BOERS RETREAT!

British Swarming all
Over the Transvaal.

Rioting in New Orleans Be-
ing Suppressed.

Testimony in the Goebel Murder
Trial in Kentucky.

HANNA PLEASED WITH SITUATION.

London, July 27.—South African news, while confused, is reassuring. Lord Roberts continued his advance to Bulwer, where General Botha has established headquarters for many weeks. The Boers were in full retreat eastward and General French and Hutton were driving the Boers before them on each flank of the railway. Lord Roberts is aiming to drive President Kruger and General Botha to the Lydenburg district, where they can be starved out at leisure when railway communications with Delagoa Bay are broken off.

GOEBEL MURDER TRIAL.

Many of Witnesses in the Celebrated Criminal Case.
New York, July 27.—The first day of the Goebel trial today was Judge James D. Black, of New York, who was a candidate for the democratic nomination for governor before the recent state convention. He testified as to a letter Powers wrote to James Stevens, at Danburyville, February 29, in which the statement, "I am largely responsible for the disorganized condition of the democrats," was used.

Private Dudley Williamson, a member of the military company which took charge of the state house immediately after Goebel was shot, testified that the members of the company were drawn up in the building that morning prior to the shooting. The witness said the company previous to that day had not been informed.

George Weaver, of Denver, Colo., was the next witness. He was in Frankfort at the time of the assassination, and was just entering the rear of the capitol grounds when the shot was fired. Witness looked in the direction of the executive building and saw the muzzle of a gun pointing from the secretary of state's office. Witness thought he saw the hand of a man holding the gun.

Hanna is Pleased.
New York, July 27.—Senator Hanna, chairman of the republican national committee, reached national headquarters shortly after 10 o'clock today. Mr. Hanna said he was much pleased with the situation, but at present had little to say for publication. Mr. Hanna went into conference immediately with Cornelius N. Bliss, Senator N. B. Scott, Joseph H. Manley and J. A. Gibbs.

Suspect Chinese Duplicitous.
London, July 27.—The alleged departure of the minister from Peking has led to the resurrection of the belief that the story is part of a deep laid plan by China to conceal the date of the mass-

acre in Peking, the suggestion being that the Chinese officials will claim that the ministers left Peking under a strong escort, but were ambushed and massacred by the Boers en route to Tientsin. However, although it is still believed that the massacre occurred at the foreign colony at Peking, the dispatch now is to think the ministers were somehow rescued from a tragic fate.

Military Stations Pillaged.
Paris, July 27.—The consul at Kan Kow telegraphs to the foreign office that two military stations at Chien have been pillaged and the Lazarist establishments burned. The viceroys spontaneously took measures to restore order again.

Word from Peking.
Boston, Mass., July 27.—The American board of commissioners for foreign missions to-day received a cablegram from Rev. Henry B. Fowler, missionary, dated Che Foo, July 23, containing the words: "Peking; alive."

TRYING TO HEDGE.
Bryan Will Try to Ignore Free Cabbage of Silver.

Lincoln, Neb., July 27.—W. J. Bryan said to-day that in his notification speech at Indianapolis he would follow the plan he pursued at the notification meeting of 1896.

"The platform that year," he said, "declared the money question the paramount issue, and in my notification speech I devoted almost all the time to discussion of that question. This year the platform declares the question of imperialism to be the paramount question and it will be the only one dealt with at any length in my notification speech."

Chairman Jones.
New York, July 27.—Senator Jones, chairman of the national democratic committee, reached the city to-day. He said the democratic state committee would manage the campaign in New York until it might be deemed necessary to establish national headquarters.

QUELLING RIOT.
New Orleans Authorities Have the Mob Under Control.

New Orleans, July 27.—The situation this morning is much quieter and it is believed, except for isolated cases of disorder, that the authorities have the lawless forces well in hand. The night passed with comparative absence of violence except the atrocious murder of Hannah Mabry, an old negro, at 1229 Rousseau street. The mob went into her house at 1 o'clock this morning, possibly to catch a couple of desperate negroes, broken into the house and shot the women. There were disturbances reported this morning in various parts of the city. Special police made a number of arrests. The city has been full of rumors of the capture of Charles, the desperado who slew Lamb and Day and wounded Mors, but he has not yet been apprehended. Mayor Capdeville said at daybreak that the situation was much improved. Several hundred negroes have left the city.

Judge Baker to-day delivered a strong charge to the grand jury on the riot. Many witnesses have been called. Two more police officers, Sergeant Parsons and Corporal Lally were killed by negroes.

Ordered to Leave.
London, July 27.—In missionary circles at Shanghai, according to a dispatch received here to-day, it has been learned that all missionaries in Pao Tung, province of Pe Chi Li, have been ordered out. All the people at the mission at Amoy, province of Fo Kien, are reported well.

German Troops.
Bremen, July 27.—Part of the German expeditionary forces for China sailed to-day on three transports.

CHINESE PROPOSITION REFUSED.

London, July 27, 11:30 a. m.—This morning's reports from Shanghai reiterate the allegation that the surviving members of the diplomatic corps have already left Peking on their way to Tientsin, and add that the foreigners are being escorted by the troops of Jung Lu, commander-in-chief of the Chinese forces.

This move is stated to be the outcome of stormy interviews between Li Hung Chang and the foreign consuls and to have been taken in the hope of abating the wrath of the powers and in delaying the advance of the allies toward Peking. Advice from the same source states that half of the foreigners in Peking have been killed or wounded or died as the result of the privation they have undergone.

Simultaneously comes the following cable dispatch to the Daily Mail: "Shanghai, July 27.—A letter just received here from Sir Claude MacDonald, dated Peking, July 6, reads as follows: 'We are receiving no assistance from the authorities. Three legations are still standing, including the British. We also hold part of the city walls. The Chinese are shelling us from the city with three-inch guns and some smaller ones, and are sniping at us. We are short of food and ammunition. We would have perished by this time only the Chinese are cowards and have no organized plan of attack. If we are not rescued we may hold a fortnight longer; otherwise four days at the utmost.'

"Anticipate only slight resistance to the relief force."

The losses of the foreigners at Peking up to July 6 were four killed and eighty wounded."

Missionaries Murdered.
Toronto, Ont., July 27.—The China inland mission received the following cablegram from Shanghai this morning: "All missionaries murdered at Pao Tung Fu."

The China inland mission has two missionaries stationed at Pao Tung, in the Province of Chi Li, just about the same distance from Peking as is Tientsin, but further inland. These missionaries, Mr. and Mrs. Bagwell, and their three children, undoubtedly perished. The North American Presbyterian board and the American board of missions, the latter being mostly Congregationalists, also had workers at Pao Tung.

Prince Tung's Troops Defeated.
Berlin, July 27.—A dispatch received to-day, dated Tientsin, July 24, says: "A messenger who left Peking on Sunday, July 15, brought to-day to the customs office here news that Prince Tung's soldiers are fighting and Prince Tung's troops have been defeated. The foreigners were defending themselves in the northern cathedral, near the forts of the forbidden city."

The Oregon.
Washington, July 27.—The navy department to-day received the following cablegram from Captain Wilde, commander of the Oregon:

"Kure, July 26.—Ship docked; structural strength intact."

Chinese Proposition Refused.
Washington, July 27.—The United States government absolutely refused the Chinese proposition to suspend military operations against Peking in return for the delivery at Tientsin of the foreign ministers.

Chinese Frenzies.
Minneapolis, July 27.—Charles Goodnow received a letter from his brother, Consul General John Goodnow, at Shanghai, in which he says: "The Chinese are leaving this city at the rate of 2,000 or 3,000 a day. The purpose of their going or destination is not known."

Protection of French Subjects.
Paris, July 27.—At the cabinet council to-day, the minister of foreign affairs, Delcasse, stated that full powers had been given the French consuls in China to take such measures as was recommended by the situation to ensure the protection of French subjects.

Foreigners Killed.
Washington, July 27.—The department of state is in receipt of a cable dispatch from Consul Fowler, at Che Foo, in reply to one sent him asking information of the missionaries. Fol-

lowers only one missionary, presumably French, is known to be in the interior of Honan. At Shan Tung only Americans are situated. Those not rescued are persons who went to Peking, belonging to the American board of foreign missions and are believed to be Arthur Smith and wife, the Wyckoff sisters, Chapin, wife and two children.

Probably Killed.
Washington, July 27.—The following dispatch has been received at the state department from Consul General Goodnow, at Shanghai, dated July 25: "An official telegram, received here on the 18th, said that all the foreigners and many native Christians had been killed at Tiao Tung, and the missions burned. The Americans are the Sinch another named Perkins and Miss Gould Morrill. Customs office reports disturbances at Yuan yesterday."

The cablegram is somewhat confused, but is given out exactly as received by the state department. It probably means that the Americans killed comprised the Sinch family, either a man or woman named Taylor, another named Perkins and Miss Gould Morrill. Tiao Tung is about seven to five southwest of Peking.

War Munitions.
Philadelphia, July 27.—Heavy orders were received to-day by Major Heath, commanding the government arsenal at Frankfurt, to begin work at once on a large supply of 20-calibre revolver cartridges and shrapnel. Heath was ordered to increase his working force from 500 to 750 men and work from 7 a. m. to 7 p. m.

Buying Islands.
Washington, July 27.—Arrangements practically have been completed for the purchase from Spain by the United States of the islands of Cebu and Cagayana, which were left in Spanish possession by the treaty of Paris, although a part of the Philippine archipelago.

ENCOURAGING WORDS.
Or the Good Will and Confidence of the Public are within the Reach of Every Man in a Legitimate Business whose Policy is Honesty.

Hall & Larnard believe in the above statement. They believe that right respect and good will is worth more than the money value of a sale. Therefore, if we can only sell you a piano by misrepresenting, would it not be poor policy to sacrifice that which we value most for the sake of one sale? Hall & Larnard will continue to tell the truth about their own pianos, which, by the way, they find more profitable than spending their time talking about other people's pianos.

Careful buyers should bear in mind this: Hall & Larnard pay cash for pianos, therefore, are in position to quote lower cash prices or easier terms than commission dealers. Have you heard the tone of a Chickering? Bros' piano? If not, why not? Write Hall & Larnard for prices and catalogue.

Theatre Friday Night.
The Rago company returns for two performances this evening, Friday night and Saturday matinee, in the grand play, "Little Lord Fauntleroy." The matinee should surely be packed with little folks and Friday night the house should be crowded as "Fauntleroy" is of as much interest to grown people as children. Seats now on sale at Mat. son's.

WASHINGTON TOWN BURNED.

Salt Lake, Utah, July 27.—The outlook for the sheep business in Utah, said a leading sheep raiser on his return from a visit in the southern part of Utah, "is the worst I have ever seen. Everywhere I went I found the ranges so parched that every vestige of grass had disappeared, and in many places the brush was dead from lack of moisture. All the sheep and cattle are much wasted in size. Large numbers of sheep from this section are being driven to the Big Horn basin country. Adverse reports also come from all surrounding states."

Revolution Ended.
Panama, July 27.—The treaty of peace between the government and the revolutionists has been signed. This action followed directly after the most desperate battle of the entire revolution in which the losses on each side were very heavy. Amnesty was granted to all the revolutionists.

Town Burned.
Tacoma, Wash., July 27.—The telephone station at Buckley, Wash., reported that fire this morning there caused the loss of twenty-seven buildings and practically the whole town is wiped out. The fire was gotten under control at 4:30 this morning. The total loss is \$14,000.

Postoffice Robber Arrested.
Los Angeles, Cal., July 27.—Florence L. Gaxiola, a Mexican, 16 years old, has been arrested on the charge of robbing the Nogales postoffice of \$5,000 on the night of March 21. He confessed his guilt.

Newhall, the newly appointed county collector and treasurer, for \$125,000, was introduced and approved, being filed with the probate clerk. His surety is the American Bond and Trust company, of Baltimore, Maryland, and Mr. Newhall expects to take possession of the office to-morrow. Juan Amaya resigned as constable of precinct 12, and the commissioners appointed in his stead, Adolfo Gonzalez. The commissioners then adjourned, subject to call of the chairman of the board.

The Way the Windows Look

Is often accepted as a guide to the taste and refinement of the housekeeper, and is most often the factor that favorably or unfavorably influences. One should see to it that this feature is correct. That the windows are in line with fashion's requirements. New styles in lace curtains: new and dainty patterns of muslin and bobbinet curtains, are ready. There's an economy of price, a special reasonableness, that makes possible the prettiest windows at but nominal cost. These are especially good!
