President Asked to Settle Chinese Trouble.

Foreign Ministers Sent to Tien Tsin.

Hearing the Case of Neely, the Cuban Embezzler.

JESTER MURDER TRIAL.

Washington, July 24.—The correspondence of the United States and the emperor of China was made public by the state department today. After reviewing the events since the first outbreak of the trouble, the emperor said: "We have just received a telegraphic memorandum from our envoy, Wu Ting-fang, and it is highly gratifying to us to learn that the United States government, having in view the friendly relations between the two countries, has taken a deep interest in the present situation. Now China, driven by irresistible course of events, has unfortunately incurred well-nigh universal indignation. For settling the present difficulty, China places special reliance in the United States. We address this message to your excellency in all sincerity and candor and with the hope that your excellency will devise measures and take the initiative in bringing about a concert of the powers for the restoration of order and peace. A favor of this kind is earnestly requested and awaited with the greatest anxiety."

Signed: Twenty-sixth day, Sixth Moon. Twenty-third day, Eighth Moon.

The cablegram was at once communicated to the president at Canton, Ohio, and the following is his reply: "The president of the United States to the Emperor of China.—Greeting: I have received your majesty's message of July 19, and am glad to know your majesty recognizes the fact that the government and people of the United States desire of China nothing but what is just and equitable. The purpose for which we landed troops in China was the rescue of our American citizens and the protection of the lives and property of Americans who are sojourning in China. In the enjoyment of the rights guaranteed them by treaty and by international law, the same purpose has been publicly declared by all the powers which have landed military forces in your majesty's empire."

"I infer from your majesty's letter that the manufacturers who have disturbed the peace of China, who have murdered the minister of Germany and a member of the Japanese legation, and who now hold besieged those foreign diplomats who seek to live, have not only not received any favor or encouragement from your majesty, but actually are in rebellion against your imperial authority. If this be the case, I most solemnly urge upon your majesty's government to give public assurance whether the foreign ministers are alive, and if so, in what condition."

"Second.—To place the diplomatic representatives of the powers in immediate and free communication with their respective governments and remove all danger to their lives and liberty."

"Third.—To place the imperial authorities of China in communication with the relief expedition, that co-operation may be secured between them for the liberation of the legation, the protection of foreigners and the restoration of order."

"If these objects are accomplished, it is the belief of this government that no obstacle will be found to exist on the part of the powers to an amicable settlement of all questions arising out of the recent troubles, and the friendly good offices of this government will with the assent of the other powers, be cheerfully placed at your majesty's disposition for that purpose."

"WILLIAM MCKINLEY."

By the President: JOHN HAY, Secretary of State.

Foreign Ministers Safe.

Washington, July 24.—The Chinese minister received a dispatch this morning from Sheng, director of railroads and telegraphs at Shanghai, stating that the foreign ministers had been sent from Peking to Tien Tsin under escort; also that the imperial government not only has been protecting them, but has supplied them with food.

Case of Neely.

New York, July 24.—The hearing of the case of U. P. Neely was continued today, with George Marshall, of the financial department of Cuba, on the witness stand. United States District Attorney, for the prosecution, paid particular attention to the fact that the safe which contained whatever funds were in the postoffice, had the outer door always open and there was a general laxness about handling the funds.

Jester Murder Trial.

St. Louis, Mo., July 24.—A special to the Post-Dispatch from New London, Mo., says:

A state court rested the case on the trial of Alexander Jester for the murder of young Gales today, and P. H. O'Brien, chief counsel for the defendant, petitioned the court to find the defendant not guilty. The petition was promptly granted. The testimony for the defense will begin this afternoon.

CHINESE SITUATION.

English Tired of Waiting on the Imperial Government.

London, July 24.—One month to-day has elapsed since Sir Robert Hart, director of the Chinese maritime customs, managed out of Peking the last piece of news that appeals authoritatively to Europe, and apparently the only method by which the Chinese court can vindicate its veracity here is to transmit a cable and a newspaper letter from some authoritative source.

Admittedly the Chinese foreign office possesses facilities to set all doubts at rest. Li Hung Chang's reported statement to the effect that while the foreigners are alive, they will be killed immediately if the allied forces entered Peking, is regarded by those who credit the reported survival of the foreign ministers as an indication that the latter are held as hostages and their lives will be made subject to negotiations by the Chinese. Hence Li Hung Chang's anxiety to keep the powers from Peking as long as possible.

Yellow Fever.

Washington, July 24.—A dispatch has been received at the war department from Havana, and says that General Linares has obtained information from Pinar del Rio that the nine deaths there last month, reported as pernicious malaria, is now believed to have been yellow fever. Dr. Reed, and specialists, sent to Pinar del Rio by General Lee, reported that yellow fever exists among the troops.

Fight Imminent.

New York, July 24.—A dispatch to the Journal and Advertiser from Shanghai says:

"Three thousand Russians have arrived at New Chang from Port Arthur, and their advance is blocked by 10,000 Chinese troops near there. Fighting is imminent. The Chinese will bar further progress."

FAIR COMMITTEE!

Big Business Transacted Last Night.

Every Member Present and All Talked.

Preliminaries Set for a Big Fair This Fall.

"QUEEN OF THE CARNIVAL" WANTED.

One of those enthusiastic meetings—a meeting that makes everybody connected therewith feel encouraged and ready to do lots of good missionary work—was held by the executive committee of the New Mexico Territorial Fair association last night at the city building, every member being present and all anxious to make the approaching exhibition the biggest and best ever held by the association.

The president reported that the subscription list, which is slowly crawling up to good proportions, is yet nearly a thousand dollars behind the amount subscribed last year, and attributed this delinquency to a few liberal subscribers who were not quite ready yet to place their names on the list, but had signified their willingness to help along the good cause in a very short time.

The committee was informed that letters had been written to certain influential gentlemen on the subject of securing the famous military band and orchestra of Chihuahua, Mexico, and that the prospects were exceedingly bright for the fair visitors to hear those famous musicians here during fair week in September.

Discussion as to the employing of other bands was made, but no definite action taken.

Regarding the troops at Fort Wingate, the committee was told that General Nelson A. Miles had, in his answer to letters from this city, stated that no troop of the Ninth cavalry could be granted permission to visit Albuquerque this fall, owing to the fact that they would be kept on the move—some going to China, and others to more distant parts. Efforts were then made to get Troop C, of the Fifth cavalry, to visit Albuquerque and take part in the fair festivities, and these soldiers will be seen here in the fall, when they will give some of their exciting and interesting drills and skirmishes.

It was decided to give money prizes for tug-of-war contests, rock drilling, croquet, foot racing, bicycle riding and, of course, for base ball games. These prizes, with program in connection therewith, will be officially announced and arranged in a few days.

It was also decided to give money prizes and medals for the best arranged booths in front of stores and for displays in the "trades" display and parade, dividing them into first and second prizes.

Mrs. W. V. Walton was engaged to present to the fair visitors some pretty and appropriate platform features—something entirely new in character and design. A talk by little people will be given by Mrs. Walton, and for this event gold medals will be presented by the association to the winners.

The committee was informed that letters had been written to a first-class eastern amusement company for balloon ascensions and many other events, and to the Los Angeles fireworks factory asking that terms and contracts be at once submitted and answers to these letters are expected in a few days.

The fireworks will exceed anything of the kind ever seen in this country, and one of the events will be devoted almost exclusively to "presidential" year.

The idea of having an art exhibition was thought favorably of, and several well-known ladies, who usually take an interest in this matter, have been seen and appealed to for their help.

The question of decorations, floats and booths was discussed and the committee hopes that all merchants will lend their assistance toward making Albuquerque look cheerful and pretty during fair week.

A few days ago The Citizen, believing in the beautiful, suggested the idea of a queen for the carnival, with four lovely maidens of honor, and since then the idea has grown into big proportions. At the meeting last night the proposition was fully discussed, and it was finally decided to publish in the daily and weekly newspapers of the city an article, attached thereto a blank coupon, with a lady's name written thereon, to be sold for ten cents, the vote to be deposited in a box kept at the printing offices. The proceeds to be obtained therefrom will be used in the appropriate and handsome decoration of the floats to be used by the queen and her maids. This feature will begin on August 1 and continue for one month, at the conclusion of which a committee will be appointed to count the votes. The lady receiving the highest vote to be designated "Queen of the Carnival," and the next four receiving a majority of the votes to be "Maids of Honor."

HEAVY COST!

Expense of the South African War.

Fatal Railway Accident in Wisconsin.

Police Captain New Orleans Killed by Negroes in a Riot.

KENTUCKY MURDER TRIAL.

London, July 24.—Supplementary estimates necessitated by the prolongation of the war in South Africa amount to £11,500,000, making a total of £34,000,000 voted for this purpose, and bringing the total army estimates up to £78,500,000.

Riot in New Orleans.

New Orleans, July 24.—Police Captain John T. Day and Patrolman Peter J. Lamb were killed by negroes in a riot early this morning.

Fatal Railway Accident.

La Crosse, Wis., July 24.—Milwaukee passenger train No. 2 ran into a landslide near Wabasha, Minn., about 1 o'clock this morning. The engineer and fireman were killed and several injured.

KENTUCKY MURDER TRIAL.

Telegrams sent to and from Frankfort required by the court.

Georgetown, Ky., July 24.—The prosecution in the Powers case this morning was a two-sided subpoena duces tecum against the managers of the Postal and Western Union telegraph offices at Frankfort, requiring them to bring into court all cipher telegrams sent through their offices between the dates of December 22 and February 3; also a subpoena duces tecum against both the secretary of state and adjutant general, requiring them to produce the executive journal and other records in the court.

Editor Pat McDonald, of Frankfort, testified that on January 20, a few minutes prior to the shooting, he saw W. H. Cullen and another, whom he thought was Inspector Lester, standing at a point where Goodell fell shortly afterwards. Saturday prior to the assassination the witness saw a man running down the steps from the legislative hall, and calling to a crowd of mountaineers, who said: "Go and get your guns; it's time for the shooting to begin." Representative Berry (Republican) had just been unseated. Witness did not know the man talking.

BLAND!

This town is said to be very quiet but "Bland" is waiting for a fall boom.

Mr. Leonard, of Hall & Leonard, has just returned from a successful trip to Bland. While this camp is not booming, it seems to be no trouble for the hustling music house to find business among the citizens of Bland. Mr. Leonard expects another piano sale to Mrs. Mary Finch. Mrs. Finch will move to Albuquerque in September, to give her children the benefit of our public schools.

The above not only speaks a word for Hall & Leonard's growing business, but shows that people who live in adjoining towns appreciate Albuquerque's educational advantages.

National Republican Ticket

For President—
WILLIAM MCKINLEY,
OF OHIO.
For Vice President—
THEODORE ROOSEVELT,
OF NEW YORK.

Japan, England and the United States
are against the dismemberment of
the Chinese empire.

The population of New York city is
now larger than that of the thirteen
colonies at the time of the revolution.

Texas is plunged in grief because Dan
Stuart, the prize fight promoter, has
left the state and located himself in
New York.

Evidently 16 to 1 is not a phrase to
conjure with in California this year.
There is not a paper in the state dis-
posed to defend the aim.

The fact that Richard Croker has im-
ported two bull dogs from England for
which he paid \$15,000 is one of the proofs
that it pays to be a democratic boss.

The Chinese minister at Washington
has requested McKinley to
mediate the troubles in China, and this
may be done if certain conditions are
complied with by China.

Since Mr. Bryan began to tell the
people four years ago that what they
wanted was more money, they have
added at the rate of \$125,000,000 annually
to the circulating medium.

The man whom Blodgett carried across
the gorge of Niagara on a tight rope is
still living in Chicago at the age of
72. His name is Harry Colcord and his
business that of portrait and landscape
painting.

The statistical report of the inter-
state commerce commission shows, for
the year ending June 30, 1909, the total
single truck mileage in the United
States was 195,294, an increase for the
year of 2,398.

The director of the mint states that
there are \$14,528,222 of 1-cent pieces
\$2,502,992 of 1-cent pieces outstanding.
This gives an idea of the enormous
number of these little coins necessary to
transact the business of the country.

Last year Great Britain had an un-
favorable trade balance that exceeded
a billion dollars. Germany's unfavor-
able trade balance amounted to \$294,
\$30,426. But the balance of the United
States amounted to \$444,
\$64,835.

One of the most striking evidences of
the remarkable growth of Japan as a
world power is in the building up of
a powerful navy within a few years.
Japan is as quick to adopt improved
modern methods as China is slow to
do so.

The question of the ability of China
to pay the cost of restoring order and
punishing those guilty of the present
outrage is attracting much attention.
There is no doubt of her ability. China
is "good" for the whole bill. Her per-
centage of the whole bill is less than
\$200,000,000.

The consumption of coffee in the
United States is increasing much faster
than the population. In 1894 there were
delivered from the custom houses for
consumption 4,400,000 pounds, and in 1899
there were delivered 6,271,000 sacks. The
consumption of all Europe in 1899 was
8,867,000 sacks.

Five hundred and forty thousand dol-
lars an hour, more than \$6,000 a minute,
or \$150 per second, is the rate at which
she people have increased the circulat-
ing medium of the country in the last
four years, if we count the actual work-
ing day of eight hours duration.

The foreign trade of the United States
for the fiscal year just ended, amount-
ed to almost five and a quarter billion
dollars, and was the largest in the his-
tory. Imports amounted to \$19,714,329,
and the exports of American products
and manufactures were \$1,394,419,214.
The aggregate figures of our foreign
trade reached \$24,108,747.

The adjutant general has issued his
annual report, containing a statement
of the organized militia force of the
United States, together with the num-
ber of men available for military duty,
but unorganized. The grand total of
organized militia in the several states
and territories as last report was 106,
352. These unorganized but available
for military duty aggregated 10,242,132.

INCREASE OF MONEY.
On June 1, 1909, the total circulation
of money in the United States was
\$1,121,284,283. Of this amount a little
less than \$500,000,000 was in the form of
gold and gold certificates. In the fol-
lowing four years the enormous sum of
half a billion dollars has been added to
the people's money. This is in excess
of the existing value of all the silver
mined in the United States at a rate
of \$1 a day, since 1866. The per capita cir-
culation of the country has expanded
from \$21.25 on June 1, 1896, to \$26.50
on June 30, 1909—a gain of \$5.25 per capita
in four years.

A FAKE PAPER.
The New York Journal, a sensational
Bryan sheet, published to pervert the
truth on every subject, recently pub-
lished a story that Admiral Seymour
was compelled to shoot the wounded of
his expedition to prevent them from
falling into the hands of the Chinese
and tortured to death. The Journal
gave all details of the horrible tragedy,
even to the dying words of the
wounded.

Now comes Commander S. W. Very,
of the United States navy, who re-
turned from the Orient on the steamer

Millions Given A Way.
It is certainly gratifying to the pub-
lic to know of one concern in the land
who are not afraid to be generous to
the needy and suffering. The proprie-
tor of Dr. King's New Discovery for
consumption, coughs and croup, has
given away over ten million trial bot-
tles of this great medicine; and has ab-
solutely cured thousands of hopeless
cases of asthma, bronchitis, whooping
cough and all diseases of the throat, chest
and lungs are surely cured by it. Call
on J. H. O'Reilly Co., druggists, and
get a trial bottle. Regular size 50 cents
and 75 cents. Every bottle guaranteed, or
price refunded.

A Mine Suits.
The taking of evidence before Ref-
eree S. B. Davis, Jr., of Las Vegas, in
the suit of J. W. Williams, et al., vs.
The Legal Tender company, of Eliza-
bethtown, has been concluded. The
plaintiffs ask that certain stock, which
is claimed to have been fraudulently is-
sued in excess of the authorized stock,
be set aside and declared null and void,
and also to dissolve the corporation and
distribute the assets. The mine has been
sold for \$12,500.

A Record in Blood.
The record of Hood's Sarsaparilla is
literally written in the blood of mil-
lions of people to whom it has given
good health. It is all the time curing
disease of the stomach, nervous, kid-
neys and blood, and it is doing good
every day to thousands who are taking it
for poor appetite, tired feeling and
general debility. It is the best medi-
cine money can buy.

Working Day and Night.
The busiest and mightiest little thing
that ever was made is Dr. King's New
Life Pills. Every pill is a sugar-coated
globule of health, that changes weak-
ness into strength, listlessness into en-
ergy, brain-fog into mental power.
They're wonderful in building up the
system. Only 25 cents per box. Sold by
J. H. O'Reilly & Co.

Heartburn.
When the quantity of food taken is
too large for the quantity too rich heart-
burn is likely to follow and especially so
if the digestion has been weakened by
constipation. Eat slowly and do not too
freely of easily digested food. Masticate
the food thoroughly. Let 48 hours elapse
between meals and when you feel a fullness
and weight in the region of the stomach
after eating, indicating that you have eaten
too much, take one of Chamberlain's
Pain-Expeller and Laxative Tablets and
Laxative Tablets and the heartburn
may be avoided. For sale by all druggists.

Seats Now Ready.

National Game
Of Base Ball will be played
every day during Fair Week
by the clubs of the southwest
who will enter the tourna-
ment. Sept. 18 to 22, 1900.

For particulars address
W. T. McCREIGHT,
President.

LOCAL PARAGRAPHS.

Mrs. J. L. Lyon and children have
gone to North Park, Cal., to visit
relatives and friends.

Hon. H. B. Ferguson, who was in
the upper Rio Pecos, in camp with his
family, returned to the city last night.
T. J. McAtee, wife and daughter, left
Sunday night for Los Angeles, Cal.
They will reside in that city in the fu-
ture.

Miss Adams, a young lady from Kan-
sas City, passed through the city for
Los Angeles last night. Mrs. Rose Ther-
lin met her at the local depot.

Attorney E. V. Chavez has returned
to the city from his visit to Camp Whit-
comb, where Mrs. Chavez and children
have been stopping the past few weeks.

Frank Shutz, the depot platform for-
man, has departed for southern Califor-
nia, where he will remain on a vacation
of two months. While absent, Charles
Whitling will attend to his position.

Joseph Columbian is painting a large
picture of Columbus, which is to adorn
the new hall of the C. Colombo society
when completed. The picture will be
presented to the society by Mr. Ocasar
Grande.

A. C. Emery had his hearing before
Justice Crawford late yesterday after-
noon, and was bound over to await the
action of the next grand jury in the
case of \$150. He is charged with steal-
ing the bicycle belonging to W. E. Wal-
ter.

It is reported that dogs and men
make a practice of bathing in the water
reservoir near the university. The
water company should enclose the res-
ervoir, and prevent dogs and men from
swimming in it, and severe penalties should
be inflicted upon those who are fouling the
water supply of the city.

Miss Violet Strauss entertained a
party of young folks at her pleasant
home on North Second street last night.
The evening was spent in dancing to mu-
sic. Miss Strauss and Mr. Seifried
Grumfeld played several beautiful
pieces on the violin and piano, and
others helped towards the enjoyment.
Refreshments were also
served. Among those present were:
Misses Minnie Hawley, Flora and Ida
Schwey, Nell Henderson, Mary and Cora
Weller; Messrs. Torrey, Maerlin, Ed
and Scott Brown, Dougherty, Peiser,
Moore, Schmittmann, Gruber, Strauss
and Peabody.

Watts' hymns were sung and illus-
trated, with unusual interest last Sun-
day evening at the Lead Avenue Meth-
odist church. The congregation showed
no weariness and regretted that more
hymns were not taken up. Paul and
Hazel Funder sang one of Watts' "Cre-
do" hymns, which were well received.
Hymns were sung, and the songs called
up many tender memories. Mr. Hall
gave a very fine and most acceptable
rendering of a tenor solo and the choir
rendered one of Watts' hymns in the
form of an anthem. Much credit is due
Mr. Houghton and his choir for their
faithful and acceptable services during
the heated term.

Brave Men Fall.
Victims to stomach, liver and kidney
troubles as well as women, and all feel
the results in loss of appetite, poisons
in the blood, backache, nervousness,
headache and tired, listless, run-down
feeling. But there's no need to feel
like that. Listen to J. W. Gardner, Ida
like and his wife, "Electric Bitt-
ers are just the thing for a man when
he is all run down and don't care
whether he lives or dies. It did more
to give me new strength and good ap-
petite than anything else I could take. I
can now eat anything and have a new
lease on life." Only 50 cents at J. H.
O'Reilly & Co.'s drug store. Every bottle
guaranteed.

Missing People.
An inquiry comes to the city mar-
shall from T. J. Bond, at Pryor
Creek, T. T., for information as to the
present whereabouts of a young man
named William T. Bond, who would
most likely be employed in a livery
stable.

A. P. Clark, of Lebanon, Ill., wants
to know the whereabouts of his brother,
James Lemuel Clark, who left Illi-
nois in 1857, and subsequently came to
the southwest.

After many intricate experiments,
scientists have discovered methods of
obtaining all the natural digests.
These have been combined in the pro-
portion found in the human body and
united with substances that build up
the digestive organs, making a com-
pound called Kodol Dyspepsia Cure. It
digests what you eat and allows all
dyspepsias to eat plenty of nourishing
food. The stomach troubles are
being radically cured by the medicine
agents it contains. It is pleasant to
take and will give quick relief. Berry
Drug Co. and Cosmopolitan Drug
Stores.

Farmers' National Congress.
Will be held at Colorado Springs, Colo.,
August 21 to 25, and the A. T. & S. F.
railway will sell tickets for that occa-
sion, August 18 and 19, limited to Sep-
tember 3, at the rate of \$17.50 for the
round trip, limited to ten days from
date of sale. A. L. Conrad, Agent.

During our building sale especially
low prices will prevail on everything we
have in stock. Call on us for anything
in the line of men's or boys' wear and
we can save you some money. Simon
Stern, the Railroad avenue clothier.

The Way the Windows Look
It often occurs as a gift to the taste and refinement of the home-maker, and is most often the factor that favors or unfavorably influences. One should see to it that this feature is correct. That the windows are in line with the requirements of new style in home decorations: new and dainty patterns of muslin and bobbinet curtains, are ready. There is an economy of price, a special reason—these curtains are the best of the kind. These are especially good!
