Beddow with 500 men and two guns started on July 24 to locate the enemy's war camp. The camp was found, the warriors numbering 3,000 to 4,000 men, after three days' marching east of Domposah. Several hours' fighting resulted in the defeat of the Ashantis after

## HOT ELECTION!

Democrats Will Disfranchise Negroes.

Election in North Carolina for that Purpose.

Attempt Made on Life of Shah of Persia, at Paris.

### BRYAN OUTLINES HIS MOVEMENTS.

St. Louis, N. C., Aug. 2.—"White supremacy" has been the battle cry of the democrats through the long and bitter campaign which has just closed in North Carolina, and the result which will be evidenced by the casting of ballots to-day.

Conservative estimates by democrats place the majority for the constitutional amendment which will practically disfranchise the negroes at 40,000. Leaders of the fusion ticket, republicans and populists, who are now in control of the offices of the state, and have held them for six years, do not make any sanguine claims as to how the voting will result, but believe the amendment will be rejected.

Tried to Kill the Shah. London, Aug. 2.—An attempt on the life of the Shah of Persia was made this morning, but resulted in no harm. A man broke through the line of policemen as the Shah was leaving his apartments and tried to mount the royal carriage step. He was arrested. He held a revolver, but the police disarmed him before he was able to fire.

At the police station the man expressed regret that he had been unable to carry out his intentions. He said: "This is an affair between me and my conscience."

North Carolina Election. Raleigh, N. C., Aug. 2.—The largest democratic vote ever known was polled, while the election was extremely quiet, and the people generally voted for the amendment; negroes against.

Wilmington, N. C., Aug. 2.—The election here is passing off quietly. The country will give a 3,000 majority for the amendment.

Charlotte, N. C., Aug. 2.—The election is proceeding quietly. The negroes are taking no interest.

Bryan's Movements. Lincoln, Neb., Aug. 2.—W. J. Bryan has outlined his work for this month as follows: After the notification at Indianapolis, August 1, he will proceed to Chicago for a few days to consult with members of the national committee. He will then return to Lincoln until Aug. 20, when he will go to Chicago to attend the National Grand Army Encampment. During his stay at Lincoln between Chicago trips, he will complete his letter of acceptance. He will also prepare addresses for the populists and silver republican notifications. The time and place of populists and silver republican notifications not yet fixed.

ALBUQUERQUE, — AUGUST 2, 1920

National Republican Ticket

For President—  
WILLIAM MCKINLEY,  
OF OHIO.

For Vice President—  
THEODORE ROOSEVELT,  
OF NEW YORK.

The democratic organ is trying the  
country treasury case.

The allied army is marching on Pe-  
kin, and the Chinese puzzle will soon  
be explained.

The American troops in China will  
show the effects of European  
their fighting qualities.

Gen. Groverman makes a tabulation of  
the coming election, giving McKinley  
215 votes and Bryan 122.

The allied expedition will soon move  
on Pekin and start work will be made  
of the Chinese opposition.

Every citizen of Albuquerque is per-  
sonally interested in making the Terri-  
torial Fair a complete success and a  
credit to the city.

The "derelict institutions" of the  
democratic party have always been in  
and they have, also, always been  
a peril to the republic.

The total foreign commerce of the  
United States for the year ending June  
30, 1920, exceeds the \$2,000,000,000 mark  
for the first time in history.

There are no less than thirteen adven-  
turers and eight gamblers at the scene  
of war in China, and it would seem  
to obtain definite word from Pe-kin.

The contest for "Queen of the Car-  
nivals" at the Territorial Fair is in  
progress, and will be exciting tonight  
and tomorrow. Get in your votes early and  
often.

The chances are that Captain A. B.  
Fall of Dona Ana county, will be the  
democratic nominee for delegate to con-  
gress. He will probably be supported  
by the delegation from this county.

The United States treasury now holds  
more gold than it ever did before. The  
amount in round numbers is \$47,000,-  
000. Under the democratic administration  
of Adlai Stevenson and Cleveland  
there was a new low record every day.

The imports and exports of Porto  
Rico for the month of May, 1920, were  
about 100 per cent greater than  
for the corresponding month of the  
year 1919. This is the poverty and  
distress to which the democratic platform  
said the republicans had doomed the  
island.

The democratic started out with their  
usual bluster to call an early conven-  
tion and tear things loose in this terri-  
tory, but at the meeting of the com-  
mittee at Santa Fe, N. M., it was concluded  
that a long campaign would be the worse  
for the democracy, and the committee  
adjourned without doing anything but  
repeating the convention at Santa Fe  
without delay.

Under a recent order issued by the  
postal department at Washington first  
class mail matter destined to points in  
the Philippine Islands, Hawaii, Alaska,  
Porto Rico and Tutuila, Samoa, etc.,  
will be received and dispatched at the  
same rate as domestic postage. This is a  
slight reduction in nearly every  
instance and particularly in the case  
of the Hawaiian Islands. Letter  
mail for points in that country will  
hereafter be charged for at the rate of  
2 cents per ounce.

VICTIMS OF ANARCHISTS.  
Ever since the assassination of Presi-  
dent Carnot of France so stirred the  
world in 1894, the anarchists of Europe  
have cut down a ruler almost every  
year, and several attempts at assassina-  
tion have been made. That the anarch-  
ists' chief aim is merely to take life is  
proved by the cruel killing of the beu-  
tiful Princess of Austria. The recent  
attack on the Prince of Wales at Brus-  
sels, too, when he was shot at by a  
mere boy, a tool in the hands of anarch-  
ists, is well remembered.

Following is the record of victims  
claimed by the Reds in the past six  
years:

President Carnot of France, shot  
while driving at Lyons, June 24, 1894.  
Don Carlos of Castile, premier of  
Spain, shot at a Spanish watering-place  
August 8, 1897.

Emperor of Austria, stabbed in the  
back with a file while walking in Ge-  
nova, September 10, 1898.

President Dorla of Uruguay, shot  
down on the steps of the capital at  
Montevideo, October 25, 1907.

Nine-ed-Hah, Shah of Persia, killed by  
a native agitator as he was leaving a  
mosque in Teheran, May 1, 1906.

President Barrios of Guatemala, as-  
sassinated by political opponents, Feb-  
ruary 8, 1920.

King Humbert of Italy assassinated  
July 30, 1900, at Monza.

SUPPLIED WITH GUNS.  
The revolutionaries are supplied to find  
how well the Chinese are supplied with  
rifles and cannons. Their ordnance fac-  
tories were known to be utterly slow,  
and it was not supposed they could do  
much fighting even if they could, but  
they are turning out in vast numbers  
all with guns.

It is now learned that thousands of  
Manner rifles have been brought into  
China in coffee casks to contain the  
bones of deceased Chinese being  
returned for interment in their native  
land. George W. Smith, unfortunary  
of state for war, recently announced  
that since 1865 English firms had sold to  
the Chinese government 71 guns of po-  
sition, 123 field guns and 297 machine  
guns, with ammunition for each class,  
also said a German firm in 1919

CROP BULLETIN.

Good Rains During the Week in  
Certain Sections.

REPORTS FROM CORRESPONDENTS.

Santa Fe, N. M., July 31.—The weather  
work has been warm and  
cloudy, with considerable wind.  
Good rains occurred in some sections,  
and light refreshing showers were gen-  
eral, excepting in parts of Towa and  
Rio Arriba counties, where they are ex-  
periencing one of the most disastrous  
droughts on record for those localities.

Ranges are dry; wheat and oats are se-  
riously damaged and corn fields are so  
wilted that unless rain comes soon  
there will be little yield. Light show-  
ers have fallen over the drought-stricken  
regions of the extreme southwest,  
and although not sufficient as yet to  
make good crops, they have been ex-  
ceedingly beneficial. The second crop of  
alfalfa is being secured in northern sec-  
tions under very favorable conditions, al-  
though in some localities there has been  
some slight damage from the drought.

In the south the third crop is being cut.  
Oats are being harvested in northern  
sections, with a good yield, generally.  
Corn is making rapid growth, excepting  
in the drought region, and raising ears  
are in northern markets. Gardens are  
coming on very satisfactorily. Water-  
melons, muskmelons and cantaloupes are  
ripening in northern sections. The vine-  
yards of Bernalillo county and some  
northern Rio Grande valley are quite  
promising. Early apples, peaches,  
pears and plums are in the markets of  
central and northern sections. Apples  
are ripening in the southern Rio Grande  
valley. Fruits have dropped consid-  
erably owing to the high winds. As a  
rule stock is in prime condition. In  
this section of Bernalillo county, and of  
the southwest, where there has been  
considerable loss and suffering on ac-

been much improved by the recent  
showers. Irrigation water is getting  
scarce in the sections depending on the  
northern Rio Grande and in the vicinity  
of Las Vegas, but elsewhere there  
seems to be no complaint.

CROP BULLETIN.

Good Rains During the Week in  
Certain Sections.

REPORTS FROM CORRESPONDENTS.

Santa Fe, N. M., July 31.—The weather  
work has been warm and  
cloudy, with considerable wind.  
Good rains occurred in some sections,  
and light refreshing showers were gen-  
eral, excepting in parts of Towa and  
Rio Arriba counties, where they are ex-  
periencing one of the most disastrous  
droughts on record for those localities.

Ranges are dry; wheat and oats are se-  
riously damaged and corn fields are so  
wilted that unless rain comes soon  
there will be little yield. Light show-  
ers have fallen over the drought-stricken  
regions of the extreme southwest,  
and although not sufficient as yet to  
make good crops, they have been ex-  
ceedingly beneficial. The second crop of  
alfalfa is being secured in northern sec-  
tions under very favorable conditions, al-  
though in some localities there has been  
some slight damage from the drought.

In the south the third crop is being cut.  
Oats are being harvested in northern  
sections, with a good yield, generally.  
Corn is making rapid growth, excepting  
in the drought region, and raising ears  
are in northern markets. Gardens are  
coming on very satisfactorily. Water-  
melons, muskmelons and cantaloupes are  
ripening in northern sections. The vine-  
yards of Bernalillo county and some  
northern Rio Grande valley are quite  
promising. Early apples, peaches,  
pears and plums are in the markets of  
central and northern sections. Apples  
are ripening in the southern Rio Grande  
valley. Fruits have dropped consid-  
erably owing to the high winds. As a  
rule stock is in prime condition. In  
this section of Bernalillo county, and of  
the southwest, where there has been  
considerable loss and suffering on ac-
