## THIRTY-FIFTH LEGISLATIVE ASSEMBLY

FIFTEENTH DAY, TUESDAY, FEBRUARY 10, 1903.

### THE COUNCIL.

(Morning Session.)

Mr. Andrews, excused, was the only absentee when the Council met at 10 o'clock this forenoon.

Mr. Spies of the judiciary committee, reported Council Bill No. 30, with the recommendation that it do not pass and that the substitute prepared by the committee on judiciary be passed. The report was adopted. The bill had been introduced by Mr. Spies and is an act declaring certain statutes of the territory of New Mexico, regulating the practice and procedure in certain classes of cases to be in force and for other purposes and relating to real estate of infants and married women and perpetuating testimony.

Mr. Hawkins of the committee on education, favorably reported Council Joint Resolution No. 8.

The following bills were introduced: Council Bill No. 39, by Mr. Duncan, An act to sell copies of the Compiled Laws of 1897. Referred to the committee on libraries.

Council Bill No. 40, An act providing that if any appropriation be not made by the legislative assembly for the expenses of the territorial government, the appropriation of the previous legislature shall be regarded as covering the necessity. Referred to the committee on finance.

Council Bill No. 41, by Mr. Duncan, An act to prohibit the desecration of the American flag. The bill prohibits the use of the flag as an advertisement and imposes a fine not to exceed \$100 or imprisonment not to exceed 100 days for the violation of the act. The use of the flag as a political emblem is permitted. Referred to the committee on territorial affairs.

Council Bill No. 42, by Mr. Albright, An act to provide for a home for children. Referred to the committee on public institutions.

Council Bill No. 43, by Mr. Martinez, An act to amend the law providing for the publication and pay for the publication of the delinquent tax list. Referred to committee on finance.

Council Bill No. 44, by Mr. Albright, An act fixing the term for mayors, clerks, treasurers and members of the councils of incorporated towns. Referred to committee on private and municipal corporations.

Council Bill No. 45, by Mr. Pinard, by request, An act giving cities and towns the power to levy a tax to build water and light plants. The tax for water is not to exceed four mills on the dollar, and for light plants not to exceed two mills. Referred to committee on municipal and private corporations.

Council Bill No. 46, by Mr. Pinard, An act regulating uniform assessment and increasing the powers of the board of equalization. It provides that property shall be returned for taxation at not less than 75 per cent of its actual value. Referred to committee on territorial affairs.

The Council then accepted the substitute bill for Council Bill No. 20, reported by the committee on judiciary. The original bill was tabled.

Council Joint Resolution No. 8, accepting the Rhodes scholarships, which had been reported favorably by the committee on education, was passed unanimously. It reads as follows:

**JOINT RESOLUTION NO. 8.**

Formally accepting the tender of Oxford University scholarships by the late Cecil John Rhodes.

Be it resolved by the Council of the 35th legislative assembly, the House concurring, that:

Whereas, Under the provisions of the will of the late Rt. Hon. Cecil John Rhodes of South Africa, relating to the establishment of scholarships at Oxford University from the British Colonies and the United States of America, New Mexico is granted two free scholarships in this ancient and honorable institution of learning, and

Whereas, Under the testamentary dispositions of the said will it will soon become necessary to officially select and designate candidates from this territory to enjoy the high privileges which said scholarships confer. Now, therefore, be it,

Resolved, That the 35th legislative assembly hereby gratefully accepts, and by this act does formally accept, in the name of the people of New Mexico, such generous bequest with all its attendant provisions as set forth in the said will of the Rt. Hon. Cecil John Rhodes;

Resolved, That we regard with profound admiration that sentiment of universal brotherhood which prompted the tender of such free scholarships and we deem it a momentous step toward fostering those cordial relations now so happily existing among English speaking peoples in every part of the world, and be it, therefore, further

Resolved, That the Territorial Board of Education be and hereby is authorized and empowered to assume charge of and arrange all details respecting the examination and selection of candidates from New Mexico for the enjoyment of said free scholarships at Oxford University, subject to the reg-

ulations promulgated by the trustees under said will or their legal representative in the United States; and it is hereby made part of the duty of the superintendent of public instruction, secretary of said board, to keep an accurate record of all such proceedings and report the same annually to the governor of the territory, and be it further

Resolved, That an engrossed copy of this joint resolution, signed by the President of the Council and the Speaker of the House and duly attested by the chief clerks thereof, be forwarded, through the secretary of the territory, to Hon. John Hay, Secretary of State, Washington, D. C., with a request that it be presented through the courtesy of the United States embassy at London to said trustees, and that a copy similarly signed and attested, be forwarded to Hon. George R. Parkyn of Toronto, Canada, legal representative of said trustees for the United States.

House Bill No. 33, An act to amend Sections 1, 2, 5, 9 and 11 of Chapter 66 of the Session Laws of 1899, relating to the qualifications for jury duty, was referred to the committee on judiciary.

Mr. Hughes, from the committee on finance, reported Council Joint Resolution No. 9, providing for pay of employees, with the recommendation that it be not adopted, and that the substitute offered by the committee be adopted. The original resolution appropriated money to pay the employees of both the Council and the House, but the substitute appropriates only \$1,195 to pay for the Council employees alone. Mr. Martinez dissented from the report and voted against the adoption of the substitute resolution. He said he did so to be consistent, for he had introduced the original resolution. Every other member voted for the resolution and it was adopted. The Council took a recess until 2 o'clock this afternoon.

**THE HOUSE.**

(Morning Session.)

The roll call this morning showed all members present. Prayer was offered by the chaplain. The Journal was read and approved. Speaker Montoya laid before the House, as special order of business for the morning, substitute House Bill No. 75, which provides for greater power and efficiency of the Cattle Sanitary Board and gives it authority to issue bonds in case of epidemic or danger of one, for which a quarantine should be maintained. A strong fight was made against the bill in which Mr. Cristoval Sanchez was leader, and the entire morning was spent in filibustering. Mr. Sanchez first moved that the substitute be ordered printed and re-referred to the judiciary committee. Mr. Dales asked that the bill be read in full. The request was granted and the bill read. It amends Sections 197 and 200 of the Compiled Laws of 1897. Mr. Sanchez then explained that his motion was made as a demand for time to consider the substitute. Mr. Pollard protested and said the bill had been introduced at the request of the Cattle Sanitary Board and was approved by that body and the governor. He stated that it provides for the emergency that has arisen of danger to the cattle industry from Texas fever and prompt action is needed. It was a general measure affecting the whole territory and he urged its immediate passage.

Mr. Pollard was interrupted by a message from the Council announcing the passage of Council Bill No. 20, the coal oil repeal bill, and amended Council Bill No. 6, relating to the burial of indigent soldiers.

Mr. Pollard resumed his remarks and at some length spoke strongly in favor of the bill and pointed out the wisdom of the measure.

Mr. Llewellyn, as chairman of the judiciary committee, said the committee had carefully examined the bill and by a unanimous vote had recommended its passage. He said it is so absolutely simple that there need be no delay in its passage. Mr. Bowie made a speech in favor of the passage of the bill. Mr. Martinez Sanchez moved its reading the third time preparatory to being placed in passage. Mr. Bowie offered as an amendment to suspend the rules and Mr. Pedro Sanchez went into the history of Texas and New Mexico at great length. He said formerly Texas sent armed men to conquer New Mexico and now it sends a fever. He believed in every man taking care of his own and did not think the bill should be passed without full investigation and consideration. He favored printing the bill and re-referring it and asked that time be given the members to know what they are doing. Mr. Turner favored the amendment of Mr. Bowie. Mr. Cristoval Sanchez moved to table the amendments, but the motion was lost 7 yeas to 17 nays. The motion by Mr. Bowie to suspend the rules and read the bill the third time preparatory to its passage was then adopted by 19 to 5.

Mr. Cristoval Sanchez moved to adjourn, but the motion was lost by 19 yeas to 5 nays. On this and the many subsequent roll calls nearly all those opposed to the passage of the bill

## CLEVER PIECE OF DETECTIVE WORK

The Arrest and Return of Jose Telles to the Santa Fe County Jail by A. B. Baca and Eduardo Jaramillo of Socorro County.

TELLES WAS ON HIS WAY TO STATE OF SONORA, MEXICO

The arrest and return to the Santa Fe jail of Jose Telles, one of the men who was implicated in the murder of Jailer Epitacio Gallegos, in the night of January 18, was a brilliant piece of detective work on the part of A. B. Baca of San Marcial, assisted by Eduardo Jaramillo of San Antonio.

On Saturday, February 1, Mr. Baca was at his home in San Marcial, and learned that the day before a man answering the description of Telles had spent the night at the house of a rancher near San Marcial. He immediately telegraphed to Sheriff Kinsell for a description of the man wanted. The reply not being satisfactory to Mr. Baca, he came to Santa Fe on Tuesday and secured from the sheriff a full description of the man and authority to apprehend Telles. Mr. Baca reached San Marcial Wednesday morning and immediately took the trail of the murderer, accompanied by Mr. Jaramillo. They found he had spent the night at Cantorecillo the day after being seen near San Marcial, and here they took up the trail in earnest. Telles' next stopping place was at Palomas, he having reached that point in the company of Editor N. S. Rose of Cerrillos, who was on his way to Deming in a buggy and gave the fugitive a lift. The next morning, he continued on his journey with Mr. Rose, and spent the next night at Loma Parda. The next day they traveled together to where the roads fork to Deming and the Mimbres. Here Telles struck across the country in the direction of the Mimbres river in Grant county. He traveled this route 26 miles that night, and took shelter in the cabin of an old woman at a place known as San Juan. Following his foot prints, the officers discovered where the fugitive had been, and the buggy, and they also discovered the point where he left the vehicle. From this point they followed his footprints until he entered the Mimbres country. Here Mr. Baca secured the services of Simon Holstein, Jr., and John Shannon, cattlemen, and two others, and when the trail disappeared, Mr. Baca divided his forces equally, three going down the river, and Baca, Holstein and Shannon going up the river. The plan was for each party to search every dwelling where they thought the hunted man might be concealed, and come together at a point decided upon. The party led by Mr. Baca went to the shack occupied by the old woman, and she was interviewed where the man was who reached her house a day or two previous. She denied having seen any stranger and Mr. Baca started to enter the house. Mr. Baca detained her and demanded that she call the man concealed within to come out. Immediately, Telles, who was eating his dinner, came to the door, when Mr. Baca, covering him with a Winchester, demanded that he throw up his hands. Telles did this without hesitation, and while covered, Mr. Baca's two companions searched him for weapons. The only weapon Telles possessed was found under the pillow of the bed he had occupied, and this was a .45 Colt's.

When Telles was asked if he was the man who murdered the Santa Fe jailer, he replied he was not and that his name was Durrant, and he had a brother living in the neighborhood. Shortly after undertaking the return journey, Telles admitted that he was the man wanted, but that he did not kill the jailer. He said that he had been making for the International boundary line, expecting to reach Sonora, his old home in Mexico. He begged Mr. Baca to shoot him, rather than be taken back to Santa Fe. He was afraid he would be lynched there. Telles was very curious to know how Mr. Baca managed to keep his trail, he having schemed to change his mode of traveling so much, and thought that after the hounds abandoned the hunt near Thornton, he was not being followed.

Telles is again an occupant of the Santa Fe jail, and will soon be given a trial for the grave crimes charged against him. Mr. Baca, who for 22 years, has been or less engaged in the task of rounding up bad men in Colorado and New Mexico, is receiving the congratulations of his many friends on his latest piece of work in this line, for no one will deny that nerve and skill were needed in running down a desperado of Telles' stamp.

**THE GERMAN PROTOCOL.**

Confidence at Berlin That It Will Be Signed Eventually.

Berlin, Feb. 10.—The foreign office officials deny that any insuperable obstacles to the signing of the German protocol at Washington exist. They add that a comparatively unimportant question of detail has been referred to Berlin but that the signing will occur in a few days. First Great Britain's protocol will be signed and then the protocols of Germany and Italy.

## PUSHING TRUST LEGISLATION

President Roosevelt's Desire That it is to be Symmetrical Will be Gratified.

THE ELKINS BILL WILL PASS

The Leaders Have Been at the White House and as a Result the Rebores Bill Will Become Law.

Washington, Feb. 10.—In order that the administration's anti-trust program of legislation may be rendered entirely symmetrical, it is known that President Roosevelt desires that what is called the Elkins' rebate bill shall be enacted into law. That measure was passed by the senate last week and is pending now before the interstate and foreign commerce committee of the house, of which Representative Hepburn of Iowa, is chairman. During several days the president has been conferring, as opportunity afforded, with prominent members of the house about the rebate bill and the subject was considered last night at a conference at the White House between President Roosevelt and several leaders of the house. The president has also had a conference with Speaker Henderson concerning the bill. It is understood that while the speaker is not wholly in sympathy with the measure, he will not stand in the way of its consideration by the house. Indeed, it can be stated upon excellent authority, that the speaker and the committee on rules, of which he is ex-officio, will authorize, if necessary, a special rule providing for the consideration of the bill after it has been reported by Mr. Hepburn's committee. Such action, it is asserted, practically would mean the passage of the measure by the house and its enactment into law.

**A FAVORABLE REPORT.**

Washington, Feb. 10.—The house committee on interstate and foreign commerce today agreed to report favorably the Elkins anti-rebate bill with certain amendments.

**CONFERENCE REPORT ADOPTED.**

Washington, Feb. 10.—The conference report on the department of commerce bill was adopted by 251 to 10 in the house.

**THE HOUSE.**

Washington, Feb. 10.—At the opening of the session of the house today Mr. Steele of Indiana, called attention to the speech of Mr. Conroy of Massachusetts, printed in the Record this morning under the general leave to print granted, on the anti-trust bill. The speech dealt with the subject of Mr. Conroy's contested election case in Massachusetts, and Mr. Steele claimed that it was a violation of the order which confined remarks to be printed to the subject of anti-trust bills. He asked that the speech be stricken from the Record. As Mr. Conroy was absent, at the request of his friends, the matter went over.

Sunday, February 22, was set aside for paying tribute to the memory of the late Representative Tongue of Oregon.

Eulogies upon the life and public services of the late Representative Rumple of Iowa, were also ordered on the same day. Mr. Hepburn, chairman of the interstate commerce committee, called up the conference report on the commerce of department bill.

In the discussion on the department of commerce bill in the house today, Mr. Richmond of Alabama, explained why he was opposed to the Nelson amendment covering the bureau on corporations. He did not believe the amendment was aimed at the trusts, but was a "pretext and a subterfuge."

Mr. Ball of Texas, who followed Mr. Richardson, ridiculed the program of the administration regarding anti-trust legislation. The administration, he said, was represented as anxious to secure the passage of the Nelson and Elkins bills and it was pretended that the Standard Oil Company was sending telegrams to prominent senators against their passage. He did not believe it.

"I do not believe," said he, "that John D. Rockefeller, or any other trust magnate, has raised a protest against the homeopathic doses in those bills. They are no more harmful to trusts than would be Mrs. Winslow's Soothing Syrup."

**THE SENATE.**

Washington, Feb. 10.—When the senate met today a bill was passed permitting the town of Montrose, Colo., to enter 160 acres of land for reservoir and water purposes. A senate bill was passed extending for a period of three years the time for making proof and payment for all lands taken under the desert land laws by the members of the Colorado Co-operative Colony. The Rawlins resolution regarding courts martial cases in the Philippines was referred to the committee on Philippines. Mr. McComas gave notice that he would call the eight hour bill up on Thursday next. Mr. Quay said he was in sympathy with the effort to secure the speedy passage of the bill, but he would interpose the statehood bill to antagonize it until a day is fixed for a vote on that bill. The District of Columbia appropriation bill was then taken up.

**A CABINET SESSION.**

Washington, Feb. 10.—President Roosevelt and his cabinet were in session.

## THE MADIANA ASHORE ON A REEF

An Excursion Steamer of the Quebec Steamship Company Comes to Grief While Cruising Among the Caribbean Islands.

THE STEAMER A TOTAL LOSS BUT THE PASSENGERS SAVED

Hamilton, Bermuda, Feb. 10.—The Quebec Steamships Company's steamer Madiana, Captain Frazer, which sailed from New York on Saturday last for a special cruise among the Caribbean Islands with a party of excursionists, has gone ashore on the reefs off this island and is likely to prove a total loss. Tugs have left here in the endeavor to rescue the passengers.

**THE NEWS CONFIRMED.**

New York, Feb. 10.—A. E. Outerbridge and Company, the local agents of the Quebec Steamship Company, have received cable advices from Hamilton confirming the Associated Press report of the wreck of the Madiana. According to their advices the ship is a total loss, but no mention is made of any loss of life. The Madiana is lying with a heavy list and broadside to the wind off the reef, one and a half miles northeast of North Rock. The seas are breaking over her. The tug Gladsten only succeeded in getting within a mile of the Madiana. Efforts are being made to transfer the latter's passengers to the Gladsten by means of a life-boat. A heavy sea is running.

**NO LOSS OF LIFE.**

Hamilton, Bermuda, Feb. 10.—The passengers and crew of the Madiana have just been landed. No loss of life.

**PASSENGERS SAVED.**

New York, Feb. 10.—The agents of the Quebec Steamship Company received a cable dispatch saying that the passengers are being taken from the wrecked ship. So far as is known there have been no casualties.

**TURKEY ON THE WAR PATH.**

Orders issued to Mobilize 240,000 Troops on the Balkan Peninsula.

Paris, Feb. 10.—The officials here are not disposed to accept the Porte's assurances that Turkey has no intention of mobilizing a large force of troops. When the Turkish denial was brought to the attention of the officials here who have access to the government's sources of information, the following reply was made: "We have received similar pacific assurances from Turkish sources but our own information is positive and specific that orders for the mobilization have been actually issued. This was three days ago and we are unable to say whether the execution of the order is withheld in view of the effect they have produced among the powers, who are seeking to reinforce the Balkan states. Our advices further show that the mobilization would affect 240,000 troops."

**VISIBLE ASSETS SEIZED.**

The Result of an Attachment Sued Against the John J. Ryan Trust Investment Company.

St. Louis, Mo., Feb. 10.—The office fixtures and all visible assets of the John J. Ryan Trust Investment Company were attached today by a constable of Justice Kleiber's court. The attachment is the result of a suit brought by Miss Mabel Quinn for \$200, which she alleges she gave to the Ryan Company for investment and which the company refused to turn over on demand. Ryan's officers were crowded all morning with investors. Representatives of the company declare the company is solvent and that all dividends, about five per cent a week, will be paid as heretofore and withdrawals will be permitted under the rules of the company. A constable is in charge of the attached property.

**LIFE SENTENCE FOR ANARCHIST.**

The Italian Who Attempted to Assassinate King Leopold Sent Into Penal Servitude.

Brussels, Feb. 10.—Gennaro Rubino, the Italian anarchist, who has been on trial here since February 6, charged with attempting to assassinate King Leopold on November 15, 1902, by firing three shots at the king while he was returning from the cathedral, after attending a Te Deum mass in memory of the late Queen Henrietta, was found guilty today and sentenced to imprisonment for life at penal servitude.

## STATEHOOD HANGS IN THE BALANCE

Conflicting Opinions at Washington on the Proposed Compromise to Admit New Mexico and Arizona as One State and the Omnibus Bill Still Holds the Floor.

## THE DEMOCRATS ARE DETERMINED TO OP- POSE THE COMPROMISE

Hon. Frank A. Hubbell this afternoon received the following dispatch from Delegate B. S. Rodey: "The omnibus bill is still before the senate, with the talk to kill time still proceeding, but there is a strong undercurrent in favor of a compromise bill, but there is nothing definite to it yet."

Senator Thomas M. Patterson of Colorado, has sent the Rocky Mountain News the following dispatch from Washington on the statehood situation:

"It is reported today that the Republican friends of the omnibus statehood bill and its Republican opponents have agreed upon a compromise measure that will admit New Mexico and Arizona as one state, and Oklahoma and Indian Territory as another state though the provisions may be that the law will not operate as to the Indian Territory for five or six years to come. This is in accordance with the five civilized tribes occupying the territory offering some obstruction."

In anticipation of such a measure, Senators Carmack, Teller, Dubois, Patterson and Rawlins met last night to talk counsel about it. These and all the other Democratic senators have stood loyally by the omnibus bill, even refraining from debate that the opponents of the measure might sooner express themselves and a vote be secured, but THEY WILL NOT APPROVE ANY MEASURE THAT CONSOLIDATES NEW MEXICO AND ARIZONA. They declare that the territories had better remain without statehood for 20 years than the outrage of consolidating two territories each as large as Colorado into one state should be perpetrated, and they give out the likelihood of the Democrats talking the compromise measure to death if Quay should surrender to the enemies of separate statehood for the two territories. They don't object to the consolidation of Oklahoma and Indian Territory, for both of these are small relatively to New Mexico and Arizona. Indeed, they believe that the consolidation of the latter would be the best solution, but they are radically opposed to consolidation of New Mexico and Arizona.

"Delegate Rodey will be favorable to the measure if he becomes convinced that the omnibus bill can't succeed, but Delegate Mark Smith and the population of Arizona almost to a man and woman are opposed to the consolidation, and will fight it to the end. There are those who do not believe that Senator Quay will desert his Democratic allies who have stood by him in his fight for statehood so unanimously and unflinchingly. The coming week will determine whether he will or not."

**VOLUNTARY ADVANCE IN WAGES.**

Pittsburg Traction Employees Get Their Share of Prosperity.

Pittsburg, Feb. 10.—The Pittsburg Railway Company, operating the traction lines in this city, has voluntarily advanced the wages of 3,000 motormen and conductors one cent per hour, the increase to take effect from December 1, 1902, and to be paid to all who continue in the service of the company until July, 1903. The advance gives the men who have been in the employ of the company three years 34 cents an hour.

TUESDAY, FEBRUARY 10.

The House is not disposed to rush through measures introduced at the spur of the moment under the suspension of the rules. The day for that hasn't arrived yet.

Senator Teller told the United States senate last week that all talk of the danger of Mormonism in New Mexico and Arizona, is "rot." This expression was not elegant, but it hit the nail on the head nevertheless.

A reduction has been announced in the price of radium. The ruling rate of \$1,000,000 per pound has been reduced to \$900,000 per pound, and now every one can afford to have a chunk of this rare metal on his parlor table.

Advices from Bogota are to the effect that the ratification of the Panama treaty will mean another revolution in the United States of Colombia. If that is the case, Uncle Sam might as well seize the isthmus now and be done with it.

There are rumors of a strike to be declared soon on the entire Santa Fe system. A strike will be of very little good either to the company or to the men and certainly not to the country tributary to the Santa Fe. Such a calamity should by all means be averted.

Only five more weeks of the legislative session. The time is approaching for setting a day after which no more bills are to be introduced, the appropriation bill must soon be formulated and there is some talk about the territorial appointments which Governor Otero will make.

Thus far no bill introduced in either house of the New Mexico legislature has reached Governor Otero, although a number of measures have passed either house. As this is the fourth week that the legislature is in session, it cannot well be accused of hasty action on important legislative measures.

Kentucky felt an earthquake shock on Sunday evening. If it had been Kentucky alone, the earthquake shock might have been blamed upon some imaginative colonel who had taken too much in his soda after coming home from church, but similar reports come from Indiana, St. Louis and other points where earthquakes are regarded more seriously than in Kentucky.

English leaders announce that war in Europe will mean famine prices for bread at home. It is well to remember that before reading some of the jingo and chauvinistic articles in the European press that the people of Europe are not at all anxious for famine prices for their wages are at so low a notch as to keep many of them on the edge of want continually anyway.

President Roosevelt has determined upon an extra session of congress if no anti-trust legislation is had at this session. As an extra session does not mean extra pay to senators or representatives, these will do all in their power to avert an extra session. It is here where Senator Quay's opportunity comes to force a vote on the omnibus statehood bill.

It is the Democrats now who are going to play obstruction in the statehood game. This shows how sincere they were in supporting the omnibus bill. They merely wanted to put the Republican party in a hole on its platform promise. Now that the Republican party is about to take measures to fulfill that promise the Democrats are getting ready to go back on the statehood movement.

The cases of penitentiary convicts who have been released from a penal institution, expressing preference for imprisonment to the hardships which liberty entails upon them, are on the increase. There is freedom from worry and care behind prison walls and the humanitarian ideas prevailing nowadays, the sanitary precautions, the nourishing food and the care given prisoners when sick, are all factors which the liberated convicts miss after leaving the prison. It is no wonder that some of them are homesick for the care-free life they led in the penitentiary. This condition is a serious problem that criminologists must deal with.

The advance in the wages of workmen has been general throughout the United States the past few months. The average voter is sharing in the reign of prosperity inaugurated by him when he voted to keep the Republican party in power. The pre-election promises of the Republican leaders are being fulfilled while those of the Democrats who prophesied disaster, low wages, poverty and panic, have been repudiated by the course of events.

It is to the credit of the law officers of Santa Fe county that both men who broke out of jail recently after murdering Jailer Epitacio Gallegos, have been recaptured, and will now meet with a speedy trial. There is nothing so discouraging to lawbreakers as swift apprehension, speedy trial and just punishment.

Both California and Wyoming have refused to act on the statehood memorial sent them by the New Mexico legislature. It will be but fair to have New Mexico remember who are its friends and who are not. It will not be long before this territory will have two senators in the United States senate and two representatives in the house. It is mighty unkind of Wyoming, which has less than one-half the population of New Mexico, not to speak a kind word for this territory when the opportunity offers.

If any one imagines that there has been reconciliation between William Jennings Bryan and Grover Cleveland and that the harmony fiddles would lead henceforth in the Democratic concert, he is very much mistaken. Only on Saturday, Mr. Bryan remarked sarcastically that there is no use inviting any other Democrat to a banquet to which Honorable Grover Cleveland has an invitation, and with that remark he promptly refused an invitation to attend the proposed harmony banquet at Chicago of the Iroquois Club.

The third class men at Annapolis Academy have refused to sign an agreement to stop hazing, although only the other day they broke the jaw of R. H. Pearson, son of the secretary of the state of New Hampshire, and who had to resign on account of the disfigurement inflicted upon him. Uncle Sam should make short shrift with the third class men who refused to sign the proposed agreement. There are thousands of competent youths in the United States who would be only too willing to take the place of the obstreperous midshipmen at Annapolis.

James J. Hill, president of the Northern Securities Company, has again taken off sufficient time from clipping interest coupons to predict financial disaster for the United States. This is the second time that this bird of ill omen has croaked and everybody will be waiting for the third croak. This time it is the labor unions who are blamed for the predicted disaster. He says: "As labor unions killed industrial England, so they are destined to bring about a grave financial reverse in the United States and this country is swiftly approaching that crisis."

The Denver and Rio Grande Railroad Company has not saved a cent as yet by reducing its daily service to tri-weekly service between Antonio and Santa Fe. Trains are late, traffic is blocked, double headers have to be run, patronage is lost, the pay for the mail contract is reduced, freight formerly sent over that road is now sent by other lines if at all convenient and the railroad is losing every day that the present arrangement is in force. The New Mexican does not profess to have more knowledge of railroading than the Denver and Rio Grande Railroad officials, but it does not take expert knowledge to tell that a cog was slipped somewhere when the order was issued to reduce the train service on the Antonio-Santa Fe branch when it was really an increase of service that was demanded and should have been granted.

### SANTA ANA COUNTY.

The Albuquerque Citizen favors the creation of a new county out of northern Bernalillo county. It says: "There is a formidable movement in this county favoring the creation of a new county out of the northern portion, the line east and west to be near Alameda. This city is willing that such a division should be made. The county is too large, and if divided the two counties could conduct their affairs in a more economical manner. The legislative delegation from this county is in favor of the proposed new county. The bill will be introduced this week. The proposed new county will contain about 7,000 people and have at least \$1,000,000 taxable property. The remaining county containing this city will be the smallest in area in the territory, will contain about 17,000 people, and have several millions in taxable property. If the line dividing the two counties can be amicably adjusted, which is probable, there will be no opposition to the bill. A few years ago an effort was made to divide the county on the lines now proposed, but it was defeated. This city will be greatly benefited by the division." The Albuquerque Journal-Democrat is not so favorably disposed toward the new county and ridicules the idea of creating Santa Ana county.

The New Mexican Printing Company has the only bindery in the territory where first class loose leaf ledgers are manufactured. Merchants and business firms, requiring such books for the coming year, should immediately address this company and they will find that the best work at the lowest prices in the southwest will be done for them if they order from this company.

### AN ACT

To Provide for the Compensation of the Enumerator of Persons of School Age in the Several School Districts of the Territory of New Mexico.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That the directors in the several school districts in the Territory shall, on or before the first day of September of each year make an enumeration of all unmarried persons between five and twenty-one years of age, giving their names, ages and sexes, of such persons in full, and shall report the same in writing, which enumeration list shall be signed by all the directors, to the county superintendent within fifteen days thereafter. It shall be the duty of the clerk of said school districts to correctly enumerate or cause to be enumerated all unmarried persons as specified herein. For said enumeration he shall be paid from any funds in the hands of the directors the sum of one dollar for every forty names, or fraction thereof, thus enumerated.

Sec. 2. Any enumerator acting for the directors of schools of any district who shall willfully place factitious names, or names of persons not actually residing in said district, upon the official enumeration list, shall be deemed guilty of a misdemeanor and on conviction thereof, shall be punished by a fine of not less than ten nor more than fifty dollars, which fine shall, when paid, be placed in the school fund of said school district.

Sec. 3. All acts and parts of acts in conflict herewith are hereby repealed, and this act shall take effect and be in force thirty days from and after its passage.

## House Bill No. 63.

Introduced by Hon. Pedro Sanchez, by request, February 5, 1903; read second time by title, ordered translated and printed and

referred to Committee on Lands of Public Institutions.

### AN ACT

Providing Means for the United States Land Commission to Continue its Work in Selecting Lands for the Territory and Reimbursing Advances Made for that Purpose.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That the United States Land Commission established by the act of Congress June 21, 1898, be and is hereby fully recognized and continued in force with all the powers, duties and obligations conferred upon it by said act, in regard to selecting and locating lands donated to the Territory under said act of Congress, and all selections and locations made by it, and all its official acts since the United States appropriation for carrying out its work was exhausted in August 1901, are hereby ratified and approved. And for the purpose of enabling such Commission to proceed with its duties and complete the selections of lands under said act of Congress for the benefit of the Territory, the Surveyor General of New Mexico is hereby constituted clerk of the United States Land Commission, to serve as such without additional compensation, and each member of said Commission as now constituted is hereby allowed as compensation for his services as such the sum of seven (\$700.00) hundred dollars per annum, payable monthly. The locating agent of said Commission shall be paid the sum of six (\$6.00) dollars per day, while actually in the field locating territorial lands under the directions of the Commission, together with his actual traveling expenses and cost of assistants in performing such duties, to be paid upon itemized and verified vouchers to be filed by him with such Commission, and the sum of three (\$3.00) dollars per day, while actually engaged in office work upon business of the Commission, in making up lists and plats of the lands and other necessary office work. The said Commission is hereby authorized and allowed to procure such necessary stationary and supplies and clerical assistance as may be requisite and necessary for the proper conduct of the affairs of the Commission, not to exceed the sum of five (\$500.00) hundred dollars per annum.

Sec. 2. For the purpose of paying the salaries and expenses mentioned in section 1 of this act, the lands selected and located by the said Commission are charged with the payment thereof out of the proceeds of the sale or leases of said lands, to be paid out of the same in the same manner as is now provided by law for paying the expenses of the Board of Public Lands. The U. S. Surveyor General of New Mexico, a member of said Commission, is hereby designated as its special disbursing agent to receive and disburse all moneys accruing to said Commission under this act from the sale or lease of public lands upon receipts and vouchers as he has heretofore done, and his bond as such special disbursing agent is hereby approved and ordered to be continued in the same form, term and amount.

Sec. 3. For the purpose of reimbursing the person or persons who have advanced or may hereafter advance the moneys required by said Commission to locate any of the lands granted for the benefit of the various territorial institutions, reservoirs and improvement of the Rio Grande, the Board of Public Lands is hereby authorized and directed to allow as credit upon the purchase or lease of such lands such amount so advanced to be evidenced by the books and receipts of the United States Land Commission, and said amount shall be charged by the Board of Public Lands as part of the actual necessary expenses in procuring, selecting and locating and administering the donation under the act of Congress of June 21, 1898, as provided for in Chapter 74, Laws of 1899, and Chapter 69, Laws of 1901.

Sec. 4. All acts or parts of acts in conflict herewith are hereby repealed, and this act shall take effect from and after its approval.

## CANCER CURED.

Mr. W. W. Prickett, Smithfield, Ill., writes Sept. 10th, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, and my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation, and it cannot be too highly recommended." 25c, 50c, and \$1.00. For sale by Fischer Drug Co.

## WEAK AND LOW-SPRITED.

A Correspondent Thus Describes His Experience.  
"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depression and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c a bottle at Fischer Drug Co.

**A MOST FATAL GIFT.**  
Would be the power of foreseeing events. This would destroy hope. A knowledge of the future would unmake happiness. There are, of course, some things about the future we do know. If, for instance, a lack of energy, ambition and loss of appetite shows itself we know it will be followed by serious complaints if not checked. Often Liver and Kidney trouble follow quickly. In any event Electric Bitters will restore you to health. It strengthens, builds up and invigorates nervous systems. Only 50c. Satisfaction guaranteed by Fischer Drug Co.

**DEWITT'S WITCH HAZEL SALVE.**  
The only positive cure for blind, bleeding, itching and protruding piles, cuts, burns, bruises, eczema and all abrasions of the skin. DeWitt's is the only Witch Hazel Salve that is made from the pure, unadulterated witch-hazel—all others are counterfeits. DeWitt's Witch Hazel Salve is made to cure—counterfeits are made to sell. Fischer Drug Co.

**MYSTERIOUS CIRCUMSTANCE.**  
One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c at Fischer Drug Co.

**TRAGEDY AVERTED.**  
"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He is now sound and well. Every body ought to know, it's the only cure for Coughs, Colds and all Lung diseases. Guaranteed by Fischer Drug Co. Price 50c and \$1.00. Trial bottles free.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. Fischer Drug Co.

**THE EASY PILL.**  
DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. Fischer Drug Co.

**CURED CONSUMPTION.**  
Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds, it has no equal." 25c, 50c and \$1.00 a bottle at Fischer Drug Co.

**A WEAK STOMACH**  
causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christman, Tex., says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles, I am fully restored to my usual strength, weight and health." Fischer Drug Co.

**NEARLY FORGOTTEN HIS LIFE.**  
A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for burns, bruises, skin eruptions and piles. 25c at Fischer Drug Co.

The hotel at Paywood Hot Springs is home-like and roomy and offers ample accommodations. They have no consumptives. See Santa Fe agents.

## A HUGE FLUME.

The One Now Under Construction at Carlsbad a Big Piece of Work.

The concrete flume now being constructed across the Pecos river near Carlsbad, is a tremendous piece of work and it is estimated that \$50,000 will be required to complete it. The flume will be 492 feet long, 25 feet wide, and it's bed will be 23 feet above the bed of the river. There are four leech walls 29 feet high by 5 feet thick, two entering the river bank on either side a distance of 30 feet. These abut the two first piers nearest both banks, thus strengthening them and preventing the possibility of either end of the flume ever being exposed. The piers adjoining these leech walls are 4 feet thick at base, 55 feet wide, and arched to a radius of 62 1/2 feet. Supporting the center of the flume are three arch piers 8x25x29 feet. Each arch reaches 100 feet in the clear, and has a spring at its center point of 25 feet from the bed of the river. The entire structure will be laid with blocks 4 feet thick, 8 feet wide and 25 feet long, which will constitute the floor or bed. For the purpose of giving additional tensile strength, railroad rails are bedded crossways in the floor every 2 feet. Side walls 2 feet thick and 18 feet high rest on this floor 6 inches from either edge. Iron rails are used upright in the side walls at the same intervals and connected with those in the floor. Connected with each alternate rail in the wall are still others across the top of the entire structure, thus tying both sides in solid bands of steel bedded in the concrete.

Six thousand barrels of cement will be used, and it will take from 50 to 75 men until March 15 to complete the job, which is now about one-third done. Though the floor of the flume is only 29 feet above the river bed, the canal is 34 feet 8 inches above the river. This reduces the entrance and exit of flume to 12 feet 4 inches by 20 feet. Its carrying capacity is 60,000 cubic feet per minute, which would be amply sufficient to irrigate the entire lower valley lying on that side of the river in one-third the time necessary.

## THE NEW DEPOT AT SAN MARCIAL.

It Will Be a Structure of Which the Town May Well Be Proud.

Work on the new depot at San Marcial is progressing rapidly. The building will be 140 feet by 30 feet and two stories high. A twelve-foot awning will extend over the track, around the west end and partially in the rear of the building. In the lower story will be a reading room, an amusement room, an agent's office, a boiler room, waiting rooms, baggage room and freight room. On the second floor are nine offices. The entire building will be heated by steam. There will be many large windows, a bay window, and doors with clipped glass. The interior finish will be in natural wood and the floors hard maple.

## Thirteen Freight Cars Wrecked.

Last week quite a freight wreck occurred four miles east of Deming. The drawhead of one of the cars in a freight train on the Santa Fe Railroad pulled out, and thirteen cars, loaded with coal, coke and steel rails, piled on top of each other. It took two days to clear away the wreck.

**Damaged by the Wind at Las Cruces.**  
During a sandstorm at Las Cruces last week, the 2,000 gallon tank, and the tank house of Mrs. Fred Lohman, collapsed. The hot air engines and the water pipes were damaged. The tank-house and tank were built twelve years ago and the timbers had weakened.

## Telephone Franchise Granted.

The village trustees of Deming have granted a franchise to the Luna County Telephone Company. The representative of the company has already secured over forty subscribers. Work on the construction of the line is to begin this month.

## San Marcial Pastor Resigns.

Rev. Joseph McConnell has resigned as pastor of Christ Church at San Marcial, having accepted a call to the Episcopal churches at Douglas and Nogal, Arizona. He had been rector at San Marcial the past two years.

## RUN DOWN.

When a phrase is coined out of world wide human experience it is apt to be brief and expressive. We are "run-down" we say in the endeavor to describe a relaxed physical condition, and all the terminology of medicine could not more expressively describe the actual condition than that every day phrase. It suggests the clock, perfect mechanically, but failing to record the passage of time because it is run-down.

People who have that tired out, run-down feeling will find new life in the use of Doctor Pierce's Golden Medical Discovery. This great medicine is far more than a tonic. It cures diseases of the organs of digestion and nutrition, and enables the perfect digestion and assimilation of food of which alone all physical strength is made. "The reason I delayed writing you is because I wanted to wait one year after I had taken the medicine before giving my statement, and now I can send a good, conscientious testimonial." writes Mr. Chas. H. Sergeant of Plain City, Missouri. "During the summer and fall of 1896 I became all 'run-down,' nerves were out of order and stomach out of order. I wrote to Dr. Pierce for advice. He said I had general debility, and advised Dr. Pierce's Golden Medical Discovery, and thanks to you for your advice, I used six bottles, and since stopped taking it about one year ago, I have not taken any medicine of any kind and have been able to work every day. My appetite is good, I can eat three square meals a day, and I do not feel that miserable burning in the stomach after eating. My blood and nerves are in good shape, and well-in-fact, I think I am in pretty good running order."  
Dr. Pierce's Pleasant Pellets keep the bowels active and healthy.

## GRAND CANYON OF ARIZONA.

Reduced rates now in effect from all points on the Santa Fe to the Grand Canyon of Arizona, from Santa Fe, \$38.25 for the round trip on sale daily on and after Sept. 15, 1901. Santa Fe trains now run directly to the rim of the Canon, where comfortable accommodations are provided for passengers. Round trip rates to Phoenix and Prescott from Santa Fe, \$46.25. Until six months from date of sale, for particulars call on any agent of the Santa Fe.

The New Mexican Printing Company has the best bookbinding in the southwest and the only modern bindery in New Mexico. It turns out superior blank-books, journals, ledgers and also loose-leaf ledgers and blank-books of all descriptions. The work done by it is first-class and at very low rates. Bankers and merchants in New Mexico should send their book binding work out of the territory, but should patronize this very deserving home manufacturing institution.

## IN SANTA FE.

Every Claim is Backed by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Santa Fe what can it be?

Alberto Garcia, ex-police officer of San Francisco st., says: "When a man has attacks of backache for four or five days at a time and those attacks extend over a period of two years, he must arrive at this conclusion, he is subject to some form of kidney complaint. In my case other symptoms plainly indicated that I required a medicine to strengthen my weakened kidneys, and allay inflammation of those organs. This led me to go to Ireland's Pharmacy for Dean's Kidney Pills. They certainly helped me a great deal and I did me over the last attack. If others occur, I now know how to stop them in the incipient stage."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Dean's—and take no other.

## Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mines and Mining in the Black Hills." This book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

G. W. VALLERY,  
Gen'l Agent, Burlington Route, Denver, Colo.

## Justice of the Peace Dockets.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1-3x21 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4.00  
Combination civil and criminal 5.00.

For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address  
NEW MEXICAN PRINTING CO.,  
Santa Fe, N. M.

The loose leaf ledgers which are on sale at the New Mexican office, are rapidly growing in favor. It is the best patent that has been issued and the saving to the business man in not carrying a book of 300 pages is considerable. For convenience and economy and for keeping the book up to the mark with live accounts only, the loose leaf ledger is the best arrangement yet issued.

plained their votes at length. Mr. Cristoval Sanchez then moved to postpone further consideration until 10 o'clock tomorrow morning, but this was lost by a vote of 17 to 7 on a motion to table the original motion. Mr. Pollard moved that the substitute be passed. Mr. Cristoval Sanchez promptly moved to adjourn, but the motion was lost by 5 yeas to 19 nays. Mr. Sanchez explained his vote at great length on this roll call and tried to read the existing laws regulating cattle, but as soon as he commenced to read them Mr. Llewellyn raised the point of order against him that he was not explaining his vote and Speaker Montoya ruled in favor of the point. Mr. Martin Sanchez criticised Mr. Cristoval Sanchez for censuring other members, when he explained his vote, and Mr. Cristoval Sanchez rose to a question of personal privilege to object. Speaker Montoya ruled against Mr. Martin Sanchez who continued his remarks until he had finished. When the vote on the motion to adjourn was announced, Mr. Cristoval Sanchez moved to table the motion of Mr. Pollard, but this was lost by 5 yeas to 19 nays. Mr. Bowie then moved the previous question on Mr. Pollard's motion and at the same time Mr. Baca rose and stated he had made the motion to that effect. Speaker Montoya put the question and ordered the roll called but before the clerk commenced, Mr. Cristoval Sanchez moved to adjourn. Mr. Baca and Mr. Dalles raised the point of order that a motion to adjourn could not be entertained while the roll was being called, but Speaker Montoya held that the roll call had not actually commenced although ordered and therefore the motion could be entertained. Mr. Pendleton had left the hall and on the roll call the House adjourned until 10 o'clock tomorrow morning by a vote of 12 yeas to 11 nays. Adjournment was taken at 12:50.

appoint the necessary sub-committee. John P. Victory, George W. Knaebel, Jacob Weltmer, John C. Hull and D. P. Demarest were named as a committee to meet with the proper committees of both branches of the legislative assembly relative to the pending bills.

The forecast is for fair weather tonight and tomorrow with stationary temperature. The maximum temperature yesterday was 29 at 4:30 p. m., and the minimum was 20 at 7 a. m. The temperature at 6 o'clock this morning was 16. The maximum velocity of the wind last night was 28 miles an hour from the northwest.

A ball under the auspices of the Woman's Board of Trade will be given at the Palace Hotel on Friday evening next. The price of tickets will be \$1 for each person and refreshments will be served. It should not be necessary to urge the people of Santa Fe to patronize the ball as it is known that all the money received will be for the praiseworthy purposes for which the organization is maintained. Tickets will be on sale at Fischer's and Ireland's drug stores.

The statement of the First National Bank, published in the New Mexican today, shows that the institution is not only prosperous but rests upon a solid financial foundation.

The San Juan, Porto Rico, News says: "W. W. Miner, in charge of the 25 acre orange grove owned by A. B. Gibson, Santa Fe, New Mexico, yesterday shipped to the owner a box of oranges by express, the distance being nearly five thousand miles. The shipment, barring delay by accident, will reach its destination in nine days, or about the same time required to transport California oranges to the New York market.

For the accommodation of the public, the general delivery window of the postoffice will be kept open in the future during the distribution of the mails and until 6:30 o'clock in the evening. If train No. 7 from the east arrives before 9 a. m., its mail will be distributed. The postoffice will in the future be kept open until 9:30 o'clock in the evening. As before, the registry and money order window will be kept open during the distribution of the mails and from 8 a. m. to 6 p. m. Postmaster Walter is anxious to give the public the best post office service that Santa Fe has ever had and is anxious to listen to any suggestions for the improvement of the service that may be made.

Judge J. R. McFie received a telegram this morning announcing the death of James L. Morris at Albuquerque. "Colonel" Morris was well known all through New Mexico, was born in Ireland, and has a splendid war record. He enlisted at Philadelphia, August 5, 1861, in Company C, 95th Pennsylvania Volunteers, and was discharged July 22, 1865. He then served five years in a regular cavalry regiment and was recruited, in 1874, at Fort Stanton in Captain McKibbin's Company I, 15th United States Infantry and was discharged on account of injuries in a railroad accident received while on military duty. He was a charter member of Sergeant Ben Hopner Post Guard located at Thornton, then Wallace, New Mexico, in June, 1883. He joined Carleton Post February 8, 1897. Notice of funeral hereafter.

**LEGISLATIVE POINTERS.**

Hon. M. S. Otero, of Albuquerque, was a visitor in legislative halls today.

A mass meeting of business men held at Albuquerque last evening passed resolutions in favor of establishing a new county to be formed out of the northern part of Bernalillo county.

The new county to be carved out of the present county of Bernalillo is to be named Miera, a well sounding name this. It is understood the bill for the creation of the county will be introduced in a day or two.

Council Bill No. 14, providing for a complete system of indexes in the office of each probate clerk and ex-officio recorder is still pending in the Council. It is believed, however, that when the provisions of the bill are clearly understood it will be no trouble in securing its passage. A good and complete system of indexes in each county is very necessary. Councilman Spies, who introduced the bill, is looking after its passage and will push it whenever possible.

Representative A. W. Pollard has seen to it that a copy of each bill introduced in the legislature is placed on file in the office of the probate clerk at Deming so that his constituents may go there to examine them and raise a howl before the bill is passed rather than afterwards. It's a good idea.

J. E. Saint, secretary of the Santa Fe Central Railway Company, was the guest of Speaker Montoya yesterday, and occupied a chair beside the presiding officer.

An official communication was yesterday received from the legislature of Arkansas stating that a memorial had been sent to the senators and representatives in congress from that state, asking their support for the omnibus statehood bill. Speaker Montoya sent back a courteous message of thanks on behalf of New Mexico.

A number of pamphlets and circulars were yesterday received from a school of osteopathy in Missouri which were referred to the judiciary committee of the House.

The concurrence of the Council in House Joint Memorial No. 1 as offered by Mr. Baca, caused great satisfaction among the residents of this city present in the Council when the action was taken and those in the House when it was announced. It asks the transfer of the abandoned Fort Marcy reservation to the city of Santa Fe for public purposes.

There will be seeds galore in New Mexico within a few days. Delegate Rodney has announced to the members of the House that he has shipped them two bags of seeds to be distributed throughout the territory over his frank. To the Speaker of the House he has sent six bags.

**THE COUNCIL**

(Afternoon Session.)

At 2:30 o'clock, President Chaves called the Council to order. Mr. Hughes moved to go into executive session. The motion was adopted and the chamber was cleared.

The Council was in executive session for one hour to approve and audit the account of Chief Clerk W. E. Martin. The Council then took a recess for one hour to give time for committee work and meet again in regular session at 4:10 p. m.

**MINOR CITY TOPICS**

Santa Fe Lodge of Knights of Pythias will meet tonight.

A new roller top desk for the Santa Fe postoffice arrived yesterday.

A meeting of those interested in "The Ladies Mistle Troupe" is called for Wednesday at 4 p. m. at Post Hall. All are urged to attend.

The Denver and Rio Grande train was three hours late last evening. The Santa Fe flyer mail was brought into Santa Fe shortly before 6 o'clock last evening, being six hours late.

Any person having money to deposit, will do well to call on Al. McDowell, Santa Fe, for information. For on-call deposits we pay 2 per cent per week. Best of reference. E. J. Arnold and Co., St. Louis, Mo.

George Bashford was brought to town last evening under arrest charged with having attempted to rob the post office at Tres Piedras on Thursday last. It is understood he will have a hearing on Thursday.

Exchange: Antonio L. Martinez, San Luis, Colo.; Alexander Godeux, Flambeau, Wis.; S. W. Sanders, Kennedy; F. W. Adlfinger, Paul Grabelle, Des Moines; John Stambaugh, Booneville, Ia.; Andrew Engle, Metz, Ia.; Mrs. Shay, Madrid; Mrs. P. Badaracco, Albuquerque.

The Denver and Rio Grande train came in as a double header last evening with 13 loaded freight cars. When the train left Antonio it had 23 cars of freight. Some of the mail it brought in was postmarked at Denver on February 4, or in other words it took five days for letters to come from Denver to Santa Fe.

Palace: M. S. Otero, C. C. Hall, A. Harsh, W. B. Childers, A. Singer, Albuquerque; Carl A. Dalles, Belen; L. C. Hild, F. A. Manzanarez, J. Smith, Las Vegas; M. W. Bensabat, J. Rotundo, Chicago; J. H. The following letters are held at the postoffice for postage or for proper address: John Wamannaker, New York; Don Jose de Lourdes, Barranca, N. M.; Miss Ramona Bynum, Galisteo; John D. Morris and Company, 1201 Chestnut St., Philadelphia; a postal card signed Joseph and Elsie; Miss M. E. Shultz, 401 South Second St., Albuquerque, N. M.; Senor Don Jose M. Sabidra, Arizona; Cesarito Montoya, Santo Domingo, Thornton; The Lipman Supply House, Chicago.

At the regular meeting of Carleton Post, G. A. R., held on Saturday evening, Jacob Weltmer was duly installed by Post Commander John R. McFie as chaplain. A committee consisting of Jacob Weltmer, William Bolander, J. P. Victory, George W. Knaebel and E. F. Hobart was appointed to take under consideration the holding of a bean bake on February 22 or at some later date. The committee has full power to

**PERSONAL MENTION**

James L. Morris of Thornton, is reported to be very sick at Albuquerque.

E. W. Eaton of Socorro, is in the city on a visit to his daughter, Mrs. C. H. Gildersleeve.

Allen J. Papen, postmaster at Las Cruces, and owner of the Rio Grande Republican, is in town reviewing legislative sights.

Walter M. Danburg of Las Cruces, who is connected with the press of that town, is among Santa Fe's visitors. He is interested in legislative proceedings.

Isidor Armijo, the efficient and popular county clerk of Dona Ana county, arrived in town yesterday and will remain a day or two. He is interested in some matters before the assembly.

Hon. F. A. Manzanarez of Las Vegas, who has been sojourning during the past month at Antonio Joseph's bathing establishment at Ojo Caliente, arrived last evening, greatly improved in health. He went to Las Vegas this morning.

A. B. McDonald of El Progreso, Valencia county, a sheep owner, is here to hire men to take care of the flocks during lambing time. He finds it very difficult to secure labor of that kind. Mr. McDonald reports that men were engaged six months ago and their wages paid them in advance in order to hold them. The outlook for sheep is fine.

Hon. F. A. Hubbell arrived from Albuquerque this noon.

Charles L. Bishop is indisposed and confined to his residence.

W. B. Childers, Esq., U. S. Attorney for New Mexico is in town on legal and legislative business.

Antonio Romero, of Nambé, in the northern part of this county, is visiting the town on business.

J. H. McCutcheon, editor of the Albuquerque Industrial Advertiser is in town picking up points for his paper.

J. L. Hubbell, of Albuquerque, who is mingling with the members of the Assembly, was an arrival from the Duke City last night.

Hon. M. S. Otero of Albuquerque, former delegate to congress is a visitor to the capital and is watching legislative proceedings.

Doctor U. S. Cox of New York, interested with A. R. Gibson in mining matters is in the city. He will remain in the territory about two months.

Sherrif Thomas S. Hubbell of Bernalillo county arrived from the Duke City last evening. Legislative proceedings interest him to some extent.

A. Harsh of Albuquerque a member of the board of county commissioners of Bernalillo county arrived last night from the Duke City. He is viewing legislative sights.

Felix Grant, a merchant of Tres Piedras, is in town as a witness in the case of George Bashford, charged with an attempt to hold up the Tres Piedras postoffice.

Letters received by Mr. and Mrs. Marcus Eldodi from Frankfurt, Germany, state that Miss Lillian Eldodi, their daughter, who left here about a month ago, has safely arrived and is now attending the school conducted by Mrs. Eldodi's sister in that town. Miss Lillian had a pleasant voyage and arrived safe and sound.

Professor C. J. Crandall and Inspector Frederick Neiser of the Indian office, returned on yesterday from a lengthy

**BOWLING ALLEY NEWS**

C. W. Dilts has opened a bowling alley in the building on Lower San Francisco street, formerly occupied by Leo Hersch as a feed store, and bowling is all the rage. The best of order is maintained, and the leading people of Santa Fe patronize the alleys.

The highest score this week was made by W. D. Newcomb, which was 161, and second best was by W. H. Wherry.

Canon City lays claim to having the champion woman bowler of Colorado, in the person of Miss Rosa Beecher, aged 17, who yesterday established a record of 231 points. Santa Fe has just as good, if not better lady bowlers, whose names and records will be published in a few days.

Did you ever try bowling? There is no more healthful and pleasing exercise. The old and young, male and female, enjoy it. Try it once and you will again.
