WAR IN CHINA!

Brilliant Victory for the
Allied Forces.

Native City of Tien Tsin is
Burned.

Another Dispatch from Minister
Conger Dated on July 4.

ACTION ADMIRAL KEMPF COMMENDED.

Chicago, July 25.—A dispatch to the Record from Tien Tsin, dated Saturday, July 21, via Shanghai, says:
At daylight this morning the combined forces turned the attack upon the Chinese left, which was penetrated. As the Russians failed to make a suitable bridge across the canal the Chinese made a smart counter attack on our right, and left our posts. This was repulsed by a handful of men, who fought with great bravery, but with heavy casualties. No American was injured.
At 1 o'clock in the afternoon the allies bombarded the native city and after an hour of magnificent work by two four-inch guns and three 12-pounders, the fort and adjoining military post was in flames. Their destruction was complete. The fort replied feebly with a few rounds, when one man got the exact range and fired several incendiary shells. This is the first time that has been seen since July 17.
The allied forces spared portions of the native city from which operations had not been directed.

Going to Taku.
Washington, July 25.—Adjutant General Corbin received a cable dispatch to-day from General Chaffin, announcing his arrival on the transport Great at Nagasaki, who cables all well. As soon as the Great is coaled she will proceed to Taku. General Chaffin on his arrival received a cable dispatch announcing his appointment as major general of volunteers.

No News from Peking.
Washington, July 25.—The state department has received a cable dispatch from Consul General Goodnow, but it is stated that it contains nothing to clear up the situation at Peking. Goodnow says Li Hung Chang will remain at Shanghai at present and conduct negotiations from that city. There is an intimation that Earl Li is detained at the request of the foreign officials, although this is not so stated by Acting Secretary Hill. No information has been received from the Chinese legation or the Chinese government in response to President McKinley's message to the emperor.
No answer has been received from the second dispatch sent Minister Conger, through Minister Wu, but it is stated that when the reply is received it will probably set at rest all doubts as to authenticity.

Admiral Kempf Commended.
Washington, July 25.—The navy department has received the mail reports of Rear Admiral Kempf, explaining the reasons for refusing to join with the ships of the other powers in the attack on the Taku forts and giving an account of the attack, which included many details not heretofore published. Admiral Kempf also includes a report of Commander Wiley, of the Monocacy, giving a graphic account of the action. Rear Admiral Kempf's explanation for

refusing to participate in the attack on the fortifications of a power with which we were at peace is warmly commended by Secretary Long.

Endorse the strike.
St. Louis, July 25.—President Compton, of the American Federation of Labor, who has been here investigating the strike of the employees of the St. Louis Trust company, left here for Chicago. W. D. Mahan, president of the Amalgamated Association of Street Railway Employees of America, said before leaving here that Compton endorsed the strike and said the movement would have the support of the American Federation of Labor. According to Mahan, President Compton fully sympathizes with the men in the resumption of the strike on July 9, and adds that he declared that he would not have agreed to the terms of settlement on July 2, by which the strike was temporarily declared off.

Fatal Explosion.
Chicago, July 24.—Shortly before noon today an explosion occurred in the chemical department of the Windsor Cellulose Colloid company, in the fourth floor of 125 Dearborn street, setting fire to the building and resulting in the death of three women, fatally injuring to another and minor injuries to five other persons.
The dead—Mrs. Ellen McLaughlin, two unknown girls.
The injured—Grace Peterson, fatally; Viola Ritter, an unknown man cut by falling glass; two unknown women cut by falling glass.
There were twenty-five girls working in the Windsor Colloid company when the explosion occurred.

MESSAGE FROM CONGER.

Last Authentic News Received from the American Minister.
Washington, July 25.—The following cablegram has been received at the navy department:
"The Foo, July 24.—Navigation bureau, Washington. A written message, signed Conger, dated July 4, received at Tien Tsin, July 21, says: 'I have been two weeks at British legation. Grave danger of general massacre by Chinese soldiers, who are shelling the legation daily. Relief soon. If at all, only without government, except by Chinese army. Determined massacre all foreigners in Peking. Entry of relief forces into the city will probably be hotly contested.'"
(Signed) "THOMAS."
The message came from Captain Charles M. Thomas, commandant of the Brooklyn.

Alive and Well.
Washington, July 25.—The state department received a cablegram from Consul McWade, at Canton, saying that Viceroy Tak gives assurances that all the foreign envoys at Peking were alive and well on July 21.

WAR IN AFRICA!

Boers Retreat from
Near Pretoria.

Baden-Powell Has Skirmish
with the Boers.

Two Hundred Welsh Fusiliers and
Supply Train Captured by Boers.

GOEBEL MURDER TRIAL.

London, July 25.—The war office has received the following dispatch from Lord Roberts:
"Candemere Station, July 24.—We made a general advance yesterday from the position we have been holding east of Pretoria, since June 12. In the morning, from the north, reached Rensburg, seven miles north of Candemere, on July 24. This is a completely surrounded enemy's line of retreat that they abandoned the strong position they have been occupying in front of. The Boers, Stephen's brigade advanced yesterday unopposed to Laun's River station. Our night is protected by the First and Fourth brigades of cavalry and French and Hutton's mounted infantry. The former crossed the East Wilge river. Telegraph and railway communication restored last night.
"In the supply train captured at Candemere were 200 Welsh fusiliers, most of whom had been prisoners. DeWet's force continues to move northwesterly. It was at Roodpoort, July 22, with Broadwood not far behind and Little's cavalry brigade following Broadwood.
"Baden-Powell reports as follows: 'Magato Farm, July 22.—Colonel Grey and Lushington, with 450 men, drove 1,000 Boers from a very strong position and scattered them with considerable loss. Our casualties were six killed and nineteen wounded.'"
It is not clear whether the supply train and the 200 fusiliers mentioned in the above dispatch is identical with the train and the 100 Boers mentioned in the capture, which was reported by Lord Roberts in his communication of July 22.

Kentucky Murder Trial.
Georgetown, Ky., July 25.—A dozen or more witnesses who have been summoned on behalf of the commonwealth in the trial of Caleb Powers, charged with complicity in the shooting of Governor Goebel, were excused to-day on motion of the prosecution. As the same thing has occurred each week since the motion, the total list of witnesses for the prosecution has been reduced very materially. Some of those excused were put upon their recognizances to appear in testimony in the case of Yontey and others. This is the fifteenth day of the trial. The defense has asked that Robert Nookins be called that it might kill the case.

Strike Settled.
Vancover, B. C., July 25.—The trouble with the striking fishermen at Stevenson is practically settled. The presence of the militia has taken all the fight out of the strikers.

ATTORNEY MONTOYA.

Served with a Warrant for Adultery
at his Marriage this Morning.

PARTICULARS OF THE CASE TO DATE.

Thomas C. Montoya, the heavy-weight Spanish attorney, is in a peck of trouble just on the beginning of a honeymoon, the attorney becoming a benedict, by legal and authorized methods, this morning.
Some time last fall or winter, Mrs. Montoya, his first wife, owing to certain actions by and reports about her husband, sued for an absolute divorce, and secured a decree. She then returned to her home at Windsor, where she is now residing.
The attorney then bestowed his bewitching smiles and affections upon Miss Mauda Navarro, a young Mexican girl, who came here from Santa Fe to do housework. To this household, unlawfully, one night came a small, diminutive human being. It is said by some to the physician in attendance. Sir Thomas declared that the child "looked just like him."
However, his move for Miss Navarro grew cold and off times reports came from neighbors that he was cruel and brutal toward her.
In any event, he found a young girl, they say about 15 years old, and the daughter of one Guero Martinez, in the northeastern part of the city, to love, and he turned his attention to her, which resulted in their marriage this morning at 9 o'clock at the Presbyterian Spanish mission church, located in that part of the city.
After the ceremony the happy couple,

DESPERATE FIGHT

Chinese Attack the
Allied Forces.

Allied Loss 100 and Chinese
Lost 300.

Battle Lasted Four Hours and was
Hand to Hand.

CHINESE FINALLY DEFEATED.

Tien Tsin, Wednesday, July 11, via Shanghai, Tuesday July 24.—(Copy-right, 1900, by the Associated Press.)—The allies to-day sustained 100 casualties in repelling an early morning attack on the railway station across the river from the foreign settlement. A regiment of Japanese, a battalion of French from Tonquin, and the Hong Kong Sikhs participated in the fighting, driving the Chinese before them at the point of the bayonet. Killing is estimated, 300 of them.
The allies had planned general movement against the Chinese position, and a contingent of the Ninth United States Infantry had landed at midnight, prepared to advance. The movement was postponed, however, after part of the troops started, on account of the difficulties encountered in crossing the canal. The Chinese, apparently, had been informed of the plan, and gathered in large force opposite the station. These opened fire with rifles and field guns, and the advancing foreigners were met by severe infantry fire, the Chinese creeping close to the station, behind the cover of the tanks. The fighting began at 3 o'clock and lasted four hours, soon becoming a hand to hand conflict. A Japanese company, leading the charge, lost all its officers. Five Japanese officers and fifteen privates and six Frenchmen were killed and six wounded.
Two British four inch guns, mounted at the lower end of the settlement, bombarded the Chinese position with shrapnel, firing at Pagodas on the walls of the native city. Two more guns are being mounted. There is great need of more guns to displace the Chinese artillery. Plenty of light batteries are arriving.
A British officer, who was in Ladysmith throughout the siege by the Boers, says that the severity and accuracy of the Chinese shelling during the past week exceeded the bombardment of Ladysmith. The heat is intense.

Kansas Democrats.
Fort Scott, Kan., July 25.—The democratic organization here, with unexpected ease, swung into line for the support of the conference committee, trading the office of associate justice for attorney general. As soon as this action was made known to the popular gathering it nominated Judge David Martin, for associate justice by acclamation; selected John W. Briedenthal, of Topeka, for governor, and took a recess until afternoon, when it will finish the nominations. The democrats named the following part of the ticket, in accordance with the previous fusion plan: Treasurer, Conway Marshall; attorney general, Hugh Farrell; secretary of State, J. B. Goshorn; presidential electors, B. Corntenson, H. J. Ross, and J. B. Fugate. The other republicans nominated Webb McCall, insurance commissioner, and James Patton and W. R. Turner, electors.

Passenger Train Wrecked.
St. Louis, July 25.—A special to the Post-Dispatch from Benton, Ill., says: A solid vestibule train, south bound, on the Chicago & Eastern Illinois railway, was wrecked near here at 11 o'clock to-day. Otto Neid was killed and twenty-five other passengers injured.

A Victim of Consumption.
S. L. Shaver, known as "Lacy," died at his room, No. 402 north Second street, this morning at 4:20 o'clock from consumption.

A few days ago, when his condition was very low, Mayor Marron telegraphed the facts to his brothers at Penning, North Carolina, and they replied, asking that he be sent to them at once.

This morning Carl Hoffman, at whose house he was stopping, wired the brothers of his death, and the body will be held by O. W. Strong & Sons, undertakers, waiting an answer from them.

The deceased was about 20 years of age, and came here from Chicago about two years ago. He had a room at Mr. and Mrs. Carl Hoffman's, and they gave the sick man every care and attention.

THE WAY THE WINDOWS LOOK

I often am asked as a guide to the taste and judgment of a home-maker, and I am most often the factor that favors or unfavorably influences. One should see to it that this feature is correct. That the windows are to line with fresh linens, quilts, new styles in lace curtains, new and dainty patterns of quality and beautiful curtains, are ready. There's an economy of price, a special recommendation, that takes the place of the best window at a nominal cost. These are especially good!
