**AMERICAN VICTORY****Charged and Captured  
a Chinese Battery.****Usual Conflicting Reports  
from Pekin.****Outrages Being Committed on Chi-  
nese Residents of Wyoming.****LOSS IN THE PHILIPPINES.**

New York, July 23.—A dispatch to the Journal and Advertiser from Chefoo, dated July 20, says:

A brilliant day against a large force of Chinese at Tien Tsin was made this morning by a detachment of American troops, assisted by some English families. The object was the capture of a battery of large ca-ber cannon, which had been doing great damage.

The Anglo-American troops charged across the open space, dashed into the fort and after engaging the Chinese in a hand to hand fight, put them to flight. Eight large modern guns were captured, together with carts and all accessories. The battery was immediately turned upon the fleeing enemy, who, under a well directed fire, suffered heavily. The victory was won in an incredibly short time against an overwhelmingly superior force. Neither the Americans nor British lost a single man. The Chinese army is retreating toward Pekin.

**Doubt the Coger Dispatch.**

Washington, July 23.—The state department has received a number of dispatches for foreign governments, relative to the Coger dispatch, and also from our other officials in China, including Consul General Goodhue. Without exception they discredit the accuracy of the dispatch and advance various theories to show its lack of genuineness. The entire burden of the universal indication of disposition to give up the relief expedition on the evidence furnished by the Coger dispatch. Notwithstanding these messages Secretary Hay personally continues to credit the Coger dispatch, although he says there is a possibility of deception.

**Outrages on Chinese in Wyoming.**

Cheyenne, Wyo., July 23.—A number of outrages have been committed by foreigners upon the Chinese residents at Rock Springs, a coal mining town 200 miles west of here, during the past few days.

The state authorities, fearing a general movement against Chinatown, where more than 200 Chinamen reside, have ordered several companies of troops to be in readiness to move on the scene.

**Troops from Cuba.**

New York, July 23.—The United States army transport Crook, having on board a detachment of the Eighth United States Infantry from Havana, arrived here this morning. They will proceed to Fort Snelling, where the regiment will be recruited to its full strength for service in China.

**Reports from Pekin.**

New York, July 23.—A dispatch to the Herald from Chefoo, dated July 21, says that the captain of a British steamer who has just arrived from New Cheung, reports that there arrived there on Thursday a Chinaman professing to be a foreigner's servant

who escaped from Pekin on the 12th, on which day the British legation was destroyed and the foreigners butchered. The story is credited in New Cheung. Another telegram came from the governor of Shan Yuen Shi Kai last night, saying:

"I have received definite information from Pekin that all the ministers are well and there is no illness among them. The proper Chinese authorities are devising means for their rescue and protection."

**Dispatch from Prince Tuan.**

Washington, July 23.—The state department has received a dispatch from Mr. Goodhue, consul general at Shanghai, dated to-day, saying that Prince Tuan wires that an officer of the tsiang li yamen saw all the ministers on the 18th; that none were injured and no attack was at that time being made. He does not say to whom the dispatch from Prince Tuan was addressed. It is to a certain extent at variance with the dispatch of Coger of that date describing the legation as being under fire at that time.

**Troops for China.**

Washington, July 23.—The war department is considering the advisability of sending the Hancock, which sailed from San Francisco on July 23, with four batteries of artillery and 500 marines, to the coast of China, to the assistance of the tsiang li yamen. These troops were to have gone on the Meade, which sailed on August 1, but it having been decided, owing to the urgent necessity of getting reinforcements to China, to have the Hancock make a special trip.

**Loss in the Philippines.**

Manila, July 23.—It is officially reported that 200 insurgents were killed and 130 captured last week. Twelve Americans were killed and 11 wounded.

**CHINESE ABLETTING.**

**No Dependence Can be Put on Any Statement They Make.**

London, July 23.—In the house of commons to-day the parliamentary secretary of the foreign office, William St. John Broderick, communicated certain statements of the Chinese authorities with regard to the safety of the legations in Pekin, and said the Chinese minister declared them untrue. Broderick read the text of several cables of July 18, and commented on Minister Coger's dispatch. Broderick said that though the dispatch was the same date as the cable of the assurance of safety, the latter was not borne out by Coger. Consul Warren has telegraphed to the governor of Shan Tung to know how a message from Pekin reached him in two days and why there was no message from their foreign minister, Sir Claude MacDonald.

**Campaign Speeches.**

New York, July 23.—Senator Scott came up from West Virginia to-day. Mr. Scott will have charge of the republican speech making. He said:

"We, telegraphing from many prominent men speak in various parts of the country. We expect such men as Senator Burrows, Senator Lodge, Postmaster General Smith and Secretary Root to deliver campaign speeches. The President Harrison may make a few addresses."

**POWERS' TRIAL!****Evidence in the Goebel  
Murder Case.****China Has Issued Another  
Imperial Edict.****British Have Two Encounters with  
Chinese at Wei Hai Wei.****BOERS GAIN A VICTORY.**

Georgetown, Ky., July 23.—In the Powers trial to-day Lieutenant John Hockett, an officer of the Barboursville militia, testified that he arrived in Frankfort January 25, with a trainload of mountaineers. Each morning 300 to 600 mountain men occupied the yard in front of the legislative building.

Yesterday, the day before the assassination, said that Goebel had to be put out of the way and that he (Youtsey) had \$100 he would give for that purpose and knew ten or twelve others who would also contribute to such a fund. Youtsey also said that Goebel could be killed from the executive building and the assassin could escape through the basement and never be detected. He said his job depended on Goebel being killed. Fifteen minutes before the assassination Youtsey told witnesses that he wanted twenty-five or thirty men to accompany him to the executive building. Witness continued: "Youtsey put us inside the executive building near the stairs. He told us something was going to happen, and we must remain there. When he started through the hall I left and went into a private residence across the street from the building. I had been there a few minutes when I heard shots. I did not know any of the men whom I left at the foot of the stairs at the executive building."

On cross-examination the witness said that when Youtsey said the men in the hall he told them that as soon as "something happened," a man would come down the steps and to go away with them.

**British Encounters with Chinese.**

St. Petersburg, July 23.—Two encounters are reported to have taken place between British and Chinese forces near Wei Hai Wei. The latter, it was reported, were repulsed after a stubborn encounter. No dates are given.

M. Krutski, engineer of the Eastern European railway, telegraphing from Alai, in the Trans-Baikal territory, under date of July 20, reports the occupying of Chailai by Chinese troops. The Russians continue concentrating at Chailai.

**Boers Gain a Victory.**

London, July 23.—The Boer General, De Wet cut Lord Roberts' line of communication and captured 100 Highlanders and a supply train.

**CHINESE EDICT.**

**Express Tries to Put all the Blame on the Missionaries.**

Washington, July 23.—The state department will make public the following text of an edict delivered to-day by Minister Wu to Secretary Hay:

"Imperial edict, issued on the first day of the sixth month (July 17) transmitted by Viceroy Lu Kun Yiu, July 19, and received by Minister Wu, 21st day of July: The present conflict between China and the foreign powers had its origin in the long-standing antagonism between the people and the Christian missions. The subsequent fall of the Taku forts precipitated the meeting of force with force. The imperial government, having due regard for the importance of internal intercourse, still refused to go so far as to interrupt existing relations. We have already repeatedly issued decrees, providing for the protection of the foreign legations and have also commanded the provincial authorities to protect the missionaries. Inasmuch as there is still no cessation of the employment of force, the foreign merchants and subjects residing in China, who form a numerous body of the country, should be protected without distinction. We hereby order their respective jurisdiction and afford them due protection in accordance with treaty stipulations without fail. Last month we heard with profound astonishment and regret of the killing of the chancellor of the Japanese legation. Mr. Akira, and the same fate befell the German minister shortly afterward. The violent removal of the German minister, whose residence in the capital was necessary to the transaction of business between the two countries, affected us very deeply. It is the duty of the authorities concerned to cause stringent orders for the speedy arrest of the murderers be carried out."

"Since the commencement of the attack on Tien Tsin, there are foreign subjects and missionaries who have, on account of the local disturbances, suffered death or loss of property through no fault of their own. We hereby command the governor of Pekin and the viceroy of Chi Li to cause investigations to be made by their respective subordinates of all such claims, except those arising directly from said attack, with a view of their ultimate settlement. Moreover, local outbreaks and rebellious subjects have of late given themselves up to burning, killing and plundering to the great disquietude of our loyal subjects. This is in utter defiance of law. We hereby command all governors general, governors and commanders of our forces to investigate the situation and take such measures for the punishment of the offenders and the restoration of order as the necessities of the case demand. We hereby command that this our general edict be made known for the information of all our may concern."

This makes plain that the Chinese government will settle claims for actual losses, but has formally decreed exception of claims arising directly from the attack on Tien Tsin, which indicates that the Chinese government holds that the attack was not warranted.

The governor had replied that the United States minister's message was sent by the tsiang li yamen by messenger, traveling 600 leagues roughly 200 miles a day. "I assure you," the governor of Shan Tung added, "there is no telegraphic communication. I cannot explain why MacDonald has not telegraphed, but I beg you not to be anxious about the ministers, for they and others are all living and unharmed. Of this I have already several messages."

**HOLD ROBE RAID.**

**Cut Lord Roberts' Communications and Capture a Train.**

London, July 23.—General DeWet has again succeeded in cutting Lord Roberts' communication, both by railway and telegraph and captured 100 Highlanders. The story of the federal commander's bold raid comes in the form of a telegram from General Pomeroy-Walker, dated Cape Town, Sunday, July 22, forwarding a dispatch from General Knox, as follows:

"Kroonstad, July 22.—The following comes from Colonel Broadwood, sent by dispatch rider to Cape Town, Sunday, July 22: 'Have followed command since July 18. Hard, sharp fighting at Palmietfontein on July 19. Prevented from pursuing laager by darkness. Eight Boers found. Our casualties, five killed, 74 wounded. Reached Vail Krantz to-day. Enemy doubled its way back through Paarde Kraal in darkness. Shall march tomorrow to Rensburg. Shall stand by supplies for 3,000 men and horses, also any news of the enemy's movements. Believe command consists of 2,000 men and four guns, and is accompanied by President Steyn and both the DeWets.'"

General Knox continues: "Wire and main line railway north of Hoping-spruit has been cut, also telegraph to Pretoria via Potchefstroom. According to my information DeWet crossed the railway in going north."

General Kelly-Kenny telegraphs from Bloemfontein, under date of July 22:

ALBUQUERQUE — JULY 23, 1900

## National Republican Ticket

For President—  
WILLIAM MCKINLEY,  
OF OHIO.  
For Vice President—  
THEODORE ROOSEVELT,  
OF NEW YORK.

## MINERS' HOSPITAL.

It will be the duty of the next legislature of New Mexico to locate two territorial institutions, the Miners' Hospital and the Blind Asylum. The government of the United States has donated 50,000 acres of land to each of these institutions, which will provide a fund almost sufficient to maintain a first-class hospital and blind asylum. The lands for these institutions are now being selected by a commission of which A. A. Keen, of this city, is the president. The Miners' Hospital should be located at Jemez, the center of the great Cocker mining district, and the legislative delegation from this county will be pledged to all in their power to secure this hospital for Jemez. The location is central and would be convenient to the miners of the whole territory and especially so to the miners of Santa Fe, Taos and Rio Arriba counties. The people of Jemez have maintained a local hospital at heavy expense the past year, and would do everything possible to help establish the territorial hospital. Being near Jemez Springs and the trout streams, this hospital could be made a famous health resort. The citizen can be counted upon to do everything in his power to secure this hospital at Jemez, which, in every way, is the best place in the territory for such an institution. The Cocker district will soon have within its borders an excellent hospital and accidents are frequent, and a hospital is an absolute necessity.

## DOING GOOD WORK.

The territorial bureau of immigration, besides its ordinary work, has just sent out pamphlets on the mineral resources of New Mexico to about 400 prominent mining men who registered at the International mining congress at Milwaukee. These are distributed in thirty-five states and territories, and cannot fail to do good work in spreading information with regard to New Mexico's important mineral wealth.

## CHRISTIANS IN CHINA.

According to the Gorka Almanac the number of Christians in China is about 2,000,000. The Roman Catholics began work in China more than 200 years ago, and the Jesuit missionaries had great success for a time. A census taken in 1881 showed the number of Chinese Catholics to be 1,094,000, with forty-two bishops and 664 Europeans and 529 native priests. At that time the number of Protestant Christians in the country was 19,000. There are many more now, but the Protestant missions have never been able to report anything like the number of converts made by the Catholics.

## MINING INDUSTRY.

The fact that incorporated mining companies in this country paid over \$40,000,000 in dividends during the first half of this calendar year will attract considerable attention in the east, where investors will contrast such showing with the unprofitable 14,000 miles of railroad, with over \$10,000,000 liabilities. It is a most favorable showing, and will go far toward substantiating the claim that the mining industry, compared with other industries, has paid more dividends than any other. In the \$40,000,000 are announced only dividends of incorporated companies. That aggregate falls short of the total, for there are many companies profitably engaged in mining that make no announcement. This is largely due to the aid fear in all conservative industries that some competitor would find out how profitable the business was, and so hurt him who proclaimed his prosperity by cutting into his profits.

# NEW ARIZONA RAILROAD.

To be Constructed from Seligman to Hillside Mines.  
One of the most important railroad deals that materially affects the welfare of Arizona has just been consummated. This assures a railroad from Seligman to Hillside, filling a long-felt want. John Lawlor, of Prescott, Ariz., one of the heaviest owners of the Hillside mine, and of the mines of that district, and Colin Timmons, who has the entire charge of the engineering department, are the principal promoters of this project. The purpose of this enterprise is to construct a railroad into the great Hillside mines, which have been worked for many years, but which have not been paying propositions, because of the expensive freight rates. This railroad will make it possible to work the extensive mines at a profit, which will open up one of the greatest mining camps in that territory. Already there are three corps of engineers engaged in laying out the route, which will be completed in a very short time. The construction of the railroad proper will begin about September 1, and will be rushed to the utmost completing the road into the district by winter if possible, for the benefit of the mines. The route is comparatively easy. There have been some very extensive concessions made to the Seligman and Hillside company, which insure them ample funds.

Anti-Monopoly Saloon at Captain in Trouble.

A saloon was closed at Captain last week by injunction. The Anti-Monopoly saloon had been established in a hole and corner bought by A. W. Swindle, from the Alamogordo Improvement Co. On the morning of July 4 he opened his saloon, notwithstanding the injunction clause of the deed prohibiting the sale of intoxicating liquors on the premises. Judge Leland issued the writ of injunction closing the saloon, and the defendant was cited to appear at court on August 1 to show cause why the injunction should not be made permanent.

## MORRIS' BANKRUPTCY CASE.

Small Outlook for the Creditors of J. D. Morris.

In the voluntary bankruptcy proceeding involving the estate of J. D. Morris, of Taos, Referee B. M. Read, of Santa Fe, appointed Albert G. Miller, of Taos, trustee to dispose of the property, fixing his bond at \$2,000. Three or four hundred creditors are expected to appear at a meeting of the fifteen creditors. Morris' debts figure up \$3,025.27, and among the principal creditors are known as follows: T. J. Morris, \$1,000; Bros. Brewing Co., Denver, \$500; Essinger & Juddell, East Las Vegas, \$441.73; A. Stubb, Santa Fe, \$215.65; Crystal Brewing Co., Colorado, \$139.60; Lovelock & Myers, Albuquerque, \$124.28; A. Gussdorf, Taos, \$87.75; Taos County National Bank, \$75.00; Struby Eastbrook Mercantile Co., Denver, \$45.00; H. C. Palmer, Taos, \$12.00. This latter is the only preferred, being for wages due. The assets, including \$500.00 in book accounts, realty, live stock and personal property, will be sold to pay the creditors. As head claims an exemption of \$75.00, as head of a family.

# Bled Quarts at a Time

"I am a knife maker and worked for a number of years in the New York Knife Co.'s factory at Warden, N. Y. First thing I knew I commenced to bleed from the mouth. Sometimes as much as a quart of blood would come up from my lungs at a time. Every time I coughed the blood spurted out. It was in the fall I got so bad, and my neighbors told me I had better make my peace with the Lord, for I would not live till spring. My home doctor couldn't do me any good, but advised me to get to New York City at once, for examination. They finally took me to a medical college, and a whole lot of physicians made what they called a diagnosis. There were several students looking on. One professor had a little ivory hammer and with this he pounded my chest and held his ear close to listen. After a while the professor looked at me solemnly and declared that I was suffering with consumption and the other is affected. There may be a slim chance for life if you quit working in a knife factory. I went back home, but didn't improve. One day I saw an advertisement of free samples of Acker's English Remedy for Consumption, being given away by our home druggist, Walker & Eaton. I got one of these bottles, and my improvement was continuous, although slow. My doctors were astonished and so was I. After dark I hated to spit, because I was afraid it might be blood, and I wanted to know for sure. I have here some as small as a dollar, and answers as well as two lungs, so far as I can see. I want everyone to know the facts and that is why I tell them here." (Signed) A. H. Sistrunk.

IS IT RIGHT  
For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.  
It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as preventative of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by all druggists.

## LAND RETURNS.

A Most Gratiifying Report from the Land Office at Santa Fe.

The record of business transacted at the United States land office at Santa Fe for the fiscal year ending June 30 has been made up and forwarded to the general land office at Washington. The figures made a remarkable showing, most gratifying, too, as nothing could more satisfactorily prove the growth and prosperity of New Mexico than the figures for the year, and is enjoying today. It is believed that the other territorial land office districts, at Clayton, Las Cruces and Roswell, have made a showing equally as gratifying as are the figures from the Santa Fe land district. By the way of comparison, it may be stated that the total area of lands entered in this district for the previous year was 42,890.14, as against a total of 101,607 acres for the year just past. For the previous year the homestead entries covered 54,633.63 acres. This past year such entries footed up 37,792 acres. The following figures are taken from the report forwarded to the general land commissioner:

San Miguel County—Homestead, 21,995 acres; lien selections, 80; territorial selections, 989; total, 22,074 acres.

Culiacan County—Homestead, 19,850 acres; desert land, 260; lien selections, 360; coal land, 160; total, 20,570 acres.

Mora County—Homestead, 15,653 acres; desert land, 436; lien selections, 290; total, 16,379 acres.

Guadalupe County—Homestead, 7,015 acres; desert land, 79; lien selections, 160; total, 7,254 acres.

Santa Fe County—Homestead, 1,318 acres; coal land, 209; total, 2,128 acres.

Bernalillo County—Homestead, 8,655 acres; desert land, 160; lien selections, 1,440; coal land, 4,919; total, 15,174 acres.

Rio Arriba County—Homestead, 6,230 acres; desert land, 1,715; coal land, 160; total, 8,105 acres.

Taos County—Homestead, 640 acres; lien selections, 40; total, 680 acres.

San Juan County—Homestead, 4,053 acres; desert land, 1,715; coal land, 160; total, 5,928 acres.

Valencia County—Homestead, 3,294 acres; lien selections, 80; total, 3,374 acres.

Socorro County—Homestead, 1,580 acres; lien selections, 220; territorial selections, 1,058; total, 3,858 acres.

Totals—Homestead, 87,792 acres; desert land, 3,750; lien selections, 2,540; territorial selections, 1,996; coal land, 5,529; total, 101,607 acres.

Brave Men Fall.

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Louisville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at J. H. O'Reilly & Co.'s drug store. Every bottle guaranteed.

Prevent Boycott of Postmasters.

The postoffice department has under consideration a plan whereby the names of postoffices shall be placed on stamps where sold. The idea is to provide means for identification when stamps are stolen from any postoffice and also to prevent boycotting of postmasters, a practice in some of the smaller towns of the country. It will be possible under the new rule for the department to keep accurate account of all stamps sold and render justice to the boycotted postmaster.

After many intricate experiments, scientists have discovered methods of obtaining all the natural digestants. These have been combined in the proportion found in the human body and united with substances that build up the digestive organs, making a compound called Kodol Dyspepsia Cure. It digests what you eat and allows all dyspepsia to get plenty of nourishing food while the stomach troubles are being radically cured by the medical agents it contains. It is pleasant to take and will give quick relief. Berry Drug Co. and Cosmopolitan Drug Stores.

No Successor Necessary.

A successor to C. A. Higgins, as assistant general passenger agent of the Santa Fe, with headquarters at Chicago, will not be appointed. The passenger business at Albuquerque will be handled in the office of Passenger Traffic Manager Nicholson.

From the time he was given the position of assistant general passenger agent, Mr. Higgins worked as hard as in the advertising line. This work will be given to W. H. Simpson, and he will probably be given the title of general advertising agent. Mr. Simpson will likely be given the title of general advertising agent at Albuquerque.

While an assistant general passenger agent will not be appointed at Chicago, it is altogether likely that another arrangement will be made soon as Vice President Paul Morton, who is now enjoying a vacation in Colorado, returns to Chicago.

An Epidemic of Diarrhoea.

Mr. A. Sanders, writing from Coconino Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by all druggists.

Teachers' Examination.

Notice is hereby given that there will be a meeting of the board of examiners of the county of Bernalillo, for the examination of teachers, at the court house, on the 6th day of August, 1909. All persons wishing to teach in the public schools of Bernalillo county are earnestly requested to attend said meeting of the board of examiners.

HUGH THOTTER, K. of P. & B.

A Masonic Dead-Beat.

An individual giving the name of W. B. Maxson, M. D., and claiming to be from Denver, Colo., is going the rounds of the different towns of this territory, telling a tale of woe and securing aid from the unwary of the Masonic craft upon misrepresentations.

## LOCAL PARAGRAPHS.

I. B. Green, of Madrid, Iowa, a uncle of J. W. Norris, night ticket agent, is here on a visit.

O. C. Watson, who was here on Mutual Life Insurance company business, returned to Santa Fe yesterday morning.

Mrs. Butler and daughter, family of W. W. Butler, formerly a barber of this city, left last Saturday night for San Francisco.

W. H. Hahn, the south First street coal dealer, was at Corliss and Madrid yesterday on business. He has returned to the city.

Ed. Owen, stenographer in Transamerica Fox's office at Las Vegas, was here yesterday visiting his folks. He returned to Las Vegas this morning.

Clifford Welsh and son, Willard, have come to Topeka, Kan., on a visit. Mr. Welsh is a member of the railway auditing department force at the local office.

The Trinidad Chronicle says: Miss Dolores Otero, of Albuquerque, arrived this morning for a visit with her friend, Mrs. P. H. Murray, of 217 Park street.

Rev. Marchant, the popular preacher of the Church of Immaculate Conception, who attended the retreat at Las Vegas, returned to the city last Saturday night.

D. J. Parker, the real estate and insurance agent, accompanied by his wife, left this morning for Alamogordo, to look over some land which is for sale. They will return this evening.

The New Mexican says: Mrs. T. S. Hubbard, an enterprising business woman, who has been in the city for some time, left this morning for Alamogordo, to look over some land which is for sale. They will return this evening.

Mrs. Harry M. Shields, wife of the Presbyterian minister at Solomonville, Ariz., registered at Sturges' European last Saturday night. She has been on a visit to the James hot springs.

Peter Valley, who resides in the southern part of the city, has been arrested, charged with carrying a concealed and deadly weapon. His trial will take place before Justice Crawford this evening at 7 o'clock.

Major G. A. Cornish, a brother of Dr. P. G. Cornish, is expected to reach this city with a company of the Fifteenth Infantry, in a few days. They left New York yesterday en route to the Pacific coast for service in China.

Hon. Jose Torres, probate judge of Socorro county, and Hon. Abner Abeyta, collector for the same county, were at Santa Fe Saturday, returning to their city in the evening. They continued on to Socorro Sunday morning.

Mrs. C. H. Hopping and children, after a pleasant visit to relatives and friends in Burlington, Iowa, returned to the city last Saturday night, much to the joy of Mr. Hopping, the bicycle dealer, who does not like the bachelor way of living.

"Dick" Hanches, the well-known Railroad avenue barber, accompanied by his wife and children left on Sunday morning for Bolen. After a few days' visit there, they will drive across the country to the Santa Rita mountains, where they will visit relatives and friends. They expect to be absent several weeks.

Tourists who have been stopping at the great James hot springs this summer state positively that the hotel at J. B. Block is the best mountain hotel in the entire southwest. The very best of meals are served, besides plenty of good milk to all guests. It is by far the best and cleanest hotel at James hot springs—in fact, the only hotel at the resort.

Rev. T. A. Benditt, the Lutheran minister, has received and accepted a call from the Lutheran Trinity congregation at Two, Lincoln county, South Dakota, and will enter into the duties of his new field September 1. Mr. Benditt will deliver his farewell sermon next Sunday, the 29th, and will then take a good rest with his wife in the Santa Rita mountains, before leaving the territory.

H. N. Jaffa, manager of the Jaffa Grocery company, ventured down to his place of business this morning and on seeing a fair official, solicitedly inquired: "How are you getting along?" followed by the question by saying: "Put my name down on the roll of honor for the same amount as last year." Mr. Jaffa has been quite well some time, but is slowly gaining back his health.

F. W. Schmalzmaack, manager at the drug store of J. H. O'Reilly & Co., has developed into one of the best entertainers of the southwest. His Budapest affair, in honor of the friend, Arthur Gruber, held last Saturday night, was all right in every respect. Messrs. C. E. Barry, Harry Dillard, Joe Penabody, D. H. Miller, and others were present. The entertainment was a cracker-jack.

Extensive applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this.

S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and skin troubles. It goes direct to the seat of the disease, neutralizes the acids and cleanses the blood, re-inforces and invigorates all the organs, and thus cleans the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.

Mrs. Lela M. Hoffman, of Cardington, Ohio, says she was afflicted with scrofulous sores and Eczema from birth. Her face at times became so badly swollen that she was not recognizable, and her limbs and hands were very sore. She was treated by all the doctors in town without being benefited, and in her researches for relief, was told by a friend to take S. S. S. After following his advice and was promptly cured, and has never had a return of the disease. She writes: "I am now a healthy woman and have been in better health than for years past."

Send for our book on Blood and Skin Diseases, and write our physicians fully about your case; they will cheerfully give any information or advice wanted. We make no charge for this. Address, Twin Springs Co., Atlanta, Ga.

## American Beauties.

There are none fairer or sweeter the world over. Unfettered and untrammeled the American woman queens it as does no other woman in the world. Yet her very energy and ambition are often times her undoing. She attempts too much. Her health is undetermined. And when health goes beauty goes also. The use of Dr. Pierce's Golden Medical Discovery re-establishes the health. It cures diseases of the stomach and perfect assimilation of food and the proper nourishment of the body. It increases the blood supply and eliminates the impurities that clog the system and cloud the complexion.

Mrs. Mary L. Lewis, of Tanner, Officer Co., Wis., writes: "I am a mother of five children. I have been a sufferer from dyspepsia, indigestion, and general debility for many years. I have tried many remedies, but have not found relief until I began to use Dr. Pierce's Golden Medical Discovery. I have now gained my health and am able to do all my household and social duties. I feel that I am a new woman. I have gained weight and my complexion is clear and bright. I have been a sufferer from dyspepsia, indigestion, and general debility for many years. I have tried many remedies, but have not found relief until I began to use Dr. Pierce's Golden Medical Discovery. I have now gained my health and am able to do all my household and social duties. Dr. Pierce's Pleasant Pellets act gently but effectively. Women value them.
